REPORT HISTORY

Report Reference	Report Title
CYGC241023R7.2	Community Grants 2024-25 Round 1

REPORT OBJECTIVE

To provide the Community and Youth Grants Committee Members with the applications and preliminary review undertaken by administration for the 2024/25 Round 2 Community Grants for review, assessment and recommendation to Council.

EXECUTIVE SUMMARY

Council has endorsed the Governance Structure of the Community and Youth Grants to operate under a Section 41 Committee (GC240423R12.6), with a Terms of Reference (Attachment 1).

The purpose of the City of Marion Community Grants is to support not-for-profit organisations to deliver activities and projects that demonstrate a strong community benefit. A total of \$100,000 per financial year is allocated to this program, of which \$50,000 is allocated to each of the two grant rounds.

In order to support the Committee in discharging its obligations, administration has undertaken a preliminary review of the of the applications against Council's endorsed Community Grant Guidelines (Attachment 2) and the Community Grant Matrix (Attachment 3).

Table 1 is a summary of the applications ranked in order of total score resulting from this preliminary review.

The Committee is not bound by this scoring or ranking. The grants review card and application for each grant has been provided (Attachment 4). The Committee may accept, reject or amend this score thereby amending the ranking to reach a recommendation to be put to Council.

RECOMMENDATION

That the Community and Youth Grants Committee:

1. Review and assess the 2024/25 Round 2 Community Grants applications.
2. Recommend to Council the 2024/25 Round 2 Community Grants.

Table 1: Community Grants (Round 2 funding pool is allocated at \$53,773)

	Score	Organisation	Project	Amount requested	Part funded option
1	93.88	Plympton Sporting and Recreation Club	Sports Equipment	\$5000	\$4000

Funding allocation exhausted if using 'Amount Requested' in applications 1-10) then 'Part Funded' in applications (12-16)				-	\$53,395
17	43.33	The Scout Association of Australia - SA Branch	Improving the Parents room	\$5000	\$3500
18	35.50	South Coast Cycling Club	Signage to promote the club, advertise events, and build clubs brand	\$885	\$750
Total funds requested				\$73,398	
<i>Round 2 funding pool is \$53,773, including \$50,000 Round 2 allocation plus \$3773 from Round 1 surplus.</i>					

The following applications were also received and were assessed as ineligible by staff.

Table 2. Ineligible Applications

Organisation	Project	Amount requested	Reason for ineligibility
Royal Life Saving Australia	Aquatic Pathway for CALD Adults	\$4465	Outstanding Community Grant acquittal from Community Grant Round 2, 2022-23.
South Australian Country Woman's Association Plympton Branch	Musical Afternoon	\$320	Activity was a one-off event. Applicants were redirected to apply for Community Event Fund but opted not to proceed.

DISCUSSION

Following Council's review of the process underpinning the allocation of Community and Youth Grant Funding including the process, governance structure, eligibility and assessment matrix, the Council endorsed the future Governance Structure of the Community and Youth Grants to operate under a Section 41 Committee (GC240423R12.6).

The objective of the Committee as outlined in the terms of reference is outlined below:

2.1 The Committee is established for the purpose of:

2.1.1 Reviewing and recommending to Council the distribution of Grant Funding allocated for Community Grants and Youth Grants.

2.1.2 Ensuring the City of Marion's Grant Process supports Council's Community Vision and Strategic Plan objectives.

2.1.3 Ensuring the Community Grants Program supports not-for-profit incorporated (or auspiced) groups to establish and undertake projects or activities that are beneficial for the community.

2.1.4 Ensuring the Youth Grants Program supports the not-for-profit sector to deliver well-managed and relevant projects, programs and activities whilst strengthening connections for young people in our community

The purpose of the City of Marion Community Grants is to support not-for-profit organisations to deliver activities and projects that demonstrate a strong community benefit. A total of \$100,000 per financial year is allocated to this program, of which \$50,000 is allocated to each of the two grant rounds. Grants are available up to the value of \$5,000 per application. Council may endorse one grant per round over \$5,000 up to \$10,000.

The City of Marion is committed to a diverse and inclusive community. Applications should reflect and celebrate this by ensuring projects are inclusive and as accessible as possible for all groups, including people of various gender, age, sexuality, cultural backgrounds, religious beliefs, and those living with a disability.

In order to support the Committee in discharging its obligations administration has undertaken a preliminary review of the of the applications against Council's endorsed Community Grant Guidelines (Attachment 2) and the Community Grant Matrix (Attachment 3).

Table 1 (above) is a summary of the applications ranked in order of total score. This score is a result of three step review process including:

- individual staff within the Community Connections team undertaking a full review of each application, and scoring the application using the endorsed guidelines matrix. These individuals are considered the review panel.
- group review of the applications (including all members of the review panel) to discuss any variations, anomalies or oversights that may have occurred during the review process, and to provide any additional information provided by the applicant relevant to the review process. This step enables the finalisation of individual scores.
- the creation of a final score (an average of individual scores). The final score is what is used to rank the applications and provided to this Committee.

The Committee is not bound by this scoring or ranking. The grants review card and application for each grant has been provided. The Committee may accept, reject or amend this score thereby amending the ranking to reach a recommendation to be put to Council. Please note personal and company sensitive information has either been removed or redacted.

At the meeting, administration will be able to amend each score as requested by the Committee.

Community and Youth Grants Committee

Terms of reference

- 3.5 No additional allowance will be paid to any Staff Member representatives over and above the remuneration already received.

4. BASIS FOR OPERATION/FUNCTIONS

- 4.1 The Committee does not have any delegated powers of Council, and all decisions of the Committee will constitute recommendations to Council.
- 4.2 For the purpose of Section 41(8) of the Act, the Council does not impose any reporting and accountability requirements on the basis that all decisions of the Committee constitute recommendations to Council.

5. MEETINGS

- 5.1 The Committee shall meet at least twice per year.
- 5.2 The time and place for the conduct of meetings will be determined by the Committee provided that all meetings will be held in a public place within a City of Marion Building.
- 5.3 A quorum for a meeting of the Committee shall be half the total membership plus one, ignoring any fractions.
- 5.4 A deputy Chair may be appointed by those present at the commencement of the meeting if required.
- 5.5 The Chair will only have a casting vote.
- 5.6 Each member present at a Committee meeting must, subject to the provision of the Act, vote on a question arising for decision at that meeting.
- 5.7 If the Committee needs to deliberate in confidence (with the public excluded), it will use the provisions of section 90 and 91 of the Local Government Act 1999.
- 5.8 Where the Act, the Local Government (Procedures at meetings) Regulations 2000 and these Terms of Reference do not prescribe procedures to be observed in relation to the conduct of a meeting of the Committee, the Committee may determine its own procedures.
- 5.9 In accordance with the provisions of Section 75 of the Local Government Act 1999, the Conflict of Interest and Disclosure of Interest requirements contained within Sections 73 and 74 of the Local Government Act 1999 apply to all members of the Committee.
- 5.10 Administrative support will be provided to the Committee as requested.

6. FUNCTIONS

- 6.1 Within the parameters of the Act, and having regard to the powers, functions and responsibilities of the Chief Executive Officer, the Committee is charged with

Community
Grants

GUIDELINES

marion.sa.gov.au/grants

GUIDELINES

Introduction

The purpose of the Community Grants Program is to assist local not-for-profits to establish and undertake activities that are beneficial for the community.

Applications should support and align with [The City of Marion Strategic Plan 2024-2034](#).

Applications should ensure activities are inclusive and as accessible as possible for all groups, including people of various genders, ages, sexuality, cultural backgrounds, religious beliefs and those living with disability. The City of Marion recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups within our community.

Support with your application

Applicants are strongly encouraged to refer to this document and the Strategic Plan link before considering or commencing an application.

If you require further information please contact Ashley Lambourne, Grants Officer on phone 08 8375 6600 or email ashley.lambourne@marion.sa.gov.au.

All information relating to City of Marion grants including eligibility, key dates and previously successful recipients can be found on the City of Marion [website](#).

Applications need to be submitted [online](#).

To be eligible

- Applications are required to be from incorporated, not-for-profit organisations and groups.
- Applications must include completed financial information and necessary quotations.
- **NOTE:** Groups that are not incorporated need an incorporated body willing to accept the funds on your behalf and accept responsibility for the funding of the activity (auspiced by an incorporated body).

The following will make an application ineligible

- Funding for individual, private, political or commercial enterprises or activities.
- Fundraising or sponsorship.
- Ongoing operational costs, core business, salaries or costs not directly related to activity delivery.
- Payment for facilitators/instructors (unless it is clearly demonstrated that required expertise cannot be sourced internally).
- If applicants have already applied within other City of Marion grant streams for the same activity within the same round.
- Activities implemented outside of the City of Marion council boundaries (unless the activity clearly demonstrates significant benefits to the participants, being City of Marion residents).
- The activity has commenced or retrospective funding (money spent before a grant is approved).
- Funding for academic research or conference costs, interstate or overseas travel.
- Funding for once off events.
- Activities that duplicate a community need that is already being met.
- Schools are not eligible to apply. External organisations conducting activities within schools, during school hours, are also ineligible.
- The organisation has an outstanding acquittal or debt owing to Council. *Please note this does not apply to organisations that have a loan with Council and are complying with the repayment terms.*
- Site improvements on private residential property.

Ineligible applications will not progress to the assessment stage.

Funding and additional criteria

- Each funding round may include one grant up to \$10,000.
- The remaining funding pool has a \$5,000 limit per application.

www.marion.sa.gov.au/grants

January 2025

GUIDELINES

- Applicants must declare any current and/or ongoing in-kind or financial support received from the City of Marion eg: subsidised rent, funding agreements.
- Only one application per community group/organisation per round will be accepted.
- Where relevant, applications may be approved subject to additional criteria being met (eg: subject to development approval, landlord approval etc).

Grant Objectives

Applicants should consider the following:

- Establish and undertake activities that align with relevant areas of [The City of Marion Strategic Plan 2024-2034](#).
- Activities that focus on the following will be highly considered:
 - Demonstrate a strong benefit to City of Marion residents eg: demonstrating 80+% of activity participants are City of Marion residents.
 - Demonstrate inclusivity and accessibility to the wider community, where possible.
 - Encourage community led activities, including opportunities for volunteers.
 - Create opportunities for increased social connections and increased community participation.
 - Demonstrate how the outcomes of the funded activity includes giving back to the community.
 - Enable wellbeing eg: healthy lifestyles, skill development, safe and welcoming spaces, cultural harmony
 - Demonstrate environmental responsibility by the organisation/group, where applicable, eg: environment policies or practices.

Examples of funding areas could include: recreational/community programs, workshops/series of events, eg: health & wellbeing and/or skill development, equipment, arts and cultural activities, facility upgrades and minor capital works.

How are applications assessed?

- Applications will be assessed and scored against grant guideline criteria.
- Applications will be assessed and scored against Community Grant objectives.
- Applications will be assessed and scored against the [The City of Marion Strategic Plan 2024-2034](#).
- A reduction of 10% is applied to the application total assessment score if the organisation has been funded within the last 3-4 rounds, and a reduction of 20% applied if funded within the last 1-2 rounds.

Please note that meeting the eligibility criteria alone does not guarantee funding. The Community Grants Program is highly competitive with a budget limit. The decision to award a grant is made by Council and the decision of Council is considered final. This decision may take into account other matters that Council deem reasonable and relevant to the decision-making process. The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.

Financial reporting and acquittal

Applicants will be required to complete an acquittal form online. The form is due one month after the completion of the project or 13 months from the funding date, whichever is earlier. Evidence of expenditure is required – **all receipts must be attached to the acquittal.**

The acquittal form verifies that the grant funding has been spent in accordance with the activity budget provided in the application form. Final acquittal of the grant requires a statement of income and expenditure for the project as well as evalu documentation. The feedback provides valuable insight for Council on how your activity and the community have benefited from the Community Grants Program. (where applicable please include photos of your project/activity).

Successful applicants are required to comply with terms and conditions included in the application form.

Community Grants Assessment Matrix

Activity or Project Criteria	Weighting Applied	Criteria Applied to Assessment
Activity or Project benefits majority of City of Marion residents	20%	Demonstrates participation by CoM residents and/or members of local CoM clubs/organisations at an 80/20 ratio or higher.
Activity or Project creates Community Connection	15%	Addresses social isolation, increases opportunity for social connectedness, neighborhood connection and/or intergenerational connection.
Activity or Project incorporates a focus on health and wellbeing	15%	Demonstrates opportunities for supporting better physical and/or mental health.
Activity or Project incorporates a focus on skill development	15%	Evidence of skill development opportunities for participants eg: employment skills, leadership skills, life skills.
Activity or Project is inclusive as possible for the CoM community	10%	Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces for community and encourages cultural harmony.
Activity or Project aligns with CoM's Strategic Plan/Community Vision - Towards 2040	10%	Strength of alignment in relevant areas eg: engaged, liveable.
Activity or Project demonstrates applicant's in-kind support	5%	Level of applicant contribution to total project cost eg: facility, facilitators and/or resources to deliver activity/project.
Activity or Project creates opportunities for volunteers	5%	Project or activity utilises or gives opportunities to engage volunteers, gives back to the community.
Organisation/group demonstrates environmental responsibility	5%	Application indicates current or intended progress towards an increased environmental responsibility eg: organisational policies and practices in place

Community Grants Review Card			
Organisation Name	Plympton Sporting and Recreation Club	Project	Sports Equipment
Project Description	The upgrade and purchase of cricket bats, footballs, goal pads, wheelie bins and soccer balls for club use.		
Funds Requested	\$5000	Total Project Amount	\$19,214
Matrix Criteria			
		Maximum Score	Average Score
Benefits CoM <i>Demonstrates participation by CoM residents and/or members at an 80/20 ratio or higher.</i>		20	20.00
Community Connection <i>Addresses social isolation, increases opportunity for social connectedness, neighbourhood and/or intergenerational connection.</i>		15	15.00
Health and Wellbeing <i>Demonstrates opportunities for supporting better physical/mental health.</i>		15	13.33
Skill Development <i>Evidence of skill development opportunities e.g. employment, leadership, life skills.</i>		15	13.33
Inclusivity <i>Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces and encourages cultural harmony.</i>		10	10.00
Alignment to Strategic Plan / Community Vision <i>Strength of alignment in relevant areas e.g. engaged, liveable.</i>		10	8.89
In-Kind Support <i>Level of applicant contribution to total project cost e.g. facility, facilitators and/or resources to deliver activity/project.</i>		5	4.44
Volunteers <i>Project or activity utilises or gives opportunities to engage volunteers, gives back to the community.</i>		5	5.00
Environmental Responsibility <i>Application indicates current or intended progress towards an increased environmental responsibility e.g. organisational policies and practices in place.</i>		5	3.89
Total		100	
FINAL SCORE		93.88	

Previous Funding Consideration	Applicant has not been funded by Community Grants or Youth Grants in previous four rounds.
Partial Funding Consideration	Could proceed with partial funding of \$4000. This would mean reduced equipment being purchased.
Participant Fee Consideration	There is no participant fee for this project, but specific sports attract varying membership fees.
General Considerations	Organisation also applying for \$10,000 to support their Youth Leadership through Education project in this round of Youth Grants.

01/08/2025

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2019 From Plympton Sporting and Recreation Club

Form Submitted 11 Mar 2025, 5:47PM ACDT

Anticipated end date

01/10/2025

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

The Plympton Sporting & Recreation Club is a vibrant community hub in Plympton Park, South Australia.

Established in 1937, the club offers a diverse range of activities catering to various interests.

Sports Activities:

- Australian Rules Football: The club fields both junior and senior teams, providing a comprehensive pathway for players of all ages. Notably, the junior division was honoured as the SANFL Juniors Club of the Year in 2022.
- Soccer: With a strong emphasis on community engagement, the club offers soccer programs for juniors and seniors, including a dedicated girls' football division. The senior soccer team competes in the Adelaide League.
- Cricket: The club supports cricket, fostering local talent and promoting the sport within the community.

Facilities and Venue Hire:

The club's facilities are available for various community events, including weddings, birthdays, local functions, and themed events. Amenities include a high-quality kitchen and a projector with AV sound system and has ample parking.

Community Engagement:

The Plympton Sporting & Recreation Club is committed to fostering a strong sense of community through its sports programs and social events. The club's dedication to inclusivity and development is evident in its comprehensive sports pathways and active community involvement.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☒ 80% or more
☐ 70% - 80%
☐ 60% - 70%
☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2019 From Plympton Sporting and Recreation Club

Form Submitted 11 Mar 2025, 5:47PM ACDT

The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

We identify our mix of sports participants by way of post codes for home addresses

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Our club plays a pivotal role in fostering community connections, enhancing participation, and bridging generational divides, thereby mitigating social isolation. By offering inclusive sporting and volunteer roles we encourage individuals from diverse backgrounds to engage in physical activities, promoting social interaction and a sense of belonging. This inclusivity is particularly beneficial for neighbourhood groups who may face discrimination in traditional settings.

We offer intergenerational programs that unite younger and older participants. These initiatives facilitate knowledge exchange, combat age-related stereotypes, and provide mutual support, enriching the lives of all involved. Additionally, organized recreational activities have been linked to improved mental health and reduced loneliness. Engaging in community sports offers structured opportunities for social engagement, which is crucial for individuals experiencing isolation.

In essence we serve as a vital hub that connect individuals across various demographics, fostering a cohesive and supportive community environment.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

We enhance physical and mental health by fostering regular physical activity and providing a supportive community. Engaging in sports improves cardiovascular health, strengthens muscles, and boosts flexibility, contributing to overall physical well-being. Additionally, physical activity has been linked to improved mood, reduced stress, and decreased anxiety and depression symptoms.

Beyond physical benefits, we offer a sense of belonging and social interaction, which are crucial for mental health. Participating in team sports enhances social skills, builds self-esteem, and fosters a sense of community.

The camaraderie and support within our club helps individuals cope with stress and provide a network of support during challenging times.

In summary, we promote physical health through regular exercise and support mental well-being by offering social connections and a sense of community.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2019 From Plympton Sporting and Recreation Club

Form Submitted 11 Mar 2025, 5:47PM ACDT

Our clubs is not just about athletic performance, we foster a well-rounded development of skills that extend beyond the game, impacting participants' personal and professional lives by way of.

Skill Development

- Technical Skills: structured training sessions enhance participants' sporting abilities.
- Physical Fitness: Practice improves strength, agility with fitness becoming a natural part of development
- Teamwork & Communication: Teaches players and volunteers how to work together towards a common goal.

Leadership Skills

- Team Leadership Roles: gives participants an opportunity to develop decision-making and mentoring as players often mentor younger members, thereby development interpersonal leadership.

Life Skills

- Time Management: Players learn to balance competing commitments with discipline.
- Resilience & Coping with Failure: The nature of competition teaches athletes to handle setbacks, losses, and challenges and builds resilience for life
- Teamwork : Playing in teams teaches our members to collaborate effectively as we support each other.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

Our club fosters cultural harmony and inclusivity by creating an environment where diversity is celebrated and everyone feels welcome. This is through diverse recruitment practices, ensuring players from different cultural, social, and ethnic backgrounds are represented.

The club has implemented policies that promote equality, respect, and tolerance both on and off the field, including anti-discrimination training for staff and players.

We organise events that highlight various cultures and traditions, thereby breaking down barriers and reducing social stigmas.

Additionally, we actively encourage open communication and teamwork among players from different backgrounds allowing them to share experiences, build empathy, and understand each other's differences.

The club collaborates with local communities and schools to engage youth in inclusive sporting activities, fostering a sense of belonging and unity from a young age. This approach promotes cultural harmony and helps eliminate stereotypes in a supportive, inclusive setting.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2019 From Plympton Sporting and Recreation Club

Form Submitted 11 Mar 2025, 5:47PM ACDT

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

We align with community needs by fostering inclusivity, promoting health, and creating accessible opportunities for participation. In assessing our community's demographics, interests, and challenges we offer relevant sporting programs, such as youth development, women's leagues and fitness initiatives for all ages.

By collaborating with local organizations such as schools, and health services, the club can enhance its impact and address specific needs like mental health awareness and providing safe recreational spaces.

We play a community role by offering a sense of belonging, encouraging volunteer and organizing events that bring people together. The club builds partnerships to tackle social issues, such as promoting diversity and offering scholarships to underprivileged individuals.

Through these actions, we believe we have become a vital resource that not only elevates fitness and athletic development but also strengthens social ties within the community.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Our club is run entirely by volunteers who are engaged in our Sporting community which delivers benefits to our participants but also provides an opportunity for the volunteers to become engaged within a part of a broader group and make new friends

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

We have adopted practices to minimize environmental impact including recycling programs for sports equipment and footwear in that we repurpose our worn-out sports kits and footwear to challenged communities thereby preventing unnecessary waste and supporting global initiatives.

We diligently subscribe to the council waste management programme and have extra recycling bins around the club

We have made enquiries with the Richmond Football Club to adopt some of their planning initiatives and are developing an Environmental Sustainability Action Plan. We envisage by adopting these measures we will contribute to environmental conservation but also set a positive example for our community members

Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

No files have been uploaded

Applicant Feedback

Before you review your application and click the **SUBMIT** button please take a few moments to provide some feedback.

Please indicate how you found the online application process:

☐ Very easy ☐ Easy ☒ Neutral ☐ Difficult ☐ Very difficult

How did you find out about this grant program

☐ Previous applicant ☐ Social media ☐ Visiting City of Marion venue ☒ Word of mouth
☐ Coast FM ad ☐ Other:

Please provide us with your suggestions about any improvements to the application process form.

If it is possible to raise the \$ 1 000 limit for Grants requiring quotes it would be helpful.

I have found a number of businesses are not interested as they feel I am wasting their time.

They promise to send quotes through and they do not arrive, I follow up, they promise to send through and still do not arrive..I think if a Grant can be considered and provisionally approved, subject to two quotes being provided for Grants over \$ 1000, that may help the application process a lot.

Community Grants Review Card			
Organisation Name	Wesley Netball Club Incorporated	Project	Netball Minis
Project Description	Program for 6-11 year olds to develop fundamental netball skills in a fun and supportive environment. 1 workshop per week for 6 weeks, 15 participants across 2 rounds (12 workshops and 30 attendees in total) at Marion Leisure and Fitness Centre.		
Funds Requested	\$2243	Total Project Amount	\$5446
Matrix Criteria			
		Maximum Score	Average Score
Benefits CoM <i>Demonstrates participation by CoM residents and/or members at an 80/20 ratio or higher.</i>		20	20.00
Community Connection <i>Addresses social isolation, increases opportunity for social connectedness, neighbourhood and/or intergenerational connection.</i>		15	15.00
Health and Wellbeing <i>Demonstrates opportunities for supporting better physical/mental health.</i>		15	15.00
Skill Development <i>Evidence of skill development opportunities e.g. employment, leadership, life skills.</i>		15	13.33
Inclusivity <i>Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces and encourages cultural harmony.</i>		10	7.78
Alignment to Strategic Plan / Community Vision <i>Strength of alignment in relevant areas e.g. engaged, liveable.</i>		10	7.78
In-Kind Support <i>Level of applicant contribution to total project cost e.g. facility, facilitators and/or resources to deliver activity/project.</i>		5	5.00
Volunteers <i>Project or activity utilises or gives opportunities to engage volunteers, gives back to the community.</i>		5	5.00
Environmental Responsibility <i>Application indicates current or intended progress towards an increased environmental responsibility e.g. organisational policies and practices in place.</i>		5	2.22
Total		100	
FINAL SCORE		91.11	

Previous Funding Consideration	Applicant has not been funded by Community Grants or Youth Grants in previous four rounds.
Partial Funding Consideration	Project could be partially funded at a cost of \$1185. This would reduce output to 6 workshops for 15 participants in total.
Participant Fee Consideration	Previously run at \$75 per participant, grant funding would mean the cost would be heavily reduced or \$0.
General Considerations	n/a

\$2,243.00

Must be a whole dollar amount (no cents) and no more than 10000.

Is there a participant fee for your activity? *

☒ Yes ☐ No

What is the participant fee per person? *

\$75.00

Must be a dollar amount.

Additional information regarding participant fee:

We have run this program before with a fee of \$75 - this includes a t-shirt and the operational cost of the program for 6 weeks. We aim to provide this program for free or heavily subsidised through use of the City of Marion Community grant funding.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2025 From Wesley Netball Club Incorporated

Form Submitted 24 Feb 2025, 11:40PM ACDT

Anticipated start date *

10/08/2025

Anticipated end date

25/05/2026

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

The Netball Minis program is designed for 6-11-year-olds in the community to develop fundamental netball skills in a fun and supportive environment. This program focuses on building key abilities such as ball handling, passing, shooting, and movement. It enhances hand-eye coordination, teamwork, and overall coordination, encouraging participants to work together to achieve shared goals. Through engaging activities and games, children develop social skills by interacting with their peers, learning how to communicate and collaborate effectively. The program also promotes physical activity, helping young athletes build strength, agility, and endurance. The Netball Minis program provides a positive foundation for future netball players while fostering a sense of community and active living.

Attendance and workshops: 1 workshop/week for 6 weeks, 15 participants across 2 rounds. Totalling 12 workshops and 30 attendees.

Round 1: Starting around 10th August 2025

Round 2: Starting around 12th May 2026

Activities: basic abilities and expanding from there focussing on agility, footwork, ball skills and positioning.

Expected outcomes: participants feel more confident in their abilities to play netball and join a team. Participants will have increased social and teamwork skills to build long lasting friendships. Improved agility, mobility, and refine motor skills.

Venue: Marion Leisure and Fitness Centre

Must be no more than 200 words.

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2025 From Wesley Netball Club Incorporated

Form Submitted 24 Feb 2025, 11:40PM ACDT

The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

The program will be promoted largely via schools and recreation centres within the City of Marion i.e. Marion Leisure and Fitness Centre, Mitchell Park Football Club, Mitchell Park Sporting Complex Warradale Primary School, Hallet Cove Primary School, Seaview primary School etc to maximise participation from residents of the council. Noting that not all families at these schools or recreation centres may reside within the council.

We will also seek for this to be advertised via City of Marion Council in their City Limits Magazine, website and events pages to increase council resident participation. This will also be promoted via our club's social media. We are hopeful this will maximise participation from within the City of Marion residents.

Through the registration process, we will be collecting each participants family residential postcode to calculate the percentage of City of Marion Residents in the program and provide this within the final report/acquittal.

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Netball Minis can significantly increase community connection and participation by providing a shared activity that brings people together. It helps upskill the next netballing generation, fostering a sense of achievement and teamwork. As young participants interact with peers, they build stronger social bonds, improving social skills and confidence. The workshop can also promote intergenerational connection by involving older mentors or coaches who pass on knowledge, offering valuable role models and bridging generational gaps. This interaction fosters mutual respect and understanding. Additionally, by bringing together diverse members of the community, the workshop encourages socialisation, creating a supportive environment that reduces social isolation. It offers a space where young people feel part of a larger group, connecting them with others in the City of Marion community, and helps combat loneliness by offering a positive, inclusive, and active space for everyone to engage and build relationships.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

Netball Minis promotes better physical health by encouraging regular exercise, improving fitness, strength, and coordination. Research shows that physically active children have increased likelihood of being physically active adults through building healthy habits early in life.

Physical activity helps prevent chronic conditions, boosts energy levels, and enhances overall well-being. Mentally, physical activity fosters self-esteem and resilience, as participants build skills and experience teamwork. Engaging in sport helps reduce anxiety and depression by releasing endorphins, improving mood, and providing a healthy outlet for stress. It also combats social isolation by connecting individuals within the community, creating a supportive environment where everyone feels included.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2025 From Wesley Netball Club Incorporated

Form Submitted 24 Feb 2025, 11:40PM ACDT

As participants engage in physical activity and interact with others, they not only improve their health but also strengthen social bonds, contributing to better mental health. Ultimately, Netball Minis create a holistic environment that benefits both physical and emotional well-being, creating lifelong healthy habits and social connections.
Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

Netball Minis offers participants valuable opportunities for skill development, including teamwork, communication, socialisation, hand-eye coordination and netball skills. As they learn and practice the sport, they build discipline, resilience, and time management abilities, all of which are transferable to various life settings. Participants also develop leadership skills such as enhancing their confidence and decision-making abilities.

For facilitators, the workshop fosters leadership and organisational skills as they plan, coordinate, and lead sessions, ensuring smooth execution and adapting to participants' needs. These experiences enable facilitators to strengthen their ability to motivate others, manage groups, and handle challenges effectively. Overall, Netball Minis equips both participants and facilitators with life skills that can contribute to personal growth, community involvement, and future career opportunities.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

Netball Minis is accessible to the broader community with the aim of free registration through funding of this grant application, reducing barriers to access. The activity is open to all, regardless of background or ability, ensuring inclusivity and reducing stigmas and barriers. Facilitators will have valid working with children and police checks, ensuring a safe environment for all participants. The venue is fully enclosed, providing a secure space for everyone to engage in the activity. Parents are encouraged to attend, watch, and even volunteer, fostering family involvement and community support.

By creating an environment that values respect and collaboration, Netball Minis cultivates cultural understanding and unity. The focus on inclusivity ensures participants from diverse backgrounds feel welcome and supported, enhancing social connections and reducing isolation. Overall, Netball Minis is designed to create a safe, respectful, and engaging space for participants to develop skills, build relationships, and celebrate cultural diversity.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2025 From Wesley Netball Club Incorporated

Form Submitted 24 Feb 2025, 11:40PM ACDT

Demonstrate alignment to relevant themes only, response does not need to address all themes. *

Netball Minis largely aligns with City of Marion's Strategic Plan through the community aspect of the workshops. Netball Minis provide a friendly and welcoming space where participants can learn, grow and develop many skills in a supportive environment. It will actively enhance and contribute to community engagement and provide an outlet for improved health and wellbeing within the community, creating lifelong habits of residents of City of Marion. It will result in many strengthening networks of support through the large social aspect for all participants, facilitators and parents. It presents an opportunity for many volunteering roles from facilitators and parents.

It also aligns with the liveable vision of City of Marion through utilising facilities and resources within the council to increase participation and accessibility of opportunities for residents. It will utilise the community spaces, contributing to the intergenerational, welcoming and vibrant city, supporting local where we can.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Our club is entirely run by volunteers. The program will be organised and delivered by our club members. We will welcome the opportunity for other volunteers to participate e.g. parents of registered children at workshops.

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

We encourage all participant to bring a reusable drink bottle. All in-kind equipment is taken and reused by the club throughout the season. The netballs and t-shirts provided to participants can be reused long after the conclusion of Netball Minis. We do not anticipate many waste products as a result of this program but if we do encounter some, these will be disposed of appropriately and in line with council and legislative guideline.

Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

No files have been uploaded

Community Grants 2024-2025 Round 2
CG Application 2024/2025 Round 2
Application No. CG2425R2025 From Wesley Netball Club Incorporated
 Form Submitted 24 Feb 2025, 11:40PM ACDT

Budget (Section 3)

This table must only include the amounts and items you are requesting from the City of Marion for the purposes of this grant.

Your budget must include GST if your organisation is registered for GST.

