

His Worship the Mayor  
Councillors  
CITY OF MARION

## NOTICE OF GENERAL COUNCIL MEETING

Council Chamber, Council Administration Centre  
245 Sturt Road, Sturt

Tuesday, 26 March 2019 06:30 PM

The CEO hereby gives Notice pursuant to the provisions under Section 83 of the Local Government Act 1999 that a General Council meeting will be held

A copy of the Agenda for this meeting is attached in accordance with Section 83 of the Act.

Meetings of the Council are open to the public and interested members of this community are welcome to attend. Access to the Council Chamber is via the main entrance to the Administration Centre on Sturt Road, Sturt.

Adrian Skull  
Chief Executive Officer

Mayor - Kris Hanna, Councillor - Ian Crossland, Councillor - Tim Gard, Councillor - Jason Veliskou, Councillor - Bruce Hull, Councillor - Nathan Prior, Councillor - Raelene Telfer, Councillor - Luke Hutchinson, Councillor - Tim Pfeiffer, Councillor - Kendra Clancy, Councillor - Maggie Duncan, Councillor - Matthew Shilling, Councillor - Joseph Masika

**DATE:**

Tuesday, 12 March, 2019

**VENUE:**

Council Chamber, Administration Centre, 245 Sturt Road, Sturt

**IN ATTENDANCE**

Chief Executive Officer - Adrian Skull  
General Manager Corporate Services - Vincent Mifsud  
General Manager City Services - Tony Lines  
General Manager City Development - Abby Dickson  
Manager Corporate Governance – Kate McKenzie  
Acting Quality Governance Coordinator – Victoria Moritz

**OPEN MEETING**

The Mayor opened the meeting at 6.30 pm, Tuesday 12 March 2019

**KAURNA ACKNOWLEDGEMENT**

We acknowledge the Kaurna people, the traditional custodians of this land and pay our respects to their elders past and present.

**DISCLOSURE**

All persons in attendance are advised that the audio of this General Council meeting will be recorded and will be made available on the City of Marion website.

**ELECTED MEMBER'S DECLARATION OF INTEREST (if any)**

The Chair asked if any Member wished to disclose an interest in relation to any item being considered at the meeting.

The following declaration was declared:

- Councillor Pfeiffer declared an actual conflict of interest in the item *Election of GAROC Representatives GC190312R07.*)

**CONFIRMATION OF MINUTES**

**Confirmation of the minutes for the General Council Meeting held on 26 February 2019**

**Report Reference:** GC190312R01

**Moved Councillor - Luke Hutchinson**

**Seconded Councillor - Maggie Duncan**

That the minutes of the General Council Meeting held on 26 February 2019 be taken as read and confirmed.

**Carried Unanimously**

**COMMUNICATIONS - Nil****ADJOURNED ITEMS - Nil****DEPUTATIONS**

A deputation request was received from Ms Laura Galdes on behalf of residents in relation to the item *Outcome of Business Case - 262 Sturt Road, Marion*. The request was denied on the grounds that there would be a more opportune time for such a deputation to be heard.

**PETITIONS - Nil**

**COMMITTEE RECOMMENDATIONS****Moved Councillor - Raelene Telfer****Seconded Councillor - Maggie Duncan**

That the following items be moved en bloc:

- Confirmation of the Minutes of the Finance and Audit Committee Meeting held on 26 February 2019 (GC190312R02)
- Confirmation of the Minutes of the Review and Selection Committee Meeting held on 5 March 2019 (GC190312R03)

**Carried Unanimously****Confirmation of the Minutes from the Finance and Audit Committee Meeting held on 26 February 2019.****Report Reference:** GC190312R02**Moved Councillor - Raelene Telfer****Seconded Councillor - Maggie Duncan**

That Council:

1. Receives and notes the minutes of the Finance and Audit Committee of 26 February 2019 (Appendix 1)
2. Notes that separate reports will be brought to Council for consideration of any recommendations from the Finance and Audit Committee.

Councillor Hull sought and was granted leave of the meeting to include in the minutes the comments regarding his concern of the accuracy of the Finance and Audit Committee minutes in relation to the Elected Members Report. It was noted that precise wording of significant resolutions should be used to ensure it is a literal reflection of the resolutions of Council.

**Carried Unanimously**

**Confirmation of the Minutes of the Review and Selection Committee Meeting - 5 March 2019****Report Reference:** GC190312R03**Moved Councillor - Raelene Telfer****Seconded Councillor - Maggie Duncan**

That Council:

1. Receives and notes the minutes of the Review and Selection Committee meeting of 5 March 2019 (Appendix 1).
2. Notes that separate reports will be brought to Council for consideration of any recommendations from the Review and Selection Committee.

**Carried Unanimously****CONFIDENTIAL ITEMS****Confirmation of Confidential Minutes of the Finance & Audit Committee Meeting held on 26 February 2019.****Report Reference:** GC190312F01**Moved Councillor - Matthew Shilling****Seconded Councillor - Raelene Telfer**

That:

1. Pursuant to Section 90(2) and (3)(b)(i)(ii) and (d)(i)(ii) of the *Local Government Act 1999*, the Council orders that all persons present, with the exception of the following persons: Adrian Skull, Vincent Mifsud, Abby Dickson, Craig Clarke, Tony Lines, Kate McKenzie, Ray Barnwell, and Victoria Moritz be excluded from the meeting as the Council receives and considers information relating to the Waste Services Tender, upon the basis that the Council is satisfied that the requirement for the meeting to be conducted in a place open to the public has been outweighed by the need to keep consideration of the matter confidential given the information contains commercial information that would on balance, be contrary to the public interest.

**Carried Unanimously**

6.41 pm the meeting went into confidence

**Moved Councillor - Luke Hutchinson****Seconded Councillor - Matthew Shilling**

That Council:

1. Receives and notes the confidential minutes of the Finance and Audit Committee of 26 February 2019 (Appendix 1).
2. Notes that separate reports will be brought to Council for consideration of any recommendations from the Finance and Audit Committee.
3. In accordance with Section 91(7) and (9) of the Local Government Act 1999 the Council orders that this report, Confirmation of confidential minutes of the Finance and Audit Committee meeting held on 26 February 2019 and any appendices arising from this report having been considered in confidence under Section 90(2) and (3)(b) and (d) of the Act, except when required to effect or comply with the Council's resolution(s) regarding this matter, be kept confidential and not available for public inspection for a period of 12 months from the date of this meeting. This confidentiality order will be reviewed at the General Council Meeting in December 2019.

**Carried Unanimously**

7.02pm the meeting came out of confidence

**S48 Prudential Management Review - Waste Services****Report Reference:** GC190312F02**Moved Councillor - Tim Pfeiffer****Seconded Councillor - Nathan Prior**

1. That pursuant to Section 90(2) and (3)(b)(i)(ii) and (d)(i)(ii) of the *Local Government Act 1999*, the Council orders that all persons present, with the exception of the following persons: Adrian Skull, Vincent Mifsud, Abby Dickson, Tony Lines, Kate McKenzie, Craig Clarke, Ray Barnwell, and Victoria Moritz be excluded from the meeting as the Council receives and considers information relating to the Waste Services Tender, upon the basis that the Council is satisfied that the requirement for the meeting to be conducted in a place open to the public has been outweighed by the need to keep consideration of the matter confidential given the information contains commercial information that would on balance, be contrary to the public interest.

**Carried Unanimously**

7.02 pm the meeting went into confidence

**Moved Councillor - Luke Hutchinson****Seconded Councillor - Matthew Shilling**

1. In accordance with Section 91(7) and (9) of the Local Government Act 1999 the Council orders that this report, S48 Prudential Management Review - Waste Services, any appendices and the minutes arising from this report having been considered in confidence under Section 90(2) and (3)(b) and (d) of the Act, except when required to effect or comply with the Council's resolution(s) regarding this matter, be kept confidential and not available for public inspection for a period of 12 months from the date of this meeting. This confidentiality order will be reviewed at the General Council Meeting in December 2019.

**Carried Unanimously**

7.03pm the meeting came out of confidence

**Outcome of Business Case - 262 Sturt Road, Marion****Report Reference:** GC190312F03**Moved Councillor - Jason Veliskou****Seconded Councillor - Tim Pfeiffer**

That:

1. Pursuant to Section 90(2) 3 (b)(i) and (ii) of the *Local Government Act 1999*, the Council orders that all persons present, with the exception of the following persons: Adrian Skull, Abby Dickson Tony Lines, Vincent Mifsud, Kate McKenzie, Greg Salmon, Carla Zub, Craig Clarke and Victoria Moritz, be excluded from the meeting as the Council receives and considers information relating to the report *Outcome of Business Case - 262 Sturt Road, Marion*, upon the basis that the Council is satisfied that the requirement for the meeting to be conducted in a place open to the public has been outweighed by the need to keep consideration of the matter confidential relating to matters pertaining to commercial operations of a confidential nature, the disclosure of which could reasonably be expected to prejudice the commercial position of the person who supplied the information and could reasonably be expected to confer a commercial advantage on a person with whom the council is conducting, or proposing to conduct, business, or prejudice the commercial position of the council.

**Carried Unanimously**

7.03pm the meeting went into confidence

**Moved Councillor - Raelene Telfer****Seconded Councillor - Tim Pfeiffer**

That Council:

1. Notes this report and the submission from Cruachan Investments Pty Ltd (known as Ice Rinks Adelaide) attached as Appendix One to this report.
2. Considers the business case from Cruachan Investments Pty Ltd, noting the shortcomings of information provided by the Cruachan Investments Pty Ltd and resolves to cease the Expression of Interest process for the land at 262 Sturt Road, Marion.
3. In accordance with Section 91(7) and (9) of the Local Government Act 1999 the Council orders that the minutes and the 'Executive Summary' of the council report (except for the last paragraph) *Outcome of the Business Case - 262 Sturt Road, Marion GC120319*, having been considered in confidence under Section 90(2) 3(b)(i) and (ii) of the Act, except when required to effect and comply with Council's resolution(s) regarding this matter, be kept confidential and not available for public inspection until 5pm on Thursday, 14 March 2019.
4. In accordance with Section 91(7) and (9) of the Local Government Act 1999 the Council orders that the appendices and the report except for the Executive Summary of the report (except for the last paragraph, which is to remain confidential) to the item "*Outcome of the Business Case - 262 Sturt Road, Marion*" GC120319, remain confidential having been considered in confidence under Section 90(2) 3(b)(i) and (ii) of the Act, except when required to effect or comply with Council's resolution(s) regarding this matter, be kept confidential and not available for public inspection for a period of 12 months from the date of this meeting. This confidentiality order will be reviewed at the General Council Meeting in December 2019.

**Carried Unanimously**

7.32pm the meeting came out of confidence

## **Cover Report - Morphetville Park Sports Club Redevelopment - Approval to call Tenders for construction**

**Report Reference:** GC190312F04

**Moved Councillor - Jason Veliskou**

**Seconded Councillor - Kendra Clancy**

That:

1. Pursuant to Section 90(2) 3(d)(i) and (ii) of the *Local Government Act 1999*, the Council orders that all persons present, with the exception of the following persons: Adrian Skull, Abby Dickson Tony Lines, Vincent Mifsud, Kate McKenzie, Craig Clarke, Greg Salmon, Carla Zub, Craig Clarke and Victoria Moritz, be excluded from the meeting as the Council receives and considers information relating to the report *Morphettville Park Sports Club Redevelopment - Approval to Call Tenders for Construction*, upon the basis that the Council is satisfied that the requirement for the meeting to be conducted in a place open to the public has been outweighed by the need to keep consideration of the matter confidential relating to matters pertaining to commercial operations of a confidential nature, the disclosure of which could reasonably be expected to prejudice the commercial position of the person who supplied the information and could reasonably be expected to confer a commercial advantage on a person with whom the council is conducting, or proposing to conduct, business, or prejudice the commercial position of the council.

**Carried Unanimously**

7.33pm the meeting went into confidence

**Moved Councillor - Jason Veliskou**

**Seconded Councillor - Kendra Clancy**

That Council:

1. Notes this report.
2. Endorses the developed design for the Morphetville Park Sports Club Redevelopment attached as appendix 1 to this report.
3. Approves the undertaking of call for tender for a lead construction contractor to deliver the Morphetville Park Sports Club redevelopment.
4. Approves the Chief Executive Officer to execute and award the lead construction contractor to deliver the project, should the preferred tender price be within the approved budget of \$3.473 million.
5. In accordance with Section 91(7) and (9) of the Local Government Act 1999 the Council orders that this report and appendices, Morphetville Park Sports Club - Approval to Call Tenders for Construction, having been considered in confidence under Section 90(2)3 (b)(i) and (ii) of the Act, except when required to effect or comply with Council's resolution(s) regarding this matter, be kept confidential and not available for public inspection for a period of 12 months from the date of this meeting. This confidentiality order will be reviewed at the General Council Meeting in December 2019.

**Carried**

7.33pm the meeting came out of confidence

**CORPORATE REPORTS FOR DECISION****RSL Car Park and Drainage Upgrades****Report Reference:** GC190312R04**Moved Councillor - Raelene Telfer****Seconded Councillor - Ian Crossland**

That Council:

1. Notes this report
2. Notes the immediate works to be undertaken to be funded within the existing 2018/19 budget.
3. Endorses that this upgrade comes into the City Property Strategic Asset Management Plan
4. Continues to seek environmental solutions such as watering grass, water storage, detention tanks and pervious paving to mitigate against the cost of this car park and drainage upgrade.

**Carried Unanimously****Tonsley Greenway - Celtic Avenue to Daws Road****Report Reference:** GC190312R05**Moved Councillor - Raelene Telfer****Seconded Councillor - Tim Pfeiffer**

That Council:

1. Notes the report.
2. Notes that the possible western alignment through the rear of the Hamilton Secondary College is not achievable, as the College is not supportive.
3. Authorises the Mayor to write to the Minister for Transport requesting the provision of a pedestrian rail crossing at the north end of the Tonsley precinct to enable the continuation of the Tonsley Greenway.
4. Notes a further report will be presented to Council should the Minister of Transport commit to providing a pedestrian rail crossing at the northern end of the Tonsley precinct.

**PROCEDURAL MOTION****Moved Councillor - Bruce Hull****Seconded Councillor - Ian Crossland**

That:

1. This item *Tonsley Greenway - Celtic Avenue to Daws Road (GC190312R05)* be deferred until the General Council Meeting to be held on 23 April 2019.

That Council:

1. Amend the Streetscape Policy and Verge Guidelines to include the ability for property owners to apply to install artificial turf treatments to council verges and that the purchase, installation and maintenance being at the property owner's cost.
2. An appropriate application and acknowledgement form be developed to ensure that it is the responsibility of the property owner to maintain the treatment; to avoid trip hazards, and that where services are accessed by council or utility providers, council will not be liable for reinstatement, and it will be the property owner's responsibility to reinstate the treatment.

**PROCEDURAL MOTION****Moved Councillor - Joseph Masika****Seconded Councillor - Jason Veliskou**

That:

1. This item *Amendment to Streetscape Policy and Verge Guidelines (GC190312M07)* be deferred until the General Council Meeting on 23 April 2019.

The vote was tied  
The Mayor made a casting vote and voted in favour of the motion  
**Carried**

**QUESTIONS WITH NOTICE****External recruitment expenditure for last 2 years****Elected Member:** Councillor Luke Hutchinson**Report Reference:** GC190312Q01**Question:**

1. Can staff please advise council how much money has been spent on external recruitment over the last 2 years - including all non-overhead/internal costs.

