7.1 Committee Meeting Schedule	
Report Reference	CYGC241023R7.1
Originating Officer	Unit Manager Governance and Council Support – Victoria Moritz
Corporate Manager	Manager Office of the Chief Executive - Kate McKenzie
General Manager	Chief Executive Officer - Tony Harrison

REPORT OBJECTIVE

The purpose of this report is for the Committee to discuss the proposed meeting dates for the Community and Youth Grants Committee (the Committee) for the remainder of the Council term.

EXECUTIVE SUMMARY

The Committee is established pursuant to Section 41 of the *Local Government Act 1999* for the purpose of reviewing and recommending to Council the distribution of Grant Funding allocated for Community Grants and Youth Grants.

This report provides the opportunity to review the proposed meeting times and dates for the remainder of the Council term. At the General Council meeting on 28th of May 2024 it was resolved that the Committee shall meet twice a year with the time and place to be determined by the Committee. Each Councillor has been appointed as a Member of the Committee at least once during this council term.

The Presiding Member of the Committee is the General Manager City Services. Three Council Members are appointed to each round and there are two rounds per financial year with proposed dates shown below:

Grant Round	Council Members Appointed	Date and Time
Round 1 Community and Youth Grants 2024-2025	Councillor Nathan Prior Councillor Amar Singh Councillor Jana Mates	Meeting held Wednesday 23 October 2024
Round 2 Community and Youth Grants 2024-2025	Councillor Jason Veliskou Councillor Matt Taylor Councillor Sarah Luscombe	Proposed: Wednesday 28 May 2025 6pm-9pm

Round 1 Community and Youth Grants 2025-2026	Councillor Ian Crossland Councillor Renuka Lama Councillor Jayne Hoffman	Proposed: Wednesday 29 October 2025 6pm-9pm
Round 2 Community and Youth Grants 2025-2026	Councillor Joseph Masika Councillor Raelene Telfer Councillor Luke Naismith	Proposed: Wednesday 27 May 2026 6pm - 9pm

RECOMMENDATION

That the Community Youth Grants Committee:

1. **Adopts the following schedule of meetings for the remainder of the Council term:**
    - **Wednesday 28 May 2025 (6pm – 9pm)**
    - **Wednesday 29 October (6pm – 9pm)**
    - **Wednesday 27 May (6pm – 9pm)**
2. **Notes the adopted dates will be included the Schedule of Meetings to be published on the City of Marion Website**

GC240423R12.6	Community Grants and Youth Grants Review 2024
GC240326R12.7	Community Grants and Youth Grants Review 2024
FORUM240206R1.3	Community Grants and Youth Grants – Review of Programs

REPORT OBJECTIVE

To provide the Community and Youth Grants Committee Members with the applications and preliminary review undertaken by administration for the 2024/25 Round 1 Community grants for review, assessment and recommendation to Council.

EXECUTIVE SUMMARY

Council has endorsed the future Governance Structure of the Community and Youth Grants to operate under a Section 41 Committee (GC240423R12.6).

The purpose of the City of Marion Community Grants is to support not-for-profit organisations to deliver activities and projects that demonstrate a strong community benefit. A total of $100,000 per financial year is allocated to this program, of which $50,000 is allocated to each of the two grant rounds.

In order to support the Committee in discharging its obligations, administration has undertaken a preliminary review of the of the applications against Council's endorsed Community Grant Guidelines (Attachment 2) and the Community Grant Matrix (Attachment 3).

Table 1 is a summary of the applications ranked in order of total score resulting from this preliminary review.

The Committee is not bound by this scoring or ranking. The grants review card and application for each grant has been provided. The Committee may accept, reject or amend this score thereby amending the ranking to reach a recommendation to be put to Council.

RECOMMENDATION

That the Community and Youth Grants Committee:

1. **Review and assess the 2024/25 Round 1 Community grants applications**
2. **Recommend to Council the 2024/25 Round 1 Community grants.**

Table 1: Community Grants (Round 1 funding pool is allocated at $50,000)

	Score	Organisation	Project	Amount requested	Part funded option
1	91.25	Cove Community Garden	Garden Wicking Beds	$3,711	$1,856

22	27.08	Key Assets Australia	Culture Club	$9,500	$7,500
			Total funds requested	**$122,296**	
**Round 1 funding allocation exhausted based on administration review*					

DISCUSSION

Following Council's review of the process underpinning the allocation of Community and Youth Grant Funding including the process, governance structure, eligibility and assessment matrix, the Council endorsed the future Governance Structure of the Community and Youth Grants to operate under a Section 41 Committee (GC240423R12.6).

The objective of the Committee as outlined in the terms of reference is outlined below:

2.1 The Committee is established for the purpose of:

2.1.1 Reviewing and recommending to Council the distribution of Grant Funding allocated for Community Grants and Youth Grants.
2.1.2 Ensuring the City of Marion's Grant Process supports Councils Community Vision and Strategic Plan objectives.
2.1.3 Ensuring the Community Grants Program supports not-for-profit incorporated (or auspiced) groups to establish and undertake projects or activities that are beneficial for the community.
2.1.4 Ensuring the Youth Grants Program supports the not-for-profit sector to deliver well-managed and relevant projects, programs and activities whilst strengthening connections for young people in our community

The purpose of the City of Marion Community Grants is to support not-for-profit organisations to deliver activities and projects that demonstrate a strong community benefit. A total of $100,000 per financial year is allocated to this program, of which $50,000 is allocated to each of the two grant rounds. Grants are available up to the value of $5,000 per application. Council may endorse one grant per round over $5,000 up to $10,000.

The City of Marion is committed to a diverse and inclusive community. Applications should reflect and celebrate this by ensuring projects are inclusive and as accessible as possible for all groups, including people of various gender, age, sexuality, cultural backgrounds, religious beliefs, and those living with a disability.

In order to support the Committee in discharging its obligations administration has undertaken a preliminary review of the of the applications against Council's endorsed Community Grant Guidelines (Attachment 2) and the Community Grant Matrix (Attachment 3).

Table 1 (above) is a summary of the applications ranked in order of total score. This score is a result of three step review process including:

- individual staff within the Community Connections team undertaking a full review of each application, and scoring the application using the endorsed guidelines matrix. These individuals are considered the review panel.
- group review of the applications (including all members of the review panel) to discuss any variations, anomalies or oversights that may have occurred during the review process, and to provide any additional information provided by the applicant relevant to the review process. This step enables the finalisation of individual scores.
- the creation of a final score (an average of individual scores). The final score is what is used to rank the applications and provided to this Committee.

The Committee is not bound by this scoring or ranking. The grants review card and application for each grant has been provided. The Committee may accept, reject or amend this score thereby amending the ranking to reach a recommendation to be put to Council. Please note personal and company sensitive information has either been removed or redacted.

At the meeting, administration will be able to amend each average score as requested by the Committee.

Community Grants Review Card			
Organisation Name	Cove Community Garden	**Project**	Garden Wicking Garden Beds
Project Description	The purchase of 6 raised wicking beds within the Cove Community Garden to support permaculture based practices.		
Funds Requested	$3711	**Total Project Amount**	$3711

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	20.00	Process and monitoring ensures majority of CoM participants
Community Connection	15	13.75	Exceptional neighbourhood and social connection - mindful of socio-economic factors.
Health and Wellbeing	15	10.00	Exceptional opportunities to support better health and overall wellbeing.
Skill Development	15	15.00	Comprehensive opportunities for broad skill development and skill sharing across all age groups.
Inclusivity	10	10.00	High level initiatives to ensure inclusivity.
Alignment to Strategic Plan/ Community Vision	10	10.00	Clear and explicit alignment.
In-Kind Support	5	3.33	Equipment fully funded via grant. Group operational in kind is high level.
Volunteers	5	5.00	Group entirely volunteer led with further opportunities.
Environmental Responsibility	5	4.17	Exceptional practices.
Total	100	91.25	
FINAL SCORE		**91.25**	

Previous Funding Consideration	Applicant has not been funded in the previous 4 rounds
Partial Funding Consideration	Could proceed with partial funding (would purchase less wicking beds for now, current request will cover 6 beds)
Participant Fee Consideration	N/A
General Considerations	1. Was awarded $40,000 from CoM in March 2024 for their fencing as part of their inital set up when the garden was approved (still yet to be installed). They also have access to in-kind support from the community gardens budget (up to $5,000)

Project details

*** indicates a required field**

What type of not-for-profit organisation are you? *
- ◉ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ○ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
To develop and run a community garden at Hallett Cove.
Must be no more than 100 words.

Project title: *
Cove Community Garden Wicking Garden Beds
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date

If relevant, can leave blank

Anticipated end date

If relevant, can leave blank

Please provide a brief summary of your project *
The purpose of the Cove Community Garden is to create a shared, inclusive, accessible and safe space for members of the Hallett Cove area and surrounding community. We wish to sustainably run a productive community garden within an educative and supportive permac ulture-based framework. We aim for this grant to purchase raised wicking garden beds. We do not need development approval to install the wicking beds.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
Community Garden membership shall normally be open to households who are residents in the suburb of Hallett Cove. If individual garden beds are all leased, a waiting list will be established. If there is an excessive number of membership applications, in the opinion of

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10007 From Cove Community Garden Inc
Form Submitted 4 Sep 2024, 1:20PM ACST

the Committee, preference will be given to applicants in the following order:

- Residents of Hallett Cove
- People who live in suburbs nearby to Hallett Cove (e.g. Sheidow Park, Trott Park, Marino, Lonsdale, O'Halloran Hill),
- People with a disability or other consideration which affects their ability to access other community gardens in their area,
- Residents of the City of Marion,
- Any other persons.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
Application for membership shall be made in writing on the Membership Application Form prescribed from time to time by the Committee, and be signed by an adult member of the applying household. The Membership Application Form shall ask for contact details, including the address of the applicant and whether they reside in the City of Marion. The Committee will monitor the composition of membership on a regular basis, including the percentage of members who reside in Hallett Cove and the City of Marion. Given that there are other community gardens located in City of Onkaparinga (e.g. Aberfoyle Park, Reynella, Hackham West) and City of Mitcham (e.g. Hawthorndene, Belair), as well as other City of Marion community gardens (e.g. Marino, Trott Park) it is anticipated that it will primarily be local residents of Hallett Cove who wish to participate in the community garden.
Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
We will:

- Provide an active space for diverse community members to come together, volunteer, and share skills and knowledge.
- Offer events to the local community based on the themes of sustainable living, gardening, cooking and permaculture.
- Provide a supportive framework to encourage the local community to access, swap and grow sustainable, productive plants (e.g. developing a seed bank and plant swap stand, teaching plant propagation techniques, providing wheelchair accessibility).
- Provide community garden beds to be shared by all, as well as garden beds that can be hired out by people who sign up as garden members.
- Provide a safe place for children to play and learn about natural living cycles, and gain knowledge about permaculture in a supportive environment.
- Offer a range of membership options at a low cost, with Committee discretion to waive membership fees when not affordable for a person.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10007 From Cove Community Garden Inc
Form Submitted 4 Sep 2024, 1:20PM ACST

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
We aim to:

- Develop a sensory pollinator garden as a therapeutic, relaxing and accessible space for the community to spend time and support wellbeing and positive mental health.

- Work collaboratively with local cultural groups in a culturally sensitive manner that is respectful and supportive of all, in line with the permaculture principles of the garden.

- Engage with local First Nations groups to establish strategies to support building knowledge and understanding for members about First Nations history and cultivation of the area.

- Offer community members the opportunity to build and share their gardening skills, whilst improving their physical health through work in the garden and the opportunity to grow and eat a wider range of fruit and vegetables.

-The garden gates will be locked when the garden is closed to promote safety and reduce vandalism. Members and residents on Madison Court will be offered the key code.

Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
We aim to:

- Offer opportunities to engage and educate the community about sustainable living and env ironmentally

friendly horticultural practices; underpinned by permaculture principles. This may include activities such as: germinating and propagating seedlings, growing fresh produce in wicking beds, caring for an orchard, espaliering and pruning techniques, composting and soil regeneration, maintaining a worm farm, garden design/building, cooking with fresh seasonal produce, and harvesting rainwater.

- Hold events such as guest speakers, open days, and workshops based on the themes of sustainable

living, gardening, cooking and permaculture.

- Offer leadership roles in the garden such as Committee membership, leading working bees and teaching skills to new members.

- The garden is located within walking distance from Hallett Cove East Primary School and Edge Early Learning, offering opportunities for children to visit the site and learn about community gardening.

Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10007 From Cove Community Garden Inc
Form Submitted 4 Sep 2024, 1:20PM ACST

Our management plan is clear in our aim "to create a welcoming, supportive and safe environment that is inclusive to a diverse range of people in the local area, including people with disabilities, children and families, First Nations people, older people, LGBQTI + people and people from a Culturally and Linguistically Diverse (CALD) background." We have funding for two wheelchair accessible garden beds, with commitment to ensuring our garden is wheelchair accessible and in providing a safe environment for all members and volunteers. Members are encouraged to come to the garden in good faith, be open to new ideas, display goodwill, and show respect towards all garden members and volunteers. Members will be required to sign their Membership Form with commitment to these values. Harassment, assault, or violence of any kind will not be tolerated under any circumstances. Our misconduct procedure will be followed in the event that misconduct is reported.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
The City of Marion Strategic Plan "Valuing Nature" section specifically states "we will encourage more community gardening in public spaces", which is central to what our project aims to do. In terms of "Liveable", our garden aims to support safety, inclusion, accessibility and active living. With regard to "Engaged", our garden will embrace partnering, volunteering and social interaction and promote community engagement with a diverse range of age groups. The garden will be "Innovative" through a focus on creativity and collaboration and "Prosperous" through offering skill development, leisure and cultural experiences. The garden will promote the value of "Connected" through bringing local residents together for social interaction in a shared space, which is accessible.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
We have been bequested $2000 for disability accessible garden beds, with in principle support from the City of Marion for up to $40,000 funding for fencing. The garden will be open to the public twice weekly, with monthly working bees. We will hold educational workshops and 1-4 'open days' per year. Members will assist in running, maintainance and costs of the garden, with small membership fees applicable. The primary school, preschools, Scouts, and Lions have expressed interest in our project and are keen to contribute. Joshua Salisnew (Wormboy) (a committee member) is offering advice, expertise, support, and in kind labour.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10007 From Cove Community Garden Inc
Form Submitted 4 Sep 2024, 1:20PM ACST

Does your project or activity utilise or give opportunities to engage volunteers? *
The Community Garden is entirely volunteer-led Not For Profit organisation. The project will support further volunteer involvement from the local community.
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
-The garden is based on permaculture principles, which focus on self sufficiency through strategies such as composting, growing from self-harvested seeds/cuttings, a worm farm, and use of rainwater tank.

-Through growing a range of fruit, vegetables, native plants, trees, and pollinator garden we will create a space that supports local biodiversity.

-We will seek to purchase solar panels if funding enables.

-Through growing more food locally, this will improve food security and reduce the amount of 'food miles' the local community needs to eat (the amount of fossil fuel energy that goes into transporting food to us).
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Application No. CG2425_R10007 From Cove Community Garden Inc
Form Submitted 4 Sep 2024, 1:20PM ACST

Total/Overall project cost (can be estimated) *
$78,467.86

Funding information (Section 2)

Is there any other funding that will contribute to the project? *
☑ Yes - if yes please complete this Section (2)
☐ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
$2000 bequest towards wheelchair accessible garden beds - confirmed. This money is being auspiced (held) for us in the "Community Gardens Australia" bank account until our own Bank Australia account is opened, which should occur very shortly.

$8,801.36 applied for through Green Adelaide Grassroots Grant - unconfirmed (our chairperson received a phone call on 16/8/24 stating we had been shortlisted for this subject to Bank Australia account details becoming available).

$40,000 in principle support from City of Marion towards fencing.

e.g. other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $1000 grant from office of sport and recreation towards the project - $2000 donation from Coles - $500 earned income from club fundraiser.

Has your organisation received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
◉ Yes
○ No
e.g. may include subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received
City of Marion have passed council resolution in principle to pay for cost of fencing up to $40,000. This has not yet been paid and is subject to development approval.

Budget (Section 3)

This table must only include amount/funding requested from the City of Marion (this grant).If your organisation is registered for GST, your budget must include GST.

Expenditure item description	Expenditure item type	Amount ($)	Notes
What is the grant being spent on		Must be a whole dollar amount (no cents).	Any additional information
6x Adelaide Hills Veggie Garden Wicking Beds	Equipment *	$3,519.00	
Veggie Mix Premium Potting Mix + delivery	Equipment	$192.00	

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10007 From Cove Community Garden Inc
Form Submitted 4 Sep 2024, 1:20PM ACST

Any additional information relating to the budget you would like to include?
We gained quotes from two wicking bed suppliers, Adelaide Hills Vegie Gardens and Dingo Garden and Tanks. Dingo Garden and Tanks was more expensive and advised there would be a delay of 6 months before the garden beds would be ready, so we opted for Adelaide Hills Vegie Gardens. We have uploaded both quotes FYI,
Must be no more than 100 words.

Budget total

Total amount
3711
This number/amount is calculated.

Quotes

Any expenditure items over $1,000 require 2 quotes for the application to be eligible. If purchasing the same item multiple times and the total exceeds $1,000 please attach quote *

Filename: Premium potting mix quote.jpg
File size: 5.1 MB

Filename: Quote Adelaide Hills Vegie Gardens.pdf
File size: 269.3 kB

Filename: Quote Dingo Garden and Tanks.pdf
File size: 370.7 kB
Attach/upload all required quotes here.

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
We are ultimately aiming to have 19 wicking beds, so the current application for 6 wicking garden beds is just a start and we could proceed with less if need be. If we are unable to get any garden beds through this grant process, we could apply for other grants to hopefully get these in the future. We do need to get the garden beds at some point though in some way or the project will not be able to proceed as it relies on having raised garden beds available..
Must be no more than 100 words.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *
$0.00
Must be a dollar amount.
Please put $0 if you are unable to proceed with partial funding

Any further information you would like to include:	We are currently waiting on Bank Australia to provide us with our account name and number after having submitted a lengthy array of paperwork. Our bank account details will be supplied to City of Marion very shortly as soon as it becomes available. Please see attached meeting minutes for further details.

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Applicant will seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.

Community Grants Review Card			
Organisation Name	YMCA of SA Youth and Family Services	**Project**	Agile mYnds
Project Description	The Agile mYnds program aims to boost brain health, cognitive function, and physical fitness in older adults through 40 one-hour weekly workshops. Led by a qualified professional, the program includes strength exercises, balance challenges, brain tasks, and dual-tasking activities. It focuses on fall prevention, improving confidence, and fostering community engagement while enhancing independence and quality of life.		
Funds Requested	$10000	**Total Project Amount**	$21000

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	20.00	80% or more of the participants will be residents of CoM.
Community Connection	15	12.50	Connection through physical activity and social opportunities.
Health and Wellbeing	15	15.00	Exceptional strategies - physical and cognitive health/falls prevention/active ageing/independence.
Skill Development	15	12.5	Life skills, engaged lives.
Inclusivity	10	9.17	Broad inclusivity to target group and accessibility in mind.
Alignment to Strategic Plan/ Community Vision	10	8.33	Strong clear alignment.
In-Kind Support	5	5.00	Large in kind support demonstrated $11,000 towards total project costs.
Volunteers	5	2.50	Adequate opportunity.
Environmental Responsibility	5	3.33	YMCA organisation - clear efforts.
Total	100	88.33	
FINAL SCORE		**88.33**	

Previous Funding Consideration	Applicant has not been funded in the previous 4 rounds
Partial Funding Consideration	Could proceed with partial funding of $8,000. This would reduce the number or duration of workshops delivered.
Participant Fee Consideration	Low participant fee
General Considerations	1. Program will be delivered in Marion Leisure and Fitness Centre. 2. Program particularly benefits older adults aged 50-90 at risk of cognitive decline and falls.

What type of not-for-profit organisation are you? *
- ○ Community group
- ◉ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ○ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
The YMCA is a movement that improves personal and community wellbeing across South Australia, Australia, and the world. We work together from a base of Christian values to provide opportunities for all people to grow in

body mind and spirit”

Must be no more than 100 words.

Project title: *
Agile mYnds

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date

02/12/2024

If relevant, can leave blank

Anticipated end date

If relevant, can leave blank

Please provide a brief summary of your project *
The Agile mYnds program is a community-driven initiative aimed at improving brain health, cognitive function, and physical fitness among older adults in our community.

This program, led by an Accredited Exercise Physiologist or Physiotherapist, will pilot delivery of 40 weekly, 1hour workshops, designed to enhance cognitive agility, balance, and overall well-being, with a strong focus on preventing falls and promoting lifelong brain health.

ACTIVITIES: 40 weekly sessions include:

Strength Exercises: Tailored physical exercises designed to boost strength, flexibility, and cardiovascular health.

Balance Challenges: Exercises specifically focused on improving balance and reducing the risk of falls.

Brain Exercises: Cognitive tasks aimed at enhancing memory, attention, and executive function.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10027 From YMCA of SA Youth and Family services
Form Submitted 3 Sep 2024, 10:30PM ACST

Dual Tasking: Activities that combine physical and mental challenges to promote cognitive and motor coordination.

OUTCOMES:

Community Inclusion: Foster a sense of community and social interaction among participants.

Improved confidence: Empower participants with tools to enhance cognitive function and mental health, to enhance their quality of life and mobility within the community.

Improved function and independence: Reduce the risk of falls through targeted balance exercises and education on safe movement practices so they can live independently for longer.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
The Agile mYnds program will benefit 80% or more of City of Marion residents, particularly older adults aged 50-90 at risk of cognitive decline and falls. By providing a comprehensive approach to both physical and mental health, the program enhances quality of life for those seeking to improve mental agility, physical stability and independence.

Based on demographics reported for the City of Marion, residents aged 50+ years constitute approximately a third of the city's population, but are also among it's most marginalised and vulnerable community members.

Hosted at the YMCA Marion Leisure and Fitness Centre, the program offers a safe, communi ty-centered environment for thousands of local residents to engage in exercise. It addresses needs of seniors by offering subsidized access to Allied Health Professionals for baseline testing and tailored intervention programs that meet individual health goals. Participants benefit from closely supervised group sessions led by qualified professionals, ensuring fun, interactive, and safe activities.

The program is inclusive of all abilities, including those with coexisting health concerns, thereby providing opportunities for participation to individuals who may otherwise feel marginalized. Overall, Agile mYnds supports a healthier, more engaged community, aligning with the needs and preferences identified in recent studies on senior fitness.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
This program is designed to not only improve the physical and cognitive health of older adults but also to create a supportive community environment where participants can thrive.

Our Allied Health department has established strong connections with local residents 50 years and over, along with the large database of Marion Leisure and Fitness Centre members, community groups (Eg rotary and probus clubs), sporting clubs (Eg. indoor bowls, pickleball), health services / health providers (local GP's and nurses) and hubs such as

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10027 From YMCA of SA Youth and Family services
Form Submitted 3 Sep 2024, 10:30PM ACST

retirement villages.

We plan to advertise the program widely across these networks to gather participants from the Marion City Council area.

Participant statistics are recorded in practice management software, enabling demographics to be targeted and recorded.

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
The Agile mYnds program, to be hosted at the Marion Leisure and Fitness Centre exemplifies the YMCA's core values of inclusivity, community, and respect. It provides a safe, welcoming space for older adults of diverse backgrounds and physical abilities, aligning with the YMCA's mission to enhance community well-being and healthy living. The program fosters mutual respect and understanding by bringing together people from various cultural and social backgrounds. In this supportive group setting, participants connect, share, and learn from each other, promoting both physical and cognitive health.

Opportunities for gathering in the centre's cafe for refreshments after sessions also encourages growth of relationships between participants and community members.

Agile mYnds strengthens community ties and upholds the YMCA's commitment to empowering individuals and building inclusive, healthier communities.

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
The Agile mYnds program offers a holistic approach to improving physical and mental health for older adults. Under the guidance of an Accredited Exercise Physiologist or Physiotherapis t, participants engage in weekly sessions featuring physical exercises, balance training, and cognitive challenges designed to enhance overall well-being. Physically, the program boosts strength, flexibility, and balance to support independence and prevent falls, with exercises tailored for safety and effectiveness. Mentally, it improves cognitive function through brain exercises and dual-task activities that enhance memory, attention, and executive function. The group setting also fosters social interaction and community support, crucial for mental health. Through regular participation, residents gain increased confidence, reduced stress, and a stronger sense of community, alongside improved physical and cognitive health.

Must be no more than 150 words.

Skill Development

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10027 From YMCA of SA Youth and Family services
Form Submitted 3 Sep 2024, 10:30PM ACST

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
The Agile mYnds program provides more than just physical fitness; it offers valuable life skills development. Participants learn to integrate exercise into their daily routines, fostering a self-sustaining, healthy lifestyle. They also enhance self-management abilities by setting and achieving personal health goals, tracking progress, and making informed health decisions, essential for long-term autonomy. The program encourages leadership by motivating participants to take charge of their health journey and support peers. Those who gain confidence may even assume informal leadership roles, guiding others and sharing knowledge. Overall, Agile mYnds equips participants with practical skills for healthier, more engaged lives, contributing to personal growth and community involvement.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
The Agile mYnds program at the Marion Leisure and Fitness Centre exemplifies the YMCA's core values of inclusivity, community, and respect by providing a safe and welcoming space for a diverse range of older adults. It has disabled access, ample parking (including disabled parking) facilities, easily accessible on foot via linear path and is on a local bus route. It also boasts a large cafe that fosters social engagement.

Designed to be inclusive and supportive of varying physical abilities, Agile mYnds ensures every participant feels valued. By uniting individuals from different cultural and social backgrounds, the program fosters mutual respect and understanding. This group setting not only supports physical and cognitive health but also encourages connections and cultural harmony as participants engage in a range of group and partner activities.

Through these efforts, Agile mYnds upholds the YMCA's dedication to empowering individuals and building healthier, more inclusive communities.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
The Agile mYnds program aligns with the City of Marion's Community Vision - Towards 2040 by enhancing community engagement, livability, and connectivity.

Engaged: It involves older adults in weekly sessions that promote physical and cognitive health, fostering community interaction and a sense of belonging.

Liveable: By improving balance, cognitive function, and overall well-being, Agile mYnds enhances quality of life for older adults, supporting independence and a healthier lifestyle essential for a liveable city.

Connected: The program builds connections among individuals from diverse backgrounds, promoting social interaction and mutual support in a safe, inclusive

Form Submitted 3 Sep 2024, 10:30PM ACST

environment.

Overall, Agile mYnds supports the City of Marion's vision for a vibrant, inclusive, and supportive community by 2040.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
The Agile mYnds Program will take place in the YMCA Marion Leisure and Fitness Centre, where high class facilities include a fully equipped gymnasium, multi-purpose courts and ample parking for participants. The Allied Health team will support program design, implementation and the review process.

YMCA SA will contribute 'in kind' by providing free access to

- the above facilities and equipment, worth $3200

- support via Allied Health team administration (practice coordinator and Health of Health services), worth $4800.

- YMCA SA's Corporate Services team for marketing and promotion, staff training and HR management is valued at approximately $3000.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Yes. Participants who demonstrate interest in assisting with welcoming participants, serving refreshments after class etc will be encouraged to become 'inclusion assistants'.
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
While the project does not specifically focus on the environment or environmental impact, the facility recently installed solar panels as a renewable energy initiative. As common practice, the centre operates a recycling program for paper, bottles and other recyclable goods.

The YMCA SA also recently joined the Sports Environment Alliance, as a demonstration of our commitment to environmental responsibility.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Budget

*** indicates a required field**

[redacted]

Amount you are requesting from the City of Marion (Maximum is $10,000) *	$10,000.00
Total/Overall project cost (can be estimated) *	$10,000.00

Funding information (Section 2)

Is there any other funding that will contribute to the project? *
☑ Yes - if yes please complete this Section (2)
☐ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
'In Kind' Costs approved by YMCA SA's Chief Operations Officer of $11,000, outlined in previous section

- Facility use (group fitness room hire and gym equipment use)
- Support from Head of Health Services and Practice Coordinator
- Access to Corporate services marketing team for design of promotional material, HR department for training and staff support.

e.g. other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $1000 grant from office of sport and recreation towards the project - $2000 donation from Coles - $500 earned income from club fundraiser.

Has your organisation received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
◉ Yes
○ No
e.g. may include subsidised rent, funding agreements, one off support payments

Project details

*** indicates a required field**

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ◉ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ○ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Vision - Faith Intersecting Life

Mission - to foster an intergenerational community, offering spiritual depth and growth, through relationship with Jesus.

Values - Belonging, believing, becoming

We are a Uniting Church with two types of services - one traditional Sunday morning worship and the other contemporary & intergenerational - especially welcoming neurodivergent and LGBTQIA+ people, which includes a program called "Create".

The purpose of "Create" is to create art, build community and talk about the important things in life i.e. art therapy, reflection, addressing life issues & intergenerational interaction in a safe place, catering for LGBTQIA+ and neurodiverse people.

Must be no more than 100 words.

Project title: *
Art Materials and Food for "Create" to ensure accessibility
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date	Anticipated end date
03/02/2025	31/10/2025
If relevant, can leave blank	If relevant, can leave blank

Please provide a brief summary of your project *
"Create" is an art program held monthly on a Saturday night, fostering an inclusive community where people can reflect and talk about life. This program attracts people of all ages and is especially welcoming of LGBTQIA+ and neurodivergent people, creating a safe place to explore life experiences through art activities and shared meal. Some participants bring along friends/family/support people, especially if they suffer from social anxiety.

Participants pay a fee to cover costs for art activities and can also buy dinner and/or snacks (exceptions and alternative art materials and activities provided for people who are financially disadvantaged).

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10018 From The Corner Uniting Church
Form Submitted 4 Sep 2024, 1:25PM ACST

Advertised on Eventbrite, "Create" has experienced significant growth since January 2024, doubling in the number of participants attending from 20-25 people to 30-50 people and still growing. New participants are from the community (not all associated directly with The Corner).

Costs of art materials and food has also significantly increased. The Corner seeks to maintain this program as financially accessible and cater for the growth in the program through grant funding.

Funding for this program is has been in jeopardy but salary for the Team Leader is likely to be extended for another 12 months.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
This program offers a service to City of Marion residents by catering for minority groups and people who are not well serviced in the community. The Corner does not ask participants to provide personal information and data on their specific circumstances (including residential address), but through conversation, we know anecdotally that most participants live in the City of Marion area.

Creating art is a process that allows people to think beyond what they are making. Art gives space to reflect, process and express inner thoughts and feelings. Participants are encouraged to think about the message that has been given, or their own life experiences as they plan and create their artwork. Participants can then use these skills outside of 'Create' to help contribute to positive mental health. Similar ideas are present in art therapy, mindful coloring etc.

People who are neurodivergent and LGBTQIA+ people often suffer from anxieties, experience social exclusion and discriminatory behaviour. Loneliness and isolation due to discrimination have a significant effect on mental health and wellbeing. Some people require environments that accommodate their strengths and challenges to feel safe and be able to cope without being overwhelmed.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
"Create" participants usually register through Eventbrite which could include a question about suburb of residence in future.

"Create" is emerging as a space that LGBTQIA+ and neurodivergent people (as well as neurotypical people) are attracted to. The Corner can now begin to market this as there are limited services catering for this demographic. Now that the model has proven attraction, The Corner can connect to other local services that could refer people e.g. NGO's, services provided by State Government, City of Marion and other community services.

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10018 From The Corner Uniting Church
Form Submitted 4 Sep 2024, 1:25PM ACST

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
"Create" is an art inspired activity. Benefits listed in sections above. The Corner's goal is to reduce discrimination and improve inclusion which benefits the broader community as well as individuals. We have many participant stories to share demonstrating the benefits to individuals connecting as a community:

• A woman in her 20's who is neurodivergent and suffers from anxiety, recently started attending "Create" with her aunt. The woman does not participate in many activities outside the home.

• Two young Asian girls (early twenties) who enjoy making things and want to come somewhere "safe" on a Saturday night.

• A woman in her 50's who enjoys craft activities and finds it a welcoming environment. Her dietary needs are catered for.

• A neurodivergent teenager who is transitioning from female to male - didn't talk much for a year. Now volunteers in the kitchen and chats to his mentor.

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
"Create" supports better mental health for participants, providing a safe and inclusive environment for art therapy and reflection on life. For some participants, this is their only social activity. The activities and environment for "Create" is deliberately designed to cater for specific needs. Refer to the Inclusivity section below.

The Project Manager qualifications include Bachelor of Visual Arts, Certificate in Youth Mental First Aid, Bachelor of Ministry including caring/counselling and integrative practices, and competency in Safe Environments for Children and Young People. She is skilled in designing immersive art experiences and catering for different needs.

Many people in the target cohort not only experience social anxiety but also have special dietary needs. Meals cooked in the commercial kitchen at The Corner cater for a range of requirements such as gluten free, dairy free, vegetarian, fodmap, etc. Generally, a main meal, dessert and drinks are provided and sold at cost/below cost.

Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
For participants - skill development is in the art activity and techniques. It is also in prompting conversation around a life related theme through the artwork. Over time, life skills are expected to improve.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10018 From The Corner Uniting Church
Form Submitted 4 Sep 2024, 1:25PM ACST

For volunteers (who also participate in Create activities) - skills vary and include leadership development for young people, customer service and cafe skills (meal preparation, making and serving drinks - including barista/coffee machine, kitchen clean up), taking orders and payments, audio visual tech skills, public speaking, Eventbrite and setting up the art space.

People with lived experience are involved in co-design of activities. A mixed team of volunteers are involved in planning "Create", including neurodiverse and LGBTQIA+ people. Young leaders have completed Certificate in Youth Mental Health First Aid and mandatory notification and Safe environments training.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
All are welcome, with a special focus on welcoming LGBTQIA+ and neurodivergent people. People registering on Eventbrite are coming from the broader community, not just the Church community.

Although demographic information is not collected, we are aware that ages range from 1year old to past retirement age and people come from different nationalities.

Psychological, social and physical safety is created in many ways including: being able to move around, noise cancelling headphones worn, spacing between chairs, access to different activities (lego, kinetic sand) and fidget toys, food that caters for dietary requirements, information provided in multiple formats (video, written instructions, and verbal instructions), warm up art activity, no excessive noise, opportunities to reflect and speak (or not) when people wish to, spaces people can go to be away from others, inclusive language, pronoun badges, counselling (if required), accessible spaces, etc. The Corner also has Policies and procedures for incidents.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
The program best aligns with the following City of Marion Community Vision themes:

Livable - safe, welcoming, cultural diversity, healthy lifestyles, arts. Contributing to 10-year goals of accessibility, enjoying recreation and social activities, cultural diversity, creating a sense of belonging and artistic activities.

Engaged - community engaged, strong neighborhoods. Contributing to 10-year goals of harnessing skills and experience of older people, fostering emerging leaders and actively engaged young people, structured opportunities for volunteers, and community led initiative. This project also contributes to the goal of community engagement and co-creation.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10018 From The Corner Uniting Church
Form Submitted 4 Sep 2024, 1:25PM ACST

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
The Corner currently pays for the full-time project manager who delivers other programs in addition to "Create". An Administration Officer provides part-time administrative support for The Corner & therefore also some support to "Create".

The venue is provided at The Corner, where other resources are also available for delivering "Create" (e.g. office space, photocopiers, laptop, etc)

Hundreds of hours of volunteer labour are also involved in planning, setting up, marketing and delivering the monthly "Create" sessions.

Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Yes, there are approximately 25 volunteers involved in running "Create" who are rostered for tasks on a rotating basis. Some of those volunteers are also on the organising committee.

Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
Where possible, the art activities reuse or recycle items which would otherwise go to landfill - two examples include: 1. Donated records which were painted and made into clocks.

2. Another activity involved re-using old denim clothing - with a reflection theme of sustainability in fashion.

The Corner uses environmentally friendly materials such as non-toxic paints and minimises use of environmentally damaging materials such as glitter.

The Corner has other environmental initiatives such as solar panels, water tanks, recycling, limited use of plastics, waterwise garden, Op Shop, etc. to reduce carbon footprint.

Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Budget

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10018 From The Corner Uniting Church
Form Submitted 4 Sep 2024, 1:25PM ACST

*** indicates a required field**

[redacted]

Amount you are requesting from the City of Marion (Maximum is $10,000) *	$4,480.00
Total/Overall project cost (can be estimated) *	$20,615.00

Funding information (Section 2)

Is there any other funding that will contribute to the project? *
☑ Yes - if yes please complete this Section (2)
☐ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
- Direct labour costs associated with "Create" - confirmed $6,415 salary provided by Uniting Church (funded by either The Corner or through Uniting Foundation grant funding which has not yet been confirmed). This does not include oncosts.

- $10 fee per participant for art materials at each "Create". Actual cost is approx $12.50 average per participant so this grant application seeks the difference from CoM. Funds are confirmed but are dependent on the cost of individual activities and the number of people attending "Create" who pay the fee. The gap cost is not confirmed.

- $15 fee per participant for dinner, dessert and drink but costs have been increasing by an average of $5 per participant so this grant application seeks the difference between total cost and total participant payment to remain financially accessible. Funds are not confirmed and are dependent on the cost of meals and the number of people attending "Create" who order a meal and pay.

Please refer to attachment A.

e.g. other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $1000 grant from office of sport and recreation towards the project - $2000 donation from Coles - $500 earned income from club fundraiser.

Has your organisation received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
○ Yes

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10018 From The Corner Uniting Church
Form Submitted 4 Sep 2024, 1:25PM ACST

◉ No
e.g. may include subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received

Budget (Section 3)

This table must only include amount/funding requested from the City of Marion (this grant).If your organisation is registered for GST, your budget must include GST.

Expenditure item description	Expenditure item type	Amount ($)	Notes
What is the grant being spent on		Must be a whole dollar amount (no cents).	Any additional information
The cost gap for art materials less the participant fee	Project activity *	$1,200.00	Art material costs have increased beyond the fee charged to participants
The cost gap for meals	Other Expenditure (explain in notes column)	$2,400.00	Cost of food has increased
General art supplies	Project activity	$880.00	Participants can choose to do their own art activity at using general art supplies such as paper, paint, pens, pencils, colouring sheets and general equipment.

Any additional information relating to the budget you would like to include?
The Corner seeks to maintain a balance between financial accessibility for participants and financial sustainability for the activity. Participants keep their own artwork. Financial sustainability relies on the majority of participants contributing to the cost. The Corner does not seek payment from people who are financially disadvantaged. The Corner seeks to maintain the cost of participation to a minimum in an environment of rising cost of food and materials. This program is at risk of being cancelled.

Please note costs have been estimated based on actual averages and assumptions have been made about numbers of participants. Quotes cannot be sourced.
Must be no more than 100 words.

Budget total

Total amount
4480

Community Grants 2024/25 Round 1

This number/amount is calculated.

Quotes

Any expenditure items over $1,000 require 2 quotes for the application to be eligible. If purchasing the same item multiple times and the total exceeds $1,000 please attach quote *

Filename: Attachment A expenses for CoM grant.docx
File size: 154.8 kB
Attach/upload all required quotes here.

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
Yes, "Create" can proceed with partial funding. The Corner may need to consider financial sustainability through either limiting participant numbers or increasing participant fees. Our goal is to keep the program financially accessible and inclusive for participants and sustainable for the organisation.
Must be no more than 100 words.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *
$3,600.00
Must be a dollar amount.
Please put $0 if you are unable to proceed with partial funding

Is there a participant fee for your project? If so, how much? *
yes, participants pay $10 for the art activity or $5 for use of general art supplies. Meals, snacks and drinks are available for purchase. "Create special" is $25 for art activity, dinner, dessert and drink, "Kids Create special" is $20 for art activity, dinner dessert and mini-drink. Fees are waived for financially disadvantaged people. Please refer to attachment A
If there is no fee, put $0 or N/A

where there is mutual benefit, including City of Marion community services.

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Applicant will seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded project. The City of Marion will also have the right to independently promote the project s/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. Changes come into effect as of 01/09/2024 and grant recipients are required to adhere to all regulations. This includes the use of plastic food containers, shopping bags, bag tags, confetti, balloon sticks, balloon ties etc. For further information, please visit replacethewaste.sa.gov.au.

I declare that to the best of my knowledge the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

I agree * ◉ Yes ○ No

Community Grants Review Card			
Organisation Name	Royal Life Saving South Australia	**Project**	Water Safety Education for CALD Adults
Project Description	This 8 week project aims to enhance water safety knowledge among culturally and linguistically diverse communities by integrating practical and theoretical elements eg CPR, First Aid, swim skills and intro to basic english.		
Funds Requested	$10000	**Total Project Amount**	$18312

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	18.33	Committed to 80% participation by CoM CALD residents. Program identifies postcodes.
Community Connection	15	13.75	Connection to community for CALD residents.
Health and Wellbeing	15	13.75	Comprehensive opportunities to support better health/connection/reduced isolation/mental health.
Skill Development	15	15.00	Comprehensive skill development.
Inclusivity	10	8.33	Mindful of targeted demographic - focuses on inclusiveness and diversity, welcome safe spaces for our CALD community.
Alignment to Strategic Plan/ Community Vision	10	8.33	Clear alignment - could have expanded on benefits as there are many.
In-Kind Support	5	4.58	Organisation in-kind support equates to approx 45% of program cost.
Volunteers	5	4.58	Many opportunities, not to mention upskilled participants being able to volunteer in the community.
Environmental Responsibility	5	4.58	Organisation policy in place.
Total	100	91.23	
FINAL SCORE		**82.11**	

Previous Funding Consideration	Applicant was previously funded in Round 2, 22/23 - 10% discount applied
Partial Funding Consideration	Could proceed with partial funding of $5,000. Number of participants would reduce to 10 and fee for participation would increase.
Participant Fee Consideration	Low participant fee
General Considerations	1. Strong application, similar programs supported by CoM have been highly successful, meeting local needs and well received.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10001 From Royal Life Saving South Australia
Form Submitted 3 Sep 2024, 1:16PM ACST

Project details

*** indicates a required field**

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ○ Sports/Recreation Club
- ◉ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Royal Life Saving South Australia (RLSSA) exists to help all Australians enjoy the water safely through drowning prevention leadership, education and action. We want to bring a love of swimming and water safety education to people in the community, especially those who may not otherwise have the opportunity to participate.