Expenditure item description	Expenditure item type	Amount (\$)	Any additional information
What is the grant being spent on		Must be a whole dollar amount (no cents).	
Soft netballs for beginners introduction to the sport	Equipment *	\$160.00	Purchase of 6 soft netball as introduction ball to beginner players for \$135 + postage of \$25 totalling \$160.00
Court hire fees	Facility Hire	\$780.00	Court hire fees for 12 workshops at \$65/ hour - hire for 1 hour per workshop.
Participation medals	Project activity	\$203.00	30x participation medals + ribbons @ \$5.25 each medal and \$0.88 per ribbon
T-shirts	Other Expenditure (explain in notes column)	\$68.00	Cost of shirts for participants at \$2.25 per shirt - 30 shirts (15 participants per round)
Printing fees of T-shirt logos	Other Expenditure (explain in notes column)	\$540.00	Printing \$18 per shirt for Netball Minis logo - 30 shirts (15 participants per round)

Community Grants 2024-2025 Round 2
CG Application 2024/2025 Round 2
Application No. CG2425R2025 From Wesley Netball Club Incorporated
 Form Submitted 24 Feb 2025, 11:40PM ACDT

Netballs	Equipment	\$492.00	Size 4 netballs to be used during the program and participants get to take one home at the end of the 6 weeks for further practice and skill development at \$14.50 per ball + shipping of \$45 totalling \$492.00 - 30 balls (15 participants each round)

Any additional information.

The quote provided for the shirt printing is taken from our previous work with I Love It More for the netball minis shirt transfers. This states the price per unit.

Must be no more than 100 words.

Funds requested from the City of Marion (automatically calculated from the table above).

\$2,243.00

This number/amount is calculated.

This amount must match the requested amount on page 3.

In-kind Support and/or Financial Contribution (5%)

What, if any, additional in-kind or financial contribution to the overall activity cost will your organisation provide? e.g. provide facilitators, volunteers, program venues, printing, marketing, resources, equipment etc. (Note: Volunteer hours should be calculated at a rate of \$47.38 per hour) Will this activity receive funding from any other sources eg donations, other grants?

Type of in-kind support or financial contribution	Amount (can be estimated)	Any additional information
Promotion (printing/marketing) of the program	\$300.00	Printing of flyers for promotional work at schools and other City of Marion facilities
Facilitator time	\$1,705.68	3x facilitators at \$47.38/hour for 12 hours
Administration	\$947.60	\$47.38/hour for 20 hours (10 hours per round)
Equipment	\$250.00	Netball bibs, other training equipment at varying cost

In-Kind Support & Financial Contribution Total (automatically calculated from table above).

Partial funding

Could your activity proceed with partial funding? *

☒ Yes ☐ No

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your activity to proceed? *

\$1,185.40

Must be a dollar amount.

How would this change the delivery of your activity? Please note if an amount is not provided, we will assume you cannot proceed with partial funding. *

We aim to run 2 rounds of Netball Minis; one in late 2025 and one early 2026. If partial funding is provided, we will only run the program once from the grant funding. The above partial funding total is based on 6 workshops and equipment for 15 participants.

Must be no more than 100 words.

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved activities as detailed in the grant application. If this condition is not met, you will be required to return total funding received to the City of Marion.
- Applicant will seek council's written approval to progress if there are any changes to the activities.
- Complete the activity within twelve months of receiving the funding.
- Applicants will be required to complete an acquittal form online. The form is due within one month of the completion of the activity.
- Evidence of expenditure is required – **all receipts must be attached to the acquittal.**
- Unspent funds are required to be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the activity.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. For further information, please visit replacethewaste.sa.gov.au.

I declare the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Applicant Feedback

Before you review your application and click the **SUBMIT** button please take a few moments to provide some feedback.

Please indicate how you found the online application process:

☐ Very easy ☒ Easy ☐ Neutral ☐ Difficult ☐ Very difficult

How did you find out about this grant program

☐ Previous applicant ☐ Social media ☐ Visiting City of Marion venue ☒ Word of mouth
☐ Coast FM ad ☐ Other:

Please provide us with your suggestions about any improvements to the application process form.

It would be nice for the text boxes to be larger. Each time I saved, the text box would restore back to its original size making it hard to check the information in each box. This may be a Smarty Grants thing rather than something that can be easily changed. There were some sections of the guidelines that were unclear however Ashley from the council was very helpful and responsive to any queries.

Community Grants Review Card			
Organisation Name	Uniting Communities	Project	Ripple Effect
Project Description	"Ripple Effect" is a 10-session block of swimming lessons, accommodating 10 attendees per block, with 2 blocks. Led by qualified instructors at the SA Aquatic and Leisure Centre. The sessions will teach essential water safety skills. Participants will receive a 10-visit pool pass, encouraging them to continue their engagement with water safety and build confidence. The program targets parents involved in Family by Family, a program supporting families with children. The participants may include survivors of domestic violence, new migrants, individuals facing mental health challenges, and those struggling with loneliness. The core aim of "Ripple Effect" is to empower parents with the ability to swim and safely engage with water, enhancing their physical and mental well-being.		
Funds Requested	\$6208.00	Total Project Amount	\$12,800
Matrix Criteria		Maximum Score	Average Score
Benefits CoM <i>Demonstrates participation by CoM residents and/or members at an 80/20 ratio or higher.</i>		20	13.33
Community Connection <i>Addresses social isolation, increases opportunity for social connectedness, neighbourhood and/or intergenerational connection.</i>		15	15.00
Health and Wellbeing <i>Demonstrates opportunities for supporting better physical/mental health.</i>		15	15.00
Skill Development <i>Evidence of skill development opportunities e.g. employment, leadership, life skills.</i>		15	15.00
Inclusivity <i>Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces and encourages cultural harmony.</i>		10	8.89
Alignment to Strategic Plan / Community Vision <i>Strength of alignment in relevant areas e.g. engaged, liveable.</i>		10	8.89
In-Kind Support <i>Level of applicant contribution to total project cost e.g. facility, facilitators and/or resources to deliver activity/project.</i>		5	5.00
Volunteers <i>Project or activity utilises or gives opportunities to engage volunteers, gives back to the community.</i>		5	5.00
Environmental Responsibility <i>Application indicates current or intended progress towards an increased environmental responsibility e.g. organisational policies and practices in place.</i>		5	5.00
Total		100	
FINAL SCORE		91.11	
Previous Funding Consideration	Applicant has not been funded by Community Grants or Youth Grants in previous four rounds.		
Partial Funding Consideration	Could proceed with partial funding of \$4919. This would mean not being able to provide swimming caps and goggles, and the number of casual swimming passes for participants would be reduced from 10 to 5.		
Participant Fee Consideration	There is no participant fee for this project.		
General Considerations	n/a

What type of not-for-profit organisation are you? *

- ☐ Community group
- ☒ General not-for-profit
- ☐ Volunteer association
- ☐ Religious or faith-based institution
- ☐ Philanthropic organisation
- ☐ Charity
- ☐ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

Uniting Communities aims to create positive change for South Australian communities by helping those in need find the courage to move forward. We enrich lives and work towards systemic change, building brighter futures for all. We foster connectedness, creating strong, compassionate communities that are accessible, respectful, and safe. We provide a united and inclusive environment for our staff and volunteers, equipping them with the courage, knowledge, and capability to drive change. By being bold, we take a stand and speak up for those who cannot. We move forward with purpose, curiosity, and courage, challenging convention and driving progress.

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 3 of 3)

Application No. CG2425R2011 From Uniting Communities

Form Submitted 18 Mar 2025, 10:59AM ACDT

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

"Ripple Effect" is a 10-session block of swimming lessons, led by qualified instructors. The sessions will teach essential water safety skills. Participants will receive a 10-visit pool pass, encouraging them to continue their engagement with water safety and build confidence.

The program targets parents involved in Family by Family, a program supporting families with children. Many of these parents lack basic swimming skills and water safety knowledge, making it unsafe for them to access local beaches. These families often experience isolation due to their inability to safely interact with waterways, leaving them at risk when near water. The participants may include survivors of domestic violence, new migrants, individuals facing mental health challenges, and those struggling with loneliness.

The core aim of "Ripple Effect" is to empower parents with the ability to swim and safely engage with water, enhancing their physical and mental well-being. Additionally, we hope to increase their access to Marion's beaches and pools, fostering stronger community connections. The program will accommodate 10 attendees per block, with two blocks running at the South Australian Aquatic and Leisure Centre at Marion. This initiative will help integrate families into the community and offer them greater opportunities for recreation and connection.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☐ 80% or more
- ☒ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

Family by family operates within the city of Marion, holding weekly coaching groups with our volunteers out of Mitchell Park Sports and Community Centre and delivering support to local residents. These volunteers and community members will form the majority of participants in this program. By running the proposed program within the Marion area, advertising amongst our community networks within the region and utilising our volunteer pool to reach local families, we believe that we can maintain a high percent of participation from Marion city council community members. Our current internal consent forms gather demographic information, we also plan on implementing a mandatory registration form for this particular

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 3 of 3)

Application No. CG2425R2011 From Uniting Communities

Form Submitted 18 Mar 2025, 10:59AM ACDT

program which will include existing participant membership details and involvement in other local clubs.

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Our activity will bring together a group of parents who have been through some challenging life circumstances; be it moving to Australia on a humanitarian visa, leaving a domestic and family violence situation, or facing physical and mental health struggles. This activity will allow our participants to learn a new skill in a group which is proven to build community and connection. It will bring the participants out of their homes and accessing a community swimming centre regularly and with purpose. Due to the fact that the participants are within the Family by Family program, they will have the added support of the family coaches and peer workers who will be able to check in if attendance slips, provide additional support to navigate barriers and support introductions for new participants. The participants will feel more connected and less isolated as a result.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

Our activity will provide participants with an ongoing and structured swimming program where they would build their abilities and fitness during each session. This will improve the participants physical health as its proven that regular and ongoing physical activity is key in building fitness and in preventing many common ailments. Physical activity is also proven to greatly improve mental health outcomes, even more so in this case as the activity will occur in a safe and welcoming community, encouraging commitment. We also feel the block model will allow participants time to develop a love of swimming and therefore be more likely to continue after completion, hence also continuing the positive impacts on their physical and mental health. To further facilitate this we have included a 10 visit swim pass in our grant application for each participant.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

Our program offers participants the opportunity to learn swimming, water safety, and how to access open water confidently. As they overcome fears, they will build self-discipline, resilience, and confidence, fostering a sense of accomplishment and boosting self-esteem. As parents enhance their own swimming skills, they'll be able to pass this knowledge onto their children, creating a safe learning environment at home. As swimming skills and water safety are passed down, this will have an intergenerational effect, strengthening family bonds and fostering long-term community engagement. Participants can explore SAALC's children's swim program, and we will support them in considering pathways to becoming

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 3 of 3)

Application No. CG2425R2011 From Uniting Communities

Form Submitted 18 Mar 2025, 10:59AM ACDT

swim instructors. We also encourage exploring volunteer roles, such as surf lifesavers, which will develop ocean safety skills, leadership abilities, and a sense of community responsibility. Overall, this program fosters personal growth, life skills, and the chance to contribute to the community, opening doors to employment and leadership opportunities. Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

Our program makes swimming accessible to marginalized families, especially mothers, who are often excluded from physical activity due to time constraints, financial means or societal perceptions of their physical ability. Women from CALD backgrounds or those who have experienced negative life events will make up a large portion of participants. We will create an inclusive environment through our partnership between Family by Family and SAALC, ensuring the program is free to access, scheduled at convenient times with transport planning support for busy parents. Family by Family's non-judgmental approach and peer-to-peer support will foster community and belonging. Our staff are trained in trauma-informed practice, and an Aboriginal Practice Lead will be available ensure cultural safety. Additionally, SAALC offers accessibility options for differently-abled participants, ensuring the program is inclusive. This approach promotes cultural harmony, reduces stigmas, and creates safe, supportive spaces for women to engage in physical activity. Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

Uniting Communities is a not-for-profit organisation working with over 80,000 South Australians each year. We value diversity and are committed to respectful, accessible services. Our activity addresses the City of Marion's Strategic Plan theme of "community". Family by Family uses a peer-to-peer model to support families, connecting those with lived experiences of challenges to others seeking help. We focus on reducing social isolation and family complexities by upskilling, role-modelling, and building lasting community connections. Following a pilot program offering free water-based activities, we observed positive outcomes, including skill development, increased confidence, and improved access to community resources. This led us to identify a need for free swimming lessons and water safety training, ensuring families can engage with these spaces confidently and safely. We aim to offer these resources to help families stay connected to the community and continue benefiting from the activities we provide. Must be no more than 150 words.

Volunteers (5%)

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 3 of 3)

Application No. CG2425R2011 From Uniting Communities

Form Submitted 18 Mar 2025, 10:59AM ACDT

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Family by Family engages volunteers in peer-to-peer support, family events, and training programs. Around 50% of participants in this program will be volunteers who, upon request, will have the opportunity to learn to swim. During lessons, volunteers will assist other participants, helping to build relationships and strengthen local community connections. Volunteers supporting families will receive reimbursement for their time through Family by Family and will be recommended for future volunteering opportunities within uniting communities. This creates a mutually beneficial environment where both volunteers and participants can grow, learn, and contribute to a supportive, inclusive space.

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

Uniting Communities is the first South Australian organization to receive certification under the Federal Government's Carbon Neutral Program. Our building in Franklin Street, is the first in South Australia to achieve Climate Active Carbon Neutral Building certification, with a 6 Star Greenstar design rating and a 5 Star rating for its first year. Since opening in 2019, we've measured carbon emissions from natural gas, electricity, refrigerants, waste, and water. We offset these emissions and report to GBCA and Climate Active. Our external hubs also implement recycling, composting, and encourage sustainable transportation among staff, this will be emulated during Ripple Effect.

Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved activities as detailed in the grant application. If this condition is not met, you will be required to return total funding received to the City of Marion.
- Applicant will seek council's written approval to progress if there are any changes to the activities.
- Complete the activity within twelve months of receiving the funding.
- Applicants will be required to complete an acquittal form online. The form is due within one month of the completion of the activity.
- Evidence of expenditure is required – **all receipts must be attached to the acquittal.**
- Unspent funds are required to be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the activity.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. For further information, please visit replacethewaste.sa.gov.au.

I declare the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Community Grants Review Card			
Organisation Name	Junction	Project	Free Mind Community Skate School
Project Description	Free skateboarding lessons and clinics in Marion for young people 5 and over.		
Funds Requested	\$9880	Total Project Amount	\$12,880
Matrix Criteria		Maximum Score	Average Score
Benefits CoM <i>Demonstrates participation by CoM residents and/or members at an 80/20 ratio or higher.</i>		20	20.00
Community Connection <i>Addresses social isolation, increases opportunity for social connectedness, neighbourhood and/or intergenerational connection.</i>		15	13.33
Health and Wellbeing <i>Demonstrates opportunities for supporting better physical/mental health.</i>		15	15.00
Skill Development <i>Evidence of skill development opportunities e.g. employment, leadership, life skills.</i>		15	13.33
Inclusivity <i>Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces and encourages cultural harmony.</i>		10	10.00
Alignment to Strategic Plan / Community Vision <i>Strength of alignment in relevant areas e.g. engaged, liveable.</i>		10	7.78
In-Kind Support <i>Level of applicant contribution to total project cost e.g. facility, facilitators and/or resources to deliver activity/project.</i>		5	3.33
Volunteers <i>Project or activity utilises or gives opportunities to engage volunteers, gives back to the community.</i>		5	0.56
Environmental Responsibility <i>Application indicates current or intended progress towards an increased environmental responsibility e.g. organisational policies and practices in place.</i>		5	3.89
Total		100	
FINAL SCORE		87.22	

Previous Funding Consideration	Applicant has not been funded by Community Grants or Youth Grants in previous four rounds.
Partial Funding Consideration	Could proceed with partial funding of \$1000. This would mean fewer sessions for a shorter time frame, reduce number of coaches.
Participant Fee Consideration	There is no participant fee for this project.
General Considerations	Limited opportunities for free sports and recreation offerings for vulnerable communities.

Community Grants 2024-2025 Round 2
CG Application 2024/2025 Round 2 (Version 2 of 2)
Application No. CG2425R2002 From Junction Australia
Form Submitted 4 Mar 2025, 10:53AM ACDT

Activity details

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ☐ Community group
- ☒ General not-for-profit
- ☐ Volunteer association
- ☐ Religious or faith-based institution
- ☐ Philanthropic organisation
- ☐ Charity
- ☐ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

Junction Australia is a community housing provider working in metropolitan and regional South Australia. Junction is a leading provider of a wide range of community support including housing, residential care and community services, we work to create opportunities to enable those we support to achieve self-determined independence. We are driven to make a meaningful difference with a long-term impact and create a ripple effect of positive change for individuals and communities.

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☒ Yes ☐ No

Please explain the type of contribution or support and the amount received. *

Community event fund, youth grant

Activity title: *

Free Mind Community Skate School

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion *

\$9,880.00

Must be a whole dollar amount (no cents) and no more than 10000.

Is there a participant fee for your activity? *

☐ Yes ☒ No

Anticipated start date *

05/06/2025

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2002 From Junction Australia

Form Submitted 4 Mar 2025, 10:53AM ACDT

Anticipated end date

06/05/2026

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

Junction has partnered with Free Mind Skate School, an independent skateboarding school delivering lessons and clinics across South Australia to run a free, weekly skate clinic to the community in Marion. The project aims to reduce barriers to community participation by offering free coaching and equipment while delivering clinics in a safe and inclusive environment. Participants not only gain skills in skateboarding but gain self-confidence and resilience through learning a challenging sport. The project also aims to activate shared community spaces and encourage social interaction to improve personal and community wellbeing. The weekly clinics have been running since January 2023 and have been successful in engaging youth participation. We are hoping to continue delivering the program in 2025 into 2026 and continue to grow participation and engagement in the community. We currently have over 65 registered participants with a weekly attendance of approximately 15 young people. We aim to increase this to approximately 20 participants per session. We estimate 100 participants will participate across the 38 sessions.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

Due to the location of the clinics, the majority of participants reside in the City of Marion. Since beginning in 2023 we have targeted residents in the local area through direct messaging, flyer distribution, collaboration with local school and community centres, and direct promotion when on site at the skate park. When participants register for the program they provide their address allowing us to track what address, postcode and council area participants are from.

Must be no more than 200 words.

Community Connection (15%)

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2002 From Junction Australia

Form Submitted 4 Mar 2025, 10:53AM ACDT

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

The program increases community connection and participation by activating a local, public space and providing an ongoing group activity where people can meet and for social and community connections. By holding the sessions each week they are a reliable, accessible connection point for people in the local area. The sessions are completely free and have no required prior knowledge or skill base, they are open to young people over 5 (for safety reasons) and all abilities. The staff at Free Mind Skate School are also trained to work with young people with disabilities ensuring the sessions are accessible where possible. By creating a safe space for people to come and engage with one another we increase connection to place and people through a community activity.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

The program provides the opportunity for young people to learn and engage in an active sport. Skateboarding is often inaccessible to progress skills in as it requires specific skills to be developed that without a coach, may not be possible. The program supports young people to learn specific skills and new techniques in a safe and supporting environment. The sessions are delivered in a casual manner where young people are encouraged to socialise while learning. As skateboarding is a relatively niche sport, it allows participants who may not conventionally "fit" into mainstream sports to participate in a physical activity. We have a young person who prior to attending the program was not engaged in any sport as he felt he did not fit in, he has since taken to skateboarding so well and attends the skate park regularly outside the program to practise his skills.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

The program offers skill development in the activity of skateboarding, but more than this the program aims to teach resilience and social connection. Free Mind Skate School's motto is "resilience through failure, confidence through achievement" and describes the ethos of the learning goals of the program. Young people are given the opportunity to learn and try new skills and techniques in a safe environment but are not sheltered to the point there is no risk. Young people are allowed to fall, trip or come off their boards while they learn new techniques where they are taught that if they fall over, they can get up and try again. This ethos helps young people to build resilience and foster self-belief and confidence they can carry through to their everyday lives.

Must be no more than 150 words.

Inclusivity (10%)

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2002 From Junction Australia

Form Submitted 4 Mar 2025, 10:53AM ACDT

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

Junction Australia is a community housing provider and as such support vulnerable people to find safe and secure housing. The program was created to encourage community participation for tenants and their families as well as the local community. The program is completely free removing the financial barrier many of our tenants face, while the program is accessible to all community members allowing for mutual engagement to all. Tenants are simply seen just as anyone else in the community without the stigma of living in social housing or being on a lower income. With over 1000 community housing tenants living in the City of Marion the location of the program also allows for easy access with many tenants being able to walk to the park.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

Our program aligns with the City of Marion's strategic planning as it aims to bring community together in a shared, accessible space, with people connecting through a shared activity. The program is accessible to anyone in the local area who simply wants to have a go, and the program utilises existing infrastructure without creating any new impacts on the environment. The program is open to all young people and their families regardless of skill level, ability, gender or capacity. The program supports those more vulnerable in the community to engage in positive social activities and opens space for them to connect to their local area and people that reside in the City of Marion.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Junction is unfortunately unable to recruit volunteers into its tenancy team, however there is scope for Free Mind Skate School to take on volunteers but this would be at their discretion.

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

As the program is located in an existing multipurpose space, the program utilises existing spaces eliminating the need to produce waste each week. All equipment such as

Budget

* indicates a required field

Budget (Section 3)

This table must only include the amounts and items you are requesting from the City of Marion for the purposes of this grant.

Your budget must include GST if your organisation is registered for GST.

Expenditure item description	Expenditure item type	Amount (\$)	Any additional information
What is the grant being spent on		Must be a whole dollar amount (no cents).	
Coaching Fees	Facilitator costs*	\$9,880.00	

Any additional information.

Must be no more than 100 words.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2002 From Junction Australia

Form Submitted 4 Mar 2025, 10:53AM ACDT

Funds requested from the City of Marion (automatically calculated from the table above).

\$9,880.00

This number/amount is calculated.

This amount must match the requested amount on page 3.

In-kind Support and/or Financial Contribution (5%)

What, if any, additional in-kind or financial contribution to the overall activity cost will your organisation provide? e.g. provide facilitators, volunteers, program venues, printing, marketing, resources, equipment etc. (Note: Volunteer hours should be calculated at a rate of \$47.38 per hour) Will this activity receive funding from any other sources eg donations, other grants?

Type of in-kind support or financial contribution	Amount (can be estimated)	Any additional information
Program management and administration	\$2,000.00	
Program advertising and promotion	\$1,000.00	

In-Kind Support & Financial Contribution Total (automatically calculated from table above).

\$3,000.00

This number/amount is calculated.

Overall Activity Cost (automatically calculated).

\$12,880.00

This number/amount is calculated.

Quotes

For the application to be eligible, any costs over \$1000 requires two quotes. *

Attach required quotes here.

Partial funding

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2002 From Junction Australia

Form Submitted 4 Mar 2025, 10:53AM ACDT

Could your activity proceed with partial funding? *

☒ Yes ☐ No

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your activity to proceed? *

\$1,000.00

Must be a dollar amount.

How would this change the delivery of your activity? Please note if an amount is not provided, we will assume you cannot proceed with partial funding. *

The sessions will continue as long as we can fund them, with less funding we will run the sessions for a shorter time and with only 2 coaches (see invoice attached). The impact of this is larger group sizes mean less one on one time with coaches.

Must be no more than 100 words.

Further information

Attach any additional information that may be relevant to your application.

What type of not-for-profit organisation are you? *

- ☒ Community group
- ☐ General not-for-profit
- ☐ Volunteer association
- ☐ Religious or faith-based institution
- ☐ Philanthropic organisation
- ☐ Charity
- ☐ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

To maintain, restore and re-establish native biodiversity within the Sturt River drainage corridor, surrounding parks and reserves, wherever possible.

To create a community of people who are willing and able to work together to care for and conserve this area in perpetuity.

These aims to be carried out for the benefit and enjoyment of residents and visitors alike.

Friends of Sturt River Landcare group (FoSRL) is an incorporated, not for profit community group working with Councils to plant and maintain biodiversity along the Sturt River - please refer to Sam Ryan at City of Marion for history of the partnership.

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

- ☒ Yes
- ☐ No

Please explain the type of contribution or support and the amount received. *

\$1,000 for plant vouchers to encourage and reward new volunteers in 2022/2023 funding round.

Activity title: *

Trailer Maintenance to Support Volunteers in Biodiversity work

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion *

\$1,750.00

Must be a whole dollar amount (no cents) and no more than 10000.

- ☒ No

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2021 From Friends of Sturt River Landcare Group Inc

Form Submitted 7 Mar 2025, 11:14AM ACDT

Anticipated start date *

01/08/2025

Anticipated end date

20/02/2026

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

Friends of Sturt River Landcare Group (FoSRL) purchased a secondhand trailer in 2022. This trailer now requires maintenance and re-spraying including:

- scrape back surface rust
- sanding and preparation outside of the trailer
- a coat of metallic paint
- addition of an aluminium checker plate to front of toolbox as a stone guard

The trailer is our primary means of supporting volunteers working on 10 biodiversity sites on council reserves on planting and maintenance days. It transports equipment, tools, personal protective equipment, native plant reference books, procedures, registration paperwork, and trays of plants. We do not require toll sheds or accommodation and can work across multiple sites as FoSRL transports and securely store materials on worksites. The trailer also reduces the likelihood of theft from passersby and reduces the amount of manual handling required by volunteers. When not in use on work sites, the trailer stores tools and materials in one location, safely.

The trailer now requires maintenance which will extend its life for many more years.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

FoSRL maintain a database of 800 volunteers involved in ongoing activities which includes name, address and postcode details. Information is captured at each event and new members complete details on a membership form. In relation to this project, which is

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2021 From Friends of Sturt River Landcare Group Inc

Form Submitted 7 Mar 2025, 11:14AM ACDT

ensuring the trailer is re-sprayed, only one or two volunteers will be involved, and they are City of Marion residents (i.e. 100%). In relation to ongoing activities, we have volunteers from City of Marion and other volunteers from across Adelaide. It is more correct to say that 100% of our volunteers who live in City of Marion will use the trailer, and all other volunteers who many live elsewhere, will also use the trailer when we are working on City of Marion sites. Our volunteers are signing up to restore a river, so they travel to City of Marion sites around that river and the majority of sites we work on are located in City of Marion. Essentially our volunteers are a net gain for City of Marion because the most public land around the river is owned by CoM in this part of the Adelaide Plains.

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

With over 800 community volunteers, many are involved in regular events to plant native species or to weed and maintain plantings. Volunteers plant between 8000-10,000 plants annually and provide plant aftercare. FoSRL have between 15 - 400 people attending up to 30 events per year. Volunteers are varying in age (Scouts groups and families bringing babies/children through to elderly residents in their 80's), different CALD groups and people with different abilities (we have also had people in wheelchairs attend events). Some volunteers come from local employers or social groups as part of their social and environmental contribution, and others are individual residents. Over time, many volunteers get to know each other and some become friends, reducing social isolation. Volunteers come from all walks of life and cooperatively work together. The diversity of volunteers has forged connections between people who would not normally meet or spend time together.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

FoSRL volunteers work in reserves and benefit from gentle to rigorous exercise surrounded by nature. The benefits of being in nature and involved in outdoor activities on wellbeing have been well documented. FoSRL have environmental and community objectives. People from far and wide (the broader community including visitors) enjoy the improved amenity and recreation provided by biodiversity along Sturt River - particularly Oaklands Wetland, Oaklands and Kenton reserves and along the walking and cycling tracks connecting the reserves. The city is more liveable with people enjoying nature.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

Planting and maintenance days include a brief induction of volunteers about native plants, how to plant for survival, types of plants that are weeds, and how to weed minimising soil disturbance. Experts are on hand to answer questions and educate volunteers about native

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2021 From Friends of Sturt River Landcare Group Inc

Form Submitted 7 Mar 2025, 11:14AM ACDT

plants and biodiversity. There are special events facilitated by FoSRL such as Nature festival events to improve knowledge of native plants, insects, birds and biodiversity, educating volunteers and the broader community. Our President hosts of tours of Oaklands Reserve for school children and other volunteers hosts bird walks and macrophotography exhibits throughout the wetlands. In the past, we have also held events in partnership with City of Marion, including workshops with Kurna people, propagation workshops, citizen science, etc.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

All planting days, working bees and events are accessible to everyone in the community and strategies and procedures are in place to ensure physical and emotional safety. Risk assessments are undertaken for every event and PPE is provided to volunteers. Examples of the different groups that participate in events include Ascot Park Scouts, Dover Gardens Girl Guides, Ahmiddaya Muslim Association, Sathya Sai, Shah Satnamj Green S Welfare Force Wing, Tamil Association of SA, Alpha Phi Omega, Adelaide Medical Students Association and children from local schools. We provide opportunities for a broad range of people to access the parks and host groups to volunteer alongside individual volunteers at plantings and working bees, allowing people to meet and socialise for the enjoyment of nature. Volunteers reflect diversity of age, gender, education, socio-economic, ability and cultural backgrounds. We have translated planting information into pictographs and community languages to support inclusion.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

In relation to the Sustainability theme, FoSRL meet the following objectives - S1.1, S1.2, S1.3, S2.1, S2.2, S2.3 S2.4 and S3.1.

In relation to Community, FoSRL meet the following objectives: C1.1, C2.1, C2.2, C2.4 and C4.4.

Our primary objectives are environmental and community oriented.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Community Grants 2024-2025 Round 2
CG Application 2024/2025 Round 2 (Version 2 of 2)
Application No. CG2425R2021 From Friends of Sturt River Landcare Group Inc
Form Submitted 7 Mar 2025, 11:14AM ACDT

The FoSRL database has approx 800 volunteers listed and continues to grow as new people come along to working bees and planting days each year. Volunteers may give as much or as little time as they wish and attend as many events as they wish. FoSRL group is a community-based group run solely by volunteers, including the Committee overseeing activities.
Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *
FoSRL was established to improve biodiversity along the Sturt River. Over 12 years of planting 8,000-10,000 plants a year, there are now forests where there was bare earth previously. Over the years, new plantings have matured attracting bird, animal and insect life. FoSRL work with CoM for native species selection, biodiversity, seed provenance and landscape planning. New sites have been identified and FoSRL provided advocacy to secure Urban Rivers Funding for CoM in 2024. FoSRL have also been involved in contributing to CoM BSUD and Biodiversity Plan/s. Our website host offsets energy use for IT infrastructure with planting activities.
Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).
No files have been uploaded

Budget

*** indicates a required field**

Budget (Section 3)

This table must only include the amounts and items you are requesting from the City of Marion for the purposes of this grant.
Your budget must include GST if your organisation is registered for GST.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2021 From Friends of Sturt River Landcare Group Inc

Form Submitted 7 Mar 2025, 11:14AM ACDT

Expenditure item description	Expenditure item type	Amount (\$)	Any additional information
What is the grant being spent on		Must be a whole dollar amount (no cents).	
Trailer rust removal and painting	Project activity *	\$1,750.00	Adelaide Trailers specialise in this and we have not been able to secure a reasonable second quote

Any additional information.

Adelaide Trailers quoted \$1750 and a second quote from Blastworx was for \$1760.

12 organisations contacted but there are few who were able to do the work.

Must be no more than 100 words.

Funds requested from the City of Marion (automatically calculated from the table above).

\$1,750.00

This number/amount is calculated.

This amount must match the requested amount on page 3.

In-kind Support and/or Financial Contribution (5%)

What, if any, additional in-kind or financial contribution to the overall activity cost will your organisation provide? e.g. provide facilitators, volunteers, program venues, printing, marketing, resources, equipment etc. (Note: Volunteer hours should be calculated at a rate of \$47.38 per hour) Will this activity receive funding from any other sources eg donations, other grants?