**Supporting Information:**

Nil

**Response Received From:** Manager Human Resources - Steph Roberts

Attached in Appendix 1 (to the report) is an overview of the recruitment costs (plus other incidental costs in relation to advertising, screenings and pre-employment medicals) for the previous two full financial years plus year to date.

The increase in recruitment costs in the 2017/18 financial year was due to the recruitment of a significant number of roles resulting from the 2017 organisational restructure. A decision was made in the 2018/19 financial year to reduce the reliance on full service recruitment agencies, resulting in a reduction in the recruitment costs to Council.

With regards to non-overhead/internal costs relating to recruitment, these costs are not captured against each recruitment assignment, however there is an associated significant investment of staff and management time. There are a number of variables which make it difficult to cost internal aspects of the recruitment process, such as:

1. The level of work conducted by agencies compared to internal resource requirements (which differs with each recruitment assignment/external agency service agreement) and;
2. Differing pay levels of employees on recruitment panels

**MOTIONS WITHOUT NOTICE - Nil**

**QUESTIONS WITHOUT NOTICE - Nil**

**OTHER BUSINESS – Nil**

**MEETING CLOSURE**

Council shall conclude on or before 9.30pm unless there is a specific motion adopted at the meeting to continue beyond that time.

**MEETING CLOSURE** - Meeting Declared Closed at 9.30 pm on Tuesday 12 March 2019

**CONFIRMED THIS 12 FEBRUARY 2019**

**COMMENTS:**

Ms Liddy and Ms Raymond have requested a 5 minute deputation to Council regarding the Petition "*Bandon Terrace Reserve upgrade.*"

## PETITIONS

### Marion Cultural Centre

<b>Originating Officer</b>	Manager City Activation - Greg Salmon
<b>Corporate Manager</b>	Manager City Activation - Greg Salmon
<b>General Manager</b>	General Manager City Development - Abby Dickson
<b>Report Reference:</b>	GC190326P01

#### PETITION FROM:

Jane Osborne on behalf of residents of the City of Marion

#### NUMBER OF SIGNATORIES:

2,057 signatures

#### DATE PETITION RECEIVED:

12 March 2019

#### CORRESPONDENCE:

*The petition of the residents of the City of marion draws the attention of the Council to the possible demolition, relocation or closing of the iconic purpose-built Marion Cultural Centre. The petitioners therefore request that the Council should ensure that the Marion Cultural Centre with its vibrant, well-used facilities of library, theatre, art gallery, rooms for hire and delightful café, remains unchanged on its present site.*

A copy of the Petition is attached as **Appendix 1**.

#### ORIGINATING OFFICER COMMENTS:

The petition is in response to the expression of interest (EOI) process Council ran mid-2018 over the Marion Cultural Centre (MCC) site for an International Standard Hotel. Specifically it raises concerns with the potential demolition, relocation or closure of the existing MCC and requests that the existing MCC remain unchanged.

Council resolved on the 11 September 2018 (Reference Number GC180911) to not proceed any further with any of the submitted expressions of interest for a hotel at MCC site.

Council resolved on the 27 November 2018 (Reference Number GC181009) that:

*1. Council guarantees the retention of the Current Marion Cultural Centre Building and its services.*

*However, council still has the ability to undertake any complementary renewal, enhancements and extensions (of the current Marion Cultural Centre) provided that this is undertaken with appropriate prior consultation with users and the community.*

Administration consider that the above resolution adequately addresses the concerns raised in the petition. It

is impractical to resolve that the MCC must 'remain unchanged' indefinitely. The standing resolution protects the existing MCC while ensuring that inevitable complementary changes can occur in consultation with stakeholders.

An additional document of just names and suburbs was received at the same time as the above mentioned petition, however it did not comply with legislative requirements under the Local Government (Procedures at Meetings) Regulations 2013. The document did not include a statement of request or submission nor was it addressed to the Council, consequently it has not been included.

## **RECOMMENDATION:**

### **That Council:**

- 1. Notes the petition.**
- 2. Resolves that the existing Council resolution made on the 27 of November 2018 to retain the Current Marion Cultural Marion Centre Building adequately addresses the concerns raised in the petition.**
- 3. The head petitioner be advised of the resolutions of Council.**

# Marion Cultural Centre Petition

Page 44

10

(Identify the details of the petition on each page)

The petition of the residents of the City of Marion draws the attention of the Council to the possible demolition, relocation or closing of the iconic purpose-built Marion Cultural Centre. The petitioners therefore request that the Council should ensure that the Marion Cultural Centre with its vibrant, well-used facilities of library, theatre, art gallery, rooms for hire and delightful cafe, remains unchanged on its present site.

## (Identify the details of the petition on each page)

The petition of the residents of the City of Marion draws the attention of the Council to the possible demolition, relocation or closing of the iconic purpose-built Marion Cultural Centre. The petitioners therefore request that the Council should ensure that the Marion Cultural Centre with its vibrant, well-used facilities of library, theatre, art gallery, rooms for hire and delightful cafe, remains unchanged on its present site.

## Petition

**(Identify the details of the petition on each page)**

The petition of the residents of the City of Marion draws the attention of the Council to the possible demolition, relocation or closing of the iconic purpose-built Marion Cultural Centre. The petitioners therefore request that the Council should ensure that the Marion Cultural Centre with its vibrant, well-used facilities of library, theatre, art gallery, rooms for hire and delightful cafe, remains unchanged on its present site.

# Marion Cultural Centre — Petition

## (Identify the details of the petition on each page)

The petition of the residents of the City of Marion draws the attention of the Council to the possible demolition, relocation or closing of the iconic purpose-built Marion Cultural Centre. The petitioners therefore request that the Council should ensure that the Marion Cultural Centre with its vibrant, well-used facilities of library, theatre, art gallery, rooms for hire and delightful cafe, remains unchanged on its present site.

# Marion Cultural Centre - Petition

(Identify the details of the petition on each page)

The petition of the residents of the City of Marion draws the attention of the Council to the possible demolition, relocation or closing of the iconic purpose-built Marion Cultural Centre. The petitioners therefore request that the Council should ensure that the Marion Cultural Centre with its vibrant, well-used facilities of library, theatre, art gallery, rooms for hire and delightful cafe, remains unchanged on its present site.

<b>Report Reference:</b>	GC190326P02

**PETITION FROM:**

Sally Liddy and Mary Raymond

**NUMBER OF SIGNATORIES:**

129 - petitioners without signatures have been excluded from the number of signatories

**DATE PETITION RECEIVED:**

20 March 2019

**CORRESPONDENCE:**

A copy of the petition is attached as Appendix 1

A copy of a letters received from one of the petitioners is provided in Appendices 7 and 8

**ORIGINATING OFFICER COMMENTS:**

**Victoria Masterman, Unit Manager Open Space and Recreation Planning**

**DISCUSSION**

At the 25 July 2017, General Council Meeting (GC250717R14), Council endorsed Bandon Terrace Reserve as a pilot application of the Natural Landscape Design and Maintenance Guideline (NLDMG):

*That Council:*

- 1. Endorses the pilot application of the Natural Landscapes Design and Maintenance Guideline as part of the Bandon Terrace Reserve development, with costings to be presented to Council as part of the design, for consideration in the 2018/19 budget;*

At the 14 August 2018, General Council Meeting (GC180814R03), in endorsed the Implementation of the Natural Landscape Design and Maintenance Guidelines at Bandon Terrace Reserve:

*That Council:*

- 1. Endorses the draft concept plan for Bandon Terrace Reserve (Appendix 1) for consultation, detailed design and construction noting the plan reflects the Natural Landscape Design and Maintenance Guidelines.*
- 2. Endorses the allocation of up to \$55,500 to implement the Natural Landscape Design and Maintenance Guidelines at Bandon Terrace Reserve, to be funded in 2018/19 through savings identified in the second 2018/19 Budget Review process.*

3. *Endorses an allocation of \$5,000 p.a. for the first five years for operating and maintenance and \$2,014 p.a. for renewal/depreciation for the Natural Landscape Design and Maintenance Guidelines at Bandon Terrace Reserve within the Long Term Financial Plan.*

*Carried Unanimously*

## CONSULTATION

Consultation on the proposed implementation of the NLDMG at Bandon Terrace Reserve was conducted over a 3 week period from 28 August 2018 to 18 September 2018. (Refer Appendix 6 for the outcomes of the consultation).

The purpose of the engagement was to inform the community members of the draft concept for a natural landscapes re-vegetation of Bandon Terrace Reserve and seek their feedback.

The survey was made available on line at [www.makingmarion.com.au/bandon-terrace-reserve](http://www.makingmarion.com.au/bandon-terrace-reserve)

The community were informed about the survey through the following means:

- A four-page information brochure (refer Appendix 2) was delivered to approximately 400 households (for map refer Appendix 3)
- A social media post was placed on the City of Marion Facebook page on 28 August 2018.
- Signage was placed on the site with information about the concept plan and where feedback can be provided. (refer Appendix 4 for map indicating sign locations)
- An email was sent to the 5049 Coastal Community (formerly Marino Residents Association) informing them of the consultation and the Association provided a link to the Making Marion consultation web page in their 'Community News Update' email newsletter on 7 September 2018.

In summary, over the three week consultation period Council received:

- A total of 24 visits were recorded between the 3 week period to the project's Making Marion webpage where survey tools including the Draft Concept and Precedent Images were available for viewing.
- 6 responses to the survey were received.
- 2 emails were received commenting on the project.

Of the 8 responses received:

- 4 of the 8 respondents supported the plan
- 1 suggested an alternative plant species to be considered
- 3 respondents were strongly unsupportive the plan, and raised specific concerns with regard to the planting of native grasses at the south eastern end of the reserve.

## CURRENT AND FUTURE ON-SITE WORKS

Stormwater upgrades commenced January 2019, at the western end of the reserve, adjacent to Forrest Avenue, Marino. With works anticipated to be completed by the end of March 2019.

Residents directly impacted by the current stormwater works were advised of the impending work by the Contractor via a letter drop on 22 January 2019 .

Construction of the upgrade of the Bandon Terrace Reserve playground commenced mid March, it is anticipated works will be completed June 2019.

On site works for the implementation of the NLDMG has not yet commenced, these works are to be delivered in the coming months by a specialised contractor and will be tendered separately.

A map highlighting the work areas identified above is provided as Appendix 5.

## **REQUEST FOR A PUBLIC MEETING**

The head petitioners have requested an on site meeting. Staff will coordinate a meeting at Bandon Terrace Reserve in early April to provide further feedback to the community on the implementation of the NLDMG.

## **RECOMMENDATION:**

**That Council:**

- 1. Notes the petition**
- 2. Advises the head petitioners that Council has noted the petition**
- 3. Endorses the holding of a public meeting at Bandon Terrace Reserve in early April and advises the head petitioner this will occur**
- 4. Notes a further report will be brought back to Council outlining the community feedback received at the site meeting.**

# Bandon Terrace Reserve Upgrade

## Concept design and answers to frequently asked questions

**Bandon Terrace Reserve is being upgraded to provide a pleasant, natural, and resilient landscape for everyone to enjoy into the future.**

**Council is investing up to \$275,000 on a new playground and shade sail at Bandon Terrace Reserve. A further \$55,500 will be invested in a revegetation plan to improve the biodiversity and amenity for the reserve.**

Council will commence construction of a new playground in early 2019, which will include:

- New play equipment
- A new 3-on-3 basketball court, netball ring and cricket nets
- Kick-about space
- Shade sail
- A new BBQ and picnic setting

A concept design (refer plan inside) for the upgrade of the reserve's landscape includes the introduction of garden beds, native plants and grasses.

The garden beds will be located around the edge of the reserve and will be planted with flowering plants and low-lying native shrubs to provide colour and attract a diverse range of species to the reserve.

We will also re-grade and level the south-eastern grass area, as requested by the community during the consultation process for the playground in November 2017.

### Landscape Concept Design – Provide your feedback

A survey will be available on the Making Marion website from Tuesday 28th August to Tuesday September 18th, 2018.

[www.makingmarion.com.au/bandon-terrace-reserve](http://www.makingmarion.com.au/bandon-terrace-reserve)

Feedback must be received by 5pm, 18 September 2018.

The outcomes of the consultation will be considered by Council before the concept is finalised.

The area will be re-seeded with native grass, which requires less irrigation and maintenance while allowing the community to enjoy the reserve as it is presently, with the added benefit of having more natural revegetated spaces which are adaptable to a changing climate.

It is anticipated that planting will occur between April and August 2019.

# Bandon Terrace Landscape Treatment Plan

The concept plan below demonstrates the proposed landscape treatments on the reserve, including:

- Approximately 3000m<sup>2</sup> irrigated grass and garden around the playground and sports areas.
- Mulched garden beds planted with native plants and shrubs to provide colour and biodiversity to attract a diverse range of species to the reserve.
- Re-grading and levelling of the south-eastern turfed area.
- Native grassed area, irrigated through the establishment period and maintained short once established.

## Key Benefits

- An increased presence of native flora will attract species such as butterflies, birds and lizards.
- The reserve will have an improved amenity and usability for both passive and active recreation.
- Increased opportunities for nature play and nature education.
- Opportunities for community to be involved through a planting day.
- Greater resilience to dry conditions.
- Improved water resource management.

## Examples of plants

Some of the plants in the new landscaping may include:

Acacia acinacea

Olearia ramulosa

Goodenia amplexans

Dodonaea viscosa

Atriplex paludosa

Myoporum parvifolium

Hardenbergia violacea

## Native grass – establishment process

The native grassed areas will be managed and maintained similar to the existing kikuyu and will continue to support active and passive recreation.

These grasses look and feel like other irrigated grass. The biggest difference is that it does not need to be mowed or watered as often once it has established.

# Frequently Asked Questions

## Bandon Terrace Reserve Upgrade

### Why are these changes occurring at Bandon Terrace Reserve?

In July 2017, Council endorsed a 'Natural Landscapes Design and Maintenance Guideline' to be implemented at the design phase of major reserve upgrades.

The playground at Bandon Terrace Reserve is being upgraded and it is proposed to implement the new landscaping at the same time.

The Council is progressively implementing these landscape changes to many of its reserves.

Close monitoring of the site will occur to determine if both the community and Council's expectations have been met.

### How will the site be monitored?

Monitoring will be conducted on a quarterly basis, using visual inspections and photos of each plot taken at the same location.

Monitoring will involve reviewing the establishment, growth, weeds, required maintenance and appearance over time.

A database will be kept to record the results and any community feedback received will be an important resource.

### Will the site be irrigated?

Approximately 3000m<sup>2</sup> of grass and garden beds around the playground will be irrigated.

Irrigation will be used on the south-eastern turf section for establishment purposes. Once the grasses are established, watering will occur during severe moisture stress.

### How will the site be maintained?

The reserve will have a regular maintenance schedule which will include weeding, topping up of mulch, mowing and plant maintenance.

### How high will the plants grow?

The new plantings within the mulched garden beds will be ground covers and small to medium plants and shrubs which will grow to maximum heights of approximately 30cm to 1m.

### When will the reserve upgrade begin?

It is anticipated that construction will begin in early 2019.

### How long will it take?

The upgrade will take approximately six months to install the playground, picnic facilities and landscaping.

The native grass area will take approximately nine months to establish to ensure the native grass is provided with the best conditions. It may need to be fenced during this time.

### Will I still be able to walk my dog on the reserve?

During construction, much of the reserve will be fenced off. However, access to the western end of the reserve and the beach will remain open.