Our members, trainers, employees and lifesavers are found in almost all communities.

Our activities include:

Inclusive Swim

Accredited training

Water safety & Education talks

Holiday Swim

Research and resources

Guidelines for Safe Pool Operations

Must be no more than 100 words.

Project title: *
Water Safety Education for CALD Adults
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date
01/02/2025
If relevant, can leave blank

Anticipated end date
22/03/2025
If relevant, can leave blank

Please provide a brief summary of your project *
This project introduces water safety to culturally and linguistically diverse communities by combining practical and theoretical elements. Throughout the program, participants will learn basic English literacy, in an innovative manner both in and out of the water.

Pre Program

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10001 From Royal Life Saving South Australia
Form Submitted 3 Sep 2024, 1:16PM ACST

Community engagement session with MCCSA to determine strategy of promotion for the program.

Program Activities

Week 1-4 Introduction to lessons and key skills
Learners will engage in basic English lessons, while also learning introductory swimming skills.

Week 5-7 Introduction to CPR and First Aid
Participants will learn practical CPR skills out of the water, and practice rescue initiatives within the water.

Week 8 Celebration

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
This Program will include 80% or greater of City of Marion residents with 20% allocated for residents outside of Marion.

The project enables community participation by inviting those multicultural individuals living in the City of Marion and surroundings to develop their key skills.

Residents of the City of Marion will be encouraged to register, ensuring their cultural beliefs and sensitivities are respected, and everyone feels welcome and supported.

This program will support those adults who otherwise may not have the opportunity to register for accredited course due to economic and financial difficulties while settling in Australia.

Participant's families and friends and local government will be invited to the End of Program Celebration for Certificates of Pool Lifeguards accreditation.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
To ensure we reach 80% or more of City of Marion residents for this program, we will verify that all registrations align with the required postcodes. We plan to promote this program by attending and marketing at local events and workshops, conducting surveys, and utilising demographic data.

iIn addition to the above we will limit the registration of non-Marion residents to 20% of the total participants. However, if there is low registration from Marion residents, we will increase this percentage to allow more non-Marion residents to join. This adjustment will be made two weeks prior to the program start date if necessary.

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10001 From Royal Life Saving South Australia
Form Submitted 3 Sep 2024, 1:16PM ACST

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Our Project aligns with the City of Marion's strategic goals by fostering community connection and participation. By hosting activities at local facilities, such as the Marion Aquatic Centre, we bring residents together, enhancing neighborhood engagement. Our program encourages intergenerational interaction through family-inclusive sessions, bridging gaps between age groups. Additionally, the supportive group environment helps reduce social isolation by creating a sense of belonging and promoting regular social interaction. This approach strengthens community ties and supports the City of Marion's vision for a connected and inclusive community.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
The project incorporates community wellbeing by:

- Training and upskilling community members
- Increasing the number of community leaders
- Increasing the number of lifesavers
- Providing accessible training opportunities
- Providing accessible skill development
- Encouraging water safety
- Empowering participants
- Creating community connectedness between aquatic facilities and participants and their loved ones
- Providing a welcoming environment for all
- Encouraging career pathways
- Providing job-ready staff for local facilities this summer
- Encouraging healthy lifesatyles, water sports, and physical activity
- Introducing multicultural lifeguards to the aquatic industry
- Promoting mental health and well being by ensuring a welcoming and safe environment to learn and develop skills, respecting cultural diversity and welcoming members from all cultural backgrounds
- Promoting cultural understanding, diversity and interculturalism and social inclusion
- Opening employment pathways and guiding employment opportunities

Must be no more than 150 words.

Skill Development

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10001 From Royal Life Saving South Australia
Form Submitted 3 Sep 2024, 1:16PM ACST

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
Our project offers participants several opportunities for skill development:

1. Life Skills: Participants will gain crucial water safety and self-preservation skills, enhancing their confidence and ability to navigate various water environments safely.

2. Leadership Skills: As participants progress, they will have opportunities to take on leadership roles within group activities, helping to guide and support others, fostering teamwork and communication skills.

3. Community Engagement: Participants will engage with their local community through structured activities, promoting social inclusion and the ability to work collaboratively in a community setting.

4. Personal Development: The supportive environment and positive reinforcement will help participants build resilience and self-esteem, essential for overcoming personal challenges and pursuing new activities.

By focusing on these areas, our program aims to provide participants with valuable skills that extend beyond water safety, contributing to their overall personal and professional growth.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
The project aligns to the City of Marion Equity, Access and Inclusion Policy as it will:

- Bring interculturalism and diversity to the aquatic industry
- Allow the City to welcome, respect and include CALD residents in the City of Marion and surroundings
- Facilitate community engagement and more empowered residents of Marion
- Promote a liveable, safe, welcoming and inclusive city where cultural diversity and healthy lifestyles are celebrated
- Promote community social connectedness
- Encourage opportunities for all

This project will encourage further intercultural understanding, mutual respect and social inclusion. This outcome will promote more culturally aware residents and members within the community, the local facility, and the aquatic industry.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10001 From Royal Life Saving South Australia
Form Submitted 3 Sep 2024, 1:16PM ACST

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
Engaged: We actively involve local residents in community facility activities, fostering greater participation and engagement.

Liveable: By prioritizing water safety and inclusivity, we enhance the quality of life through safe and enjoyable recreational opportunities.

Connected: The program builds community bonds and fosters intergenerational and neighbourhood connections through collaborative, inclusive activities.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
IN KIND:

Printing & Stationary (workbooks, activities, resources, registration lists) - $400.00

Registration fees online- $150.00

Pre-program planning x 16 hours - $672

Marketing & Advertising - $250.00

Registration Fees for participants: $25 per participant x 50 participants = $1,250
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Our project engages volunteers in various ways. They assist with program delivery, help promote and manage community events, and provide administrative support. This involvement enhances the effectiveness of our programs while offering valuable experience and skill development for the volunteers.
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
Our organisation is dedicated to environmental responsibility and partners with providers who share this commitment. We have previously partnered with the Marion Outdoor Pool on grants and plan to continue this collaboration. Through this partnership, we have gained valuable insights into their use of biodegradable packaging and recycling initiatives. We are dedicated to integrating and improving these environmentally friendly practices within our programs. We also encourage participants to respect the facilities by recycling and disposing of waste accordingly.
Must be no more than 100 words.

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
Yes, the project could proceed with partial funding by reducing the number of participants and increasing program fee to cover the difference, and ensure at least 10 participants go through with training to ensure fixed costs are effectively used to maximise the benefits.
Must be no more than 100 words.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant a pplication.
- Applicant will seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded project. The City of Marion will also have the right to independently promote the project s/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. Changes come into effect as of 01/09/2024 and grant recipients are required to adhere to all regulations. This includes the use of plastic food containers, shopping bags, bag tags, confetti, balloon sticks, balloon ties etc. For further information, please visit replac ethewaste.sa.gov.au.

I declare that to the best of my knowledge the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

I agree * ◉ Yes ○ No

Community Grants Review Card			
Organisation Name	Marion City Band	**Project**	Brass Explorers: A 10-Week Musical Journey for Primary School Students
Project Description	"Brass Explorers" is a 10-week pilot program introducing CoM primary school students to brass instruments program offered to three local schools, out of school hours. The program covers instrument care, playing techniques, and music fundamentals. Students will learn posture, breathing, and playing basics, culminating in a small concert. The program includes free instrument hire and ongoing affordable tuition. Participants will also have the opportunity for a second term of free group lessons with the Warriparinga Brass band.		
Funds Requested	$4800	**Total Project Amount**	$7760

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	20.00	Targeted at CoM schools - priority for participants who are residents of CoM - postcode database.
Community Connection	15	12.50	Comprehensive opportunities for connection.
Health and Wellbeing	15	8.75	Holistic approach.
Skill Development	15	15.00	Well-structured examples re: relevant skill development.
Inclusivity	10	10.00	Exceptionally mindful of inclusive strategies - noted target group is primary school children.
Alignment to Strategic Plan/ Community Vision	10	9.17	Demonstrates strong alignment
In-Kind Support	5	3.75	Meaningful contribution.
Volunteers	5	4.58	Band run by volunteers.
Environmental Responsibility	5	2.92	Demonstrates clear practices.
Total	100	86.67	
FINAL SCORE		**78.00**	

Previous Funding Consideration	Applicant was previously funded in Round 2, 22/23 - 10% discount applied
Partial Funding Consideration	Could proceed with partial funding of $2,400. This would require reduced scale to one tutor.
Participant Fee Consideration	Free for participants.
General Considerations	1. There is a major shortage of brass instrument players in South Australia, and programs like this are hoping to achieve sustainability in the arts/music sector. 2. The Marion City Band has management agreement with City of Marion that supports operations and civic event appearances etc.

What is your organisation's purpose or vision? *
To provide quality music to accompany social and civic events in the City of Marion and wider Adelaide area, and to create an inclusive and welcoming environment for musicians of all backgrounds and abilities to reach their musical potential.
Must be no more than 100 words.

Project title: *
Brass Explorers: A 10-Week Musical Journey for Primary School Students
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date	Anticipated end date
05/02/2025	10/12/2025
If relevant, can leave blank	If relevant, can leave blank

Please provide a brief summary of your project *
"Brass Explorers" aims to introduce primary school students in the City of Marion to the fundamentals of playing brass instruments. A pilot 10 week group music tuition program, it will be delivered after school hours by our skilled music tutors at three pilot primary schools in the City of Marion.

Students will learn the fundamentals to begin their brass journey. They will begin by learning how to care for their instrument, as well as proper techniques for posture, breathing and holding the instrument to ensure they can play comfortably. Students will progress from making their first sounds on the instrument to playing a small concert at the end of term and in the process learn about rhythm, pitch, reading music and playing in a brass ensemble.

The program removes the financial barrier to learning brass and includes free instrument hire and a pathway to ongoing cost-effective brass tuition. Following completion of the 10-week program, participants will be invited to enjoy a second term of free group music tuition by joining Warriparinga Brass, Marion City Band's development band. Two paid tutors and volunteer support, all with current Working With Children clearance, will ensure a

Form Submitted 16 Sep 2024, 5:19PM ACST

comprehensive, accessible and safe music education experience.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
This project benefits City of Marion children residents by:

1. Providing Access to Music Education: The program offers free instrument hire and up to 6 months of free music tuition, making music education accessible and affordable.

2. Enhancing Academic Performance: Music education improves cognitive abilities, including memory and concentration, which positively impacts overall school performance and academic achievement.

3. Developing Skills and Confidence: Through structured lessons and a final performance, students build musical skills, teamwork, and self-confidence, contributing to personal growth and achievement.

4. Supporting Mental Health: Engaging in music reduces stress, anxiety, and depression, promoting better mental health and emotional well-being.

5. Encouraging Continued Engagement: Students have the opportunity to join the Warriparinga Brass development band, fostering ongoing interest in music and providing a supportive community.

6. Offering Mentorship and Support: With experienced tutors and volunteer support, students benefit from quality instruction and guidance, enhancing their learning experience and personal development.

7. Building Community Connections: The program strengthens relationships between schools and the local community, creating a supportive environment that nurtures students' growth and development.

8. Promoting Screen-Free Activity: Students engage in a creative, hands-on activity that provides a healthy break from screen time and encourages social interaction.
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
"Brass Explorers" is a targeted initiative designed to benefit children within the City of Marion. The program will be exclusively offered by Marion City Band to primary schools within the City, ensuring that all participants reside locally. We will collect postcodes from students who register to confirm their residency, and we are committed to maintaining a high local engagement rate. Priority will be given to students residing within the City of Marion, with the goal of ensuring that at least 80% of participants are City of Marion residents. This approach guarantees that the program provides maximum benefit to the local community, fostering musical growth and inclusion among our young residents.
Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10032 From Marion City Band
Form Submitted 16 Sep 2024, 5:19PM ACST

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Fostering Local Engagement: By involving schools, families, and community organisations, "Brass Explorers" supports children's musical development while enhancing our brass band's strength and reach within the community.

Promoting Intergenerational Connections: By inviting younger participants to join Marion City Band, the program facilitates interactions between different generations. This helps bridge generational gaps and fosters mentorship, as experienced band members guide and support younger players.

Reducing Isolation: The structured group activities and musical performance at the end of the program provide a sense of belonging and reduce social isolation for participants. Engaging in collaborative music-making helps build friendships and a supportive network, enhancing emotional well-being and reducing feelings of loneliness. This is particularly valuable for artistic students who may not engage in team sports and who may feel isolated as a result.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
The "Brass Explorers" program supports both physical and mental health by engaging students in a structured and creative activity. Physically, learning to play a brass instrument improves posture, breathing techniques, and fine motor skills. It also enhances cardiovascular health through the exertion required to play the instrument.

Mentally, the program provides a sense of achievement and boosts self-esteem as students progress from making their first sounds to performing in a concert. The collaborative nature of ensemble playing fosters teamwork and social connections, reducing feelings of isolation and building a supportive community. Additionally, the focus on rhythm and music reading enhances cognitive skills and concentration.

Overall, "Brass Explorers" offers a holistic approach to well-being by combining physical activity with creative expression and social interaction, contributing to the overall health and happiness of its participants.
Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
"Brass Explorers" offers significant skill development opportunities by enhancing musicianship and teamwork. Participants build confidence and responsibility through various roles in group activities and the concert at the end of the 10-week program. The program fosters leadership skills as students are encouraged to take on responsibilities within the ensemble, concert and in the care and maintenance of their allocated brass instrument. Additionally, "Brass Explorers" teaches discipline and time management by requiring

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10032 From Marion City Band
Form Submitted 16 Sep 2024, 5:19PM ACST

regular practice and commitment to learn an instrument. These experiences translate into valuable life skills, including improved organization and a sense of accountability, preparing participants for future personal and professional challenges.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
"Brass Explorers" creates a safe and inclusive space for young people from diverse backgrounds, cultures, and beliefs by implementing several key practices:

1. Inclusive Environment: We actively reduce stigmas and barriers by welcoming students from all backgrounds, cultures and genders.

2. Neurodiversity Awareness: All current Marion City Band and Warriparinga Brass music directors and musicians have received training in neurodiversity, ensuring that our instruction is sensitive to the needs of neurodivergent students and provides them with the necessary support to thrive.

3. LGBTIQA+ Inclusivity: We are committed to being a safe space for the LGBTIQA+ community, promoting respect and acceptance, and ensuring that every young person can participate fully without fear of discrimination or exclusion.

4. Cultural Harmony: The program is designed to be culturally sensitive and inclusive, celebrating diverse traditions and beliefs, and ensuring that all students feel respected and included.

Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
1. Engaged Community: Involves diverse groups, including vulnerable families and schools without brass tuition, fostering emerging leaders and community-led activities.

2. Liveable Community: Promotes well-being through screen-free activities that improve mental health and quality of life.

3. Valuing Nature: Incorporates eco-friendly practices and outdoor performances, connecting students with their environment.

4. Connected Community: Builds relationships between schools, families, and Marion City Band, enhancing community unity.

5. Innovated Community: An innovative school partnership program that engages children in music making.

6. Prosperous Community: Supports educational outcomes and local engagement in social and recreational activities. It develops skills in musicianship, teamwork, and leadership and offers future opportunities for students to join Marion City Band and participate in community events like Anzac Day and Christmas pageants. The program also strengthens Marion City Band by boosting membership and supports the band's goal of becoming the

strongest brass banding organisation in South Australia.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Marion City Band will fund music printing, creating and distributing marketing materials such as flyers to promote the program in schools and the broader community, and providing instruments with a small bond fee to encourage their care. Our volunteer committee will oversee the program, communicate with the schools and manage the associated administration (e.g. instrument placement and maintenance/cleaning between issuing to students). These contributions will support the successful delivery and sustainability of the project.

Grant monies will be used to pay our experienced music tutors to deliver high-quality instruction to program participants.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
The “Brass Explorers” program heavily relies on volunteers. Marion City Band, which will administer the program, is run entirely by volunteers. Aside from the paid music tutors, all aspects of the program—management, oversight, support, and promotion—will be handled by our dedicated volunteers. Their involvement ensures that the program is deeply integrated with the local community and effectively supported throughout its duration.
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
Marion City Band understands and values environmental responsibility and takes steps to minimise our impact on the environment. Specifically, we:

1. Minimise single-use plastic by providing reusable water bottles and promoting the use of reusable food containers and utensils.

2. Avoid excessive waste by reducing paper use and promoting digital communication and r ecord-keeping.

3. Recycle all recyclable materials and encourage participants to do the same.

4. Support biodiversity by incorporating nature-based themes in our music selections.

Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

or

Any further information you would like to include:

The main aim of "Brass Explorers" is to introduce primary school students in the City of Marion to the fundamentals of playing brass instruments. The program will give the children the opportunity to continue their brass learning with the Marion City Band and grow the number of brass musicians within our City.

In Australia, trends have been observed regarding the decline in the number of children learning brass instruments. Here are some references and data points specific to Australia:

1. Australian Bureau of Statistics (ABS) Data: The ABS periodically reports on trends in arts and cultural activities, including music education. Their reports have shown variations in student participation in different types of musical education over time, reflecting broader changes in interest and availability.

2. Music Australia Reports: Music Australia, a national advocacy body for music, has published reports indicating challenges in maintaining traditional music programs, including brass, in schools. Their findings suggest that the focus has shifted towards other forms of music education.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10032 From Marion City Band
Form Submitted 16 Sep 2024, 5:19PM ACST

3. Association of Australian Music Educators (AAME): The AAME and state-based music education associations have noted a decline in brass instrument enrolments. Their feedback from music educators across Australia highlights the difficulties in recruiting and retaining students for brass programs.

4. School Music Programs and Funding: Reports from the Australian Music Association (AMA) and similar bodies often indicate a reduction in school music programs and funding, which can affect student participation in learning brass instruments.

5. Music Education Australia's Survey: Surveys conducted by Music Education Australia have shown a decrease in student numbers participating in brass band programs, correlating with broader trends in music education and shifting interests.

These sources collectively indicate that, similar to global trends, Australia has experienced a decline in the number of children learning brass instruments, influenced by changes in music education funding, program availability, and shifting musical interests.

Marion City Band has substantial experience delivering youth-specific programs, demonstrated through our successful learner band and the active participation of many teenagers in our senior competition band. These musicians, mostly of secondary school age, benefit from our structured approach to youth development. We recognize that starting brass education at 10-12 years old is ideal for fostering long-term skills and passion. Children of this age typically have the physical maturity and focus needed to begin learning brass instruments.

We propose to initially pilot the project at Christ The King School in Warradale in Term 1, 2025 and have confirmed interest from the principal and music teacher. Christ The King is a small school (approx 140 students) where students currently do not have the opportunity to learn brass either in classroom music or through the private music tuition program offered through the school. The Marion City Band Vice President has a good relationship with both the Principal and Music Teacher at this school and the school is receptive of being the initial pilot school to test the program and provide valuable feedback to ensure continual improvement before implementing the program at a second pilot school in Term 2 2025.

As the program gains visibility and expands to more schools, positive publicity and word of mouth will attract more schools to partner with the Marion City Band and subsequently, more students to join our Warriparinga Brass development band, benefiting a larger number of youth throughout the city. The success of the program will also generate positive publicity for the City of Marion and

reaffirm the City as one that values and supports arts and culture.

In addition to promoting the program in the City of Marion "City Limits" magazine, we propose to reach out to local newspapers, radio stations, and TV channels to share the successes of "Brass Explorers" and highlight the benefits to children and the broader City of Marion community. In time we hope to showcase notable achievements and progress of past participants to inspire new students and schools to join the program.

Anticipated end date
31/12/2025
If relevant, can leave blank

Please provide a brief summary of your project *
The Imagination Library is an early intervention literacy program for children aged birth to 5 years old. Each child registered to the program receive the gift of a monthly book pack sent direct to the home of the child. Each pack is addressed to the child giving the child ownership and has an age-appropriate quality book along with a reading tip sheet to support parents engaging their child with the book and making reading time fun. 55 families will be supported for 12 months with a total of 660 new books will be gifted. All children registered will also be gifted a Christmas package worth $80, this will include book, stationery items, toys such as lego.

United Way SA will collaborate with the local CAFHS to identify families - indicators for referral will - be single parent households, no income homes and lack of educational items in the home such as books during home visits. United Way SA has been engaged with CAFHS in other local areas and they are very aware of the signs and easily identify the families in which will benefit most from the program.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10020 From United Way South Australia Incorporated
Form Submitted 4 Sep 2024, 2:11PM ACST

do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
100% of the 55 families must reside in the Marion council area. The program is to improve literacy rates and prepare children for their learning journey.
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
All families must reside with the postcodes of the Marion local area. As the book packs are sent directly to the home, we will have the families address and this will ensure all 55 families are within the area. Our registration forms will have the eligible postcodes.
Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Through literacy, communication skills build which in turn into social confidence. Through the tip sheets and communication to the families we provide information on local events and encourage families to join their local library and participate with the activities to help support their child's development.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
Literacy is a life skill everyone needs, without it, life can become very limited. Not having the basic literacy skills as an adult can impact mental health. Our program is early intervention to ensure that every child has the opportunity to grow into a confident, successful member of the community.
Must be no more than 150 words.

Skill Development

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10020 From United Way South Australia Incorporated
Form Submitted 4 Sep 2024, 2:11PM ACST

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
As per above, literacy is needed in every aspect of life. Studies have shown once a child starts school behind it is unlikely that the child will catch up. This can lead to issues such as, classroom disruptions due to not understanding, dropping out of school early as it is too hard, no education leads to unemployment, which then can lead to poverty and much worse. By addressing the need early reduces these issues. Literacy is for life. Once you have it, you will always use it.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
Being a home delivered program allows parents to learn with their child in the safety and comfort of their own home. This is particularly important to parents that may struggle with reading and don't feel confident to go to the local library or know what book is appropriate for their child.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
Families will feel connected through the program with regular communication and encouraged to attend their local library to feel supported and connected with other families through their events. Providing the program offers a prosperous future for the children as they will be starting school strong.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
United Way sources donations for most of the Christmas gifts to keep costs limited. United Way SA will cover the cost of the program fund manager that delivers the program and maintains the registrations and communicates with the families. United Way SA will source a free community space to host the Christmas gift giving day.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10020 From United Way South Australia Incorporated

Form Submitted 4 Sep 2024, 2:11PM ACST

Does your project or activity utilise or give opportunities to engage volunteers? *
United Way SA would love for volunteers from Marion Council for the gift giving day. This is a great opportunity to connect with the families and see the impact.
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
The packaging the book packs are sent out in is recyclable, the tip sheets are printed on recycled paper and we suggest to the families that once their child out grows the books to pay it forward to another family.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).
No files have been uploaded

Budget

*** indicates a required field**

[redacted]

Amount you are requesting from the City of Marion (Maximum is $10,000) *	$9,900.00
Total/Overall project cost (can be estimated) *	$18,000.00

Funding information (Section 2)

Is there any other funding that will contribute to the project? *

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10020 From United Way South Australia Incorporated
Form Submitted 4 Sep 2024, 2:11PM ACST

☑ Yes - if yes please complete this Section (2)
☐ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
Through fund raising events United Way SA will cover the additional $8100

e.g. other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $1000 grant from office of sport and recreation towards the project - $2000 donation from Coles - $500 earned income from club fundraiser.

Has your organisation received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
○ Yes
◉ No
e.g. may include subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received

Budget (Section 3)

This table must only include amount/funding requested from the City of Marion (this grant).If your organisation is registered for GST, your budget must include GST.

Expenditure item description	Expenditure item type	Amount ($)	Notes
What is the grant being spent on		Must be a whole dollar amount (no cents).	Any additional information
660 books	Equipment *	$2,277.00	special rate from Penguin Random House
660 packaging and postage	Equipment	$3,168.00	Discount from Australia Post
660 tip sheets	Equipment	$825.00	includes printing and paper
Advertising/Promotion	Advertising and Promotion	$500.00	social media
Registration Forms	Administrative and Infrastructure	$68.00	printing and paper
Catering for Christmas event	Project activity	$1,100.00	$20 per family
55 Christmas gifts	Project activity	$1,962.00	This is an estimate as United Way SA will try to source as much in-kind donations.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10020 From United Way South Australia Incorporated

Form Submitted 4 Sep 2024, 2:11PM ACST

Any additional information relating to the budget you would like to include?
United Way SA are unable to provide the quotes as we are invoiced each month after the books have been sent. Catering can only be determined once we have confirmed the numbers attending and the gifts is only a guide as we hope we will be gift in-kind donations to provide to the families.
Must be no more than 100 words.

Budget total

Total amount
9900
This number/amount is calculated.

Quotes

Any expenditure items over $1,000 require 2 quotes for the application to be eligible. If purchasing the same item multiple times and the total exceeds $1,000 please attach quote *

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Applicant will seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded project. The City of Marion will also have the right to independently promote the project s/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. Changes come into effect as of 01/09/2024 and grant recipients are required to adhere to all regulations. This includes the use of plastic food containers, shopping bags, bag tags, confetti, balloon sticks, balloon ties etc. For further information, please visit replacethewaste.sa.gov.au.

Community Grants Review Card			
Organisation Name	Walking Football Adelaide Association Incorporated	**Project**	Marion Walking Soccer for all
Project Description	The Walking Football Adelaide Association will deliver walking soccer programs weekly over 6 months, designed to promote active lifestyles and improve mental and social wellbeing. The program is beneficial particularly for individuals over 50. The program will be delivered at the MPSCC.		
Funds Requested	$3949	**Total Project Amount**	$5000

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	16.67	Targeted at participants who are residents of CoM.
Community Connection	15	13.75	Growing trend in PA sector - comprehensive opportunities for community connection.
Health and Wellbeing	15	15.00	Tailored program - all abilities, social impacts.
Skill Development	15	10.00	Adequate opportunities.
Inclusivity	10	8.33	Very welcoming, accessible and inclusive.
Alignment to Strategic Plan/ Community Vision	10	4.17	Clear alignment.
In-Kind Support	5	2.92	Facilitators, referees - operational in kind.
Volunteers	5	4.17	Volunteer led organisation.
Environmental Responsibility	5	1.25	Little evidence of practices.
Total	100	76.26	
FINAL SCORE		**76.26**	

Previous Funding Consideration	Applicant has not been funded in the previous 4 rounds
Partial Funding Consideration	Could proceed with partial funding of $3,000. This would reduce length of project due to facility hire costs, or would ask participants to contribution to the project
Participant Fee Consideration	Free for participants.
General Considerations	1. Nationally there is a growing trend towards walking sports to keep physically active and connected to community.

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ◉ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
To improve, maintain and promote the physical, mental and social well-being of ALL participating players through the walking football Program that encourages full social integration. Engage with all walking football groups/clubs, partners, participants, local authorities, health services and other organisations interested in the development of walking football. To manage, support, develop and promote walking football in Adelaide and surrounding areas Increase participation of Walking Football in Adelaide and surrounding areas. Develop player, refereeing and leadership pathways

Must be no more than 100 words.

Project title: *
Marion Walking Soccer for All

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date	**Anticipated end date**
01/01/2025	30/06/2025
If relevant, can leave blank	If relevant, can leave blank

Please provide a brief summary of your project *
A 6 month program aimed at developing active lifestyles and improving mental and social wellbeing through Walking Soccer. Walking soccer is aimed at all ages, gender and ability, but specifically those over 50. Based on previous efforts, the program would run initially for 6 months to allow time to grow after which, it would continue as a self-sustaining activity funded by participants.

Our experience is that participants will improve physical and mental fitness as well as build new social connections. Anecdotally, we also expect improved health outcomes e.g. weight loss, blood pressure, blood sugar, aerobic capacity, mobility.

The Mitchell Park centre provides a suitable safe, all-weather facility. Anticipated number of attendees is limited only by number of sessions available. Additional indoor and even outdoor facilities can be incorporated if demand requires. Funding is sought to cover setup

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)

and running costs for 1 court, 2 hours per week. Post 6 months, it would be expected the programme would become self-sufficient.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
Walking Soccer is a low-intensity activity designed to assist people who have become sedentary or have other physical challenges to undertaking vigorous activity. The major departure from regular soccer include: strictly walking, no contact, small field, 5 players per team, small goals, soft/low bounce ball. It is available to all-comers regardless of age, gender or ability although the primary focus of this project will be those aged 50+ Session structure is based on 12-15 minute games over 2 hours with breaks between games. Teams are assembled on the day to ensure anyone can join in and balance is maintained.

Walking Soccer is played around the world and is demonstrating significant improvement in physical and mental well-being of participants along with improvement in typical health conditions e.g. obesity, blood pressure, depression.

This project will target participation by Marion residents specifically although we may invite others to help with numbers initially.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
Advertising via social media aimed at residents within Marion. Advertising via our Facebook channel facebook.com/groups/wfadelaide and Website wfadelaide.com Advertising at appropriate local facilities. Word of mouth. Articles in City of Marion newsletters. Collaboration with other Sporting and Seniors groups in the area.

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Walking Soccer is designed from the ground up to provide an activity accessible to allcomers regardless of age, gender or ability. Across the world, tens of thousands of participants have taken up the activity and the vast majority agree that social and mental well-being are the major benefits of the sport. Within Adelaide, we have several hubs already actively highlighting the benefits of the program with our participants ranging in age from 20-74.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10029 From Walking Football Adelaide Association Incorprated

Form Submitted 17 Sep 2024, 6:19PM ACST

Built around a safe way get off the couch and meet people, our sessions demonstrate how people can take up an activity in a safe and respectful manner. We have countless examples of participants who had resigned themselves to spending the rest of their life at home, but are now motivated to get out each week with a new bunch of friends or even bring along others who are isolated.

Must be no more than 150 words.

e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *

Walking soccer is a low intensity sport played in a small-team/court format with short match lengths. Strictly walking, no contact, small pitch, small goals, softer ball. Teams are formed on the day meaning anybody can join in. Although only walking, the activity is surprisingly good at improving physical fitness and reducing risk factors e.g. weight, blood pressure. The format encourages participation by those who are otherwise isolated leading to improved social and mental well-being. At other locations, we have participants who have: suffered stroke; have pacemakers; struggled to maintain balance or walk around the block. All of these have improved their fitness, mental well-being and ability to play. We have several participants, including some over 70, who have taken up Walking Football and gone from "no fitness" to playing for Australia.

Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *

Walking Soccer provides opportunities to develop and enhance physical skills with pathways to competitive play via Masters Games and even Internationally. As a community focused activity, it provides opportunities for people to develop social skills. As a not-for-profit group, opportunities exist to develop a range of administrative/organisational skills. We also offer training for those that would like to learn to be a referee helping people improve their self-confidence and communication skills.

Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *

The foundational rules for Walking Soccer are designed to be safe and accessible. There is no running, skipping or other risky movements. Contact is not allowed, especially from outside a players line of sight. The pitch is smaller, team number is smaller and ball is softer with low-bounce. Games are played in 15 minute rounds with suitable breaks between. Referees are trained to be mindful of safety and participant limitations. All ages, genders, cultures and abilities are welcomed. At our other sessions, participants often stay around together and chat over coffee etc. Some have even taken to organising social events.

Must be no more than 150 words.

e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10029 From Walking Football Adelaide Association Incorprated

Form Submitted 17 Sep 2024, 6:19PM ACST

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *

Walking Soccer is a fabulous way for people to connect and improve their physical and mental well-being. It takes the biggest sport in the world and uses innovative rules and features to make it accessible to thousands who wouldn't have thought it possible to play a sport. As participation grows, then so does the engagement with the rest of the community. Each year, Walking Football Adelaide runs a Family Day where regular participants bring their family members along (Parents, kids, grandkids) to play in a tournament that raises funds for a local charity. As popularity grows, Walking Soccer can be played anywhere taking it to local parks, schools etc.

Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *

Walking Football Adelaide carries its own public liability insurance, will provide facilitators, referees, marketing and some equipment to deliver the project.

Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *

Walking Soccer is run entirely by volunteers. This project will provide volunteer opportunities to local participants to assist with running sessions, setting up the pitches and refereeing games. As popularity grows, opportunities will arise for volunteers to arrange new sessions.

Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *

Walking Football Adelaide is a paperless organisation and conducts all its business online. Equipment is sourced locally and of quality designed to last several years.

Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Application No. CG2425_R10029 From Walking Football Adelaide Association Incorprated

Form Submitted 17 Sep 2024, 6:19PM ACST

If yes, please explain the support and amount received

Budget (Section 3)

This table must only include amount/funding requested from the City of Marion (this grant).If your organisation is registered for GST, your budget must include GST.

Expenditure item description	Expenditure item type	Amount ($)	Notes
What is the grant being spent on		Must be a whole dollar amount (no cents).	Any additional information
Venue Hire	Facility Hire *	$2,860.00	2 x 1 hour court hire at Mitchell Park Centre (may be discounted) Sole supplier
Portable goals	Equipment	$637.00	2x3m (2) and pair of small pop-up goals
Soccer balls	Equipment	$120.00	3 x indoor/low-bounce
Ball pump	Equipment	$90.00	electric to ensure correct pressure
Kit Bag	Equipment	$110.00	Balls, bibs etc.
Team Bibs	Equipment	$132.00	4 sets of 6 bibs

Any additional information relating to the budget you would like to include?
Facility hire is budgeted as incentive to participants. We believe the Mitchell Park complex is the sole facility suitable for this project. Expectation is this will enable the program to grow and continue beyond the 6 month project time frame.
Must be no more than 100 words.

Budget total

Total amount
3949
This number/amount is calculated.

Quotes

Any expenditure items over $1,000 require 2 quotes for the application to be eligible. If purchasing the same item multiple times and the total exceeds $1,000 please attach quote *

CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10029 From Walking Football Adelaide Association Incorprated

Form Submitted 17 Sep 2024, 6:19PM ACST

Attach/upload all required quotes here.

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
Yes. Largely, reduction in funding would impact facility hire so either a reduction in the planned length of the project (26 weeks) or by asking participants to contribute towards the cost. It is also possible that the facility hire would be reduced as the project is being run by a not-for-profit group, or Marion Council may intervene to negotiate different hire fees.
Must be no more than 100 words.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *
$3,000.00
Must be a dollar amount.
Please put $0 if you are unable to proceed with partial funding

Is there a participant fee for your project? If so, how much? *
$0
If there is no fee, put $0 or N/A

Further information

Please attach any additional information that you think may be relevant to your application	*No files have been uploaded*
	or
Any further information you would like to include:	Walking Football Adelaide has over 5 years experience running Walking Soccer programs around Adelaide. We have plenty of anecdotal and testimonial evidence supporting the success of this project. We would be happy to discuss precisely how Walking Soccer works and how our other programs were established. The financial statement provided is interim as treasurer has been unavailable to confirm full results from transfer of bank account and finalise. I have added the financial statement from our 2022/23 year as presented at the AGM. Final statement for 2023/24 will be available prior to project funding/commencement. Current bank balance is in line with the organisations constitution.

Form Submitted 4 Sep 2024, 9:58PM ACST

Project details

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ◉ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

In 2021, Cumberland United Women's Football Club and Flinders Flames Women's Football Club joined together to create Flinders United Women's Football Club. We aim to provide a safe and inclusive 'lifetime pathway' for female players. With teams from MiniRoos to Women's Senior competitions, Flinders United's philosophy is to develop and nurture football talent among women and girls of all ages in an environment that grows skills and capabilities in teamwork, respect, commitment, and leadership. We pride ourselves on being able to provide every female who wishes to play football the opportunity to do so in a safe, supportive environment.

Must be no more than 100 words.

Project title: *

Flames - Ignite your passion

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date

01/11/2024

If relevant, can leave blank

Anticipated end date

14/12/2024

If relevant, can leave blank

Please provide a brief summary of your project *

At FUWFC we want to provide an opportunity for South Australian girls and women footballers to come together, and experience the love of football via a fun event - our first ever walking football tournament. Open to all women and girls, the focus being to promote football as a fun and inclusive activity that improves the physical and mental health and well-being of all Australians in a safe non-contact environment, regardless of age, gender, ethnicity, health condition or experience.

We would seek to run a 5 week (once weekly night session) in a round robin tournament at our fields at Club Marion (inside City of Marion boundary) where we aim/target the outcome for every player to:

*improve their fitness

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10014 From Flinders United Women's Football Club
Form Submitted 4 Sep 2024, 9:58PM ACST

*have fun

*continue playing football or to take up the sport for the first time

*make new friends in the City of Marion and wider Football community.

We completed a club centric program in 2023 and based on these numbers we anticipate 100+ (or more) participants and would use our existing fields at Club Marion. If we ran this in 2024 (through support from City of Marion), we would like to continue this program annually.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
At Flinders we are a girl and women centric club, which offers us unique opportunity to tailor programs for this cohort. We anticipate that we will be able to reach 80% of City of Marion residents who are able to play or participate in sport. This would be located centrally at Flinders United WFC Club Marion grounds.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
We plan to achieve this target by envoking the following activities:

*Targeting City of Marion residents for sign up incentives

*Targeting local community and sporting groups in City of Marion

*Targeting local schools in City of Marion

*Utilising City of Marion marketing methods (such as perhaps a combined Facebook or other social media compaign)

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Our walking football tournament "Flames - Ignite your passion" which increasing connections as follows:

*The tournament will be open to all girls and women to participate

*Flinders is known for its inclusive nature and in the best position to support an inclusive and interactive tournament

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10014 From Flinders United Women's Football Club
Form Submitted 4 Sep 2024, 9:58PM ACST

*Entry will be both team based and individual (i.e. you can join a team if you don't have one, or enter as a team) breaking down the barrier of entry

*We'll be encouraging team registrations (e.g. your local school, or business, enter as a Team, further increasing neighbourhood / local interactions

*Reduces social isolation by participation in the tournament (in person)

*We'll be organising events in the evenings, under field lights to increase participation opportunities

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *

At FUWFC, we recognise a critical need for mental health support within our community. According to the ABS Study on Mental Health and Wellbeing (2020-21), nearly 1 in 4 females experience a mental health disorder lasting longer than 12 months, with this figure rising to 45.5% among females aged 16-24. There is a need for mental health programs in this space. FUWFC is uniquely positioned to improve mental health outcomes within our City of Marion Community. A local female-centric club, we deeply understand the needs of our female players.

We're knowledgeable and focused on leading, empowering, supporting, celebrating women and girls.

As a result we will transfer this knowledge to a program that encourages mental health by being: inclusive, community focused, positive, fun and enjoyable.

Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *

By participating in our "Flames - Ignite your passion" program, participants would develop a significant number of life skills as follows:

*Interpersonal relationships by interacting with others

*Resilence by trying a new sport

*Compassion by recognising but participating with others from different walks of life, religions, race or fitness levels

*Critical thinking by learning a new game (with different and new rules)

*Taking on challenges by learning a new game, trying something new, working with a new t eam/individuals

*Fostering an overall growth mindset

*Making new connections by playing with different teams each week

*Communication skills while learning to meet new people, socialising on a regular basis

*Empathy for others by learning a new game and experiencing this with other participants

Must be no more than 150 words.

Inclusivity

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10014 From Flinders United Women's Football Club
Form Submitted 4 Sep 2024, 9:58PM ACST

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
Girls and women are particularly vulnerable to decreasing participation in sport and numbers of participation has been declining over time (https://www.abs.gov.au/articles/participation-sport-and-physical-recreation-declines-australia).

Flinders as a club is noted as a "club and game changer" (e.g.https://www.footballaustralia.com.au/clubchanger) the purpose of these programs is aims to protect and enhance our clubs, make them stronger and more resilient, lead them in building welcoming and inclusive cultures, and educate them on positive environments. Having partcipated in several society/safe education programs, the Flinders team are familiar with making sport accessible and as inclusive as possible.

As a result, Flinders understands making safe spaces and places for the girls and women in the City of Marion community.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
Our "Flames - Ignite your passion" program aligns with the City of Marion Community Vision as follows:

*Liveable - diversity in sport being celebrated (open to all girls and women)

*Engaged - coming together for a fun event, where inclusiveness is celebrated this will aid in making strong neighbourhoods in the City of Marion council

*Innovative - walking football is a relatively new sport, a great way to challenge the way we see football in South Australia!

*Connected - we will be running an event where girls and women come together to meet in a safe, inclusive and fun environment. We will be connecting individuals, teams and communities in a new and exciting way!
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Our organization will provide trainers and marketing support for the 5-week walking football tournament.