Type of in-kind support or financial contribution	Amount (can be estimated)	Any additional information
Volunteer hours relating to this project	\$568.00	Obtaining quotations, liaising with Adelaide Trailer shop, taking trailer in for re-spray, administration and payment
Volunteer hours relating to biodiversity	\$81,000.00	1800 hrs (min) x \$45 p/hr

12 organisations contacted for a quotation included trailer parts, trailer repair organisations and general crash repairers. The majority are unable to provide this specialist service and others have little experience with re-spraying trailers. We are awaiting a reluctant quotation from Blast Worx as they expect prices to increase before the grant is awarded.

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved activities as detailed in the grant application. If this condition is not met, you will be required to return total funding received to the City of Marion.
- Applicant will seek council's written approval to progress if there are any changes to the activities.
- Complete the activity within twelve months of receiving the funding.
- Applicants will be required to complete an acquittal form online. The form is due within one month of the completion of the activity.
- Evidence of expenditure is required – **all receipts must be attached to the acquittal.**
- Unspent funds are required to be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the activity.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Applicant Feedback

Before you review your application and click the **SUBMIT** button please take a few moments to provide some feedback.

Please indicate how you found the online application process:

☐ Very easy ☐ Easy ☐ Neutral ☒ Difficult ☐ Very difficult

How did you find out about this grant program

☒ Previous applicant ☐ Social media ☐ Visiting City of Marion venue ☐ Word of mouth
☐ Coast FM ad ☐ Other:

Please provide us with your suggestions about any improvements to the application process form.

Difficult to obtain more than 1 quotation for trailer maintenance as there are limited local suppliers.

Community Grants Review Card			
Organisation Name	Venture Theatre Company	Project	Inclusive Community Theatre for All
Project Description	The purchase of headset microphones, portable sound and lighting equipment to enhance community theatre initiatives. This investment will make performances more accessible and adaptable to various spaces, ensuring that audience members with hearing impairments, visual challenges, or other auditory needs can fully enjoy productions.		
Funds Requested	\$9558	Total Project Amount	\$45,421
Matrix Criteria		Maximum Score	Average Score
Benefits CoM <i>Demonstrates participation by CoM residents and/or members at an 80/20 ratio or higher.</i>		20	13.33
Community Connection <i>Addresses social isolation, increases opportunity for social connectedness, neighbourhood and/or intergenerational connection.</i>		15	11.67
Health and Wellbeing <i>Demonstrates opportunities for supporting better physical/mental health.</i>		15	10.00
Skill Development <i>Evidence of skill development opportunities e.g. employment, leadership, life skills.</i>		15	11.67
Inclusivity <i>Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces and encourages cultural harmony.</i>		10	8.89
Alignment to Strategic Plan / Community Vision <i>Strength of alignment in relevant areas e.g. engaged, liveable.</i>		10	10.00
In-Kind Support <i>Level of applicant contribution to total project cost e.g. facility, facilitators and/or resources to deliver activity/project.</i>		5	4.44
Volunteers <i>Project or activity utilises or gives opportunities to engage volunteers, gives back to the community.</i>		5	5.00
Environmental Responsibility <i>Application indicates current or intended progress towards an increased environmental responsibility e.g. organisational policies and practices in place.</i>		5	3.33
Total		100	
FINAL SCORE		78.33	

Previous Funding Consideration	Applicant has not been funded by Community Grants or Youth Grants in previous four rounds.
Partial Funding Consideration	Could proceed with partial funding of \$6558. This would mean not being able to purchase all necessary equipment, reducing the quality and inclusivity of performances.
Participant Fee Consideration	There is no participant fee for this project.
General Considerations	n/a

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2015 From Venture Theatre Company

Form Submitted 17 Feb 2025, 9:48PM ACDT

Activity details

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ☐ Community group
- ☐ General not-for-profit
- ☐ Volunteer association
- ☐ Religious or faith-based institution
- ☐ Philanthropic organisation
- ☐ Charity
- ☐ Sports/Recreation Club
- ☒ Other: Drama Community Group

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

Venture Theatre Company is a non-profit organisation dedicated to fostering community connections through the art of theatre. Since 1975, we have been creating a welcoming space for people to experience the joy of acting and theatre production in Adelaide. Our vision is to enrich the local community by offering a diverse range of high-quality performances, including comedies, musicals, pantomimes, and dramas, while continuously welcoming new members to join and share in the creative process.

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☒ Yes ☐ No

Please explain the type of contribution or support and the amount received. *

We received subsidised hall hire fees over the past 12 months due to the renovation of Marino Hall, which caused us to be displaced for our shows

Activity title: *

Inclusive Community Theatre for All

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion *

\$9,557.00

Must be a whole dollar amount (no cents) and no more than 10000.

Is there a participant fee for your activity? *

☐ Yes ☒ No

Anticipated start date *

01/10/2025

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2015 From Venture Theatre Company

Form Submitted 17 Feb 2025, 9:48PM ACDT

Anticipated end date

31/05/2026

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

Venture Theatre Company is seeking assistance to purchase headset microphones, portable sound equipment, and lighting equipment to enhance our community theatre initiatives. This investment will make our performances more accessible and adaptable to various spaces, ensuring that audience members with hearing impairments, visual challenges, or other auditory needs can fully enjoy our productions.

This initiative will benefit the entire community, including individuals with visual and hearing impairments, families, and theatre enthusiasts of all ages. We will offer a series of performances using the new equipment and provide training for our members and volunteers on sound and light design and its role in theatre. This will ensure our performances are inclusive in various public spaces, halls, and theatres, making them accessible to all audience members.

By investing in better sound and lighting equipment, we aim to create a more connected and immersive experience for our audience. We will also host a free community theatre event to introduce theatre to all community members within a suitable public setting in the City of Marion, making theatre accessible to everyone.

This initiative aims to create an inclusive and engaging theatre experience for everyone in our community.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☐ 80% or more
- ☒ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

To accurately identify and report the percentage of participants who are City of Marion residents and members we will implement the following measures:

Postcode Data Collection: We will capture postcode data through our membership and ticket registrations for theatre productions. This information will be collected at the point of purchase or registration, ensuring we have accurate and up-to-date data on our

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2015 From Venture Theatre Company

Form Submitted 17 Feb 2025, 9:48PM ACDT

participants.

Registration Forms: All participants will be required to complete registration forms that include fields for their postcode. This will help us identify and categorise participants effectively.

Existing Membership Details: We will utilise our existing committee and participant membership details to cross-reference and verify the postcode data. This will ensure that we have a comprehensive understanding of our audience demographics.

The collected postcode data will be analyzed to determine the percentage of participants who are City of Marion residents. This analysis will be included in our post-activity report/acquittal to provide evidence of local engagement

By implementing these measures, we aim to provide a detailed and accurate report on the participation of City of Marion residents and members in our activities.

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Our initiative aims to significantly increase community connection and participation by creating inclusive and engaging theatre experiences. Our theatre company encourages collaboration and creativity, allowing participants to connect with one another through shared experiences. This fosters a sense of belonging and strengthens neighborhood ties.

Enhancing our sound, audio and lighting capabilities will make our performances accessible to everyone, including those with hearing and visual impairments, ensuring no one is left out. We want to make theatre more accessible to those who may not typically attend, including individuals who experience social isolation. Our inclusive approach ensures that everyone, regardless of accessibility, age or ability, can participate and enjoy the arts.

Additionally, our rehearsals and script reading days provides a platform for collaboration enhancing the sense of community. It allows us to tailor our activities to meet the needs/interests of our audience, fostering a deeper connection between our theatre group and community.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

Our theatre company supports better physical and mental health for residents by providing engaging and inclusive theatre experiences. Participating in theatre can have numerous health benefits, including reducing stress, boosting mood, and enhancing cognitive function with learning lines and volunteering backstage. Our rehearsals and performances offer a creative outlet through costume design, set designs and self-expression, which can be therapeutic and help alleviate anxiety and depression.

Our rehearsals often involve movement and physical participation, further contributing to physical well-being. Having better sound, audio and lighting allows us to utilise different areas in public spaces for performances, helping audience members feel connected to their surroundings. By enhancing our sound, audio and lighting capabilities, will ensure our

Community Grants 2024-2025 Round 2
CG Application 2024/2025 Round 2
Application No. CG2425R2015 From Venture Theatre Company
 Form Submitted 17 Feb 2025, 9:48PM ACDT

theatre is accessible to any individual, allowing everyone to fully participate. These efforts aim to enhance the overall well-being of our community.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

Venture Theatre Company seeks assistance to purchase headset microphones, portable sound equipment, and lighting equipment to enhance our community theatre initiatives. This investment will not only make our performances more accessible and adaptable to various spaces but also increase community participation. We recognize that not everyone wants to play sports or be onstage, and our theatre company offers numerous opportunities for skill development, including leadership and theatre improvement skills.

Through our rehearsals and performances, volunteers can develop a range of valuable skills that benefit them in various aspects of life. By enhancing our sound, audio, and lighting capabilities, volunteers will gain hands-on experience in various aspects of theatre production, including sound design, stage management, directing, and performance. These skills are transferable to many fields within the industry and can open doors to potential job opportunities, as well as being an inclusive and engaging theatre experience for everyone in our community.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

Our theatre company is designed to reach the community through our productions and actively encourages cultural harmony. By hosting performances at various times of the year, we ensure that everyone, regardless of age, ability, or background, can participate and enjoy the arts, reduces barriers for individuals, ensuring they feel welcome and encouraged to attend community theatre. Our venues are selected for their accessibility, ensuring that people with mobility challenges can easily attend. We aim to improve audio, sound and lighting quality to enhance the experience for individuals with hearing and visual impairments. Additionally, we offer low-cost tickets to make our events financially accessible to everyone. We create safe spaces by promoting inclusivity and respect. We also provide mentorship for our volunteers where people can embrace any and every role within the theatre company.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2015 From Venture Theatre Company

Form Submitted 17 Feb 2025, 9:48PM ACDT

Our theatre company aligns with the City of Marion's Strategic Plan themes of community and livability.

By hosting performances that are accessible, we foster a sense of belonging and connection among residents. Our inclusive approach to provide better sound, audio and lighting for audience members who may have difficulty in hearing, promotes cultural harmony and strengthens neighborhood ties, supporting the vision of an inclusive and connected community.

Our initiative will enhance the livability of the City of Marion by making the arts accessible to everyone. We offer low-cost theatre productions, but we hope to offer a free community event to increase the awareness of our community theatre group. By aligning with these themes, our activity supports the City of Marion's goals of creating a welcoming, inclusive, and vibrant community where residents can enjoy a high quality of life.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Venture Theatre Company is entirely run by passionate volunteers dedicated to making culture and the arts more prominent in our area. These committed individuals deliver all our activities, from performances to behind-the-scenes roles. We actively engage new volunteers, providing opportunities to participate and develop new skills. This fosters a sense of community and shared purpose, enhancing the cultural vibrancy of our area. By involving volunteers, we create a supportive environment where everyone can contribute to and enjoy the arts.

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

Venture Theatre Company is committed to environmental responsibility. We adhere to the single-use plastics legislation, ensuring our events are free from disposable plastic items. We minimise waste by using reusable and sustainable materials for our productions and workshops. Recycling is practiced at all events, with clearly marked bins for responsible disposal. We also aim to reduce our carbon footprint by promoting carpooling or public transportation for actors and volunteers. Through these efforts, we strive to create a sustainable and environmentally conscious theatre experience for our community.

Must be no more than 100 words.

CG Application 2024/2025 Round 2

Application No. CG2425R2015 From Venture Theatre Company

Form Submitted 17 Feb 2025, 9:48PM ACDT

Quotes

For the application to be eligible, any costs over \$1000 requires two quotes. *

Filename: PA and Sound - Quote - Venture Theatre.docx

File size: 1.4 MB

Attach required quotes here.

Partial funding

Could your activity proceed with partial funding? *

☒ Yes ☐ No

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your activity to proceed? *

\$6,558.00

Must be a dollar amount.

How would this change the delivery of your activity? Please note if an amount is not provided, we will assume you cannot proceed with partial funding. *

Purchasing sound equipment will enhance the accessibility of our events, ensuring audience members with hearing impairments can fully enjoy our productions. However, without funding for the free community event and spotlights, we can't offer these components. This means we'll improve the quality and inclusivity of our existing performances but miss the chance to introduce theatre to a broader audience in a free public event.

Must be no more than 100 words.

No files have been uploaded

or

Any further information that may be relevant to your application.

We look forward to Council supporting our funding request for sound, lighting, and audio equipment. The arts and community theatre play a vital role in fostering creativity, inclusivity, and community engagement. In the City of Marion, there are limited options for community participation in the arts. By supporting our initiative, the council will help us provide accessible and high-quality theatre experiences for all residents, including those with hearing and visual impairments.

Our past events have been a testament to the positive impact of community theatre. For example, our recent

CG Application 2024/2025 Round 2

Application No. CG2425R2015 From Venture Theatre Company

Form Submitted 17 Feb 2025, 9:48PM ACDT

production of "Hansel and Gretel" was a truly intergenerational experience, bringing together participants of all ages and fostering a sense of community pride. However, our review noted that it was often impossible to hear the actors effectively, even with their best efforts to project their voices. This challenge was particularly difficult for our youth members, who are still developing their projection skills.

This investment will not only enhance our current productions but also create opportunities for skill development, leadership, and community connection. Together, we can ensure that the arts remain a vibrant and integral part of our community.

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved activities as detailed in the grant application. If this condition is not met, you will be required to return total funding received to the City of Marion.
- Applicant will seek council's written approval to progress if there are any changes to the activities.
- Complete the activity within twelve months of receiving the funding.
- Applicants will be required to complete an acquittal form online. The form is due within one month of the completion of the activity.
- Evidence of expenditure is required – **all receipts must be attached to the acquittal.**
- Unspent funds are required to be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the activity.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. For further information, please visit replacethewaste.sa.gov.au.

Total		100	
FINAL SCORE		72.23	

Previous Funding Consideration	Applicant has not been funded by Community Grants or Youth Grants in previous four rounds.
Partial Funding Consideration	Project can not proceed with partial funding.
Participant Fee Consideration	Club Membership fee \$200 pa.
General Considerations	55% of activity participants are City of Marion residents.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2016 From Morphettsville Park Football Club Incorporated

Form Submitted 18 Mar 2025, 9:15AM ACDT

Activity details

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ☐ Community group
- ☐ General not-for-profit
- ☐ Volunteer association
- ☐ Religious or faith-based institution
- ☐ Philanthropic organisation
- ☐ Charity
- ☒ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

Our vision is to be the destination club for males, females, boys and girls and be recognised as a Premier Community Club. Our mission is to provide opportunities for the involvement with Australian Rules Football. We seek to realise a player's full potential in a safe, friendly and professional environment, provided with above standard facilities. Players, Coaches, Sponsors and Supporters are treated with respect and enjoy a friendly, welcoming, comfortable and family oriented environment.

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☐ Yes ☒ No

Activity title: *

Morphettville Park Football Club - equipment for growing junior participation

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion *

\$4,049.00

Must be a whole dollar amount (no cents) and no more than 10000.

Is there a participant fee for your activity? *

☒ Yes ☐ No

What is the participant fee per person? *

\$200.00

Must be a dollar amount.

Additional information regarding participant fee:

The annual membership fee for junior players is \$200. This is well below the rate charged by neighbouring clubs, which can be up to \$350 per season.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2016 From Morphettsville Park Football Club Incorporated

Form Submitted 18 Mar 2025, 9:15AM ACDT

Anticipated start date *
24/07/2025

Anticipated end date
31/07/2025

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

Our club currently has 30 registered Auskick participants and expected to have over 100 junior participants for the coming season. Our teams compete in the SANFL junior boys and girls competitions from Under 7's up to Under 15.5's. If successful, this grant will be utilised purchase additional training and playing equipment, as well as upgrading existing equipment. Our club relies on subscriptions and fundraising for ongoing viability, both of which are difficult in the current cost of living crisis. Providing our players with the best possible playing and training experience will assist with player retention and also help attract new players.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☐ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☒ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

All of our players are required to register through the Play HQ system. Participant reports can be downloaded from the Play HQ system to show the player's residential address. We estimate that approximately 55% of our junior players are City of Marion residents. Given that our playing facility is bordering on the City of Holdfast Bay, a majority of our remaining players come from that council geography. We estimate that approximately 90% of our players are either City of Marion or City of Holdfast Bay residents.

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2016 From Morphettsville Park Football Club Incorporated

Form Submitted 18 Mar 2025, 9:15AM ACDT

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Morphettville and surrounding suburbs is a vibrant and growing area, particularly for young families. Our club is growing and every year welcomes new players through our Auskick and Under 7 programs. Our club provides an opportunity for juniors to participate in a safe and professional environment. It also offers parents and opportunity to connect with others from the local community, with regular Friday night drinks after training and social activities. We also support a small number of players with disabilities and players with social barriers.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

Providing children and young people with opportunities for sporting activities is critical, particularly given the increased reliance on technology, exposure to excessive "screen time" and mental health challenges. Our players predominantly training on Friday nights, with well over 100 male and female participants attending. Our teams play on Sundays, with a number of teams predominantly playing against other teams within the City of Marion and local surrounding areas.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

AFL provides a base for children to develop physical fitness, social skills and also has other wellbeing benefits. From a physical development perspective, it improves strength and coordination, develops agility and flexibility and improves hand eye co-ordination. In terms of social skills, it teaches team work, cooperation and communication and also encourages sportsmanship and fair play.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

Our activity is available to the whole junior community, both boys and girls. We offer the opportunity for girls to play in mixed teams as well as standalone girls teams. We also support a small number of players who have a disability (ADHD, type 1 diabetes and autism) as well as a number of players with social barriers, including several that identify as First Nations people.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2016 From Morphetville Park Football Club Incorporated

Form Submitted 18 Mar 2025, 9:15AM ACDT

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

Our football club aligns with a number of the Community Vision themes in the City of Marion's Strategic Plan. We are a vibrant community that brings people through a passion for Australian Rules Football. Playing AFL promotes a healthy lifestyle and supports wellbeing (Priority C1). This gives the opportunity for children and young people to have the best start in life through strengthened support networks and targeted initiatives (Priority C2).

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Our junior committee is 100% parent volunteers. Attracting and retaining volunteers is difficult, given a decline in volunteering hours. This places pressure on the club's ability to raise funds in order to remain viable.

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

The club is environmentally aware through recycling of bottles and cans and also solar usage. It is also in the process of upgrading a current (inadequate) solar system to a much larger system, which should reduce electricity costs significantly.

Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

No files have been uploaded

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2020 From Sheidow Park Cricket Club Incorporated

Form Submitted 28 Feb 2025, 7:50AM ACDT

Anticipated end date

31/10/2025

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

The Sheidow Park Cricket Club continues to grow our Junior Cricket Program. We now proudly support 9 Junior teams ranging from under 10s to under 16s. 2 of these Junior teams are all Girls teams which is fantastic.

The Project that this grant would assist with is for new playing uniforms for our 3rd Girls team (under 14s) that will be joining the club next year. Along with protective playing equipment for this team as well.

the equipment will include batting pads, helmets and gloves as well as wicket keeping pads and gloves.

We have found that being able to provide new playing uniforms and equipment it is

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

The Sheidow Park Cricket Club will be able to use both Registration Forms and Postcodes to be able to identify the percentage of City of Marion participants.

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

The Sheidow Park Cricket Clubs Junior cricket program offers a great way for the local community to come together and have their children participate in a fun, healthy organized

Community Grants 2024-2025 Round 2 CG Application 2024/2025 Round 2 (Version 2 of 2) Application No. CG2425R2020 From Sheidow Park Cricket Club Incorporated Form Submitted 28 Feb 2025, 7:50AM ACDT

sporting activity. By being able to develop our Junior Girls program as well as we have it has broken down any barriers that may have prevented Girls from trying cricket in a organized team structure.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

The Sheidow Park Cricket Clubs Junior program promotes physical and mental health benefits by getting children outside and being part of a team environment. They get to interact with others of a similar age from their local community. Being able to run around and have fun with their friends and learn new skills is great for their personal development. For the new Girls team that will start with us next season for them to have the same playing uniform as the other Girls teams with make them feel part of the club right from the start.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

There are a huge range of skills, development leadership and life skills in being part of the Sheidow Park Cricket Club. The players get to learn new skills and by being taught all aspects of the game of cricket, Bowling, Batting Fielding and being a good team mate. they get to be captain of their team on rotation so the can improve their communication skills and take on more responsibility. The life skills they learn is that sometimes you don't always win and you are not always the best player but being a good sportsperson and team mate is what is important.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

The Sheidow Park Cricket Club provides a safe and enjoyable environment to all its participants, spectators and members of the community. Sport participation is a great way to combat mental health as well as skill development and physical health. The members of the Sheidow Park Cricket Club already consists of wide ranging ethnicities, genders and social backgrounds. The addition of another Junior Girls team into the Junior program will continue the strong community involvement that currently exists.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2020 From Sheidow Park Cricket Club Incorporated

Form Submitted 28 Feb 2025, 7:50AM ACDT

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved activities as detailed in the grant application. If this condition is not met, you will be required to return total funding received to the City of Marion.
- Applicant will seek council's written approval to progress if there are any changes to the activities.
- Complete the activity within twelve months of receiving the funding.
- Applicants will be required to complete an acquittal form online. The form is due within one month of the completion of the activity.
- Evidence of expenditure is required – **all receipts must be attached to the acquittal.**
- Unspent funds are required to be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the activity.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. For further information, please visit replacethewaste.sa.gov.au.

I declare the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Community Grants Review Card				
Organisation Name	Foodbank of South Australia Incorporated	Project	Equipment upgrade to celebrate Foodbank Edwardstown Volunteers	
Project Description	Upgrade of portable gas barbecue, purchase of marquee and bbq tools to thank and celebrate volunteers, as well as attract more City of Marion volunteers at our volunteer events.			
Funds Requested	\$1143	Total Project Amount	\$1143	
Matrix Criteria			Maximum Score	Average Score
Benefits CoM <i>Demonstrates participation by CoM residents and/or members at an 80/20 ratio or higher.</i>			20	6.67
Community Connection <i>Addresses social isolation, increases opportunity for social connectedness, neighbourhood and/or intergenerational connection.</i>			15	15.00
Health and Wellbeing <i>Demonstrates opportunities for supporting better physical/mental health.</i>			15	13.33
Skill Development <i>Evidence of skill development opportunities e.g. employment, leadership, life skills.</i>			15	13.33
Inclusivity <i>Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces and encourages cultural harmony.</i>			10	8.89
Alignment to Strategic Plan / Community Vision <i>Strength of alignment in relevant areas e.g. engaged, liveable.</i>			10	10.00
In-Kind Support <i>Level of applicant contribution to total project cost e.g. facility, facilitators and/or resources to deliver activity/project.</i>			5	0.00
Volunteers <i>Project or activity utilises or gives opportunities to engage volunteers, gives back to the community.</i>			5	5.00
Environmental Responsibility <i>Application indicates current or intended progress towards an increased environmental responsibility e.g. organisational policies and practices in place.</i>			5	3.89
Total			100	
FINAL SCORE			68.50	

Previous Funding Consideration	The applicant has received: \$2589 from Community Grants (Round 2 of the 2022-23) for the Food Hub Edwardstown - Keeping Warm this Winter project. 10% reduction has been applied.
Partial Funding Consideration	Could proceed with partial funding of \$750. This would mean the purchase of the barbecue only, and would source other grant funding opportunities or donations.
Participant Fee Consideration	There is no participant fee for this project.
General Considerations	City of Marion volunteers do not currently represent the majority of Foodbank volunteers.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2024 From Foodbank of South Australia Incorporated

Form Submitted 24 Feb 2025, 2:50PM ACDT

Activity details

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ☐ Community group
- ☐ General not-for-profit
- ☐ Volunteer association
- ☐ Religious or faith-based institution
- ☐ Philanthropic organisation
- ☒ Charity
- ☐ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

Foodbank SA & NT is the largest food relief organisation in South Australia (SA) & the Northern Territory (NT). Our vision is to end hunger. Our mission is to get the most food to the most people in need in the most efficient way possible. In the last 12 months Foodbank SA & NT provided over 10 million meals to people in need, reaching 152,000 people in need every month. One third of these are children. We source food from wholesalers, manufacturers, supermarkets and growers saving more than 2.4 million kilograms of food from landfill each year.

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☒ Yes ☐ No

Please explain the type of contribution or support and the amount received. *

Following an application to the Community Grants program in March 2023, Foodbank was awarded a grant for \$2,589 to assist us install heating in our Edwardstown Food Hub. Funds were received in August 2023, and after some delays, this grant was fully acquitted in November 2024.

Activity title: *

Equipment upgrade to celebrate Foodbank Edwardstown Volunteers

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion *

\$1,143.00

Must be a whole dollar amount (no cents) and no more than 10000.

Is there a participant fee for your activity? *

☐ Yes ☒ No

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2024 From Foodbank of South Australia Incorporated

Form Submitted 24 Feb 2025, 2:50PM ACDT

Anticipated start date *

01/07/2025

Anticipated end date

31/10/2025

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

Foodbank SA & NT support people in need through food relief. To do this, we heavily rely on the support on more than 700 volunteers across our operations across the State and Territory. In our main warehouse and head office in Edwardstown, we are supported by more than 105 volunteers every week, supporting us through a variety of roles, including warehouse pickers and packers, volunteer drivers and a range of different types of administration support volunteers. In our St Marys Food Hub, we have an additional 52 regular volunteers supporting our clients accessing food relief.

To thank and celebrate these volunteers for their time and dedication to our mission to distribute more food to more people in need, and to attract new Marion Council area-based volunteers, we would like to upgrade some of our equipment that we use for volunteer events. This includes the purchase of a new marquee, a portable gas barbecue and associated tools.

Through regular volunteer events, we can keep our volunteers engaged and satisfied and help facilitate social connection with other volunteers and staff, which will help retain and attract more volunteers. This in turn helps us in our mission to feeding people in need.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☐ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☒ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

With more than 700 registered volunteers Foodbank we have an extensive electronic data base and volunteer management system that we use to track our volunteer activity in terms of hours worked, current status and compliance with a range of workplace requirements. We can use this to report on volunteers per site where we operate, which includes their

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2024 From Foodbank of South Australia Incorporated

Form Submitted 24 Feb 2025, 2:50PM ACDT

residential address details. We can see that residents in the City of Marion are underrepresented in our volunteer workforce making up less than 50% of our volunteers. We are seeking to increase the number of volunteers from the City Marion substantially in the coming 12-24 months. One of the strategies to achieve this is to host regular Volunteer Acknowledgment Barbecues targeting City of Marion residents to be new volunteers in Foodbank, whilst celebrating and connecting our existing volunteer workforce.

When we organise volunteer events or activities where we use the new equipment, and we invite volunteers to bring a friend or family member, we are further able to capture data on visitors' residential details, to provide evidence of the number of people that are benefitting from our new equipment, that live in the Marion Council area

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

At Foodbank volunteers play a vital role in ensuring we can successfully operate and maximise the amount of food we distribute to those in need. Volunteering with Foodbank increases community connection and participation and provides a sense of purpose. Because volunteers and staff at Foodbank come from all walks of life, and all age groups, it encourages intergenerational connection and also helps people to feel less isolated, as they become part of our welcoming 'purple family'. Regular BBQ events will encourage this community connection even further.

Our volunteers come from all walks of life. Many friendships are formed by volunteering for Foodbank. We are keen to be able to host regular volunteer barbecues to thank, acknowledge and attract volunteers as well as providing additional opportunities for existing volunteers, who may for example be rostered on different days of the week, to further interact and strengthen their connections with each other.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

There are many studies that have shown the benefits of volunteering for people to stay physically and mentally active, socially connected and have a feeling of purpose, which contributes to good physical and mental well-being. Furthermore, regular social events/barbecues for volunteers will contribute to social connection and the associated mental health benefits that arise for existing and new volunteers at our Edwardstown site.

Secondly, the benefits of a vibrant and sustainable volunteer community that this project will contribute to, supports Foodbank achieve its Vision and Mission. An independent study into Foodbank's Social Return on Investment (SROI) found that our food relief activities not only address people's immediate nutrition needs but also contributes to improvements in their health, emotional wellbeing, social relationships and ultimately their standard of living, benefiting clients in the City of Marion. The SROI from every kilogram of food distributed is valued at \$23.

Must be no more than 150 words.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2024 From Foodbank of South Australia Incorporated

Form Submitted 24 Feb 2025, 2:50PM ACDT

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

People joining the purple Foodbank volunteer family to support our Edwardstown operations support us in many ways, including by picking and packing food orders for Schools and Charitable Agencies in our warehouse, by helping us with various administrative tasks in our office, and by driving our purple vehicles to distribute food throughout greater Adelaide and across the State. Furthermore, volunteers working in our St Marys Food Hub directly support people in need who come to access free and affordable food in our retail outlet. All these volunteering activities provide opportunities to develop new skills, and include training opportunities too, including manual handling training, food safety training, on-the-job training in the specific area of volunteering (e.g. computer-based training, driver training).

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

In terms of clients Foodbank is welcoming of all in the community who need help and we will never discriminate based on gender, cultural background, disability, age, beliefs or otherwise. We aim to give a hand up, not a hand out and facilitate the participation of all citizens who are able in the economic and social fabric of our community.

We take the same approach with our volunteer workforce. By volunteering in Foodbank our volunteers gain a deep understanding of the diversity and needs of those in our community doing it tough and requiring, in our case, food relief. This can assist with reducing stigma and stereotypes around social disadvantage in our community. Our volunteers act as ambassadors for our organisation in the wider community and assist the community at large understand firstly the unmet needs that some in our community have and secondly the benefits that flow from volunteering.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

By enabling us to provide regular social connection opportunities for our volunteers at the Edwardstown warehouse and to acknowledge their value to the organisation, this project contributes to our overall Vision and Mission (as described above). In this way this project aligns strongly with the City of Marion's Strategic Plan, particularly in the Community vision area, Strategic Action areas of C3.5 Partner to support community access to affordable healthy food and C4.4 Create innovative and inclusive opportunities for everyone to make a positive contribution to the community through volunteering. This project also aligns with

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2024 From Foodbank of South Australia Incorporated

Form Submitted 24 Feb 2025, 2:50PM ACDT

Community Direction C1.1 which is about delivering targeted vibrant welcoming events, programs and initiative that build community and support health and wellbeing.

In addition Foodbank provides a valuable role contributing to Sustainable Strategic Direction S1.5 as our food collection and distribution to those in need saves more than 2.4 million kg from landfill every year.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

This project is all about engaging with our existing volunteers and creating opportunities to expand the number of volunteers we have based at our Edwardstown warehouse. As described earlier in this application, Foodbank has over 700 volunteers across our organisation. While thanking and acknowledging the substantial contribution our existing volunteers at the Edwardstown warehouse make to our organisation, this project will also create an opportunity for us to recruit and retain additional volunteers, particularly amongst people living in the City of Marion.

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

At Foodbank we are mindful of our environmental responsibilities and while our Mission is to end hunger, a significant additional impact we have is reducing food waste and landfill. In the last financial year alone we saved 2.4 million kilograms of food from landfill and redistributed this donated food, that is still perfectly safe to eat, to people in need in the community.

We have a range of other practices in place to minimise waste such as: Direct Collect bins on site; we separate and recycle whatever we can, encourage the use of re-usable shopping bags and re-fillable water bottles.

Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

No files have been uploaded

What is your organisation's purpose or vision? *

The Oaklands Community Garden is an aesthetic garden, comprising of fruit trees, biodiverse garden beds, and raised vegetable and herb bins. The Garden provides rest, recreation and pleasure to the local community, as well as flowers, fruit, vegetables and herbs in season. The garden is strongly utilised and appreciated by the local community, and importantly, ensures green space in a suburb that is increasingly losing private gardens due to urban intensification.