In order to let the native grass establish, the south-eastern section of the reserve will be unavailable for approximately nine months while it establishes.

Once established, the reserve will be able to be used as it currently is, including walking dogs.

### Stay informed

To minimise any disruption caused by building work we will provide you with construction updates and works notifications via letterbox drop.

## Appendix 5 Bandon Terrace Reserve

### Current and Future On-Site work areas

## **Bandon Terrace Reserve Natural Landscapes**

Findings of Draft Concept Community Consultation

September 2018

## 1. Introduction

This report summarises the community consultation undertaken on the draft concept plan for the implementation of the Natural Landscapes Design and Maintenance Guidelines and Bandon Terrace Reserve.

At the General Council meeting on 25 July 2017 Council adopted a Natural Landscapes Design and Maintenance Guideline to progressively implement as part of existing maintenance programs and at the design phase of major reserve upgrades.

At this meeting, Council also endorsed the pilot application of the Natural Landscapes Design and Maintenance Guideline as part of the Bandon Terrace Reserve development, with costings to be presented to Council as part of the design, for consideration in the 2018/19 budget.

A draft Natural Landscapes concept plan was then developed for implementation at Bandon Terrace Reserve which was presented to Council at the meeting on 14 August 2018.

Council endorsed the following recommendation:

***Moved Councillor Crossland, Seconded Councillor Byram that Council:***

- 1. Endorses the draft concept plan for Bandon Terrace Reserve (Appendix 1) for consultation, detailed design and construction noting the plan reflects the Natural Landscape Design and Maintenance Guidelines.*

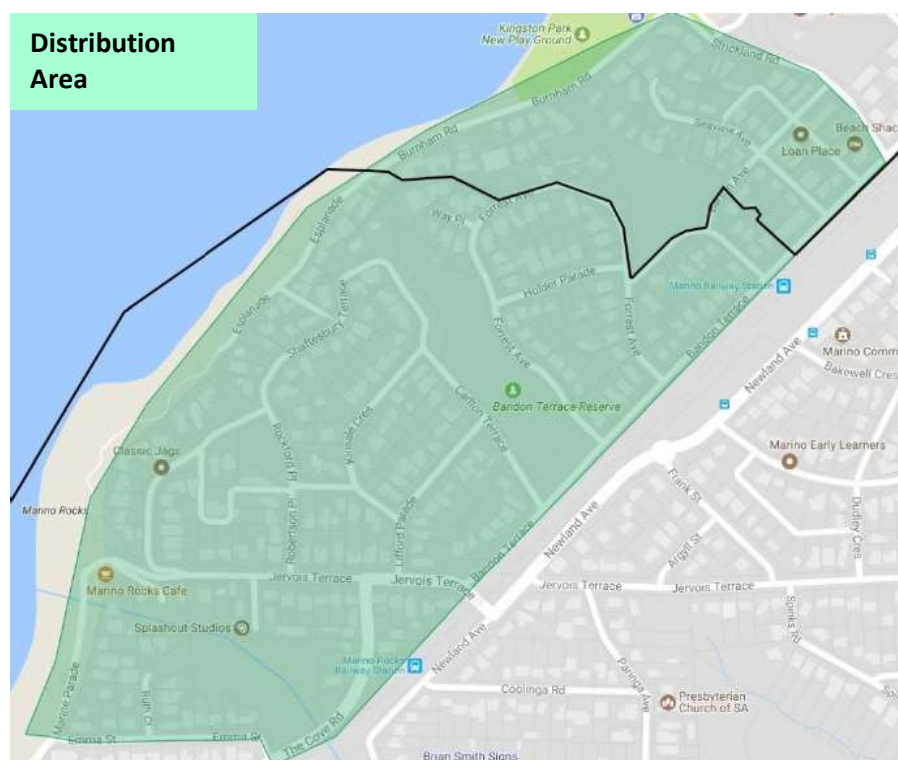

## 2. Consultation Program

The purpose of the engagement was to inform the community members of the draft concept for a natural landscapes re-vegetation of Bandon Terrace Reserve and seek their feedback. The consultation survey was open for 3 weeks from 28 August 2018 to 18 September 2018.

The survey was made available on line at [www.makingmarion.com.au/bandon-terrace-reserve](http://www.makingmarion.com.au/bandon-terrace-reserve).

The community were informed about the survey in the following ways:

- A four-page information brochure was delivered to approximately 400 households within the area shown below:

- A social media post was placed on the City of Marion Facebook page on 28 August 2018.
- Signage was placed on the site with information about the concept plan and where feedback can be provided.
- An email was sent to the 5049 Coastal Community (formerly Marino Residents Association) informing them of the consultation and a message was included in their 'Community News Update' email newsletter with a link to the consultation web page.

### 3. Consultation Overview

Community members were invited through the online survey to provide feedback on the Natural Landscapes draft concept plan for Bandon Terrace Reserve.

As a summary, during this 3-week consultation period Council received:

- 6 electronic responses from Making Marion.

A full summary of all responses to each question is provided within this report. Responses have been listed as worded by the respondent and all have been submitted anonymously.

### 4. Overview of Consultation Findings

In summary, over the three week consultation period Council received:

- A total of 24 visits were recorded between the 3 week period to the project's Making Marion web page where survey tools including the Draft Concept and Precedent Images were available for viewing.
- 6 responses to the survey were received.
- 2 emails were received commenting on the project.
- Of the 8 responses received
  - 4 of the 8 respondents supported the plan
  - 1 suggested an alternative plant species to be considered
  - 3 respondents were strongly unsupportive the plan, and raised specific concerns with regard to the planting of native grasses at the south eastern end of the reserve

### 5. Summary of feedback received

**Q1 Overall, what do you think of the plan?**

The pie chart above illustrates that half of respondents are in support of the draft concept and the other half are not in support with:

- 3 of the 6 respondents were strongly unsupportive of the proposed draft concept
- 2 respondents supportive of the proposed draft concept
- 1 respondent strongly supportive of the proposed draft concept.

**Q2. Would you be interested in being involved in a community planting day?**

**Summary of results:**

Of the 6 respondents, 3 indicated that they were not interested in attending a community planting event and 2 indicated that they would be interested.

**Q3. What comments would you like to make about the plan?**

**Summary of results:**

All 6 respondents provided comments about the concept plan. Responses have been listed as worded by the respondent.

- I think there's too much focus on native planting in Marino/Kingston aiming for the older demographic. How about we think about the younger families. This is just asking for more snakes.
- TOILETS. Playgrounds must have toilet facilities. I have not seen any information where toilets are planned for this area.
- Beautiful location need to consider older kids and young adult needs. I.e bike track and sports training.

- I support the upgrade of the playground and additional garden beds and would like to request the addition of some footy goals to utilize. I feel strongly that the seeding of native grasses is a mistake at the bandon tce end. This area gets plenty of use as a green space and although is very uneven it is pleasant to kick footy or play with dog etc. this is the only section of the plan where limited detail has been provided. Native grasses will be extremely hard to grow amongst kikuyu unless the kikuyu is sprayed out prior to seeding- will this occur? What species of native grass will be used? This area will only be used if it is pleasant to play on or walk through. For the grass cover to stay health and self seed it will need to be allowed to set seed. No one will want to use this area with knee high grass. In the document it states native grass requires less water and maintenance- that sounds more like a cost cutting exercise that providing the community with a pleasant area to use. Native grasses will still require watering and maintenance to look and feel nice- you could argue as much as low maintenance kikuyu that is now. More weed control will be needed here as native grasses will not compete with broadleaf weeds like kikuyu does. Please don't let this area go, maintain it as a watered and maintained grass area as it is now where it can be used. Tell the community where this has occurred successfully so we can compare and see what to expect. I suspect there isn't anywhere that would be better than what we have now. Please keep the grass and perhaps even level out the area for better functionality.
- Bandon Terrace Reserve is looking very nice today, as it is. I attended at the reserve some months ago when there was some consultation and the majority of people there seemed to prefer the park to be left as it is. The small playground is used sometimes and seems adequate. Really, if Marion Council has so much surplus money, and perhaps surplus staff, that they can think up new projects I would suggest that they cut our rates.
- I am extremely concerned about the revised plantings proposed. The proposed amount of traditional (and hardy) grass to be irrigated is no more than about 5x house blocks in area. Currently most of the recreation area is covered by kikuyu and there is NO grass as resilient to dry spells than it. It provides much needed fresh colour and is re-invigorated after either minimal showers or occasional watering (it is currently over watered by council in summer.) The worst area for us and visually ugly is the northern or ocean end which is full of weeds that dry off in spring - allowing for brown soil to turn to dust that affects our health. It would be far more valuable to have that large area covered in native plantings for better use by native species as it would be a large area less intrusive of people. It would also be a far more attractive area to wonder through or admire in summer which is currently a most ugly area that people walk past when going to the sea - which a lot of people do. I put it to you that this weed infested area promotes the spread of weeds - already noticeably travelling to the southern currently grassed area. This would be increased within the native grassed areas/beds proposed.

The area proposed to be levelled in the southern most part of Bandon Tce reserve will work potentially, provided it is cut regularly or it will be too long or grass too uneven to run or play on. As I have indicated, the strength and durability of kikuyu in South Australia's climate is hard to beat. I have been involved in oval maintenance and cannot envisage the native grass proposed looking as cool a green (a relief to appreciate on summer days) nor be as effective overall. If the council is so confident on the effect it would be very useful to provide us ratepayers of an example of where this has worked before embarking on this costly and questionable radical change to a beautiful park which I suspect is to primarily save on water costs which I think could be better managed anyway.

I live in close proximity to this reserve and so have an intimate appreciation of how it all works. We appreciate the consultation already offered (and listened to and acted upon by planners) regarding the proposed update of the play area and would hope that you listen to us on this issue as well. Residents mentioned the desire and benefits of vegetating the northern end but no information was given of these park vegetation changes proposed by council planners at the time. I hope you will consider my feedback when finalising your plans.

## 5. Feedback received by email/website

The following comments were received through email and Council's website feedback form:

- Regarding the examples of plants to be used may I recommend not to plant Acacia as the blossom can cause allergic reaction in some children.
- I was unable to access the "consultation" page regarding the refurbished Bandon Terrace playground equipment due to a "404" error. We visited the Angus Neill reserve on the Esplanade recently and think that this is a good example to follow. Sandpit, climbing wall, cave and posts etc are excellent for kids. I note there is no plan for toilets and believe this to be essential given that the closest are several kms away. I trust that you are able to incorporate some of these features.

## 6. Social Media Post

Social media posts were made on Facebook during the consultation period. There was a strong engagement on social media with individual post reaching over 4000 people. Facebook posts and statistics are provided below.

**Date of Post:** 28 August 2018

 **City of Marion** August 28 at 4:38 PM · 🌐

Community Consultation 📧

Bandon Terrace Reserve in Marino is being upgraded to provide a pleasant, natural, and resilient landscape for everyone to enjoy into the future.

Council is investing in a new playground and shade sail at Bandon Terrace Reserve and a revegetation plan to improve the biodiversity and amenity for the reserve.

Find out more and have your say about the concept design for the upgrade of the reserve's landscape at:

[www.makingmarion.com.au/bandon-terrace-reserve](http://www.makingmarion.com.au/bandon-terrace-reserve)

Local residents will receive an information flyer in the mail soon. To view the flyer online visit:

2 Carlton Terrace

Marino, 5049

Dear Mayor Hanna and Mr Skull

I am writing on behalf of myself and family, of 2 sons and my husband. This letter is to object to the part of the upgrade to the Bandon Terrace Reserve, Marino. We have recently moved to the area, purchasing a house near the park, to allow our kids the freedom to run/play there. Whilst we were made aware and were happy about the upgrade to the play area, we were never informed of the removal of the lawn from the Eastern side of the park.

This is of concern to us as a family, who's son's regularly play ball games, or sit under the shade of the trees with friends. Our family visit often with their dog and we regularly use the lawn for picnics. The play area, currently being upgraded, will be lovely, however, we feel it will not provide enough lawn space to allow lots of kids to kick a ball around, if there are younger children playing, or people walking dogs on what will remain of the grassed area after the upgrade.

Having gone onto the Marion Council website, to understand more about this matter, I am somewhat concerned about, what seem to be revised plans. The 1<sup>st</sup> part of the plans and research amongst local residents related to the upgrade of the play area (this was 2017). The 2<sup>nd</sup> part of the plan, which seems to be 2018, related to "a further \$55 500, which will be invested in a revegetation plan..." As a resident during 2018, I certainly was not made aware, or communicated with about this additional investment and additional changes to the reserve.

I understand, from speaking to neighbours, visitors to the park and friends in the area, that many people are concerned about these plans, which they too do not seem to be aware of. I would appreciate it if the Council could engage with the community to discuss these concerns and address the local petition which was recently submitted.

Yours sincerely

T Kleinberg-Russell

Timna Kleinberg-Russell

(Brett Russell, Nathan Russell & Mitchell Russell)

**From:** Rachael Liddy <rachaelliddy@yahoo.com.au>  
**Sent:** Thursday, 21 March 2019 8:04 AM  
**To:** Electronic Mail  
**Subject:** Att Adrian Skull Brandon Terrace Upgrade

Dear Adrian Skull

My name is Rachael Liddy and I am writing to you in objection to your plans to upgrade the Brandon Terrace Park.

I use the lawned area at the south eastern end of the park frequently as my parents live directly across from this part of the park. My son and his cousins play on the lawn with our dogs all the time. It is a great space for children to kick the ball, run, tumble about. This area of the park is highly valued and loved by all the community. I believe the removal of the lawn would detriment the community, as it provides a fun, safe, visually pleasing space for all people to enjoy in a great variety of ways.

From conversations I have had with people in the community, there is a strong consensus that we have not been properly consulted about your "upgrade" plans.

This is a very important issue to us as a community and we would like you to respond to our concerns.

Kindly  
Rachael Liddy

## COMMITTEE RECOMMENDATIONS

### Confirmation of the Minutes of the Infrastructure and Strategy Committee Meeting - 5 March 2019

<b>Originating Officer</b>	Executive Assistant to General Manager Corporate Services - Louise Herdegen
<b>Corporate Manager</b>	Manager Corporate Governance - Kate McKenzie
<b>General Manager</b>	General Manager Corporate Services - Vincent Mifsud
<b>Report Reference</b>	GC190312R05

## REPORT OBJECTIVE

The purpose of this report is to facilitate the receiving and noting of the minutes from the 5 March 2019 Infrastructure and Strategy Committee meeting.

## EXECUTIVE SUMMARY

A summary of items considered by Committee Members are noted below:

**Hallett Cove Sea Pool Technical Feasibility Study - Feedback and Discussion** (Report Reference: ISC190305R03)

An update was provided on the progress of the Hallett Cove Sea Pool Feasibility Study.

**Marino Hall - Update on Development Options** (Report Reference: ISC190305R04)

Discussion consisted of potential vision for the future use of the Hall and site.

**Infrastructure and Strategy Committee 2019 Focus** (Report Reference ISC190305R05)

Priorities and schedule over the annual program was discussed.

**Emerging Innovation and Ideas** (Report Reference 20190305R06)

The first iteration of a register of innovative and emerging ideas, products and services gathered from across the organisation for consideration and future direction was shared with the Committee.