Trainers: Four trainers will lead each weekly session. At $50 per hour for 2 hours over 5 sessions, the total in-kind contribution is $2,000.

Marketing Support: We will promote the tournament via social media, graphic design, and advertising, estimated at $500 for materials and $1,000 for management.

Total In-Kind Contribution: $3,500.

Application No. CG2425_R10014 From Flinders United Women's Football Club
Form Submitted 4 Sep 2024, 9:58PM ACST

Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Our project will use Flinders volunteers (run by volunteers) and the program will be run by volunteers. They will come form our existing volunteer network
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
We will be running a very low environmental impact program, where possible we will encourage car pooling to our fields at Club Marion to participate and we support all recycling via the Club Marion venue.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Total/Overall project cost (can be estimated) *
$6,500.00

Funding information (Section 2)

Is there any other funding that will contribute to the project? *
☐ Yes - if yes please complete this Section (2)
☑ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
eg: Donation from Bunnings for $500 towards the project - confirmed
e.g. other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $1000 grant from office of sport and recreation towards the project - $2000 donation from Coles - $500 earned income from club fundraiser.

Has your organisation received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
○ Yes
◉ No
e.g. may include subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received

Budget (Section 3)

This table must only include amount/funding requested from the City of Marion (this grant).If your organisation is registered for GST, your budget must include GST.

Expenditure item description	Expenditure item type	Amount ($)	Notes
What is the grant being spent on		Must be a whole dollar amount (no cents).	Any additional information
Marketing	Advertising and Promotion *	$800.00	Paid Advertisments/Print Outs of Flyers
Equipment	Equipment	$1,649.00	Goals x 10
Equipment	Equipment	$750.00	Bibs
Equipment	Equipment	$800.00	Balls
Coordination and event registration management	Project activity	$750.00	Event management
Equipment	Equipment	$951.00	Pitch marking
IT	Project activity	$800.00	Electronic registration established

File size: 241.6 kB
Attach/upload all required quotes here.

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
We would continue to offer a comprehensive program, but over a shorter time frame. As a result, we would reach fewer girls and women in the community, leading to a considerably reduced impact for both individuals and the community.
Must be no more than 100 words.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *
$5,000.00
Must be a dollar amount.
Please put $0 if you are unable to proceed with partial funding

Is there a participant fee for your project? If so, how much? *
$20
If there is no fee, put $0 or N/A

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Applicant will seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded project. The City of Marion will also have the right to independently promote the project s/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. Changes come into effect as of 01/09/2024 and grant recipients are required to adhere to all regulations. This includes the use of plastic food containers, shopping bags, bag tags, confetti, balloon sticks, balloon ties etc. For further information, please visit replacethewaste.sa.gov.au.

Community Grants Review Card			
Organisation Name	Junction Australia Ltd	**Project**	Community Social Bingo
Project Description	Monthly Bingo sessions to be held at Cooinda Neighbourhood Centre to foster social and community connections. Free to community members. Sessions can accommodate up to 70 participants.		
Funds Requested	$2670	**Total Project Amount**	$8039

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	20.00	Directing CoM public housing tenants to social programs.
Community Connection	15	15.00	Social program increases community connection. Program accessible to any age, ability or demographic.Many local clients are from single occupant residences.
Health and Wellbeing	15	8.75	Adequate - engagement and lessening social isolation leading to improved mental health.
Skill Development	15	5.00	Service navigation, confidence - life skill.
Inclusivity	10	8.33	Open to broader community - range of ages.
Alignment to Strategic Plan/ Community Vision	10	9.17	Strong alignment to engaged and liveable.
In-Kind Support	5	5.00	Large in kind support from Junction - seeking funding for approx 1/3 of total project.
Volunteers	5	0.00	No capacity in the housing services sector.
Environmental Responsibility	5	4.58	Exceptional org focus - ES policy included.
Total	100	75.83	
FINAL SCORE		**75.83**	

Previous Funding Consideration	Applicant has not been funded in the previous 4 rounds.
Partial Funding Consideration	Could proceed with partial funding of $1,000 with reduced sessions or prizes.
Participant Fee Consideration	Free for participants.
General Considerations	1. Holding this activity at the Cooinda neighbourhood centre intends to enable public housing tenants exposure to local services and navigation of those support services.

organisation. If you are not incorporated and not auspiced you are not eligible to apply for this grant.

Project details

*** indicates a required field**

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ○ Sports/Recreation Club
- ◉ Other: Community Housing not-for-profit

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Junction Australia provides access to safe and secure housing for a wide range of vulnerable people in metropolitan and regional South Australia. As a community housing provider, Junction works to help support people not just survive but thrive. Junction works to support tenants by working alongside them to build capacity and resilience through community connection and access to equitable services.
Must be no more than 100 words.

Project title: *
Community Social Bingo
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date
28/01/2025
If relevant, can leave blank

Anticipated end date
26/01/2026
If relevant, can leave blank

Please provide a brief summary of your project *
Through ongoing community feedback, Junction have set to create an ongoing community bingo event to support and engage the local community in Marion. Multiple tenants and community members have reported an interest in attending a regular bingo session and many have advised there are no longer sessions available in the local area. From this feedback, Junction have hosted two bingo sessions in June and August of this year at the Cooinda Neighbourhood Centre. The sessions have been incredibly successful with tenants and local community members of the neighbourhood centre attending the events. Junction hope to make the once off sessions into a regular, monthly event where people can come together for social and community connection. We aim to provide one, 2-hour event per month hosted at the Cooinda Neighbourhood Centre's main hall for the full year of 2025.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10017 From Junction Australia Ltd
Form Submitted 19 Aug 2024, 4:02PM ACST

The hall can hold up to 70 attendees and we aim to have 30-50 people attend each session. The sessions will be free for tenants and community members in the Marion area to ensure accessibility for all.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
The project will benefit residents of Marion by offering a free, accessible regular event where people can come to participate in an activity and engaging in meaningful community connection. Junction can connect directly to tenants in the local area and encourage access to free, engaging events to help reduce social isolation. 100% of attendees from our one-off sessions have been City of Marion residents and we are confident the project will continue to attract attendees in the local area. The event will be advertised directly to City of Marion residents ensuring the majority of attendees will be from the local area. The event will also help promote Cooinda Neighbourhood centre and its services and programs. We also aim to have services/ community groups/ organisations attend the sessions to speak to people during game breaks about other community activities and services available. for example, during a tea break between games we would have a staff member from Sonder or MarionLIFE attend the event and present to attendees giving them more access to community connection and participation opportunities

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
Junction is able to connect directly with its Marion residents through phone, email and post and can specifically target tenants in certain locations for invitations. Junction housing tenants living in the City of Marion make up approximately 50% of our tenant cohort and as such we are able to reach many tenants living in this area to access community connection. Junction will also engage the support of the Cooinda Neighbourhood Centre to share hard copy flyers and promotional avenues allowing community members engaged with the centre to attend the sessions. Through local stakeholder engagement with organisations such as MarionLIFE we can target community engagement in the local area to engage a greater number of people and encourage attendance.

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10017 From Junction Australia Ltd
Form Submitted 19 Aug 2024, 4:02PM ACST

The project aims to increase community connection and participation through access to a free, accessible activity that anyone of any age, ability or demographic can enjoy. The venue is accessible with adequate parking and access to nearby public transport, the centre is centrally located in the City of Marion and easily accessible to local residents. Many Junction housing tenants in the local area are single occupants who may be struggling with social isolation and connection, the sessions aim to connect people to their community through an enjoyable activity. The two sessions we have held have seen many different ages attend with people from approximately 30 years to 80 years encouraging intergenerati onal connection.

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
The project aims to encourage community engagement and participation leading to improved mental health outcomes for City of Marion residents. The project aims to decrease social isolation and get people out in their community and engaging in an activity that is accessible to most individuals. Hosting regular events give people opportunities to form new connections to others who regularly attend and get to know venue and facilitator staff. Secondly, by having support services attend to present to attendees we aim to improve outcomes for people who may be seeking support. By creating soft entry points for services to connect with people we aim to lessen the anxiety of service navigation that many people face.

Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
The project aims to enable community participation and increase confidence in service navigation and local service knowledge. By offering a soft entry point for connection between individuals and support services the project will help enable people to know what services are available and how to access these. The project does this by getting people involved through the activity of bingo, then having services attend to connect with participants in a welcoming environment. We aim to lessen the anxiety of service navigation for participants and increase capacity of communities through education.

Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
Junction supports vulnerable people to access safe and secure housing, once in housing, Junction supports tenants to live well and connect to their communities. When creating events and programs we consider accessibility as essential to the success of any engagement opportunity. By creating a regular community event that is free for tenants and community members we aim to reduce any barriers for attendance and aim to reduce stigma that can often occur for social housing tenants. We champion tenants through aiding accessibility and aim to show that we are all one people, just with a different life story.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10017 From Junction Australia Ltd
Form Submitted 19 Aug 2024, 4:02PM ACST

Bingo is a simple activity that brings people together for an engaging purpose, but more than this, it brings people of all walks of life together to enjoy an afternoon of community connection, where everyone is equal and valued simply because they are there.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
Liveable: The project will create an opportunity for residents to enjoy recreation and social interaction in neighbourhood centres.

Engaged: The project will harness the interest of older people, ensure the community is well informed about the service we provide and encourage community led initiatives

Connected: The project will provide a variety of options for social interaction

The project aligns with the Community Vision by encouraging social participation, utilising City of Marion spaces and using population feedback to design engagement opportunities that harness interests of community members.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Junction will lead the project and facilitate the sessions each month, we will provide 3 staff members to set up, facilitate and pack down each session for the year long project.

Junction will also provide:

- Project administration
- Marketing, printing, promotion and invitations
- Event organisation such as room hire and invoice payment
- Equipment purchase and maintenance (bingo books, markers ect)
- Afternoon tea catering each session – both food and drinks
- Catering supplies (plates, cups ect)

Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Junction unfortunately does not have capacity to engage volunteers in the housing services sector.
Must be no more than 100 words.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10017 From Junction Australia Ltd
Form Submitted 19 Aug 2024, 4:02PM ACST

e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
Junction's Green Team is a collective of staff across all sectors of Junction (residential care, housing, finance, maintenance) working to encourage green initiatives and improve environmental sustainability for the organisation. The team encourages and supports greener housing initiatives and works with teams to improve environmental outcomes. The Community Engagement Team works hard to make community events less wasteful by using reusable items where possible and opting for biodegradable and plastic free options where possible.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

[redacted]

Amount you are requesting from the City of Marion (Maximum is $10,000) *	$2,670.00
Total/Overall project cost (can be estimated) *	$8,039.00

Funding information (Section 2)

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10017 From Junction Australia Ltd
Form Submitted 19 Aug 2024, 4:02PM ACST

Is there any other funding that will contribute to the project? *
☑ Yes - if yes please complete this Section (2)
☐ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
All remaining funds required for the project will be contributed in-kind from Junction Australia. These funds are confirmed. All costs below are the total for 12 sessions.

- Staff facilitation costs - $4050.00
- Afternoon Tea $960.00
- Bingo cage and balls - $99.00
- Bingo 10 game books - $60.00
- Catering supplies - $200.00

e.g. other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $1000 grant from office of sport and recreation towards the project - $2000 donation from Coles - $500 earned income from club fundraiser.

Has your organisation received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
○ Yes
◉ No
e.g. may include subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received

Budget (Section 3)

This table must only include amount/funding requested from the City of Marion (this grant).If your organisation is registered for GST, your budget must include GST.

Expenditure item description	Expenditure item type	Amount ($)	Notes
What is the grant being spent on		Must be a whole dollar amount (no cents).	Any additional information
Room Hire	Facility Hire *	$750.00	$25 per hour
Game Prizes	Other Expenditure (explain in notes column)	$1,920.00	$20 gift cards for prizes

Any additional information relating to the budget you would like to include?
Must be no more than 100 words.

Project details

*** indicates a required field**

What type of not-for-profit organisation are you? *
- ○ Community group
- ◉ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ○ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Camden Community Centre's vision is to assist local community members of all ages, backgrounds and cultures, who have 'fallen through the net' and provide safe, welcoming space to encourage empowerment and capacity building while assisting with community connections.
Must be no more than 100 words.

Project title: *
Camden's Outreach Christmas Party and Hamper Drive
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date
11/12/2024
If relevant, can leave blank

Anticipated end date
18/12/2024
If relevant, can leave blank

Please provide a brief summary of your project *
Camden plans to host a drop in Christmas lunch for residents who we support in our Food & Wellbeing Outreach Program. This includes Kids First (formally White Lion) students and their families.

Camden provides assistance on a regular basis to approx. 400 individuals / week including residents from Marion Council, other local councils and a variety of external agencies. Camden provides. approx. 9500 food parcels to Marion Council residents on an annual basis.

Camden plans to pack and distribute Christmas Hampers in the week leading up to Christmas, to those who we are supporting, allowing us to conduct wellbeing checks and ensuring residents know who and where to reach out to during Camden's Christmas shutdown. We expect to provide / deliver approx. 200 Christmas hampers to Marion Council residents. This includes the Kids First students.

We plan to involve the Kids First students in all areas of the preparation and service and enjoyment of the Christmas lunch as well as packing and delivering the food hampers, encouraging their capacity building and confidence, enhancing life skills and promoting inter generational and multicultural interaction, as the students deliver and engage with residents

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10009 From Camden Community Centre
Form Submitted 2 Sep 2024, 8:22AM ACST

from a large cross section of backgrounds.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
Currently, approx. 40-45% of Marion Council residents will benefit by engaging in an activity in a safe, welcoming space, talking to and interacting with volunteers who they are familiar with, assisting them with community connections and addressing social isolation. We anticipate this number will increase as we are currently collating new referrals and creating alternate food run routes in the Marion Council area. Camden can encourage and assist those who have limited means of access by way of our Outreach Van to provide transport to and from the centre. Residents will receive a food parcel to take home on the day which will be followed up with delivery of a Christmas hamper in the week after leading up to Christmas.

The Kids First (White Lion) students, will benefit by working side by side and collaborating with volunteers as part of our ongoing mentorship program, to plan, prepare, serve residents and then to enjoy the Christmas meals also. They will be involved in all steps of the process and be encouraged and supported to engage and interact with lunch attendees. They too will leave with a food parcel and will also receive a Christmas hamper.
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
Individual invitations to all recipients

Follow up flyers to be placed in food parcel bags

Our program workers conduct welfare checks with each food parcel delivery, so for those with no access to a phone, they will be hand delivered a flyer and arrangements made with them for attendance to the lunch

Kids First students are onsite weekly at the Centre, Camden works with Kids First staff to ensure all program initiatives are communicated with the students and we intend to hold the lunch on a Wednesday when the students are onsite.

Every week, students take multiple food parcels home when they leave the centre, this will apply to Christmas Hampers. We are in constant contact with Kids First counsellors and work with them to support students and their families.

All other residents on Camden's food parcel delivery will be receiving their hand delivered hampers during the week leading up to Christmas

We will be recording attendance by way of data entry on participants arrival to the hall - recording of postcodes and taking new referrals at that time also as required.
Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10009 From Camden Community Centre
Form Submitted 2 Sep 2024, 8:22AM ACST

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Camden's Outreach Program has assisted individuals in terms of referrals to external agencies including My Aged Care & NDIS that have created connections through programs they otherwise would not have accessed.

Through our relationships with external agencies & engaging in respectful relationships built on trust, we have also been able to assist residents engage with programs we run through the centre (Art Classes, Yoga, Strength for Life Classes, Travel Club, Community Garden, Outreach, Pilates) Some residents Camden supports through the Outreach Program, enjoy regular morning tea regularly at the Op Shop as away of connecting with others & this also extends to becoming involved with centre based activities. Camden runs programs through Outreach, Men's Shed & Admin to assist NDIS participants with their community connections. We also run an intergenerational program through our Men's Shed & Outreach with local primary school & the Kids First students.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
Through hard work, and relationship building, residents are well aware of the support Camden provides and have become more confident in asking for assistance as they have formed trusted, positive relationships with staff and volunteers. We have seen from residents who have attended at the Centre to collect their parcels, the improvement in their overall wellbeing and are seeking to extend this to include as many local residents as we are able to, to celebrate them. Attending a Christmas lunch will enhance feelings of belonging which assists with positive mental and physical health goals, as individuals overall health status improves as their feelings of self worth grow.
Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
Camden's Outreach Program has proven its worth by way of individuals who were initially recipients, becoming volunteers and integral parts of what we do on a day to day basis. The Kids First students work in mentorship programs with our Volunteers, and together learn and build on new skills. The students who work in this particular program will have the opportunity to work on all areas of hospitality and community service while engaging with community members from all cultural backgrounds who Camden's Outreach Program supports. Through other similar programs we have run at Camden, we have had students successfully gain employment as a direct result of the training, encouragement and capacity building opportunities they have received.
Must be no more than 150 words.

Inclusivity

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10009 From Camden Community Centre
Form Submitted 2 Sep 2024, 8:22AM ACST

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
Camden's Food & Wellbeing Program addresses an individuals' needs, in the way of support we can appropriately provide, or in the way of referrals to other external agencies such as those mentioned above. Our volunteers & those we support come from diverse backgrounds of varied ethnicity, age, culture & religious beliefs & Camden's open

door policy welcomes everyone. Camden has an extensive Diversity and Inclusion Policy that frames the way we operate. Camden's Christmas lunch will be offered in a very safe space with volunteers who residents are familiar with and the service delivered with cultural sensitivity. This project is inclusive and accessible for all and there are no prerequisites to meet in order to attend.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
Engage - we encourage engagement by offering a many volunteering opportunities and working toward this community meal, for residents by visiting the centre, engaging with others and, for some, in other activities we offer.

Liveable - encouraging healthy lifestyles, working toward a more sustainable, successful program.

Valuing Nature - minimising waste by utilising all donations, on donating items to other organisations (blankets to RSPCA, rags to Industrial Rags) re purposing items as much as possible.

Connected - our space is accessible for all. For those who require extra assistance with access, Camden has a designated Outreach Van. We have many volunteers on the ground ensuring residents are aware of what Camden is offering.

Innovative - Camden keeps abreast of new ideas via ongoing continual improvement including the use of technology

Prosperous - This project provides multiple opportunities for skill development eg - retail training or in Camden's mentorship programs.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Camden will provide the venue, the volunteers and staff to oversee and assist as required.

Any resources required to deliver the project including printing, marketing and administration running costs.

Camden is also committed to contributing to any financial short falls between monies gifted

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10009 From Camden Community Centre
Form Submitted 2 Sep 2024, 8:22AM ACST

for and monies spent as a result of delivering the project.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Yes, Camden's Outreach Program is run almost entirely by volunteers who come from very diverse backgrounds. This extends to the Christmas lunch preparation and service, Christmas Hamper packing and delivery. The volunteers and the program is overseen by a Volunteer Coordinator who works hand in hand with the volunteers assisting in all areas where required
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
Camden has extensive recycle policies to reduce excessive waste. As Camden delivers its programs on a very tight budget line, nothing is wasted. Everything that can be reused is. Cans are recycled and we provide a variety of bin to accomodate recycling of all kinds. Any single use items that are used are biodegradable.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Applicant will seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded project. The City of Marion will also have the right to independently promote the project s/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. Changes come into effect as of 01/09/2024 and grant recipients are required to adhere to all regulations. This includes the use of plastic food containers, shopping bags, bag tags, confetti, balloon sticks, balloon ties etc. For further information, please visit replacethewaste.sa.gov.au.

Community Grants Review Card			
Organisation Name	Oaklands Community Garden	**Project**	A covered shelter to welcome community engagement in Oaklands Community Garden
Project Description	Community Garden to build a covered shelter including table and benches to provide protection from the sun and increase opportunities to deliver workshops and upskilling activities.		
Funds Requested	$9843	**Total Project Amount**	$11043

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	16.67	Looking at attraction to surrounding suburbs it would be considered that most participants would be residents of CoM. Applicant has not indicated how or where this may be captured.
Community Connection	15	13.75	High level of enabling community connection.
Health and Wellbeing	15	8.75	Holistic health and wellbeing benefits.
Skill Development	15	10.00	Well structured examples of gardens, opportunities for skill sharing and skill development.
Inclusivity	10	9.17	Welcoming, safe space.
Alignment to Strategic Plan/ Community Vision	10	5.83	Clear alignment.
In-Kind Support	5	5	In-kind support totals over 50% of the project (not reflected in overall project cost, narrated in contibrution question).
Volunteers	5	5	Entirely volunteer run.
Environmental Responsibility	5	4.17	Organic gardening principles - practices in place.
Total	100	78.34	
FINAL SCORE		**70.51**	

Previous Funding Consideration	Applicant was previously funded in Round 2, 22/23 - 10% discount applied
Partial Funding Consideration	Could not proceed with partial funding
Participant Fee Consideration	N/A
General Considerations	1. $258 has recently been spent on the garden for edging out of the community gardens budget. They also have access to in-kind support from the remaining Community Gardens budget (up to $3,000). 2. Planning have confirmed that the shelter does not need development approval.

If relevant, can leave blank

Please provide a brief summary of your project *
In order to increase local community engagement with the Oaklands Community Garden, this project will enhance garden amenities through construction of a covered shelter, under which will be placed a long table with bench seats. The shelter and seating will enable community members to enjoy the garden for social activities such as lunches and morning teas and family parties, and will be useful during garden workshops for making garden craft and discussing gardening skills. The shelter will meet Council's safety specifications, the floor will be paved to provide an even surface and the amenity will be freely accessible to community members. The total cover will not exceed 30m2.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10010 From Oaklands Community Garden
Form Submitted 4 Sep 2024, 8:29PM ACST

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
While Oaklands Park is a localised suburb within the City of Marion, and the Oaklands Community Garden mainly services the local community, nevertheless, garden members have come from surrounding suburbs including Mitchell Park, Sturt and Ascot park. Most importantly, the garden is open (not fenced and locked) and welcoming of any and all community members. It is almost impossible to estimate the proportional benefit to residents of Marion, however, given that the population of Oaklands Park is about 3,000 that would suggest that the garden benefits about 3% of Marion's total residents (96,000) (ABS 2021).
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
The Oaklands Community Garden sits on a fairly busy road, Oliphant Avenue, and has prominent signage letting people know about regular working bees and morning teas (twice every month), and welcoming people to enjoy the garden and help themselves to the garden's produce (while leaving some for others). We know that this signage works because new members attend as a result of seeing the signs. In addition to the prominent signage by the roadside, we regularly promote the garden through letter-box drops, door-knocks and notices in the City of Marion newsletter Green Thyme. We have held a number of gardening workshops and fund-raising events which have brought local and more distant people to the garden. We are confident that our efforts will achieve our reach to at least 3% of Marion's population and indeed more.
Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
The Garden is all about community connections, having a specific ethos of welcoming community engagement through open invitations to morning teas, working bees and workshops. We also has a strong ethos of enabling community participation, with large signage encouraging participation and providing contact details to enable contact and communication. We invite community to help themselves to garden produce and always welcome passers-by to come and have a chat when we are having working bees. We already have some seating which community members enjoy, however they are open to the elements. The covered shelter, table & seating will enable community members to sit under cover and shade while enjoying the garden environs, and have social meals at functions organized by the Committee or indeed at their own private functions. It will extend our hospitality to the local community, fostering greater connections and participation through conviviality.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10010 From Oaklands Community Garden
Form Submitted 4 Sep 2024, 8:29PM ACST

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
The Oaklands Community Garden is an important community resource of respite, beauty, biophilia and healthy plant produce for local residents. All of this improves mental and physical wellbeing. Importantly, the opportunity to socialise and work together in a beautiful garden space, alleviates the all too-present threat of loneliness which is a scourge of modern life. We regularly distribute the produce of the garden (vegetables, herbs, flowers, fruits) to the local community through our swap table, fostering generosity and reciprocity. The Garden provides invaluable access to green space for residents living in newly built town-houses which are mushrooming in this suburb. The covered shelter, table & seating will enhance community enjoyment of the garden, thereby facilitating the health and wellbeing benefits inherent in the Garden.
Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
Skill development is an important aspect of the Oaklands Community Garden. Through our fortnightly working bees, we share our knowledge and skills of gardening. Many new members identify this need and report their satisfaction in learning form more experienced gardeners. We regularly hold gardening workshops with expert facilitators and this is another opportunity for skill development; so far, up to 70 people have attended the 3 workshops we have held. The Committee which manages the Garden is open to members and is an excellent way to develop leadership skills. We expect the covered shelter, table & seating to bring more people into the garden to join us in an array of skill development, as well as, to attend committee meetings, workshops and social events.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
The Garden is a safe, open and welcoming space which is well-used by the local community. It poses no risks, with all gardening equipment safely stored in a locked shed. It is a flat garden and accessible to people in wheelchairs and walkers. The lack of fencing around the garden presents an invitation to any and everyone to enter into, and enjoy the space. Indeed, we know that the garden is used by residents of all ages, abilities and ethnicities. It is an especially valued amenity to new residents occupying townhouses, many of whom come from culturally and linguistically-diverse cultures. The Garden enables neighbourly friendships to be forged where they would otherwise struggle to do so. The covered shelter, table & seating will enhance enjoyment of the garden for everyone but in particular, people who need to rest while appreciating the garden (elderly, people with disability, parents with babies).
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10010 From Oaklands Community Garden
Form Submitted 4 Sep 2024, 8:29PM ACST

particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
The Garden aligns perfectly with the City of Marion Community Vision: it brings local residents together to socialize and work together. The demographic profile of Oaklands Park is changing dramatically with the insertion of medium density townhouses in place of original housing blocks with gardens. Consequently, the new homes have little to no gardens impacting not only on individual household well-being but also that of the whole environment. In that way, the Garden provides an important environmental asset of green space, - shade trees, lawn, flowering shrubs, fruit trees, vegetables and herbs. All of this resource is free to the local community and cared for by volunteers. The covered shelter, table & seating will enhance the garden as a community amenity addressing the above City vision.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
The entire grant funds will be used to purchase and erect a covered shelter that meets Council's building specifications.

The table and seating (Original Bavarian Beer Table Set, 2200 mm length, 700 mm width, 780mm height; German angled steel) will be purchased through donations and fund-raising activities – estimated cost $1,200.00.

Volunteer labour to deliver this project will come from Oaklands Community Garden Committee and membership – approximately 100 hours @$46.00ph = $4,600.00

Total in-kind contribution = $5,800.00
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Yes. The Garden is entirely run on volunteer-labour. We are constantly inviting community members to join the garden and contribute as volunteers. We believe that improving the garden amenities will attract more volunteers
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10010 From Oaklands Community Garden
Form Submitted 4 Sep 2024, 8:29PM ACST

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
The Garden is run on organic gardening principles, to the best of our abilities. We use compost and organic fertilisers to nourish plants, and companion planting to manage pests. We net fruit trees, prune then regularly and pick up dropped fruit, in order to discourage pests. Our vegetables are grown in raised beds, which minimises snail infestations. Watering the Garden is sensitive to water conservation principles. Mulch is used around plantings to reduce water loss. The Garden Committee abides by any watering restrictions in place and organises a watering roster for hand-watering the vegetable raised-beds.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

- ○ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
We are looking at creating a sustainable bush tucker garden in our under 2's yard.
Must be no more than 100 words.

Project title: *
Ngarturna Kuu Bush tucker Garden
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date

If relevant, can leave blank

Anticipated end date

If relevant, can leave blank

Please provide a brief summary of your project *
We would like to create a sustainable Bush Tucker Garden space in our baby room at our Community Children's Centre.

Create a layout that includes different zones for herbs, fruits, and other bush tucker plants. Ensure the design is child-friendly with easy access paths. Teach the children how to care for the plants, including watering and weeding. Use sustainable practices like rainwater collection. Place a small, child-friendly worm farm in the garden area. This can be an excellent way to introduce children to composting and waste reduction. Use the compost bin to teach the children about recycling organic waste and how it helps in growing healthy plants. Encourage them to add leaves, grass clippings, and food scraps to the compost.

Incorporate stories and lessons about the Kaurna people and their connection to the land. This could be done through storytelling sessions or by inviting an Indigenous elder to share their knowledge.

This garden can become a living classroom where children connect with nature, learn about sustainability, and gain respect for Indigenous cultures. Rotate plants seasonally and introduce new species to keep the garden diverse and engaging.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)

Form Submitted 10 Oct 2024, 9:02AM ACDT

workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
Our Bush Tucker garden will be accessible for all our families who are 90% all Council of Marion residents. They will have access to the garden and its resources, also the ability to come in and share the growing process with their children.
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
We will strive to achieve this percentage by doing up a report on our system generating the postcodes of all our current families that attend the centre. we can gather the information of the surrounding council members as well.
Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Workshops and Meetings: Host planning sessions with parents, local Indigenous groups, and community members to gather input and ideas for the garden. This ensures that the garden reflects the community's needs and values.

Partnerships: Partner with local Indigenous organizations, environmental groups, and gardening clubs. Their expertise can guide the project and provide educational resources.

Community Volunteer Days: Organize regular volunteer days where community members can help with planting, maintaining the garden, and setting up the worm farm and compost bin.

Family Involvement: Encourage families to participate in the garden's upkeep. This can include weekend gardening sessions or taking turns to care for the garden during school breaks.

Indigenous Knowledge Sharing: Invite Kaurna elders and Indigenous educators to share traditional knowledge about the plants, their uses, and cultural significance. This can include storytelling sessions, guided garden tours, and hands-on workshops.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10016 From Warradale Community Children's Centre Inc - Park Holme

Form Submitted 10 Oct 2024, 9:02AM ACDT

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *

Mindfulness and Mental Clarity: Gardening encourages mindfulness, as it requires focus and attention to the present moment. This can help residents clear their minds, reduce negative thoughts, and increase overall mental clarity.

Sense of Purpose: Participating in the garden gives residents a sense of purpose and accomplishment. Watching plants grow from seeds to harvest can be incredibly rewarding and boost self-esteem and confidence.

Social Interaction: The garden serves as a community gathering space where residents can connect with others, share experiences, and build relationships. Social interaction is vital for mental health, reducing feelings of isolation and loneliness.

Cultural Connection: For Indigenous residents and those interested in learning about Kaurna culture, the garden provides a meaningful way to connect with cultural heritage. This cultural engagement can foster a sense of identity, belonging, and pride.

Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *

Horticultural Knowledge: Participants will learn how to grow and care for native plants, including bush tucker species. This includes skills in planting, soil preparation, watering, pruning, and harvesting.

Sustainable Gardening Practices: The project will teach participants about sustainable gardening techniques, such as composting, worm farming, water conservation, and organic pest control. These skills are valuable in both personal and professional contexts.

Seed Saving and Propagation: Participants will gain hands-on experience in seed saving, plant propagation, and understanding plant lifecycles, which are essential skills for anyone interested in agriculture or gardening.

Indigenous Cultural Education: The project offers participants the chance to learn about Kaurna culture, traditional uses of native plants, and the significance of bush tucker in Indigenous heritage. This cultural awareness is an important skill in fostering respect, understanding, and inclusivity in diverse workplaces and communities.

Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *

Inclusive Events: The garden hosts events and workshops that celebrate cultural diversity, such as traditional cooking demonstrations, storytelling sessions, and cultural ceremonies. These events provide opportunities for the community to come together, celebrate different cultures, and build connections across cultural lines.

Physical Safety: The garden is designed with safety in mind, featuring clear pathways, accessible garden beds, and well-maintained spaces. These considerations ensure that the garden is physically safe for children, elders, and people with disabilities.

In summary, your bush tucker garden project creates a safe and inclusive space that is accessible to the broader community and actively encourages cultural harmony. Through its

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10016 From Warradale Community Children's Centre Inc - Park Holme

design, activities, and community engagement, the garden will foster connections, promote well-being, and build a more cohesive and culturally respectful community.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
The Bush Tucker Project aligns closely with the City of Marion Community Vision - Towards 2040 themes in several meaningful ways. Here's how the project supports each of the key themes: Engaged, Liveable, Valuing Nature, Connected, Innovative, and Prosperous.

Community Involvement: The project actively engages the community by inviting residents of all ages and backgrounds to participate in the garden's creation, maintenance, and events. This engagement fosters a sense of ownership and pride in the community.

Cultural Education: By incorporating Kaurna native plants and traditional knowledge, the garden educates the community about Indigenous culture and heritage, promoting cultural awareness and understanding.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Fundraising Efforts: Organize fundraising activities, such as events, donation drives, or grant applications, to raise additional funds for the project.

Ongoing Maintenance: Commit to covering or subsidizing the ongoing maintenance costs of the garden, such as water usage, seasonal planting, and tool replacement, ensuring the garden remains sustainable and vibrant.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Our Bush Tucker Garden project is an excellent platform for engaging volunteers such as parents , offering them meaningful opportunities to contribute to the community, develop new skills, and connect with others. By utilizing volunteers in various aspects of the project, from planning and planting to education and outreach, you create a collaborative and inclusive environment that enhances the project's success and sustainability.
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10016 From Warradale Community Children's Centre Inc - Park Holme
Form Submitted 10 Oct 2024, 9:02AM ACDT

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
Use of Kaurna Native Plants: By focusing on the cultivation of Kaurna native plants, your project supports the preservation of local flora. These plants are adapted to the local environment, requiring less water and maintenance, and they contribute to the conservation of biodiversity.

By incorporating compost bins into the garden, the project recycles organic waste from the community and the center, turning it into nutrient-rich compost. This reduces landfill waste.

The use of worm farms enhances composting efforts by efficiently breaking down organic matter into high-quality vermicompost, which enriches the soil naturally and reduces the need for chemical inputs.

.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Applicant will seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded project. The City of Marion will also have the right to independently promote the project s/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. Changes come into effect as of 01/09/2024 and grant recipients are required to adhere to all regulations. This includes the use of plastic food containers, shopping bags, bag tags, confetti, balloon sticks, balloon ties etc. For further information, please visit replacethewaste.sa.gov.au.

I declare that to the best of my knowledge the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Community Grants Review Card

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ◉ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Cove Tigers Netball Club exists to provide opportunities to those who wish to participate & compete in netball,

and to be involved in the game at the grassroots and community level.

It is our vision to be the netball club of choice for all by providing a culture of development, competition, and opportunity in a safe and friendly environment.
Must be no more than 100 words.

Project title: *
Back in the Game
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date

02/12/2024
If relevant, can leave blank

Anticipated end date

25/04/2025
If relevant, can leave blank

Please provide a brief summary of your project *
The objective of 'Back in the Game' is to engage people in the game of netball who maybe have never played before or who would like to return to the game. This will increase community engagement and for those who want to continue into a Club team, a pathway to developing their confidence to register for a team.

We have run this program once and would like to be able to run it twice a year, prior to every new season.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10025 From Cove Netball Club
Form Submitted 4 Sep 2024, 11:13AM ACST

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
'Back in the Game' offers a valuable opportunity for the residents of City of Marion, by inviting individuals to engage in netball, whether they are new to the sport or returning after a break. This initiative will foster a stronger sense of community by encouraging participation from diverse groups, including those who may not have previously considered netball. By providing a supportive and welcoming environment, 'Back in the Game' will help participants build their skills and confidence, potentially leading them to join local Club teams. This pathway ensures that residents have the chance to develop their abilities and continue their involvement in the sport, thereby enhancing community cohesion and promoting an active, inclusive lifestyle. We cannot guarantee 80% of residents will participate, our inaugural program had 30 person participation, which is double the amount of senior players at Cove Netball Club. 50% of the participants in the inaugural program were City of Marion residents, it is our aim to maintain and/or improve this percentage,
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
To achieve robust community participation for 'Back in the Game,' we will implement a comprehensive outreach strategy. We will start by creating a detailed activity plan and disseminating information through various local channels. This includes posting updates and engaging content on the Southern Suburbs Facebook page, Cove Tigers Facebook page, and Cove Tigers Instagram account to reach a wide audience. Additionally, we will be partnering with a sponsor for senior netball sessions will provide added incentives and resources. This multifaceted approach ensures that we effectively engage the community, drawing in diverse groups and fostering a strong, inclusive netball culture in City of Marion. All participants will register through an online portal with address and postcode details.
Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
The 'Back in the Game' project is designed to foster community connection and reduce social isolation by providing an inclusive and supportive environment for individuals new to netball or those wishing to return to the sport. By offering opportunities for people of all skill levels to participate, the initiative encourages diverse community members to come together, build relationships, and support one another. As participants engage in netball, they not only develop their athletic abilities but also enhance their sense of belonging within the community. For those who wish to advance further, the program offers a clear pathway to join local club teams, thus promoting long-term involvement and deepening neighborhood ties. Additionally, the intergenerational aspect of the program helps bridge gaps between different age groups, fostering mutual support and shared experiences.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10025 From Cove Netball Club
Form Submitted 4 Sep 2024, 11:13AM ACST

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
The 'Back in the Game' project significantly enhances both physical and mental health for residents by encouraging participation in netball, an engaging sport. For people who may have never played before or are returning after a break such as childbirth, the program offers a structured yet welcoming environment that promotes regular physical activity, which is crucial for maintaining overall health and well-being. Engaging in netball not only improves physical fitness through exercise but also contributes to mental wellness by fostering a sense of accomplishment, reducing stress, and boosting self-esteem. The social connections formed through the program further support mental health by combating feelings of isolation and creating a strong, supportive community network. Participants benefit from the dual advantages of enhanced physical health and as well as mental health, leading to a more vibrant and connected community.
Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
The 'Back in the Game' project offers a range of valuable skill development opportunities for participants. Through engaging in netball, individuals can develop essential life skills such as teamwork, communication, and problem-solving. As players collaborate on the court, they learn to navigate team dynamics, game plan collectively, and support one another, which are transferable skills beneficial in both personal and professional settings. For those interested in advancing further, the project provides a pathway to join local club teams, where participants can gain leadership experience by taking on roles such as team captains. Additionally, the program's supportive environment encourages personal growth and confidence building, which can enhance job prospects and career development. Overall, the program not only improves physical fitness but also equips participants with practical skills that can positively impact various aspects of their lives for both players and coaches.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
Yes, the 'Back in the Game' project is designed to create a safe and inclusive space for the community. By welcoming individuals of all skill levels and backgrounds, the program ensures that everyone feels valued and supported, regardless of their previous experience with netball. The emphasis on inclusivity helps to break down barriers and promote a sense of belonging for all participants. The project's accessibility is further enhanced by offering flexible participation options and accommodating various needs, making it reachable for a broad spectrum of community members. Additionally, the diverse nature of the participants fosters cultural harmony, as individuals from different backgrounds come together, share their unique perspectives, and build mutual respect. This inclusive approach not only enhances the overall experience but also strengthens community bonds but encourages a positive, culturally rich environment.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific

demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *

Engaged:Foster active community engagement by encouraging participation in netball, involving residents in a dynamic and social activity that builds connections and a sense of belonging.

Liveable:Structured and supportive environment, contributing to the overall well-being and quality of life for residents, enhancing their physical and mental health in a positive and enjoyable setting.

Connected:Strengthen community ties by bringing together individuals from diverse backgrounds, creating opportunities for meaningful interactions and shared experiences, which helps to build a more cohesive and connected community.

Innovative:Provide a fresh approach to re-engaging individuals with sport, offering new pathways for participation and skill development that cater to newcomers and those returning to the game.

Prosperous:Support personal growth, leadership development, and potential pathways to further involvement in local clubs, offering prosperity of the community by enhancing individual skills and fostering a supportive network that benefits the wider area making full use of our new clubhouse and courts.

Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *

The entire program will be managed by volunteers in all aspects from marketing, co-ordinating and coaching.

Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *

Current volunteers will be assisting with the program and new volunteers will be engaged. This will be in the form of coaching. Current coaches will have the opportunity to develop their skills assisting alongside very experienced coaches.

Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10025 From Cove Netball Club
Form Submitted 4 Sep 2024, 11:13AM ACST

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
Our organisation is committed to recycling whenever possible. We prioritise the recycling of plastics and also ensure that netball balls are repurposed. We give these balls to the local community, where they are reused for netball practice or as toys for pets.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ○ Sports/Recreation Club
- ◉ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Our organisations purpose is to provide an inclusive, positive, and safe environment where everyone can participate in the great sport of netball at the grass roots community level. Our vision is to grow to ensure sustainability and resilience. We are increasing participation in netball in the City of Marion by actively engaging with our local schools and facilitating NetSetGo. We know there are important physical and mental health benefits of participation in sport. We aspire to become the netball club in this part of the City of Marion, with an exceptional reputation for community connections.
Must be no more than 100 words.

Project title: *
Purchase of large temporary gazebo
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date
30/09/2024
If relevant, can leave blank

Anticipated end date
30/09/2026
If relevant, can leave blank

Please provide a brief summary of your project *
The objective of this project is to purchase a high quality, large (6x3m) club branded gazebo for events.

The gazebo will be a crucial asset, benefiting players, volunteers, coaches, spectators, families and the community. It will provide protection from the sun and rain during activities including trials, “come and try” sessions, carnivals, family fun days, NetSetGO programs, club events, games and bbqs.

This will make events more enjoyable, accessible and safer in a variety of weather conditions. It will help to prevent our members from getting sunburnt, reducing the likelihood of skin cancer and helping us to teach our juniors of the importance of being sun smart, whilst participating in outdoor sport.

The gazebo will benefit a diverse range of activities and improve community engagement

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10013 From Hub Netball Club Incorporated
Form Submitted 18 Aug 2024, 6:57PM ACST

and participation.