28/11/2025

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

In order to increase local community engagement with the Oaklands Community Garden, this project will enhance garden amenities through: (1) Erection of a covered shelter (funds to purchase the shelter was obtained in the previous grant round); (2) installation of a Street Library; and, (3) topping up existing Garden Supplies to support ongoing maintenance of the garden. The shelter will enable community members to enjoy the garden for social activities such as lunches, picnics and family parties, and will be useful during garden workshops for making garden craft and discussing gardening skills. There are tables and chairs stored in the shed next to the proposed shelter, which can be brought out for these purposes. The Street Library will enhance community engagement by involving neighbours in contributing books and will provide a valuable service to neighbours who like to read but may not be able to get to Council libraries or purchase books. The Street Library will have adult and children's books and quality will be vetted by the Garden Committee. Garden Supplies will consist of basic tools, gloves, compost and mulch.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

While Oaklands Park is a localised suburb within the City of Marion, and the Oaklands Community Garden mainly services the local community, nevertheless, garden members have come from surrounding suburbs including Mitchell Park, Sturt and Ascot park. Most importantly, the garden is open (not fenced and locked) and welcoming of any and all community members. It is almost impossible to estimate the proportional benefit to residents of Marion, however, given that the population of Oaklands Park is about 3,000 that would suggest that the garden benefits about 3% of Marion's total residents (96,000) (ABS 2021).

Must be no more than 200 words.

Community Grants 2024-2025 Round 2
CG Application 2024/2025 Round 2 (Version 2 of 2)
Application No. CG2425R2026 From Oaklands Community Garden
 Form Submitted 11 Mar 2025, 3:36PM ACDT

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

The Garden is all about community connections, having a specific ethos of welcoming community engagement through open invitations to morning teas, working bees and workshops and large signage encouraging participation and providing contact details to enable contact and communication. We invite community to help themselves to garden produce - vegetables, herbs, fruits and flowers. The erection of the Covered Shelter will enable community members to sit under cover and shade while enjoying the garden environs. We will apply for future funds to install a table and bench seats which will be anchored into the concrete flooring. The Street Library will give us another way of connecting the local community through their donating and borrowing of books. The Street Library may bring non-gardeners to participate in the garden and in time may be managed by a new sub-group of the Garden Committee.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

The Oaklands Community Garden is an important community resource of respite, beauty, biophilia and healthy plant produce for local residents. All of this improves mental and physical wellbeing. Importantly, the opportunity to socialise and work together in a beautiful garden space, alleviates the all too-present threat of loneliness which is a scourge of modern life. We regularly distribute the produce of the garden (vegetables, herbs, flowers, fruits, seeds) to the local community through our swap table, fostering generosity and reciprocity. The Garden provides invaluable access to green space for residents living in newly built town-houses which are mushrooming in this suburb. It will become more important as a space of shade and cooling, as we move into a hotter climate. The Covered Shelter will enhance community enjoyment of the garden, thereby facilitating the health and wellbeing benefits inherent in the Garden. The Street Library will facilitate reading which benefits mental health.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

Skill development is an important aspect of the Oaklands Community Garden. Through our fortnightly working bees, we share our knowledge and skills of gardening. Many new members identify this need and report their satisfaction in learning from more experienced gardeners. We have held a number of gardening workshops with expert facilitators and this is another opportunity for skill development; so far, up to 70 people have attended the 3 workshops we have held. The Committee which manages the Garden is open to members and is an excellent way to develop leadership skills. In the last year we have attracted 2 new members to our Committee. We expect the Covered Shelter and Street Library to bring more people into the garden to join us in an array of skill development as well as, to attend

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2026 From Oaklands Community Garden

Form Submitted 11 Mar 2025, 3:36PM ACDT

committee meetings, workshops and social events.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

The Garden is a safe, open and welcoming space which is well-used by the local community. It is a flat garden and accessible to people in wheelchairs and walkers. The lack of fencing around the garden presents an invitation to all people to enter into, and enjoy the space. Indeed, we know that the garden is used by residents of all ages, abilities and ethnicities.

It is an especially valued amenity for new residents occupying townhouses, many of whom come from culturally and linguistically-diverse cultures and who have limited personal garden space. The Garden enables neighbourly friendships to be forged where they would otherwise struggle to do so. The Covered Shelter and Street Library will enhance enjoyment of the garden for everyone but in particular, people who need to rest while appreciating the garden (elderly, people with disability, parents with babies) and those who have difficulty obtaining books for themselves.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

The Garden aligns perfectly with the City of Marion's Strategic Plan: it brings local residents together to socialize and work together. Oaklands Park is a site of urban intensification with new town houses having little to no gardens, thereby impacting not only on individual household well-being but also that of the whole environment in terms of loss of cooling trees, shrubs and lawn. In that way, the Garden provides an important environmental asset of green space, - shade trees, lawn, flowering shrubs, fruit trees, vegetables and herbs. All of this resource is free to the local community and cared for by volunteers. The Garden uses sustainable gardening practices and protects several large trees which would be in danger of being felled if the block was given over to development. The Covered Shelter and Street Library will enhance the garden as a community amenity in line with the Strategic Plan.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Yes. The Garden is entirely run on volunteer-labour. We are constantly inviting the community to join the Garden and contribute as volunteers. In fact, we record a growing number of community members joining us at our fortnightly working bees and mornign teas.

Community Grants 2024-2025 Round 2
CG Application 2024/2025 Round 2 (Version 2 of 2)
Application No. CG2425R2026 From Oaklands Community Garden
Form Submitted 11 Mar 2025, 3:36PM ACDT

We beleive that Improving the Garden amenities through the Covered Shelter and Street Library will attract more volunteers.
Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

The Garden is run on organic gardening principles, to the best of our abilities. We use compost and organic fertilisers to nourish plants, and companion planting to manage pests. We net fruit trees, prune then regularly and pick up dropped fruit, in order to discourage pests. Our vegetables are grown in raised beds, which minimises snail infestations. Watering the Garden is sensitive to water conservation principles. Mulch is used around plantings to reduce water loss. The Garden Committee abides by any watering restrictions in place and organises a watering roster for hand-watering the raised vegetable-beds.
Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

Budget (Section 3)

This table must only include the amounts and items you are requesting from the City of Marion for the purposes of this grant.

Your budget must include GST if your organisation is registered for GST.

Expenditure item description	Expenditure item type	Amount (\$)	Any additional information

Community Grants 2024-2025 Round 2
CG Application 2024/2025 Round 2 (Version 2 of 2)
Application No. CG2425R2026 From Oaklands Community Garden
 Form Submitted 11 Mar 2025, 3:36PM ACDT

What is the grant being spent on		Must be a whole dollar amount (no cents).	
erection of covered shelter funded in previous grant round	Project activity *	\$3,600.00	see attached quotes
Purchase of materials and erection of Street Library	Project activity	\$299.00	https://streetlibrary.org.au/p/the-shed/
Wattyl solarguard paint+ paintbrushes + mineral turpentine + methylated spirits for Street Library	Project activity	\$55.00	See Attachment A
Letterbox post + concrete to anchor Street Library	Project activity	\$47.00	See Attachment A
10 bags Compost + 5 bags Sugar cane mulch	Project activity	\$150.00	See Attachment A
Garden augur	Project activity	\$89.00	See Attachment A

Any additional information.

We received \$5,000 in the Marion Council Community Grant 2024-25 Round 1 which will enable purchase of the materials - Olympic Industries, Heritage Verandah. The Covered Shelter cannot be erected without additional funds.

concrete flooring, waterproof membrane and retaining walls will be supported by another grant.

A sturdy table + bench seats anchored to the concrete floor will also be supported by another grant.

Must be no more than 100 words.

Funds requested from the City of Marion (automatically calculated from the table above).

\$4,240.00

This number/amount is calculated.

This amount must match the requested amount on page 3.

In-kind Support and/or Financial Contribution (5%)

What, if any, additional in-kind or financial contribution to the overall activity cost will your organisation provide? e.g. provide facilitators, volunteers, program venues, printing, marketing, resources, equipment etc. (Note: Volunteer hours should be calculated at a rate of \$47.38 per hour) Will this activity receive funding from any other sources eg donations, other grants?

Type of in-kind support or financial contribution	Amount (can be estimated)	Any additional information

or

Any further information that may be relevant to your application.

This grant application covers additional funds required to erect the Covered Shelter/Gazebo funded by Marion Council in the 2024-25 round of Community Grants (\$5,000). The funds we received will not be able to be spent without additional funds to erect the Covered Shelter.

We are a small Gardening group inspite of Community enjoyment and appreciation of the Garden; we struggle to attract volunteers to join the Garden and work in it. Consequently our funds are very low and the financial Statement provided only shows limited funds from Garden membership of \$5 pp pa.

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved activities as detailed in the grant application. If this condition is not met, you will be required to return total funding received to the City of Marion.
- Applicant will seek council's written approval to progress if there are any changes to the activities.
- Complete the activity within twelve months of receiving the funding.
- Applicants will be required to complete an acquittal form online. The form is due within one month of the completion of the activity.
- Evidence of expenditure is required – **all receipts must be attached to the acquittal.**
- Unspent funds are required to be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the activity.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2026 From Oaklands Community Garden

Form Submitted 11 Mar 2025, 3:36PM ACDT

- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. For further information, please visit replacethewaste.sa.gov.au.

I declare the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Applicant Feedback

Before you review your application and click the **SUBMIT** button please take a few moments to provide some feedback.

Please indicate how you found the online application process:

☐ Very easy ☒ Easy ☐ Neutral ☐ Difficult ☐ Very difficult

How did you find out about this grant program

☒ Previous applicant ☐ Social media ☐ Visiting City of Marion venue ☐ Word of mouth
☐ Coast FM ad ☐ Other:

Please provide us with your suggestions about any improvements to the application process form.

The request for Profit & Loss statement is confusing for small, not-for-profit groups who do not record profit/loss.

A request for a financial statement would be more appropriate.

Community Grants Review Card			
Organisation Name	YMCA of SA Youth and Family Services	Project	Therasteps
Project Description	A safe, structured walking group to help participants improve mobility, functional capacity, confidence, and overall well-being. designed to support older adult (50+ years) residents of Marion City who have, or are at high risk of, physical or mental ill-health. Sessions will run once a week for one hour, departing from Marion Leisure and Fitness Centre. Walks will take place along a linear path or similar local venues, with the indoor sports stadiums available in adverse weather. Each session can accommodate up to 20 participants per attending health professional. Before joining, participants will attend a heavily subsidized one-on-one consultation with an allied health professional to assess baseline health measures, set personal goals, and develop a tailored walking plan.		
Funds Requested	\$10000	Total Project Amount	\$12,400
Matrix Criteria		Maximum Score	Average Score
Benefits CoM <i>Demonstrates participation by CoM residents and/or members at an 80/20 ratio or higher.</i>		20	20.00

TheraSteps supervised walking program is designed to support older adult (50+ years) residents of Marion City who have, or are at high risk of, physical or mental ill-health. Guided by qualified health professionals, the program provides a safe, structured walking group to help participants improve mobility, functional capacity, confidence, and overall well-being.

Sessions will run once a week for one hour, departing from Marion Leisure and Fitness Centre. Walks will take place along a linear path or similar local venues, with the indoor sports stadiums available in adverse weather. Each session can accommodate up to 20 participants per attending health professional. Walking is the primary activity, with exercise stations included for those requiring alternative movement options.

Before joining, participants will attend a heavily subsidized one-on-one consultation with an allied health professional to assess baseline health measures, set personal goals, and develop a tailored walking plan.

TheraSteps differs from traditional walking groups by integrating professional supervision, ensuring participant safety and confidence. It is inclusive of individuals with health conditions that may otherwise prevent them from safely participating in unsupervised community walks. The program aims to enhance cardiovascular and metabolic health, promote independence, and foster social connection in a supportive community environment.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2027 From YMCA of SA Youth and Family Services

Form Submitted 14 Mar 2025, 11:49AM ACDT

☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

The TheraSteps Supervised Walking Program supports City of Marion residents, particularly older adults (50-90 years), who are at risk of physical and mental ill-health. The program provides a safe, community-focused walking group, guided by health professionals, to help participants manage conditions such as arthritis, osteoporosis, heart and lung disease, diabetes, depression, and pre/post-surgery recovery.

To determine the percentage of City of Marion residents participating, registration forms will collect key demographic details, including postcodes and membership affiliations. Intake data will be reviewed regularly to assess engagement levels among Marion residents.

Held at the YMCA Marion Leisure and Fitness Centre, the program creates a welcoming and accessible environment for local seniors. With approximately one-third of Marion's population aged 50+, this initiative directly supports a vulnerable demographic, ensuring they have access to supervised physical activity. The program also provides subsidized access to Allied Health Professionals for baseline health assessments and personalized walking plans. By fostering social connections and promoting physical well-being, TheraSteps empowers participants to improve their mobility, independence, and overall quality of life.

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

TheraSteps fosters community connection by providing a safe, supportive space for older adults with health conditions to exercise with confidence. Many individuals with arthritis, osteoporosis, Parkinson's disease, heart and lung conditions, or diabetes understand the benefits of walking but fear falling or experiencing a health event. This lack of confidence often leads to isolation, reduced mobility, and declining physical and mental health.

Through supervised, group-based walking sessions, TheraSteps promotes social interaction, friendship, and shared experiences, helping participants feel supported and less alone. The program connects individuals facing similar challenges, fostering a sense of belonging and motivation.

By encouraging regular activity in a welcoming, community setting, TheraSteps strengthens neighbourhood ties and inclusivity. Reducing social isolation and improving mobility allows participants to regain independence, reduce reliance on healthcare services, and enhance their overall well-being.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2027 From YMCA of SA Youth and Family Services

Form Submitted 14 Mar 2025, 11:49AM ACDT

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

TheraSteps supports better physical and mental health for City of Marion residents by providing a safe, structured walking program designed for older adults with health conditions. Many individuals with arthritis, osteoporosis, Parkinson's disease, heart and lung conditions, or diabetes struggle with pain, stiffness, and poor balance, which can limit mobility and confidence. Supervised by qualified health professionals, TheraSteps ensures participants can exercise safely, reducing the risk of falls and health complications.

Regular low-impact walking and guided exercises improve cardiovascular health, mobility, strength, and balance, helping participants maintain independence. The social aspect of group-based activity reduces isolation, anxiety, and depression, fostering a sense of belonging and motivation.

By providing accessible, supervised exercise in a supportive community setting, TheraSteps empowers residents to improve their physical function, mental well-being, and overall quality of life, while reducing long-term health risks and reliance on medical services.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

TheraSteps provides participants with valuable life skills that enhance independence, confidence, and well-being. By engaging in supervised walking sessions, individuals develop better mobility, balance, and endurance, improving their ability to manage daily activities and maintain independence.

Participants also gain self-management skills by setting personal health goals with allied health professionals, learning how to safely exercise despite health conditions. They build resilience and problem-solving abilities, recognising their physical capabilities and adapting to challenges.

Socially, TheraSteps fosters leadership and communication skills as participants support and encourage one another. Some may take on peer mentoring roles, motivating others and sharing experiences, strengthening their sense of purpose and belonging.

By developing physical confidence, social connections, and self-care habits, TheraSteps empowers individuals to lead healthier, more active lives, reducing reliance on healthcare services and increasing overall quality of life.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

TheraSteps is accessible and inclusive, providing a safe, welcoming space for older adults of all backgrounds, including those with disabilities or chronic health conditions. Supervised by qualified health professionals, the program reduces barriers by ensuring participants can exercise safely, regardless of mobility limitations, pain, or fear of injury.

Held at the Marion Leisure and Fitness Centre, with indoor and outdoor options, the program

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2027 From YMCA of SA Youth and Family Services

Form Submitted 14 Mar 2025, 11:49AM ACDT

is physically accessible to all. Heavily subsidised health consultations make participation financially feasible for those who may otherwise struggle to access professional guidance.

TheraSteps promotes social connection and cultural harmony by fostering a non-judgmental, supportive environment where participants from diverse backgrounds engage in shared activity. By reducing isolation, stigma, and fear, it encourages community cohesion and helps individuals regain confidence and independence. The program empowers all participants to improve their health while feeling valued, included, and supported in their journey.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

TheraSteps aligns closely with the Community and Liveable themes of the City of Marion's Strategic Plan by fostering inclusivity, connection, and well-being while utilising safe and accessible public spaces.

By providing a supervised walking program for older adults, including those with health conditions or mobility concerns, TheraSteps creates a welcoming and supportive environment where participants feel safe, valued, and connected. The program reduces social isolation, strengthens community bonds, and encourages active participation, aligning with the goal of making Marion a friendly, inclusive, and connected community.

Additionally, TheraSteps supports the Liveable theme by utilising accessible outdoor paths and public spaces, encouraging safe physical activity in well-maintained environments. In poor weather, the use of indoor sports stadiums ensures continued participation, reinforcing accessibility and safety.

Through structured, community-centered exercise, TheraSteps enhances health, independence, and quality of life, directly contributing to Marion's vision for an inclusive, active, and connected community.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Yes, TheraSteps encourages participant engagement by offering small volunteer roles. Individuals can self-select to suggest walking routes, recommend activities, or organize post-walk coffee catchups. While all sessions are supervised by qualified health professionals, these informal roles promote leadership, social connection, and a sense of ownership among participants. This approach enhances community engagement while ensuring safety, as ultimate decisions are made by professionals. By allowing participants to contribute, TheraSteps fosters confidence, inclusivity, and stronger community ties, creating a supportive social network alongside the exercise program.

Must be no more than 100 words.

Environmental Responsibility (5%)

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2027 From YMCA of SA Youth and Family Services

Form Submitted 14 Mar 2025, 11:49AM ACDT

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

While TheraSteps is primarily a health and well-being initiative, it aligns with environmental responsibility through its partnership with Marion Leisure and Fitness Centre, a facility committed to sustainability. The Centre has recently installed solar panels to utilize renewable energy and improve energy efficiency. Additionally, it operates a recycling program for bottles, plastics, and other recyclables, reducing waste and promoting responsible resource use.

YMCA SA, which manages the facility, has also joined the Sports Environment Alliance (SEA), reinforcing its dedication to sustainable practices. Through these initiatives, TheraSteps indirectly supports a greener, more sustainable community while promoting health and well-being.

Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

No files have been uploaded

Budget

* indicates a required field

Budget (Section 3)

or

Any further information that may be relevant to your application.

Therasteps program will be programmed for 50 weeks of the year, having a break over the Christmas period, so approximately 50 sessions. With respect to class numbers, 20 max per session, but we expect, with some client turnover, approx 40-50 people with health conditions would uptake and benefit from this service over the course of the year.

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved activities as detailed in the grant application. If this condition is not met, you will be required to return total funding received to the City of Marion.
- Applicant will seek council's written approval to progress if there are any changes to the activities.
- Complete the activity within twelve months of receiving the funding.
- Applicants will be required to complete an acquittal form online. The form is due within one month of the completion of the activity.
- Evidence of expenditure is required – **all receipts must be attached to the acquittal.**
- Unspent funds are required to be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the activity.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. For further information, please visit replacethewaste.sa.gov.au.

I declare the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2022 From Marion Dementia Friendly Alliance of SA Inc trading as the Mitchell Park Pathways Cafe

Form Submitted 20 Feb 2025, 8:42PM ACDT

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

Skilled professionals will offer hands on activities to Dementia Sufferers and their Carers in each one hour session on the second and fourth Thursday of the month. There will be 18 one hour workshops in a variety of engaging tasks, presented with patience and clear communication, with the relevant materials for the activity brought with them; such as the diversional therapist, the puppetry presenter, the drama coach, the model maker or competent music therapist.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☐ 80% or more
- ☒ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

By membership application filled out on arrival at the group

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Positive wellbeing experiences for a group of aged persons with restrictions to their communication and social attendances at events and sports offered to other sectors of our community. Skilled leadership with patience is required to work with Dementia Sufferers, and Carers who are often tired and stressed by the role imposed upon them.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

Mental health stimulation against agitation and boredom by relevant activities at an appropriate skills level. Short, positive activities increase self worth of Dementia Sufferers and this assists in balance of mood and happiness by an hour of varied, led sessions, two

Form Submitted 20 Feb 2025, 8:42PM ACDT

Thursdays a month.
Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

Life skills to survive with limitations to mental capacity and communication ability
Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

Yes, the Mitchell Park Pathways Cafe is a safe and welcoming space, inclusive of gender, race, ability levels and vulnerability from loss of mental and sensory skills
Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

The two fortnights a month give Dementia Sufferers and their Carers chance to spend time with others in an affirming space, making their life meaningful. This is community at work accepting and supporting vulnerable people with mental disability
Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Our Mitchell Park Pathway Cafe is run by volunteers, each Carer brings their knowledge and skills to both the Committee and the regular meetings
Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ☒ Community group
- ☐ General not-for-profit
- ☐ Volunteer association
- ☐ Religious or faith-based institution
- ☐ Philanthropic organisation
- ☐ Charity
- ☐ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

Our vision is to see our neighbourhood grow into a connected community, where residents know each other. Where there is friendship and trust. Where people reach out and help each other and share resources in times of need.

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☐ Yes ☒ No

Activity title: *

Charles St little library

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion *

\$625.00

Must be a whole dollar amount (no cents) and no more than 10000.

Is there a participant fee for your activity? *

☐ Yes ☒ No

Anticipated start date *

07/06/2025

Anticipated end date

19/02/2028

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2012 From Charles St Neighbours

Form Submitted 11 Mar 2025, 12:57PM ACDT

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

The plan is to attach a purpose built cupboard securely to the fence of the Active Elders Association, where there is a lot of pedestrian traffic to and from Ascot Park Station. The cupboard will be stocked with a variety of books and passers by will be encouraged to take/borrow/leave/swap a book. In time it is hoped that this might be an informal meeting place, encouraging conversation, reading, and a recycling economy.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

It is likely that the vast majority of those using the library will be local residents walking by, either to the station or just around the neighbourhood. There will not be any registration or membership requirements that would give addresses, but maybe we can ask people to record their postcode when they leave or take a book.

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

This activity is growing out of a project aimed at building social connection between neighbours. We have met

a number of times to chat, share snacks, and build friendships. Residents are a spread of ages, with our most enthusiastic one being a three year old! There is also a mix of cultures, including Chinese, Indonesian, Indian and Nepali. We will work together to plan, install and maintain the little library.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2012 From Charles St Neighbours

Form Submitted 11 Mar 2025, 12:57PM ACDT

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

Reading is great for your mental health, so is having relationships and connection with neighbours. Wandering down to the library will provide a nice bit of exercise and fresh air and maybe a neighbour to chat to on the way.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

Learning how to write a grant application and connect with the people and the processes required. The process of setting up the library will build skills in team work, and also opportunities to grow in responsibility and commitment to a project and the community.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

It is anticipated that the library will stock books in a variety of languages and for a range of ages, male and female, and be as inclusive as possible. There are a number of cultures represented in our street, including Indonesian, Chinese, Nepali and Indian

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

The aim is for the library to be a visually attractive asset that's a focus for the community, a place to meet and chat over books, a catalyst for building community. The stock of books will come from places like the local Buy Nothing project, from people who have finished with the book but don't want to throw it away. This recycling encourages sustainability and reduces waste.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

The planning, buying, installing and maintenance of the little library will be entirely undertaken by volunteers, the residents with possible help from the Active Elders

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2012 From Charles St Neighbours

Form Submitted 11 Mar 2025, 12:57PM ACDT

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

The little library is all about recycling books, passing them on for others to enjoy rather than being thrown away. In that way it's also reducing community waste and reducing our carbon footprint.

Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

No files have been uploaded

Budget

* indicates a required field

Budget (Section 3)

This table must only include the amounts and items you are requesting from the City of Marion for the purposes of this grant.

Your budget must include GST if your organisation is registered for GST.

Expenditure item description	Expenditure item type	Amount (\$)	Any additional information
What is the grant being spent on		Must be a whole dollar amount (no cents).	
The Big Pete Street Library	Equipment*	\$325.00	
Post topper	Equipment	\$30.00

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2012 From Charles St Neighbours

Form Submitted 11 Mar 2025, 12:57PM ACDT

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved activities as detailed in the grant application. If this condition is not met, you will be required to return total funding received to the City of Marion.
- Applicant will seek council's written approval to progress if there are any changes to the activities.
- Complete the activity within twelve months of receiving the funding.
- Applicants will be required to complete an acquittal form online. The form is due within one month of the completion of the activity.
- Evidence of expenditure is required - **all receipts must be attached to the acquittal.**
- Unspent funds are required to be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the activity.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. For further information, please visit replacethewaste.sa.gov.au.

I declare the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Volunteers <i>Project or activity utilises or gives opportunities to engage volunteers, gives back to the community.</i>		5	5.00
Environmental Responsibility <i>Application indicates current or intended progress towards an increased environmental responsibility e.g. organisational policies and practices in place.</i>		5	3.33
Total		100	
FINAL SCORE		53.32	

Previous Funding Consideration	Applicant has not been funded by Community Grants or Youth Grants in previous four rounds.
Partial Funding Consideration	Project could be partially funded at a cost of \$627. This would mean only purchasing 2 machines.
Participant Fee Consideration	\$5 participant fee.
General Considerations	n/a

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2010 From Vietnam Veterans' Federation South Australian Branch Inc. The Yerbury Centre

Form Submitted 24 Feb 2025, 8:25AM ACDT

☐ Yes ☒ No

Activity details

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ☐ Community group
☒ General not-for-profit
☐ Volunteer association
☐ Religious or faith-based institution
☐ Philanthropic organisation
☐ Charity
☐ Sports/Recreation Club
☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

*To actively pursue the welfare and health of serving and ex-serving Defence Force Personnel and their families. It provides this by:

*Assisting and training them to obtain evidence and material necessary to commence, pursue and maintain claims for compensation for disabilities that my have been caused through Australian Defence Force Service..

*Distributing relevant information to members through a bi-monthly newsletter - SNAFU, and a weekly radio programme, each Tuesday evening, on Coast FM 8.7.

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☐ Yes ☒ No

Activity title: *

VVF Card Group

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion *

\$945.00

Must be a whole dollar amount (no cents) and no more than 10000.

Is there a participant fee for your activity? *

☒ Yes ☐ No

What is the participant fee per person? *

\$5.00

Must be a dollar amount.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2010 From Vietnam Veterans' Federation South Australian Branch Inc. The Yerbury Centre

Form Submitted 24 Feb 2025, 8:25AM ACDT

Additional information regarding participant fee:

This includes all materials needed to make (3) greeting cards per week and also includes morning tea.

Anticipated start date *

06/02/2025

Anticipated end date

04/12/2025

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

The Card Group provides the following:

* opportunities for (10) members of the group to meet for social interaction on a regular weekly basis

* involvement in the making of a variety of greeting cards for the Australian troops deployed overseas, for them to send to family, friends and relatives on festive occasions back home in Australia.

*Using a variety of re-cycled paper and cardboard items we make a variety of Christmas Craft i.e. gift boxes, candle wreaths, Christmas Crackers, etc., etc.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☐ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☒ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

*All 10 members of the group are either Full or Associate Members of the VVF.

Copies of membership forms can be made available. These include addresses of the members.

*Two members (who live in the Marion Community) volunteer to take classes on a roster basis.

Community Grants 2024-2025 Round 2
CG Application 2024/2025 Round 2
Application No. CG2425R2010 From Vietnam Veterans' Federation South
Australian Branch Inc. The Yerbury Centre
 Form Submitted 24 Feb 2025, 8:25AM ACDT

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

*We encourage the wider community to join us in social interaction, maintaining good mental health, problem solving and conflict resolution whilst making cards.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

*The group is actively engaged in social interaction whilst learning new approaches, skills and techniques in the process of card making in a variety of genres.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

*The group has (3) teachers (working on a roster basis) who offer instruction on designing and making greeting cards, whilst learning new approaches, skills and techniques in a variety of genres.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

*The group is open to all age groups, persons with disabilities, ethnicity and religious beliefs.

*The group respects, fosters, encourages and values others using listening skills and healthy discussion within a diverse community.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community.

Community Grants 2024-2025 Round 2
CG Application 2024/2025 Round 2
Application No. CG2425R2010 From Vietnam Veterans' Federation South
Australian Branch Inc. The Yerbury Centre
 Form Submitted 24 Feb 2025, 8:25AM ACDT

Demonstrate alignment to relevant themes only, response does not need to address all themes. *

*We are a friendly, inclusive and connected community, here at The Vietnam Veterans' Federation, where everyone belongs.

*We listen to the members of our community for the benefit of our community.

We deliver high quality, cost-effective services and opportunities to our members and the greater community that are reliable and innovative.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

*The class are run by (3) members who are volunteers.

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

*all unused coloured craft card is re-cycled for usage at a later date in other projects.

*re-cycled office scrap paper is used by the group when stamping and inking.

*re-cycled cardboard rolls (toilet and paper) and plastic food containers are used in the making of Christmas Crafts.

*In doing all of the above we make a variety of craft items thus preventing otherwise waste material going to landfill.

*All unwanted office paper materials is shredded and sent to the RSPCA.

*All cans and bottles are re-cycled at Dawws Road Re-cycling plant.

Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

No files have been uploaded

What is your organisation's purpose or vision? *

Our Vision: We aim to create a vibrant, sustainable ecosystem in the City of Marion, focusing on wildlife conservation, environmental education, and community engagement. Our goal is to inspire local residents to protect and enhance local biodiversity, ensuring a healthy natural environment for future generations.

Our Mission: We are dedicated to preserving local wildlife habitats to sustain diverse species and promote ecological balance. We strive to engage and educate the community about the importance of wildlife conservation and sustainable living practices. Additionally, our funding supports the daily operational costs for equipment and supplies needed by our dedicated wildlife volunteers.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2030 From SA Native Animal Rescue Incorporated

Form Submitted 3 Mar 2025, 12:38PM ACDT

30/12/2025

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

Our wildlife group is dedicated to protecting local habitats in the City of Marion to support diverse species and maintain ecological balance. We aim to engage and educate the community about the significance of wildlife conservation and sustainable living practices.

Our activities will benefit local wildlife and the community by creating a healthier environment. We conduct one to one workshops as a needs basis when we recruit new members focusing on different aspects of conservation and training wildlife carers. Each workshop is expected to attract 4-6 attendees. These workshops are usually held at our SANAR base which is in Clovelly Park and we also use local community centres for the yearly AGM.

Our expected outcomes include increased awareness and understanding of wildlife conservation and active community involvement. We aim to support our carers and rehabilitators by providing them with sufficient food supplies and equipment to care for and rehabilitate wildlife properly, ensuring they are ready for release back into their natural habitats.

The purpose of our funding is to cover the operational costs, including equipment and supplies, to support our dedicated volunteers in their conservation efforts.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☐ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☒ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

To ensure that 13% of our participants are residents of the City of Marion in our organisation, we will implement the following measures:

Registration Forms: All participants will be required to complete registration forms that include their residential address and affiliation with any local clubs or organisations.

Postcode Recording: We will record the postcodes of participants to verify their residency within the City of Marion.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2030 From SA Native Animal Rescue Incorporated

Form Submitted 3 Mar 2025, 12:38PM ACDT

Membership Details: We will cross-reference participants' membership details with existing records from local clubs and organisations to confirm their participation.

Data Verification: The collected data will be verified and compiled to provide accurate evidence of the percentage of City of Marion residents in our post-activity report/acquittal.

These steps will help us accurately identify and document the percentage of participants from the City of Marion, ensuring transparency and accountability in our reporting.

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Partnering with local schools to conduct wildlife education programs can engage students and their families.

SANAR has a social media group where residents and carers can share their experiences, ask questions and discuss wildlife related topics which can help build a supportive online community.