## RECOMMENDATION

That Council:

1. **Receives and notes the minutes of the Infrastructure and Strategy Committee meeting of 5 March 2019 (Appendix 1).**
2. **Notes that separate reports will be brought to Council for consideration of any recommendations from the Infrastructure and Strategy Committee.**

## Attachment

#	Attachment	Type
1	ISC190305_Draft Minutes	PDF File

**MINUTES OF THE INFRASTRUCTURE AND STRATEGY MEETING  
HELD AT ADMINISTRATION CENTRE  
245 STURT ROAD, STURT  
ON TUESDAY 5 MARCH 2019**

**PRESENT**

**Elected Members**

Councillor Luke Hutchinson (Presiding Member), Councillor Ian Crossland, Councillor Tim Gard, Councillor Bruce Hull, Councillor Matthew Shilling

His Worship the Mayor Kris Hanna

**Independent Member**

Mr Christian Reynolds

**In Attendance**

Councillor	Maggie Duncan
Councillor	Nathan Prior
Councillor	Jason Veliskou
Councillor	Joseph Masika
Mr Adrian Skull	Chief Executive Officer
Ms Abby Dickson	General Manager City Development
Mr Tony Lines	General Manager City Services
Mr Vincent Mifsud	General Manager Corporate Services
Ms Fiona Harvey	Manager Innovation and Strategy
Mr Greg Salmon	Manager City Activation
Ms Megan Hayward	Manager City Property
Mr Mathew Allen	Manager Engineering and Field Services
Mr James O'Hanlon	Unit Manager Sport & Recreation Facilities
Mr Glynn Ricketts	Water Resources Coordinator
Ms Rebecca Neumann	Senior Environmental Planner
Mr James Carly	Water Research Laboratory, University of New South Wales
Ms Ann Gibbons	Environmental Sustainability Manager
Ms Louise Herdegen	Executive Assistant to General Manager Corporate Services / Minutes

## 1. OPEN MEETING

Councillor Hutchinson opened the meeting at 6.32 pm

## 2. KAURNA ACKNOWLEDGEMENT

We acknowledge the Kurna people, the traditional custodians of this land and pay our respects to their elders past and present.

## 3. ELECTED MEMBER'S DECLARATION (if any)

The Chair asked if any Member wished to disclose an interest in relation to any item being considered at the meeting.

NIL

## 4. CONFIRMATION OF MINUTES

Confirmation of the minutes for the Infrastructure and Strategy Committee Meeting held on 5 February 2019 (Report Reference: ISC190205R01)

**Moved Mayor Hanna**

**Seconded Councillor Crossland**

That the minutes of the Infrastructure and Strategy Committee Meeting held on 5 February 2019 be taken as read and confirmed.

**Carried Unanimously**

## 5. BUSINESS ARISING

Review of the Business Arising from previous meetings of the Infrastructure and Strategy Committee Meetings.

**8:46 pm Business Arising Statement - Action Items**  
(Report Reference: ISC1900305R02)

**Moved Councillor Crossland**

**Seconded Mayor Hanna**

That the Infrastructure and Strategy Committee:

1. Notes the business arising statement.

**Carried Unanimously**

## 6. CONFIDENTIAL ITEMS

### 7: 31 pm Confidential Cover Page - Marion Golf Club

(Report Reference ISC190305F01)

**Moved Councillor Crossland**

**Seconded Councillor Shilling**

That:

1. Pursuant to Section 90(2) and 3(b) (i) and (ii) of the *Local Government Act 1999*, the Council orders that all persons present, with the exception of the following persons: Adrian Skull, Vincent Mifsud, Abby Dickson, Tony Lines, Kate McKenzie, Glynn Ricketts, James O'Hanlon, Mathew Allen, Megan Hayward, Louise Herdegen, be excluded from the meeting as the Council receives and considers information relating to the report *Marion Golf Club*, upon the basis that the Council is satisfied that the requirement for the meeting to be conducted in a place open to the public has been outweighed by the need to keep consideration of the matter confidential on the grounds that the report contains information of a commercial nature that would on balance, be contrary to the public interest.

**Carried**

7.32 pm the meeting went into confidence

**Moved Councillor Crossland**

**Seconded Councillor Shilling**

That:

1. In accordance with Section 91(7) and (9) of the *Local Government Act 1999* the Council orders that this report, Marion Golf Club and the minutes arising from this report having been considered in confidence under Section 90(2) and (3)(b) (i) and (ii) of the Act, except when required to effect or comply with Council's resolution(s) regarding this matter, be kept confidential and not available for public inspection for a period of 12 months from the date of this meeting. This confidentiality order will be reviewed at the General Council Meeting in December 2019.

**Carried Unanimously**

8.46 pm the meeting came out of confidence

## 7. REPORTS FOR DISCUSSION

### **6:34 pm Hallett Cove Sea Pool Technical Feasibility Study - Feedback and Discussion** (Report Reference: ISC190305R03)

6.34 pm Senior Environmental Planner and Water Research Engineer from University of NSW entered the meeting to provide an update on the progress of the Hallett Cove Sea Pool Feasibility Study.

The following is a summary of the discussion:

- Presentation included advantages, limitations, pool types, sea level rise / tidal conditions, wave overtopping of pool walls, safety considerations, lifecycle expectations, maintenance, usage estimates, water quality.
- Estimated costs and lifecycle, initial capital, refurbishment and maintenance costs.
- Embankment protection – stepped concrete wall shown as an example.
- Potential pool size has been based on best practice and feedback from other community areas indicate that is what works well for ocean pools.
- The ocean are generally unfenced. Fencing is only used for the few pools that charge admission.
- Lifeguards were discussed. In NSW some pools use lifeguards depending on the popularity of the pool. Further advice on the need for lifeguards at a pool in Hallett Cove would need to be sought.
- In severe weather events, signage is used to close the pool.
- Location selected due to shelter from headland, winter sun, access to the pool. Cost to relocate stormwater relatively minor versus having the pool in the right location.
- Ecological and coastal heritage study includes the whole Heron Way embankment.
- Car parking studies are underway but further consideration would be needed with the existing Boatshed Café, coastal boardwalk and recreational users.
- Only at the feasibility study stage at this point and no detailed design has been considered. It is a State Government project that we are assisting with.

**Moved Councillor Gard**

**Seconded Mr Reynolds**

The Infrastructure and Strategy Committee:

1. Receives a presentation on the progress of the Hallett Cove sea pool technical feasibility study
2. Provides feedback and comments for inclusion in a final report to be considered by General Council.

**Carried Unanimously**

---

**8: 47 pm Marino Hall - Update on Development Options**  
(Report Reference: ISC190305R04)

8.47 pm Manager City Activation entered the meeting to provide an update of potential options for the development of the Marino Hall and adjacent land.

Discussion consisted of potential vision for the future use of the Hall and site, including:

- New Manager City Property has recently come on board and is looking at the options and best use of the land as part of a whole city Strategic Asset Management Plan. This could take 8 months or more to develop but when completed it will provide a clear direction for future decisions of council assets.
- Part of the process will be to look at the changing needs of the assets, demographic data, broader opportunities for council to go beyond what they would normally have done. The aim is to get maximum value for money of our sites.
- Will be seeking extension to grant funding so council has certainty about the future of the property.
- Community engagement – suggest the planning is done first and then present clear ideas to the community for feedback.
- Balance best value between local community needs and council assets. Members will add value to tap in to local knowledge.

**Moved Councillor Hull**

**Seconded Councillor Crossland**

That the Committee:

1. Notes the status of the project.
2. Recommends that this redevelopment opportunity comes into the City Property Strategic Asset Management Plan.
3. Provides feedback on the approach to redevelop the site.

**Carried Unanimously**

**9:06 pm Infrastructure and Strategy Committee 2019 Focus**  
(Report Reference ISC190305R05)

9:06 pm General Manager City Development and Manager Innovation and Strategy entered the meeting to facilitate a discussion on the priorities and schedule over the annual program.

Discussion points is as follows:

- Options for meeting structure and thoughts on major projects.

- The masterplan for Cove Sports is on the extranet for members to revisit (under Major Projects).
- Ensure members are kept informed and reports are received in a timely manner where timeframes permit.
- Suggestion that reports contain hyperlinks to previous reports where there is a lot of history for informed decision making.
- Need to give more time to the broad city activation agenda through these meetings ie Westfield Marion redevelopment, Oaklands Smart Precinct, other activation projects.
- Challenges of waste & recycling now and in the future is a valuable topic for Committee.
- Part of the committee's role is to look at the strategy over the short, medium and long term and think about areas where taking a strategic approach is most valuable.
- This Committee is a smaller group and allows issues to be debated. More information can then be shared at council to allow efficient decision making at that level.
- Data and information will continue to be an important focus area to support informed decision making and helps achieve strategic outcomes.
- Would be good to hear from SLT and what other Councils are doing in their area around best practice. Links to innovative ideas register.
- Keep adopted meetings scheduled but focus every second meeting as more of an open agenda or bring a manager in to share innovation, vision, projects, process improvement happening in their area. Potential guest speakers suggested to link in outward thinking. Spend more time on one topic.
- Alternative suggestion to the meeting structure is to split the meeting between the agenda items and project discussion ie 2 hours project, 1 hour agenda items and alternate for next meeting.
- Draft agenda to be developed for consideration by Chair and Committee

**Moved Councillor Crossland**

**Seconded Councillor Gard**

That the Infrastructure and Strategy Committee participates in a workshop to finalize its 2019 work program.

**Carried Unanimously**

**9:51 pm Emerging Innovation and Ideas** (Report Reference 20190305R06)

9:51 pm General Manager City Development and Manager Innovation and Strategy entered the meeting to share the first iteration of a register of innovative and emerging ideas, products and services gathered from across the organisation for consideration and future direction. Points of discussion were as follows:

- Some projects have funding requirements and others are being progressed through the administration. Any ideas the Committee would like further information can be brought to a future meeting.
- Suggestion to inform every alternate meeting how we can innovate.
- Staff have a regular rewards program for innovative ideas. Committee interested in seeing a summary of award recipients for information purposes.
- City of Marion has been shortlisted as finalists in 3 categories for the annual LG Professionals Awards – Excellence in Cross Council Collaborative partnerships, Innovative Management Initiatives, and Excellence in People and Culture.
- City of Marion is collaborating well other councils in a number of areas.
- Potentially work towards collaborating better with State Government.
- This is an exciting opportunity with lots of potential to attract more commercial and residential interest in the council area.

**Moved Councillor Crossland**

**Seconded Councillor Gard**

That the Infrastructure and Strategy Committee:

1. notes the register of innovative and emerging ideas
2. identifies any initiatives the Committee would like further information on.

**Carried Unanimously**

#### **8. REPORTS FOR NOTING - Nil**

#### **9. WORKSHOP / PRESENTATION ITEMS – Nil**

#### **10. OTHER BUSINESS - Nil**

#### **11. MEETING CLOSURE**

The meeting was declared closed at 9:55 pm.

#### **12. NEXT MEETING**

The next meeting of the Infrastructure and Strategy Committee will be held at 6.30pm on Tuesday 2 April 2019 in the Council Chamber, 245 Sturt Road, Sturt.

**CONFIDENTIAL ITEMS****Cover Report - Confirmation of the confidential minutes of the Infrastructure and Strategy Committee meeting held on 5 March 2019**

<b>Originating Officer</b>	Executive Assistant to General Manager Corporate Services - Louise Herdegen
<b>Corporate Manager</b>	Manager Corporate Governance - Kate McKenzie
<b>General Manager</b>	General Manager City Development - Abby Dickson
<b>Report Reference</b>	GC190312F01

**RECOMMENDATION**

1. That pursuant to Section 90(2) and 3(b) (i) and (ii) of the *Local Government Act 1999*, the Council orders that all persons present, with the exception of the following persons: Adrian Skull, Vincent Mifsud, Abby Dickson, Tony Lines, Kate McKenzie, Glynn Ricketts, Craig Clarke, James O'Hanlon, Mathew Allen, Megan Hayward, and Victoria Moritz be excluded from the meeting as the Council receives and considers information relating to the report *Marion Golf Club*, upon the basis that the Council is satisfied that the requirement for the meeting to be conducted in a place open to the public has been outweighed by the need to keep consideration of the matter confidential on the grounds that the report contains information of a commercial nature that would on balance, be contrary to the public interest.

**Confirmation of the confidential minutes of the Infrastructure and Strategy Committee meeting held on 5 March 2019**

**CONFIDENTIAL**

**Reason For Passing This Resolution:**

**Local Government Act (SA) 1999 S 90 (2) 3(b) (i) and (ii):** information the disclosure of which (i) could reasonably be expected to confer a commercial advantage on a person with whom the council is conducting, or proposing to conduct, business, or to prejudice the commercial position of the council; and (ii) would, on balance, be contrary to the public interest.

**Cover Report - Cove Sports settlement of licence**

<b>Originating Officer</b>	Unit Manager Land & Property - Clare Benn
<b>Corporate Manager</b>	Manager City Property - Megan Hayward
<b>General Manager</b>	General Manager City Development - Abby Dickson
<b>Report Reference</b>	GC190326F02

**RECOMMENDATION****That:**

1. That pursuant to Section 90(2) and 3(d) of the *Local Government Act 1999*, the Council orders that all persons present, with the exception of the following persons: Adrian Skull, Vincent Mifsud, Abby Dickson, Tony Lines, Kate McKenzie, Ray Barnwell, Jaimie Thwaites, Craig Clarke, Megan Hayward, James O'Hanlon and Clare Benn remaining in room, be excluded from the meeting as the Council receives and considers information relating to the settlement of the Licence between the City of Marion and the Cove Sports & Community Club inc., upon the basis that the Council is satisfied that the requirement for the meeting to be conducted in a place open to the public has been outweighed by the need to keep consideration of the matter confidential given the information relates to financial information between the City of Marion and the Cove Sports & Community Club inc.

## Cove Sports settlement of licence

### CONFIDENTIAL

#### Reason For Passing This Resolution:

**Local Government Act (SA) 1999 S 90 (2) 3(d) (i) and (ii)** : commercial information of a confidential nature (not being a trade secret) the disclosure of which (i) could reasonably be expected to prejudice the commercial position of the person who supplied the information, or to confer a commercial advantage on a third party; and (ii) would, on balance, be contrary to the public interest.

### CONFIDENTIAL

#### Reason For Passing This Resolution:

**Local Government Act (SA) 1999 S 90 (2) 3(b) (i) and (ii):** information the disclosure of which (i) could reasonably be expected to confer a commercial advantage on a person with whom the council is conducting, or proposing to conduct, business, or to prejudice the commercial position of the council; and (ii) would, on balance, be contrary to the public interest.

## CORPORATE REPORTS FOR DECISION

### Seaview High School Community Facilities

<b>Originating Officer</b>	Community Facilities Planner - Sean O'Brien
<b>Corporate Manager</b>	Manager City Property - Megan Hayward
<b>General Manager</b>	General Manager City Development - Abby Dickson
<b>Report Reference</b>	GC260326R06

### REPORT OBJECTIVE

The report objective:

Seek Council endorsement to discontinue the planning of a joint school and community use facility at Seaview High School due to the significantly higher project costs.

Seek Council endorsement to undertake further investigations of the renewal of 4 courts at the Tarnham Road site and explore options to utilise the remaining land to address an under supply of open space within the area.