We anticipate the gazebo would be used 15-20 times each year, with attendance ranging from 40 people to over 100. The structure will enhance the comfort and experience of members, volunteers and players.

It will safeguard participants from the elements and help us to provide a more inclusive, successful and professional events throughout the year.

Having a high quality branded gazebo will also help to build our brand and reputation.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
Our netball club's activities positively impacts the City of Marion's population beyond just our club members. We do this within the local community through building strong community connections, including lifelong friendships, family bonds, and initiatives that improve population health.

Each year, we hold a number of events open to the broader community (approximately 30) including trials, NetSetGo, carnivals, and festive celebrations. Across these events we have 1000s of attendees, including members and the broader community. Engaging with residents of the CoM is a priority for our club, as this is our strategy for growth. Through these events we specifically target CoM residents, as such we aim for attendance to be at least 95% of residents tapping into local schools and other local advertising opportunities.

The gazebo will enhance our community events by offering vital sun protection, helping to prevent skin cancer—a major health issue in Australia. Being awarded the grant will enable us to promote sun safety messages via social media. Given the gazebo branding is customisable, we will look to incorporate sun safety messaging onto a side panel so this messaging is continued whenever the gazebo is in use, further increasing our positive contribution to the CoM community.
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
To ensure we achieve our goal of up to 60% of the City of Marion's population, our netball club will implement the following

We will host and participate in events that draw significant attendance, such as our 16 Net Set Go sessions, 6 carnivals, trials, and the Christmas break-up. These events are key opportunities to connect with City of Marion residents, promote healthy lifestyles, and strengthen community connections.

We will collaborate with local clubs, such as the other user of Tarnham Road Reserve the Dover Square Tennis Club, and community groups to utilise the gazebo at these events. This will expand our reach and ensure that more residents benefit from the gazebo.

Through social media, local newsletters, and community bulletin boards, we will actively promote our events to City of Marion residents to maximize attendance and increase

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10013 From Hub Netball Club Incorporated
Form Submitted 18 Aug 2024, 6:57PM ACST

community participation.

We will monitor event attendance, gathering data to help us to reach a broad cross-section of the Marion residents.

We will contact City of Marion Netball Clubs (Cove Tigers, Hallett Cove Lighting, Mitchell Park Lions etc) to try establish an annual club fundraiser match.

Through these strategies, we will engage and benefit a significant percentage of the City of Marion's population.

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Our netball club's activities increase community connection and participation by bringing together people of all ages and backgrounds through sport. With events including trials, NetSetGo, and carnivals, we deliver opportunities for families, friends, umpires, and neighbours to engage in physical activity, strengthening neighbourhoods and intergeneratio nal connections. We have a strong family focus at our club, intentionally welcoming parents, grandparents, friends and family and the gazebo will help us to build upon this.

Our activities are accessible, held at local community courts in the City of Marion, and convenient for residents to participate. We are netball at grassroots level and we are inclusive, with programs for children and adults, girls and boys. We pride ourselves on being a club that ensures everyone, regardless of age or skill level, is welcome.

By providing a safe, supportive environment, our club reduces social isolation by encouraging participation in a team-sport and fostering community belonging.

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
Our netball club promotes better physical and mental health for City of Marion residents by offering regular opportunities for exercise, social interaction, and community involvement. Through the activities we offer participants engage in physical activity that improves fitness, coordination, overall health and confidence. The gazebo will be utilised and benefit all of these activities.

Beyond physical benefits, our club fosters mental well-being by providing a supportive environment where individuals build friendships, reduce stress, and boost self-esteem through teamwork and shared goals. The sense of belonging and accomplishment that comes from being part of a team contributes to positive mental health outcomes.

By making these activities accessible and welcoming to all, our club plays a vital role in enhancing the physical and mental health of our community and crucially, the gazebo is

Form Submitted 18 Aug 2024, 6:57PM ACST

a supportive tool and resource that will enable residents to have an enhance experience increasing the likelihood of continuation.
Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
Our club provides participants with valuable opportunities for skill development in areas such as leadership, teamwork, and life skills. Through regular practices, games, and events, members develop physical skills like coordination, agility, and strategic thinking.

Leadership opportunities are available for those who take on roles as team captains, coaches, or event organisers. These roles help individuals build confidence, communication skills, and the ability to lead and inspire others. The gazebo further supports our leadership opportunities by providing volunteers with the resources they need to deliver an effective activity.

Additionally, by participating in team activities, members learn important life skills such as time management, perseverance, and the ability to work collaboratively with others. These experiences not only enhance their performance on the court but prepare them for success in their personal and professional lives.

Our club's supportive environment encourages continuous learning and growth, benefiting participants in multiple areas of their lives.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
Our netball club is committed to creating a safe and inclusive space for the community, welcoming people of all ages, backgrounds, and abilities. We actively work to reduce barriers by offering accessible programs and events at local courts, ensuring that everyone in the City of Marion can participate. Having additional shade and an identifiable meeting place creates a welcome and accessible event, which the gazebo will provide.

We foster cultural harmony by promoting respect, understanding, and teamwork among all participants. Our club emphasises inclusivity, ensuring that all members feel valued and supported, regardless of their cultural or socioeconomic background. By bringing together individuals from different walks of life, we help to break down stigmas, building a strong and united community.

Through our activities, we create a safe space for the community where everyone can connect, grow, and thrive, making our club a welcoming and safe space for all.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10013 From Hub Netball Club Incorporated
Form Submitted 18 Aug 2024, 6:57PM ACST

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
Our netball club's activities align with the City of Marion's Community Vision - Towards 2040, particularly with the themes of being engaged, liveable, and connected.

Engaged: We foster community engagement by providing regular opportunities for residents to participate in sports, promoting health and well-being while building strong community ties.

Liveable: Our club contributes to a liveable community by offering accessible, inclusive, and family-friendly events that encourage active lifestyles. We create safe spaces where all residents, regardless of age or background, can gather, interact, and enjoy recreational activities.

Connected: Through our events and partnerships with other local groups, we strengthen connections within the community, bridging generational and cultural gaps, and promoting a sense of belonging among participants.

The purchase of a gazebo will facilitate and enable us to undertake these activities that support the key themes of the City of Marion's vision for a vibrant, healthy, and connected community.

Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Our netball club will contribute to the project by providing financial support towards the cost of the high-quality gazebo. Additionally, we will supply volunteer labour for the setup, maintenance, and management of the gazebo during events. Our club will also handle the promotion of events where the gazebo will be used, leveraging our existing resources and networks to maximise visibility and participation. These in-kind contributions ensure that we effectively support and enhance the project's success.

Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Our netball club is entirely run by dedicated volunteers who manage all activities, from coaching and event organisation to equipment setup and communication. Volunteers are the backbone of our club, and we actively engage new members, offering opportunities to develop skills and make meaningful connections. We also support our young girls in developing soft skills for employment. For example, we provided first aid training and a volunteer role overseeing first aid kits, for an U17 player aspiring to be a paramedic. The purchase of a gazebo will further enhance our strong volunteer culture, encouraging community involvement and skill development.

Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10013 From Hub Netball Club Incorporated
Form Submitted 18 Aug 2024, 6:57PM ACST

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
Our netball club is committed to environmental responsibility by investing in a high-quality, durable gazebo designed to last for many years. This approach reduces waste and avoids the environmental impact of frequently replacing cheaper, low-quality alternatives. We also adhere to single-use plastics legislation and encourage recycling at our events. By choosing sustainable options and minimising waste, we aim to reduce our carbon footprint and support a greener community. Our focus on durability and sustainability reflects our commitment to environmental stewardship.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ◉ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Austral Volleyball Club's purpose is to provide a supportive club environment for members of our community to participate in playing volleyball at the highest level they can and to develop the next generation of volleyballers. Our aim at the highest level is to win senior premierships and in order to do this we strive to create a strong club environment from juniors all the way up to seniors where players can contribute and grow.
Must be no more than 100 words.

Project title: *
Coach Development Workshops
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date
17/02/2025
If relevant, can leave blank

Anticipated end date
25/07/2025
If relevant, can leave blank

Please provide a brief summary of your project *
Austral plan to run 4 coaching workshops to our senior and junior coaches throughout the season, covering topics such as introduction to coaching and working with children, structuring a training session and injury prevention strategies, game day coaching and player management. The aim of these sessions is to develop the skills and capabilities of our coaches, which will ultimately improve the coaching standard and develop the skills of our players.

The coaching sessions also aim to provide leadership and growth opportunities to players at the club, many of whom coach junior teams, and provide information about coaching pathways so they can coach at a higher level as well (such as with state teams).

This program also aims to help retain coaches, as by participating in this program they will feel more supported and integrated into the club.

Participants in the program will receive a "coaches pack" of a polo shirt, whistle, clipboard and digital coaching manual upon attendance to the first session of the coaching, which will set them up to be able to successfully coach at the club for the season and make them feel

Community Grants 2024/25 Round 1

Application No. CG2425_R10022 From Austral Volleyball Club Inc
Form Submitted 18 Aug 2024, 5:14PM ACST

integrated into the club.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
Austral Volleyball Club is located in Mitchell Park. Our membership is pulled primarily from those who live in the City of Marion. There are some members of the club who live in surrounding council areas however the majority are from the City of Marion.
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
We can identify those who are city of Marion residents through our membership database as we collect address information of all of our coaches and members.
Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
The project increases connection within the clubs community, as it will give the coaches the opportunity to work and learn together with club mentors and senior leaders. It will be delivered during the season on nights where there are no training at a central location (Mitchell Park Sports and Community Centre) and allow coaches to provide input on what topics they would like to talk about to ensure the sessions remain engaging.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
Our project provides opportunities for members of the community to improve their physical health through participating in sport. By upskilling and developing our coaches, player will receive improved training opportunities and information. Specifically one session will be focused on injury prevention and learning skills and drills to incorporate into trainings and warm up to help prevent injury.
Must be no more than 150 words.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10022 From Austral Volleyball Club Inc
Form Submitted 18 Aug 2024, 5:14PM ACST

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
Participants in our project will develop leadership skills. A large number of our coaches are university students and the skills and responsibility that they will develop through participating in this project and coaching a team for the season should also give them fantastic life skills and improve their employability.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
This program is not accessible to the broader community, but should any members of the broader community approach the club interested in coaching volleyball, we would utilise this program to place them into a suitable team.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
The project aligns with the City of Marion's community vision in the engaged and connected areas. The project engages with members of the community by aligning the program delivery with areas of need. It also fosters connectivity in the club as it connects new junior coaches with senior mentors and club leadership to better support them with their journey.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Our organisation intends to provide program facilitators to deliver the courses as well as post-session support (i.e. coach mentors attending games and training sessions in a one-on-one capacity).
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10022 From Austral Volleyball Club Inc
Form Submitted 18 Aug 2024, 5:14PM ACST

Our volleyball club is run by volunteers. The program will be delivered by volunteers (senior coaches at the club) and will be delivered to new volunteers (our younger and developing coaches).
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
This program while not specifically focused on environmental sustainability, will be as environmentally responsible as we can be, by creating digital resources for coaches.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

What type of not-for-profit organisation are you? *
- (●) Community group
- ( ) General not-for-profit
- ( ) Volunteer association
- ( ) Religious or faith-based institution
- ( ) Philanthropic organisation
- ( ) Charity
- ( ) Sports/Recreation Club
- ( ) Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
The fundamental purpose of forming a community garden was to provide a facility that is enjoyed by all members of the community, whilst gaining an education in organic gardening, making new friends, and having a bit of fun along the way!
Must be no more than 100 words.

Project title: *
Native Sensory Reflective Corner
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date

If relevant, can leave blank

Anticipated end date

If relevant, can leave blank

Please provide a brief summary of your project *
MCG would like to create a space for the community and members to sit and enjoy the garden's ambiance. This space would have bench seating and be surrounded by native plants local to the area. The benefit would be the opportunity for the public walking past and members to stop and rest for a moment to unwind and reflect on the natural beauty of the open-plan garden. The Native Sensory Reflective Corner will allow the garden to hold more workshops and include the community in the education of garden activities. Workshops are being planned for composting, worm farming, and propagation, but not limited to garden activities. Yoga and painting workshops are also being discussed.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10026 From Marino Community Garden Inc
Form Submitted 2 Sep 2024, 12:15PM ACST

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
The percentage of Marino Garden members residing in the City of Marion is 81%.

Many of the residents in the Marino area are retired, this Native Sensory Reflective Corner will benefit them in knowing a space is available to sit and relax outside their own garden space. The Seacliff Village is being built within walking distance of the garden, with an influx of residents in the area it creates a need for more open spaces with plants and trees. Our members are predominantly located in the City of Marion area with inquiries about leasing a garden bed received regularly.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
The Membership committee member has the residential addresses of all garden members. Preference for membership is always given to prospective members who live in the City of Marion area.

MCG has an active Facebook page, a quarterly newsletter, articles in the 5049 Community newsletter, and the City of Marion Green Thymes. MCG Newsletters are also available at the Seacliff Village Display Centre. Letterbox drops are distributed to the neighborhood when workshops are being held in the garden and notices are displayed in the City of Marion Library and local shopping center notice boards. MCG members attend functions held by the City of Marion, e.g. bus trips to local community gardens, this enables the connection with other community garden members within the City of Marion.

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
The creation of a Native Sensory Reflective Corner will allow more community communication with events, also encouraging more neighbourhood interaction within the garden. Inspiring families to teach their children the importance of green open spaces. MCG has recently gained two new members with children joining the garden, the children are active in the planting of their garden beds and assisting on working bee mornings alongside garden members.

MCG actively promotes new membership and workshops via weekly Facebook posts, City of Marion Green Thymes, 5049 Community, and distribution of a quarterly newsletter to all members and supporters of the garden.

The public often stops and talks to members on these mornings and at other times when members are in the garden, reducing social isolation and connecting with the community.

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
With the aging population of MCG garden members, it is important to keep them engaging with the community, a group of new members in the 30-age bracket are coming up with new interesting ways to use the garden in the community. This encourages all members to be active with new ideas flowing constantly. Therefore improving the mindset of all members and creating lively discussions which leads to better mental health and physical well-being.
Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
The design and discussions around the new Native Sensory Reflective Corner have been open to all garden members.

The garden is run democratically with input sought from all members for decision-makin g. The committee communicates with members via emails before and after every garden working morning to keep those absent informed. A cup of tea at the end of the garden morning is always an opportunity to share garden knowledge and the skills required for pruning and propagating etc.

The committee encourages all members to participate on the committee in any role they feel comfortable in, but at the same time stretching their knowledge and understanding of being part of a committee if they have never been on one before.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
The current membership has a diverse mix of ages and disabilities, people of different ethnic backgrounds, families, and children. We encourage members to bring friends along to events or garden working mornings.

The garden is open to the boarder community to visit talk to members or just enjoy the space, containing 30 garden beds overflowing with produce to share on garden mornings.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
MGC is greening a space in the City of Marion Council area. The members are engaged and

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10026 From Marino Community Garden Inc
Form Submitted 2 Sep 2024, 12:15PM ACST

contributing towards valuing nature positively and productively. Connecting the community and being innovative in garden design.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
The Native Sensory Reflective Corner will require irrigation, the garden members will provide the manpower to achieve this result. The irrigation of the area will cost approx $900. The manpower of the garden members would equate to $1864.80 in dollars.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Members of the garden will be active in planting out the project. All members of MCG are volunteers and are encouraged to invite friends and family to the garden at all times. Our garden signs were made by a volunteer (not a member) who is retired and was happy to assist in our project of naming each garden bed. MCG is always on the lookout in the community for anyone who would like to assist in the garden in anyway.
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
Solar power creates an environmentally friendly source of power. Worm farms recycle green waste, worm castings, and juice being used to fertilise the garden beds.

Garden beds are watered via a drip irrigation system.

Only noxious weeds are put in the council green bin, a shredder at the garden enables the garden to add the orchard pruning to the compost bays.

No chemicals are allowed to be used in the garden.

Pot plant containers are recycled.

MGC supports biodiversity, with native plants local to the area, removing environmental weeds and invasive plants, creating a balanced ecosystem within the garden.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Applicant will seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded project. The City of Marion will also have the right to independently promote the project s/events.

Community Grants Review Card			
Organisation Name	SW BMX Facility	**Project**	Facility Access Walkways
Project Description	Creation of a pathway around the track to enable officials with disabilities to volunteer, to be completely inclusive from an access persepctive, and to improve visibility for all community.		
Funds Requested	$9267	**Total Project Amount**	$14839

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	13.33	Approximately 70% of participants are CoM residents
Community Connection	15	7.5	Strong opportunities for community connection - response could have expanded.
Health and Wellbeing	15	6.25	Major focus on physical activity - response could have expanded more.
Skill Development	15	5.00	Minor alignment demonstrated in response.
Inclusivity	10	5.0	Facility open to broader community to access.
Alignment to Strategic Plan/ Community Vision	10	5.83	Clear alignment. Could have expanded response.
In-Kind Support	5	3.75	Large contribution to labour.
Volunteers	5	4.58	Volunteer led - solely relied upon.
Environmental Responsibility	5	2.08	Clear efforts towards future environmental sustainability practices.
Total	100	53.32	
FINAL SCORE		**53.32**	

Previous Funding Consideration	Applicant has not been funded in the previous 4 rounds
Partial Funding Consideration	Could proceed with partial funding of $8,000. Project would need to be put on hold for 12 months which would affect a highly attended winter national event.
Participant Fee Consideration	N/A
General Considerations	1. Major event venue for City of Marion. Not funded through capital works.

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ◉ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
To provide a facility for all levels of BMX riding, to work with Club/State/National levels of BMX and other cycling disciplines through our governing body to increase community partici pation/involvement in BMX/Cycling
Must be no more than 100 words.

Project title: *
Facility Access walkways
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date
10/01/2025
If relevant, can leave blank

Anticipated end date
28/02/2025
If relevant, can leave blank

Please provide a brief summary of your project *
The Sam Willoughby BMX Facility has only recently opened, the facility is the home of the Happy Valley and The Cove BMX Clubs, during the 18 months of operation the facility and clubs have had time to settle in and to understand the areas of improvement that are needed, we have also been able to assess the areas of high importance whilst creating the SW BMX Facility Strategic Business plan.

One of the areas recognized has been access around the facility, we would like to build a pathway around the track to open up viewing to all of the community and ensure we are completely inclusive from an access perspective, the improve access would also allow the clubs to have officials with disabilities to volunteer, this plan helps support the Marion Council Community Vision Toward 2040 Together under 2 of the 6 themes, engaged and connected.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
at least 70% of our member base reside in the City of Marion council area, our facility is in the Marion council area, although we do not restrict where we draw from, our new member initiative - 3 x Free come and try BMX days so far have attracted 24, 30 and 30 participants from the Marion council and wider community areas, these pathways provide an essential access to track areas for introductory coaching and transitioning into BMX, this again will help 100% of the new members and parents who come to the facility as part of our come and try strategy, linking in with our governing body "United 2032" strategy
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
In winter at least 70% of the track surrounds are inaccessible, at least 90% of the facility is inaccessible to the elderly

and disabled, improvement can be measured by monitoring peoples movements around these areas in the winter months, and the ability for any disabled at any time of year, we have a National series coming up in July 2025, if it is wet this area turns to mud when there is heavy foot traffic , the other measurable will be to look at the condition of the access, hills after this event to ensure the grassy areas on the hill have been maintained, this due to foot traffic being transferred to pathways
Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
The Pathways will open the facility access up to Grandparents/elderly, handicapped, it will also open up the facility to allow access challenged volunteers/parent to access all areas of the facility
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
Access pathways will allow the facility to be traversed by all, leaving anyone coming to the facility the ability to get to all areas, currently this is not the case, therefore potential new riders/Members from the community with elderly/Handicapped caregivers are restricted to a

Community Grants 2024/25 Round 1

small area at the front of the facility and almost no viewing of the track

The current track access at the facility if tackled by older or handicapped members of the community could cause a fall/injury,
Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
The Pathways offer wheelchair or access restricted volunteers the ability to get to all Marshalling areas of the track, this increases our potential volunteer and allows us to train any volunteer with special/certain accessibility needs
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
The Facility is open 5 days a week, the gates are always open when the facility is being used, members of other cycling disciplines often access and view training/Racing, Members of the public visiting the pump track or mountain biking usually share the car park, in the event of a fire in the national parks area surrounding the facility, in the event of a fire and the facility is open, the pathway would provide potential safe haven away from the treed areas on the grass banks of the race track surround (which is where the pathways will create access to)
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
The projected lives in the connected and engaged space of the strategic plan, the project will allow us to engage more of the community for Volunteering, new members with accessibility needs, it will also allow us to connect with more of the community for the same reasons
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
The Volunteers of the SW Facility will perform all of the works, the only cost will be for

machine hire and materials

It is worth noting that the same volunteers resurfaced the track before moving in due to it being unrideable, 2500 volunteer hrs were completed to see the full resurfacing of the track and track surround

Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Yes, the club will engage approximately 10 volunteers to complete the works, also worth noting that our club runs almost Solely on Volunteers and from a track perspective we have spent over 2400 hrs of volunteer time resurfacing and maintaining our own surface, this is standard practice for our Facility club/s

Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
The project pathway will also provide access/platforms for rubbish bins, Volunteer access for maintenance of the facility and in the very near future we plan to work with DPTI and the friends of Glenthorne to work through a planting and beautification project at the facility, this would need to be after grounds work projects have been completed

Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

or

Any further information you would like to include:

The 2 clubs/SW Facility have spent significant funds on moving into the facility and purchasing products to resurface track, safety fencing around the track was also completed recently, approximately $60,000 spent in the first 12 months, these funds were club nest eggs to enable clubs to match grant monies, currently it would not be possible be for us to complete project without funding assistance.

The volunteer members from the two clubs spent 2400 hrs resurfacing the track to make it rideable therefore enabling the clubs to move in.

support letter from Governing body Auscycling is attached

Council/Landlord consent has also already been given for these works and is attached

Please also note that The Sealer Bonn Matt, and two types of Sand have only one Quote due to product specific blending and Available from only sourced from one vendor in Australia.

Also worth noting that a Bitumen path would cost in excess of $30,000 and a Concrete path would cost in excess of $50,000

What type of not-for-profit organisation are you? *

- (●) Community group
- ( ) General not-for-profit
- ( ) Volunteer association
- ( ) Religious or faith-based institution
- ( ) Philanthropic organisation
- ( ) Charity
- ( ) Sports/Recreation Club
- ( ) Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

Dover Gardens Kennel and Obedience Club has operated exclusively within the city of Masrion for 56 years with the expressed purpose of assisting dog owners to train their dogs in obedience with the aim of making them responsible dog owners within the community. The club operates exclusively with volunteers and keeps its annual fees low to ensure all residents regardless of their financial situation can avail themselves of the services we provide.

Our secondary aim is to provide a social environment for all residents to enjoy and interact with their dogs and other like minded residents

Must be no more than 100 words.

Project title: *

Club Window Signage

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date

01/10/2024

If relevant, can leave blank

Anticipated end date

31/12/2024

If relevant, can leave blank

Please provide a brief summary of your project *

The dog club is seeking to install signage on the windows of the facility it currently uses under a long term licencing agreement with Marion council. Such signage would clealry identify our location, times and activities and would enunciate to casual and club members users their resonsibility when utilising the Mitchell Park space. In addition such signage would allow basketball and other users to determine where the enterences to basketball and other activities are located within the facility.

With the redevelopment of the Mitchell Park facility the dog club has lost all orientation and signage as to its location within the new facility. Existing signage at Mitchell Park is at best sub standard and it is difficult for users of the facility to establish where the dog club and othedrf clubs/activities operate from and where entrance are located. Our signage from the old facility has been removed or destroyed and not replaced.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10011 From Dover Gardens Kennel and Obedience Club Inc

Form Submitted 15 Aug 2024, 4:20PM ACST

The dog club redirects a minimum of 8-10 people to other activities per week due to the lack of clear signage.

The dog club has been granted permission to install appropriate signage on the windows (by Marion Council Management) in the event this grant application is successful

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *

The facility at Mitchell Park is used by many residents and groups within the City of Marion. The lack of signage at the sight causes much confusion with users and potential users. Marion management and centre management are encouraging user clubs to install signage on the windows of the area uder use and an approval process has been established to ensure consistency and approriate signage is installed. We are currently (since the new facility opened) being questioned by potential users and members as to our location as current signage external to the facility does not identify the location of any club operasting at Mitchell Park.Since the completion of the Mitchell park redevelopment our membership has remained static rather than increase, feedback we received is it is difficult to identify where the dog club operates from.

Some 60%-65% of our members are women and people from diverse backgrounds. In addition we have a number of members who have disability support people accompany them to the club each week.

Visibility to the general public is more important than ever and signage will add to our profile within the community.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *

The dog club is a community based organisation operating within the City of Marion for some 56 years. Almost exclusively our membership is made up of Marion residents who access the club facilities to ensure they are responsible dog owners and their dogs are well behaved. The dog club allows the Marion Council to meets its requirements under the dog and cat legislation and both parties have worked collaboratively over many years. The club regulalry has 350+ members each year and our role in ensuring people are responsible dog owners is pivotable. Certification by the dog club of a certain level of obedience is acknowledged by Council with a deduction in the cost of annual dog registration; this is surely an acceptance by Council as to the value it places on the role the dog club undertakes within the City of Marion.

Increased visability will advertise both our location and activities to Marion residents and thus increase the number of people who avail themselves of the activities provided by the dog club and this in turn should be reflected in greater complience with the dog and cat management Act.

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10011 From Dover Gardens Kennel and Obedience Club Inc

Form Submitted 15 Aug 2024, 4:20PM ACST

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Approximately 60%-65% of our membership are women and people from diverse backgrounds. Approximately 40% - 45% of our members are concession card holders. We assist a number of members who require carer assistance to participate in training their dogs: this connectivity with others in the community has greatly reduced their social isolation and improved their ability to connect with the broader community. We are currently supporting an individual with a severe disability in volunteering at the club and the growth in this individual is amazing in both her connecting with others and her sense of contributing to society in a positive way.

Our fees structure ensures all within the City of Marion can participate up to twice per week at a cost of less than a dollar a week.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
The dog club activities by their nature increase physical health for participants because of the need to move and interact physically with their dogs. The mental health of individuals is improved by needing to interact with Instructors and other members of their classes. One needs only to to look at the faces of club participants to see the smiles and laughter eminating from classes and the interaction between members after classes have concluded to realise how important the club's activities are for individuals well being both physical and mental.

Increasing our visibility though signage will potentially increase the number of members and individuals participating in the activities offered by the club; this flows through to greater participation with obvious flow on to physical and mental well being.
Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
Skill development can occur through greater confidence in dealing with others in our community. There is the potential to improve skills by participating in the clubs management and upskilling to becoming an instructor or volunteer. As previously identified the club has provided the opportunity for people with disabilities to improve their interpersonal skills and interact in a positive manner with others; this is rewarding for both the club and the individual.
Must be no more than 150 words.

Inclusivity

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10011 From Dover Gardens Kennel and Obedience Club Inc

Form Submitted 15 Aug 2024, 4:20PM ACST

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
The dog club is an extremely inclusive environment, it provides a safe space for people to train their dogs under supervision and under the wch of experienced instructors. 50% of our instructors are women and 60% of the clubs administration are also women. In both groups we have people from diverse backgrounds and all members of our teams operate respectfully and harmoneously.

As stated previously 60%-65% of our members are women and we have a solid base of people from a range of diverse backgrounds. The focus of the club is the single love of dogs and dog obedience not ethnicity or other beliefs.Over 40% - 50% of our membership has a concession and our fee structure allow them to participate in club activities at least twice per week at a cost of less than $1 per week.

Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
The dog club has a role in supporting Marion Council in meetings its obligations under the dog and cat Management legislation by providing an environment where individuals within the city can train their dogs to be obedient and they in turn become responsible dog owners. The club allows residents to undertake a healthy pastime outside in the fresh air with like minded people. We provide a supportive environment that promotes social interaction where differences are supported and encouraged with a large range of individuals from diverse backgrounds.

The bulk of our members are made up of women and people from a range of different social and ethnic backgrounds our focus is on inclusion, responsibility for your animal and having fun.

Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
The club will contribute to any costs associated with cost increases due to delays and additional art work required.

Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10011 From Dover Gardens Kennel and Obedience Club Inc

Form Submitted 15 Aug 2024, 4:20PM ACST

We operate exclusively with volunteers and have done so for the past 56 years. All programs are delivered by volunteers and all management of the club is undertaken by volunteers.

Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *

The club maintains both the building allocated and the park provided for use. Club rules require all members must pick up after their dogs and this aspect of the dog and cat legislation is reinforced with all new members and on a regular weekly basis. Unfortunately the club is required to clear faeces left on the ground by irresponsible residents and users outside of the hours of our operation. Picking up and removing faeces left by irresponsible individuals helps improve the environment for other users as well as removing health hazzards from the ground.

Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Application No. CG2425_R10011 From Dover Gardens Kennel and Obedience Club Inc

Form Submitted 15 Aug 2024, 4:20PM ACST

Funding information (Section 2)

Is there any other funding that will contribute to the project? *
☐ Yes - if yes please complete this Section (2)
☑ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
N/A

e.g. other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $1000 grant from office of sport and recreation towards the project - $2000 donation from Coles - $500 earned income from club fundraiser.

Has your organisation received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
○ Yes
◉ No

e.g. may include subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received

Budget (Section 3)

This table must only include amount/funding requested from the City of Marion (this grant).If your organisation is registered for GST, your budget must include GST.

Expenditure item description	Expenditure item type	Amount ($)	Notes
What is the grant being spent on		Must be a whole dollar amount (no cents).	Any additional information
Club signage	Advertising and Promotion *	$1,799.00	

Any additional information relating to the budget you would like to include?
The quote we have rec eived from Lane printing has been negotiated by the club committee and when compared to our second quote is almost half price

Must be no more than 100 words.

Budget total

Total amount
1799

This number/amount is calculated.

Quotes

Any expenditure items over $1,000 require 2 quotes for the application to be eligible. If purchasing the same item multiple times and the total exceeds $1,000 please attach quote *

Filename: Dog club quote.PDF
File size: 114.1 kB

Filename: quote 2.pdf
File size: 66.6 kB
Attach/upload all required quotes here.

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
Partial funding would reduce the amount of signage we would erect and would be false economy as the quotes received iare amazingly low and provided by companies who acknowledge the job the dog club performes and have quoted accordingly.
Must be no more than 100 words.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *
$1,500.00
Must be a dollar amount.
Please put $0 if you are unable to proceed with partial funding

Is there a participant fee for your project? If so, how much? *
$0
If there is no fee, put $0 or N/A

Further information

Please attach any additional information that you think may be relevant to your application	*No files have been uploaded*
	or
Any further information you would like to include:	With the demolition of the old facility all sinage the club had to advertise both its location and activity have been destroyed or removed. Our expectation of new signage has not been realised hence the application for this grant.

Community Grants Review Card			
Organisation Name	Sheidow Park Cricket Club	**Project**	Cricket Grounds Maintenance
Project Description	Trimming overgrown branches around the nets to improve lighting conditions and excavating the eroded ground around the practice wickets to remove trip hazards and uneven surfaces.		
Funds Requested	$5000	**Total Project Amount**	$11309

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	20.00	Membership base and broader usage.
Community Connection	15	7.50	Response provides minor connection opportunities.
Health and Wellbeing	15	8.75	Participation through sport.
Skill Development	15	5.00	Response - minimal/limited.
Inclusivity	10	5.00	Facility benefits cricket club, broader community and school community.
Alignment to Strategic Plan/ Community Vision	10	1.67	Response doesn't address question.
In-Kind Support	5	4.17	Contribution to up keep and maintenance and previous maintenance actions.
Volunteers	5	4.17	Volunteer led club.
Environmental Responsibility	5	0.83	No significant practices in place.
Total	100	57.09	
FINAL SCORE		**51.38**	

Previous Funding Consideration	Applicant was previously funded in Round 1, 22/23 - 10% discount applied
Partial Funding Consideration	Could not proceed with partial funding
Participant Fee Consideration	The fee Structure for the Sheidow Park Cricket Club: Junior - $100; Senior - $280; Social - $90
General Considerations	1. The Sheidow Park Cricket Club utilises the Sheidow Park Primary School as their cricket ground. They have an arrangement with the school whereby they are responsible for the maintenance of the grounds & nets in exchange for reasonable rent. School does not assist with costs of maintenance.

What type of not-for-profit organisation are you? *

- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ◉ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

Not for profit organization connecting with our community through social and sporting activities. Culturally inclusive group providing facilities and services promoting active living/ healthy lifestyles in a safe enviornment.

Must be no more than 100 words.

Project title: *

Cricket Grounds Maintenance

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date	**Anticipated end date**
If relevant, can leave blank	If relevant, can leave blank

Please provide a brief summary of your project *

The cricket practice training nets located at the Sheidow Park Primary School have become unsafe for use by the Sheidow Park Cricket Club as well as the local community. There are large holes in the netting which can easily allow a cricket ball to pass through at great speed, therefore creating a danger to anyone in the adjoining training net. The Cricket club has already paid for this work.

The Sheidow Park Cricket Club has contacted the school, and they are happy for the cricket club to undertake works to fix the problems as long as the Cricket Club pays for the works. The ground level around the practice wickets has eroded and is both a trip hazard and could cause injury due to its uneven surface. The trees located next to the practice nets and around the oval have overgrown and now create lighting conditions that make it difficult to see the ball when batting. We need to trim the branches that overhang the nets and remove the waste.

- Trim back overhanging branches of trees next to the cricket nets for better lighting.
- Excavate and remediate the surface next to the practice pitches to remove trip hazards.

Must be no more than 200 words.

Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will

Form Submitted 1 Sep 2024, 3:12PM ACST

do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
Not only will the project benefit greater than 80% of the City of Marion residents who are members of the Sheidow Park Cricket Club, it will also benefit the thousands of residents in the local area that have access to the grounds all year round. The Sheidow Park Cricket Club has over 100 members and over 90% of those members would reside in the City of Marion. The nets are not just used by the Sheidow Park Cricket Club but by a large number of the surrounding community as well as school children during school hours. With the Sheidow Park Cricket Club completing the maintenance work required it will return the practice cricket nets to be safe for all who enjoy using them.
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
The cricket nets are currently used all year round but during the summer months and especially in the cricket season the cricket nets are used for cricket training from Mondays to Fridays every week for both junior and senior cricket practice for the Sheidow Park Cricket Club. On completion of the project the club would put out a survey to its members for feedback on the maintenance improvements and part of the survey would capture their postcode, that would then allow the cricket club to accurately determine the percentage of use.
Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
The project will provide a safer and a more enjoyable area for both the cricket club and the greater community to enjoy using these practice facilities. The Sheidow Park Cricket Club being willing to undertake the maintenance and improvements shows our responsibility in providing for the community.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 2 of 2)
Application No. CG2425_R10023 From Sheidow Park Cricket Club Inc
Form Submitted 1 Sep 2024, 3:12PM ACST

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
By improving the condition of the training practice nets this will encourage more club participation and community involvement by removing the existing hazards that impact those in the community that use the facilities. This will promote better mental and physical health for the community.
Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
The Sheidow Park Cricket Club has over 100 members both Junior and Senior. By the Sheidow Park Cricket Club willing to undertake this project demonstrates the leadership and life skills that we offer the community.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
The practice facilities are currently well used by the community and this project will restore them to a safer facility for the community to continue to use and enjoy. the Sheidow Park Cricket Club already consist of wide ranging ethnicities, genders and social background.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
This project will continue to build on the great connection the Sheidow Park Cricket Club has had with the local community by providing the community with a facility that the community can continue to use for many years into the future.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Due to the need for the netting of the cricket nets to be to a standard that would no longer presents a danger for our club members to use before the commencement of the upcoming cricket season. The Sheidow Park Cricket Club has already paid for and had the work completed in repairing and replacing the damaged and unsafe parts of the wire netting in

Community Grants 2024/25 Round 1

the practice nets. This came to a cost of $4246 which the club has already paid for. The quote for this work is attached with the other documents.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
The Sheidow Park Cricket Club is run 100% by volunteers and delivers a outstanding cricket program, specifically our Junior Cricket for the community.
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
This project meets the desired Marion Council environment responsibilities by fulfilling the Councils Objective of Building human connections to the natural world whist respecting culture, social and economic values by supporting our communities wellbeing and saftey.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

- ○ Charity
- ◉ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
At Southern Fields Archers Inc. Our mission is to provide an exceptional archery experience while prioritizing the highest standards of safety and responsibility.

We are dedicated to fostering a welcoming environment where our archery community can develop their abilities, enjoy the sport surrounded by nature, and thrive.

Our commitment to safety, education, and community ensures that every visit is both enjoyable and secure, promoting the long-term growth and appreciation of field archery.
Must be no more than 100 words.

Project title: *
Safety First Aid Forward 2025
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date
01/10/2024
If relevant, can leave blank

Anticipated end date
01/10/2025
If relevant, can leave blank

Please provide a brief summary of your project *
Our strategic goal for 2025 is "Safety First." To enhance safety at our field archery park, we will implement a comprehensive first aid initiative.

We plan to conduct 20 first aid training courses for our 100 club members, ensuring they are well-prepared to handle emergencies. Additionally, we will review and upgrade our first aid kits across our two 20-target courses. We will strategically place four equipped first aid kits, including snake bandages, every five targets.

This initiative will provide robust first aid support to our members and the general public visiting the park. The safety upgrades will also benefit attendees of major events hosted at our park, such as the Masters Games, Junior Nationals, and Nationals, which attract 70-80 participants per competition.

By enhancing our first aid capabilities and training, we aim to create a safer, more secure

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10024 From SOUTHERN FIELD ARCHERS INC
Form Submitted 19 Aug 2024, 7:01PM ACST

environment for all users of our archery park.

We also have diverse membership that includes a growing number of aged members, who are no longer able to navigate the field archery course but come to stay connected with the archery community due to its welcoming environment.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
In providing first-aid training to 20 members of the archery club benefiting the members, visitors, National games and Masters games attendees, it will also benefit the City of Marion residents who will have access to an increased number of first-air responders across the community.(1%)

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
We will maintain a register of First-Aid responders within the club and record first-aid responses throughout 2025.

All members and visitors have to register upon arrival. The monthly attendance numbers will be tabled at the committee meeting and a report generated at the end of the project to demonstrate that we have met the objective of 1%.

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Our project increases community connections and participation by providing a safe, welcoming environment to new members, visitors and existing members.

We reduce social isolation through our aged membership cohort who are no longer able to do archery still coming along to the club, partaking in social activities, helping in the canteen, meet up with friends and offer their invaluable extensive archery knowledge and advice, making them feel valued members of the community.

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10024 From SOUTHERN FIELD ARCHERS INC
Form Submitted 19 Aug 2024, 7:01PM ACST

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
The archery park course covers on average 1.5km of physical exercise across a varied terrain encompassed by nature. Bench seats are located, under shaded trees around the course to enable those needing to take a break to sit down as and when required.

The natural environment provides mental health enrichment, and empowers those having mental health challenges to share their experiences with others in their archery group, enabling supportive conversations.

The club welcomes aged members and provides a supportive environment for them to stay connected with other and still feel valued.
Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
The project will develop the first-aid skills of 20 club members and also develop the safety knowledge around the club though engaging our members to provide their input into what to incorporate in the first aid kits around the courses.
Must be no more than 150 words.

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
This project will create a safer space for our club members and also members of the community who will have access to 20 additional first-air responders equipped to handle emergencies with compassion and competence.

Our club welcomes new members irrespective or gender or nationality.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
Our project aligns with the Vision by encouraging the community to value the open space and natural environment that the archer park is located within.

Encouraging the community engagement through welcoming new members to a safe, friendly archery community

We also support local partnerships with organisations wherever possible, an example being the Men's Shed who we employed and paid to create mobile targets for the archer park,

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10024 From SOUTHERN FIELD ARCHERS INC
Form Submitted 19 Aug 2024, 7:01PM ACST

Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
The club members will provide 160 hours in-kind contribution to undertake first aid training.

The committee will provide 100 hours in-kind contribution to review the first-aid equipment across the courses, purchase upgrades and re-position across the two archery courses.

The club will meet any additional costs that go beyond the grant funding to ensure the first-aid kits are sufficiently equipped to meet the needs of members, visitors and the general public.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Our club is run by volunteers and the 20 first aid trainees will be volunteers from the archery park.
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
Our archery park protects the natural habitat of the native wildlife, we have bird baths around the course for the native wildlife and birdboxes across the park.

We also have recycling bins and donate the recycling funds to local charities.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Amount you are requesting from the City of Marion (Maximum is $10,000) *	$4,000.00
Total/Overall project cost (can be estimated) *	$4,000.00

Funding information (Section 2)

Is there any other funding that will contribute to the project? *
☑ Yes - if yes please complete this Section (2)
☐ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
If the costs of the first aid training and upgrade to first aid kits exceeds the funding request, the club will provide the additional funding

e.g. other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $1000 grant from office of sport and recreation towards the project - $2000 donation from Coles - $500 earned income from club fundraiser.

Has your organisation received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
○ Yes
◉ No
e.g. may include subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received

Budget (Section 3)

This table must only include amount/funding requested from the City of Marion (this grant).If your organisation is registered for GST, your budget must include GST.