Ensuring all activities are accessible to people with disabilities and those from diverse backgrounds can promote inclusivity and ensure that everyone in the community feels welcomed and valued.

By implementing these strategies, our organisation can create a more connected and engaged community where residents feel a sense of belonging and are motivated to participate in wildlife conservation efforts.

Our inclusive approach ensures that everyone, regardless of their background or experience, is welcome to join and contribute to our conservation efforts. This creates a supportive network where members can form meaningful connections and friendships, feel a sense of belonging and are motivated to participate in wildlife conservation.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

Interacting with wildlife and spending time in nature has been proven to lower stress levels, reduce anxiety and improve mood. The calming effect of nature helps residents feel more relaxed and mentally resilient.

Our project fosters a sense of community by bringing people together through shared activities and interests. The social interaction is crucial for mental well-being, reducing feelings of loneliness and isolation.

Activities such as feeding birds or observing wildlife encourage mindfulness and provide a break from the hustle and bustle of daily life. This can lead to better mental clarity and emotional balance. By providing wildlife equipment and food supplies, we are not only supporting the local ecosystem but also creating opportunities for our residents to lead healthier, happier lives.

Must be no more than 150 words.

Community Grants 2024-2025 Round 2
CG Application 2024/2025 Round 2 (Version 2 of 2)
Application No. CG2425R2030 From SA Native Animal Rescue Incorporated
 Form Submitted 3 Mar 2025, 12:38PM ACDT

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

Being in a wildlife organisation, participants can gain experience which can lead to coordinating wildlife projects which provides opportunities to develop project management skills, including planning, organising and overseeing activities.

Engaging with the community, presenting workshops, and participating in public awareness campaigns help improve verbal and written communication skills.

Addressing environmental challenges and finding innovative solutions to conservation issues fosters crucial thinking and problem-solving abilities.

Working with diverse groups, including other organisations, schools and local businesses, enhances collaboration and networking skills.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

Our wildlife group's activities are designed to be accessible to the broader community, encouraging participation from individuals of all backgrounds and abilities. We ensure that our events and workshops are held at accessible venues, within the Marion Council area, which provides facilities for people with disabilities.

We embrace cultural diversity by involving participants from various cultural backgrounds in our activities. By promoting collaboration and mutual respect, we create a space where people can learn from one another and appreciate different perspectives.

We are committed to creating safe and welcoming spaces that reduce stigmas and barriers. Our activities are designed to be as inclusive as possible, ensuring that everyone feels valued and respected.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

By organising workshops and volunteer programs, our organisation empowers residents to participate in wildlife conservation and environmental education. This fosters a sense of community and encourages residents to work together to build strong neighborhoods.

Our initiatives to protect and restore local wildlife habitats help maintain and enhance biodiversity. This deep connection with nature enriches residents' lives and supports the natural environment.

Promoting sustainable living practices, such as water-friendly gardening and reducing

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2030 From SA Native Animal Rescue Incorporated

Form Submitted 3 Mar 2025, 12:38PM ACDT

pesticide use, helps minimise the impact on the climate and protects the natural environment.

Volunteer programs bring people together, fostering social connections and reducing isolation.

By providing opportunities for skill development in areas such as conservation, project management, and community engagement, our organisation supports residents' personal and professional growth.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Our organisation is entirely run by dedicated volunteers. Many of our workshops and community outreach programs are delivered by volunteers, providing them with hands-on experience. We actively recruit new volunteers from the community, offering them opportunities to get involved in meaningful conservation work. Volunteers are given opportunities to develop skills in leadership and project management. By engaging volunteers, we foster a strong sense of community and shared responsibility for wildlife conservation. This inclusive approach not only supports our activities but also helps build a network of passionate individuals committed to protecting our local environment.

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

Our organisation is committed to environmental sustainability and biodiversity support.

We fully comply with the upcoming single-use plastics legislation starting in September 2024.

We actively avoid excessive waste by implementing waste reduction strategies such as using reusable materials, minimising packaging, and encouraging participants to bring their own reusable items to events.

We ensure that all recyclable materials are properly sorted and disposed of.

By adhering to these practices, we aim to create a positive impact on the environment and foster a sustainable future for the City of Marion.

Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

or

Any further information that may be relevant to your application.

We are a not-for-profit organisation established in November 2022 by a team of dedicated and experienced carers, each with over a decade of experience and current wildlife permits. Our mission is to rescue orphaned, sick and injured wildlife, rehabilitate them, and release them into their natural habitats once they have recovered. SA Native Animal Rescue primarily aims to support our carers by providing them with essential food supplies and equipment, ensuring they are well equipped to assist wildlife in need and improve their outcomes.

We specialise in caring for and rehabilitating endangered and vulnerable species.

Additionally we strive to educate the public about the habitats and food sources these native animals require.

We educate and mentor new members to ensure they care for wildlife appropriately, tailored to the specific needs of the native animals.

We welcome and respect everyone, regardless of culture, race, religion, or disability. Our goal is to create an inclusive and diverse community where everyone feels valued and included. We strive to ensure that our programs and activities are accessible and welcoming to all, promoting equal opportunities for participation and contribution."

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved activities as detailed in the grant application. If this condition is not met, you will be required to return total funding received to the City of Marion.
- Applicant will seek council's written approval to progress if there are any changes to the activities.
- Complete the activity within twelve months of receiving the funding.
- Applicants will be required to complete an acquittal form online. The form is due within one month of the completion of the activity.
- Evidence of expenditure is required - **all receipts must be attached to the acquittal.**
- Unspent funds are required to be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the activity.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. For further information, please visit replacethewaste.sa.gov.au.

I declare the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Activity details

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ☒ Community group
- ☐ General not-for-profit
- ☐ Volunteer association
- ☐ Religious or faith-based institution
- ☐ Philanthropic organisation
- ☐ Charity
- ☐ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

Provide an opportunity for members to participate in activities and weekly meetings to enhance and enjoy photography as a hobby. Activities include digital and print competitions, workshops, guest presentations and photographic outings. The club has been active for 70 years and has a membership of 51. The club is open to all age and ability groups.

Of the 51 members 11 reside within the Marion Council area, while the remainder of the members travel weekly to attend the activities at Edwardstown Photography Club as the nearest other photography clubs meet in the Port Adelaide, Noarlunga, Blackwood and Adelaide council areas.

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☐ Yes ☒ No

Activity title: *

Purchase of Laptop to facilitate digital requirements

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion *

\$2,700.00

Must be a whole dollar amount (no cents) and no more than 10000.

Is there a participant fee for your activity? *

☐ Yes ☒ No

Anticipated start date *

01/07/2025

Anticipated end date

30/11/2025

Must be a date.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2023 From Edwardstown Photography Club Inc

Form Submitted 12 Mar 2025, 12:26PM ACDT

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

To display photographic material to and by members, guests and judges at weekly meetings by way of projected images. Workshops using current photographic software is essential. Edwardstown Photography Club is affiliated with the South Australian Photographic Federation. Our club also collaborate with other clubs from metropolitan and near country areas. The club is located in the Marion Council area and attracts members from suburbs across the southern and western areas of Adelaide. Membership fees are kept at a reasonable rate to make it inclusive to all members of the community.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☐ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☒ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

Members will be identified via membership records and attendance records.

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

The club meets weekly and is open to all age and ability groups. Members are able to share with like minded amateur photographers in a social environment - thus reducing social isolation in the neighbourhood.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2023 From Edwardstown Photography Club Inc

Form Submitted 12 Mar 2025, 12:26PM ACDT

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

Weekly meetings provide an opportunity to continue to enjoy photography as a hobby whilst connecting with others with a similar interest and maintains connection with local activities eg. community and sporting events.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

Through the tutorials and workshops members increase their knowledge of photography and processing of images using software (eg Photoshop, Lightroom etc.) thus building life skills of team work, collaboration and administration.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

Open to all ages and abilities of people with an interest in photography. A number of members are retired and this is their preferred activity and social connection.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

Building connections to community and contributing to making the Marion Council area a more vibrant artistic community through inclusion and interest based groups.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Yes all members are volunteers including committee and leadership positions.

Must be no more than 100 words.

Environmental Responsibility (5%)

Community Grants 2024-2025 Round 2

- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. For further information, please visit replacethewaste.sa.gov.au.

I declare the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Alignment to Strategic Plan / Community Vision <i>Strength of alignment in relevant areas e.g. engaged, liveable.</i>		10	3.33
In-Kind Support <i>Level of applicant contribution to total project cost e.g. facility, facilitators and/or resources to deliver activity/project.</i>		5	0.56
Volunteers <i>Project or activity utilises or gives opportunities to engage volunteers, gives back to the community.</i>		5	5.00
Environmental Responsibility <i>Application indicates current or intended progress towards an increased environmental responsibility e.g. organisational policies and practices in place.</i>		5	1.67
Total		100	
FINAL SCORE		43.33	

Previous Funding Consideration	The applicant has received: \$3857 from Youth Grants (Round 1, 2023-24) for Lightweight Camping Equipment. \$6237 from Youth Grants (Round 1, 2024-25) for Climbing Gear Replacement.
Partial Funding Consideration	Could proceed with partial funding of \$3500. Scouts will seek to fundraise the shortfall which will cause delays.
Participant Fee Consideration	Club membership is \$495 p.a.
General Considerations	n/a

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2005 From The Scout Association of Australia - SA Branch

Form Submitted 24 Feb 2025, 11:46AM ACDT

Will your group or organisation be auspiced for the purposes of this grant? *

☐ Yes ☒ No

Activity details

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ☐ Community group
- ☐ General not-for-profit
- ☐ Volunteer association
- ☐ Religious or faith-based institution
- ☐ Philanthropic organisation
- ☐ Charity
- ☒ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

Our mission is to contribute to the education of young people through a value system based on the Scout Promise and Law to help build a better world where people are self-fulfilled as individuals and play a constructive role in society

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☒ Yes ☐ No

Please explain the type of contribution or support and the amount received. *

Grant for Climbing Wall - \$6,237

Activity title: *

Improving the Parents room

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion *

\$5,000.00

Must be a whole dollar amount (no cents) and no more than 10000.

Is there a participant fee for your activity? *

☐ Yes ☒ No

Anticipated start date *

01/10/2025

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2005 From The Scout Association of Australia - SA Branch

Form Submitted 24 Feb 2025, 11:46AM ACDT

Anticipated end date

31/12/2025

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

Currently at our Scouts Hall we have a Parents "hangout" room for the parents to sit and wait while their children are at Scouts, the intent for the Parents room is for Parent to socialize and get to know each other and help our Scouts community grow.

Currently the room has no form of air conditioning beside a oscillating fan, during summer months the room is unable to be used due to the extreme temperatures inside and winter months (although not as bad) gets very cold and parents often choose to sit in their cars and wait for the Scouts to finish. The intent of the project is to install a air conditioner so the room can be used all year round.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

Scouts and Volunteer Members registrations

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

While many Scout groups are located within the Marion Council area, Hallett Cove Scout Group is unique, as it is the only group with a Venturer and Rover section; these sections are specifically designed for the 14 to 25-year-old youth. This gives youth members access to safe and connected spaces where they can come and socialise, relax, and have fun

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2005 From The Scout Association of Australia - SA Branch

Form Submitted 24 Feb 2025, 11:46AM ACDT

while learning about different scouting topics. Part of the "Scout Method" is that the Scout movement is a youth-led organisation, which means that youth members are directly responsible for their program supported by adults. A personal growth development purpose is also part of our "Scout Method" in the following areas: Social, Physical, Intellectual, Character, Emotional, and Spiritual.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

In the Youth Engagement Report, Mental Health was identified by youth as a critical current issue. Being involved in Scouts has been found beneficial to youth's mental health. The Scouting Effect study found that when compared to the non-scouting population, scouts are less depressed, have better mental health, and are less likely to feel anxious be on edge or stop worrying incessantly (Scouts Australia 2020).

Scouting exists to help develop young people in areas of personal growth and to develop them as active citizens involved in their local, national and global communities. We achieve this through a diverse program of adventurous, fun, challenging, and inclusive activities including climbing.

The Parents room is designed to bring together parents and family's.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

Our purpose is to contribute to the education of young people to help them achieve their full physical, intellectual, emotional, social, and spiritual potential as individuals, responsible citizens, and members of their local, national, and international communities. Our regular program has fundamental elements of the Scout Method, including Community Involvement, Learning by Doing and more. One of the main methods is "Youth Leading - Adult Supporting. This method means that youth plan and execute the camps and other activities for which the equipment provided will be used. The unique part of HCSG is that our littler sections (Joeys and Cubs) grow up with the climbing wall and as they progress into the higher age brackets we train them up as Climbing Instructors. We are seeing our first 4 climbing instructors volunteering with the Joey's and Cubs and teaching them the skills they learnt!

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

Part of the "Scout Method" is that the Scout movement is a youth-led organisation, youth members are directly responsible for their program supported by adults. A personal growth development purpose is also part of our "Scout Method" in the following areas: Social, Physical, Intellectual, Character, Emotional, and Spiritual.

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2

Application No. CG2425R2005 From The Scout Association of Australia - SA Branch

Form Submitted 24 Feb 2025, 11:46AM ACDT

Scouts Australia has very clearly defined and easily accessible Diversity and Inclusion Standards. The policy states that Scouts Australia is inclusive of all (within the scope of its membership) regardless of gender, sexuality, race, spiritual beliefs, abilities, or socioeconomic status and does not tolerate any form of harm, abuse, exclusion, or neglect. Scouts Australia embraces the diversity of its community, aiming to reflect this diversity through its policies and practices and provide inclusion that ensures access to scouting for all. Hallett Cove Scout Group is very committed to this policy, and our leadership team receives training specifically targeted at achieving this goal.

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

Scouts as an organisation aligns with many of the Marion Council Vision through the Scouting Method elements:

- The Patrol System is a way to engage and develop interpersonal and leadership skills through teamwork, responsibility and belonging as it provides the youth with multiple opportunities to work together and increase decision making skills through running programs and leading their patrol over the year.
- Scouts incorporate a Personal Progression path which is a learning journey focused on challenging the individual to do their best through a range of experiences.
- The outdoors is the primary setting for learning and encourages a two-way relationship between the individual and the natural world.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

Hallett Cove Scouts group is wholly run by Volunteers, we have recently reintroduced our public social media page to attract more volunteers from within the local community.

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

A big part of scouting is Nature & the Outdoors. Adult members receive training in minimal environmental impact practices. Part of our "Scout Method" is to transfer this knowledge to youth members.

Must be no more than 100 words.

Form Submitted 11 Mar 2025, 9:35PM ACDT

Additional information regarding participant fee:

The members pay a membership annual fee and then each week pay a entry fee for racing
Adults \$15.00 Juniors \$10.00

Anticipated start date *

01/09/2025

Anticipated end date

29/09/2025

Must be a date.

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

A large eye-catching sign at the entrance to the Edwardstown Soldiers' Memorial Ground with information regarding the Cycling clubs events/membership/ will provide a straightforward way to advertise the club to local community and passersby. Signage will encourage locals to use the facility to ride their bikes on the velodrome away from cars. The signage will also provide an ideal medium for the club to promote the sport of track cycling and encourage potential new members within the community to join in South Coast cycling club.

Must be no more than 200 words.

Benefit to City of Marion Residents (20%)

What percentage of your activities participants will be residents of the City of Marion? *

- ☐ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☒ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal. *

City of Marion residents participating in South Coast Cycling club training and racing activates is gained from the club entry registration

Must be no more than 200 words.

Community Connection (15%)

Refer to the [City of Marion Strategic Plan 2024-2034](#).

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2029 From South Coast Cycling club

Form Submitted 11 Mar 2025, 9:35PM ACDT

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

The club has seen an increase in local community members gather around the velodrome when we are conducting training and racing events, and a signage will enable the club to promote these events and therefore the community will be informed when the club is occupying the velodrome and therefore the community access is restricted. A Cycling club sign will increase community connection (community knowing what happens at the velodrome) and participation (new members for the club). Will give the club members a sense of belonging in the community and create a visible point for sharing information. A Sign will inform the community and make a connection between the community and the club with a viewable informative information on the activities at the velodrome.

Must be no more than 150 words.

Focus on Health and Wellbeing (15%)

Demonstrate how your activity provides opportunities for supporting better physical and/or mental health for our residents eg. physical activity projects and/or mental health benefits. *

By having a sign to promote the velodrome and South Coast cycling club and its activities will attract the local community to use the facility and potential join the club.

The Signage will improve the facility by enabling the club to provide information on cycling at the ground and the club would see this as an additional improvement to the grounds will promote physical activity, community connection and mental wellbeing.

Offering and promoting cycling opportunities in safe and friendly inclusive club within the local Marion community provides environment where people can get fit, learn skills, meet new friends and enjoy the social aspect of being in a club sport.

Being informed in the community can give individuals a feeling of self-worth and respect. We aim to promote club and the project will assist in this.

Must be no more than 150 words.

Skill Development (15%)

What opportunities does your activity offer participants for skill development? e.g. employment, leadership and/or life skills? *

The development of a large eye-catching sign at the entrance to the Edwardstown Soldiers' Memorial Ground promoting the clubs activities and membership to the local community will require the club to develop skills in creating an effective visual sign that considers the local diverse community, conveys information clearly and aesthetically which will require design thinking, attention to detail, project management and teamwork and leadership within the club.

Must be no more than 150 words.

Inclusivity (10%)

Is your activity accessible to the broader community? Does it encourage cultural harmony? Demonstrate how your activity creates safe and welcoming spaces for inclusivity eg. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups). *

The project of erecting a large eye-catching sign at the entrance with information regarding

Community Grants 2024-2025 Round 2

CG Application 2024/2025 Round 2 (Version 2 of 2)

Application No. CG2425R2029 From South Coast Cycling club

Form Submitted 11 Mar 2025, 9:35PM ACDT

the Cycling clubs events/membership/ will engage the broader community in the City of Marion as it will inform the community of the events/activities / times/dates that the velodrome will be in use and therefore restricted access for the community The information sharing will foster a sense of belonging and create an positive environment within the community and potentially encouraging more community to join the club. Signage will advertise that the club and can offer track bikes for loan for any newbies to cycling which reduces the restrictions/ barriers that may prevent locals joining in track cycling at Edwardstown Velodrome

Must be no more than 150 words.

Alignment to Strategic Plan (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

We are a very welcoming and supportive club we recognise the rights of any person in the community to feel welcome, become involved and enjoy the cycling environment within the club at Edwardstown velodrome.

By enhancing the facility of the Edwardstown velodrome by providing signage to inform the community of City of Marion residents that is professional and informative promoting the club's activity will continue to see improvements be consistently made to the recreational facility by the South Coast cycling club members.

The local community can share the facility by being informed of the velodrome activities and enjoy being part of a well-used and established facility within their community.

Must be no more than 150 words.

Volunteers (5%)

Does your activity utilise or give opportunities to engage volunteers? e.g. our club or organisation is run by volunteers, the activity is delivered by volunteers, we are engaging new volunteers. *

The South Coast cycling club is totally run by volunteers and the signage of the club activities will include assist volunteers in providing information to the community of the clubs activities on the velodrome as well as club information that includes engaging new volunteers.

Must be no more than 100 words.

Environmental Responsibility (5%)

Demonstrate how the activity and/or your organisation/club considers your environmental responsibility. e.g. Abide by the single use plastics legislation, avoid excessive waste, practise recycling and/or aim to reduce your carbon footprint. *

The club practise recycling cans/bottles. The club avoid excessive waste by repairing bike tubes on loan bikes when practical to do rather than replacing tubes with new tubes. The club also provides loan bikes which allows members to ride with little outlay money to equip themselves cycling specific clothing & shoes.

REPORT HISTORY

Report Reference	Report Title
CYGC241023R7.3	Youth Grants 2024-25 Round 1

REPORT OBJECTIVE

To provide the Community and Youth Grants Committee Members with the applications and preliminary review undertaken by administration for the 2024/25 Round 2 Youth grants for review, assessment and recommendation to Council.

EXECUTIVE SUMMARY

Council has endorsed the Governance Structure of the Community and Youth Grants to operate under a Section 41 Committee (GC240423R12.6) with a Terms of Reference (Attachment 1).

The purpose of the City of Marion Youth Grants is to support not-for-profit groups to deliver well-managed and relevant projects, programs and activities whilst strengthening connections for young people in our community. A total of \$120,000 per financial year is allocated to this program, of which \$60,000 is allocated to each of the two grant rounds. Grants of up to \$10,000 per application are available.

In order to support the Committee in discharging its obligations, administration has undertaken a preliminary review of the of the applications against Council's endorsed Youth Grant Guidelines (Attachment 2) and the Youth Grant Matrix (Attachment 3).

Table 1 is a summary of the applications ranked in order of total score resulting from this preliminary review.

The Committee is not bound by this scoring or ranking. The grants review card and application for each grant has been provided (Attachment 4). The Committee may accept, reject or amend this score thereby amending the ranking to reach a recommendation to be put to Council.

RECOMMENDATION

That the Community Youth Grants Committee:

That the Community and Youth Grants Committee:

1. Review and assess the 2024/25 Round 2 Youth Grants applications.
2. Recommend to Council the 2024/25 Round 2 Youth Grants.

Table 1: Youth Grants (Round 2 funding pool is allocated at \$79,143)

	Score	Organisation	Project	Amount requested	Part funded option
1	89.44	The Uniting Church Property Trust for The Corner Uniting Church	Create for Youth in July School Holidays	\$2250	-
2	87.78	Sonder – Headspace Marion	Youth LGBTIQA+ Social Support & Educational Group at Headspace Marion	\$4961	\$2000
3	86.67	The Big AL Foundation	The Breath of Life for Teens	\$6400	\$5000
4	79.46	South Adelaide Basketball Club	Increasing Girls Resilience in Basketball	\$7920	\$4000
5	74.51	Flinders New Venture Institute	NVI Pre-Accelerator Program Scholarship	\$6567	\$5473
6	68.90	Adelaide Cricket Club	Junior Girls Cricket Academy	\$4960	\$3000
7	67.78	The Gold Foundation Incorporated	Uni Ready Program	\$10,000	\$5000
8	67.24	Plympton Sport and Recreation Club	Youth Leadership through Education	\$10,000	\$4000
9	59.45	Plympton Little Athletics Centre	Marion's High Flyers: New Mat, New Heights	\$9538	-
10	58.90	The Cove Football Club Incorporated	Australian Rules Football Goal Post Pads	\$5270	\$3413
			Total funds requested	\$67,866	\$31,886
Round 2 funding pool is \$79,143, including \$60,000 Round 2 allocation plus \$19,143 from Round 1 surplus.					

The following applications were also received and were assessed as ineligible by staff.

Table 2. Ineligible applications

Organisation	Project	Amount requested	Reason for ineligibility

Cove Netball Club	Get in the Game	\$4500	Application budget and project conflicting, age range of participants outside target age for Youth Grants. Applicant did not respond to staff's further enquiries.
Shruthi Adelaide Inc.	Young Talents Day (Yuva Kala Mela)	\$5000	Activity was a one-off event. Applicants were redirected to apply for Community Event Fund but opted not to proceed.

DISCUSSION

Following Council's review of the process underpinning the allocation of Community and Youth Grant Funding including the process, governance structure, eligibility and assessment matrix, the Council endorsed the future Governance Structure of the Community and Youth Grants to operate under a Section 41 Committee (GC240423R12.6).

The objective of the Committee as outlined in the terms of reference is outlined below:

2.1 The Committee is established for the purpose of:

2.1.1 Reviewing and recommending to Council the distribution of Grant Funding allocated for Community Grants and Youth Grants.

2.1.2 Ensuring the City of Marion's Grant Process supports Councils Community Vision and Strategic Plan objectives.

2.1.3 Ensuring the Community Grants Program supports not-for-profit incorporated (or auspiced) groups to establish and undertake projects or activities that are beneficial for the community.

2.1.4 Ensuring the Youth Grants Program supports the not-for-profit sector to deliver well-managed and relevant projects, programs and activities whilst strengthening connections for young people in our community

The purpose of the City of Marion Youth Grants is to support not-for-profit groups to deliver well-managed and relevant projects, programs and activities whilst strengthening connections for young people in our community. A total of \$120,000 per financial year is allocated to this program, of which \$60,000 is allocated to each of the two grant rounds.

The City of Marion is committed to a diverse and inclusive community. Applications should reflect and celebrate this by ensuring projects are inclusive and as accessible as possible for all groups, including people of various gender, age, sexuality, cultural backgrounds, religious beliefs, and those living with a disability.

In order to support the Committee in discharging its obligations, administration has undertaken a preliminary review of the of the applications against Council's endorsed Youth Grant Guidelines (Attachment 2) and the Youth Grant Matrix (Attachment 3).

Table 1 (above) is a summary of the applications ranked in order of total score. This score is a result of three step review process including:

- individual staff within the Community Connections team undertaking a full review of each application, and scoring the application using the endorsed guidelines matrix. These individuals are considered the review panel.
- group review of the applications (including all members of the review panel) to discuss any variations, anomalies or oversights that may have occurred during the review process, and

to provide any additional information provided by the applicant relevant to the review process. This step enables the finalisation of individual scores.

- the creation of a final score (an average of individual scores). The final score is what is used to rank the applications and provided to this Committee.

The Committee is not bound by this scoring or ranking. The grants review card an application for each grant has been provided. The Committee may accept, reject or amend this score thereby amending the ranking to reach a recommendation to be put to Council. Please note personal and company sensitive information has either been removed or redacted.

At the meeting, administration will be able to amend each score as requested by the Committee.

Youth
Grants

GUIDELINES

marion.sa.gov.au/grants

GUIDELINES

Introduction

The purpose of the City of Marion Youth Grants is to support not-for-profit groups and organisations to deliver well-managed and relevant activities whilst strengthening connections for young people between the ages of 12-25 in our community.

Applications should support and align activities with [The City of Marion Strategic Plan 2024-2034](#).

Applications are invited from organisations with expertise and local knowledge to provide diverse and inclusive opportunities that are accessible as possible for groups, including various genders, ages, sexuality, cultural backgrounds, religious beliefs and living with disability. The City of Marion recognises particular activities may be implemented to support vulnerable populations and/or specific demographic groups within our community.

Support with your application

Applicants are strongly encouraged to refer to this document and the Strategic Plan link before considering or commencing an application.

If you require further information please contact Ashley Lambourne, Grants Officer on phone 08 8375 6600 or email ashley.lambourne@marion.sa.gov.au.

All information relating to City of Marion grants including eligibility, key dates and previously successful recipients can be found on the City of Marion [website](#).

Applications need to be submitted [online](#).

To be eligible

- Applications are encouraged from incorporated not-for-profit organisations and groups.
- **NOTE:** Groups that are not incorporated need an incorporated body willing to accept the funds on your behalf and accept responsibility for the funding of the activity (auspiced by an incorporated body).
- Applications must include completed financial information and necessary quotations.
- Schools/educational institutions are eligible to apply, provided they can demonstrate:
 - The activity is delivered outside of normal school hours, this also applies to external facilitators conducting activities within schools.
 - The activity is meeting an identified need that is not limited to the school environment and demonstrates how the activity will have benefits to the wider youth population.
 - The activity does not form part of the core business of the Department for Education.
 - Alternative funding sources for the activity are not available from the Department for Education.

The following will make an application ineligible

- Funding for individual, private, political or commercial enterprise or activities.
- Fundraising or sponsorship.
- Ongoing operational costs, core business and costs not directly related to activity delivery.
- Activity is implemented outside of the City of Marion council boundaries (unless the activity clearly demonstrates significant benefits to the participants, being City of Marion's young people).
- If applicants have already applied within other City of Marion grant streams for the same activity within the same round.
- The activity has commenced or retrospective funding (money spent before a grant is approved).
- Funding for academic research or conference costs, interstate or overseas travel.
- Funding for once off events.
- Activities that duplicate a community need that is already being met.
- The organisation has an outstanding acquittal or debt owing to Council. *Please note this does not apply to organisations that have a loan with Council and are complying with the repayment terms.*

Ineligible applications will not progress to the assessment stage.

www.marion.sa.gov.au/grants

January 2025

GUIDELINES

Funding

- Applicants may apply for funding up to \$10,000.
- Applicants may apply for more than one grant by submitting a separate application for each activity, demonstrating clear distinctions between the activities.
- Applicants must declare any current and/or ongoing in-kind or financial support received from the City of Marion eg. subsidised rent, funding agreements.

Grant Objectives

Applicants should consider the following:

- Establish and undertake activities that align with the relevant areas of [The City of Marion Strategic Plan 2024-2034](#).
- Activities that focus on the following will be highly considered:
 - Demonstrate a strong benefit to City of Marion young people eg. demonstrating 80+% of activity participants are City of Marion residents.
 - Are delivered by organisations that have recognised youth development expertise.
 - Are addressing an identified need for City of Marion's young people.
 - Develop opportunities for youth participation, connection and promote the health and wellbeing of young people.
 - Demonstrate inclusivity and accessibility to the wider community where possible.
 - Demonstrate evidence of youth engagement in the design, planning and delivery of the activity, where possible.
 - Organisations that contribute their own in-kind resources to the activity and encourage opportunities for volunteering.
 - Demonstrate environmental responsibility by the organisation/service, where applicable, eg. environment policies or practices in place.

Suggested Focus Areas

- Strengthening Youth Engagement and Participation
- Creating Safe, Inclusive and Welcoming Spaces
- Developing Creativity through Arts and Culture
- Valuing Nature and Environmental Sustainability
- Skill Development and Leadership

How are applications assessed?

- Applications will be assessed and scored against grant guideline criteria.
- Applications will be assessed and scored against youth grant objectives.
- Applications will be assessed and scored against the [The City of Marion Strategic Plan 2024-2034](#).
- A reduction of 10% is applied to the application total assessment score if the organisation has been funded within the last 3-4 rounds, and a reduction of 20% applied if funded within the last 1-2 rounds.

Please note that meeting the eligibility criteria alone does not guarantee funding. The Youth Grants Program is highly competitive with a budget limit. The decision to award a grant is made by Council and the decision of Council is considered final. This decision may take into account other matters that Council deem reasonable and relevant to the decision-making process. The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date.

Financial reporting and acquittal

Applicants will be required to complete an acquittal form online. The form is due one month after the completion of the activity or 13 months from the funding date, whichever is earlier. Evidence of expenditure is required – **all receipts must be attached to the acquittal.**

The acquittal form verifies that the grant funding has been spent in accordance with the activity budget

www.marion.sa.gov.au/grants

January 2025

GUIDELINES

provided in the application form. Final acquittal of the grant requires a statement of income and expenditure for the activity as well as evaluation documentation. The feedback provides valuable insight to Council on how your activity and community have benefited from the Youth Grants Program (where applicable, please provide photos of your activity).

Successful applicants are required to comply with terms and conditions included in the application form.