### EXECUTIVE SUMMARY

At the 14 August 2018 General Council meeting Council resolved the following items to progress the planning for the Seaview High School Sport Facilities Partnership: GC140814R02

- 1. Endorses Option 1 for the proposed redevelopment of the courts at Seaview High and to build a multi-purpose clubroom to support community use of the courts and playing fields.*
- 2. That consideration be given to undertaking this option in two stages. Stage 1 including the tennis and netball courts, lighting and associated retaining. Stage 2 being the clubrooms.*
- 3. Endorses an allocation of up to \$37,000 for the development a concept design and cost estimates for the preferred option, to be funded in 2018/19 through the budget review process.*
- 4. Notes Seaview High School's contribution of \$37,000 towards the development of a concept design and cost estimates to redevelop the courts and a clubroom.*
- 5. Request a report will be provided to Council in February 2019 on the concept design, cost estimates, funding options and School Access Agreement.*

A costed concept design has been developed in accordance with Council's 14 August 2018 resolution which includes redeveloped courts with lighting, car parking, landscaping and a larger clubroom that is compliant with AFL Preferred Facility Guidelines. The project has been costed in the order of \$3.2M which is \$ 1.2M above the original budget estimate of \$2M.

Council in considering its financial contribution needs to consider the return to the community. Key factors to consider include:

- Community access to the facilities is limited outside of school hours ie. weekdays after 4pm and Saturday and Sunday.
- The facility will not be the home to a specific club but will rather address overflow needs of the Dover Gardens Tennis Club and other field sports currently hiring from the school.
- The school ovals do not have lights which further restricts community and club use.

As a result of the investigations and preliminary design undertaken it is recommended Council cease exploring the development of a joint school and community use facility at Seaview High School due to the significantly high project cost and limited access to the community.

It is recommended that Council undertakes further investigations of the renewal of 4 courts at the Tarnham Road site and as part of these investigations Council also seeks to utilise the Tarnham Road site to address an under supply of open space within the area.

## RECOMMENDATION

### That Council

- 1. Endorses to cease exploring the development of a joint school and community use facility at Seaview High School due to the significantly higher project costs.**
- 2. Requires Administration to write to the Principal of Seaview High School to thank the school for the cooperation and good will towards the planning of a shared sports and community facility.**
- 3. Undertakes further investigations of the renewal of 4 courts at the Tarnham Road site and seeks to utilise the remaining land at Tarnham Road site to address an under supply of open space within the surrounding area.**
- 4. Notes that a further report be brought to Council in May 2019 identifying budget requirements for the redevelopment of Tarnham Road Reserve.**

## GENERAL ANALYSIS

<b>Liveable:</b>	This project supports Council's objective to make services, facilities and open spaces more accessible
<b>Timeline</b>	Budget for the redevelopment of Tarnham Road Reserve to be included in the 2019/20 annual business plan and budget.

## DISCUSSION

The initial focus of this project was developing a shared use facility to meet the needs of Seaview High school and Dover Square Tennis Club. This was documented in Council's tennis and netball review in February 2017 (GC280217R06)

Through discussion with the school and sporting organisations it was recognised the school site offered greater potential for community and club use.

At the 14 August 2018 General Council meeting Council resolved the following items to progress the planning for the Seaview High School Sport Facilities Partnership: GC140814R02

- 1. Endorses Option 1 for the proposed redevelopment of the courts at Seaview High and to build a multi-purpose clubroom to support community use of the courts and playing fields.*

*That consideration be given to undertaking this option in two stages. Stage 1 including the tennis and netball courts, lighting and associated retaining. Stage 2 being the clubrooms.*

- 2. Endorses an allocation of up to \$37,000 for the development a concept design and cost estimates*

*for the preferred option, to be funded in 2018/19 through the budget review process.*

- 3. Notes Seaview High School's contribution of \$37,000 towards the development of a concept design and cost estimates to redevelop the courts and a clubroom.*
- 4. Request a report will be provided to Council in February 2019 on the concept design, cost estimates, funding options and School Access Agreement.*

A concept design (attachment 1) has been developed which includes:

1. New amenities building compliant with AFL Preferred Facility Guidelines that includes a social/meeting area that also meets DECD requirements for a class room. The building is intended to be multi-purpose and support community and school use of the school ovals and playing fields as well as the new courts to be constructed.
2. 6 New outdoor courts (4 Tennis and 2 Multipurpose tennis and netball courts) with lighting
3. Car parking – linked to the building providing disability access
4. Landscaping of surrounds

The design process has been led by DPTI which is a requirement for facilities developed on DECD land. The process lead to the inclusion of a number of additional items since the original cost estimate was presented to Council in August 2018.

These additional items include

1. Additional toilets to meet the requirements for children's safety i.e. separate male female disability toilets to cater for children and spectators.
2. Contamination Risk: A risk allowance has made for the disposal of intermediate waste fill that currently exists beneath the existing tennis court surface.
3. Viewing shelters to the courts
4. Exposed Aggregate Pavers in the highly visible and heavily used public terrace area
5. The timber decking to the north east corner assists in dealing with the level difference beyond the soccer pitch by providing a continual flat level
6. The eastern canopy extension by an additional 35m<sup>2</sup> provides undercover weather protection for visitors watching the games on the soccer and football fields
7. Detention Tank for Stormwater. A 17,000L stormwater above ground detention tank is required to meet the Marion/ Holdfast Bay Stormwater Management Plan

Discussion of lights on the playing fields also raised concerns about potential over use of the oval so concept design does not include lights for the ovals and soccer pitch. Without lights potential community use will be restricted to 4pm to 6pm Mondays to Fridays and limit the benefit to clubs. The playing fields would be available all day Saturday and Sunday.

If developed the school facilities will not be the home to a specific club but will rather address overflow needs of the Dover Gardens Tennis Club and other field sports currently hiring from the school.

The project has been costed at \$3.2M which is \$ 1.2M above the original budget estimate of \$1.9M. Council should refer to the confidential report which provides detailed cost estimate for the project.

As a result of the investigations and preliminary design undertaken it is recommended Council cease exploring the development of a joint school and community use facility at Seaview High School due to the significantly higher project costs.

## **Tarnham Road Reserve**

In the region between Sturt Road and Majors Road there is limited access to outdoor courts. There are eight courts at Tarnham Road and two multi-purpose courts at Sandery Street Reserve. It is therefore important some of the courts are retained at Tarnham Road Reserve.

The Tarnham Road Reserve is classified as a Local Open Space. The open space percentage in Seacombe Heights and Darlington is 5%, and Tarnham Road Reserve is the only reserve in the northern part of the suburb that provides open space in a dense housing area.

A geotechnical report for the site indicates the four courts at the eastern end of the complex have a fair surface condition and a re-surfacing to restore shape and serviceability to the tennis courts is expected to be a suitable upgrade option. However the investigations also indicated the presence of an old septic tank under the sub-base of 3 courts to the western end of the complex and full reconstruction of those courts and sub-base would be required. A summary of the geotechnical analysis is included in attachment 2.

The Dover Square Tennis Club advised that due to the poor condition of the playing surface the courts are no longer fit for competition tennis. On the 4 June 2018, the tennis club officially advised Council that they would not apply to extend the lease of the property at Tarnham Road, Seacombe Heights past June 30, 2018. The Club is currently using alternative courts until a solution for Tarnham Road Reserve is available.

The Dover Square Tennis Club has indicated they are keen to work closely with the City of Marion to assist with the proposed rejuvenation of the facilities.

It is recommended Council considers retaining and upgrading the four courts at the eastern end of the complex to meet the needs of club and community access to courts. The four western courts could be removed and utilise the remaining land to address an under supply of open space within the area.

Tarnham Road Courts have existing floodlights. Seaview High School made a financial contribution towards the installation of these lights.