Expenditure item description	Expenditure item type	Amount ($)	Notes
What is the grant being spent on		Must be a whole dollar amount (no cents).	Any additional information

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Applicant will seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded project. The City of Marion will also have the right to independently promote the project s/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. Changes come into effect as of 01/09/2024 and grant recipients are required to adhere to all regulations. This includes the use of plastic food containers, shopping bags, bag tags, confetti, balloon sticks, balloon ties etc. For further information, please visit replacethewaste.sa.gov.au.

Community Grants Review Card			
Organisation Name	SA Native Animal Rescue Incorporated	**Project**	Equipment and Food Supplies
Project Description	Purchase of 2 bird incubators to assist rescue efforts of local wildlife.		
Funds Requested	$5310	**Total Project Amount**	$5310

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	6.67	Response doesn't address question in regard to direct benefits to participants who are residents of CoM / percentage. Response demonstrates opportunities that are not directly related to the purchase of incubators.
Community Connection	15	7.50	Response demonstrates opportunities that are not directly related to the purchase of incubators.
Health and Wellbeing	15	6.25	Response demonstrates opportunities that are not directly related to the purchase of incubators, and some that may be of benefit if a community project was implemented.
Skill Development	15	7.50	As per Health and Wellbeing.
Inclusivity	10	6.67	As per Health and Wellbeing.
Alignment to Strategic Plan/ Community Vision	10	6.67	As per Health and Wellbeing.
In-Kind Support	5	1.67	Limited.
Volunteers	5	3.33	Volunteer led organisation.
Environmental Responsibility	5	2.92	Minimal.
Total	100	49.18	
FINAL SCORE		**49.18**	

Previous Funding Consideration	Applicant has not been funded in the previous 4 rounds
Partial Funding Consideration	Could proceed with partial funding $2,650
Participant Fee Consideration	N/A
General Considerations	1. Funds will be used to purchase 2 bird incubators. 2. Funding benefitting local wildlife. Not aligning with benefitting CoM residents. 3.Opportunity may exist in the future if application is aimed, for example, to provide environmental educational workshops in CoM (e.g. wildlife conservation, environmental montoring, ecosystems). Grants Officer will notify Environment Team of this organisations work.

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ◉ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ○ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Our vision is to create a thriving, sustainable ecosystem in the City of Marion by promoting wildlife conservation, environmental education, and community engagement. We aim to inspire and empower residents to protect and enhance local biodiversity, ensuring a healthy and vibrant natural environment for future generations.

Our purpose is to protect and restore local wildlife habitats to support diverse species and maintain ecological balance.

Raise awareness and educate the community about the importance of wildlife conservation and sustainable living practices.

Must be no more than 100 words.

Project title: *
Incubators

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date
10/12/2024
If relevant, can leave blank

Anticipated end date
28/06/2025
If relevant, can leave blank

Please provide a brief summary of your project *
Our mission is to rescue orphaned, sick and injured wildlife, rehabilitate them, and release them back into their natural habitats once they have recovered.

With additional funding, we can provide our rescuers, carers and rehabilitators with the essential and crucial equipment needed to ensure proper care and rehabilitation for wildlife. By equipping our team with the right tools, we can also recruit new carers and rescuers.

SANAR researches and compiles care information, designs brochures, prints and distributes them to vet clinics and to members of the public..

We rescue all types of native animals, including common, specialised, endangered, and vulnerable species.

With the help of extra equipment and food supplies, we will improve the health and survival

rates of wildlife in our care. This will lead to better outcomes, create positive results, and promote the preservation of our wildlife.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
We provide:

Educational Programs: We offer one to one educational workshops, and school programs to educate people about local wildlife, their habitats, and the importance of conservation efforts.

Community Events: We regularly organise BBQs and discuss what we do as a group.

Volunteers Opportunities: We encourage members of the public to participate in wildlife rescue by instructing them on how to safely pick up an animal and place it in a container. This hands-on involvement helps people feel more connected to conservation efforts.

Public Campaigns: Promoting awareness through social media, local media, and public talks to inform the community about specific wildlife issues and how they can help.

These initiatives help build a community that is informed, engaged, and supportive of wildlife conservation, ultimately leading to better protection and preservation of wildlife and their habitats.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *
Conduct regular workshops or information sessions on wildlife conservation. These can be tailored for different age groups and interests to maximise participation.

Partner with local schools to promote wildlife education.

Collaborate with local businesses, government agencies, and other non-profits to expand our reach and resources.

Develop volunteer programs that encourage residents to participate in conservation activities. Provide training and recognition to keep volunteers motivated.

Provide brochures where residents can access information, tools, and support for wildlife-frie ndly practices at home.

Create an interactive website and social media presence to share educational content, event updates, and success stories. This can help reach residents who prefer online access.

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10004 From SA Native Animal Rescue Incorporated
Form Submitted 17 Sep 2024, 6:10PM ACST

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Partnering with local schools to conduct wildlife education programs can engage students and their families, fostering a sense of community and intergenerational learning.

Creating online forums or social media groups where residents can share their experiences, ask questions, and discuss wildlife-related topics can help build a supportive online community.

Ensuring that events and activities are accessible to people with disabilities and those from diverse backgrounds can promote inclusivity and ensure that everyone in the community feels welcome and valued.

By implementing these strategies, our organisation can create a more connected and engaged community, where residents feel a sense of belonging and are motivated to participate in wildlife conservation efforts.

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *
Interacting with wildlife and spending time in nature has been proven to lower stress levels, reduce anxiety, and improve mood. The calming effect of nature helps residents feel more relaxed and mentally resilient.

Our project fosters a sense of community by bringing people together through shared activities and interests. This social interaction is crucial for mental well-being, reducing feelings of loneliness and isolation.

Activities such as feeding birds or observing wildlife encourage mindfulness and provide a break from the hustle and bustle of daily life. This can lead to better mental clarity and emotional balance. By providing wildlife equipment and food supplies, we are not only supporting the local ecosystem but also creating opportunities for our residents to lead healthier, happier lives.

Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *
Participants can gain practical experience in wildlife conservation and environmental monitoring.

Being with a wildlife organisation can lead to or coordinating wildlife projects which provides opportunities to develop project management skills, including planning, organising, and overseeing activities.

Engaging with the community, presenting at workshops, and participating in public awareness campaigns help improve verbal and written communication skills.

Addressing environmental challenges and finding innovative solutions to conservation issues fosters critical thinking and problem-solving abilities.

Working with diverse groups, including other organisations, schools, and local businesses, enhances collaboration and networking skills.

Must be no more than 150 words.

CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10004 From SA Native Animal Rescue Incorporated
Form Submitted 17 Sep 2024, 6:10PM ACST

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
Our projects can foster an inclusive environment where everyone feels welcome and respected. This can be achieved by promoting respectful interactions and ensuring that all activities are free from discrimination and harassment. Within our organisation we have policies and procedures that encompasses discrimination, bullying, harrassment and other aspects creating a safe space and cultural harmony.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
By organising workshops and volunteer programs, our organisation empowers residents to participate in wildlife conservation and environmental education. This fosters a sense of community and encourages residents to work together to build strong neighborhoods.

Our initiatives to protect and restore local wildlife habitats help maintain and enhance biodiversity. This deep connection with nature enriches residents' lives and supports the natural environment.

Promoting sustainable living practices, such as water-friendly gardening and reducing pesticide use, helps minimise the impact on the climate and protects the natural environment.

Volunteer programs bring people together, fostering social connections and reducing isolation.

By providing opportunities for skill development in areas such as conservation, project management, and community engagement, our organisation supports residents' personal and professional growth.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Our volunteers contribute their time and expertise to a variety of activities, including educational workshops, financial management, and policy and grant funding, all at no cost.

Organising fundraising events such as BBQs and movie nights which can generate funds to support the project.

Applying for grants from government agencies, foundations, and other funding bodies, as well as soliciting donations from individuals and businesses.

Encouraging community members to become members of our organisation can generate a

steady stream of income to support ongoing projects.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
Volunteers can lead or assist in conducting workshops on topics such as wildlife conservation. This allows them to share their knowledge and passion with the community. Volunteers can contribute their skills in areas like financial management, policy development, and grant writing. Organising and running community events, such as BBQs and workshops. By involving volunteers in these activities, we not only enhance our projects but also provide opportunities for community members to contribute, learn, and grow.
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
Yes, our organisation is committed to environmental sustainability and biodiversity support.

We fully comply with the upcoming single-use plastics legislation starting in September 2024.

We actively avoid excessive waste by implementing waste reduction strategies such as using reusable materials, minimising packaging, and encouraging participants to bring their own reusable items to events.

We ensure that all recyclable materials are properly sorted and disposed of.

By adhering to these practices, we aim to create a positive impact on the environment and foster a sustainable future for the City of Marion.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Total amount
5310
This number/amount is calculated.

Quotes

Any expenditure items over $1,000 require 2 quotes for the application to be eligible. If purchasing the same item multiple times and the total exceeds $1,000 please attach quote *

Filename: Marion Council photos for incubators.docx
File size: 437.4 kB
Attach/upload all required quotes here.

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
Currently, we do not have sufficient funding. However, with additional financial support, we will be able to purchase incubators for the upcoming season. Our group, though relatively new with 70 members, includes many experienced and dedicated individuals who have been involved with other organisations for over a decade. Incubators are essential for our work as wildlife carers, significantly improving the outcomes for orphaned, sick, and injured wildlife. Additionally, our specialisation in caring for endangered and vulnerable species will greatly benefit from having these incubators.
Must be no more than 100 words.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *
$2,650.00
Must be a dollar amount.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1 (Version 3 of 3)
Application No. CG2425_R10004 From SA Native Animal Rescue Incorporated
Form Submitted 17 Sep 2024, 6:10PM ACST

Please put $0 if you are unable to proceed with partial funding

Is there a participant fee for your project? If so, how much? *
$0
If there is no fee, put $0 or N/A

or

Any further information you would like to include:

We are a not-for-profit organisation established in November 2022 by a team of dedicated and experienced carers, each with over a decade of experience and current wildlife permits. Our mission is to rescue orphaned, sick, and injured wildlife, rehabilitate them, and release them back into their natural habitats once they have recovered. SA Native Animal Rescue primarily aims to support our carers by providing them with essential food supplies and equipment, ensuring they are well-equipped to assist wildlife in need and improve their outcomes.

Our organisation is committed to researching information from reliable sources on endangered and vulnerable species such as the pardalote, native finches, wrens, plovers, raptors, pygmy possums, antechinus, native bush rats, and other lesser-known native animals. With our experience in caring for and rehabilitating these species, we are specialising in their care. Additionally, we strive to educate the public about the habitats and food sources these native animals require.

We also educate and mentor new members to ensure they care for wildlife appropriately, tailored to the specific needs of the native animals.

Project details

*** indicates a required field**

What type of not-for-profit organisation are you? *
- ○ Community group
- ◉ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Philanthropic organisation
- ○ Charity
- ○ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Our purpose is to achieve positive and lasting outcomes for children, families and communities.
Must be no more than 100 words.

Project title: *
Cultural Club
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date
10/10/2024
If relevant, can leave blank

Anticipated end date
24/01/2025
If relevant, can leave blank

Please provide a brief summary of your project *
Key Assets SA Culture Club is giving our children in care and their carers the opportunity to connect to their Aboriginal heritage in a fun, educational and culturally sensitive way.

Immersing in culture to keep identity at the forefront of everything we do for a sense of 'belonging, being, becoming' following the ELYF
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (e.g. the activities you will perform), and what outcomes are expected. Please include number of workshops, expected number of attendees, potential venue etc all basic project information

Benefit to City of Marion Residents

Describe how your activity or project benefits the majority of City of Marion residents eg. 80% or greater. *
Bring people to the Marion community and raise awareness of Marion's connection to culture and history.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10015 From Key Assets Australia
Form Submitted 13 Aug 2024, 3:03PM ACST

Foster a sense of community responsibility and respect for the Kaurna culture.

Supporting the mental health and well-being of First Nations people.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion residents?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage? *

Distribute invitations to attend cultural activities and follow up these invitations, promoting the club.

Collaborate with local organizations and businesses.

Monitor our community participation.

Must be no more than 200 words.
Consider how you will identify City of Marion residents and/or members of local clubs/organisations participating within your project or activity.

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.

Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Foster carers often become integral members of their local communities, fostering a sense of shared responsibility for children's well-being.

Our club provide a sense of purpose and belonging, offering support to other foster carers.

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Focus on Health and Wellbeing

Demonstrate how your project provides opportunities for supporting better physical and or mental health for our residents. *

Our club is all inclusive so it increases the children's sense of belonging and to assist the children in uncovering their identity, helping them explore where they came from and give them direction on where they are going.

Also educates non First Nations people to gain a deeper understanding of Australia's history and the inter-generational trauma experienced by First Nations people.

Must be no more than 150 words.

Skill Development

What opportunities does your activity or project offer participants for skill development? e.g. employment, leadership and/or life skills? *

Immersive cultural experiences enhance language and intercultural communication.

Understanding diverse cultures fosters empathy, respect and cultural intelligence.

By engaging in activities our families and children gain a well rounded knowledge about cultural practise and safety

Must be no more than 150 words.

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10015 From Key Assets Australia
Form Submitted 13 Aug 2024, 3:03PM ACST

Inclusivity

Does your activity or project create a safe space for the community? Is it accessible to the broader community and does it encourage cultural harmony? *
Our cultural club is not accessible to the broader community as our children at Key Assets are special needs children, however it does provide cultural harmony in a safe place where the children learn valuable lessons about their own culture and respect with different cultures, learning that no two cultures are the same.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups).

Alignment to Strategic Plan

Refer to City of Marion's Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision -Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
By fostering Key Assets community participation and involvement through cultural events and activities we contribute towards a stronger and safer cultural community. Culture Club enhances the cultural richness of the City of Marion, making it a more desirable place to live. By bringing together people from diverse backgrounds we promote social connection.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Allocating experienced staff to project management, coordination, and participant support and resources for the project to be successful. Utilizing our established relationships with community organizations to enhance our culture club experience
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Volunteers

Does your project or activity utilise or give opportunities to engage volunteers? *
We have volunteers within the organisation who will assist paid staff on the days
Must be no more than 100 words.
e.g. Our club or organisation is run by volunteers, the program or activity is delivered by volunteers etc, we are engaging new volunteers.

Environmental Responsibility

Community Grants 2024/25 Round 1
CG Application 2024/25 Round 1
Application No. CG2425_R10015 From Key Assets Australia
Form Submitted 13 Aug 2024, 3:03PM ACST

Demonstrate how the project or your organisation/club considers your environmental responsibility? *
We will implement eco-friendly practices in our operations, such as reducing paper waste, recycling, and energy conservation. We will incorporate environmental education into our programming, raising awareness of sustainability issues and inspiring positive action. We will explore the relationship between culture and the environment, highlighting traditional practices that promote sustainability. By integrating these elements into our club's activities, we aim to contribute to a healthier planet while enriching our cultural programming.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).
No files have been uploaded

Budget

*** indicates a required field**

[redacted]

Amount you are requesting from the City of Marion (Maximum is $10,000) *	$9,500.00
Total/Overall project cost (can be estimated) *	$9,500.00

Funding information (Section 2)

Is there any other funding that will contribute to the project? *
☐ Yes - if yes please complete this Section (2)
☑ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
eg: Donation from Bunnings for $500 towards the project - confirmed

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
We could proceed with partial funding, as they are 3 separate activities, however as we have them all connecting with each other we would have to rearrange the order in which we plan instead of it all connecting together and rolling into one.

We are still waiting quotes on the Cultural Camp guide and the Cultural performance. Our cultural lead at Key Assets is resourcing contacts for the best quote
Must be no more than 100 words.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *
$7,500.00
Must be a dollar amount.
Please put $0 if you are unable to proceed with partial funding

Is there a participant fee for your project? If so, how much? *
$0
If there is no fee, put $0 or N/A

Further information

Please attach any additional information that you think may be relevant to your application	*No files have been uploaded*
	or
Any further information you would like to include:	We have previously held 2 culture clubs so we know they are successful and the benefit of them for the young people to all come together and celebrate diversity. Heading into the new year we want to expand on this and give the YP a 'hands on' experience so they can see for themselves what is being taught to them, putting their new information and education into practice. We are hoping to arrange 3 larger activities for the YP to broaden

their knowledge at the Cultural Immersion Centre and Warriparinga.

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Applicant will seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded project. The City of Marion will also have the right to independently promote the project s/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. Changes come into effect as of 01/09/2024 and grant recipients are required to adhere to all regulations. This includes the use of plastic food containers, shopping bags, bag tags, confetti, balloon sticks, balloon ties etc. For further information, please visit replacethewaste.sa.gov.au.

I declare that to the best of my knowledge the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Community Grants

GUIDELINES

CITY OF MARION

marion.sa.gov.au/grants

GUIDELINES

Introduction

The purpose of the Community Grants Program is to assist local not-for-profits to establish and undertake projects or activities that are beneficial for the community.

Applications should support and align with The City of Marion Strategic Plan and Community Vision – Towards 2024.

Applications should ensure programs, activities and events are inclusive and as accessible as possible for all groups, including people of various genders, ages, sexuality, cultural backgrounds, religious beliefs and those living with disability. The City of Marion recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups within our community.

Support with your application

Applicants are strongly encouraged to refer to this document and the Strategic Plan link before considering or commencing an application.

If you require further information please contact Ashley Lambourne, Grants Officer on phone 08 8375 6600 or email ashley.lambourne@marion.sa.gov.au .

All information relating to City of Marion grants including key dates and previously successful recipients can be found on the City of Marion website.

Applications need to be submitted online.

To be eligible

- Applications are required to be from incorporated, not-for-profit organisations and groups.
- **NOTE:** Groups that are not incorporated need an incorporated body willing to accept the funds on your behalf and accept responsibility for the funding of the project.Applications must include completed financial information and necessary quotations.

The following will make an application ineligible

- Funding for individual, private, political or commercial enterprises or activities.
- Fundraising or sponsorship.
- Ongoing operational costs, core business, salaries or costs not directly related to project delivery.
- Payment for facilitators/instructors (unless it is clearly demonstrated that required expertise cannot be sourced internally).
- If applicants have already applied within other City of Marion grant streams for the same project within the same round.
- Projects implemented outside of the City of Marion council boundaries (unless the activity clearly demonstrates significant benefits to the participants, being City of Marion residents).
- The project has commenced or retrospective funding (money spent before a grant is approved).
- Funding for academic research or conference costs, interstate or overseas travel.
- Funding for once off events.
- Schools are not eligible to apply. External organisations conducting activities within schools, during school hours, are also ineligible.
- The organisation has an outstanding acquittal or debt owing to Council. *Please note this does not apply to organisations that have a loan with Council and are complying with the repayment terms.*

Ineligible applications will not progress to the assessment stage.

Funding and additional criteria

- Each funding round may include one grant up to $10,000.
- The remaining funding pool has a $5,000 limit per application.

Community Grants

GUIDELINES

CITY OF MARION

- Applicants must declare any current and/or ongoing in-kind or financial support received from the City of Marion eg subsidised rent, funding agreements.
- Only one application per community group/organisation per round will be accepted.
- Where relevant, applications may be approved subject to additional criteria being met (eg: subject to development approval, landlord approval etc).
- Grants should generally not be used for site improvements on private property.

Grant Objectives

Applicants should consider the following:

- Establish and undertake activities that align with relevant areas of The City of Marion Strategic Plan and Community Vision – Towards 2024.
- Activities that focus on the following will be highly considered:
    - Demonstrate a strong benefit to City of Marion residents.
    - Demonstrate inclusivity and accessibility to the wider community, where possible.
    - Encourage community led projects/activities, including opportunities for volunteers.
    - Create opportunities for increased social connections and increased community participation.
    - Demonstrate how the outcomes of the funding includes giving back to the community.
    - Enable wellbeing eg: healthy lifestyles, skill development, community safety, cultural harmony
    - Demonstrate environmental responsibility by the organisation/group, where applicable, eg: environment policies or practices.

Examples of funding areas could include: recreational/community programs, workshops/series of events, eg: health & wellbeing and/or skill development, equipment, arts and cultural activities, facility upgrades and minor capital works.

How are applications assessed?

- Applications will be assessed and scored against grant guideline criteria.
- Applications will be assessed and scored against community grant objectives.
- Applications will be assessed and scored against the City of Marion's Strategic Plan.
- A reduction of 10% is applied to the application total assessment score if the organisation has been funded within the last 3-4 rounds, and a reduction of 20% applied if funded within the last 1-2 rounds.
- Additional assessment information to be included as per endorsed Council processes eg: Community Grants Assessment Matrix 2024, grants committee.

Please note that meeting the eligibility criteria alone does not guarantee funding. The Community Grants Program is highly competitive with a budget limit. The decision to award a grant is made by Council and the decision of Council is considered final. This decision may take into account other matters that Council deem reasonable and relevant to the decision-making process.

Financial reporting and acquittal

Applicants will be required to complete an acquittal form online. The form is due one month after the completion of the project or 13 months from the funding date, whichever is earlier. Evidence of expenditure is required – **all receipts must be attached to the acquittal.**

The acquittal form verifies that the grant funding has been spent in accordance with the project budget provided in the application form. Final acquittal of the grant requires a statement of income and expenditure for the project as well as feedback documentation. The feedback provides valuable insight for Council on how your project and the community have benefited from the Community Grants Program. (where applicable please include photos of your project/activity).

Successful applicants are required to comply with terms and conditions included in the application form.

Community Grants **Assessment Matrix**

Activity or Project Criteria	Weighting Applied	Criteria Applied to Assessment
Activity or Project benefits majority of City of Marion residents	**20%**	Demonstrates participation by CoM residents and/or members of local CoM clubs/organisations at an 80/20 ratio or higher.
Activity or Project creates Community Connection	**15%**	Addresses social isolation, increases opportunity for social connectedness, neighborhood connection and/or intergenerational connection.
Activity or Project incorporates a focus on health and wellbeing	**15%**	Demonstrates opportunities for supporting better physical and/or mental health.
Activity or Project incorporates a focus on skill development	**15%**	Evidence of skill development opportunities for participants eg: employment skills, leadership skills, life skills.
Activity or Project is inclusive as possible for the CoM community	**10%**	Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces for community and encourages cultural harmony.
Activity or Project aligns with CoM's Strategic Plan/Community Vision - Towards 2040	**10%**	Strength of alignment in relevant areas eg: engaged, liveable.
Activity or Project demonstrates applicant's in-kind support	**5%**	Level of applicant contribution to total project cost eg: facility, facilitators and/or resources to deliver activity/project.
Activity or Project creates opportunities for volunteers	**5%**	Project or activity utilises or gives opportunities to engage volunteers, gives back to the community.
Organisation/group demonstrates environmental responsibility	**5%**	Application indicates current or intended progress towards an increased environmental responsibility eg: organisational policies and practices in place

Community and Youth Grants Committee Terms of reference

1. ESTABLISHMENT

1.1 Pursuant to Section 41 of the *Local Government Act 1999* (the Act) Council has established a Grants Committee.

2. OBJECTIVES

2.1 The Committee is established for the purpose of:

2.1.1 Reviewing and recommending to Council the distribution of Grant Funding allocated for Community Grants and Youth Grants.

2.1.2 Ensuring the City of Marion's Grant Process supports Councils Community Vision and Strategic Plan objectives.

2.1.3 Ensuring the Community Grants Program supports not-for-profit incorporated (or auspiced) groups to establish and undertake projects or activities that are beneficial for the community.

2.1.4 Ensuring the Youth Grants Program supports the not-for-profit sector to deliver well-managed and relevant projects, programs and activities whilst strengthening connections for young people in our community.

3. MEMBERSHIP

3.1 Membership of the Grants Committee will comprise a total of six (6) members:

(i) Three Council Members per Round

(ii) Two Staff Members

(iii) A Chair – General Manager City Services

3.2 Staff Members appointed to the Committee will be from within the Community Connections Department.

3.3 The Membership for the Council Members will be on a rotational basis, with three Council Members appointed to the Committee per round as resolved by the Council.

3.4 No additional allowance will be paid to the Council Member representatives over and above the allowance already received by the Council Member.

Community and Youth Grants Committee Terms of reference

3.5 No additional allowance will be paid to any Staff Member representatives over and above the remuneration already received.

4. BASIS FOR OPERATION/FUNCTIONS

4.1 The Committee does not have any delegated powers of Council, and all decisions of the Committee will constitute recommendations to Council.

4.2 For the purpose of Section 41(8) of the Act, the Council does not impose any reporting and accountability requirements on the basis that all decisions of the Committee constitute recommendations to Council.

5. MEETINGS

5.1 The Committee shall meet at least twice per year.

5.2 The time and place for the conduct of meetings will be determined by the Committee provided that all meetings will be held in a public place within a City of Marion Building.

5.3 A quorum for a meeting of the Committee shall be half the total membership plus one, ignoring any fractions.

5.4 A deputy Chair may be appointed by those present at the commencement of the meeting if required.

5.5 The Chair will only have a casting vote.

5.6 Each member present at a Committee meeting must, subject to the provision of the Act, vote on a question arising for decision at that meeting.

5.7 If the Committee needs to deliberate in confidence (with the public excluded), it will use the provisions of section 90 and 91 of the Local Government Act 1999.

5.8 Where the Act, the Local Government (Procedures at meetings) Regulations 2000 and these Terms of Reference do not prescribe procedures to be observed in relation to the conduct of a meeting of the Committee, the Committee may determine its own procedures.

5.9 In accordance with the provisions of Section 75 of the Local Government Act 1999, the Conflict of Interest and Disclosure of Interest requirements contained within Sections 73 and 74 of the Local Government Act 1999 apply to all members of the Committee.

5.10 Administrative support will be provided to the Committee as requested.

6. FUNCTIONS

6.1 Within the parameters of the Act, and having regard to the powers, functions and responsibilities of the Chief Executive Officer, the Committee is charged with

Community and Youth Grants Committee Terms of reference

providing advice and recommendations to Council regarding:

6.1.1 Reviewing Reports: Reviewing the grant report and additional information supplied relevant to eligible applications submitted by individuals or community groups seeking funding under the City of Marion Community Grants and City of Marion Youth Grants Programs.

6.1.2 Making recommendations: Making recommendations to Council regarding which preferred projects / programs may receive funding in accordance with the Community Grants and Youth Grants assessment process, grant guidelines and matrices.

GC240326R12.7	Community Grants and Youth Grants Review 2024
FORUM240206R1.3	Community Grants and Youth Grants – Review of Programs

REPORT OBJECTIVE

To provide the Community and Youth Grants Committee Members with the applications and preliminary review undertaken by administration for the 2024/25 Round 1 Youth grants for review, assessment and recommendation to Council.

EXECUTIVE SUMMARY

Council has endorsed the future Governance Structure of the Community and Youth Grants to operate under a Section 41 Committee (GC240423R12.6).

The purpose of the City of Marion Youth Grants is to support not-for-profit groups to deliver well-managed and relevant projects, programs and activities whilst strengthening connections for young people in our community. A total of $120,000 per financial year is allocated to this program, of which $60,000 is allocated to each of the two grant rounds. Grants of up to $10,000 per application are available.

In order to support the Committee in discharging its obligations, administration has undertaken a preliminary review of the of the applications against Council's endorsed Youth Grant Guidelines (Attachment 2) and the Youth Grant Matrix (Attachment 3).

Table 1 is a summary of the applications ranked in order of total score resulting from this preliminary review.

The Committee is not bound by this scoring or ranking. The grants review card and application for each grant has been provided. The Committee may accept, reject or amend this score thereby amending the ranking to reach a recommendation to be put to Council.

RECOMMENDATION

That the Community and Youth Grants Committee:

1. **Review and assess the 2024/25 Round 1 Youth grants applications**
2. **Recommend to Council the 2024/25 Round 1 Youth grants.**

Table 1: Youth Grants (Round 1 funding pool is allocated at $60,000)

	Score	Organisation	Project	Amount requested	Part funded option
1	91.33	Sammy D Foundation	Adulting 101: Building independent living skills for the future	$7,847	$7,547
2	88.66	The Queer Society	LGBTIQ Youth Voice	$9,990	$4,800
3	88.00	Flinders United Women's Football Club	Flames: Ignite, share and lead with passion	$7,400	$5,000

DISCUSSION

Following Council's review of the process underpinning the allocation of Community and Youth Grant Funding including the process, governance structure, eligibility and assessment matrix, the Council endorsed the future Governance Structure of the Community and Youth Grants to operate under a Section 41 Committee (GC240423R12.6).

The objective of the Committee as outlined in the terms of reference is outlined below:

2.1 The Committee is established for the purpose of:

2.1.1 Reviewing and recommending to Council the distribution of Grant Funding allocated for Community Grants and Youth Grants.
2.1.2 Ensuring the City of Marion's Grant Process supports Councils Community Vision and Strategic Plan objectives.
2.1.3 Ensuring the Community Grants Program supports not-for-profit incorporated (or auspiced) groups to establish and undertake projects or activities that are beneficial for the community.
2.1.4 Ensuring the Youth Grants Program supports the not-for-profit sector to deliver well-managed and relevant projects, programs and activities whilst strengthening connections for young people in our community

The purpose of the City of Marion Youth Grants is to support not-for-profit groups to deliver well-managed and relevant projects, programs and activities whilst strengthening connections for young people in our community. A total of $120,000 per financial year is allocated to this program, of which $60,000 is allocated to each of the two grant rounds.

The City of Marion is committed to a diverse and inclusive community. Applications should reflect and celebrate this by ensuring projects are inclusive and as accessible as possible for all groups, including people of various gender, age, sexuality, cultural backgrounds, religious beliefs, and those living with a disability.

In order to support the Committee in discharging its obligations, administration has undertaken a preliminary review of the of the applications against Council's endorsed Youth Grant Guidelines (Attachment 2) and the Youth Grant Matrix (Attachment 3).

Table 1 (above) is a summary of the applications ranked in order of total score. This score is a result of three step review process including:

- individual staff within the Community Connections team undertaking a full review of each application, and scoring the application using the endorsed guidelines matrix. These individuals are considered the review panel.
- group review of the applications (including all members of the review panel) to discuss any variations, anomalies or oversights that may have occurred during the review process, and to provide any additional information provided by the applicant relevant to the review process. This step enables the finalisation of individual scores.
- the creation of a final score (an average of individual scores). The final score is what is used to rank the applications and provided to this Committee.

The Committee is not bound by this scoring or ranking. The grants review card an application for each grant has been provided. The Committee may accept, reject or amend this score thereby amending the ranking to reach a recommendation to be put to Council. Please note personal and company sensitive information has either been removed or redacted.

At the meeting, administration will be able to amend each average score as requested by the Committee.

1. Attachment 1 - Youth Grants Review Cards and Applications [**7.3.1** - 107 pages]
2. Attachment 2 - Youth Grants Guidelines [**7.3.2** - 4 pages]
3. Attachment 3 - Youth Grants Matrix [**7.3.3** - 1 page]
4. Attachment 4 - Community and Youth- Grants Committee Terms of Reference 2024. [**7.3.4** - 3 pages]

Youth Grants Review Card			
Organisation Name	Sammy D Foundation	**Project**	Adulting 101: Building Independent Living Skills for the Future
Project Description	Independent living skills program to support 15 young people between 16-24 yrs. 8 week program offers 2-3 hour weekly sessions covering topics like personal goal setting, finance management, physical and mental wellbeing, car ownership, healthy relationships, employment, and tenancy. The program includes guest speakers from local businesses and service providers, as well as two excursions, aimed at building community connections		
Funds Requested	$7847	**Total Project Amount**	$9986

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	20.00	Clearly demonstrates attainable target of at least 80% or higher.
Alignment to Strategic Plan/ Community Vision	15	13.00	Strong alignment to relevant areas - liveable engaged. Demonstrates building connections for long term support.
Youth Specific Provider	15	15.00	Proven experience. Highly regarded org within youth sector.
Community Connection	10	9.33	Strong and practical community connections relevant to YP needs/demographics.
Inclusivity	10	10.00	Safe spaces, D&I Policy, Upskilled staff members in D&I areas.
Youth Engagement	10	8.67	Org led program. Feedback opportunities for participants assists planning and delivery.
Health and Wellbeing	10	10.00	Comprehensively addresses factors.
In-Kind Support	5	3.00	Limited in kind support.
Environmental Responsibility	5	2.33	Minimal practices in place.
Total	100	91.33	
FINAL SCORE		**91.33**	

Previous Funding Consideration	Applicant has not been funded in the previous 4 rounds
Partial Funding Consideration	Could proceed with partial funding of $7,547.
Participant Fee Consideration	Free for participants.
General Considerations	1. Organisation has educated more than 269,000 people through programs since 2008. 2. Continual feedback from young people for improvement. 3. Excellent application and program deliverables.

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Educational Institution
- ○ Philanthropic organisation
- ◉ Charity
- ○ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
The Sammy D Foundation is a violence prevention charity for young people aged 10 to 25 years, which was establish in 2008 in response to the tragic death of Sam Davis from a one punch assault.

Our Purpose is to end violence by connecting and empowering young people.

Our Aspiration is for all young people to live their best life free from violence.

By providing relevant, age appropriate, information, knowledge, and tools, the Sammy D Foundation empowers young people to make positive life decisions for a better community.

Must be no more than 100 words.

Project title: *
Adulting 101: Building Independent Living Skills for the Future

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date	**Anticipated end date**
01/01/2024	30/06/2024
If relevant, can leave blank	If relevant, can leave blank

Please provide a brief summary of your project *
The Sammy D Foundation will deliver our Adulting 101: Independent Living Skills Program to up to 15 young people aged between 16 and 24 years of age.

According to the Australian Bureau of Statistics:

- around 18% of young people aged 18-19 do not live with their parents
- one of the most common reasons young people move out of home is to be independent
- those experiencing family conflict are more likely to move out before turning 18
- group or share houses are the most common destination for young people leaving home before 18.

YG Application 2024/25 R1
Application No. YG24250008 From Sammy D Foundation Limited
Form Submitted 19 Aug 2024, 10:06AM ACST

This interactive program will be delivered over 8 weeks, with each session running for 2-3hrs, providing participants with the skills, knowledge, and confidence to become independent, successful young adults.

Week 1: Personal Goal Setting, Tax and Super

Week 2: Finance Management

Week 3: Physical Wellbeing

Week 4: Mental Wellbeing

Week 5: Car Ownership and Maintenance

Week 6: Healthy and Respectful Relationships

Week 7: Employment and Tenancy

Week 8: Stylist, Graduation and Celebration

To support community connections, the program involves weekly guest speakers from local businesses and services providers and includes two excursions.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (i.e. the activities you will perform) and what outcomes are expected. Please include number of workshops etc all basic project information.

How many young people will be attending? (can be an estimate)
15

Please advise where your project will be held / located (this can be unconfirmed)
Westfield Marion (unconfirmed)

Benefits to City of Marion Young People

Describe how your activity or project benefits the majority of City of Marion young people eg. 80% or greater.
The program will benefit a minimum of 80% of City of Marion young people.

The program will be promoted through employment and training service providers, registered training organisations, sport and recreation clubs, schools, libraries, youth groups, and community centres located within the City of Marion.

Some users of these services may reside outside of the City of Marion. We will initially only accept applications from young people residing within the City of Marion. Only after we have reached a minimum of 80% will we open registrations to young people living outside the region.

As part of the program participants will be connected to service providers and organisations located within the City of Marion.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion young people?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage?
The program will be promoted through employment and training service providers, registered training organisations, sport and recreation clubs, schools, libraries, youth groups, and community centres located within the City of Marion.

The Sammy D Foundation is well connected to all secondary schools within the City of

Marion (public, catholic and independent). Wellbeing Co-ordinators, FLO Coordinators, Pastoral Workers, and Youth Workers will be sent a flyer they can display as well as information that can be included in their school newsletter.

We will also provide flyers and similar information to student services contacts at Flinders University, local registered training organisations, local job network providers, local youth groups, and City of Marion's Community Centres.

The Foundation is also well connected to many sport and recreational clubs throughout the Council. Flyers and similar information will be shared with our partner sporting clubs for display.

Targeted advertising for the program will be undertaken through Facebook, as well as promoted through our other social media sites.
Must be no more than 200 words.
Consider how you will identify City of Marion young people participating within your project or activity.

Alignment to Strategic Plan

Refer to City of Marions Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision - Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
This project strongly aligns with several key themes from the City of Marion's Community Vision >Towards 2040, particularly Engaged, Liveable, and Connected.

The main aim of Adulting 101 is to build young peoples skills and knowledge, to empower them to be able to make safe, informed decisions, now and into the future as they transition to adulthood and independent living,

Adulting 101 not only celebrates healthy lifestyles but provides young people with the knowledge and skills to develop a healthy lifestyle that expands beyond physical activity and includes mental health, relationships, healthy eating, and sleep routines.

Through the inclusion of local service providers as co-facilitators of the program Adulting 101 also supports young people to expand their support network by building connections within their local community to places where they can continue to seek information, advice and support long after the program is finished.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Youth Specific Provider

Does your organisation have experience delivering youth specific programs aimed at young people between the ages of 12-25 years to address a current need? *
Since 2008 the Foundation has educated more than 269,000 participants through a suite of programs aimed at prevention bullying, violence, alcohol and other drugs misuse, empowering young people to keep themselves and their mates safe from harm. These programs are delivered in schools, sporting clubs and the broader community.

We also deliver 1:1 mentoring programs aimed at meeting the needs of young people who lack a positive adult role model, and programs to building young people's capacity to live independently and successfully transition to adulthood.

The Foundation works from a model of youth development, starting from identifying a young person's strengths and then building on those, increasing their social and emotional

wellbeing, and their self-esteem and resilience, empowering them to make safe, positive and informed decisions
Must be no more than 150 words.
e.g. examples of previous youth programs delivered. How is your intended program addressing a current youth need?

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
We identify local services partners to co-facilitate each of the weekly sessions of the program. These partners reflect the needs of the individual participants, for example we have engaged Aboriginal service providers to meet the needs of a cohort of Aboriginal young people. The use of local service providers expands young people's support network by establishing connections with organisations that can continue to provide information, advice and support outside of the program.

The program includes two excursions to a local supermarket and an op shop. This enables participants to actively put into the practice the skills and knowledge they've learnt through the program. It also helps builds confidence empowering the young people to repeat those activities outside of the program through establishing a local community connection.

The weekly sessions enabling participants to build friendships outside of home, school or work, with other young people that live locally.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Inclusivity

Does your activity or project create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity or project as inclusive as possible for young people? *
The Sammy D Foundation is committed to social inclusion, and the provision of a safe space for all young people regardless of their background, culture and beliefs. We have a Diversity and Inclusion Strategy, and all staff have completed cultural awareness training, and LGBTQIA+ Inclusion training. Any sites we use are also required to be accessible.

For each program we identify partner service providers that are local to the area and meet the needs of the program participants. For example, when delivering this program for a cohort of Aboriginal young people we sourced partners that were Aboriginal service providers, or requested Aboriginal facilitators, and/or information specific to the services and supports available for Aboriginal young people. We will take the same approach for young people from all different backgrounds, cultures and beliefs.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable young people and/or specific youth demographics).

Form Submitted 19 Aug 2024, 10:06AM ACST

Enables Youth Engagement

Does your activity or project encourage opportunities for young people to lead or co-design phases within the project? *
Our program participants contribute to the ongoing development and evolution of all future program delivery, by helping us to identify what's working, how relevant our content is, and what might need to change.

For this project this involves obtaining feedback weekly on each topic relating to:

• the relevance of the topic
• the usefulness of the information provided
• what else could/should be included
• the involvement of the selected co-facilitation partner

At the conclusion of each program, we also seek feedback on:

• what topics they would like included in future programs
• how confident they feel in being able to apply the skills and knowledge they've learnt
• how likely they are to refer the program to others.

Must be no more than 150 words.
e.g. demonstrate opportunities for young people to be involved in planning and delivery.

Promotes Positive Wellbeing for Young People

Demonstrate how your activity or project incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. *
The project incorporates the development of positive wellbeing for young people through a range of topics including:

• learning to set and achieve personal goals
• the importance of self-care, managing stress, and other ways to look after your mental health
• healthy eating including nutrition and meal planning
• low & no-cost ways to incorporate physical movement into your daily life
• understanding respectful relationships including sexuality, safe sex and consent
• building confidence in being able to make informed decisions about all the responsibilities that come with adulthood and living independently
• building a connection to community and a support network outside the family home.

Must be no more than 150 words.
Skill development may include employment, leadership and life skills.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Data entry for program evaluation – volunteers. Snacks for program participants each week.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1
Application No. YG24250008 From Sammy D Foundation Limited
Form Submitted 19 Aug 2024, 10:06AM ACST

Environmental Responsibility

Demonstrate how the project or your organisation considers your environmental responsibility? *
The Sammy D Foundation encourages environmental responsibility through:

- separate collection of recyclable waste
- encouraging thrift shopping to promote the circular economy
- purchasing consumables made from recycled materials
- encouraging walking, cycling, and the use of public transport to reduce vehicle emissions.

Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

If relevant, can leave blank

Please provide a brief summary of your project *
This project aims to empower LGBTIQ youth in the Marion Council area through a combination of artistic expression, leadership development, and community advocacy.