Youth Grants Assessment Matrix 2024

Activity or Project Criteria	Weighting Applied	Criteria Applied to Assessment
Activity or Project benefits majority of CoM young people	20%	Demonstrates participation by CoM young people at an 80/20 ratio or higher.
Alignment with Key reports and City of Marion Strategic Plan & Community Vision – towards 2040	15%	Demonstrates alignment to the following document: - The City of Marion Strategic Plan and Community Vision – Towards 2040 - The City of Marion Youth Action Plan 2024-2027 (currently in draft)
Youth Specific Provider	15%	Does the applicant have experience delivering youth specific programs/projects events? OR Is the applicant from a specific sector i.e. housing, employment, developing a program aimed at young people between the ages of 12-25 years to address current needs?
Youth Development		Strength of Benefit to Young People
Activity or Project creates Community Connection	10%	Addresses social isolation, increases opportunity for social connectedness, peer connection and/or intergenerational connection.
Activity or Project is inclusive as possible for CoM young people	10%	Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces for community and encourages cultural harmony.
Activity or Project enables youth engagement	10%	Demonstrates awareness and opportunity for young people to: - Co-design the project - Be involved in the planning and delivery of the project
Activity or Project promotes positive wellbeing for young people	10%	The project is addressing issues that affect the health and wellbeing of young people. The following factors should be considered: (but not limited to) - Mental Health - Physical Health - Skill Development - Cultural Wellbeing
Additional Criteria		
Applicant contribution to the Activity or Project	5%	The applicant has commitment to the project by contributing; Eg: In kind support, volunteer hours, financial commitment
Applicant demonstrates environmental responsibility	5%	Application indicates current or intended progress towards an increased environmental responsibility eg: organisational policies and practices in place.

Youth Grants Review Card			
Organisation Name	The Uniting Church Property Trust for The Corner Uniting Church	Project	Create for Youth in school holidays
Project Description	Three new "Create" style art events for LGBTQIA+, neurodivergent and other youth aged 15 - 25 years of age to be held at The Corner Uniting Church in school holidays to 90 youth participants. Two events to be held for youth during the day and the third event to include youth and their support people as participants for an evening event (intergenerational). The Corner youth and older people volunteering to be involved in arranging and facilitating the events. All events to be held for 3 hours and include art activities and a meal.		
Funds Requested	\$2250	Total Project Amount	\$9084
Matrix Criteria		Maximum Score	Average Score
Benefits CoM <i>Demonstrates participation by CoM young people at an 80/20 ratio or higher.</i>		20	20.00
Alignment to Strategic Plan / Community Vision <i>Strength of alignment in relevant areas e.g. engaged, liveable.</i>		15	13.33
Youth Specific Provider <i>Does applicant have experience delivering youth specific programs or is the application from a specific sector developing a program aimed at young people to address current needs.</i>		15	11.67
Community Connection <i>Addresses social isolation, increases opportunity for social connectedness, neighbourhood or intergenerational connection.</i>		10	8.89
Inclusivity <i>Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces and encourages cultural harmony.</i>		10	10.00
Youth Engagement <i>Demonstrates awareness and opportunity for young people to co-design, be involved in planning/delivery of project.</i>		10	8.89
Health and Wellbeing <i>Addresses issues affecting health and wellbeing of young people. Consider mental health, physical health, skill development, cultural wellbeing.</i>		10	8.89
In-Kind Support <i>Level of applicant contribution to total project cost e.g.: facility, facilitators and/or resources.</i>		5	4.44
Environmental Responsibility <i>Application indicates current or intended progress towards an increased environmental responsibility e.g. organisational policies and practices in place.</i>		5	3.33
Total		100	
FINAL SCORE		89.44	

Previous Funding Consideration	Applicant has not been funded by Community Grants or Youth Grants in previous four rounds.
Partial Funding Consideration	Can not proceed with partial funding and remain eligible (partial funding option changed activity to one event only - in this instance consider for Community Event Fund?).
Participant Fee Consideration	There is no participant fee for this project.
General Considerations	Project originally planned to take place in July school holidays, but funding timeline will not allow. Applicant has agreed to move timeline to January school holidays instead.

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2

Application No. YG24-25R2012 From The Uniting Church Property Trust for The Corner Uniting Church

Form Submitted 24 Feb 2025, 10:06PM ACDT

Unincorporated organisations applying for a grant must be auspiced by an incorporated organisation. If you are not incorporated and not auspiced you are not eligible to apply for this grant.

Will your group or organisation be auspiced for the purposes of this grant? *

☐ Yes ☒ No

Activity details

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ☐ Community group
- ☐ General not-for-profit
- ☐ Volunteer association
- ☒ Religious or faith-based institution
- ☐ Educational Institution
- ☐ Philanthropic organisation
- ☐ Charity
- ☐ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

The Corner Vision is - Faith Intersecting Life

Mission - to foster an intergenerational community, offering spiritual depth and growth, through relationship with Jesus.

We are a Uniting Church with two types of services - a traditional Sunday morning worship and a contemporary Sunday evenings service which includes a program called "Create". Sunday evenings and "Create" are especially welcoming of neurodivergent and LGBTQIA+ youth.

The purpose of "Create" is to create art, build a supportive community and talk about the important things in life. Similar to art therapy for reflection, a safe space and accessible to neurodivergent and LGBTQIA+ youth.

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☐ Yes ☒ No

Activity title: *

Create for Youth in July School Holidays

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion: *

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2

Application No. YG24-25R2012 From The Uniting Church Property Trust for The Corner Uniting Church

Form Submitted 24 Feb 2025, 10:06PM ACDT

\$2,250.00

Must be a dollar amount.

Is there a participant fee for your activity? *

☐ Yes ☒ No

Anticipated start date *

05/07/2025

Anticipated end date

11/07/2025

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

Three new "Create" style art events for LGBTQIA+, neurodivergent and other youth aged 15 - 25 years of age to be held at The Corner Uniting Church in July school holidays, at no cost to 90 youth participants. Two events to be held for youth during the day and the third event to include youth and their support people as participants for an evening event (intergenerational). The Corner youth and older people volunteering to be involved in arranging and facilitating the events. All events to be held for 3 hours and include art activities and a meal catering for dietary requirements. Dates TBC.

All three activities will be promoted through a range of partner/referral organisations, local schools and Universities. Participants to book through eventbrite. Warm up activity will be badge making (pronoun badges, sunflowers or participants can design their own). There will be a short reflective activity asking participants to think about an aspect of life - joys and challenges. The main art activity is to paint a disco ball. The meal, drink and snacks will be made in the kitchen from food sourced mostly from Foodbank and served during events. Alternative activities are provided and participants take home artwork.

Must be no more than 200 words.

Benefits to City of Marion Young People (20%)

What percentage of your activity participants will be residents of the City of Marion?

- ☒ 80% or more
☐ 70% - 80%
☐ 60% - 70%
☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc.

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2

Application No. YG24-25R2012 From The Uniting Church Property Trust for The Corner Uniting Church

Form Submitted 24 Feb 2025, 10:06PM ACDT

The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal.

Events will be promoted through local organisations - high schools, LGBTQIA+ groups, local churches of different denominations, Marion Life, Junction, Flinders University, Headspace, Op Shops, Autism SA, sporting clubs, Kumon, Australian Science and Maths School, Qlife, BFriend, SA Rainbow Advocacy Alliance, etc. (45 organisations on our list). Most organisations will be City of Marion based, a few attract people from other areas.

Eventbrite registration will include a question on whether the participant is from City of Marion area/postcode.

Must be no more than 200 words.

Alignment to Key Reports & Strategic Plan (15%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community.

Demonstrate alignment to relevant themes only, response does not need to address all themes. *

This project is very well aligned to the Community theme - Priority C1 - a welcoming and friendly city, particularly in relation to celebrating diversity, strengthening networks of support, contributing to health and wellbeing, reducing social isolation and increasing volunteering. The project best aligns with C1.1 - "deliver targeted, vibrant and welcoming events, programs and initiatives that bring all people together...build community and support health and wellbeing. The project also aligns well with C2.1, C2.2, C3.1, C3.2 and C4.4.

In addition, this project contributes to "Our Organisation" theme and objective O6.1 which relates to creating partnerships that achieve City of Marion objectives.

Must be no more than 150 words.

Youth Specific Provider (15%)

Does your organisation have experience delivering youth specific activities aimed at young people between the ages of 12-25 years to address a current need? e.g. examples of previous youth activities delivered. How is your intended activity addressing a current youth need? *

The Corner has held "Create" art workshops for approx 5 years (usually held monthly). Facilitated by Nina Luscombe, the Creative and Inclusive Ministries Pastor, an artist and person with lived experience of LGBTQIA+ and neurodivergent communities. The Corner is especially welcoming of LGBTQIA+ and neurodivergent youth and current participants also include people with a disability and neurotypical youth. Over the years, some youth participants have been part of the organising team and co-designed "Create" to be a safe space and well run. "Create" has constantly been improved and a couple of years ago opened up to people of all ages. Many LGBTQIA+ and neurodivergent youth find it difficult to be accepted, make friends and feel safe in social situations. This often leads to anxiety, social isolation, depression and confusion. Many have dietary requirements. In addition, activities are not always designed to be inclusive of neurodivergent people by minimising sensory overload.

Must be no more than 150 words.

Community Connection (10%)

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2

Application No. YG24-25R2012 From The Uniting Church Property Trust for The Corner Uniting Church

Form Submitted 24 Feb 2025, 10:06PM ACDT

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

"Create" allows people to come as they are, participate in an inclusive art activity, be part of a supportive community and reflect on aspects of life. The usual monthly "Create" events are intergenerational and this also enables young people to bring carers/parents/support people with them. Among our regular attendees we have two youth who don't have any other social activity outside the home (apart from school), some wear headphones and don't interact much and others talk a lot. A focus on the artwork gives people the opportunity to choose whether or not they want to socialise. Alternative activities are provided, and people are welcome to move around. Older youth provide support and mentoring for younger people. Activities are deliberately designed to be inclusive and accessible. The Pastor offers pastoral care and counselling when required.

Participants can "come and try" and then be part of an ongoing community.

Must be no more than 150 words.

Inclusivity (10%)

Does your activity create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity as inclusive as possible for young people? e.g. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable young people and/or specific youth demographics). *

"Create" activities are a safe place for young people, especially neurodivergent and LGBTQIA+ people. The inclusive approach includes:

- use of pronoun badges,
- events are designed to accommodate strengths and reduce social anxiety,
- youth can bring a support person to the Saturday night event,
- catering for dietary requirements (gluten free, lactose free, fodmap, and consideration of meal presentation).
- breakout spaces for neurodivergent youth and other sensory activities (kinetic sand, lego, colouring in sheets), low level noise, wearing of noise cancelling headphones, sometimes lower lighting, etc
- person centered and inclusive language
- accessible venue and activities
- safe food handling
- very low Christian content & non-denominational
- participants can process art instructions and information provided in written, video and verbal format
- contemporary, positive music
- risk assessments, training in mental first aid, RAN training, first aid and "Safe Church" policies and procedures

Must be no more than 150 words.

Enables Youth Engagement (10%)

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2

Application No. YG24-25R2012 From The Uniting Church Property Trust for The Corner Uniting Church

Form Submitted 24 Feb 2025, 10:06PM ACDT

Does your activity encourage opportunities for young people to lead or co-design phases within the activity? e.g. demonstrate opportunities for young people to be involved in planning and delivery. *

The Corner currently has a core organising team (10 youth with lived experience) and up to 30 youth who attend existing "Create" events. The organising team have co-designed the "Create" event with Ms Luscombe and provide direct input in the planning. Many youth volunteer in various roles at the events and have been developing skills in planning, working as a team, setting up and packing up the venue, taking food orders on an ipad, preparing and serving food and drinks, kitchen clean up, use of audio and visual equipment and leadership skills. Some have been developing skills that would be useful in the workplace and have been able to use volunteering in their resume when applying for jobs.

The proposed additional events in July school holidays will include current youth volunteers. Participants would have the option to attend future "Create" events and also become volunteers.

Must be no more than 150 words.

Promotes Positive Wellbeing for Young People (10%)

Demonstrate how your activity incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. * *

Mental Health - the benefits of being able to socialise in a safe space without judgement. A focused school holiday activity, catering to the needs of two cohorts of youth that often find it difficult to participate in community/social activities.

Skill development - skills for young volunteers were outlined in the previous question. For participants of the events, skills will be based on the craft activities - badge making and disco ball painting. We hope everyone will try the artwork.

Physical health - for participants the benefits will include nutritious food, catering to dietary requirements, the ability to move about and participate in activities designed to suit neurodivergent people. The meal provided will be pasta bolognese - meat, vegetarian and vegan sauce options, gluten free pasta, finger salad (separated for choice and served on separate plates). Drinks to include water, milk shakes, juice, hot chocolate, tea and coffee,

Must be no more than 150 words.

Environmental Responsibility (5%)

Demonstrate how the activity/your organisation/club considers your environmental responsibility? e.g. Do you abide by the single use plastics legislation, avoid excessive waste, your organisation recycles and/or aims to reduce your carbon footprint. *

The intention is to purchase food and drinks from Foodbank to reduce costs and to use compostable food containers to reduce dishwashing and volunteer time. Use of compostable containers also assists in take away of leftovers. Where possible recycled materials are used for artworks. At the end of events, participants sort any materials into 4 bins - organic, recyclable waste, cans and bottles, and general waste.

No single use plastics are used, the venue is powered by solar panels and there are water tanks. We are committed to ethical sourcing of products and materials, minimising waste, recycling and respecting nature.

Must be no more than 100 words.

Any further information that may be relevant to your application.

We are trialing similar events (3) for Youth Week in April, funded by Department of Human Services, supported by City of Marion. Project plans for implementation of Youth Week events can be used again should City of Marion fund the same events in July school holidays. Lessons learned can be incorporated.

It is not clear what food and drinks can be sourced from Foodbank as they rely on donated goods. Costs in this project budget assume not all food can be sourced at Foodbank and the per head cost is an estimate only. Costs could be significantly lower than proposed.

More detail can be provided on The Corner profit and loss. The Corner operate on a calendar year basis and financial statements from 2024 have not been audited yet.

Youth Grant Application 2024/25 R2

Application No. YG24-25R2012 From The Uniting Church Property Trust for The Corner Uniting Church

Form Submitted 24 Feb 2025, 10:06PM ACDT

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved activities as detailed in the grant application. If this condition is not met, you will be required to return total funding received to the City of Marion.
- Applicant will seek council's written approval to progress if there are any changes to the activities.
- Complete the activity within twelve months of receiving the funding.
- Applicants will be required to complete an acquittal form online. The form is due within one month of the completion of the activity.
- Evidence of expenditure is required - **all receipts must be attached to the acquittal.**
- Unspent funds are required to be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the activity.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. For further information, please visit replacethewaste.sa.gov.au.

I declare the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 3 of 3)

Application No. YG24-25R2016 From Sonder - Headspace Marion

Form Submitted 7 Apr 2025, 11:38AM ACST

Anticipated end date

30/06/2026

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

Our project is to continue to run a Youth LGBTIQA+ social support and educational group at headspace Marion.

Our data shows that 34.2% of young people seeking mental health support at headspace Marion are part of the LGBTIQA+ community and as such are an identified priority group for our service.

The social support and education group aims to meet the needs of this cohort of young people by facilitating the building of connections among young LGBTIQA+ through mutual safe peer support, access to relevant information, fun activities at headspace Marion as well as educational and fun activities offsite. The social support group will also provide young LGBTIQA+ with the opportunity to participate and advocate for issues affecting their community and the opportunity to attend LGBTIQA+ events such as the Pride March.

The group aims to empower young people by involving them in decisions around the development, planning, and facilitation of the program. The group will operate on a fortnightly basis every Tuesday at 5pm, ensuring accessibility outside school hours. It runs as an open group, meaning participants can choose to attend one or multiple sessions based on their interests and availability.

Must be no more than 200 words.

Benefits to City of Marion Young People (20%)

What percentage of your activity participants will be residents of the City of Marion?

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal.

Most of participating young people will reside in the City of Marion. Young people will need to register to attend each session of the group and will be required to provide their postcode as part of the registration form. We use Hummanitix for the registration process.

Young people between the ages of 12 & 16 who identify as LGBTIQA+ or questioning will be eligible to attend. Some young people will be existing headspace clients and they will be identified as potential participants by their clinician. In addition we will also use our

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 3 of 3)

Application No. YG24-25R2016 From Sonder - Headspace Marion

Form Submitted 7 Apr 2025, 11:38AM ACST

existing relationships with schools and other community groups to promote the group and encourage young people to attend.

Must be no more than 200 words.

Alignment to Key Reports & Strategic Plan (15%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

The headspace Marion LGBTIQA+ group will align with the City of Marion Strategic Plan. We seek to contribute to the Community Vision by improving mental health outcomes for LGBTIQA+ young people through safety, connection, discussion, education and activities.

Community is built on mutual support, shared values, and a sense of connection. The LGBTIQA+ youth social connection group will contribute to building a community where young people can feel seen, heard, and supported. It aims to help build connections and networks that extend beyond the group.

Our LGBTIQA+ youth group will provide a safe and supportive space for young people to connect with others who share similar experiences and identities. This creates a sense of belonging, which is a critical element of livability.

Our group will support the City of Marion's Strategic Plan by providing an accessible service which supports and celebrates the diversity within the City of Marion.

Must be no more than 150 words.

Youth Specific Provider (15%)

Does your organisation have experience delivering youth specific activities aimed at young people between the ages of 12-25 years to address a current need? e.g. examples of previous youth activities delivered. How is your intended activity addressing a current youth need? *

headspace Marion is a youth specific service providing direct mental health services and access to other services including alcohol and other drugs, sexual and physical health services and work and study support to 12-25 year old young people.

An integral part of services offered at headspace Marion are our group programs. We have been running a similar LGBTIQA+ young person's social connection and education group for the past 3 years. This group has been highly successful with significant numbers of young people accessing for support.

The group has had a recent break and review. We will lean on our previous experience and skill development from this group to help guide and facilitate our recently refreshed group.

headspace Marion also facilitates many other groups for young people including closed therapeutic groups which has enabled us to develop skills, processes and procedures to successfully run groups for this cohort.

Must be no more than 150 words.

Community Connection (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 3 of 3)

Application No. YG24-25R2016 From Sonder - Headspace Marion

Form Submitted 7 Apr 2025, 11:38AM ACST

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

The headspace Marion LGBTIQA+ youth social connection and education group will increase community connection by providing a space for young people to meet others with shared experiences, fostering a sense of belonging. Young people will be encouraged to actively participate in planning and leading activities, which we hope will strengthen their engagement in both the group and the wider community.

The group can also promote intergenerational connections by involving older LGBTIQA+ mentors or collaborating with local organisations, offering guidance and bridging generational gaps.

By participating in public events, the group connects young people with allies and looks to strengthen their ties to the neighborhood.

The group reduces social isolation by offering a safe, inclusive space for youth to be themselves and form supportive relationships. This helps counter feelings of alienation many LGBTIQA+ youth face in other areas of their lives, offering them long-lasting emotional support and a sense of connection.

Must be no more than 150 words.

Inclusivity (10%)

Does your activity create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity as inclusive as possible for young people? e.g. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable young people and/or specific youth demographics). *

The headspace Marion LGBTIQA+ youth social connection group will be designed to create a safe and inclusive space for young people from diverse backgrounds, cultures, and beliefs.

The group fosters an environment where all participants, regardless of their cultural, religious, or ethnic identities, are respected and valued. An emphasis is placed on inclusivity, to group ensures that every young person feels welcome, heard, and supported in expressing their identity, whether it's related to gender, sexuality, or cultural background.

To support inclusivity, all staff at Sonder complete training in cultural safety and LGBTIQA+ inclusion. This training supports staff to incorporate diverse voices in planning and decision-making, ensuring activities and discussions are respectful of all beliefs and values. Ultimately, the group strives to create a safe, non-judgmental space where young people of all backgrounds can connect, form meaningful relationships, and be their authentic selves.

Must be no more than 150 words.

Enables Youth Engagement (10%)

Does your activity encourage opportunities for young people to lead or co-design phases within the activity? e.g. demonstrate opportunities for young people to be involved in planning and delivery. *

The headspace Marion LGBTIQA+ social connection group will involve young people in the planning and execution of the group's activities, this will in turn foster a sense of ownership and empowerment. This may include:

Co-designing the Activities: the young people will be involved in planning sessions, creating themes for meetings, deciding on topics for workshops, or planning social outings and advocacy events.

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 3 of 3)

Application No. YG24-25R2016 From Sonder - Headspace Marion

Form Submitted 7 Apr 2025, 11:38AM ACST

Decision-Making: we will encourage a democratic process where participants have a say in the direction of the group or its goals which can also promote leadership.

Leadership Roles: the group can also provide leadership opportunities by designating youth members as facilitators, event coordinators, or peer mentors.

By involving participants in this way, the group not only fosters self-confidence and a sense of responsibility but also ensures that the activities and initiatives are genuinely reflective of the needs and desires of the participants.

Must be no more than 150 words.

Promotes Positive Wellbeing for Young People (10%)

Demonstrate how your activity incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. * *

Our LGBTIQ+ social connection group is designed to support the overall wellbeing of our participants. We seek to support Mental Health through connection, discussion, support and education. Physical health through the supply of health food, a focus on building healthy habits and through a variety of activities which include physical movement.

Our group strives to be easily accessible to all members of the youth LGBTIQ+ community regardless of sex, gender, religion, culture or sexual orientation. We seek to address barriers of service for marginalised demographics. We encourage engagement and participation of all young members of the LGBTIQ+ community within the City of Marion and promote cultural harmony.

Young people will be offered the opportunity to develop skills in a variety of areas including but not limited to communication, interpersonal relationships, advocacy and community engagement.

Must be no more than 150 words.

Environmental Responsibility (5%)

Demonstrate how the activity/your organisation/club considers your environmental responsibility? e.g. Do you abide by the single use plastics legislation, avoid excessive waste, your organisation recycles and/or aims to reduce your carbon footprint. *

At headspace Marion we strive to engage in environmentally responsible practices in all areas of our service.

our LGBTIQ+ social connection group will continue to uphold these practices in the following ways:

- Minimising rubbish through purchasing items with reduced and/or biodegradable packaging.
- Disposing of rubbish using our modular system (Rubbish, Recycling, Compost, Can Deposits and Coffee Pods).
- Minimising food waste.
- Using reusable materials including whiteboards, cutlery, dinnerware, stationary and more.
- Minimising carbon footprint through prioritising the use of digital media over printed media.
- Promoting mindful use of energy, water and other natural resources.

Must be no more than 100 words.

Will your group or organisation be auspiced for the purposes of this grant? *

☐ Yes ☒ No

Activity details

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ☐ Community group
- ☐ General not-for-profit
- ☐ Volunteer association
- ☐ Religious or faith-based institution
- ☐ Educational Institution
- ☐ Philanthropic organisation
- ☒ Charity
- ☐ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

After losing my beautiful 21 year old son Alex to suicide nearly four years ago, I created the The Big AL Foundation.

Our purpose is to equip young people with practical tools for emotional resilience, helping them manage stress, anxiety, and mental well-being before challenges become overwhelming.

Our vision is to create a future where every child and teen can recognise that emotions are a strength not a weakness, feels supported, empowered, and emotionally strong, fostering a generation that navigates life with confidence, connection, and inner calm.

It can be summarised here in our reel;

<https://fb.watch/v-PevMsVQg/>

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☐ Yes ☒ No

☐ Yes ☒ No

Anticipated start date *

01/07/2025

Anticipated end date

30/04/2026

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

BREATH OF LIFE for TEENS

Activity Name: Breath of Life for Teens Workshop (2 Hour workshop) - Parents welcome to stay as well.

Purpose: Empower teens with practical breathing techniques for emotional self-regulation, stress relief, and resilience.

Structure:

The How & The Science of Breath - Understanding functional breathing and its impact on the nervous system.

The What Breath, When - Learning specific breathing techniques for stress, anxiety, and focus.

The Why - Experiencing a guided breathwork journey with music for relaxation, energy, and mental clarity.

Target Beneficiaries: Teens in the City of Marion community, particularly those experiencing stress and anxiety.

Activities:

Deliver a series of workshops over the four school holiday breaks in April, July, October and January in partnership with the City of Marion council at local community venues.

Expected Outcomes:

To provide practical tools teens can use daily for improved mental and emotional well-being.

Increased emotional resilience and self-regulation in participants.

Reduction in stress and anxiety levels among teens.

Empowerment with lifelong breathing techniques for well-being.

Logistics:

Number of workshops: 3 workshops per holiday period (12 sessions in total)

Expected attendees: 15-30 teens per session.

Potential venues: Local community centers in consultation with the City of Marion

Must be no more than 200 words.

Benefits to City of Marion Young People (20%)

What percentage of your activity participants will be residents of the City of Marion?

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal.

As part of our registration process we will require an email address and postcode from each attendee. This will enable us to determine from which suburb they come from.

Must be no more than 200 words.

Alignment to Key Reports & Strategic Plan (15%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

Our "Breath of Life for Teens" workshop aligns with the City of Marion's Community Vision by creating a connected, inclusive space where young people feel supported in their mental and emotional well-being.

Health & Well-being (C3.1 & C3.2):

Teaches teens simple breathing techniques to manage stress, anxiety, and emotions.

Provides a safe, welcoming environment that reduces isolation and builds community connections.

Encourages intergenerational participation, strengthening family relationships.

Giving Young People the Best Start (C3.2):

Equips teens with lifelong skills to handle challenges with confidence.

Supports mental well-being, leading to better decision-making and resilience.

Delivered in partnership with the council at local venues, ensuring accessibility for all.

By empowering young people with tools for emotional resilience, our program helps build a stronger, healthier community.

Must be no more than 150 words.

Youth Specific Provider (15%)

Does your organisation have experience delivering youth specific activities aimed at young people between the ages of 12-25 years to address a current need? e.g.

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2008 From The Big. AL Foundation

Form Submitted 12 Mar 2025, 10:17AM ACDT

examples of previous youth activities delivered. How is your intended activity addressing a current youth need? *

Yes, our organisation has experience delivering youth-focused programs to support mental well-being.

We partnered with the City of Payneham/Norwood/St Peters to run Breath of Life for Teens and Little Breathers during the school holidays and Mental Health Week after being approached by the council.

We are also partnering with the City of Tea Tree Gully (TTG) to deliver Breath of Life for Teens and Little Breathers in their community from the July school holidays.

Our program addresses a growing need, with rising youth anxiety and mental health concerns. We provide practical breathing techniques to help young people manage stress, build resilience, and improve emotional well-being. Sessions create a safe, inclusive space that fosters connection, reduces isolation, and strengthens family and peer relationships. By equipping teens with lifelong tools for emotional regulation, we support their ability to navigate life's challenges with confidence.

Must be no more than 150 words.

Community Connection (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Bringing Young People Together:

- Our workshops create a safe space where teens can connect, helping them feel less alone in their struggles.
- Fun, interactive breathing activities encourage friendships and peer support.
- Sessions are run in local community venues, making them easy to access for everyone.

Involving Families & Different Generations:

- Parents, grandparents, and caregivers are welcome to join, strengthening family relationships.
- The shared experience helps teens and adults understand each other better.
- Everyone learns simple breathing tools they can use together at home.

Reducing Social Isolation:

- Group activities give young people a sense of belonging and support.
- Teens gain lifelong skills to help manage stress and anxiety in social settings.
- The workshops encourage ongoing community involvement, creating lasting connections beyond the sessions.

Must be no more than 150 words.

Inclusivity (10%)

Does your activity create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity as inclusive as possible for young people? e.g. reducing stigmas and barriers, activity is as inclusive as

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Form Submitted 12 Mar 2025, 10:17AM ACDT

possible (Council recognises particular activities may be implemented to support vulnerable young people and/or specific youth demographics). *

Open to Everyone:

- Our workshops welcome all young people, no matter their background, culture, or beliefs.
- Breathwork is something everyone can benefit from—it's simple, effective, and accessible to all.

Breaking Down Stigma & Barriers:

- We create a safe space where teens can talk about their mental and emotional well-being without fear or judgment.
- There's no pressure to share—everyone participates in a way that feels right for them.
- The focus is on practical tools that help with stress and anxiety, making it easier for young people to navigate life's challenges.

Making It Accessible & Supportive:

- The workshops are free or low-cost to ensure everyone can take part.
- We run sessions in local community spaces that are easy to get to.
- Parents, grandparents, and caregivers are welcome to join, strengthening connections between generations and creating a supportive environment for young people.

Must be no more than 150 words.

Enables Youth Engagement (10%)

Does your activity encourage opportunities for young people to lead or co-design phases within the activity? e.g. demonstrate opportunities for young people to be involved in planning and delivery. *

Encouraging Leadership & Participation:

- The workshop is structured but allows space for open discussions and shared experiences.
- Teens can step up to lead small group activities or demonstrate breathing techniques if they feel comfortable.
- Activities are interactive, giving participants a chance to explore how breathwork fits into their own lives.

Building Confidence & Connection:

- Group exercises encourage teamwork and peer support.
- Participants can share personal insights and strategies in a safe, supportive space.
- Flexibility within the sessions ensures engagement and relevance for everyone.

Fostering Ownership & Engagement:

- Teens are encouraged to take an active role in their own learning.
- Breathwork becomes more meaningful when they see how it applies to real-life challenges.
- The environment promotes self-expression, making young people feel heard and valued.

Must be no more than 150 words.

Promotes Positive Wellbeing for Young People (10%)

Demonstrate how your activity incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. * *

The Big AL Foundation was created after I lost my 21-year-old son to suicide. We are dedicated to giving young people tools to manage stress and emotions before they become

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2008 From The Big. AL Foundation

Form Submitted 12 Mar 2025, 10:17AM ACDT

overwhelming.

Anxiety and mental health struggles are rising among Australian youth. Mission Australia's Youth Survey 2023 found that 40% of young Australians report high anxiety, and 1 in 4 list mental health as their biggest concern. Suicide is the leading cause of death for Australians aged 15 to 44, with 3,200 lives lost in 2022—75% male.

Our "Breath of Life for Teens" workshop teaches simple breathing techniques that help teens feel calmer, more focused, and better able to handle stress. Breathwork lowers stress hormones, improves emotional regulation, and strengthens relationships.

By equipping teens with lifelong tools for well-being, we help create stronger, more resilient communities where young people feel supported and empowered.

Must be no more than 150 words.

Environmental Responsibility (5%)

Demonstrate how the activity/your organisation/club considers your environmental responsibility? e.g. Do you abide by the single use plastics legislation, avoid excessive waste, your organisation recycles and/or aims to reduce your carbon footprint. *

Our organisation is committed to environmental responsibility. We minimise waste by using reusable materials, limiting printing, and complying with single-use plastics legislation. Our breathwork workshops require no energy-intensive equipment, making them a low-impact, sustainable activity.

An interesting fact—our functional breathing techniques actually teach kids to breathe less, improving their ability to retain carbon dioxide in the body and reducing CO₂ exhaled into the atmosphere. Over breathing creates excessive CO₂.

We also prioritise local venues to reduce travel emissions. By promoting sustainable practices and mindful breathing, we contribute to both youth well-being and a healthier planet.

Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

- ☐ Philanthropic organisation
- ☐ Charity
- ☒ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

The South Adelaide Basketball Club (SABC) is committed to youth and community development through basketball. We provide programs that foster hard work, teamwork, and personal growth, helping young individuals develop discipline, leadership, and resilience skills. Our initiatives, such as the Mini Panthers program and elite skills clinics, engage youth of all ages in physical activity, social interaction, and skill development. We strive to create a positive, inclusive environment where players can reach their potential both on and off the court. We aim to empower the next generation through partnerships and community engagement and contribute to social cohesion.

Must be no more than 100 words.

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2018 From South Adelaide Basketball Club

Form Submitted 10 Mar 2025, 12:17PM ACDT

Anticipated start date *
01/07/2025

Anticipated end date
30/09/2025

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

The South Adelaide Basketball Club (SABC) will deliver a targeted resilience and mindset program for girls aged 10-17, supporting their growth both on and off the court. Partnering with Rise Above Adversity, we will run two x two-hour workshops designed to enhance mental resilience, confidence, and focus.