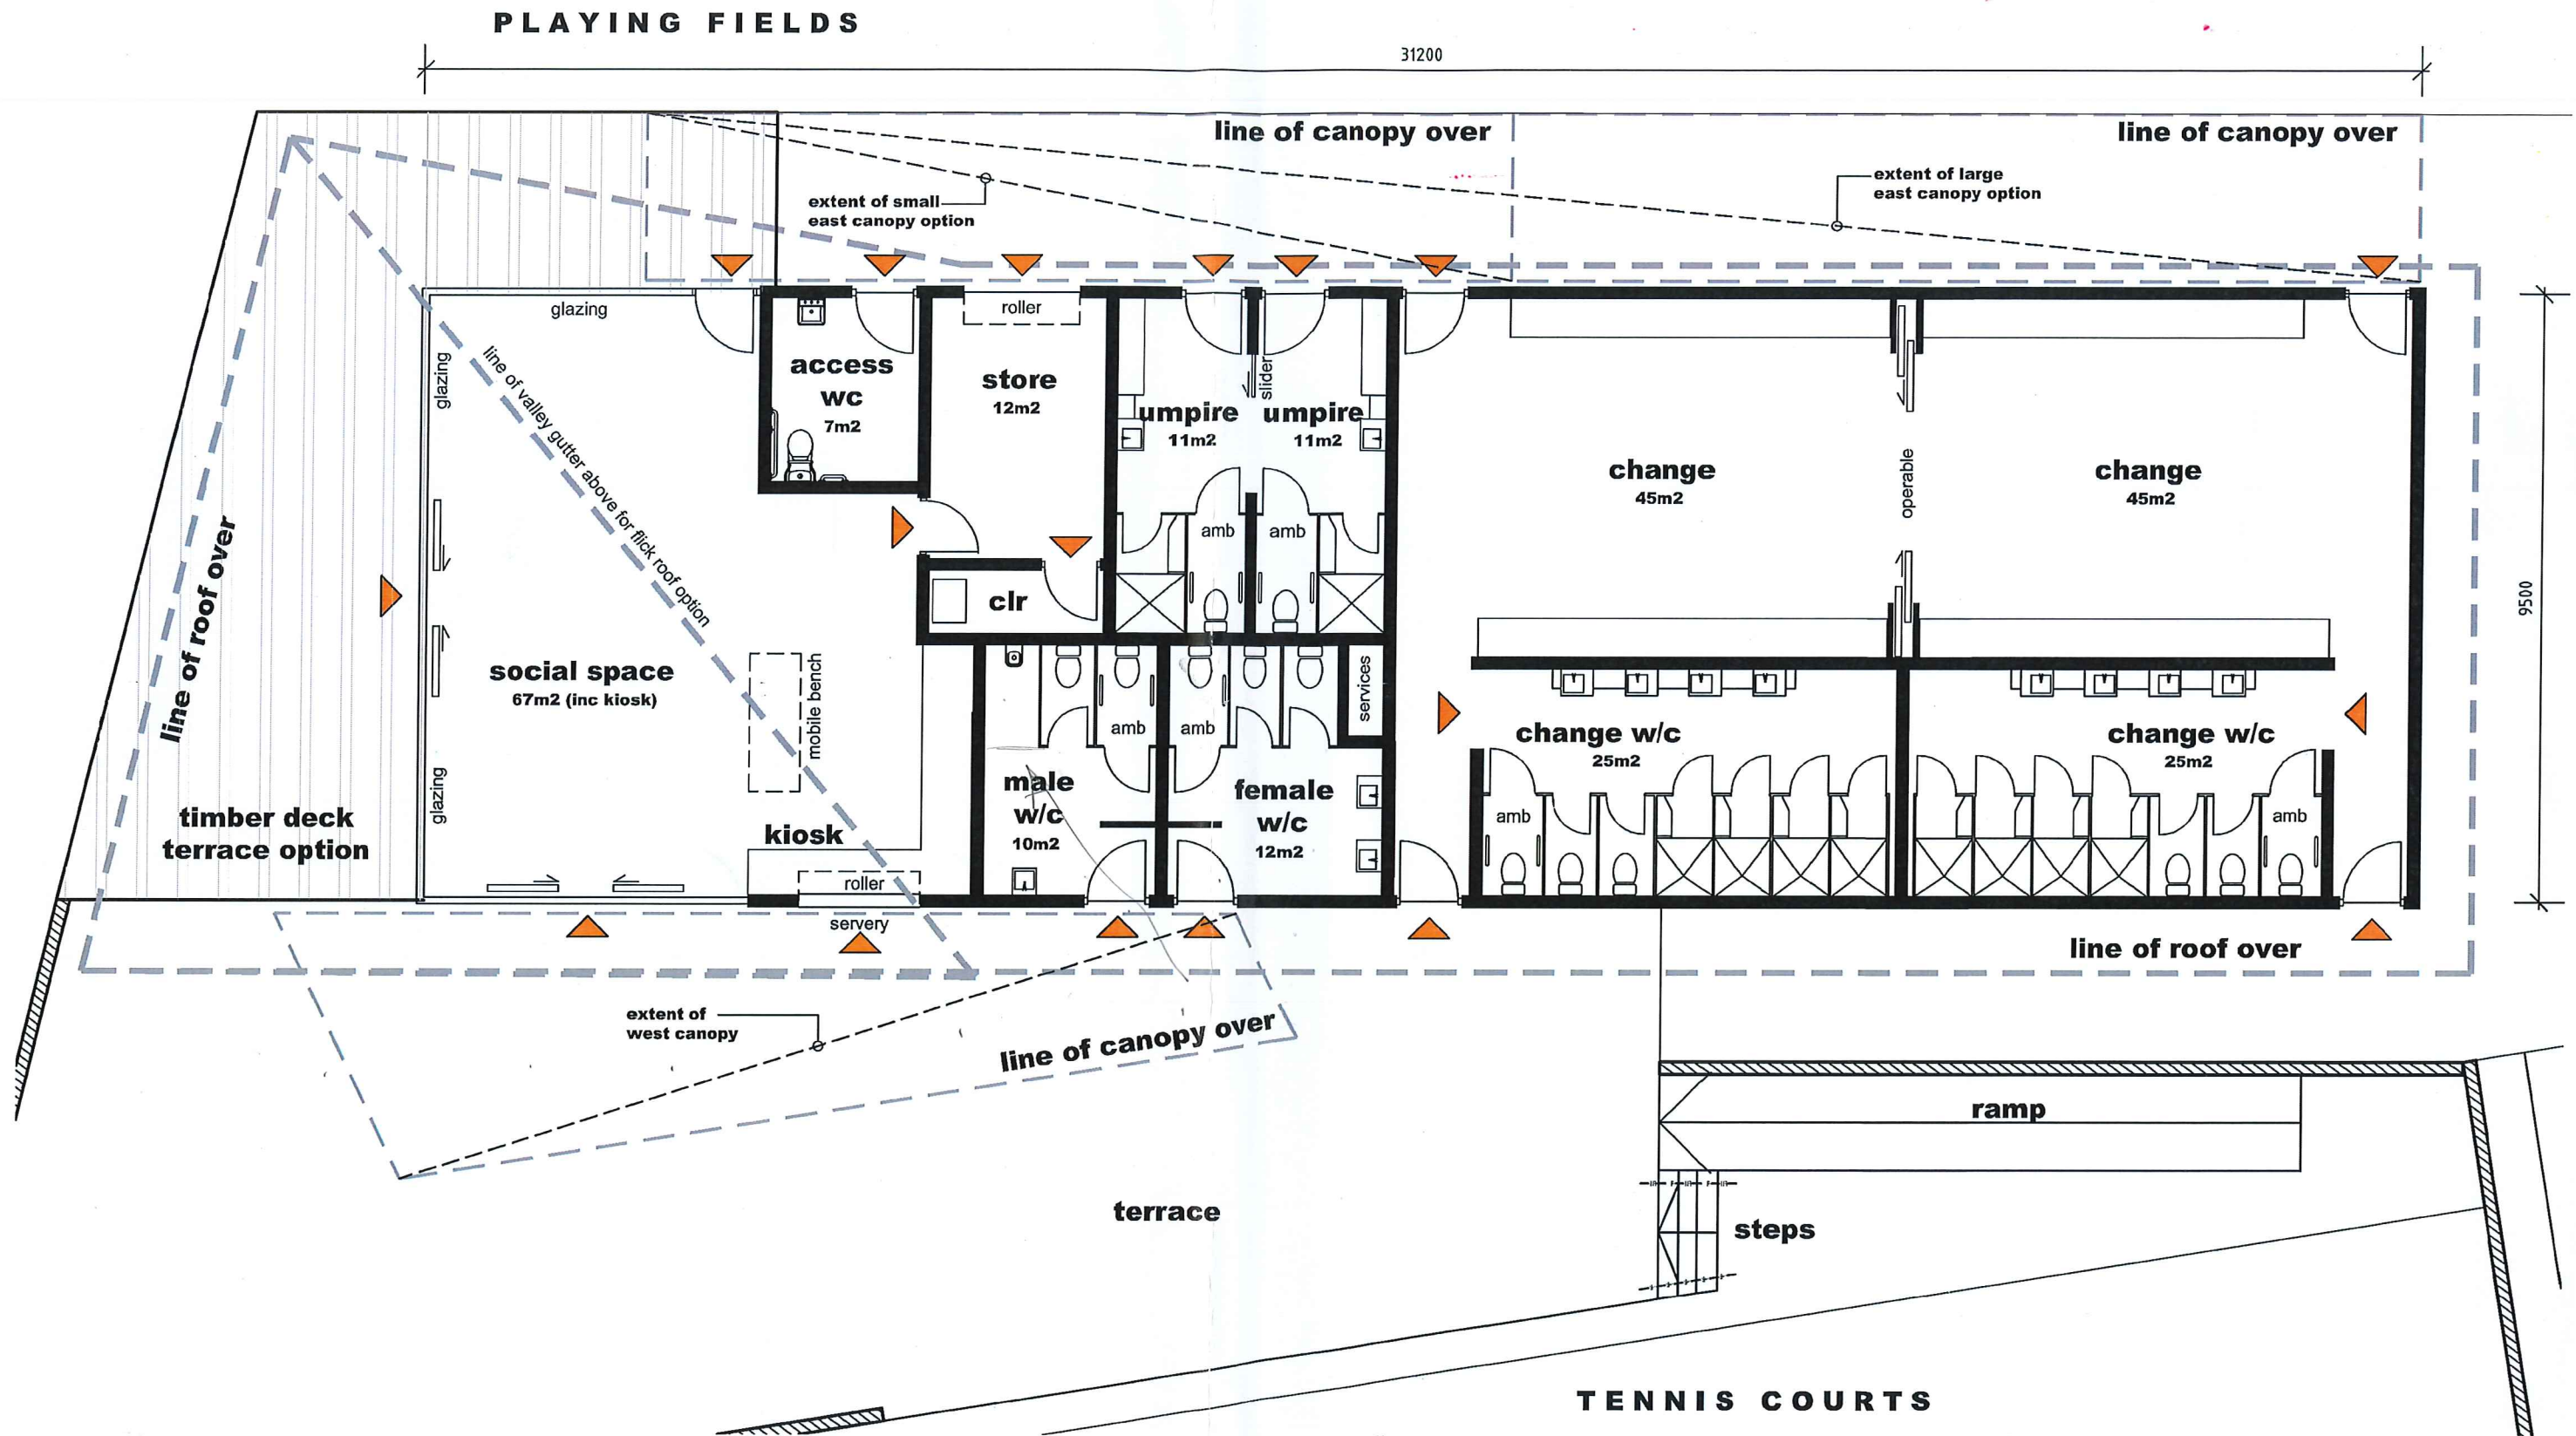

## **Finance**

To date \$14,000 of Council's allocation of \$37,000 for design has been used leaving \$23,000 available for further investigations into Tarnham Road reserve.

A subsequent report will be drafted for Council identifying budget requirements for the redevelopment of the courts and reserve in May 2019.

## Extract from Tarnham Road Geotechnical Report

## Upgrade Options

Due to the fair surface condition across the majority of the tennis courts, a re-surfacing to restore shape and serviceability to the tennis courts is generally expected to be a suitable upgrade option. In such areas it is suggested that a minimum plane and reinstate (P&R) construction comprising a minimum of 50 mm thickness of asphaltic concrete is provided.

In the area of distress around the southern portion of courts 2 to 4, full reconstruction of the tennis court pavement is recommended due to the presence of deformed and cracked pavements and a relatively poorly constructed pavement profile in parts which appears to be contributing to the distress. The extent of full reconstruction would depend on the extent of the poor pavement construction and presence of fill (if encountered) at the time of construction, but could reasonably be expected to cover the current extent of radial distress, with an additional 2 m wide transitional zone.

## Draft Public Consultation Policy Consultation Outcomes

<b>Originating Officer</b>	Community Engagement Coordinator - Patrice Pearson
<b>Corporate Manager</b>	Manager Customer Experience - Karen Cocks
<b>General Manager</b>	General Manager City Services - Tony Lines
<b>Report Reference</b>	GC180326R07

### REPORT OBJECTIVE

To present the draft Public Consultation Policy for adoption, including outcomes from community consultation.

### RECOMMENDATION

**That Council:**

- 1. Notes the Draft Public Consultation Policy community engagement findings.**
- 2. Endorses the Draft Public Consultation Policy and Procedure provided as Appendix 1 and 2 to this report.**

### GENERAL ANALYSIS

The revised Draft Public Consultation Policy outlines our commitment to effective public consultation regarding Council decisions which have an impact on the people who live, work, study or conduct business in the City of Marion.

The Draft Public Consultation Procedure further details the matters that are prescribed in accordance with the Act ensuring it is clear and can be relied on for consistency and compliance with the Act. Council can determine to undertake consultation over and above the requirements of the Act at its discretion.

Council endorsed the draft Policy and Procedure for community consultation on 11 December 2018.

Community consultation was conducted between 29 January to 22 February 2019 and we now seek to endorse the final Policy.

**Engaged:** This Policy will assist our community to feel engaged and empowered to influence the improvement of their neighbourhoods.

**Legal / Legislative / Policy:** This Policy will fulfil the Council's statutory obligation under Section 50 of the Act in relation to public consultation (community engagement).

### DISCUSSION

Community consultation was undertaken between 29 January and 22 February 2019 and consisted of the following actions:

- Publication of a notice in the Advertiser and our Messenger 'What's Happening' column
- Establishment of a dedicated Making Marion page to seek feedback for the revised Policy via [www.makingmarion.com.au/public-consultation-2019](http://www.makingmarion.com.au/public-consultation-2019)
- Extranet information
- Two Facebook posts
- Printed copies at all Neighbourhood Centres, Libraries and the Administration Centre

- Email distribution to internal databases to stakeholders including approximately:
  - 250 Arts and Cultural databases
  - 235 Volunteer databases
  - 80 school contacts, youth organisations and youth networks

### Engagement outcomes

- 88 people viewed the Making Marion website:
  - 1 person completed the Poll, supporting the Policy
  - 1 comment was received, not related to the Policy
- 21 people downloaded the document
- Facebook posts received 7 likes and 3 shares

The results confirm that the community were aware of the proposed Policy and Procedure and were provided with the opportunity to give feedback.

It is recommended that the Policy and Procedure are adopted as is.

### Attachment

#	Attachment	Type
1	Appendix 1 - Draft Public Consultation Policy March 2019	PDF File
2	Appendix 2 - Draft Public Consultation Procedure March 2019	PDF File

## 1. RATIONALE

The City of Marion acknowledges that people want to have a say about decisions that affect their lives. Better decisions are made when the decision-maker takes into account the knowledge, experience and opinions of those affected by the decision.

According to The City of Marion's Strategic Plan Towards 2040 we will strive to make every decision with integrity and in the best interests of our community.

## 2. POLICY STATEMENT

This Policy sets out the City of Marion's commitment to effective community engagement regarding Council decisions which have an impact on the people who live, work, study, conduct business and use the facilities or public places in the City of Marion. We seek to communicate effectively with our community about: decision-making processes; the factors, resources and objectives relevant to the decisions we make; and the decisions themselves.

This policy will:

- Guide effective engagement between Council and the communities
- Promote positive relations and develop ongoing mutually beneficial relationships
- Provide ongoing opportunities for participatory decision making
- Support Council leadership where decision-making style is open, transparent, responsive, inclusive and accountable to the community.

## 3. OBJECTIVES

Elected Members are acknowledged as the representatives of community and empowered to make decisions. The role of staff is to present to the Elected Members all facts (which may include community perspectives) relevant to Council decisions, and subsequently to implement the decisions of Council.

We communicate openly and honestly about the degree of influence communities are able to exercise in any engagement activity or key decision.

We value the diversity of our communities and will utilise inclusive, representative and accessible approaches.

We commit to evaluation and continuous improvement in our community engagement. We will commit to appropriate levels of community engagement before making significant decisions taking into account the number of people affected and the likely degree of impact of the decision.

The City of Marion will consider the following methods of including the community:

- Inform – communicating balanced and objective information to help the community understand the decision.
- Consult - providing information, ideally presenting a number of options, to allow the community to express their preferences regarding the decision.
- Involve - working directly with the community throughout a project to ensure that concerns and aspirations are consistently understood and considered as the project evolves through to completion.
- Collaborate - working in partnership with the community, with a shared sense of responsibility for the work and the outcome.

- Empower – Placing the decision-making about specific projects in the hands of the community. The community takes responsibility and is accountable for the outcomes of decisions made.

#### 4. POLICY SCOPE AND IMPLEMENTATION

The policy applies to the way we engage our communities in decisions and communicate decisions of the organisation. The policy applies to council members, council employees, contractors and consultants acting on behalf of Council.

#### 5. PUBLIC CONSULTATION REQUIREMENTS

The City of Marion Public Consultation Procedure sets out:

- Matters requiring legislated public consultation in accordance with the Local Government Act 1999.
- Further matters requiring public consultation including any requirements for newspaper notices, written or online submissions or opportunities for attendances at public meetings.
- Engagement with Aboriginal and Torres Strait Islander peoples under Council's Reconciliation Action Plan 2016-2019.
- A process for any other discretionary public consultation.

#### 6. REFERENCES

- Local Government Act 1999 (SA)

#### 7. REVIEW AND EVALUATION

Policy Name and version no.	City of Marion Public Consultation Policy - V1.0
Last update	27 September 2016
Last Council review (report reference)	GC270916R15
Next review due	December 2021
Responsibility	Manager, Customer Experience

Date: December 2018

## 1. RATIONALE

The purpose of this procedure is guide staff about how to fulfil the Council's statutory obligations under section 50 of the Local Government Act 1999 (the Act) in relation to public consultation (community engagement).

## 2. PROCEDURE SCOPE AND IMPLEMENTATION

This policy will apply to public consultation processes required or undertaken under the Act and engagement with Aboriginal and Torres Strait Islander peoples under Council's Reconciliation Action Plan 2016-2019

## 3. LOCAL GOVERNMENT ACT 1999 REQUIREMENTS

Chapter 2 of the Act outlines principles to be observed by a council, which include to provide open, responsive and accountable government.

More particularly, section 50 of the Act requires that a council must prepare and adopt a public consultation policy, which may be altered from time to time or substituted with a new policy.

Elsewhere, the Act makes reference to public consultation in various sections. In some cases, the Act prescribes that public consultation be undertaken in accordance with the minimum requirements of the Act. Refer Part 1 below.

In other cases, the Act prescribes that public consultation be undertaken in accordance with Council's public consultation policy. Refer Part 2 below.

In other cases, the Act does not require that public consultation be undertaken.

Part 1: Council decisions where the Act prescribes specific public consultation requirements

The matters listed below require Council to follow the public consultation steps prescribed in the relevant parts of the Act. Refer Table 1.

**Table 1: Matters requiring public consultation in accordance with the Act**

<b>Matter</b>	<b>Section reference</b>
<i>Representative Reviews</i>	<i>Section 12</i>
<i>Status of a Council/Change of Name</i>	<i>Section 13</i>
<i>Commercial Activities – Prudential Requirements</i>	<i>Section 48</i>
<i>Public Consultation Policy</i>	<i>Section 50</i>
<i>Strategic Management Plans</i>	<i>Section 122(6)*</i>
<i>Applying to Vary Certain Trusts</i>	<i>Section 141</i>
<i>Conversion of Private Road to Public Road</i>	<i>Section 210</i>
<i>Impounding of Certain Vehicles</i>	<i>Section 237</i>
<i>Passing of By-laws</i>	<i>Section 249</i>
<i>Policies on Orders</i>	<i>Section 259</i>
<i>Stormwater Management Plans</i>	<i>Schedule 1A, Clause 16(2)(c)^</i>

In these situations, or others where the Act expressly requires public consultation, the Council or Council delegate will undertake public consultation in accordance with Council's legislative obligations under the Act.

\*Council will adopt a specific consultation process with respect to any development or review of a strategic management plan under this Section.

^Council will undertake the consultation process specified by any Stormwater Management Authority Guidelines when acting under Division 3 of Schedule 1A of the Act.

## **Part 2: Council decisions where the Act requires that Council follow its Public Consultation Policy**

The matters listed below require Council to follow public consultation steps prescribed in the Council's Public Consultation Policy. Refer Table 2.

**Table 2: Matters requiring public consultation in accordance with Public Consultation Policy**

Matter	Section reference
Principal Office – Opening hours	Section 45(3)
Code of Practice – Access to meetings and documents	Section 92(5)(b)
Annual Business Plan	Section 123(3) and (4)
Changes to Basis of Rating	Section 151(5),(7) and (8)
Rating – Differential Rates	Section 156(14a) and (14d)
Community Land – Revocation of Classification	Section 194(2)(b)
Community Land – Adoption of Management Plans	Section 197(1)
Community Land – Amendment or Revocation of a Management Plan	Section 198 (2)
Community Land – Alienation by lease or licence	Section 202(2)
Roads – Permits restricting access or for use or activity requiring public consultation under regulations	Section 223
Trees – Planting trees and vegetation that may have a significant impact on residents, the proprietors of nearby businesses or advertisers in the area	Section 232

In these situations, the Council or Council delegate will:

- Advise communities and stakeholder groups of the issues on which Council is consulting by:
  - publishing a notice in a newspaper circulating within the area of the Council and on Council's website;
  - describing the matter under consideration; and
  - inviting interested persons to make submissions within a period stated in the notice (being at least 21 days); and
  - in circumstances where Council is conducting a public consultation process to which Sections 123(4)(a), 151(7)(a) and (b), and 156(14d)(a) of the Act apply, inviting interested persons to attend a public meeting or meeting of Council held at least 21 days after publication of the notice regarding that meeting.
- Make a summary of the matter under consideration (or any specific document required by the Act) available for inspection and purchase at Council's principal office and for inspection on Council's website.
- Consider any submissions made in response to the invitation set out in the notice described above.
- Undertake any other such steps required by the Act.

## Part 3: Additional public consultation at the Council's discretion

For matters that fall under Part 1 or Part 2 of this Policy, and in relation to other Council decisions made in accordance with the Act where the Act does not require public consultation, Council may, on a case-by-case basis, determine in its absolute discretion to undertake consultation over and above the minimum requirements of the Act.

In these situations, it will be a matter for the Council to approve additional or discretionary consultation steps based on the internal engagement framework.

For the avoidance of doubt, there is no obligation on the Council or CEO to undertake, or to consider whether or not to undertake, any additional or discretionary consultation steps.

## 4. DEFINITIONS

Key terms and acronyms that are referred to in the policy are defined in Table 3.