Key Components:

LGBTIQ Youth Arts Project: Building on last year’s Youth Zine, this initiative will feature workshops, exhibitions, and public displays of art created by LGBTIQ youth. The project will provide a platform for their stories and perspectives, showcasing their creativity and experiences.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250020 From The Queer Society incorporated
Form Submitted 3 Sep 2024, 11:28PM ACST

LGBTIQ Youth Action Council: A new Youth Action Council will be established to focus on advocacy, leadership, and community involvement. Comprising young people from groups like SAGA and previous art projects, the council will lead advocacy efforts, manage community projects, and contribute to the arts initiative, giving youth a prominent role in shaping their community. With the intention to be established to continue sustainably beyond this grant

Community Podcast: We will develop a podcast series that highlights local LGBTIQ stories, experiences, and events. This platform will allow youth to share their narratives, connect with the community, and raise awareness about important issues.

The project will create a vibrant, supportive environment for LGBTIQ youth, integrating artistic, advocacy, and leadership elements to strengthen their role in the community.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (i.e. the activities you will perform) and what outcomes are expected. Please include number of workshops etc all basic project information.

How many young people will be attending? (can be an estimate)
45

Please advise where your project will be held / located (this can be unconfirmed)
Ideally Cooinda neighbourhood centre not confirmed

Benefits to City of Marion Young People

Describe how your activity or project benefits the majority of City of Marion young people eg. 80% or greater.
This project benefits approximately 70.2% of City of Marion, through both young person engagement, as well as a broad demographic of possible listeners.

Artistic Opportunities: The LGBTIQ Youth Arts Project will involve all LGBTIQ youth in creative workshops, exhibitions, and public displays, ensuring broad participation. This inclusive approach allows diverse young people to engage in artistic expression and cultural enrichment.

Leadership and Advocacy: The new LGBTIQ Youth Action Council will provide leadership and advocacy training to a diverse group of young individuals. This initiative equips participants with valuable skills and experience in leadership and community involvement, benefiting a wide range of youth.

Community Connection: The community podcast will feature local LGBTIQ stories and experiences, offering a platform for young people to share their narratives and connect with others. This fosters a sense of belonging and strengthens community ties.

Skill Enhancement: Workshops and projects will develop essential skills such as teamwork, communication, and project management. These skills are valuable for personal growth and future career opportunities.

By engaging young people through these inclusive and skill-building activities, the project supports a connected and empowered youth community, impacting a significant portion of the City of Marion's young residents.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion young people?

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250020 From The Queer Society incorporated
Form Submitted 3 Sep 2024, 11:28PM ACST

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage?
To achieve broad participation among City of Marion's young people, we will implement these strategies:

Outreach and Promotion: We will conduct extensive outreach through schools, community centres, social media, and local youth organisations. Collaboration with partners like schools and groups such as SAGA will help disseminate information widely.

Inclusive Programming: Our activities will be designed to accommodate diverse interests and needs. We will offer a variety of entry points, including art workshops, leadership training, and podcast contributions, to ensure accessibility for all young people.

Partnerships and Collaboration: We will work closely with local organisations and community groups to tap into their networks and engage their members. These partnerships will enhance our reach and provide additional support.

Feedback and Adaptation: We will actively gather feedback from participants to ensure our programs align with their needs and preferences. This will allow us to adjust our approach and improve engagement.

Tracking and Evaluation: A tracking system will be used to monitor participation rates and demographics. Regular evaluations will help us assess progress and make necessary adjustments to meet our engagement targets.

These strategies will help us effectively engage a significant portion of the City of Marion's young population and ensure the project's success.
Must be no more than 200 words.
Consider how you will identify City of Marion young people participating within your project or activity.

Alignment to Strategic Plan

Refer to City of Marions Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision - Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
The project aligns the City of Marion's vision by enhancing engagement, livability, connectivity, innovation, and prosperity.

Engaged: The project involves young people through art, leadership, and advocacy, enhancing their participation and sense of involvement.

Liveable: It improves quality of life by offering enriching creative and leadership opportunities, contributing to a supportive community environment.

Valuing Nature: The arts workshops will incorporate elements of environmental awareness and sustainability, promoting a connection to nature and responsible practices.

Connected: By featuring inclusive art initiatives, a youth action council, and a community podcast, the project fosters connections among young people and the broader community.

Innovative: It uses creative methods, such as blending art with leadership development and storytelling through a podcast, to engage youth and address community needs.

Prosperous: The project builds skills in leadership, teamwork, and advocacy, supporting personal and professional growth, which contributes to the overall prosperity of young people and the community.
Must be no more than 150 words.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250020 From The Queer Society incorporated
Form Submitted 3 Sep 2024, 11:28PM ACST

Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Youth Specific Provider

Does your organisation have experience delivering youth specific programs aimed at young people between the ages of 12-25 years to address a current need? *
Yes, we have significant experience delivering youth-specific programs for individuals aged 12-25. Our organization has facilitated the SAGA group, providing targeted support for LGBTIQ youth. Additionally, we have managed LGBTIQ-focused initiatives, including art projects and workshops, and organized LGBTIQ retreats and youth camps. These programs have effectively addressed the unique needs of young people, supporting their engagement, skill development, and community connection. This track record demonstrates our capability to meet current needs and positively impact the well-being of youth in this age group.
Must be no more than 150 words.
e.g. examples of previous youth programs delivered. How is your intended program addressing a current youth need?

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Inclusive Artistic Engagement: The LGBTIQ Youth Arts Project offers a platform for young people to express themselves through art, creating shared experiences and fostering connections with others who have similar interests. Public exhibitions will invite broader community engagement, strengthening local ties.

Youth Action Council: The council will lead advocacy and community projects, engaging youth in meaningful activities that address local issues. This involvement encourages interaction among young people and with other community members, fostering a sense of belonging and purpose.

Community Podcast: By highlighting local LGBTIQ stories and experiences, the podcast creates a space for diverse voices and perspectives. This helps bridge gaps between different groups and promotes understanding, reducing social isolation.

Overall, the project creates opportunities for meaningful participation, reduces social isolation, and strengthens connections within the community.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Inclusivity

Does your activity or project create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity or project as inclusive as possible for young people? *
Safe Environment: We will implement clear policies and practices to ensure a welcoming and respectful atmosphere. This includes training facilitators and volunteers on cultural competency and inclusivity.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250020 From The Queer Society incorporated
Form Submitted 3 Sep 2024, 11:28PM ACST

Diverse Programming: The LGBTIQ Youth Arts Project, Youth Action Council, and community podcast will be structured to reflect and celebrate the diversity of participants. Activities and content will be designed to be inclusive of various identities, cultures, and experiences.

Accessibility: We will ensure that all aspects of the project are accessible, including providing resources and support for those with different needs. This includes offering materials and activities that accommodate various cultural and personal preferences.

Participant Input: We will actively seek feedback from participants to continually improve the inclusivity of our programs and address any concerns they may have.

By fostering a supportive and inclusive environment, the project ensures that all young people feel safe and valued, regardless of their background or beliefs.

Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable young people and/or specific youth demographics).

Enables Youth Engagement

Does your activity or project encourage opportunities for young people to lead or co-design phases within the project? *
Yes, our project actively encourages young people to lead and co-design various phases:

Youth Action Council: This council will be pivotal in guiding and shaping the project. Members will lead community initiatives, contribute to the arts project, and advocate for issues relevant to them. This gives young people a significant role in the project's direction and outcomes.

Leadership Roles: Young people will be given leadership roles within the project, including managing specific tasks, organizing events, and leading discussions. These roles will empower them to take ownership and develop valuable skills.

Feedback Integration: Regular feedback sessions will be held to gather input from participants on various project elements. This feedback will be used to adjust and improve the project, ensuring that it remains relevant and engaging for the youth involved.

These approaches ensure that young people are actively involved in leading and co-designing the project, fostering their engagement and ownership.

Must be no more than 150 words.
e.g. demonstrate opportunities for young people to be involved in planning and delivery.

Promotes Positive Wellbeing for Young People

Demonstrate how your activity or project incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. *
Our project promotes positive well-being for young people in several ways:

Mental Health: The LGBTIQ Youth Arts Project and community podcast provide creative outlets and platforms for self-expression, which are essential for mental well-being. These activities help reduce stigma, build self-esteem, and foster a sense of belonging.

Skill Development: Leadership training through the Youth Action Council and various workshops will develop skills such as teamwork, communication, and project management. These opportunities support personal growth and enhance future career prospects.

Physical Health: Interactive workshops that incorporate movement and creativity will

Youth Grants 2024/25 Round 1

Application No. YG24250020 From The Queer Society incorporated
Form Submitted 3 Sep 2024, 11:28PM ACST

promote physical well-being, encouraging a balanced lifestyle.

Cultural Wellbeing: The project celebrates diverse cultural backgrounds by ensuring inclusivity and representation in all activities. This approach fosters cultural well-being and helps young people feel valued and understood.

By addressing these factors, the project supports a holistic approach to well-being, enhancing mental, physical, and cultural health for young people.

Must be no more than 150 words.
Skill development may include employment, leadership and life skills.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *

Our organization will contribute to the project through both in-kind and financial support:

In-Kind Contributions: We will provide volunteer support and utilize our existing teams beyond specific workshops. Our artists will contribute their skills on a paid basis, and we will cover all advertising and additional equipment costs.

Financial Contributions: We have secured funding from the Department of Human Services (DHS) specifically for podcasting equipment and tools, which will support the podcast component of the project.

These contributions will enhance the overall project, ensuring that we have the necessary resources and support to achieve our goals.

Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Environmental Responsibility

Demonstrate how the project or your organisation considers your environmental responsibility? *

Our project embraces environmental responsibility through:

Sustainable Practices: We will use recycled or eco-friendly materials for workshops and art activities.

Resource Efficiency: We'll minimize waste by opting for digital tools and efficient resource use, including reducing paper consumption.

Education: Workshops will incorporate environmental awareness, teaching participants about sustainable practices and the importance of nature conservation.

Local Sourcing: Materials and services will be sourced locally to lower our carbon footprint and support the local economy.

These measures ensure we minimize environmental impact while promoting sustainability within the community.

Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
Yes, we can proceed with partial funding. We will focus on producing a second youth art zine, responding to the expressed need from our young members for this project.

With the remaining resources, we will facilitate an online Youth Action Group. However, partial funding will limit the scope of this group, resulting in fewer opportunities for genuine youth voice and reduced chances for meaningful connection among participants. Despite these limitations, we will aim to deliver the core elements of the project and maximize the impact of the available resources.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *
$4,800.00
Must be a dollar amount.
Please put $0 if you are unable to proceed with partial funding

Is there a participant fee for your project? If so, how much? *
0
If there is no fee, put $0 or N/A

- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
In 2021, Cumberland United Women's Football Club and Flinders Flames Women's Football Club joined together to create Flinders United Women's Football Club. We aim to provide a safe and inclusive 'lifetime pathway' for female players. With teams from MiniRoos to Women's Senior Competitions, Flinders United's philosophy is to develop and nurture football talent among women and girls of all ages in an environment that grows skills and capabilities in teamwork, respect, commitment, and leadership. We pride ourselves on being able to provide every female who wishes to play football the opportunity to do so in a safe, supportive environment.
Must be no more than 100 words.

Project title: *
Flames - Ignite, share and lead with passion
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date
03/02/2025
If relevant, can leave blank

Anticipated end date

If relevant, can leave blank

Please provide a brief summary of your project *
At FUWFC we want to provide an opportunity for South Australian girls to come together, and experience the love of football via a fun event - our specialised coach mentoring program for ALL young females aged between 14 - 18. Open to all girls, it will have a two part focus. Part 1 - focus on being to promote football as a fun and inclusive activity that improves the physical and mental health and well-being of all Australians in a safe non-contact environment, regardless of age, gender, ethnicity, health condition or experience.

Part 2 - focus on females interested in learning leadership and coaching skills. The course will involve a 5 week program run by accredited coaches from FUWFC, during this 5 week

program the participants will learn: technical aspects of the game, including teaching the basics of passing, receiving, and dribbling with the ball, as well as defending strategies/princ

iples of coaching and comprehension of the principles of play; and concept of teaching behaviour using various sorts of practise methods. Each participant will be supported via coach mentoring, and will even lead their own training session (MiniRoos, supported). The end of the course will involve FUWFC "accreditation".

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (i.e. the activities you will perform) and what outcomes are expected. Please include number of workshops etc all basic project information.

How many young people will be attending? (can be an estimate)
90

Please advise where your project will be held / located (this can be unconfirmed)
Club Marion - 262 Sturt Road Marion S.A 5043

Benefits to City of Marion Young People

Describe how your activity or project benefits the majority of City of Marion young people eg. 80% or greater.
Our project, "Flames - Ignite, share and lead with passion", will significantly benefit the majority of young people in the City of Marion by targeting and engaging a large portion of the youth population, specifically girls aged 14-18. The program is tailored to provide leadership and coaching skills, promoting football as a fun and inclusive activity. We aim to involve at least 80% of young City of Marion residents, focusing on inclusivity, physical and mental well-being, and skill development. By offering a safe and supportive environment centrally located at Club Marion, we ensure the project is accessible to a diverse group of participants.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion young people?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage?
To ensure we achieve the targeted participation rate of 80% of City of Marion residents, our organisation will implement a comprehensive outreach strategy. We will focus on targeted recruitment starting with our own community and then by collaborating with local schools and community groups within the City of Marion to encourage sign-ups. Additionally, we will leverage social media and other marketing channels to promote the program specifically within the City of Marion, including potential partnerships with local organisations to boost visibility. We also plan to offer incentives for registration, such as discounts or special offers, to attract more participants. By hosting the program at our centrally located Club Marion grounds and scheduling sessions outside of school hours, we aim to make it convenient for local residents to participate. Furthermore, we will look to use the City of Marion's marketing platforms, such as Facebook and other community channels, to reach a broader audience

and ensure that our message resonates within the community.
Must be no more than 200 words.
Consider how you will identify City of Marion young people participating within your project or activity.

Alignment to Strategic Plan

Refer to City of Marions Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision - Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
Our project aligns with the City of Marion Community Vision - Towards 2040 in several key ways:
Liveable: We celebrate diversity in sport by offering a program open to all girls, fostering an inclusive environment.
Engaged: By organising a fun and inclusive event, we strengthen community bonds, contributing to strong, engaged neighbourhoods.
Innovative: Our dedicated coaching and mentoring program for young girls is a unique initiative, challenging traditional views of football and empowering young women.
Connected:The program brings together girls in a safe, inclusive, and enjoyable environment, promoting connections within the community in new and exciting ways.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Youth Specific Provider

Does your organisation have experience delivering youth specific programs aimed at young people between the ages of 12-25 years to address a current need? *
Flinders United WFC has extensive experience delivering youth-specific programs aimed at young people aged 12-25 years. As a club dedicated to girls and women in sport, we have developed and implemented a variety of programs that cater to the unique needs of this demographic.
We offer a lifetime pathway for girls, ensuring that every female player has the opportunity to develop her football skills and leadership capabilities. Our program is designed not just to improve football skills but also to address broader social and mental health needs, promoting teamwork, respect, commitment, and leadership.
We understand the challenges that young women face in sports, such as declining participation rates, and our programs are specifically tailored to combat these issues by fostering a love for football in a positive, empowering environment. Our experience and dedication make us well-equipped to continue addressing the needs of young women in the City of Marion.
Must be no more than 150 words.
e.g. examples of previous youth programs delivered. How is your intended program addressing a current youth need?

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.

YG Application 2024/25 R1
Application No. YG24250027 From Flinders United WFC
Form Submitted 3 Sep 2024, 7:20AM ACST

Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
This program strengthens community connections by bringing together South Australian girls from diverse backgrounds, fostering a sense of unity by providing a platform for young females to engage in team activities and leadership roles, the program enhances neighbourhood connections and creates a supportive network. The involvement of experienced coaches and mentors also facilitates inter-generational connection, bridging the gap between younger participants and seasoned professionals. Additionally, the inclusive and welcoming environment combats social isolation by ensuring that every participant feels valued and supported, promoting a sense of belonging and community integration.

Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Inclusivity

Does your activity or project create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity or project as inclusive as possible for young people? *
Our specialised coach mentoring program creates a safe and inclusive space for South Australian girls aged 14-18 from diverse backgrounds, cultures, and beliefs. The program is designed to be open to all females, regardless of age, gender, ethnicity, health condition, or experience.

In Part 1, we focus on promoting football as a fun and inclusive activity that enhances physical and mental well-being in a non-contact environment.

Part 2 provides leadership and coaching training, where participants learn technical skills, coaching principles, and teaching methods from accredited FUWFC coaches. Each participant is supported through mentorship and given opportunities to lead training sessions. The program will foster a supportive environment where every young female feels valued and empowered.

Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable young people and/or specific youth demographics).

Enables Youth Engagement

Does your activity or project encourage opportunities for young people to lead or co-design phases within the project? *
This programme will actively encourage young people to lead and co-design phases of the project.

During the five-week program, participants are given the opportunity to lead their own training sessions for our MiniRoos, supported by coach mentors. This hands-on experience allows them to apply their learning and take on leadership roles. Additionally, participants contribute to the program’s design by providing feedback and ideas, which helps shape the course content and delivery. This collaborative approach empowers young females to take ownership of their development and influence the direction of the program, fostering

leadership skills and a sense of investment in the project.
Must be no more than 150 words.
e.g. demonstrate opportunities for young people to be involved in planning and delivery.

Promotes Positive Wellbeing for Young People

Demonstrate how your activity or project incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. *
The program is designed to promote positive well being for young people through a multifaceted approach. Mentally, we create a supportive and inclusive environment that enhances self-esteem and confidence by celebrating individual progress and providing mentorship. Skill development is emphasised through hands-on learning in technical aspects of football, including passing, receiving, and dribbling, alongside leadership and coaching skills. Physically, the program encourages active participation in a non-contact setting, fostering overall health and fitness. Culturally, we embrace diversity by welcoming girls from all backgrounds and beliefs, ensuring that every participant feels respected and valued. This comprehensive approach supports mental, physical, and cultural well being, contributing to the holistic development of each young participant.
Must be no more than 150 words.
Skill development may include employment, leadership and life skills.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
To estimate the dollar value of our in-kind contributions, we project the following volunteers and educators time at $30/hour totalling $12,000, marketing support valued at $2,500; event coordinators' services estimated at $2,500; and existing equipment valued at $4,000. This sums to a total in-kind contribution of $28,500. We will leverage these resources, along with financial support, to enhance the program's quality and reach, including the expertise of our educators and coaches, marketing efforts, event coordination and equipment provisions.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Environmental Responsibility

Demonstrate how the project or your organisation considers your environmental responsibility? *
We are committed to environmental responsibility through our low-impact program. We encourage carpooling to reduce carbon emissions and support recycling initiatives at Club Marion. Additionally, we will minimise waste by using digital resources for communication and documentation, and use environmentally friendly products whenever possible.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Funding information (Section 2)

Is there any other funding that will contribute to the project? *
☐ Yes - if yes please complete this Section (2)
☑ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
eg: Donation from Bunnings for $500 towards the project - confirmed
This could include other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $2000 grant from Office for Youth or Department of Human Services $500 earned income from fundraiser

Have you received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
○ Yes
◉ No
e.g. subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received

Budget (Section 3)

Youth Grants 2024/25 Round 1

Hallett Cove Youth Leadership & Wellbeing Program
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date	**Anticipated end date**
If relevant, can leave blank	If relevant, can leave blank

Please provide a brief summary of your project *
The Hallett Cove Youth Leadership & Wellbeing Program, through Youth Opportunities' Elevate program, will support up to 20 disadvantaged students aged 15/16 from Hallett Cove School R-12.

Over 60 hours, two experienced facilitators will deliver workshops, group discussions, one-on-one coaching, and practical challenges in a supportive environment. Participation days and structure can be flexible including after school, model and frequency are determined by the schools needs and requirements.

This evidence-based program, grounded in positive psychology and cognitive therapy, empowers young people with skills to improve resilience, communication, and self-worth. Participants will form positive personal relationships, develop future-focused aspirations, and make meaningful life choices. The program's impact extends beyond the 60 hours with two years of follow-up workshops and support, ensuring sustained personal development

and positive community contributions.

The project aligns with the City of Marion's goals by promoting youth leadership, fostering inclusivity, and building stronger connections within the community.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (i.e. the activities you will perform) and what outcomes are expected. Please include number of workshops etc all basic project information.

How many young people will be attending? (can be an estimate)
20

Please advise where your project will be held / located (this can be unconfirmed)
Unconfirmed - but within the City of Marion

Benefits to City of Marion Young People

Describe how your activity or project benefits the majority of City of Marion young people eg. 80% or greater.
The Hallett Cove Youth Leadership & Wellbeing Program is designed to benefit 95% or more of young people from the City of Marion, focusing on students from Hallett Cove School R-12.

The program addresses the prevalent challenges of lower school engagement, increased stress, and mental health issues faced by disadvantaged youth in the area. It offers leadership development, well-being interventions, and long-term support.

While starting at Hallett Cove, our commitment to expanding the program to other schools within the City of Marion ensures this reach.

Beyond direct participants, the ripple effect of improved communication, resilience, and personal responsibility positively impacts families, peers, and the broader community, contributing to stronger, more connected local youth.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion young people?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage?
Youth Opportunities will work closely with Hallett Cove School R-12 and continue expanding to other schools within the City of Marion to ensure 95% or more of participants are local residents.

Our strategy includes strong partnerships with school staff and community leaders, prioritising disadvantaged young people.

We will ensure residency tracking and evaluation, regularly reviewing participant data to confirm alignment with our goal.

We will collaborate with additional schools in the council area to engage more young people if needed. Furthermore, our ongoing two-year follow-up program will sustain student engagement and development.

We will deepen the impact by providing workshops and one-on-one support, ensuring long-term positive outcomes for both participants and the wider community.

This approach strengthens student engagement and creates a ripple effect, improving

Youth Grants 2024/25 Round 1

Form Submitted 4 Sep 2024, 5:02PM ACST

relationships and communication within families, schools, and the broader community. We can achieve the 95% local youth participation goal through these targeted efforts and careful monitoring.

Must be no more than 200 words.
Consider how you will identify City of Marion young people participating within your project or activity.

Alignment to Strategic Plan

Refer to City of Marions Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision - Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *

The Hallett Cove Youth Leadership & Wellbeing Program aligns with the City of Marion's Engaged and Prosperous themes.

The program fosters an engaged community by empowering young people to develop leadership skills, resilience, and personal responsibility. By giving them the tools to make informed decisions and contribute positively to their communities, the program helps build strong neighbourhoods where young people are active participants.

The program also aligns with the Prosperous theme by providing young people access to essential life skills and education. Improving motivation, academic engagement, and future employment opportunities contributes to the city's long-term economic prosperity, ensuring that young people are equipped to participate in the City of Marion's future diverse and sustainable economy.

Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Youth Specific Provider

Does your organisation have experience delivering youth specific programs aimed at young people between the ages of 12-25 years to address a current need? *

Youth Opportunities has over 26 years of experience delivering youth-specific programs for youth aged 12-25.

In the City of Marion, many young people face socio-economic disadvantages, mental health struggles, and lower school engagement, which significantly impact their education and job prospects. Local data highlights how these barriers prevent youth from reaching their full potential.

In 2023, we engaged 3,970 young people across Australia, delivering 97 personal leadership programs with 1,470 graduates. Our Elevate program, based in South Australia, directly addresses these challenges by building resilience, self-worth, and communication skills. It instils confidence and helps young people overcome adversity and develop a future-focused mindset.

We empower youth to create positive pathways in education and employment so they can live their best lives.

Must be no more than 150 words.
e.g. examples of previous youth programs delivered. How is your intended program addressing a current youth need?

Community Connection

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250023 From Youth Opportunities
Form Submitted 4 Sep 2024, 5:02PM ACST

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
The Hallett Cove Youth Leadership & Wellbeing Program enhances community connection and reduces social isolation by empowering young people to develop leadership, communication, and resilience skills. Addressing socio-economic and mental health challenges, the program fosters stronger relationships within families, schools, and neighbourhoods, enabling participants to engage more actively in their community.

Aligned with Youth Opportunities' Theory of Change, the program encourages intergenera tional connection by involving parents, caregivers, and educators in workshops and follow-up support. This shared experience strengthens ties across generations and builds a more cohesive and supportive environment. The ripple effect of improved social and emotional skills leads to stronger, more connected families and communities. This approach aligns with the City of Marion's vision of fostering engaged, inclusive neighbourhoods by 2040, helping reduce social isolation while promoting community participation.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Inclusivity

Does your activity or project create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity or project as inclusive as possible for young people? *
The Hallett Cove Youth Leadership & Wellbeing Program creates a safe and inclusive space for young people from diverse backgrounds, cultures, and beliefs. We recognize, acknowledge, and support youth of different races, ethnicities, genders, gender identities, sexual orientations, social classes, physical abilities, and religious and cultural beliefs. Our program promotes equity by reducing stigmas and barriers, ensuring that every participant feels respected and valued.

Through a tailored approach, we engage vulnerable young people, including those from marginalized communities. By involving parents, caregivers, and educators, we create a broader support network that fosters inclusivity. Our evidence-based model ensures participants develop confidence, self-worth, and a sense of belonging, contributing to a supportive environment where young people from all backgrounds can thrive.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable young people and/or specific youth demographics).

Enables Youth Engagement

Does your activity or project encourage opportunities for young people to lead or co-design phases within the project? *
As a youth-centred organisation, Youth Opportunities believes in empowering young people to take an active role in the design and delivery of our programs. Through the Elevate program, we provide opportunities for participants to co-design key elements of the project, incorporating their lived experiences and ideas into program development and facilitation.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250023 From Youth Opportunities
Form Submitted 4 Sep 2024, 5:02PM ACST

Graduates are encouraged to contribute to our graduate engagement workshops, lead sessions with peers, and share their insights in parent and educator workshops.

Aligned with the City of Marion's vision for fostering engaged and inclusive communities, we ensure young people are involved in the planning and delivery phases. This participatory approach builds leadership skills and fosters a sense of ownership and pride in the community, helping to create a stronger, more connected future for Marion's youth.
Must be no more than 150 words.
e.g. demonstrate opportunities for young people to be involved in planning and delivery.

Promotes Positive Wellbeing for Young People

Demonstrate how your activity or project incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. *
The Elevate program is specifically designed to promote positive well-being by focusing on mental health and skill development. It equips young people with practical tools to enhance their mental health, including building resilience, emotional regulation, and stress management strategies. Participants engage in self-reflection, goal-setting, and communication exercises that foster improved self-worth and emotional well-being.

Elevate also emphasizes skill development, providing young people leadership, life, and interpersonal skills that prepare them for future education and employment. This includes enhancing decision-making, problem-solving, and adaptability, which are critical for thriving in school and life. While the primary focus is on mental well-being and skill-building, these positive changes often lead to secondary impacts, such as increased confidence in managing physical health and cultural inclusion.

This evidence-based approach ensures that participants are empowered to improve their mental well-being while developing essential skills for their futures.
Must be no more than 150 words.
Skill development may include employment, leadership and life skills.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Youth Opportunities will provide the following in-kind contributions to the project:

Marketing and communications

Vehicle usage for travel to and from training days

Ongoing engagement for two years, including follow-up support

Managerial oversight to ensure successful project implementation

Co-designed workshops and support with program graduates on issues they identify as important

Essential equipment for workshops and activities

These contributions will be made possible by our internal equipment, vehicles, dedicated staff (managers and coordinators), and the invaluable support of our amazing volunteers.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250023 From Youth Opportunities
Form Submitted 4 Sep 2024, 5:02PM ACST

Environmental Responsibility

Demonstrate how the project or your organisation considers your environmental responsibility? *
Youth Opportunities is committed to environmental responsibility. Starting in September 2024, we will comply with the single-use plastics legislation, ensuring our programs avoid single-use plastics and minimize waste. Our organisation actively recycles and promotes sustainable practices. We encourage carpooling, limited travel, and digital tools to reduce paper. We also encourage environmental awareness among young people by incorporating discussions on sustainability and responsible resource use. While we aren't directly involved in biodiversity projects, we support practices aligned with environmental stewardship.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Application No. YG24250023 From Youth Opportunities
Form Submitted 4 Sep 2024, 5:02PM ACST

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
Youth Opportunities spends $28,000 to deliver each Elevate program, which covers the full range of training, support, and follow-up services.

Hallett Cove School R-12, has committed to contributing $6,000 toward the project.

The remaining funds ($12,000) are currently unconfirmed community partnerships. We are actively engaging local businesses, philanthropic partners, and community organisations to secure the necessary funding.

Youth Opportunities remains dedicated to ensuring the program goes ahead. We will continue to pursue multiple funding sources to meet the remaining budget, ensuring that young people can benefit from this life-changing program.

This could include other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $2000 grant from Office for Youth or Department of Human Services $500 earned income from fundraiser

Have you received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
○ Yes

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
We can accept partial funding; however, to deliver the Elevate program in its entirety, we must secure the remaining funds from other sources. Without full funding, the timeline for delivery will be significantly extended as we seek additional support. This delay could result in young people missing out on critical leadership and well-being development during the scheduled timeframe, which would hinder their immediate growth and potential future outcomes. Youth Opportunities is committed to ensuring every participant receives the full program experience, and we will continue to pursue community partnerships, fundraising activities, and grants to bridge any funding gaps. Securing full funding is imperative to avoid delaying the positive impact the Elevate program has on young people's lives.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *

In-Kind Support	5	4.00	Moderate in-kind contribution of 4388 towards 13700 overall project cost.
Environmental Responsibility	5	3.00	Minimal practices in place.
Total	100	82.33	
FINAL SCORE		**82.33**	

Previous Funding Consideration	Applicant has not been funded in the previous 4 rounds
Partial Funding Consideration	Could proceed with partial funding of $6,600. Would reduce project scale (less headsets, fewer workshops).
Participant Fee Consideration	Free for participants
General Considerations	1. The intention is to run the workshops at Cove Civic Centre. 2. Substantial in kind contribution from the organisation.

What type of not-for-profit organisation are you? *
- ○ Community group
- ◉ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Educational Institution
- ○ Philanthropic organisation
- ○ Charity
- ○ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Our organisation, Women in Creative Technologies(WiCT), aims to promote the interests of women within the South Australian community of creative technologies. This will be achieved by establishing and improving a community dedicated to supporting women in this sector. Specifically, the association will promote networking opportunities, educational programs, mentorship, advocacy and awareness. We also emphasise forming partnerships, providing platforms for women to showcase their talents, and encouraging diversity and inclusiveness within the tech industry.
Must be no more than 100 words.

Project title: *
3D modelling with Blender and VR experience workshop
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date
11/02/2025
If relevant, can leave blank

Anticipated end date
15/04/2025
If relevant, can leave blank

Please provide a brief summary of your project *
Women in Creative Technologies proposes a 3D modelling with Blender and VR experience workshop aimed at benefiting young people in the City of Marion. This project will consist of two workshops, each accommodating 15 participants, with eight sessions of two hours each per workshop, held once a week. Participants will learn digital modelling skills using Blender, a free and accessible software. Through guided instruction and hands-on practice, young people will create their 3D models and explore game design principles.

The workshops will incorporate storytelling elements and encourage participants to reflect on their lives, share experiences, and build a sense of community. The stories will focus on their community in Marion, fostering a deeper connection to their surroundings.

To extend the impact beyond the initial 30 participants, we will hold a video or printed photo

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)

exhibition showcasing the work created during the workshops. This exhibition will engage a broader audience of young people and the wider community, promoting the project's benefits and inspiring others to explore digital creation.

Expected outcomes include increased technical proficiency in 3D modelling, improved s elf-expression, and a stronger sense of belonging. This project will provide an enriching experience that supports both personal and professional growth.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (i.e. the activities you will perform) and what outcomes are expected. Please include number of workshops etc all basic project information.

How many young people will be attending? (can be an estimate)
30

Please advise where your project will be held / located (this can be unconfirmed)
Cove Civic Centre & Marion Cultural Centre

Benefits to City of Marion Young People

Describe how your activity or project benefits the majority of City of Marion young people eg. 80% or greater.
To ensure a high level of engagement among young people from the City of Marion, we will implement targeted strategies. We will collaborate with the Cove Civic Centre and use social media campaigns to promote participation. By hosting free workshops and exhibitions in central, accessible locations, such as the Marion Cultural Centre, we aim to eliminate financial and logistical barriers. The workshops will be designed to be interactive and hands-on, incorporating storytelling elements to make the content relatable and meaningful to participants.

To verify participation from City of Marion residents, we will collect addresses and postcodes during the registration process. This data will allow us to track the demographic spread of participants and ensure we meet the required percentage. Additionally, we plan to showcase participants' work at the Marion Cultural Centre, promoted widely through local media and community channels, to attract a broader audience. We will gather feedback from both participants and the community to refine our approach and enhance engagement, ensuring the project benefits a significant percentage of young people from the City of Marion.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion young people?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage?
In order to ensure that we achieve a high level of engagement among young people in the City of Marion, we will implement a number of targeted strategies and methods. This will include collaborating with Cove Civic Centre to promote and encourage participation. We also plan to use social media campaigns to engage directly with young people and generate interest. Additionally, we aim to make the workshops and exhibitions free of charge and host them in central, accessible locations within Marion to eliminate financial and logistical barriers and make participation possible for a wider audience.

Furthermore, we will design the workshops to be interactive and hands-on, incorporating storytelling elements to allow participants to reflect on their community, making the content

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250005 From Women in Creaitve Technologies
Form Submitted 31 Aug 2024, 3:40PM ACST

more relatable and meaningful. After the workshops, we will organise a video or printed photo exhibition to showcase the participants' work and promote it widely through local media and community channels to attract a large audience. We will also gather feedback from both participants and the broader community to continuously improve the program and ensure it meets their needs. We aim to maximise participation and engagement, ensuring that a significant percentage of young people benefit from the project.
Must be no more than 200 words.
Consider how you will identify City of Marion young people participating within your project or activity.

Alignment to Strategic Plan

Refer to City of Marions Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision - Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
Our 3D modelling with Blender and VR experience workshop aligns with the City of Marion's Community Vision by fostering an engaged and connected community. The project actively involves young people in hands-on learning and creative expression, encouraging their participation and interaction. It strengthens social ties through collaborative activities and storytelling, enhancing their connection to both their peers and the local community. By integrating innovative technology, the workshop introduces participants to emerging technologies and techniques, promoting forward-thinking skills. Additionally, it supports a prosperous future by equipping young people with valuable digital skills, opening doors to potential career opportunities in technology and creative industries.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Youth Specific Provider

Does your organisation have experience delivering youth specific programs aimed at young people between the ages of 12-25 years to address a current need? *
Women in Creative Technologies (WiCT) has substantial experience delivering youth programs for ages 12-25. Recently transitioning from a university club to a not-for-profit organization, our team — all over 30 years old and highly experienced — has led impactful workshops, including Blender and VR sessions for the City of Unley (post-July 2024), 3D modeling workshops at TAFE venues, and 12 digital skills workshops at the University of Adelaide. While the Fringe workshop was organised by another company before WiCT's formal registration, our involvement demonstrated our commitment to addressing the need for digital literacy among youth. Our recent launch event significantly increased membership and gained support from Minister Hon. Andreas Michaels. Despite our brief financial history, our experienced team ensures we effectively meet young people's needs through engaging, relevant programs.
Must be no more than 150 words.
e.g. examples of previous youth programs delivered. How is your intended program addressing a current youth need?

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250005 From Women in Creaitve Technologies
Form Submitted 31 Aug 2024, 3:40PM ACST

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
The project aims to strengthen community connections and participation by creating a collaborative and interactive environment for teenagers. Through engaging them in creative activities and storytelling about their local community, the project encourages them to share their experiences and perspectives, fostering a stronger sense of belonging and connection to their neighbourhood. The workshops also aim to facilitate connections between different generations by incorporating elements that reflect community stories, thus engaging participants' families and local residents during the exhibition. The final showcase will feature a video or printed photo exhibition of the participants' work, inviting the broader community to view and celebrate the creativity of the youth, which will further strengthen community ties and reduce social isolation. Our goal is not only to build a sense of community among participants but also to extend its impact to their families and the wider public, promoting a more connected and engaged community overall.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Inclusivity

Does your activity or project create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity or project as inclusive as possible for young people? *
The project is designed to create a safe and inclusive space for young people from diverse backgrounds, cultures, and beliefs. We are committed to ensuring that the program is accessible and welcoming to all participants, regardless of their background. Workshops will be conducted in an environment that respects and values diversity, encouraging participants to express their unique perspectives and experiences through their projects. By incorporating storytelling and community reflection, we aim to celebrate cultural diversity and foster an inclusive atmosphere where every participant feels valued and supported.

Additionally, we will actively promote the workshops through various community channels to reach a broad audience and ensure that the opportunity is available to all young people.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable young people and/or specific youth demographics).

Enables Youth Engagement

Does your activity or project encourage opportunities for young people to lead or co-design phases within the project? *
Participants will play a key role in shaping their projects by choosing themes and focus areas that match their interests. They will take the lead in creating and sharing community stories, giving them the chance to express their own experiences and perspectives. Additionally, we will actively seek feedback from participants to continuously enhance the workshop, ensuring it meets their needs and preferences. Participants will also be involved in planning and organising the final exhibition, where they can contribute ideas on how to present their work and collaborate with their peers. This approach empowers young people to take ownership of their learning experience and have a significant impact on the project's development.
Must be no more than 150 words.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250005 From Women in Creaitve Technologies
Form Submitted 31 Aug 2024, 3:40PM ACST

e.g. demonstrate opportunities for young people to be involved in planning and delivery.

Promotes Positive Wellbeing for Young People

Demonstrate how your activity or project incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. *
The project promotes mental health by offering a creative platform for self-expression and introspection. Participants can delve into and communicate their personal experiences through storytelling, which can help build emotional resilience and a sense of achievement, ultimately contributing to improved mental health. Furthermore, this hands-on learning experience not only enhances their technical skills but also opens doors to future educational and career opportunities, boosting their confidence and providing a sense of acc omplishment.

This project will also enrich cultural well-being by inspiring participants to generate and share stories about their community. By focusing on local narratives, participants can celebrate cultural diversity and nurture a sense of belonging, thus strengthening their connection to their cultural identity and the community.
Must be no more than 150 words.
Skill development may include employment, leadership and life skills.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Our organisation plans to make a financial contribution to the project by allocating staff time for planning, coordination, and promotion to ensure smooth execution and effective community outreach.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Environmental Responsibility

Demonstrate how the project or your organisation considers your environmental responsibility? *
The project will demonstrate environmental responsibility through several key practices. Firstly, we minimise the need for physical materials and reduce waste by using digital tools such as 3D modelling software and VR technology. We will employ paperless methods, such as digital registration and communication, wherever possible.

Additionally, we aim to promote sustainability within the project by encouraging participants to incorporate environmental themes in their storytelling and 3D models. This not only raises awareness about environmental issues but also fosters a culture of sustainability among young people.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Budget

*** indicates a required field**

[redacted]

Amount you are requesting from the City of Marion (Maximum is $10,000) *	$9,330.00
Total/Overall project cost (can be estimated) *	$13,718.00

Funding information (Section 2)

Is there any other funding that will contribute to the project? *
☑ Yes - if yes please complete this Section (2)
☐ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
Our in-kind donation budget, supported by ourselves and ADA Lab (Advanced Digital Arts Lab), covers several key expenses: Travel per diems are $20 each, totalling $320 for 16 instances. Marketing efforts are budgeted at $45 per instance for 12 occurrences, amounting to $540. We have allocated $1,200 for the Finance Officer, based on an hourly rate of $50 for 3 hours over eight sessions. We will utilise two TV screens for equipment(Sho wcase Display), each valued at $700, totalling $1,400. Printing costs are estimated at $900, while Canva Premium subscriptions are budgeted at $14 each for two months, totalling $28.

Altogether, the total in-kind contribution from us and support from ADA Lab amounts to $4,388.00.

This could include other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $2000 grant from Office for Youth or Department of Human Services $500 earned income from fundraiser

Have you received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded project. The City of Marion will also have the right to independently promote the projects/events
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs, claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. Changes come in to effect as of 1/9/24 and grant recipients are required to adhere to all regulations. This includes the use of plastic food containers, shopping bags, bag tags, confetti, balloon sticks, balloon ties etc. For further information, please visit replacethewaste.sa.gov.au.

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

The Multiple Sclerosis Society of South Australia & Northern Territory has been supporting individuals with physical, psychological, and neurological disabilities for 60 years. In 1993, we established Multiple Solutions to provide employment services for people with all types of disabilities or illness preventing employment. We help clients find and maintain employment through tailored case management, identifying skills, interests, and potential barriers. We collaborate with job seekers and employers to find suitable roles and provide ongoing support to ensure long-term employment. 26% of our staff have personal experience with disability or illness, offering a unique understanding of our clients' needs.

Accelerate Youth: Drivers Program

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date	**Anticipated end date**
If relevant, can leave blank	If relevant, can leave blank

Please provide a brief summary of your project *

The Accelerate Youth program is designed to overcome a major employment barrier for our young clients, access to transportation and obtaining a driver's license. This initiative will target young individuals struggling to find employment due to lack of transportation.

The program will consist of driver training sessions, providing participants with the necessary knowledge and skills to pass a driving test. We hope to support 10 to 15 people with this program.