Workshops will cover:

- Mindset & Effort – Developing a growth mindset, reinforcing effort as a key to success.
- Authentic Confidence – Understanding their role, building self-belief, and trusting their abilities.
- Maximizing Potential via Focus – Teaching focus recovery techniques, stress management, and achieving "flow state" to optimize performance.

These sessions will empower approximately 60-80 girls, providing them with lifelong skills in resilience, self-confidence, and mental toughness. Workshops will be held at Mitchell Park Community Centre, fostering a supportive environment for learning and development.

By equipping our young female athletes with strategies to overcome adversity, we strengthen their ability to thrive in basketball and beyond. This initiative aligns with our broader commitment to developing strong, confident young women who contribute positively to their teams, community, and personal growth.

Must be no more than 200 words.

Benefits to City of Marion Young People (20%)

What percentage of your activity participants will be residents of the City of Marion?

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal.

To accurately identify the percentage of participants who are City of Marion residents or members of local clubs/organisations, we will utilise multiple data collection methods:

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2018 From South Adelaide Basketball Club

Form Submitted 10 Mar 2025, 12:17PM ACDT

Existing Membership Data —All South Adelaide Basketball Club participants are registered players. We will extract postcode information from our membership database to determine residency within the City of Marion.

Workshop Registration Forms – Participants will complete a registration form that captures key details, including home address, school attended, and club affiliation. This will allow us to cross-check residency and local club involvement.

Post-Workshop Survey – A brief post-event survey will confirm participant demographics and their connection to the City of Marion.

Club & Association Links – We will identify additional local club participants through existing partnerships with other sporting organisations in the area.

These methods will provide clear, evidence-based reporting in our post-activity acquittal, ensuring we meet funding requirements while demonstrating the program's impact within the City of Marion community.

Must be no more than 200 words.

Alignment to Key Reports & Strategic Plan (15%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

The South Adelaide Basketball Club's resilience and mindset workshops for is aimed at girls aged 12 to 17 align with the City of Marion's Strategic Plan 2024-2034, particularly with the themes of Community and Liveability.

Community: These workshops create an inclusive environment that promotes personal growth, resilience, and confidence among young female athletes. This initiative strengthens community connections and supports the development of empowered individuals who contribute positively to society.

Liveability: By hosting the workshops at local venues such as the Marion Basketball Stadium, we enhance the accessibility and appeal of public facilities. Providing safe and supportive spaces for youth activities encourages active lifestyles and community engagement, which contributes to the overall livability of the area.

Through these workshops, the club actively supports the City of Marion's vision of creating a liveable, sustainable community by investing in the well-being and development of its young residents.

Must be no more than 150 words.

Youth Specific Provider (15%)

Does your organisation have experience delivering youth specific activities aimed at young people between the ages of 12-25 years to address a current need? e.g. examples of previous youth activities delivered. How is your intended activity addressing a current youth need? *

We have extensive experience delivering youth-focused activities for ages 12-25. Our Saturday domestic competition (U8-U18) includes 300+ teams across 27 courts, with 20 in the Marion Council region. It offers affordable, fun, and non-competitive basketball for families. For the programme we are seeking funding for, All participants fall into the

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2018 From South Adelaide Basketball Club

Form Submitted 10 Mar 2025, 12:17PM ACDT

required age demographic of 12 to 25.

We also provide:

- Junior District Program – Competitive pathways for athletes under 18.
- Youth League (U23) – A bridge from junior to senior competition.
- Mini Panthers Program – An introductory program for young children.

To combat the high dropout rate of female athletes (12-17), we've developed resilience and mindset workshops. These workshops focus on growth mindset, authentic confidence, and focus management, equipping young female athletes with the tools to overcome challenges, stay engaged, and support their long-term development both on and off the court.

Must be no more than 150 words.

Community Connection (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

The workshops will significantly benefit the community by strengthening connections among young female athletes, their families, and the larger Marion community. These workshops provide a safe and supportive environment and help girls develop confidence, mental resilience, and focus. This, in turn, promotes social engagement and fosters lasting relationships.

As the girls collaborate, they strengthen their bonds with peers, coaches, and mentors, creating a sense of belonging and shared experience. For families, particularly parents, the workshops present a unique opportunity to engage in their children's development, thereby enhancing family dynamics and reducing social isolation.

By nurturing the growth of these young athletes, the workshops not only impact the individuals involved but also positively affect the broader community by promoting positive role models. They help create a resilience and emotional well-being culture beyond the basketball court. Ultimately, this initiative will strengthen intergenerational connections and foster a more cohesive and connected community.

Must be no more than 150 words.

Inclusivity (10%)

Does your activity create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity as inclusive as possible for young people? e.g. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable young people and/or specific youth demographics). *

The workshops will provide a safe and inclusive environment for young female athletes, including those from our district and domestic teams. These workshops cater to athletes from diverse backgrounds, cultures, and beliefs. They aim to reduce stigma and remove barriers, ensuring that all participants feel valued and supported regardless of their background or experience.

By emphasising a growth mindset, authentic confidence, and focus management, we empower girls to overcome challenges and embrace their unique strengths. The program

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2018 From South Adelaide Basketball Club

Form Submitted 10 Mar 2025, 12:17PM ACDT

promotes an environment where all young people, particularly those from vulnerable or marginalised groups, can thrive. This commitment to inclusivity extends to families, fostering a sense of belonging within the wider community and encouraging intergenerational connections.

The workshops will help eliminate barriers to participation, ensuring that every girl has the opportunity to engage, grow, and develop both on and off the court.

Must be no more than 150 words.

Enables Youth Engagement (10%)

Does your activity encourage opportunities for young people to lead or co-design phases within the activity? e.g. demonstrate opportunities for young people to be involved in planning and delivery. *

The workshops will actively encourage young female athletes to participate in the planning and delivery process. Participants will have the opportunity to share their ideas and provide feedback, helping to shape the content and focus areas of the sessions. We will invite athletes to discuss the challenges they face, allowing them to co-design elements of the workshops that directly address their needs. Additionally, selected athletes will be given leadership roles during the sessions, such as facilitating group discussions or supporting younger participants. This involvement in both planning and execution will empower them to take ownership of their development, build leadership skills, and enhance their sense of responsibility and confidence. By providing these opportunities for young people to lead, the workshops will foster a culture of collaboration, ownership, and self-empowerment, giving them a voice in their own growth and the direction of the program.

Must be no more than 150 words.

Promotes Positive Wellbeing for Young People (10%)

Demonstrate how your activity incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. * *

The workshops are designed to enhance young female athletes' mental health and well-being by promoting confidence, self-awareness, and resilience. Through activities that focus on developing a growth mindset, managing focus, and building authentic confidence, participants will acquire mental tools to navigate challenges both on and off the court, ultimately fostering emotional well-being.

These workshops also contribute to skill development beyond basketball, teaching essential life skills such as communication, leadership, and teamwork, which empower participants to create a well-rounded skill set.

In terms of physical training, the workshops will complement the athletes' existing basketball practice by promoting a balanced approach to performance. This approach emphasises mental and physical health alignment to improve focus and overall well-being.

Additionally, the workshops create a safe and inclusive environment where athletes from diverse backgrounds feel supported, fostering a sense of belonging and community. This holistic approach promotes positive mental, physical, and cultural health.

Must be no more than 150 words.

Environmental Responsibility (5%)

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2018 From South Adelaide Basketball Club

Form Submitted 10 Mar 2025, 12:17PM ACDT

Demonstrate how the activity/your organisation/club considers your environmental responsibility? e.g. Do you abide by the single use plastics legislation, avoid excessive waste, your organisation recycles and/or aims to reduce your carbon footprint. *

The workshops prioritise environmental responsibility by encouraging participants to bring their laptops or iPads, which helps reduce paper waste. Content is delivered using a projector and whiteboard, minimising the need for paper. We promote reusable water bottles and containers for participants and staff.

The club also advocates for recycling and waste reduction, ensuring that waste is correctly disposed of. We aim to reduce our carbon footprint by utilising local venues and minimising transportation emissions.

Through these sustainable practices, we seek to instil a sense of environmental responsibility in young athletes while benefiting the community and the planet.

Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

No files have been uploaded

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

After 8 young participants from the City of Marion successfully completed Flinders New Venture Institute's (NVI) Pre-Accelerator program in 2024, we would like to extend the scholarship to another 6 participants in 2025. The pre-accelerator aims to take a product or service from idea to market validation. The scholarship will provide 6 young people the opportunity to learn entrepreneurial skills that they can use to create a business to solve important issues affecting the community and create self-employment opportunities. The New Venture Institute program also offers sessions on future and technological skills, public speaking, and matches participants to mentors according to their specific needs. The program culminates with a final pitch event where participants present their ideas to their peers, academics, startup founders, and other members of the innovation ecosystem.

Must be no more than 200 words.

Benefits to City of Marion Young People (20%)

What percentage of your activity participants will be residents of the City of Marion?

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal.

As part of the application process, we have included 2 questions relevant to the City of Marion scholarship eligibility:

Year of Birth

Do you live, work, study or play in the City of Marion? Please provide details:

Other relevant question for all participants:

How will your project positively impact your community?

In addition, Flinders New Venture Institute is based at Tonsley Innovation District, and the program is held at Flinders University at Tonsley.

Must be no more than 200 words.

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2

Application No. YG24-25R2015 From Flinders University, New Venture Institute

Form Submitted 24 Feb 2025, 11:31AM ACDT

Alignment to Key Reports & Strategic Plan (15%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

Flinders University provides a friendly, welcoming and connected community, especially when connecting students, academics and startups at Tonsley Innovation District. The New Venture Institute has been known for playing an important role in the precinct, and we want to make it even more inclusive for young aspiring entrepreneurs. In terms of sustainability, Flinders University has become the first organisation in the world to earn a coveted Gold rating under the newly released version 3 of the international Sustainability Tracking, Assessment & Rating System, or STARS.

Must be no more than 150 words.

Youth Specific Provider (15%)

Does your organisation have experience delivering youth specific activities aimed at young people between the ages of 12-25 years to address a current need? e.g. examples of previous youth activities delivered. How is your intended activity addressing a current youth need? *

Flinders New Venture Institute (NVI) has been successful in previous grant rounds, providing 23 Venture Dorm scholarships to young people from the City of Marion. NVI has also been engaged in a range of programs involving young people, such as the Be a Job Maker program, specifically targeted at disengaged youths and our on-going program deliveries in innovation and entrepreneurship to high school students both within and external to the City of Marion.

Must be no more than 150 words.

Community Connection (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

The pre-accelerator program will provide them with the knowledge and mindset to create innovative business to solve these problems, while creating employment opportunities for themselves and potentially others.

The solutions that they potentially create for their community will foster a sense of belonging as their contributions could directly impact them and their community. At the very least, these programs will expose them to opportunities to learn how to innovate and be provided with the skills to pitch their ideas and to work with mentors, local start-ups and businesses.

Must be no more than 150 words.

Inclusivity (10%)

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2

Application No. YG24-25R2015 From Flinders University, New Venture Institute

Form Submitted 24 Feb 2025, 11:31AM ACDT

Does your activity create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity as inclusive as possible for young people? e.g. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable young people and/or specific youth demographics). *

NVI's programs are student-focused, and the pre-accelerator program is open to all young people aged 18-25 from the City of Marion. Our mentors and facilitators have experience in engaging with students of all backgrounds.

At Flinders we embrace and celebrate diversity and encourage applications from Aboriginal and Torres Strait Islander peoples, and people of all ages, ethnicities, abilities, sexual orientations, and gender identities. We value and respect the social, cultural and linguistic diversity of our community and encourage inclusive practices in order to provide an environment that is creative, innovative, flexible and productive.

Must be no more than 150 words.

Enables Youth Engagement (10%)

Does your activity encourage opportunities for young people to lead or co-design phases within the activity? e.g. demonstrate opportunities for young people to be involved in planning and delivery. *

Many of our previous participants are young entrepreneurs or students who are now involved as mentors or guest speakers of our programs. Flinders New Venture Institute also employs students, who are at the centre of our program and engagement strategies. We also utilise feedback forms to constantly improve our programs.

Must be no more than 150 words.

Promotes Positive Wellbeing for Young People (10%)

Demonstrate how your activity incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. * *

The Pre-Accelerator program promotes skill and capability building in entrepreneurship, networking engagements, public speaking, confidence building and a platform to achieve self-employment. Participants will develop highly desirable skill identified by employers and industry for the future workforce. Previous young participants have also demonstrated social wellbeing, increasing their connections with the community.

Must be no more than 150 words.

Environmental Responsibility (5%)

Demonstrate how the activity/your organisation/club considers your environmental responsibility? e.g. Do you abide by the single use plastics legislation, avoid excessive waste, your organisation recycles and/or aims to reduce your carbon footprint. *

Flinders New Venture Institute follows the Flinders 2030 Sustainability Strategy. Flinders University has become the first organisation in the world to earn a coveted Gold rating under the newly released version 3 of the international Sustainability Tracking, Assessment & Rating System, or STARS.

All of our programs will be facilitated through web-based platform, significantly reducing the need for paper.

Any paper that will be used will be recycled.

Budget (Section 3)

This table must only include the amounts and items you are requesting from the City of Marion for the purposes of this grant.

Your budget must include GST if your organisation is registered for GST.

Expenditure item description	Expenditure item type	Amount	Any additional information
What is the grant being spent on		Must be a whole dollar amount (no cents).	
Scholarships	Project activity *	\$6,567.00	Scholarship fees for a minimum of 6 participants

Any additional information relating to the budget you would like to include?
6 x scholarship fees of \$995 + GST each

Funds requested from the City of Marion (automatically calculated from table above).

Youth Grants 2024-2025 Round 2
Youth Grant Application 2024/25 R2
Application No. YG24-25R2015 From Flinders University, New Venture Institute

Form Submitted 24 Feb 2025, 11:31AM ACDT

\$6,567.00

This number/amount is calculated.

In-kind Support and/or Financial Contribution (5%)

What, if any, additional in-kind or financial contribution to the overall activity cost will your organisation provide? e.g. provide facilitators, volunteers program venues, printing, marketing, resources, equipment etc. (Volunteer hours calculated at \$XX) Will this activity receive funding from any other sources e.g. donations, other grants.

Type of in-kind support or financial contribution	Amount (can be estimated)	Any additional information
Program administration	\$12,000.00	
Mentor sessions	\$10,800.00	

In-kind support and/or financial contribution Total (automatically calculated from table above).

22800

This number/amount is calculated.

Overall Activity Cost (automatically calculated).

\$29,367.00

This number/amount is calculated.

Quotes

For the application to be eligible, any costs over \$1000 requires two quotes. *

Filename: 2024 Venture Dorm - Brochure.pdf

File size: 772.2 kB

Attach/upload all required quotes here.

Partial funding

Could your activity proceed with partial funding? *

☒ Yes ☐ No

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2

Application No. YG24-25R2015 From Flinders University, New Venture Institute

Form Submitted 24 Feb 2025, 11:31AM ACDT

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your activity to proceed? *

\$5,473.00

Must be a dollar amount.

How would this change the delivery of your activity? Please note if an amount is not provided, we will assume you cannot proceed with partial funding. *

Less participants would mean less engagement and fewer opportunities for shared experiences, but we would proceed with some partial scholarships from NVI instead, for people who don't necessarily meet the criteria of City of Marion's Youth Grant.

Application No. YG24-25R2011 From Adelaide Cricket Club

Form Submitted 11 Mar 2025, 9:12PM ACDT

30/09/2025

Anticipated end date

31/03/2026

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

We would like to continue our Junior Girls Cricket Academy for girls living or playing in the Marion Council area. This Academy will provide opportunities for girls from ages 12-18 years of age, and potentially younger. There is an inequity in the opportunities provided for girls when comparing to boys for traditional boy dominate sports such as Cricket, AFL and Soccer to name a few.

Boys have multiple competitions at premier grade cricket level (SACA), community cricket and school competitions. We would like to work with schools and community clubs in the Marion zone to develop an academy that increase participation but also helps retain young girls in cricket, by providing them more opportunities.

The Junior Girls Academy originally set up in 2022 and it worked so well that 5 players from the academy were selected as part of the South Australian State 12 and under team that competed in the national championships in November 2024.

Must be no more than 200 words.

Benefits to City of Marion Young People (20%)

What percentage of your activity participants will be residents of the City of Marion?

- ☐ 80% or more
- ☒ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal.

This is only an estimate as we have sent out flyers for junior female academy trials to schools and community clubs within our cricket zone which is similar to the City of Marion boundary. Not sure if they all reside in the City of Marion zone but 80% or more either play school cricket or community cricket in the City of Marion zone. Most players will graduate to Adelaide Cricket Club under 15, Under 18 and senior sides which play and train at Glandore.

We will identify whether participants either live, go to school or play for community or for SACA premier grade clubs in the City of Marion zone using details from the registration form for the trials.

Must be no more than 200 words.

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2011 From Adelaide Cricket Club

Form Submitted 11 Mar 2025, 9:12PM ACDT

Alignment to Key Reports & Strategic Plan (15%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

Our Junior Female Academy aligns to several of the strategic directions of the city of Marion. The academy from a liveable direction will provide a safe environment with accredited coaches all with working with children clearances, utilising the cricket nets and our oval at Glandore.

Players involved in our academy will be from schools and community clubs within the City of Marion zone and we would like to build connections with these groups. One of the main objectives of the academy is to be inclusive of females and provide opportunities, to girls from all backgrounds and cultures.

This academy will benefit the communities and schools in the City of Marion and will deliver a high quality and an inexpensive service to young girls to provide them a pathway from community to premier grade, state and international levels.

Must be no more than 150 words.

Youth Specific Provider (15%)

Does your organisation have experience delivering youth specific activities aimed at young people between the ages of 12-25 years to address a current need? e.g. examples of previous youth activities delivered. How is your intended activity addressing a current youth need? *

This grant application is for the continuation of a junior female academy building its success so far, which produced 5 State under 12 players. The coaches involved in the academy coach Adelaide Cricket Club under 15 and under 18 girl teams and have coached junior cricket at state level for both female and male underage teams.

This experienced coaching and familiarity with junior girl's academy are the main reason we have had success. Senior women players are also involved in the coaching providing mentoring and additional coaching for these young players.

Must be no more than 150 words.

Community Connection (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

Connection: The Adelaide Junior Girls academy will provide a pathway for young girls from school, community cricket before advancing to premier grade cricket, state and the international cricket. Building connection between all the clubs to work together for the common cause of improving opportunities for young girls in the Marion zone. This is an unique opportunity to support young girls by providing opportunities that is not available in other council areas.

Participation: Sporting clubs like Adelaide Cricket Club can provide places where people in the community can come together to play sport, build friendships and connections with

Youth Grants 2024-2025 Round 2

Application No. YG24-25R2011 From Adelaide Cricket Club

Form Submitted 11 Mar 2025, 9:12PM ACDT

other people in the community, in a family friendly environment.

We have invited the local community to attend our Women & Girls in Cricket Day and other events to build that connection to the community.

Must be no more than 150 words.

Inclusivity (10%)

Does your activity create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity as inclusive as possible for young people? e.g. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable young people and/or specific youth demographics). *

The objectives of the Academy is to address inequality and access to opportunities for girls which directly align with the Equity, Access and Social Inclusion Policy or the Council. As well as providing equal opportunities for girls through the Academy, we have already successfully integrated a women's program into our club, and work hard at making our club an inclusive environment where women and girls are treated as equals, under our "One Club" Mantra.

Must be no more than 150 words.

Enables Youth Engagement (10%)

Does your activity encourage opportunities for young people to lead or co-design phases within the activity? e.g. demonstrate opportunities for young people to be involved in planning and delivery. *

Our lead coach encourages the young players to take ownership of tasks including warmups, training drills and each player is involved in helping other players in their practice drills. They are also encouraged to provide support and discuss things with each other providing them with confidence to think about their cricket and ask relevant questions about ways to improve. The older players lead by example for the younger players and are mentors to the younger players.

Must be no more than 150 words.

Promotes Positive Wellbeing for Young People (10%)

Demonstrate how your activity incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. * *

The Academy will help young girls improve their skills and to develop into better cricketers and being sport based it will also help with physical health and fitness of young girls in our community. Adelaide cricket club provides a safe environment where young girls can come together, support each other and learn about cricket, while learning some life skills such as teamwork, practising and working hard to get better at something. All coaches have working with children and police clearances before we allow them to coach.

We have a Child and Member Protection Officer on our Adelaide Cricket Club management committee.

Must be no more than 150 words.

Environmental Responsibility (5%)

Youth Grants 2024-2025 Round 2

Partial funding

Could your activity proceed with partial funding? *

☒ Yes ☐ No

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your activity to proceed? *

\$3,000.00

Must be a dollar amount.

How would this change the delivery of your activity? Please note if an amount is not provided, we will assume you cannot proceed with partial funding. *

If we had less funding, it would mean that we would have to charge each girl subscriptions to participate in the Academy. As stated previously, cost is a barrier for girls to participate in sport and especially cricket which has a large equipment cost for players including bats, pads, gloves, helmets etc.

Further information

Attach any additional information that may be relevant to your application.

or

Any further information that may be relevant to your application.

Through our Women and Girls in cricket day we celebrate and promote females involved in cricket including players, past or present, coaches and administrators, which bring all premier grade clubs together in a promotion of female sport.

We aim to be the leaders in female cricket with Women and Girls in Cricket day, rolling pitches of girls, honour board for top run scorers, wicket takers and overall best player.

NOTE

I have provided two Profit and Loss statements, year end 31 May 2023 (Profit) and Year End 31 May 2024. The Profit and Loss Y/E 31 May 2024 had a large one off cost of \$28,000 for the cost for new roller for pitch preparation

Youth Grants Review Card			
Organisation Name	The Gold Foundation Incorporated	Project	Uni Ready Program
Project Description	The Uni Ready Program is a 10-week program designed for autistic people under 30 years old who are considering university studies in the following year. Facilitators will support students to plan and prepare for university by providing information, building key skills, and fostering confidence. The Program format will resemble how learning is done at universities, giving our students a taste of what to expect. The Uni Ready Program will have up to 10 participants per instance (maximum 50 over the life of the project). It will be targeted at City of Marion residents aged 16 and over who are on the Autism Spectrum.		
Funds Requested	\$10,000	Total Project Amount	\$12,369
Matrix Criteria		Maximum Score	Average Score
Benefits CoM <i>Demonstrates participation by CoM young people at an 80/20 ratio or higher.</i>		20	20.00
Alignment to Strategic Plan / Community Vision <i>Strength of alignment in relevant areas e.g. engaged, liveable.</i>		15	10.00
Youth Specific Provider <i>Does applicant have experience delivering youth specific programs or is the application from a specific sector developing a program aimed at young people to address current needs.</i>		15	8.33
Community Connection <i>Addresses social isolation, increases opportunity for social connectedness, neighbourhood or intergenerational connection.</i>		10	7.78
Inclusivity <i>Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces and encourages cultural harmony.</i>		10	7.78
Youth Engagement <i>Demonstrates awareness and opportunity for young people to co-design, be involved in planning/delivery of project.</i>		10	4.44
Health and Wellbeing <i>Addresses issues affecting health and wellbeing of young people. Consider mental health, physical health, skill development, cultural wellbeing.</i>		10	5.56
In-Kind Support <i>Level of applicant contribution to total project cost e.g.: facility, facilitators and/or resources.</i>		5	1.11
Environmental Responsibility <i>Application indicates current or intended progress towards an increased environmental responsibility e.g. organisational policies and practices in place.</i>		5	2.78
Total		100	
FINAL SCORE		67.78	
Previous Funding Consideration	Applicant has not been funded by Community Grants or Youth Grants in previous four rounds.		
Partial Funding Consideration	Could proceed with partial funding of \$5000 with to deliver 2 instances of Uni Ready program. Would reduce advertising, reporting and evaluation.		
Participant Fee Consideration	\$1290 per person which may be discounted - applicant could not give a clear determination of what fee would look like if they received grant.		
General Considerations	Upon further discussion with applicant, program appears to lack structure and detail. Costs in budget appear high. Quotes provided from Gold Foundation indicate they are the only facilitators, but reviewers wary of inexperience in area. Anecdotal evidence of positive outcomes. Organisation keen to build program around Marion residents, however reviewers unsure there will be sufficient participants that fit the niche criteria of the program.		

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2001 From The Gold Foundation Incorporated

Form Submitted 11 Mar 2025, 12:37PM ACDT

Unincorporated organisations applying for a grant must be auspiced by an incorporated organisation. If you are not incorporated and not auspiced you are not eligible to apply for this grant.

Will your group or organisation be auspiced for the purposes of this grant? *

☐ Yes ☒ No

Activity details

*** indicates a required field**

What type of not-for-profit organisation are you? *

- ☐ Community group
- ☒ General not-for-profit
- ☐ Volunteer association
- ☐ Religious or faith-based institution
- ☐ Educational Institution
- ☐ Philanthropic organisation
- ☐ Charity
- ☐ Sports/Recreation Club
- ☐ Other:

Please choose the option that best applies to your organisation.

What is your organisation's purpose or vision? *

Gold Foundation is a non-profit organisation supporting young people on the Autism Spectrum and their families. Our mission is simple: connect young people on the Autism Spectrum to the world around them and empower them through the discovery and unlocking of their individual strengths. We want young people to be proud of who they are, go above and beyond, stand tall, be inspired and feel like they belong. For over 17 years, Gold Foundation has provided a holistic service with a variety of workshops, seminars, and programs, including social skills programs and groups, life skills programs, and numerous fun events.

Must be no more than 100 words.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☐ Yes ☒ No

Activity title: *

Uni Ready Program

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion: *

Anticipated start date *

01/08/2025

Anticipated end date

31/08/2026

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

Gold Foundation is eager for the City of Marion to fund its Uni Ready Program. The Uni Ready Program is a 10-week program designed for autistic people under 30 years old who are considering university studies in the following year.

Our expert Facilitators will support students to plan and prepare for university by providing valuable information, building key foundational skills, and fostering the confidence required to overcome challenges. The Program format will resemble how learning is done at universities, giving our students a taste of what to expect.

Students will be able to make informed decisions about which study options and entry pathways are best for them. Facilitators will assist students to start preparing for university early to ease their transition, setting themselves up for success. Students will also receive information and advice from university support staff and current autistic university students.

The Uni Ready Program will have up to 10 participants per instance (maximum 50 over the life of the project). It will be targeted at City of Marion residents aged 16 and over who are on the Autism Spectrum. The Uni Ready Program's core goal is to encourage participants to set and make progress on education skills development.

Must be no more than 200 words.

Benefits to City of Marion Young People (20%)

What percentage of your activity participants will be residents of the City of Marion?

- ☒ 80% or more
☐ 70% - 80%

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2001 From The Gold Foundation Incorporated

Form Submitted 11 Mar 2025, 12:37PM ACDT

- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal.

Currently, Gold Foundation has 42 registered members who live in the City of Marion. Gold Foundation collects street address details as part of its member registration process, and we will target these residents specifically as part of the advertising process. We will look to create a custom 10-week Uni Ready program specifically for City of Marion residents and target these residents to enrol as well as offer a 50% discount off the program fee as an incentive. We can also promote City of Marion as they key sponsor of the program during the advertising process to these 42 registered members.

Must be no more than 200 words.

Alignment to Key Reports & Strategic Plan (15%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

Community C2.4 - The Uni Ready Program supports the local business community by encouraging new opportunities, connections, information, education and advocacy for young autistic people. Young autistic people who participate in the Program will be more likely to complete tertiary studies, thereby enhancing their employment prospects in the local community. This benefits local businesses in that they can leverage the unique skills and talents offered by young autistic people. More generally, young autistic people will be given opportunities for the best start in their adult lives via strengthened support networks and targeted initiatives facilitated by Gold Foundation (C3.2). Additionally, the Program will equip young autistic people with the essential skills to become active citizens and have meaningful opportunities to shape the city's future (C4.3). Moreover, the Program creates innovative and inclusive opportunities for local residents to contribute positively to the community by volunteering with Gold Foundation.

Must be no more than 150 words.

Youth Specific Provider (15%)

Does your organisation have experience delivering youth specific activities aimed at young people between the ages of 12-25 years to address a current need? e.g. examples of previous youth activities delivered. How is your intended activity addressing a current youth need? *

Yes; this is the core target demographic of Gold Foundation's services. Gold Foundation was founded in 2007 by Angela Pangallo OAM when her son was diagnosed in 2007 with what was then called Asperger Syndrome. At the time of diagnosis, she was told that there were no programs or dedicated centres available. Gold Foundation delivered a successful pilot social skills training program in 2008. It has since expanded to deliver the following programs and services:

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2001 From The Gold Foundation Incorporated

Form Submitted 11 Mar 2025, 12:37PM ACDT

- Youth Group (ages 12-17)
- Not So Youth Group (ages 18-30)
- Dungeons & Dragons Program delivered in collaboration with Heavenly Game Masters (ages 14+).
- Cooking Connection cooking program (ages 13-17)
- Work Skills Program in collaboration with HITsa Training and Employment (ages 16+)
- Healthy Relationships Program (ages 12-17).
- 'What's the Buzz?' by Mark Lemessurier and Madhavi Nawana Parker.
- Events for young autistic people aged 12-25.

Must be no more than 150 words.

Community Connection (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

The project promotes connections between neighbours, young autistic people, and the diverse range of individuals with whom they will interact throughout their adult lives. The Uni Ready Program will create localised opportunities for young autistic people to advance their educational goals, improving long-term productivity outcomes for both participants and the wider community. By enhancing the capacity of young autistic people to contribute to their local community, the Program will create new opportunities for positive interactions between young autistic people and their neurotypical peers. This will eliminate barriers to community participation typically experienced by young autistic people. In turn, the Program will enhance the City of Marion's social cohesion, with young autistic people integrating into the mainstream community in their own unique way. Making young autistic people a part of the mainstream community, and harnessing their unique skills and talents, will also enhance the City of Marion's social progress.

Must be no more than 150 words.

Inclusivity (10%)

Does your activity create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity as inclusive as possible for young people? e.g. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable young people and/or specific youth demographics). *

People living with a disability: The Uni Ready Program is designed specifically to train young autistic people, who will benefit from explicit teaching of skills that may otherwise come naturally to neurotypicals.

Culturally and linguistically diverse: A number of Gold Foundation members identify as culturally and linguistically diverse and will be considered as part of Gold Foundation's engagement with possible participants.

First Nations: A number of Gold Foundation members have a First Nations identity. First Nations identity will be considered as part of The Gold Foundation's engagement with possible participants. More generally, Gold Foundation is eager to support young autistic people who also have a First Nations identity — a demographic that it believes has hitherto

Youth Grants 2024-2025 Round 2
Youth Grant Application 2024/25 R2 (Version 2 of 2)
Application No. YG24-25R2001 From The Gold Foundation Incorporated
 Form Submitted 11 Mar 2025, 12:37PM ACDT

been overlooked.

LGBTIQAA+: Gold Foundation experiences a particularly high incidence of LGBTIQAA+ identities in clients, who will be considered as part of Gold Foundation's engagement with possible participants.

Must be no more than 150 words.

Enables Youth Engagement (10%)

Does your activity encourage opportunities for young people to lead or co-design phases within the activity? e.g. demonstrate opportunities for young people to be involved in planning and delivery. *

Yes. Young autistic people will play the lead role in designing and developing the Uni Ready Program in collaboration with Gold Foundation's Lead Facilitator and Community Director. Specifically, they will be able to participate in the Program's steering committee. As part of its existing accountability obligations and commitment to continuous improvement in service delivery, Gold Foundation will solicit feedback from participants on the outcomes achieved by the Program, for consideration by the steering committee. Broadly, Gold Foundation's objective is to ensure that participants in the Program have ample opportunities to both participate in the content of the Program itself in addition to the outcomes it achieves for them, their families, their peers, and the wider community. Each year, young autistic people participate in a review of the Program's content to ensure that it remains relevant and useful to future cohorts (for example, to address new degree offerings).