**Table 3: Definitions**

Key Term – Acronym	Definition
Community	A general term for the people who live, work, study, own property, conduct private or government business, visit or use the services, facilities and public spaces and places of the City of Marion. The community are often referred to as “stakeholders” in the affairs of Council. A community may be a geographic location (community of place), a community of similar interest (community of interest), or a community of affiliation or identity (such as industry or sporting club).
Consultation	The process of obtaining feedback on a matter that can be understood and used to inform decision makers.
Council	Means the elected member body representing the City of Marion or Council staff operating under delegated authority to act on behalf of Council. It also includes contractors and consultants with the authority to act on behalf of Council with respect to the particular matter.
CEO	Refers to the Chief Executive Officer of the City of Marion.
Stakeholder	An individual, group of individuals or agency/organisation that has an interest in a decision or proposal, or may be directly or indirectly affected by a decision that has been made or is being proposed.
The Act	Means the Local Government Act 1999, as amended from time to time.

## Oaklands Crossing Contributing Works Program

<b>Originating Officer</b>	City Activation Senior Advisor - Brett Grimm
<b>Corporate Manager</b>	Manager City Activation - Greg Salmon
<b>General Manager</b>	General Manager City Development - Abby Dickson
<b>Report Reference</b>	GC190326R08

### REPORT OBJECTIVE

To present to Council a proposed program of works that outlines the Oaklands Crossing \$4 million funding agreement commitments 2019-22 and Oaklands Smart Precinct - Smart Cities and Suburbs additional funding (\$710,650) integration. The program considers capital and operational budgets in alignment to deliverable scopes of work and Council's financial year contributions and grant funding acquittal time frames. A concept plan is presented illustrating the Oaklands Smart Precinct pedestrian / cyclist connection from the new station to the regional centre with an integrated community park.

Endorsement is sought for the following:

- The proposed works program scope, design budgets and deliverable time lines.
- Community engagement on Dwyer Road Reserve upgrade and community connection to the Regional Centre.

### EXECUTIVE SUMMARY

Council are a funding partner for the Oaklands Crossing Project. In accordance to the funding agreement Council has contributed \$1 million direct (2018/19) to the enhancement of public realm works within the DPTI contracted scope and an additional \$4 million of supporting public realm infrastructure over three financial years (2019/20-2021/22).

In addition, the City of Marion has been successful in the Australian Government "Smart Cities and Suburbs" grant funding. The Oaklands Smart Precinct will enhance the local community, visitor and commuter experience through increased connectivity and liveability. The grant provides an additional \$710,650 to invest in smart technology infrastructure within the precinct.

A proposed program of capital works outlining Council's contributing \$4 million and integration of Smart Cities and Suburbs grant funding has been developed. The scope of works presented supports pedestrian and cyclist connectivity to the new station, reinforcing the aim to increase public transport patronage. The program considers the terms of the funding agreement, grant funding acquittal time frames, practicality of works and resource requirements

The following scope and design budgets have been identified;

- Diagonal Way and Diagonal Road community connection to the Regional Centre which comprises of Marion Cultural Centre, South Australian Aquatic and Leisure Centre (SAALC), GP Plus, Services SA and further south to Westfield.
- Dwyer Road Reserve community park (maximising open space)
- Railway Terrace northern verge pavement and amenity treatments adjacent the local shops, supporting activation and connectivity to the station.
- Crozier Terrace eastern verge connecting Kearnes Road to Dwyer Road
- Murray Terrace northern verge connecting Morphett Road to Barry Terrace
- Addison Avenue southern verge connecting Morphett Road to Ailsa Avenue

## RECOMMENDATION

### That Council:

1. Endorses the proposed works program scope, scheduling and design budgets.
2. Endorses the concept plan for Diagonal Way road closure and Dwyer Road Reserve to be consulted with the community in April 2019.
3. Notes a future report will be presented to Council, informing of consultation findings on the concept plan for the Diagonal Way road closure and Dwyer Road Reserve development.
4. Authorises a letter be sent to the Highways Commissioner seeking written approval to commence the road closure process as per Section 26(8) of the Highways Act.
5. Notes a future report will be presented to Council, seeking authorisation to commence the Roads (Opening and Closing Act, 1991) process to close the section of Diagonal Way, Oaklands Park; between the northern boundary of 10 Diagonal Way and the southern boundary of the intersection of Crozier Terrace and Dwyer Road to facilitate the development and expansion of Dwyer Road Reserve.

## GENERAL ANALYSIS

The Public Transport Projects Alliance (PTPA) have completed designs for the Oaklands Crossing. Construction is well under way with rail occupation programmed for April/ May 2019. The new station will be operational from early May 2019. Works to decommission the existing station, landscape treatments, construction of off-street car parking on Murray and Railway Terrace are to follow. Estimated completion of works is August 2019. PTPA scope of works are illustrated in Attachment 1.

Council staff have assessed the PTPA deliverable scope and investigated opportunities for enhancement to adjacent pedestrian, cyclist connections that supports accessibility, wayfinding and amenity to key destinations in the locality. The scope has integrated the Smart Cities and Suburbs grant, providing a unique opportunity to create a precinct, which enhances the community and visitor experience.

The program of works represents capital works design budgets estimated at a high level. The design budgets have then been used to model a practical approach to delivery, reflective of the funding agreement financial year commitments, Smart Cities and Suburbs grant funding acquittals and project management practicalities of planning and implementation.

The proposed scope and objectives are summarised in Attachment 2 and concept plans illustrated in Attachment 3.

### Liveable

Council's contributing funds will enhance community safety and social and cultural wellbeing through improvements to public realm infrastructure. Pathways and landscape elements such as street trees, furniture and wayfinding will support active transportation within the precinct. Furthermore, data capture through smart sensor integration will aid service provision planning within the precinct.

### Valuing Nature

The creation of a larger community park at Dwyer Road Reserve in addition to other streetscape and public realm improvements will enhance the environmental qualities of the precinct.

### Connected

Improved connections between the Oaklands Station, surrounding suburbs and Marion Regional Centre in addition to smart technological applications will enhance connectivity and engagement of the community and visitors.

**Prosperous**

The proposed works program will enhance public spaces and improve connections between the Oaklands Station, local destinations and Marion Regional Centre. Urban activation initiatives to Railway Terrace will support the local shops.

The City of Marion has recently received a grant from Adelaide University School of Architecture and Built Environment to participate in a community engagement, planning and design program. The programs initiatives are for students to engage in a place activation strategy for a locality, developing on the ground interventions that will support community engagement in the public realm. The University will be contributing \$10,000 to the program. Council's project team will assess designs for integration, suitability and practicality with appropriate due diligence as per the Urban Activation program recently administered.

**Innovation**

The first Smart Precinct in South Australia will deliver enhanced infrastructure and service provisions to the local and visitor economy. The Oaklands precinct will model a scalable and replicable approach for other precincts throughout the City. The smart precinct will enhance the local community and visitor experience by supporting efficiencies in the transportation network, interactive play technology and data capture and analysis for future service provisions and planning.

**Consultation**

PTPA has temporarily closed the proposed section of Diagonal Way to facilitate a site construction compound (Section 26 Highways Act, 1926). This has provided a trial of vehicle circulation through the local street network and effects on neighbouring residents to be assessed. The PTPA have conducted door knocks during the construction program to evaluate the community's views on the temporary road closure of Diagonal Way. The PTPA survey data illustrates a level of support for the permanent closure of the section of road proposed in the concept plans. Refer to Attachment 6.

Consultation on the community connection and Dwyer Road Reserve concept is planned to comprise an online survey requesting feedback on the proposed road closure and open space development of Dwyer Road Reserve and Morphett Road Reserve. A draft brochure for community engagement is attached. Refer Attachment 7.

In addition to the online survey, a public engagement session is planned for 10th April 2019 (location to be confirmed). The session will be hosted prior to the rail occupation period (13th April- 6th May) to maximise community participation. The session will enable the community to ask questions and to provide comments, which will inform the open space and public realm development. This also provides an opportunity to begin engagement with the community on smart cities and what this means. Consultation will be facilitated by staff in Open Space and Recreation Planning, City Activation, Smarts Cities Project Officer and Communications.

**Additional Resource Impact**

The program of works capitalises the costs of design professional services and project management as per the funding agreement. Consultants are engaged for 30% design services for Diagonal Way and Diagonal Road community connection to ensure integration with the station. Council's City Activation Senior Advisor will project manage this component of the project.

Detailed design for Diagonal Way, Dwyer Road Reserve and Morphett Road Reserve will be by consultants to ensure smart technology integration. Council's City Activation Senior Advisor will project manage the design process with support from Engineering, Open Space and Recreation team and Smart Cities Project Officer. Procurement and construction administration will be by internal resources.

Design and delivery programming of Diagonal Road, Railway Terrace, Addison Avenue, Murray Terrace and Crozier Terrace verge treatments, will be administered by Council's Engineering Business Unit within existing resources.

The smart cities grant includes fees for the engagement of technical experts for various data and technical solutions. These services will be procured through a tender process as per Council's procurement policy. Project management of the smart cities grant will be managed through the Smart Cities Project Officer role.

## Current Budget Allocation

Total funding for the Oaklands Precinct works program is \$4,710,650 comprising of;

Oaklands Crossing funding agreement (\$4 million) has been allocated over the following financial years \$900,000 (2019/20); \$1,550,000 (2020/21); \$1,550,000 (2021/22). As per GC280818R05, this is to be funded through existing capital works budgets.

- The Smart Cities and Suburbs Grant for Oaklands Precinct Infrastructure is \$710,650, based on a 50/50 contribution, which is allocated within the \$4 million.
- Note the total Smart Cities and Suburbs Grant of \$867,500 includes \$156,850 contributing to Smart South Consortium and Metrics that Matter data platform infrastructure that is outside of the Oaklands project scope.
- Delivery of the Smart Cities grant fund program by June 2020. Council staff will monitor the design program and communicate with the funding body on project progress.

## DISCUSSION

The Oaklands Crossing grade separation and new station is being jointly funded by the Australian Government (\$95 million), the State Government (\$74 million) and the City of Marion (\$5 million). The Project provides a significant opportunity for Council to enhance the public realm adjacent the station and improve links to the Marion Regional Centre and community connections.

Objectives for the contributing works and Smart Cities and Suburbs grant are:

- Seamless integration of public realm that provides enhanced connections to the Oaklands Station
- Smart precinct that incorporates real time data capture and information distribution; supporting economic development activities, public safety and community connections
- Dwyer Road Reserve community park and playground upgrade with integrated smart technology infrastructure
- A precinct approach to public art, place making and wayfinding to enhance the user experience

### 1. Funding Agreement

A funding agreement was endorsed by Council GC280818R05 resolving the following;

- Endorses Council's total contribution of up to \$5 million to the Oaklands Crossing Project as described within this report comprising of a contribution of \$1 million in 2018/19 and a further \$4 million over the years 2019/20 to 2021/22.
- Authorises the Chief Executive Officer to negotiate minor amendments to the Agreement where necessary to enable the progress of the Project.
- Authorises the Chief Executive Officer to enter into and sign the Agreement on behalf of Council.
- The \$1 million cash direct contribution is described in the agreement to be allocated to enable enhancement of the plaza spaces (at grade), streetscape landscape works and footpath connections within the project site.

Council's \$4 million of contributing works is described in the agreement as follows:

1. Project management, community consultation, design and construction of Council's Works;
2. Enhanced pedestrian and passenger access and amenity from the Minister's Works at Oaklands Railway Station to the adjacent residential and commercial precincts (as determined by Council in its absolute discretion);
3. Dwyer Road Reserve Reinstatement and upgrade works involving \$500,000 (exclusive of GST) which will be directed to the design, project management and capital works redevelopment of the Reserve post contractor demobilisation;
4. Modifications, maintenance and/or upgrade of Council roadways, infrastructure or land, adjacent to the Minister's Works that will support and enhance the Project (as determined by Council in its absolute discretion); and

5. Council's cost associated with interfacing with the Minister and the Alliance (project management and technical support).

The following table illustrates the financial year contributions as described in the agreement.

Contributing infrastructure to be determined	Council Financial Year Budget (ex gst)	Council Financial Year Budget (ex gst)	Council Financial Year Budget (ex gst)
	2019/20	2020/21	2021/22
Footpaths, kerb and water table, drainage, traffic management, public art, tree planting, open space reserve development, integrated smart technologies.	\$900,000 Includes \$500,000 for Dwyer Road Reserve renewal upgrade	\$1,550,000	\$1,550,000

## 2. Oaklands Smart Precinct

The Oaklands Smart Precinct proposal is focused on addressing known problems in the precinct and nearby areas, as well as using the opportunity to test and embed technology and data gathering devices (IoT) in key infrastructure elements of the precinct. As this is a pilot project, the sensor technology and data collection elements of the project enables Council to consider opportunities to scale and replicate to future precincts throughout the city. This provides a valuable opportunity for Council to understand how and why the community are using busy precincts and proactively monitor and deliver efficient and effective asset management and services.

Council was presented with a report GC260618 illustrating the following scope for the Oaklands Smart Precinct;

### Oaklands Smart Precinct Defined Scope

- Connectivity south through to the Marion Cultural Centre, State Aquatic and Leisure Centre and Westfield Marion (Marion Regional Centre).
- Connectivity north through to train station plazas with facilities for bike storage, toilet and food truck/pop up shop spaces to local shops and the suburb of Warradale.

<b>Data Gathering (Internet of Things)</b> <ul style="list-style-type: none"> <li>• Pedestrian movements – monitor usage, movement, dwelling times</li> <li>• Smart Lighting - enhanced asset management services (outages, dimming, operation, and maintenance), data collection capacity and management</li> <li>• Wayfinding - communicating locations, news and events in the area</li> <li>• Smart Irrigation – enabling efficient and effective irrigation of the reserve through real-time monitoring</li> <li>• Parking technology solution - communicate car park availability, time limits, and park type</li> </ul>	<b>Dwyer Road Reserve Smart Park</b> <ul style="list-style-type: none"> <li>• Smart Plaza &amp; Basketball area including USB plugs, charging station, solar panels, Wi-Fi</li> <li>• Nature Play, Technology and Smart Play areas</li> <li>• Smart BBQ &amp; waste solutions</li> <li>• CCTV – covering reserve as a key destination and 'through' point from railway station.</li> </ul>
--	--

### 3. Community Connection to Marion Regional Centre Concept Design

Refer to Attachment 3 for concept plans

#### Key Ideas

- Closure of Diagonal Way adjacent Dwyer Road Reserve (pedestrian/ cyclist link only)
- Develop a direct pedestrian and cyclist connection option from the train station to the Marion Cultural Centre, State Aquatic and Leisure Centre and further south to Westfield.
- Safer streets for pedestrian/ cyclist connections to Marion Regional Centre with less vehicle traffic volumes. (Pre-construction volumes Diagonal Way 1,655 average per day; Morphett Road 42,000 average per day).
- Creation of a larger community park incorporating a new playground and recreational facilities.
- Maintain vehicle access on Diagonal Way to resident properties and on street parking south of Dwyer Rd Reserve.
- Formalise car parking on Diagonal Way south of Dwyer Rd Reserve.
- Commuter car parking is reduced on Crozier Terrace and redistributed to Murray Terrace, Addison Avenue and Railway Terrace. This will likely reduce traffic volumes along Crew Street and Dwyer Rd at peak times.
- Proposed Pedestrian Actuated Crossing (PAC) on Diagonal Road adjacent Warracowie Way (subject to DPTI approval).
- Integration of smart precinct wayfinding and lighting technology.
- Enhanced amenity with street trees and shrub plantings
- Public art
- Future proofing for an autonomous vehicle to transit between the Regional Centre and Station along shared path.
- Maintain pedestrian paths on Morphett Road to Regional Centre as a secondary option.