Training will cover theoretical instructions, practical driving training, and assistance with license application. We will collaborate with local driving schools to ensure professional training is provided.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250009 From Multiple Solutions (The Multiple Sclerosis Society of SA & NT)
Form Submitted 26 Aug 2024, 11:58AM ACST

Expected outcomes include an increased number of young people obtaining their driver's license, leading to an improved rate of employment among our participants. By removing this barrier, we aim to enhance their employability skills and provide them with more opportunities for open employment.

This project will significantly benefit our young participants who have identified transportation as a key obstacle in their job search, paving the way for their economic independence and prosperity.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (i.e. the activities you will perform) and what outcomes are expected. Please include number of workshops etc all basic project information.

How many young people will be attending? (can be an estimate)
10 - 15

Please advise where your project will be held / located (this can be unconfirmed)
This program will be delivered at our Brighton Office located at 7A Sturt Rd Brighton SA 5048 with clients from the City of Marion Catchment.

Benefits to City of Marion Young People

Describe how your activity or project benefits the majority of City of Marion young people eg. 80% or greater.
Multiple Solutions delivers services to people of all ages in South Australia. Young people aged 16-25 currently make up 11.05% of our total caseload across the state. We are a partner of the Southern Youth Round Table and Southern Youth Network Collective. We are also a partner with The Sammy D Foundation and City of Onkaparinga in delivering programs around finding and keeping a job in their 'Adulting 101' and 'how to adult programs'. We

have worked hard to establish ourselves as a trusted partner in supporting young people with a disability in their employment journey. Having a driver's license will significantly improve the sustainable employment of young people living within the City of Marion and broaden the geographic scope of employment that they can obtain without the restraint of public transport.

Many of our clients are based in the City of Marion and we will target 100% of clients in postcodes from the Marion City Council, we are confident we can reach this target of 80% plus.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion young people?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage?
The challenges and rejections faced when seeking employment can be isolating and overwhelming for young people. Our Accelerate program is designed to support the 11% of our clients in this cohort, giving us access to a large number of clients needing this support.

Our holistic strategy ensures our program appeals to our young cohort through engagement in our phased Accelerate Youth program. Through peer support activities, camaraderie and shared experiences, we can significantly reduce the sense of isolation and frustration many young people experience. This fosters a supportive network of peers through group-based activities, builds teamwork and facilitates cross-collaboration.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250009 From Multiple Solutions (The Multiple Sclerosis Society of SA & NT)
Form Submitted 26 Aug 2024, 11:58AM ACST

The importance of mental and physical wellbeing in achieving career success is emphasized in our program. We provide strategies to manage anxiety, a key issue for many young people. The program also includes modules that cover personal hygiene, presentation skills and maintaining good health practices, particularly in a work environment.

To achieve this percentage, we will specifically target the training to youth living in postcodes within the City of Marion post code area. Checks on our database indicate a significant number of clients in the City of Marion postcode area, so this should be achievable.

Must be no more than 200 words.
Consider how you will identify City of Marion young people participating within your project or activity.

Alignment to Strategic Plan

Refer to City of Marions Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision - Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *

Our program at Multiple Solutions aligns closely across the following themes:Engaged:Our program actively engages youth aged 16 to 25 with disabilities, empowering a significant step towards independence and employment. By facilitating access to a driver's license, we are helping them to engage more fully in community life, education, and the workforce. Liveable:By assisting young people with disabilities to obtain their driver's licenses, we are enhancing their ability to access services, education, and employment opportunities.Thi s directly contributes to making the City of Marion a more liveable community, where all residents have the opportunity to thrive.Connected:Our initiative fosters a more connected community by breaking down barriers to transportation for young people with disabilities. A driver's license can be a crucial tool for independence, allowing these individuals to stay connected with family, friends, and the broader community. Prosperous:By supporting youth to gain a driver's license, we are opening doors to sustainable employment opportunities.

Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Youth Specific Provider

Does your organisation have experience delivering youth specific programs aimed at young people between the ages of 12-25 years to address a current need? *

Multiple Solutions has a proven record in delivering a driver education program aimed at young people living within the Marion council catchment under its Accelerate Youth program under the YDG 2022-2023 funding grant received. Another successfully run program at Multiple Solutions is the Onwards and Upwards program run in Salisbury which targets disaffected youth and encourages them to meet together on a weekly basis in a peer mentoring environment to discuss their barriers to employment and are encouraged to explore opportunities for employment within their council area. We are seeking additional funding via other sources to support this work as the need is great across many LGA areas in Adelaide metro.

Must be no more than 150 words.
e.g. examples of previous youth programs delivered. How is your intended program addressing a current youth need?

Community Connection

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250009 From Multiple Solutions (The Multiple Sclerosis Society of SA & NT)
Form Submitted 26 Aug 2024, 11:58AM ACST

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
Our program plays a crucial role in increasing community connection and participation,fo stering neighborhood and intergenerational connections and reducing social isolation. By assisting young people with disabilities in obtaining their driver's licenses, we empower them with the freedom to participate more fully in community life, enabling them to access social, educational, and employment opportunities. The program helps participants gain confidence and a sense of independence, which encourages them to engage more with their peers and community activities. This increased engagement leads to stronger social ties and a greater sense of belonging. Participants often become more involved in local activities, events, and groups, contributing to a more connected and cohesive community. Through group activities, training sessions, and shared experiences within the program, participants form supportive networks with peers who share similar challenges and aspirations reducing their social isolation.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Inclusivity

Does your activity or project create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity or project as inclusive as possible for young people? *
Our Accelerate Youth program is designed to create a safe, inclusive, and welcoming environment for young people from diverse backgrounds and cultures. We are a proud member of the Welcome Here Project, which reflects our commitment to providing a safe and supportive environment for LGBTQ+ young people. Our offices are designated safe spaces where everyone is respected, regardless of their sexual orientation, gender identity, or cultural background. Our program is designed with cultural sensitivity in mind, ensuring that all participants feel understood, respected, and valued. Our team is trained to recognize and address the specific challenges faced by young people from diverse backgrounds. Our program is built on the principle of accessibility, ensuring that all young people, regardless of their physical, cognitive, or emotional abilities, can participate fully. By fostering an environment of mutual respect and learning, we help young people appreciate different perspectives and build stronger, more inclusive communities.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable young people and/or specific youth demographics).

Enables Youth Engagement

Does your activity or project encourage opportunities for young people to lead or co-design phases within the project? *
Yes, our program actively encourages and empowers young people to take on leadership roles and participate in the co-design of various phases of the project. We encourage participants to take the lead in certain aspects of the program, such as organizing peer support groups and leading discussions.This not only builds their leadership skills but also

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250009 From Multiple Solutions (The Multiple Sclerosis Society of SA & NT)
Form Submitted 26 Aug 2024, 11:58AM ACST

fosters a sense of ownership and responsibility. As participants progress in the program, we offer them opportunities to mentor newer participants. This peer-mentorship model allows them to share their experiences, offer guidance, and support others on their journey, further developing their leadership abilities. We regularly gather feedback through surveys and one-on-one discussions to understand their needs and preferences.By embedding leadership opportunities and co-design principles into the Accelerate Youth program, we ensure that the young people we serve are not just passive recipients of support but active contributors to the program's success

Must be no more than 150 words.
e.g. demonstrate opportunities for young people to be involved in planning and delivery.

Promotes Positive Wellbeing for Young People

Demonstrate how your activity or project incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. *

The approach we take addresses mental health, skill development and physical health to ensure that participants are supported in all aspects of their lives. Our staff are all trained in Mental health First Aid to recognize signs of mental health challenges and to provide appropriate support or referrals to mental health services. Participants build connections with others who share similar experiences, which helps reduce feelings of isolation and promotes a sense of belonging and mutual support. The program includes comprehensive training in essential life skills such as financial literacy, communication, time management, and goal-setting. These skills are crucial for achieving independence and success in both personal and professional life. A major focus of the program will be helping participants obtain their driver's license, which is a significant step toward independence and employability. This practical skill enhances their ability to access opportunities and improves their confidence.

Must be no more than 150 words.
Skill development may include employment, leadership and life skills.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *

During the 2022/2023 financial year Multiple Solutions spent in excess of $22,000 to cover the cost of driving lessons, driving tests and licensing costs for our youth cohort. This expenditure was assisted greatly by the funding grant assistance offered by the Marion Council during that financial year. In the current financial year 2024/2025 we anticipate a similar expenditure to assist youth aged 16 - 25 to obtain their drivers licence.

Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Environmental Responsibility

Demonstrate how the project or your organisation considers your environmental responsibility? *

In our offices, we prioritize energy efficiency by using energy-saving lighting and maintaining energy-efficient heating and cooling systems. These measures help reduce our overall carbon footprint. We have implemented waste reduction and recycling programs

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250009 From Multiple Solutions (The Multiple Sclerosis Society of SA & NT)
Form Submitted 26 Aug 2024, 11:58AM ACST

across our offices. This includes comprehensive recycling for paper, plastics, and electronic waste, as well as promoting practices like double-sided printing and digital documentation to minimize waste. We utilize digital platforms for training and communication within the program, reducing the need for printed materials and minimizing our environmental impact. Environmental responsibility is an integral part of our operations at Multiple Solutions.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Any further information you would like to include

We recognise that young people living with a disability face a range of barriers in seeking, obtaining, and retaining employment. Those barriers can have a negative impact on them, their families, friends, and carers. This can impact their education, perceived employability, and health care. Access to services, transport and housing can be compromised along with their mental health and wellbeing. These barriers often have a flow-on effect to substance abuse homelessness, relationship conflict, violence, and financial issues.

This training will provide young people with increased knowledge, skills, digital capability and expertise in we have identified serious gaps in training and knowledge impeding their ability to secure employment.

Youth Grants Review Card			
Organisation Name	MarionLife	**Project**	MarionLIFE Youth Media Hub
Project Description	The project provides young people access to technology to create media that is relevant to them eg podcasts, movies, YouTube vids, editing/sound tools, advice and support and idea generation. The program contains 6 sessons per term with 15 particpants each session to develop skillsets and engage young people in their interests and passions Free healthy food will also be provided for participants.		
Funds Requested	$10000	**Total Project Amount**	$12827

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	18.67	Targeted at CoM YP, although small demographic, local service provider, program held at MPSCC. Program captures postcodes on registration.
Alignment to Strategic Plan/ Community Vision	15	11.00	Touched on engagement. Missed opportunity as the project aligns well with liveable and engaged themes. Aligns well with CoM YEC report, which demonstrates thought process that considers local YP consultation findings.
Youth Specific Provider	15	14.00	Experienced in delivering youth services
Community Connection	10	8.00	Demonstrates strong connection.
Inclusivity	10	8.67	Pro active towards inclusivity, includes real time actions within the project and looks for future improvements for increased inclusivity.
Youth Engagement	10	7.33	Volunteer team - YP contribute to project planning. Project considers structured feedback from participants for CI.
Health and Wellbeing	10	7.33	Supports YP's mental health, social health and skill development.
In-Kind Support	5	4.00	Some contribution provided.
Environmental Responsibility	5	4.33	Program adheres to organisations Environmental Sustainability Policy.
Total	100	83.33	
FINAL SCORE		**75.00**	

Previous Funding Consideration	Applicant was previously funded in Round 1, 22/23 - 10% discount applied
Partial Funding Consideration	Can proceed with partial funding of $7,500. This would reduce the term of the project.
Participant Fee Consideration	Free for participants
General Considerations	1. Particpants targeted range from 10-17 years of age with one session available to 18-25 year olds. 2. Sessions may include returning participants and/or attract new participants.

What type of not-for-profit organisation are you? *
- ○ Community group
- ◉ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Educational Institution
- ○ Philanthropic organisation
- ○ Charity
- ○ Sports/Recreation Club
- ○ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
MarionLIFE is a not-for profit community organisation providing meaningful, flexible and responsive care, support and pathways to individuals and families in need. Our ethos is to work from a place of community strengths rather than community needs. Our approach working with young people is that we seek to uncover and utilise their strengths for sustainable and relevant program development. We want to support young people; not cure them. We want to discover what young people in the community care enough about to act on. The input of young people will shape what our

youth program/s look like in the future.
Must be no more than 100 words.

Project title: *
MarionLIFE Youth Media Hub
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date

13/01/2025
If relevant, can leave blank

Anticipated end date

30/06/2025
If relevant, can leave blank

Please provide a brief summary of your project *
MarionLIFE Youth Media Hub is an continuation of a pilot program that provides young people access to technology to make media that matters to them, like podcasts, movies, YouTube vids, editing/sound tools, advice and support and idea generation, for young people aged 10-17 years in the City of Marion. We will also add a session designed for young adults in the community aged 18-25 years of age.

Free healthy food will also be provided for participants.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (i.e. the activities you will perform) and what outcomes are expected. Please include number of workshops etc all basic project information.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250007 From MarionLIFE Community Services Inc.
Form Submitted 29 Aug 2024, 3:13PM ACST

How many young people will be attending? (can be an estimate)
15 per session, 6 sessions per term. We anticipate many will the same returning each week, but new participants will be welcome to join. Likely around 30 individual participants. We will continue across as many terms as funding allows: $10k will allow for two terms.

Please advise where your project will be held / located (this can be unconfirmed)
Mitchell Park Sports and Community Centre

Benefits to City of Marion Young People

Describe how your activity or project benefits the majority of City of Marion young people eg. 80% or greater.
90% or higher. Our workshops are broad in focus and led by young people's suggestions and interests. This allows us to cater to a wide range of young people, to their benefit and enjoyment. We primarily promote within the City of Marion, and our venue will be at Mitchell Park Sports & Community Centre within the CoM.

Our project facilitates the provision of one of the most malleable spaces in the City of Marion for young people to make media that matters to them and build their individual skill set. Groups with great need including homeschooled, those with a lack of technology resource access at home, those who are neurologically diverse, and those with niche interests, make up a large percentage of our community and have attended previous sessions with great success and enjoyment. We look forward to engaging new participants and adapting to meet their interests, passions and developing skillsets.
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion young people?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage?
We promote in schools, community centres, and shopping centres located in the City of Marion, as well as through our own MarionLIFE Community Centre (we are located in Mitchell Park).

In our registration process we also ask for what suburb young people live in, which helps us ensure will we achieve this percentage.

Our specific strategies and methods include:

1. Providing greater access to public Wi-Fi via our Youth Media Hub and together identity where digital community notice boards are located to be informed about events, programs, activities and opportunities like volunteering.

2. Run a “maker space” for young people to share tools, technology, and ideas. We spoke with Marion YCC and they re-iterated “It’s a phenomenal Idea, technology is a feature of young people's lives and there is a poverty and equality issue in technology use for young people."

3. Lean into this "maker space" concept for a term based six-week sessions program
Must be no more than 200 words.
Consider how you will identify City of Marion young people participating within your project or activity.

Alignment to Strategic Plan

Refer to City of Marions Strategic Plan and Community Vision - Towards 2040

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250007 From MarionLIFE Community Services Inc.
Form Submitted 29 Aug 2024, 3:13PM ACST

How does your activity or project align with the City of Marion Community Vision - Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
We spoke with our community, they shared they need more youth programs featuring social engagement and life skills of the future to learn. The online world is an area of social engagement for young people and having the skills to safely navigate this and create content that matters for an audience are key focus areas.

The City of Marion Youth Engagement and Consultation Report 2019-2023 shared that out of 132 survey responses, our program covered several areas in the liveable, engaged and connected criteria of the report. Young people wanted access to public spaces that are safe, welcoming, and affordable, youth-specific events and programs, learning to contribute to planning processes for community facilities and public spaces, community noticeboards, and a place to express themselves artistically. The MarionLIFE Youth Media Hub provides opportunities to acquire media skills and agency for young people to contribute to these areas of our community themselves.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Youth Specific Provider

Does your organisation have experience delivering youth specific programs aimed at young people between the ages of 12-25 years to address a current need? *
We have delivered youth specific services for over seven years, including a drop-in youth service on site, supporting schools with lunchtime programs, supporting local youth events, and most recently helping facilitate participation for local youth in sporting clubs where they may be experiencing social or financial (or other) barriers. We have demonstrated our ability to create safe spaces in our previously funded projects. We have an experienced team and engage the support of local volunteers, including student placements, to best support our programs and the youth participants. We have worked in partnership with organisations including Junction Australia, YMCA Marion and Headspace Marion teams in delivering youth programs.
Must be no more than 150 words.
e.g. examples of previous youth programs delivered. How is your intended program addressing a current youth need?

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
By providing this project we expect youth already established who continue to attend our sessions, along with new participants, to feel more confident, feel safer in their community, to have developed a trustworthy support network and to be more aware of support services that are available both inside and outside of their school, family and friendship networks.

Young people have demonstrated in the Youth Engagement and Consultation Report (mentioned above) that their local community is an audience they care about. In learning media skills to create content for an audience that matters to the creators, i.e. our local community, we offer opportunities to give agency and confidence. With this agency to act and contribute to their community, we have powerful catalyst to encourage greater

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250007 From MarionLIFE Community Services Inc.
Form Submitted 29 Aug 2024, 3:13PM ACST

participation and connection. Even better, when these skills are learned in a social group setting like ours, it also offers opportunities to actively reduce social isolation.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Inclusivity

Does your activity or project create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity or project as inclusive as possible for young people? *
Our team are committed to be flexible, inclusive and non-judgmental to create a welcoming and safe place for all who attend no matter their background, beliefs or gender. We will seek to make the project inclusive to all genders by firstly having a diverse volunteer team that is not of only one gender and secondly inviting the volunteer team to be involved in the planning, project delivery and evaluation to collectively consider how we can identify, minimise or eliminate barriers to participation.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable young people and/or specific youth demographics).

Enables Youth Engagement

Does your activity or project encourage opportunities for young people to lead or co-design phases within the project? *
We will invite participants (aged between 12-25 years) to provide their feedback to shape the future of the project. This will occur via a survey completed by each participant. Also, our main volunteer team members will be between 18-25 years and they all contribute in our planning - having this group who are just a few years older than participants to help shape the project is very important to its success.

We also actively listen to our young people and respond to what they tell us. Being a small team allows us to be nimble enough to adapt and change our work to suit what our community needs and asks for.
Must be no more than 150 words.
e.g. demonstrate opportunities for young people to be involved in planning and delivery.

Promotes Positive Wellbeing for Young People

Demonstrate how your activity or project incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. *
By making media that matters to them - the space in our youth media hub becomes a support network for discussion about weekly issues, creatively expressing passions and messages to peers about the issues that matter to young people. The space also provides an outlet from the stresses of school environments (which has been feedback from this program in the past) and assists in supporting other areas of life outside of the sessions. For example, a young person with niche interests is able to engage in them, meaning they have more capacity to engage during school hours and other important activities weekly. We also engage local workshop providers to deliver learning opportunities that are relevant to the devlopment of the young people.
Must be no more than 150 words.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250007 From MarionLIFE Community Services Inc.
Form Submitted 29 Aug 2024, 3:13PM ACST

Skill development may include employment, leadership and life skills.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Food donations to the value of $600

Volunteer hours to the value of $2237

(2 x volunteers @ $42.47 per hour as per Volunteering SA valuation, for 2 x hours per session, with 12 x sessions)

Total in kind contribution $2837
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Environmental Responsibility

Demonstrate how the project or your organisation considers your environmental responsibility? *
MarionLIFE Youth Media Hub will incorporate environmental management as an integral element of the project and will incorporate the sound environmental practices of MarionLIFE's work training and decision-making processes. These include:

-Using refurbished devices*

-Linking with local food rescue organisation Foodbank to provide healthy food for participants

-Providing information for volunteers and participants in environmentally sustainable practices.

-Involving volunteers and participants in the development and implementation of environmental initiatives.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

We used the 2019-2023 Youth Engagement Report to highlight where there were gaps in youth services and also reviewed the Young People's Commissioners report in putting together this application.

We also identified there are limited other youth-based programs after school being run at the Mitchell Park Sports and Community Centre apart from ours currently - it's a gap we are filling for the community currently that our community have shared needs to continue.

We have attached the RBA (Results Based Accountability) Reports from the last 12 months of the project to share our learnings, which have informed this application.

Youth Grants Review Card			
Organisation Name	Koorana Gymnastics Club Pty Ltd	**Project**	Coach Education Program
Project Description	Upskilling five current gymnasts (15-20 years old) with Gymnastics Australia's 'Fundamental Gymnastics Coach' (FGC) training, enabling them to become accredited coaches through a 6-month program. Training ten new and existing coaches and two young volunteers in accredited first aid or refresher courses. Upskilling program will enhance the clubs capacity to deliver sports and recreation programs.		
Funds Requested	$7890	**Total Project Amount**	$9390

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	10.67	Confirmed 60 - 80 % coaches will be CoM - approx 7 out of 10 participants. First Aid course participants - identify through EOI.
Alignment to Strategic Plan/ Community Vision	15	9.00	Alignment is adequate.
Youth Specific Provider	15	12.00	Provider of programs - mainly children and YP.
Community Connection	10	7.33	Strong opportunity to members. Benefit to wider community limited.
Inclusivity	10	4.67	Adequate safe space - aiming to more inclusive (disability).
Youth Engagement	10	6.67	Some involvement in co design/post program in developing their coaching role.
Health and Wellbeing	10	7.33	Physical/mental health/skill development.
In-Kind Support	5	4.00	Strong in kind suppor for the project.
Environmental Responsibility	5	3.33	Some relevant practices in place.
Total	100	65.00	
FINAL SCORE		**65.00**	

Previous Funding Consideration	Applicant has not been funded in the previous 4 rounds
Partial Funding Consideration	Could proceed with partial funding of $6,244. This would reduce the scale of the project.
Participant Fee Consideration	Free for participants
General Considerations	1. Koorana gymnasium facilities upgrade planned for later this financial year. 2. All coaches between 12-25, percentages of CoM residents vary. Coaching and First Aid courses. Organisational programs focus on delivery to primary schools including kindergym demographic.a lot of the programs are delivered to children demographic v 12-25. 3. They have confirmed that all new coaches to be trained and existing coaches to be upskilled will be aged 12-25. Of the new coaches, 60% (3 out of 5) will be residents of the City of Marion, while 80% (4 out of 5) of the existing coaches who will undergo upskilling will also be residents of the City of Marion. Koorana will conduct an Expression of Interest (EOI) process to identify participants from the City of Marion for the first aid training.

Anticipated end date

30/06/2025

If relevant, can leave blank

Please provide a brief summary of your project *

Korana Gymnastics Club was established in 1976 with the amalgamation of two local Adelaide clubs. Koorana, in Indigenous language, means 'Bring Forth the Youth'.

In recognition of our name, we wish to grow the coaching and first aid capability of the club, with a focus on 'youth' by:

- upskilling five current gymnasts (15-20 years old) with Gymnastics Australia (GA) accredited ‘Fundamental Gymnastics Coach’ (FGC) training

- upskilling ten new and existing coaches and two young volunteers with accredited first aid or first aid refresher courses.

The FGC qualification will enable participants to progress from athletes to accredited coaches over an online and on-site program over 6 months. Grant funding will cover

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250016 From Koorana Gymnastics Club Pty Ltd
Form Submitted 28 Aug 2024, 6:43PM ACST

structured online training, 20 hours each of supervised coaching by Club Coach Educators, first aid, working with children and technical affiliation costs and coach uniforms for the five participants.

First aid / refresher qualifications for a further five coaches plus two youth volunteers will ensure adequate first aid qualified coaches, to support the club's growth. These coaches and volunteers will also contribute as qualified first aiders in the community.

In line with the grant guidelines, the program will strengthen youth engagement and participation, and skill development and leadership.

Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (i.e. the activities you will perform) and what outcomes are expected. Please include number of workshops etc all basic project information.

How many young people will be attending? (can be an estimate)
Ten

Please advise where your project will be held / located (this can be unconfirmed)
Online and at Koorana Gymastics Club

Benefits to City of Marion Young People

Describe how your activity or project benefits the majority of City of Marion young people eg. 80% or greater.
We will aim to identify a majority of participants - athletes, coaches and volunteers - who are residing in the city of Marion.

Beyond the direct benefit to these individuals, upskilling the Koorana coaching team, with a focus on youth participation, will significantly enhance our capacity to deliver sports and recreation programs in the City of Marion youth community.

All Koorana programs are delivered at either our Oaklands road or Ascot Park facilities, within the city of Marion. Koorana also partners with Ascot Park Primary School, Dara School, Kilparrin Teaching and Assessment School, Suneden Specialist School, Westminster School, Woodend Primary School within the area to deliver programs to primary school children. Approximately 1/3 of our active members reside in Marion catchment. A focus of our growth remains in the local catchment, particularly for our gym sports programs (eg kindergym, gymnastics for all), and our programs which target local schools.

By expanding the pool of qualified coaches, we will not only increase participation rates but also foster a culture of mentorship within our youth. These newly empowered coaches will inspire the next generation, creating a pipeline of talent and ensuring a wider range of quality programs are accessible to young people.

Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion young people?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage?
We will select:

- at least 3 athlete participants who live in the city of Marion, to undertake the GA coach training

- at least 70% of the first aid participants will be under 25 years of age.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250016 From Koorana Gymnastics Club Pty Ltd
Form Submitted 28 Aug 2024, 6:43PM ACST

- two young (12-25 years old) volunteers who are Marion residents will be selected to undertake first aid training

We will actively promote this opportunity through various channels including displaying expression of interest forms within our Morphettville and Ascot Park gyms and advertising the training to our existing membership. There are over 410 active members residing in Marion catchment, and a proportion of our coaches, so we anticipate a strong pool of eligible and enthusiastic candidates.

Must be no more than 200 words.
Consider how you will identify City of Marion young people participating within your project or activity.

Alignment to Strategic Plan

Refer to City of Marions Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision - Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *

LIVEABLE: This project will deliver a nationally accredited qualification for participants, and create future employment opportunities to support Koorana's growth plans in the local community.

Upskilling young people with accredited coaching skills will enable the club to expand our programs, providing greater opportunity for local kids to develop active, healthy lifestyles and community connections. Having additional first aid qualified team members will also create benefit to the local community.

ENGAGED: This project will foster emerging leaders and actively engage young people.

By upskilling young people who are current athletes to become coaches, we will provide a pathway to engage in a different side of gymnastics. The program will deepen their understanding of the sport and to enhance their capability and employability. By going on to coach classes at Koorana, they will become more engaged with the local community, and contribute to a healthier, more active, youth population in Marion.

Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Youth Specific Provider

Does your organisation have experience delivering youth specific programs aimed at young people between the ages of 12-25 years to address a current need? *

Koorana Gymnastics Club has a proven track record delivering programs tailored to the needs of children and young people. Developed over our 48-year history, we have a deep understanding of the interests and aspirations of this demographic.

Six of our seven gymnastics programs exclusively designed for children and young adults. This extensive experience has cultivated a coaching team with expertise in nurturing and encouraging youth participation. By leveraging this existing knowledge base, we can effectively support the development of our young coaches as they work towards their GA accredited qualification through on-site mentoring and training by Club Coach Educators.

Koorana's foundation is built on community and volunteers. We engage with members' families and encourage volunteering to increase engagement. By providing an opportunity for two existing community members to achieve their first aid qualification we can recognize, and give back to the hard-working volunteer network and encourage others to get involved.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250016 From Koorana Gymnastics Club Pty Ltd
Form Submitted 28 Aug 2024, 6:43PM ACST

Must be no more than 150 words.
e.g. examples of previous youth programs delivered. How is your intended program addressing a current youth need?

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
One of Koorana's values is CONNECTED COMMUNITY. We ensure our participants, athletes, families, coaches and management collaborate as one team. Many of our members reside in the local community, joining competition days, working bees, social activities and fund-raising initiatives as volunteers.this creates a trust sense of community participation, bringing together family members across generations, from local neighbourhoods.

By promoting the youth coaching program, and volunteering opportunities across our community, we can create a sense of shared achievement, and encourage the next generation of young athletes to aspire towards coaching or other leadership roles. Families of those undertaking the coaching training will also be engaged to share their journey in supporting their young person to grow.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Inclusivity

Does your activity or project create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity or project as inclusive as possible for young people? *
Koorana is committed to fostering a safe and inclusive environment for young people from diverse backgrounds

One of Koorana's values is INCLUSION. Our welcoming culture, environment and facilities enable all members to achieve their potential. By upskilling a diverse group of young coaches, our coaching team will better mirror the rich tapestry of our membership.

This initiative will not only enhance the overall member experience but also free up experienced coaches to dedicate more time to our growing disability user group, a key focus for the club. We know there is huge unmet demand for disability groups to participate in g ymnastics-based physical activities. Having additional coaches, and more first aid qualified coaches, will support this growth plan.

Additional first aid qualified coaches will facilitate the expansion of our schools-based program, ensuring compliance and safe delivery of activities to create a more inclusive and equitable gymnastics community within Marion.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable young people and/or specific youth demographics).

Enables Youth Engagement

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250016 From Koorana Gymnastics Club Pty Ltd
Form Submitted 28 Aug 2024, 6:43PM ACST

Does your activity or project encourage opportunities for young people to lead or co-design phases within the project? *
Our project places young people at the heart of the coaching process. The selected athletes will have the opportunity to co-design aspects of their coaching role, working collaboratively with experienced mentors and the club's operational manager. This empowers them to take ownership of their professional development and contribute meaningfully to the club's programming.

By aligning coaching responsibilities with individual interests – such as men's, women's, Gymnastics for All or Kindergym programs – we foster a sense of purpose and motivation. This approach not only develops coaching skills but also cultivates leadership qualities and a strong sense of agency among our young participants.
Must be no more than 150 words.
e.g. demonstrate opportunities for young people to be involved in planning and delivery.

Promotes Positive Wellbeing for Young People

Demonstrate how your activity or project incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. *
One of Koorana's values is RESILIENCE. We develop emotional, social and physical strength and support one another no matter the result. Gymnastics and gymnastics based activity builds coordination, strength, balance and flexibility and boosts self-confidence and resilience of mind and body – prioritizing the holistic wellbeing of young people.

AusPlay data (FY22/23) shows that gymnastics is a top 3 activity by participation rate for Australian children 0-14 years. But female participation experiences a steady decline from ages 9-11, falling to 4.3% by ages 12-14 and 1.8% by ages 15-17 (clearinghouseforsport.gov.au).

This program will build confidence, teamwork, and a strong sense of purpose. And by providing additional practical skills for existing coaches, we will encourage more girls to remain involved in gymnastics. It will also motivate younger girls to aspire to coaching / leadership roles, and create a ripple effect of positive wellbeing, benefiting the young coaches and the wider community.
Must be no more than 150 words.
Skill development may include employment, leadership and life skills.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Koorana Gymnastics Club will provide in-kind and financial contributions to this project. Our commitment includes providing dedicated mentors, additional coaching hours including by Club Coach Educators beyond program requirements, exclusive access to gymnasium and training facilities, and ongoing financial investment in post-accreditation professional development. These contributions align with our existing coaching development framework and demonstrate our long-term commitment to nurturing young coaching talent.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Environmental Responsibility

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250016 From Koorana Gymnastics Club Pty Ltd
Form Submitted 28 Aug 2024, 6:43PM ACST

Demonstrate how the project or your organisation considers your environmental responsibility? *
Koorana Gymnastics Club is committed to environmental responsibility across all operations. We will ensure our organisation complies with the new single-use plastics legislation, ensuring that no single-use plastics are used in our facilities or events. Our club actively reduces waste by promoting reusable materials, implementing recycling programs, and encouraging sustainable practices among members. We have adopted initiatives to lower our carbon footprint, including energy-efficient lighting and reducing paper usage through digital communication. We support biodiversity by maintaining our outdoor green spaces. Our dedication to these practices aligns with legislation and reflects our commitment to a sustainable future.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

☑ Yes - if yes please complete this Section (2)
☐ No - if no please go to Section (3)

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250016 From Koorana Gymnastics Club Pty Ltd
Form Submitted 28 Aug 2024, 6:43PM ACST

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
We will also contribute mentoring from the Koorana manager (est $1500) and additional support from coaches.

This could include other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $2000 grant from Office for Youth or Department of Human Services $500 earned income from fundraiser

Have you received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
◉ Yes
○ No
e.g. subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received
Not-for-profit lease arrangement; Koorana gymnasium facilities upgrade planned for later this financial year.

Budget (Section 3)

This table must only include amount/funding requested from the City of Marion (this grant).If your organisation is registered for GST, your budget must include GST.

Expenditure item description	Expenditure item type	Amount ($)	Notes
What is the grant being spent on		Must be a whole dollar amount (no cents).	Any additional information
Online course	Other Expenditure (explain in notes column) *	$1,250.00	Curriculum through gymnastics Australia
Coaching in-person training	Other Expenditure (explain in notes column)	$4,230.00	20 hrs club coach educator supervision, WWC certificate and technical membership per person X 5
Coach uniforms	Other Expenditure (explain in notes column)	$1,060.00	Fit for purpose coaching uniform per participant
First Aid training	Other Expenditure (explain in notes column)	$1,350.00	7 x full accredication and approx 5 x re-accreditation

Any additional information relating to the budget you would like to include?
- Gymnastics Australia accredited course material at $250 per head is not able to be delivered by an alternative provider, so one quote only

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250016 From Koorana Gymnastics Club Pty Ltd
Form Submitted 28 Aug 2024, 6:43PM ACST

- Koorana will be providing on-site coaching support to supplement the online component. Coach Educators are approximately $30/hour depending on experience x 20 hrs each for five participants.

- Uniforms - we have one provider supplying Koorana branded uniforms, it would be untenable to seek production of 5 x uniforms with an alternative provider.

Must be no more than 100 words.

Budget total

Total amount
7890
This number/amount is calculated.

File size: 437.1 kB
Attach/upload all required quotes here.

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
There is an economy of scale required in upskilling a small group. A minimum number of 4 FGC participants are required to make this feasible for the club, given we will be committing manager (mentor) and additional Club Coach Educator hours to ensure the success of this program.

We need at least the 5 x new coaches to be first aid certified with WWC and technical Memberships, and four coaches to be re-certified to maintain compliance and support club growth in the community.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *
$6,244.50
Must be a dollar amount.
Please put $0 if you are unable to proceed with partial funding

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.

Youth Grants Review Card			
Organisation Name	Islamic Society	**Project**	Cooking up a storm!
Project Description	A 2 day cooking workshop for people from all backgrounds to share their traditional cooking skills and create a sense of community belonging.		
Funds Requested	$8000	**Total Project Amount**	$10100

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	16.00	Confirmed CoM postcodes via registration.
Alignment to Strategic Plan/ Community Vision	15	8.00	Alignment is limited.
Youth Specific Provider	15	7.00	Limited experience - mainly very short term focused.
Community Connection	10	6.67	Encourages community connection.
Inclusivity	10	6.00	Multicultural connections and respect for cultural diversity.
Youth Engagement	10	7.33	Strong commitment to enabling YP involvement in design planning and delivery.
Health and Wellbeing	10	8.67	Strength areas - cultural wellbeing and community connection (mental health/wellbeing).
In-Kind Support	5	2.67	Limited in kind.
Environmental Responsibility	5	2.00	Minimal practices in place.
Total	100	64.34	
FINAL SCORE		**57.91**	

Previous Funding Consideration	Applicant was previously funded in Round 1, 22/23 - 10% discount applied
Partial Funding Consideration	Can not proceed with partial funding.
Participant Fee Consideration	Participant fee $10
General Considerations	1. Workshop is able to cater to 100 participants. 2. Is a 2 day workshop - limits engagement principles. 3. Grants Officer inquired with organsation seeking budget item clarification and gave opportuntiy to give more detail, opportuntiy was not taken up by applicant.

Form Submitted 23 Aug 2024, 4:19PM ACST

wider community. Beyond showcasing cultural pride, this initiative will cultivate a sense of belonging and connection among young people, promoting understanding and respect for different traditions.

By bringing authentic flavors and culinary traditions to the forefront, we aim to enrich the cultural landscape of our neighborhood. This project will not only celebrate the diversity of our community but also contribute to a more inclusive and harmonious society. Through shared culinary experiences, we hope to inspire cross-cultural dialogue and build stronger community bonds.

Ultimately, this initiative seeks to create a lasting legacy of cultural exchange and collaboration, positioning our community as a thriving hub of diversity and innovation.

Benefits to City of Marion Young People

Describe how your activity or project benefits the majority of City of Marion young people eg. 80% or greater.
In today's digitally dominated world, young people often find themselves immersed in virtual realities, disconnected from the tangible experiences that foster genuine human connection. Our project seeks to counteract this trend by creating a platform for youth to engage in meaningful interactions through the shared passion for food.

By bringing together young individuals from diverse cultural backgrounds, we aim to create a vibrant space where they can connect, share stories, and learn from one another. Through hands-on cooking demonstrations and shared culinary experiences, participants will have the opportunity to step away from their screens and engage in face-to-face interactions.

Our culinary showcase will cultivate a sense of curiosity and openness among young people. By breaking down cultural barriers and fostering mutual respect, we hope to create a safe and inclusive environment where diversity is embraced and celebrated. The event will be held within the City of Marion and the youth who will be leading the project lives within the council as well. We foresee 80% of the attendees and the facilitators will be within the resident of the City of Marion.
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion young people?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage?
To maximize participation and generate widespread interest, a comprehensive outreach strategy will be implemented. Invitations will be formally extended to key stakeholders including schools, youth organizations, and community partners such as Headspace Marion, Westfield Marion, and the Marion Council. Additionally, promotional materials, including event posters, will be strategically placed in high-traffic locations within local supermarkets

Youth Grants 2024/25 Round 1

Form Submitted 23 Aug 2024, 4:19PM ACST

to broaden the reach and encourage participation from diverse community members. We will include in the application form postal code to ensure the participants who registered comes from the City of Marion young people.
Must be no more than 200 words.
Consider how you will identify City of Marion young people participating within your project or activity.

Alignment to Strategic Plan

Refer to City of Marions Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision - Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
The project directly aligns with the vision of fostering community partnerships, volunteerism, and social interaction.

By bringing together young people from diverse cultural backgrounds, the project cultivates a spirit of collaboration and partnership within the community. Participants will work together to plan, organize, and execute the event, demonstrating a strong commitment to community engagement.

The event itself provides a prime opportunity for social interaction and relationship building. Attendees from different cultural backgrounds will come together to share food, stories, and experiences, promoting cross-cultural understanding and creating a more cohesive community. By engaging young people as leaders and participants, the project empowers them to become active contributors to their community, fostering a sense of belonging and civic responsibility.

Ultimately, the project serves as a catalyst for positive change, demonstrating the power of community collaboration and the importance of cultural diversity in creating a vibrant and inclusive City of Marion.
Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Youth Specific Provider

Does your organisation have experience delivering youth specific programs aimed at young people between the ages of 12-25 years to address a current need? *
We organised a youth teambuilding on 17 July 2021; key objectives were to identify potential leaders, enhance team work amongst youths, improve effective communication and break down barriers when working people of diverse background. Through this teambuilding, we raise awareness on social cohesiveness, inclusivity as well as safe platform to voice their opinions.

Apart from that we also organised youth engagement activities during the term break. Ranging from art, to outdoor activities to the cultural cooking experience. In 2023, as part of the Youth Dev Grant 2022/2023 awarded to us by Marion Council, we collaborated with Westfield Marion and Headspace Marion to organise an art therapy session at the Westfield Marion mall. 74 youths registered and attended the workshops. We held 4 sessions over 2 days in Westfield Marion.
Must be no more than 150 words.
e.g. examples of previous youth programs delivered. How is your intended program addressing a current youth need?

Community Connection

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250010 From Islamic Society of South Australia
Form Submitted 23 Aug 2024, 4:19PM ACST

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
The project fosters community connection through shared culinary experiences. By uniting diverse cultures, the event breaks down barriers, builds bridges, and empowers youth to lead. It cultivates a sense of belonging, pride, and cultural appreciation while promoting intergenerational connections through building relationship between the youth and the older generation and they learn to prepare traditional food. This initiative enhances social cohesion, reduces isolation by encouraging youth to step out of their comfort zone and interact with one another face to face, and contributes to a vibrant, inclusive City of Marion.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Inclusivity

Does your activity or project create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity or project as inclusive as possible for young people? *
This project is committed to creating a nurturing and inclusive space where young people can flourish. By harnessing the universal language of food, we aim to bridge cultural divides, foster empathy, and empower the next generation to become leaders. The project provides a platform for young individuals from diverse backgrounds to come together, share experiences, and build meaningful connections. Through culinary exploration and collaboration, participants will develop essential life skills, such as communication, teamwork, and problem-solving, while cultivating a deep appreciation for cultural diversity. Ultimately, this initiative seeks to create a more harmonious and inclusive community where young people feel valued, respected, and empowered to reach their full potential.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable young people and/or specific youth demographics).

Enables Youth Engagement

Does your activity or project encourage opportunities for young people to lead or co-design phases within the project? *
This project is designed to empower young individuals by providing them with a platform to take ownership of the event planning and execution process. Youth participants will be instrumental in shaping the project's direction, from conceptualization to implementation. Their input will be invaluable in determining logistical requirements, developing effective marketing strategies, and facilitating engaging workshop sessions.