Must be no more than 150 words.

Promotes Positive Wellbeing for Young People (10%)

Demonstrate how your activity incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. * *

The immediate outcome for young autistic people is the expansion of services available to them within the City of Marion.

In regards to medium-term and long-term outcomes, Gold Foundation anticipates that 75% of participants will, as a result of completing the Program:

- report being able to set and make progress on education skills development
- report greater social and community participation
- report greater capacity to cope with university life
- report that they have greater opportunities for the future

Additionally, Gold Foundation anticipates that at least 65% of participants will pursue a tertiary education or employment pathway as a result of completing the Program.

Gold Foundation anticipates that families or peers of at least 75% of participants will report improved behaviour and better mental wellbeing in participants as a result of the Program.

Outcomes will be measured using surveys provided to participants and select peers and family members.

Must be no more than 150 words.

Environmental Responsibility (5%)

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2001 From The Gold Foundation Incorporated

Form Submitted 11 Mar 2025, 12:37PM ACDT

Demonstrate how the activity/your organisation/club considers your environmental responsibility? e.g. Do you abide by the single use plastics legislation, avoid excessive waste, your organisation recycles and/or aims to reduce your carbon footprint. *
Gold Foundation's centre-based activities are powered mostly by photovoltaic rooftop solar energy.
Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).
No files have been uploaded

Budget

* indicates a required field

Budget (Section 3)

This table must only include the amounts and items you are requesting from the City of Marion for the purposes of this grant.

Your budget must include GST if your organisation is registered for GST.

Has your organisation received any financial contributions or in-kind support from the City of Marion in the past 2 financial years? e.g. may include subsidised rent, funding agreements, one off support payments. *

☐ Yes ☒ No

Activity title: *

Youth Leadership through Education

Provide a name for your project/program/initiative. Your title should be short but descriptive.

Total funds being requested from the City of Marion: *

\$10,000.00

Must be a dollar amount.

Is there a participant fee for your activity? *

☐ Yes ☒ No

Anticipated start date *

01/07/2025

Youth Grants 2024-2025 Round 2**Youth Grant Application 2024/25 R2 (Version 2 of 2)****Application No. YG24-25R2017 From PLYMPTON SPORTING AND RECREATION CLUB INC**

Form Submitted 11 Mar 2025, 5:53PM ACDT

Anticipated end date

01/12/2025

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

The Plympton Sport and Social Club Junior Leadership Programme is aimed at improving leadership for our 245 sporting participants aged 12 to 25 by way of developing skills and strategies with a focus on wellbeing, resilience and leadership.

It is our vision to have to face to face mentoring sessions once a week for six months so that our juniors may develop into strong pillars of our community by way of assisting them in making positive personal choices which will result in being more confident about themselves and able to tackle challenges that school, work and life in general throws at them.

Must be no more than 200 words.

Benefits to City of Marion Young People (20%)

What percentage of your activity participants will be residents of the City of Marion?

- ☒ 80% or more
☐ 70% - 80%
☐ 60% - 70%
☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal.

We monitor the home address post codes of all our participants

Must be no more than 200 words.

Alignment to Key Reports & Strategic Plan (15%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

A youth leadership program aligns with the City of Marion's Strategic Plan by fostering active community engagement, promoting inclusion, and empowering the next generation of leaders. By developing young people's leadership skills, the program supports the vision of a vibrant, inclusive community that values participation and growth. The City of Marion's plan emphasizes fostering social connections and enhancing the well-being of all

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2017 From PLYMPTON SPORTING AND RECREATION CLUB INC

Form Submitted 11 Mar 2025, 5:53PM ACDT

its residents, and the youth leadership program serves as a platform for young people to contribute to their community's development. It encourages innovation, collaboration, and civic responsibility, directly reflecting the city's goal of creating a future where all members can thrive and shape their community. This initiative supports the plan's commitment to sustainability, diversity, and opportunity, equipping youth with the tools to make a lasting impact in Marion.

Must be no more than 150 words.

Youth Specific Provider (15%)

Does your organisation have experience delivering youth specific activities aimed at young people between the ages of 12-25 years to address a current need? e.g. examples of previous youth activities delivered. How is your intended activity addressing a current youth need? *

The Plympton Sports and Recreation Club via the Plympton Football Club, Plympton Cricket Club and Plympton Soccer Club has collective extensive experience in delivering youth-specific activities, offering a comprehensive junior pathway for both boys and girls. The club emphasizes player development within a community-focused environment.

In 2022, the Football club was honored as the SANFL Juniors Club of the Year, reflecting its commitment to nurturing young talent and all three clubs are recognised for facilitating and supporting youth engagement in sports.

Our intended Youth Leadership through Education is seeking to address the need for junior sports people to show leadership by way of actions and deeds.

Must be no more than 150 words.

Community Connection (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

A youth leadership program fosters community connection and intergenerational participation by creating spaces for mutual mentorship, knowledge exchange, and collaboration. Through joint projects we envisage our youth will work alongside older generations, learning valuable life skills while contributing fresh perspectives.

This strengthens bonds and promotes understanding between generations. The program encourages youth to take leadership roles in community activities, building shared civic pride with older community members. Intergenerational dialogue is further enhanced by shared cultural and historical exchanges, where both groups can learn from each other. By fostering empathy, communication, and cooperation, the program bridges generational gaps, creating a cohesive and engaged community where everyone's voice is valued and heard.

Must be no more than 150 words.

Inclusivity (10%)

Does your activity create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity as inclusive as possible for young people? e.g. reducing stigmas and barriers, activity is as inclusive as

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2017 From PLYMPTON SPORTING AND RECREATION CLUB INC

Form Submitted 11 Mar 2025, 5:53PM ACDT

possible (Council recognises particular activities may be implemented to support vulnerable young people and/or specific youth demographics). *

Yes, a well-designed youth leadership activity can create a safe, inclusive space for young people from diverse backgrounds, cultures, and beliefs. By promoting respect, empathy, and open dialogue, such activities can reduce stigmas and barriers, ensuring that all youth feel welcomed and valued. Our inclusive program plans to incorporate specific strategies, such as cultural sensitivity training, anti-bullying policies, and accessible spaces, to support participants from various demographics. For vulnerable youth or those with specific needs, tailored initiatives, like mentorship, targeted support, or additional resources, can be implemented to ensure equal participation.

Planned activities that celebrate diversity, promote understanding, and encourage collaboration can help young people learn from each other's experiences, fostering a sense of belonging. By prioritizing inclusivity, these programs not only build leadership skills but also contribute to a stronger, more connected community.

Must be no more than 150 words.

Enables Youth Engagement (10%)

Does your activity encourage opportunities for young people to lead or co-design phases within the activity? e.g. demonstrate opportunities for young people to be involved in planning and delivery. *

Our youth leadership activity is designed to encourage opportunities for young people to lead or co-design different phases of the activity. This will could involve allowing youth to be actively involved in the planning process, decision making and even the delivery of certain aspects of the program.

It is planned for our young participants to help identify key topics or themes for the activity, create agendas, organize events, or take on leadership roles during group discussions and projects. By providing these opportunities, young people not only develop their leadership and organisational skills but also gain a sense of ownership and responsibility for the program's success.

Co-designing the activity empowers youth to contribute their ideas and perspectives, making the experience more meaningful and reflective of their needs and interests. This collaborative approach helps ensure that the program is relevant, engaging, and impactful for participants.

Must be no more than 150 words.

Promotes Positive Wellbeing for Young People (10%)

Demonstrate how your activity incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. * *

A youth leadership activity incorporates positive well-being by addressing aspects of young people's health and development with activities designed to promote emotional intelligence, resilience, and stress management.

Skill Development: Focusing on personal development through leadership training, communication skills, and teamwork builds self-confidence by way of providing opportunities to take on roles that fosters a sense of accomplishment and empowerment.

Physical Health: Incorporating physical activities such as our three sporting programmes, helps reduce stress and promotes a healthy lifestyle.

Physical engagement through sport builds team spirit and boosts energy levels, contributing

Youth Grants 2024-2025 Round 2**Youth Grant Application 2024/25 R2 (Version 2 of 2)****Application No. YG24-25R2017 From PLYMPTON SPORTING AND RECREATION CLUB INC**

Form Submitted 11 Mar 2025, 5:53PM ACDT

to overall well-being.

Cultural Well-being: By celebrating diverse cultural backgrounds through activities like cultural exchanges including Welcome to Country, young people can connect with their heritage and appreciate others, fostering a sense of belonging and respect for diversity.

By addressing these key areas, the activity supports holistic well-being, ensuring young people grow in a balanced and positive environment.

Must be no more than 150 words.

Environmental Responsibility (5%)

Demonstrate how the activity/your organisation/club considers your environmental responsibility? e.g. Do you abide by the single use plastics legislation, avoid excessive waste, your organisation recycles and/or aims to reduce your carbon footprint. *

The Plympton Sporting & Recreation Club is committed to environmental responsibility through several initiatives:

Waste Reduction: The club actively works to minimize waste by reducing single-use plastics and promoting recycling practices.

Energy Efficiency: Efforts are made to reduce energy consumption, contributing to a lower carbon footprint.

Sustainable Practices: The club implements sustainable practices in its operations, aligning with environmental responsibility goals.

These initiatives reflect the club's dedication to environmental stewardship and sustainable community engagement.

Must be no more than 100 words.

Declaration and Feedback

*** indicates a required field**

Declaration

This section must be completed by an appropriately authorised person on behalf of the applicant organisation (may be different to the contact person listed earlier in this application form).

Terms and conditions of funding are as follows:

- The funds provided will be used only for the approved activities as detailed in the grant application. If this condition is not met, you will be required to return total funding received to the City of Marion.
- Applicant will seek council's written approval to progress if there are any changes to the activities.
- Complete the activity within twelve months of receiving the funding.
- Applicants will be required to complete an acquittal form online. The form is due within one month of the completion of the activity.
- Evidence of expenditure is required – **all receipts must be attached to the acquittal.**
- Unspent funds are required to be returned to the City of Marion.
- Applicants will be responsible for obtaining any relevant approvals including, use of council land, road closures, development consents/building approval and/or permissions from land property owners before the commencement of the activity.
- Meet and adhere to all relevant screening and insurance requirements set by state and commonwealth legislation.
- Acknowledge the City of Marion in all promotional matters relating to the funded activity. The City of Marion will also have the right to independently promote the activities/events.
- It is the responsibility of the applicant/sponsoring body to indemnify and keep indemnified the City of Marion, its employees and agents, against all actions, costs and claims.
- Successful City of Marion grant recipients are required to adhere to the current SA Government's Single-use and Other Plastic Products (Waste Avoidance) Act 2020. For further information, please visit replacethewaste.sa.gov.au.

I declare the statements made within this application are true and correct, and I understand that if this funding is approved, we will be required to accept the terms and conditions of the grant as outlined above.

Youth Grant Application 2024/25 R2 (Version 2 of 2)

Application No. YG24-25R2010 From PLYMPTON LITTLE ATHLETICS CENTRE

Form Submitted 12 Mar 2025, 8:44AM ACDT

Anticipated start date *
12/10/2025

Anticipated end date
22/03/2026

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

As the 2025 Marion Sports Team of the Year, the Plympton Flyers Little Athletics Club seeks this Youth Grant to replace an old, well used high jump mat with loose side pieces.

With our membership growing to over 300 youth athletes, the new secure mat will serve the community youth at weekly meets, attracting and retaining athletes while enhancing skills, confidence, safety and connection.

High jump is a popular event at Little Athletics, however it is by far the most time consuming event, with each athlete having 3 attempts at each height. With our increased numbers we are finding that some groups are skipping high jump because it takes too long. An additional mat would assist with splitting up age groups to run quicker. Furthermore, having an additional mat can help with splitting the groups based on ability, which helps the confidence of our athletes considerably. We also observe that our athletes generally under perform on the older deteriorated mat.

The new high jump mat will be a full size mat, used by age groups U11 to U17. The mat will last many years, meaning that our younger athletes will also use it when they get to those age groups.

Must be no more than 200 words.

Benefits to City of Marion Young People (20%)

What percentage of your activity participants will be residents of the City of Marion?

- ☒ 80% or more
- ☐ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal.

Using existing membership details we have confirmed participants residency via ResultsHQ registration postcodes and approximately 92% of members live in a City of Marion postcode.

Must be no more than 200 words.

Alignment to Key Reports & Strategic Plan (15%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

The 'Marion High Flyers' aligns with the Strategic Plan 2024-2034's 'Liveable' and 'Community' themes. We have referenced against the priority numbers within the Strategic Plan to help demonstrate outcomes.

A new high jump mat replaces an old, deteriorating one, ensuring a 'safe and accessible' facility (L1.3) for our U11-17 youth, offering 'recreation opportunities' (L2.2) at our fun meets.

Serving 92% Marion residents, our volunteer-run club builds 'vibrant, welcoming' connections. Having sufficient equipment to support our growing numbers enables us to cater to athletes of all skill levels (C1.1).

Our membership data demonstrates sustained and significant growth in members, the majority of which are City of Marion residents. The data indicates that investment in our club has a direct and meaningful impact to health and wellbeing in our community (C3.1).

Promoting youth led high jump coaching delivers the 'best start in life' (C3.2), enhancing skills and confidence.

Must be no more than 150 words.

Youth Specific Provider (15%)

Does your organisation have experience delivering youth specific activities aimed at young people between the ages of 12-25 years to address a current need? e.g. examples of previous youth activities delivered. How is your intended activity addressing a current youth need? *

Plympton Flyers Little Athletics Club, with 40 years' experience, exists to deliver age-appropriate athletics programs for U4-U17 through weekly meets and 'Come and Try' sessions at Hamilton Secondary College.

Membership tripled from 82 to 300+ in 8 seasons, reflecting excellent governance and being an athletics club of choice for families in the City of Marion.

We have had in excess of 450 youths in the community come through our club this season to either 'Come and Try' trial or register for a season membership.

The 'Marion High Flyers' mat addresses a current need—replacing a well-used, outdated mat, allowing quality training, attracting and retaining 12-17 year olds.

Must be no more than 150 words.

Community Connection (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

The 'Marion High Flyers' activity boosts 'vibrant, welcoming' connections (C1.1) with a new

high jump mat, uniting the communities youth, families and volunteers around one of the most popular athletic events at weekly meets.

Our all volunteer community reduces isolation (C2.2) through participation in shared athletics programs and also provides opportunities to socialise during and after a meet. Volunteering participation includes coaching and officiating, event helpers, canteen and BBQ helpers.

We increase intergenerational bonds by our parent members volunteering and supporting our youth (C4.4).

Our community recently held a 40 year celebration meet where previous committee members and presidents visited the club and were appreciated as foundation members, many now retired with grand children athletes at the club.

Must be no more than 150 words.

Inclusivity (10%)

Does your activity create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity as inclusive as possible for young people? e.g. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable young people and/or specific youth demographics). *

Athletics unites our diverse community across many cultures. Everyone is valued because they are different and unique. A new high jump mat will create a safe space for our U11-17 youth.

We offer free 'Come and Try' sessions and shared equipment to remove cost barriers.

Our volunteer coaches adjust bar heights or use flexi bars, ensuring Multi-Class athletes and all abilities can participate in High Jump at our weekly meets.

Everyone can participate and have fun, achieve and learn new skills.

Must be no more than 150 words.

Enables Youth Engagement (10%)

Does your activity encourage opportunities for young people to lead or co-design phases within the activity? e.g. demonstrate opportunities for young people to be involved in planning and delivery. *

Starting from the U11 age group the athletes are allowed to learn and perform the "Fosbury Flop" jump technique.

Plympton Flyers actively promotes and encourages our older athletes to take on the opportunity to coach at weekly meets and training sessions.

Older athletes teach the U11s the Fosbury Flop, sharing learnt skills through instruction and demonstration to build confidence and competency. They set bar heights, co-plan training sessions and lead warm-ups. This also strengthens and shapes the future of the club.

Must be no more than 150 words.

Promotes Positive Wellbeing for Young People (10%)

Demonstrate how your activity incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. * *

Plympton Little Athletics club exists for the wellbeing of young people guided by our 'Family,

Fun & Fitness’ mantra.
The high jump event is both a physical, fun and mentally challenging event.
Physical health builds through active, fun athletics meets which includes the High Jump.
Skill development grows as U11s learn the Fosbury Flop from peers and volunteer coaches.
Mental health lifts with a welcoming, encouraging community. Overcoming challenges such as building the courage to throw yourself over a high bar with the Fosbury Flop technique and a setting a new personal best height is uplifting for the participant, cheering peers and volunteers.
Cultural wellbeing grows as the new high jump mat treats all youth equally. Our club culture celebrates every successful jump regardless of ability or background.
Must be no more than 150 words.

Environmental Responsibility (5%)

Demonstrate how the activity/your organisation/club considers your environmental responsibility? e.g. Do you abide by the single use plastics legislation, avoid excessive waste, your organisation recycles and/or aims to reduce your carbon footprint. *
Plympton Flyers selects a Glenthams brand high jump mat, durable for 20+ years, reducing replacement waste.
At home meets, we avoid single-use plastics, using paper cups, napkins and plates and recycle 10c deposit cans/bottles. We harvest rainwater for cleaning and use the rainwater with eco-friendly line marking paint for our track and field event markings.
Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

Applicant Feedback

Before you review your application and click the **SUBMIT** button please take a few moments to provide some feedback.

Please indicate how you found the online application process:

☒ Very easy ☐ Easy ☐ Neutral ☐ Difficult ☐ Very difficult

How did you find out about this grant program

☒ Previous applicant ☐ Social media ☐ Visiting City of Marion venue ☐ Word of mouth
☐ Coast FM ad ☐ Other:

Please provide us with your suggestions about any improvements and/or additions to the application process/form that we can consider. Include any barriers or challenges you have experienced.

I found the application process to be very simple and the portal easy to use.

However it was difficult to convey a reasonable level of response within the word limit for each item, especially demonstrating alignment with the Strategic Plan within 150 words. Another say 250 words per category would have been helpful, but not essential.

Youth Grants Review Card			
Organisation Name	The Cove Football Club Incorporated	Project	Australian Rules Football Goal Post Pads
Project Description	Purchase of a set of protective goal post pads for use by the junior Australian Rules Football teams.		
Funds Requested	\$5270	Total Project Amount	\$6250
Matrix Criteria		Maximum Score	Average Score
Benefits CoM <i>Demonstrates participation by CoM young people at an 80/20 ratio or higher.</i>		20	13.33
Alignment to Strategic Plan / Community Vision <i>Strength of alignment in relevant areas e.g. engaged, liveable.</i>		15	11.67
Youth Specific Provider <i>Does applicant have experience delivering youth specific programs or is the application from a specific sector developing a program aimed at young people to address current needs.</i>		15	8.33
Community Connection <i>Addresses social isolation, increases opportunity for social connectedness, neighbourhood or intergenerational connection.</i>		10	5.56
Inclusivity <i>Open to broader community but mindful of specific targeted demographics for some activities/projects. Creates safe spaces and encourages cultural harmony.</i>		10	6.67
Youth Engagement <i>Demonstrates awareness and opportunity for young people to co-design, be involved in planning/delivery of project.</i>		10	3.33
Health and Wellbeing <i>Addresses issues affecting health and wellbeing of young people. Consider mental health, physical health, skill development, cultural wellbeing.</i>		10	5.56
In-Kind Support <i>Level of applicant contribution to total project cost e.g.: facility, facilitators and/or resources.</i>		5	1.67
Environmental Responsibility <i>Application indicates current or intended progress towards an increased environmental responsibility e.g. organisational policies and practices in place.</i>		5	2.78
Total		100	
FINAL SCORE		58.90	

Previous Funding Consideration	The applicant has received: \$3000 from Community Grants (Round 2, 2022-23) for Indigenous Guerneys, Balls and Equipment.
Partial Funding Consideration	Could proceed with partial funding of \$3413 with removal of club branding on the pads, or \$4341 with branding and reduce number of pads from 8 to 4.
Participant Fee Consideration	Club membership fee \$250 p.a.
General Considerations	The benefit is to whole of club, not just 12-25's.

Youth Grants 2024-2025 Round 2
Youth Grant Application 2024/25 R2
Application No. YG24-25R2009 From The Cove Football Club Incorporated

Application No. YG24-25R2009 From The Cove Football Club Incorporated

Form Submitted 24 Feb 2025, 6:35PM ACDT

What is the participant fee per person? *

\$250.00

Must be a dollar amount.

Additional information regarding participant fee:

Participant fees range from \$250 for minis players, up to \$450 for senior males competition.

Anticipated start date *

01/07/2025

Anticipated end date

01/07/2099

The timeline for Council's final decision making to award funding is approximately 5 months from the grant round closing date. Applicants should consider this timeline. Please enter a date, even if unconfirmed.

Please provide a brief summary of your activity. Be descriptive, but succinct. Include a brief summary of who this activity will benefit, what you will do e.g. the activities you will perform, what outcomes are expected, number of workshops, expected number of attendees, potential venue etc. *

The Cove Football Club (the club) seeks funding to purchase a set of protective goal post pads for use by the junior Australian Rules Football teams.

The primary beneficiaries of the project are the youth at the Cove Football Club, as well as youth from visiting teams and the broader community who use the facilities. The protective goal post pads are essential for ensuring the safety of players during matches and training sessions. Currently, the club has one set of goal post pads, which are used on the upper oval. A second set of goal post pads will enable both the upper and lower ovals to be utilised safely at the same time.

The expected outcomes of the goal post pads are enhanced safety for players by reducing the risk of injury from collisions with goal posts; improved game experience for players and spectators; increased confidence among parents and guardians regarding the safety of their children participating in Australian Rules football; and strengthened community engagement and support for local sports.

Must be no more than 200 words.

Benefits to City of Marion Young People (20%)

What percentage of your activity participants will be residents of the City of Marion?

- ☐ 80% or more
- ☒ 70% - 80%
- ☐ 60% - 70%
- ☐ 59% or less

Consider and explain how you will identify this percentage of participants that are City of Marion residents and/or members of local clubs/organisations participating within your activity. e.g. Utilising information from registration

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2

Application No. YG24-25R2009 From The Cove Football Club Incorporated

Form Submitted 24 Feb 2025, 6:35PM ACDT

forms, postcodes recorded, using existing participant membership details etc. The percentage of City of Marion residents will need to be evidenced in your post activity report/acquittal.

To accurately identify the percentage of participants who are City of Marion residents, Cove Football Club utilises Player HQ system registration forms. The forms capture detailed information, including residential addresses and postcodes. By generating reports from Player HQ, the club can determine an accurate number of players residing within the City of Marion.

Based 2024 registrations, 303 out of 434 total participants (approximately 70%) reside in the City of Marion Local Government Area. It is expected that the significant majority of players at the Cove Football Club will continue to be City of Marion residents in 2025. The club will provide a post-activity report showing evidence the exact percentage of City of Marion residents participating at the club in the 2025 season.

Must be no more than 200 words.

Alignment to Key Reports & Strategic Plan (15%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

How does your activity align with one or more of the City of Marion's Strategic Plan (Community Vision) themes? e.g. liveable, sustainable, community. Demonstrate alignment to relevant themes only, response does not need to address all themes. *

The Cove Football Club's activity aligns with the City of Marion's Strategic Plan through the following themes:

Community:

- Safety: Installing protective AFL post pads ensures player safety, reducing injury risks.
- Engagement: Encourages community participation, fostering a sense of belonging among players, families, and spectators.
- Youth Development: Provides opportunities for young players to develop Australian rules football skills and engage with positive role models.

Liveable:

- Facility Improvement: Enhances the quality and safety of sports facilities, making them more enjoyable for community use.
- Active Lifestyles: Provides a safe environment for sports, encouraging residents to lead active, healthy lifestyles.

Sustainable:

- Long-term Investment: Durable materials ensure longevity and reduce the need for frequent replacements.
- Asset Maintenance: Preserves community sports facilities, ensuring their good condition for future generations.

By aligning with these themes, we support the City of Marion's vision for a liveable, sustainable, and connected community.

Must be no more than 150 words.

Youth Specific Provider (15%)

Does your organisation have experience delivering youth specific activities aimed at young people between the ages of 12-25 years to address a current need? e.g.

Youth Grants 2024-2025 Round 2 **Youth Grant Application 2024/25 R2** **Application No. YG24-25R2009 From The Cove Football Club Incorporated** Form Submitted 24 Feb 2025, 6:35PM ACDT

examples of previous youth activities delivered. How is your intended activity addressing a current youth need? *

The Cove Football Club has extensive experience delivering youth specific programs. Based on 2024 registration data, 229 out of 434 total participants (approximately 53%) will be aged between 12-25 years in 2025.

Our youth development programs focus on skill-building, teamwork, and sportsmanship. These programs engage young people and help to develop their football and personal skills.

The club has developed a positive and nurturing environment for young players by building a supportive community; being inclusive; managing player well being; and developing leadership skills. Youth leadership development includes goal setting, communication and team leadership.

The installation of protective goal post pads will address the current need for a safer playing environment. By ensuring the safety of young footballers, we encourage greater participation in sports, promote physical fitness, and provide a safe place for youth development. This aligns with our goal of fostering a positive and inclusive community for young people.

Must be no more than 150 words.

Community Connection (10%)

Refer to the [City of Marion's Strategic Plan 2024-2034](#).

Describe how your activity increases community connection and participation, neighbourhood and/or intergenerational connection and/or reduces social isolation. *

The Cove Football Club's activity aligns with the City of Marion's Strategic Plan 2024-2034 by increasing community connection and participation, fostering neighbourhood and intergenerational relationships, and reducing social isolation. By installing protective goal post pads, we ensure a safe environment for players of all ages, encouraging greater participation in sports. Our youth development program brings together diverse age groups, promoting intergenerational interaction and mentorship. Through community events and matches, we create opportunities for families and neighbours to connect, fostering a sense of belonging and shared identity. These activities help reduce social isolation by providing regular, inclusive gatherings where community members can engage, support each other, and build lasting relationships. Our efforts contribute to a liveable, sustainable, and connected community in line with the City of Marion's vision.

Must be no more than 150 words.

Inclusivity (10%)

Does your activity create a safe space for young people from diverse backgrounds, cultures and beliefs? Is your activity as inclusive as possible for young people? e.g. reducing stigmas and barriers, activity is as inclusive as possible (Council recognises particular activities may be implemented to support vulnerable young people and/or specific youth demographics). *

The Cove Football Club creates a safe and inclusive space for young people from diverse backgrounds, cultures, and beliefs. We promote diversity and inclusion by welcoming participants from all backgrounds and celebrating cultural differences.

Our programs are designed to be accessible to all skill levels and abilities, ensuring everyone feels valued. Our programs support vulnerable young people, addressing

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2

Application No. YG24-25R2009 From The Cove Football Club Incorporated

Form Submitted 24 Feb 2025, 6:35PM ACDT

their needs through mentorship and personal development opportunities. By prioritising inclusivity and safety, we ensure that all young people have the opportunity to participate in Australian rules football.

The Cove Football Club complies with the South Australian Football League Safeguarding Children and Young People Club Procedure and anti-discrimination policies.
Must be no more than 150 words.

Enables Youth Engagement (10%)

Does your activity encourage opportunities for young people to lead or co-design phases within the activity? e.g. demonstrate opportunities for young people to be involved in planning and delivery. *

The Cove Football Club actively encourages young people to lead and co-design phases of the football and player development process.

We offer youth leadership roles, such as team captains and junior mentors, empowering them to take responsibility and guide their peers. Young members are invited to join planning committees for events and activities, contributing their ideas and perspectives. Older youth assist coaches during training sessions, gaining valuable experience and playing a role in the football program delivery. We also regularly seek input from young members through feedback, ensuring their voices are heard in decision-making processes.

By involving young people in planning and delivery of the football program, we empower them to take ownership of their development and create a more engaging and inclusive club environment.

Must be no more than 150 words.

Promotes Positive Wellbeing for Young People (10%)

Demonstrate how your activity incorporates positive wellbeing for young people considering each of (but not limited to) the following factors: mental health, skill development, physical health and/or cultural wellbeing. * *

The Cove Football Club's activities foster positive wellbeing for young people by addressing key factors:

Mental Health:

- Supportive Environment: We create an inclusive space where young people feel valued and supported.
- Mentorship: Coaches and senior players provide guidance, helping build resilience.

Skill Development:

- Australian rules football training: Focus on developing skills such as kicking, handballing, and teamwork.
- Leadership Roles: Opportunities for young players to enhance decision-making and communication skills.

Physical Health:

- Regular Exercise: Training sessions and matches ensure young people stay active.
- Safe Practices: Protective AFL post pads reduce injury risks.

Cultural Wellbeing:

- Diverse Participation: Welcoming participants from all backgrounds, celebrating cultural differences.
- Community Engagement: Involvement in the club fosters a sense of belonging and shared

Youth Grants 2024-2025 Round 2

Youth Grant Application 2024/25 R2

Form Submitted 24 Feb 2025, 6:35PM ACDT

identity.
These elements collectively promote the wellbeing of young people in our community.
Must be no more than 150 words.

Environmental Responsibility (5%)

Demonstrate how the activity/your organisation/club considers your environmental responsibility? e.g. Do you abide by the single use plastics legislation, avoid excessive waste, your organisation recycles and/or aims to reduce your carbon footprint. *

The Cove Football Club is committed to environmental responsibility. We adhere to single-use plastics legislation by minimising the use of disposable items and promoting sustainable alternatives. We actively recycle cans and encourage recycling among our members and visitors. Additionally, we are committed to reducing our environmental and social impact. Our efforts contribute to a more sustainable community.
Must be no more than 100 words.

Does your organisation have environmental policies or practices in place, please upload here (not compulsory).

Partial funding

Could your activity proceed with partial funding? *

☒ Yes ☐ No

If partially funded, what is the minimum amount of funding from the City of Marion that would allow your activity to proceed? *

\$3,413.30

Must be a dollar amount.

How would this change the delivery of your activity? Please note if an amount is not provided, we will assume you cannot proceed with partial funding. *

Not having club branding on the goal post pads would have minimal impact on the delivery of our activity. While the digital printing of club branding will enhance the club's visibility, plain white pads will still fulfill the primary purpose of ensuring player safety and reducing injury risks. The core functionality and safety aspect of the pads remain unaffected. However, the club branding could provide additional benefits by promoting club identity, fostering a sense of pride among players and supporters, and potentially attract sponsorship opportunities. Alternatively, the club could reduce the number of branded goal posts pads from eight to four, for a cost of \$4,341.70. Overall, while plain pads are entirely functional, club branding on the goal post pads add value through enhanced branding and community engagement.

Any further information that may be relevant to your application.

The Cove Football Club plays a significant role in the local community, particularly for youth aged 12 - 25 in the City of Marion Local Government Area. Our club serves as a vital hub for social interaction, physical activity, and community engagement. By providing a safe and inclusive environment for young people and individuals of all ages and backgrounds, we promote healthy lifestyles and foster a sense of belonging.

Our activities not only support the physical and mental well-being of our members but also contribute to the overall social cohesion of the community. We pride ourselves on our commitment to inclusivity, sustainability, and youth development, which align with the City of Marion's Strategic Plan 2024-2034.

Your support will enable us to continue offering these valuable programs and ensure the long-term sustainability of our club's positive impact on the community.