By entrusting young people with key decision-making roles, we aim to cultivate their leadership skills, boost their confidence, and inspire future generations to become active contributors to their community. ISSA is committed to supporting youth-led initiatives and believes that this project will serve as a powerful beginning for personal and professional growth.
Must be no more than 150 words.
e.g. demonstrate opportunities for young people to be involved in planning and delivery.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250010 From Islamic Society of South Australia
Form Submitted 23 Aug 2024, 4:19PM ACST

Promotes Positive Wellbeing for Young People

Demonstrate how your activity or project incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. *
The project incorporates the following:

- Increased self-esteem and confidence: Taking on leadership roles and successfully delivering a public demonstration boosts self-worth.
- Reduced stress and anxiety: Engaging in creative activities like cooking and sharing cultural heritage can be therapeutic.
- Enhanced sense of belonging and community: Collaborating with peers from diverse backgrounds fosters a strong sense of connection.
- Leadership and teamwork: Participants develop essential leadership and collaboration skills through project planning and execution.
- Communication and presentation: Public speaking and interacting with diverse audiences enhances communication abilities.
- Improved nutrition: Exposure to diverse cuisines can encourage healthier eating habits.
- Strengthened cultural identity: Participants gain a deeper connection to their heritage through sharing traditions.

By combining these elements, the project provides a comprehensive platform for young people to develop essential life skills, build confidence, and enhance their overall wellbeing.
Must be no more than 150 words.
Skill development may include employment, leadership and life skills.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
ISSA will be managing the project by relying on volunteers and the project will be utilising the community kitchen at Al Salam Community Centre. We will also be printing marketing resources with our own funds and boosting social media advertising to increase participation.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Environmental Responsibility

Demonstrate how the project or your organisation considers your environmental responsibility? *
All trash from the project will be disposed of responsibly. For example, food scraps will be kept to use as fertilisers for the community garden, non disposable plates and cutlery will be utilised for the food testing.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Budget

*** indicates a required field**

[redacted]

[redacted]

[redacted]

Amount you are requesting from the City of Marion (Maximum is $10,000) *	$8,000.00
Total/Overall project cost (can be estimated) *	$10,100.00

Funding information (Section 2)

Is there any other funding that will contribute to the project? *
☑ Yes - if yes please complete this Section (2)
☐ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
Some expenses from the total will be covered by ticket sales (which is more of a commitment fee to improve attendance) and the remaining spending will be covered by the organisation.

This could include other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $2000 grant from Office for Youth or Department of Human Services $500 earned income from fundraiser

Have you received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
○ Yes
◉ No
e.g. subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received

Youth Grants Review Card			
Organisation Name	The Scout Association of Australia - SA Branch - on behalf of Hallett Cove Scouts	**Project**	Climbing Gear Replacement
Project Description	Replacement of climbing gear to comply with safety regulations		
Funds Requested	$6237	**Total Project Amount**	$6237

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	12.00	Response lacked detail of appropriate youth demographic.
Alignment to Strategic Plan/ Community Vision	15	5.00	Aligns adequately but lacks detail.
Youth Specific Provider	15	14.00	Not completely aimed at 12-25. Incorporates the youth demographic. After confirmation from the organisation, they clarified the climbing gear is to be utilised across the ages 5-25.
Community Connection	10	6.00	Accessible opportunities. After confirmation from the organisation, they clarified the climbing gear is to be utilised by 5-25 year olds.
Inclusivity	10	6.67	Stated alignment with their Diversity and Inclusion standards/practices. Climbing gear to be used majority by 5-25 year olds.
Youth Engagement	10	6.00	Opportunities available. Climbing gear to be used by 5-25 year olds.
Health and Wellbeing	10	6.67	States Scouting Effect study. Confirmation that climbing gear to be used by 5-25 year olds.
In-Kind Support	5	1.67	In kind volunteering provided by the organisation.
Environmental Responsibility	5	3.33	Demonsstrates clear effort towards environmental responsibility through organisations policy.
Total	100	61.34	
FINAL SCORE		**49.07**	

Previous Funding Consideration	Applicant was previously funded in Round 1, 23/24 - 20% discount applied
Partial Funding Consideration	Could procced with partial funding of $3,000. This would mean less equipment purchased.
Participant Fee Consideration	N/A
General Considerations	1. 104 members with an age range between 5 - 26 - not completely specific to 12-25 youth demographic. 2. After confirmation from the organisation, they clarified the climbing equipment is to be utilised across the ages 5-25. 3. It will be suggested to organisation that their application would be better placed to apply for a Community Grant next round.

organisation. If you are not auspiced you are not eligible to apply for this grant.

Project details

*** indicates a required field**

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Educational Institution
- ○ Philanthropic organisation
- ○ Charity
- ◉ Sports/Recreation Club
- ○ Other: Scout Group

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Our mission is to contribute to the education of young people through a value system based on the Scout Promise and Law to help build a better world where people are self-fulfilled as individuals and play a constructive role in society.
Must be no more than 100 words.

Project title: *
Climbing Gear Replacement
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date

16/12/2024
If relevant, can leave blank

Anticipated end date

If relevant, can leave blank

Please provide a brief summary of your project *
Hallett Cove Scout Group has a Climbing Wall that delivers Rock Climbing Activities for all Scouts aged 5 to 26 not only within Marion Council Area but every Scouts SA Member in South Australia. We regularly have Scouts SA Members from all Scout Groups in the Marion City Council visit our Hall on a Regular basis. The Funding will be able to replace all of our Climbing Helmets, Harnesses and Ropes which will ensure we are active for the next 5 years. We climb approx. 100 Youth per year, and with further training of 18-25 year olds, we can double this number.

Climbing equipment needs replacement every 5 years and the equipment begins to lose its capacity and requires replacing to adhere to compliance and safety regulations. We need to replace the Harnesses and Helmets, that have climbed 200+ Youth Members each term for the last 4 1/2 Years, approx 1000 youth members per year.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250025 From The Scout Association of Australia - SA Branch - on behalf of Hallett Cove Scouts
Form Submitted 30 Aug 2024, 1:41PM ACST

But we would also like to cater for the expanding demand from the other age groups.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (i.e. the activities you will perform) and what outcomes are expected. Please include number of workshops etc all basic project information.

How many young people will be attending? (can be an estimate)
Currently we benefit approximately 1000 youth per year, many multiple times per year but with funding we can reach 2000 youth members aged between 6-26yo per year.

Please advise where your project will be held / located (this can be unconfirmed)
Primarily we climb at our indoor climbing wall at Hallett Cove Scout Hall plus outdoor climbing areas within Onkaparinga National Park, Morialta National Park, Flinders Ranges and further afield into Victorian parks

Benefits to City of Marion Young People

Describe how your activity or project benefits the majority of City of Marion young people eg. 80% or greater.
Hallett Cove Climbing Wall opened in May 2019. Before May 2019, zero youth members were able to Rock Climb in the City of Marion. Hallett Cove Climbing Wall is the only Roped Climbing Wall south of Adelaide City. In the years of 2019 – 2024, we have grown our climbing base and youth members from Scouts SA Scout Groups have climbed at the Hallett Cove Climbing Wall Multiple times each year. In May 2019, we had 1 Rock Climbing Guide (A trained person to run Climbing) May 2024, we have 4 Rock Climbing Guides. By the end of 2024, we will have 3-4, Youth Members as Climbing Guides, ages between 18-26, who are currently training to become fully qualified. By the End of 2025, we will have another 6-8 Guides. By the end of 2025, we will have between 13-16 Rock Climbing Guides, able to run Climbing Days most weekends of the year.
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion young people?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage?
With new equipment we can

a) Continue to Rock Climb Youth Members

b) Continue to train more adults & Youth Members (Aged 18-26) to become guides,

c) With more Guides qualified we can offer more Climbing Days for Scouts SA, Marion City Council Youth Members.

d) Scouts SA are currently running an in-school promotion program which will see more enquiries from the local area and with our indoor climbing wall we have and attractive program they can try! Future planning revolves around letterbox drops, social media advertising and Climbing Week open days.

e) With more Rock Climbing Guides we will be able to start a ‘Climbing Club, who would meet weekly to do leisurely climbing and VET Training.
Must be no more than 200 words.
Consider how you will identify City of Marion young people participating within your project or activity.

Alignment to Strategic Plan

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250025 From The Scout Association of Australia - SA Branch - on behalf of Hallett Cove Scouts

Form Submitted 30 Aug 2024, 1:41PM ACST

Refer to City of Marions Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision - Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *

• The Patrol System is a way to engage and develop interpersonal and leadership skills through teamwork, responsibility and belonging as it provides the youth with multiple opportunities to work together and increase decision making skills through running programs and leading their patrol over the year.

• Scouts incorporate a Personal Progression path which is a learning journey focused on challenging the individual to do their best through a range of experiences.

• The outdoors is the primary setting for learning and encourages a two-way relationship between the individual and the natural world.

Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Youth Specific Provider

Does your organisation have experience delivering youth specific programs aimed at young people between the ages of 12-25 years to address a current need? *

The Scout Association has been delivering youth programs for more than 100 years. Hallett Cove Scout Group has been a part of the Hallett Cove community for over 40 years. Many of our leadership team have delivered scouting programs for ten years or more. Our leadership team receives extensive training in Work Health and Safety, Child Safety, The Scout Method, Youth-Led Programming, Managing Behaviours, Being Inclusive, Risk Management, Navigation, Interpreting Weather, Outdoor Activities, Minimal Environmental Impact Practices, as well as many more. We pride ourselves on delivering an exceptional program to enhance the lives of young people.

Must be no more than 150 words.
e.g. examples of previous youth programs delivered. How is your intended program addressing a current youth need?

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Hallett Cove Scout Group is unique, as it is the only group with a joint Venturer and Rover section; these sections are specifically designed for the 14 to 26-year-old youth. This gives youth members access to safe and connected spaces where they can come and socialize, relax, and have fun while learning about different scouting topics. Part of the “Scout Method” is that the Scout movement is a youth-led organization, which means that youth members are directly responsible for their program supported by adults. A personal growth development purpose is also part of our “Scout Method” in the following areas: Social, Physical, Intellectual, Character, Emotional, and Spiritual.

The Hallett Cove Climbing Wall is the only Roped Climbing Wall south of Adelaide City. It is a draw card for youth members who are excited about Rock Climbing, both taking part and also Training to become a VET Qualified Rock Climbing Guide.

Must be no more than 150 words.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250025 From The Scout Association of Australia - SA Branch - on behalf of Hallett Cove Scouts
Form Submitted 30 Aug 2024, 1:41PM ACST

e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Inclusivity

Does your activity or project create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity or project as inclusive as possible for young people? *
Scouts Australia has very clearly defined and easily accessible Diversity and Inclusion Standards. The policy states that Scouts Australia is inclusive of all (within the scope of its membership) regardless of gender, sexuality, race, spiritual beliefs, abilities, or socioeconomic status and does not tolerate any form of harm, abuse, exclusion, or neglect. Scouts Australia embraces the diversity of its community, aiming to reflect this diversity through its policies and practices and provide inclusion that ensures access to scouting for all. Hallett Cove Scout Group is very committed to this policy, and our leadership team receives training specifically targeted at achieving this goal. Currently HCSG has an array of Scouting members with mental health limitations/disorders and a member with eyesight impairment. Our lead instructor is even qualified and equipped to abseil wheelchair-bound youths!

Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable young people and/or specific youth demographics).

Enables Youth Engagement

Does your activity or project encourage opportunities for young people to lead or co-design phases within the project? *
YES! Our regular program has fundamental elements of the Scout Method, including Community Involvement, Learning by Doing and more. One of the main methods is "Youth Leading – Adult Supporting". This method means that youth plan and execute the equipment provided and how and when it will be used. The unique part of HCSG is that our younger sections (Joeys and Cubs) grow up with the climbing wall and as they progress into the higher age brackets we train them up as Climbing Guides. We are seeing our first 4 climbing Guides volunteering with the Joey's and Cubs and teaching them the skills they have learnt!

The Hallett Cove Climbing Wall, twice a year has all of the holds stripped, and our Youth members are able to spend time designing and exploring new Climbing Routes.

Must be no more than 150 words.
e.g. demonstrate opportunities for young people to be involved in planning and delivery.

Promotes Positive Wellbeing for Young People

Demonstrate how your activity or project incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. *
In the Youth Engagement Report, Mental Health was identified by youth as a critical current issue. Being involved in Scouts has been found beneficial to youth's mental health. The Scouting Effect study found that when compared to the non-scouting population, scouts are less depressed, have better mental health, and are less likely to feel anxious be on edge or stop worrying incessantly (Scouts Australia 2020).

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250025 From The Scout Association of Australia - SA Branch - on behalf of Hallett Cove Scouts
Form Submitted 30 Aug 2024, 1:41PM ACST

Scouting exists to help develop young people in areas of personal growth and to develop them as active citizens involved in their local, national and global communities. We achieve this through a diverse program of adventurous, fun, challenging, and inclusive activities including climbing.
Must be no more than 150 words.
Skill development may include employment, leadership and life skills.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Scouts SA is a registered NFP Organisation and our membership fees and volunteering parents and leaders cover our running and program costs. We rely on grants and fundraising to replace, upgrade and expand our equipment so effectively, we are not offering in-kind financial contribution currently.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to deliver the activity or project.

Environmental Responsibility

Demonstrate how the project or your organisation considers your environmental responsibility? *
A big part of scouting is Nature & the Outdoors. Adult members receive training in minimal environmental impact practices. Part of our “Scout Method” is to transfer this knowledge to youth members.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

Application No. YG24250025 From The Scout Association of Australia - SA Branch - on behalf of Hallett Cove Scouts

Form Submitted 30 Aug 2024, 1:41PM ACST

Amount you are requesting from the City of Marion (Maximum is $10,000) *	$6,237.00
Total/Overall project cost (can be estimated) *	$5,669.00

Funding information (Section 2)

Is there any other funding that will contribute to the project? *
☐ Yes - if yes please complete this Section (2)
☑ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
eg: Donation from Bunnings for $500 towards the project - confirmed

This could include other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $2000 grant from Office for Youth or Department of Human Services $500 earned income from fundraiser

Have you received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
○ Yes
◉ No
e.g. subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received

Budget (Section 3)

This table must only include amount/funding requested from the City of Marion (this grant).If your organisation is registered for GST, your budget must include GST.

Expenditure item description	Expenditure item type	Amount ($)	Notes
What is the grant being spent on		Must be a whole dollar amount (no cents).	Any additional information
30 x C.A.M.P. Group 3 Harness	Equipment *	$2,248.00	
30 x C.A.M.P. Rock Star Helmet	Equipment	$1,799.00	
30 x C.A.M.P. Oval Screw Gate-$	Equipment	$139.00	

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250025 From The Scout Association of Australia - SA Branch - on behalf of Hallett Cove Scouts
Form Submitted 30 Aug 2024, 1:41PM ACST

30 x C.A.M.P. 187702 Steel D Tri Lock	Equipment	$236.00	
1 x Tendon 9mm Static 200m Spool (Colour: White)	Equipment	$488.00	
4 x C.A.M.P. Gym Safe Plus - 11cm	Equipment	$90.00	
5 x Tendon Master 9.7 60m Standard (Colour: Green)	Equipment	$1,237.00	

Any additional information relating to the budget you would like to include?
We have no budget for this because without grants we will only be able to purchase climbing equipment based on what we can fundraise within our group.
Must be no more than 100 words.

Budget total

Total amount
6237
This number/amount is calculated.

Quotes

Any expenditure items over $1,000 require 2 quotes for the application to be eligible. If purchasing the same item multiple times and the total exceeds $1,000 please attach quote *

Filename: QUOTE_CA168550.PDF
File size: 28.0 kB
Attach/upload all required quotes here.

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
Yes, but the program would be diminished as once our equipment becomes unsafe we are not permitted to run our climbing event. Less equipment means a lower reach to the youths within HCSG.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *
$3,000.00
Must be a dollar amount.
Please put $0 if you are unable to proceed with partial funding

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250025 From The Scout Association of Australia - SA Branch - on behalf of Hallett Cove Scouts

Form Submitted 30 Aug 2024, 1:41PM ACST

Is there a participant fee for your project? If so, how much? *
$0
If there is no fee, put $0 or N/A

Further information

Please attach any additional information that you think may be relevant to your application	*No files have been uploaded* Eg; marketing information, photos,
	or
Any further information you would like to include	Group Fees = $495 LESS the $100 sports voucher rebate (if claimed).

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved project as detailed in the grant application.
- Seek council's written approval to continue if there are any changes to the project (or seek permission for changes).
- Complete the project within twelve months of receiving the funding.
- Complete an acquittal at the end of the project or by 13 months from receiving the funding.
- Funds that are not used must be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the project.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded project. The City of Marion will also have the right to independently promote the projects/events
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs, claims.

Youth Grants Review Card				
Organisation Name	The Scout Association of Australia - SA Branch - on behalf of Hallett Cove Scouts	**Project**	Lightweight tents	
Project Description	Replacement of camping equipment.			
Funds Requested	$10000	**Total Project Amount**	$15400	

Matrix Criteria	**Available Scoring**	**Average Score**	**Reviewers Comment**
Benefits CoM	20	9.33	Response lacked detail of appropriate youth demographic.
Alignment to Strategic Plan/ Community Vision	15	7.00	Aligns adequately but connection lacks detail.
Youth Specific Provider	15	12.00	Not completely aimed at 12-25. incorporates the youth demographic. After confirmation from the organisation, they clarified the majority of tents usage is to be utilised by 5-14 year olds.
Community Connection	10	4.67	Accessible opportunities. After confirmation from the organisation, they clarified the tents are to be utilised across by 5-14 year olds.
Inclusivity	10	6.67	Stated alignment with their Diversity and Inclusion standards/practices. Tents to be used majority by 5-14 year olds.
Youth Engagement	10	5.33	Opportunities yet tents to be used majority by 5-14 year olds.
Health and Wellbeing	10	7.33	States Scouting Effect study yet confirmation that tents to be used majority by 5-14 year olds.
In-Kind Support	5	2.67	In kind volunteering provided by the organisation.
Environmental Responsibility	5	3.67	Demonsstrates clear effort towards environmental responsibility through organisations policy.
Total	100	58.67	
FINAL SCORE		**46.94**	

Previous Funding Consideration	Applicant was previously funded in Round 1, 23/24 - 20% discount applied
Partial Funding Consideration	Could proceed with partial funding of $5,000. Would need to fundraise to bridge the gap.
Participant Fee Consideration	N/A
General Considerations	1. 104 members with an age range between 5.5 - 25 - not completely specific to 12-25 youth demographic. 2. After confirmation from the organisation, they clarified the tents are to be utilised across the by 5-14 year olds. 3. It will be suggested to organisation that their application would be better placed to apply for a Community Grant next round.

YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250024 From The Scout Association of Australia - SA Branch on behalf of Hallet Cove Scout Group

Form Submitted 30 Aug 2024, 1:44PM ACST

organisation. If you are not auspiced you are not eligible to apply for this grant.

Project details

*** indicates a required field**

What type of not-for-profit organisation are you? *
- ○ Community group
- ○ General not-for-profit
- ○ Volunteer association
- ○ Religious or faith-based institution
- ○ Educational Institution
- ○ Philanthropic organisation
- ○ Charity
- ◉ Sports/Recreation Club
- ○ Other: Scout Group

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *
Our mission is to contribute to the education of young people through a value system based on the Scout Promise and Law to help build a better world where people are self-fulfilled as individuals and play a constructive role in society.
Must be no more than 100 words.

Project title: *
Lightweight Tents
Provide a name for your project/program/initiative. Your title should be short but descriptive.

Anticipated start date

16/12/2024
If relevant, can leave blank

Anticipated end date

If relevant, can leave blank

Please provide a brief summary of your project *
Hallett Cove Scout Group is seeking funding to provide our youth members with lightweight hiking and camping equipment to each of our 5 sections. Hallett Cove Scout Group caters to 105 youth aged between 5.5 and 25. Understandably, this age range means we must supply outdoor equipment suitable for each developmental age. When members reach the Scout, Venturers, and Rover Sections, they are becoming more adventurous and require specialised lightweight equipment. This grant application will outline why there is a need for this equipment and how it will benefit our youth.
Must be no more than 200 words.
Be descriptive, but succinct. Include a brief summary of who this project will benefit, what you will do (i.e. the activities you will perform) and what outcomes are expected. Please include number of workshops etc all basic project information.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250024 From The Scout Association of Australia - SA Branch on behalf of Hallet Cove Scout Group

Form Submitted 30 Aug 2024, 1:44PM ACST

How many young people will be attending? (can be an estimate)
We currently have 105 youth members aged between 5.5 and 25 who all regularly enjoy Scouting camping experiences and gaining valuable experiences and skills.

Please advise where your project will be held / located (this can be unconfirmed)
Campgrounds all around South Australia depending on the section and time frame

Benefits to City of Marion Young People

Describe how your activity or project benefits the majority of City of Marion young people eg. 80% or greater.
Over 83% of our members are from the City of Marion as we are situated in the heart of Hallett Cove. With this grant, we can purchase the equipment to provide a valuable experience to youth members that expands their overall resilience, confidence and outdoor skill set through our regular and outdoor programs. By having these tents and sides it means we can accommodate 5 youths per tent, rather than the current number of 3 youths. This allows more youth members to partake of our programs.
Must be no more than 200 words.
If you cannot guarantee 80% or above, what percentage will be City of Marion young people?

How does your organisation plan to ensure you will achieve this percentage? Please outline the specific strategies and methods you will utilise to reflect this percentage?
We have the potential to grow our group by focussing on efforts on Hallett Cove and Sheidow Park and grow our membership through flyer letterbox dropping and lifting our community profile through community Open Days and Shopping Centre displays. Currently Scouts SA are doing an in-school membership drive that we anticipate will lift our profile. We are currently assessing our capacity and putting a budget in place for expansion for meeting the community needs.

Having enough of the correct equipment, infrastructure and leader to youth ratios are all being put into place with our Committee and Leadership Teams.
Must be no more than 200 words.
Consider how you will identify City of Marion young people participating within your project or activity.

Alignment to Strategic Plan

Refer to City of Marions Strategic Plan and Community Vision - Towards 2040

How does your activity or project align with the City of Marion Community Vision - Towards 2040 themes? e.g. engaged, liveable, valuing nature, connected, innovative, prosperous. *
Scouts as an organisation aligns with many of the Marion Council Vision through the Scouting Method elements:

• The Patrol System is a way to engage and develop interpersonal and leadership skills through teamwork, responsibility and belonging as it provides the youth with multiple opportunities to work together and increase decision making skills through running programs and leading their patrol over the year.

• Scouts incorporate a Personal Progression path which is a learning journey focused on challenging the individual to do their best through a range of experiences.

• The outdoors is the primary setting for learning and encourages a two-way relationship between the individual and the natural world.

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250024 From The Scout Association of Australia - SA Branch on behalf of Hallet Cove Scout Group
Form Submitted 30 Aug 2024, 1:44PM ACST

Must be no more than 150 words.
Alignment to relevant themes only e.g. response does not need to address all 6 themes.

Youth Specific Provider

Does your organisation have experience delivering youth specific programs aimed at young people between the ages of 12-25 years to address a current need? *
The Scout Association has been delivering youth programs for more than 100 years. Hallett Cove Scout Group has been a part of the Hallett Cove community for over 40 years. Many of our leadership team have delivered scouting programs for ten years or more. Our leadership team receives extensive training in Work Health and Safety, Child Safety, The Scout Method, Youth-Led Programming, Managing Behaviours, Being Inclusive, Risk Management, Navigation, Interpreting Weather, Outdoor Activities, Minimal Environmental Impact Practices, as well as many more. We pride ourselves on delivering an exceptional program to enhance the lives of young people.
Must be no more than 150 words.
e.g. examples of previous youth programs delivered. How is your intended program addressing a current youth need?

Community Connection

Refer to City of Marion Strategic Plan and Community Vision - Towards 2040.
Strategic Plan and Community Vision - Towards 2040

Describe how your project or activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *
While many Scout groups are located within the Marion Council area, Hallett Cove Scout Group is unique, as it is the only group with a Venturer and Rover section; these sections are specifically designed for the 14 to 25-year-old youth. This gives youth members access to safe and connected spaces where they can come and socialise, relax, and have fun while learning about different scouting topics. Part of the “Scout Method” is that the Scout movement is a youth-led organisation, which means that youth members are directly responsible for their program supported by adults. A personal growth development purpose is also part of our “Scout Method” in the following areas: Social, Physical, Intellectual, Character, Emotional, and Spiritual.
Must be no more than 150 words.
e.g. how is your project going to engage your target group, is it accessible and convenient for participants?

Inclusivity

Does your activity or project create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity or project as inclusive as possible for young people? *
Scouts Australia has very clearly defined and easily accessible Diversity and Inclusion Standards. The policy states that Scouts Australia is inclusive of all (within the scope of its membership) regardless of gender, sexuality, race, spiritual beliefs, abilities, or socioeconomic status and does not tolerate any form of harm, abuse, exclusion, or neglect. Scouts Australia embraces the diversity of its community, aiming to reflect this diversity through its policies and practices and provide inclusion that ensures access to scouting

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250024 From The Scout Association of Australia - SA Branch on behalf of Hallet Cove Scout Group
Form Submitted 30 Aug 2024, 1:44PM ACST

for all. Hallett Cove Scout Group is very committed to this policy, and our leadership team receives training specifically targeted at achieving this goal.
Must be no more than 150 words.
e.g. reducing stigmas and barriers, activity or project is as inclusive as possible (council recognises particular programs may be implemented to support vulnerable young people and/or specific youth demographics).

Enables Youth Engagement

Does your activity or project encourage opportunities for young people to lead or co-design phases within the project? *
Our purpose is to contribute to the education of young people to help them achieve their full physical, intellectual, emotional, social, and spiritual potential as individuals, responsible citizens, and members of their local, national, and international communities. Our program has fundamental elements of the Scout Method, including Community Involvement, Learning by Doing and more. One of the main methods is "Youth Leading – Adult Supporting." This method means that youth plan and execute the camps and other activities for which the equipment provided will be used.
Must be no more than 150 words.
e.g. demonstrate opportunities for young people to be involved in planning and delivery.

Promotes Positive Wellbeing for Young People

Demonstrate how your activity or project incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. *
In the Youth Engagement Report, Mental Health was identified by youth as a critical current issue. Being involved in Scouts has been found beneficial to youth's mental health. The Scouting Effect study found that when compared to the non-scouting population, scouts are less depressed, have better mental health, and are less likely to feel anxious or on edge or can't stop worrying (Scouts Australia 2020).

Scouting exists to help develop young people in areas of personal growth and to develop them as active citizens involved in their local, national and global communities. We achieve this through a diverse program of adventurous, fun, challenging, and inclusive activities. The learning process is achieved through a unique method of delivery called the "Scout Method" Included in this are the following elements: Community Involvement, Learning by Doing, Nature & the Outdoors, Patrol System, Personal Progression, Promise & Law, Symbolic Framework, and Youth Leading-Adults supporting.
Must be no more than 150 words.
Skill development may include employment, leadership and life skills.

In-Kind Support or Financial Contribution

What in-kind or financial contribution to the overall project cost does your organisation intend to provide? *
Scouts SA is a registered NFP Organisation and our membership fees and volunteering parents and leaders cover our running and program costs. We rely on grants and fundraising to replace, upgrade and expand our equipment. We will contribute to this project from our own funds over time and increase the number of tents and sides requested through this grant at our own cost.
Must be no more than 100 words.
e.g. Providing facilitators, program spaces, printing, marketing, resources, equipment or finances to

Youth Grants 2024/25 Round 1
YG Application 2024/25 R1 (Version 2 of 2)
Application No. YG24250024 From The Scout Association of Australia - SA Branch on behalf of Hallet Cove Scout Group
Form Submitted 30 Aug 2024, 1:44PM ACST

deliver the activity or project.

Environmental Responsibility

Demonstrate how the project or your organisation considers your environmental responsibility? *
A big part of scouting is Nature & the Outdoors. Adult members receive training in minimal environmental impact practices. Part of our "Scout Method" is to transfer this knowledge to youth members. Our current supply of older tents are not durable and require replacement every 1-2 years. The Blackwolf tents are higher calibre of material with a 3-year warranty and have sturdy poles and zipper seams and can be repaired as needed instead of replacing them prematurely due to cheaper materials.
Must be no more than 100 words.
e.g. Do you abide by the single use plastics legislation (commencing September 2024), avoid excessive waste, your organisation recycles, and aims to reduce your carbon footprint, does your organisation support biodiversity?

Does your organisation have policies or practices in place relevant to environmental sustainability, please upload here (not compulsory).

☑ Yes - if yes please complete this Section (2)
☐ No - if no please go to Section (3)

Please state the amount of funds to be contributed and whether the funds are confirmed or unconfirmed.
efuture fundraised amounts from Bunnings barbeque opportunities that will contribute to any equipment replacement and upgrades. Achieving fundraised money may take 2-3 years to realise our goals whereas Grant money received brings this project forward and allows expansion in the foreseeable short term rather than in 2-3 year's time. We generally do not receive any donations.

This could include other grant monies, your organisations financial commitment, any other external financial contributions or donations. e.g. $2000 grant from Office for Youth or Department of Human Services $500 earned income from fundraiser

Have you received any financial contributions or in-kind support from the City of Marion in this current financial year or ongoing? *
○ Yes
◉ No
e.g. subsidised rent, funding agreements, one off support payments

If yes, please explain the support and amount received

Budget (Section 3)

This table must only include amount/funding requested from the City of Marion (this grant).If your organisation is registered for GST, your budget must include GST.

Expenditure item description	Expenditure item type	Amount ($)	Notes
What is the grant being spent on		Must be a whole dollar amount (no cents).	Any additional information
6 X Blackwolf Tents	Equipment *	$7,200.00	@ $1,200 each
12 X Tent Sides	Equipment	$2,880.00	@ $240 each

Any additional information relating to the budget you would like to include?
Must be no more than 100 words.

Budget total

Total amount
10080
This number/amount is calculated.

Quotes

Any expenditure items over $1,000 require 2 quotes for the application to be eligible. If purchasing the same item multiple times and the total exceeds $1,000 please attach quote *

Filename: Quote 24-00135352 Hallet Cove SG Jacinda Clark.pdf
File size: 121.7 kB

Filename: Tentworld Quote Q-50100039.pdf
File size: 92.9 kB
Attach/upload all required quotes here.

Partial funding

Could you proceed with partial funding? If so, how would this change the delivery of your project? *
Yes, we could proceed with partial funding however our project relies heavily upon monies received from grants. Our membership fees cover our operating and program expenses but equipment upgrades rely solely upon monies from grants and fundraising. Partial funding would mean we would require more fundraising protracting the time to realising our goals. It could reduce our program integrity as we couldn't do an entire section camp, or we would need to reply on cheaper equipment which doesn't align with our sustainability and environmental values.

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your project to proceed? *
$5,000.00
Must be a dollar amount.
Please put $0 if you are unable to proceed with partial funding

Is there a participant fee for your project? If so, how much? *
No
If there is no fee, put $0 or N/A

Further information

Please attach any additional information that you think may be relevant to your application

Any further information you would like to include

Group Fees = $495 LESS the $100 sports voucher rebate (if claimed).

Youth Grants

GUIDELINES

CITY OF MARION

marion.sa.gov.au/grants

GUIDELINES

Introduction

The purpose of the City of Marion Youth Grants is to support not-for-profit groups and service organisations to deliver well-managed and relevant projects and programs whilst strengthening connections for young people in our community.

Applications should support and align projects with The City of Marion Strategic Plan and Community Vision – Towards 2040

Applications are invited from organisations with expertise and local knowledge to provide diverse and inclusive opportunities that are accessible as possible for groups, including various genders, ages, sexuality, cultural backgrounds, religious beliefs and living with disability. The City of Marion recognises particular programs may be implemented to support vulnerable populations and/or specific demographic groups within our community.

Support with your application

Applicants are strongly encouraged to refer to this document and the Strategic Plan link before considering or commencing an application.

If you require further information please contact Ashley Lambourne, Grants Officer on phone 08 8375 6600 or email ashley.lambourne@marion.sa.gov.au.

All information relating to City of Marion grants including eligibility, key dates and previously successful recipients can be found on the City of Marion website.

Applications need to be submitted online.

To be eligible

- Applications are encouraged from incorporated not-for-profit organisations and groups.
  NOTE: Groups that are not incorporated need an incorporated body willing to accept the funds on your behalf and accept responsibility for the funding of the project.
- Applications must include completed financial information and necessary quotations.
- Schools/educational institutions are eligible to apply, provided they can demonstrate:
  - The project is delivered outside of normal school hours, this also applies to external facilitators conducting programs and activities within schools.
  - The project is meeting an identified need that is not limited to the school environment and demonstrates how the project will have benefits to the wider youth population.
  - The project does not form part of the core business of the Department for Education.
  - Alternative funding sources for the project are not available from the Department for Education.

The following will make an application ineligible

- Funding for individual, private, political or commercial enterprise or activities.
- Fundraising or sponsorship.
- Ongoing operational costs, core business, salaries or costs not directly related to project delivery.
- Projects implemented outside of the City of Marion council boundaries (unless the activity clearly demonstrates significant benefits to the participants, being City of Marion's young people).
- If applicants have already applied within other City of Marion grant streams for the same project within the same round.
- The project has commenced or retrospective funding (money spent before a grant is approved).
- Funding for academic research or conference costs, interstate or overseas travel.
- Funding for once off events.
- Projects that duplicate a community need that is already being met.
- The organisation has an outstanding acquittal or debt owing to Council. *Please note this does not apply to organisations that have a loan with Council and are complying with the repayment terms.*

Youth Grants

GUIDELINES

CITY OF MARION

Ineligible applications will not progress to the assessment stage.

Funding

- Applicants may apply for funding up to $10,000.
- Applicants may apply for more than one grant by submitting a separate application for each project, demonstrating clear distinctions between the projects.
- Applicants must declare any current and/or ongoing in-kind or financial support received from the City of Marion eg subsidised rent, funding agreements.

Grant Objectives

Applicants should consider the following:

- Establish and undertake projects or activities that align with the relevant areas of The City of Marion Strategic Plan and Community Vision – Towards 2040.
- Programs or services that focus on the following will be highly considered:
    - Are delivered by organisations that have existing youth development expertise.
    - Are addressing an identified need for City of Marion's young people.
    - Develop opportunities for youth participation, connection and promote the health and wellbeing of young people.
    - Demonstrate inclusivity and accessibility to the wider community where possible.
    - Demonstrate evidence of youth engagement in the design, planning and delivery of the project, where possible.
    - Organisations that contribute their own in-kind resources to the project and encourage opportunities for volunteering.
    - Demonstrate environmental responsibility by the organisation/service, where applicable, eg: environment policies or practices in place.

Suggested Focus Areas

- Strengthening Youth Engagement and Participation
- Creating Safe, Inclusive and Welcoming Spaces
- Developing Creativity through Arts and Culture
- Valuing Nature and Environmental Sustainability
- Skill Development and Leadership

How are applications assessed?

- Applications will be assessed and scored against grant guideline criteria.
- Applications will be assessed and scored against youth grant objectives.
- Applications will be assessed and scored against the City of Marion's Strategic Plan and Community Vision.
- A reduction of 10% is applied to the application total assessment score if the organisation has been funded within the last 3-4 rounds, and a reduction of 20% applied if funded within the last 1-2 rounds.
- Additional assessment information to be included as per endorsed Council processes eg: Youth Grants Assessment Matrix 2024, grants committee.

Please note that meeting the eligibility criteria alone does not guarantee funding. The Youth Grants Program is highly competitive with a budget limit. The decision to award a grant is made by Council and the decision of Council is considered final. This decision may take into account other matters that Council deem reasonable and relevant to the decision-making process.

Financial reporting and acquittal

Applicants will be required to complete an acquittal form online. The form is due one month after the completion of the project or 13 months from the funding date, whichever is earlier. Evidence of expenditure is required – **all receipts must be attached to the acquittal.**

Youth Grants

GUIDELINES

CITY OF MARION

The acquittal form verifies that the grant funding has been spent in accordance with the project budget provided in the application form. Final acquittal of the grant requires a statement of income and expenditure for the project as well as evaluation documentation. The feedback provides valuable insight to Council on how your project and community have benefited from the Youth Grants Program (please provide photos of your project/activity).

Successful applicants are required to comply with terms and conditions included in the application form.

Youth Grants **Assessment Matrix** 2024

Activity or Project Criteria	Weighting Applied	Criteria Applied to Assessment
Activity or Project benefits majority of CoM young people	**20%**	Demonstrates participation by CoM young people at an 80/20 ratio or higher.
Alignment with Key reports and City of Marion Strategic Plan & Community Vision – towards 2040	**15%**	Demonstrates alignment to the following document: • The City of Marion Strategic Plan and Community Vision – Towards 2040 The City of Marion Youth Action Plan 2024-2027 (currently in draft)
Youth Specific Provider	**15%**	Does the applicant have experience delivering youth specific programs/ projects events? **OR** Is the applicant from a specific sector i.e. housing, employment, developing a program aimed at young people between the ages of 12-25 years to address current needs?
Youth Development		**Strength of Benefit to Young People**
Activity or Project creates Community Connection	**10%**	Addresses social isolation, increases opportunity for social connectedness, peer connection and/or intergenerational connection.
Activity or Project is inclusive as possible for CoM young people	**10%**	Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces for community and encourages cultural harmony.
Activity or Project enables youth engagement	**10%**	Demonstrates awareness and opportunity for young people to: • Co-design the project • Be involved in the planning and delivery of the project
Activity or Project promotes positive wellbeing for young people	**10%**	The project is addressing issues that affect the health and wellbeing of young people. The following factors should be considered: (but not limited to) • Mental Health Physical Health • Skill Development Cultural Wellbeing
Additional Criteria		
Applicant contribution to the Activity or Project	**5%**	The applicant has commitment to the project by contributing; Eg: In kind support, volunteer hours, financial commitment
Applicant demonstrates environmental responsibility	**5%**	Application indicates current or intended progress towards an increased environmental responsibility eg: organisational policies and practices in place.

Community and Youth Grants Committee Terms of reference

1. ESTABLISHMENT

1.1 Pursuant to Section 41 of the *Local Government Act 1999* (the Act) Council has established a Grants Committee.

2. OBJECTIVES

2.1 The Committee is established for the purpose of:

2.1.1 Reviewing and recommending to Council the distribution of Grant Funding allocated for Community Grants and Youth Grants.

2.1.2 Ensuring the City of Marion's Grant Process supports Councils Community Vision and Strategic Plan objectives.

2.1.3 Ensuring the Community Grants Program supports not-for-profit incorporated (or auspiced) groups to establish and undertake projects or activities that are beneficial for the community.

2.1.4 Ensuring the Youth Grants Program supports the not-for-profit sector to deliver well-managed and relevant projects, programs and activities whilst strengthening connections for young people in our community.

3. MEMBERSHIP

3.1 Membership of the Grants Committee will comprise a total of six (6) members:

(i) Three Council Members per Round

(ii) Two Staff Members

(iii) A Chair – General Manager City Services

3.2 Staff Members appointed to the Committee will be from within the Community Connections Department.

3.3 The Membership for the Council Members will be on a rotational basis, with three Council Members appointed to the Committee per round as resolved by the Council.

3.4 No additional allowance will be paid to the Council Member representatives over and above the allowance already received by the Council Member.

Community and Youth Grants Committee Terms of reference

3.5 No additional allowance will be paid to any Staff Member representatives over and above the remuneration already received.

4. BASIS FOR OPERATION/FUNCTIONS

4.1 The Committee does not have any delegated powers of Council, and all decisions of the Committee will constitute recommendations to Council.

4.2 For the purpose of Section 41(8) of the Act, the Council does not impose any reporting and accountability requirements on the basis that all decisions of the Committee constitute recommendations to Council.

5. MEETINGS

5.1 The Committee shall meet at least twice per year.

5.2 The time and place for the conduct of meetings will be determined by the Committee provided that all meetings will be held in a public place within a City of Marion Building.

5.3 A quorum for a meeting of the Committee shall be half the total membership plus one, ignoring any fractions.

5.4 A deputy Chair may be appointed by those present at the commencement of the meeting if required.

5.5 The Chair will only have a casting vote.

5.6 Each member present at a Committee meeting must, subject to the provision of the Act, vote on a question arising for decision at that meeting.

5.7 If the Committee needs to deliberate in confidence (with the public excluded), it will use the provisions of section 90 and 91 of the Local Government Act 1999.

5.8 Where the Act, the Local Government (Procedures at meetings) Regulations 2000 and these Terms of Reference do not prescribe procedures to be observed in relation to the conduct of a meeting of the Committee, the Committee may determine its own procedures.

5.9 In accordance with the provisions of Section 75 of the Local Government Act 1999, the Conflict of Interest and Disclosure of Interest requirements contained within Sections 73 and 74 of the Local Government Act 1999 apply to all members of the Committee.

5.10 Administrative support will be provided to the Committee as requested.

6. FUNCTIONS

6.1 Within the parameters of the Act, and having regard to the powers, functions and responsibilities of the Chief Executive Officer, the Committee is charged with

Community and Youth Grants Committee Terms of reference

providing advice and recommendations to Council regarding:

6.1.1 Reviewing Reports: Reviewing the grant report and additional information supplied relevant to eligible applications submitted by individuals or community groups seeking funding under the City of Marion Community Grants and City of Marion Youth Grants Programs.

6.1.2 Making recommendations: Making recommendations to Council regarding which preferred projects / programs may receive funding in accordance with the Community Grants and Youth Grants assessment process, grant guidelines and matrices.