#### Open Space

Dwyer Road Reserve to the south of the station is currently being occupied by the PTPA as a site compound. Upon completion of the works and demobilisation from site, the City of Marion will upgrade the reserve inclusive of play equipment, technology based infrastructure and improvement of amenities. The proposed concept is to maximise the open space and enhance safe pedestrian and cyclist linkages to the south east of Diagonal Road. The concept informs of the potential spatial arrangement of a smart plaza that will offer Wi-Fi, charging stations, seating and shelter; smart play incorporating new technology play equipment; smart running track that provides sensor technology for timing; community courts basketball and netball 3 on 3 in addition to the potential for a community garden and nature play. Detailed designs will be developed taking into consideration community feedback.

#### Traffic Management and Closure of Northern Section of Diagonal Way

Car parking to the Oaklands Station is redistributed across the corridor with the majority of parks being located on Murray Terrace (refer attachment 1- car parking configuration). Consequently, it is foreseeable that the volume of vehicle movements to the station through Crew Street, Dwyer Road and Diagonal Way will reduce.

Car park sensor wayfinding technology is proposed to create efficiencies within the precinct. Technology that informs of vacancy numbers and location will be explored and integrated.

Currently 37% of the population within 15 minutes' walk are located to the south east within Oaklands Park. This figure does not take into account visitation to the Regional Centre, which would elevate this figure considerably. Consequently, it is anticipated by improving walking and cycling infrastructure within this locality, more people will actively utilise public transport via walk and cycle transportation mode share.

A Pedestrian Actuated Crossing (PAC) is proposed on Diagonal Road within proximity to Trott Grove and Warracowie Way. This will provide direct access to the Marion Cultural Centre Plaza, SALC and further south to Westfield. The proposal will also provide a future connection to the 'Chrysler Trail' walking and cycling connection to the Tonsley Precinct.

The following table provides a summary of the advantages and disadvantages of the proposed Diagonal Way closure.

Advantages	Disadvantages
<ul style="list-style-type: none"> <li>• Very low traffic volumes adjacent to the residential properties abutting Diagonal Way (through traffic removed);</li> <li>• Removes traffic in the vicinity of reserve;</li> <li>• Establishes a shared use path with a clear link from Railway Station to Marion Regional Centre and future 'Chrysler trail' to Tonsley;</li> <li>• Improves safety of pedestrians and cyclists;</li> <li>• Two way traffic movements still available within the southern section of Diagonal Way;</li> <li>• Narrows the road in the vicinity of the residential properties, while still providing for on-street parking;</li> <li>• It allows easy and safe access to and from adjacent property on Diagonal Way;</li> <li>• Vehicle access to the Oaklands Station is available via Crew Street;</li> <li>• Achieves a key objective of integrating the area (connecting and maximising the open space areas);</li> </ul> <p>Improves the amenity and environment outcomes.</p>	<ul style="list-style-type: none"> <li>• Traffic is transferred to Crew Street;</li> <li>• Indirect access to the Oaklands Station car parking areas (south of the tracks). However, parking numbers have been reduced south of the tracks and redistributed to Murray Terrace, Railway Terrace and Addison Avenue.</li> </ul>

#### 4. Partial Road Closure of Diagonal Way

To facilitate the development and expansion of Dwyer Road Reserve, it is proposed to close Diagonal Way, Oaklands Park, between the northern boundary of 10 Diagonal Way and the southern boundary of the intersection of Crozier Terrace and Dwyer Road.

A resolution of Council is required to commence the road closure process under the Roads (Opening & Closing) Act 1991, to close the road closure land as indicated on the attached plan (Attachment 8). The closed road will be merged with the land in Certificate of Title Volume 5854 Folio 339, for Dwyer Road Reserve.

The road closure land is currently under the control of the Commissioner of Highways under Section 26 of the Highways Act 1926 for Oaklands Crossing construction purposes. Section 26(8) of the Highways Act provides that any action taken by Council to exclude vehicles from a road under the Commissioner of Highway's care, control and management is of no effect unless approved by the Commissioner in writing.

The Commissioner of Highway's written approval will be sought by Administration.

Dwyer Road Reserve is classified as Community Land under the Local Government Act 1999 and is contained in Community Land Management Plan 9 – Principal Reserves.

Upon the closure of the portion of Diagonal Way, the road closure land will be classified as Community Land under the Local Government Act 1999 and will be included in Community Land Management Plan 9 – Principal Reserves.

## 5. Remaining Contributing Works

Verge treatments to local streets adjacent to the station have been investigated for improvements to pathways, street tree planting and amenity. Concepts for Railway Terrace, Addison Avenue, Murray Terrace and Crozier Terrace verge treatments will be developed in the scheduled business year as per proposed program of works. Consultation with Elected Members and community will be administered by staff as scheduled in Attachment 5.

## CONCLUSION

The proposed program of works presented confirms Councils \$4 million contribution as per the funding agreement. The program integrates the Smart Cities and Suburbs grant which will enhance community and visitor experience within the precinct. Integrated technology will enable Council to test methods of service provision validated through data capture and analysis. As a pilot project, this will enable Council to consider applications for implementation to other precincts. The works program presents a practical scope of delivery, design budgets and time lines.

A concept plan illustrating a proposed pedestrian / cyclist connection to the regional centre and integrated community park has been developed. The concept creates an enhanced community park by closing the northern portion of Diagonal Way.

This report seeks Council endorsement for the proposed precinct works program and to consult with the community on the concept plans for the Dwyer Road Reserve and public realm associated to the proposed Diagonal Way road closure.

## Oaklands Crossing Contributing Works Program

### Attachment 2 Proposed Scope Summary

<b>Community Connection to Marion Regional Centre</b>	
Description	Development of a high quality and safe, pedestrian/ cyclist connection from the new station along Diagonal Way to the Marion Regional Centre.
Objectives	<ul style="list-style-type: none"> <li>To enhance pedestrian and cyclist connections from the new station and surrounding locality to the Marion Regional Centre, supporting active transportation modes.</li> <li>To activate the Marion Cultural Centre plaza, State Aquatic Centre and pedestrian/cyclist access to Westfield.</li> <li>Integrate smart technologies to enhance efficiencies in service delivery, community engagement, sustainability, and precinct wayfinding.</li> <li>Creation of a smart community park with play equipment, recreation, social and cultural amenities.</li> </ul>
Scope	<ul style="list-style-type: none"> <li>Quality shared use path that connects the station entrance southern plaza to Marion Regional Centre. Pathway to provide a safe, comfortable and desired route for pedestrians and cyclists.</li> <li>Road closure to northern portion of Diagonal Way adjacent Dwyer Road reserve to create a larger community park</li> <li>Tree planting and LED smart lighting to reinforce the pedestrian/ cyclist link.</li> <li>Potential for autonomous vehicle to travel the first/last mile on the shared use path to Marion Regional Centre</li> <li>Pedestrian Actuated Crossing on Diagonal Road adjacent Trott Grove and Warracowie Way.</li> <li>Wayfinding signage and electronic displays</li> <li>Integrated precinct car parking wayfinding signage</li> <li>Retain pedestrian connections along Morphett Road verge to the south with additional wayfinding and amenity landscaping.</li> </ul>
Design budget (includes capex and opex)	-Diagonal Way (Dwyer Rd to Crew Street) \$1,705,500.00 -Diagonal Road (Crew Street to Trott Grove) \$1,285,000.00
Timing	Planning/ Design- Diagonal Way (2019/20) Diagonal Road (2020/21) Capital Works - Diagonal Way (2020/21) Diagonal Road (2021/22)

<b>Dwyer Road Reserve and Morphett Road Reserve Community Park</b>	
Description	<ul style="list-style-type: none"> <li>Upgrade Dwyer Road Reserve with a neighbourhood level playground</li> <li>Integrating Internet of Things (IoT) sensor based play equipment and wayfinding, ensuring connectivity and analysis to improve community engagement and service provision.</li> </ul>
Objectives	<ul style="list-style-type: none"> <li>Create a smart community park with play equipment, recreation and social amenities.</li> <li>Integrate the park with enhanced connections to the train station and Marion Regional Centre.</li> </ul>
Scope	<ul style="list-style-type: none"> <li>Upgrade of service level to neighbourhood level park with playground and associated amenities</li> </ul>

	<ul style="list-style-type: none"> <li>Explore through consultation opportunities for community activation through events and programs.</li> </ul>
Design budget (includes capex and opex)	<ul style="list-style-type: none"> <li>\$1,240,000.00</li> </ul>
Timing	Planning/ Design (2018/19- 19/20) Capital Works (2019/20)

### Railway Terrace

Description	<ul style="list-style-type: none"> <li>Northern verge treatment adjacent to the local shops between Diagonal Road and First Avenue</li> </ul>
Objectives	<ul style="list-style-type: none"> <li>Urban activation of the local shops through improved public realm</li> <li>Improve amenity and connectivity the station.</li> </ul>
Scope	<ul style="list-style-type: none"> <li>Provision of better quality pavements, and street furniture to support accessibility and dwell time</li> <li>Place activation with Adelaide University sponsored Place Agency. City of Marion staff to partner with Adelaide University School of Architecture and Built Environment to facilitate stakeholder engagement and place activation interventions.</li> </ul>
Design budget (includes capex and opex)	<ul style="list-style-type: none"> <li>\$74,750 (Adelaide University School of Architecture and Built Environment contributing \$10,000 to place activation initiatives)</li> </ul>
Timing	Place Agency 2018/19 – Detailed Design (2020/21) Capital Works (2020/21)

### Addison Avenue

Description	<ul style="list-style-type: none"> <li>Southern verge treatment between Morphett Road and Ailsa Avenue</li> </ul>
Objectives	<ul style="list-style-type: none"> <li>Improve amenity and connectivity the station.</li> </ul>
Scope	<ul style="list-style-type: none"> <li>Provision of better quality pavements, tree planting potential water sensitive urban design tree pits.</li> <li>Provision of Car parking sensors and digital wayfinding</li> <li>Wayfinding</li> <li>Public art</li> </ul>
Design budget (includes capex and opex)	<ul style="list-style-type: none"> <li>\$102,250</li> </ul>
Timing	Planning/ Design (2021/22) Capital Works (2021/22)

### Murray Terrace

Description	<ul style="list-style-type: none"> <li>Northern verge treatment between Morphett Road and Barry Avenue</li> </ul>
Objectives	<ul style="list-style-type: none"> <li>Improve amenity and connectivity the station.</li> </ul>
Scope	<ul style="list-style-type: none"> <li>Provision of better quality pavements, tree planting potential water sensitive urban design tree pits.</li> <li>Provision of Car parking sensors and digital wayfinding</li> <li>Wayfinding</li> <li>Public art</li> </ul>

Design budget (includes capex and opex)	<ul style="list-style-type: none"> <li>• \$118,000</li> </ul>
Timing	Planning/ Design (2021/22)
	Capital Works (2021/22)

Crozier Terrace	
Description	<ul style="list-style-type: none"> <li>• Southern verge treatment between Dwyer Road and Kearnes Road</li> </ul>
Objectives	<ul style="list-style-type: none"> <li>• Improve amenity and connectivity the station.</li> </ul>

Design budget (includes capex and opex)	<ul style="list-style-type: none"> <li>• \$110,000</li> </ul>
Timing	Planning/ Design (2021/22)
	Capital Works (2021/22)

# Attachment 3- Oaklands Works Program Concept Plans

## Background

The Oaklands Crossing Grade Separation Project will improve safety for all road users and ease traffic congestion by lowering the rail line under the road and removing the level crossing. The project is being delivered by Public Transport Projects (PTP Alliance), including organisations McConnell Dowell, Mott MacDonald and ARUP, joining DPTI to deliver the project.

The proposed grade separated alignment is to be located to the south of the current train line to enable the operational service for the majority of the construction program, limiting impact on commuters.

- City of Marion is a funding partner contributing \$5 million towards the delivery of the project. This funding comprises of;
- \$1million cash contribution 2018/19
  - \$4million of future capital works budgets (2019-2022) utilising components of Footpath, Kerb and Water table, drainage, traffic and open space budgets.

Contributing infrastructure to be determined Financial Year budgets (ex GST)	2019/20	2020/21	2021/22
Council Funding Contributions includes footpaths, kerb and water table, drainage, traffic management, public art, tree planting, open space reserve development, integrated smart technologies.	\$900,000  Includes \$500,000 for Dwyer Road Reserve renewal upgrade	\$1,550,000	\$1,550,000

### Oaklands Smart Precinct

The Oaklands Smart Precinct provides a unique opportunity to position Southern Adelaide as a smart region, working in partnership with the diverse advanced manufacturing business sector situated close by at the Tonsley innovation district, to leverage technology, expertise and smart infrastructure within a significant precinct redevelopment. Smart Cities and Suburbs grant funding \$867,500.

**Funding contributing to the Oaklands infrastructure is \$710,650.00**

### Data gathering (Internet of Things)

- Pedestrian movements – monitor usage, movement, dwelling times
- Smart Lighting - enhanced asset management services (outages, dimming, operation, and maintenance), data collection capacity and management
- Wayfinding - communicating locations, news and events in area
- Smart Irrigation – enabling efficient and effective irrigation of the reserve through real-time monitoring
- Parking technology solution - communicate car park availability, time limits, and park type.

### Dwyer Road reserve smart park

- Smart Plaza & Basketball area including USB plugs, charging station, solar panels, WiFi
- Nature Play, Technology and Smart Play areas
- Smart BBQ & waste solutions
- CCTV – covering reserve as a key destination and ‘through’ point from railway station.
- Connectivity south through to the Marion Cultural Centre, State Aquatic and Leisure Centre and Westfield Marion (Marion Regional Centre).
- Connectivity north through to train station plazas with facilities for bike storage, toilet and food truck/pop up shop spaces to local shops and the suburb of Warradale.

Connectivity will be designed to future proof the precinct for the addition of elements such as an autonomous vehicle into the future. There is potential for a 'last mile' autonomous vehicle to run between the Oaklands railway station, through the reserve to attractions to the south of the precinct including the State Aquatic and Leisure Centre, Westfield Marion, Marion Regional Centre, and Marion Cultural Centre and Plaza.

## Objectives

- Seamless integration of public realm that provides enhanced connections to the Oaklands Station development
- Smart precinct that incorporates real time data capture and information distribution; supporting economic development activities, public safety and community connections.
- Improve connectivity to Oaklands Station for active travel by providing safe passage of travel between Marion Regional Centre and local key destinations adjacent to the station.
- Dwyer Rd Reserve and playground upgrade with integrated smart technology infrastructure.
- A precinct approach to public art, place making and wayfinding initiatives to enhance the user experience.

## Scope and budget for Council delivered work

- Diagonal Way and Diagonal Rd pedestrian cyclist connection to Marion Regional Centre
- Dwyer Rd Reserve community park inclusive of neighbourhood playground
- Crozier Tce eastern verge connecting Kearnes Road to Dwyer Road
- Murray Tce northern verge connecting Morphett Road to Barry Terrace
- Railway Terrace northern verge connecting Diagonal Road to First Avenue
- Addison Avenue southern verge connecting Morphett Road to Ailsa Avenue

**Budget \$4,710,650.00** (Council funds \$4,000,000+ Smart Cities Funding \$710,650.00)

SK01

Draft

# Oaklands Crossing- Station Access and Existing Traffic Movements

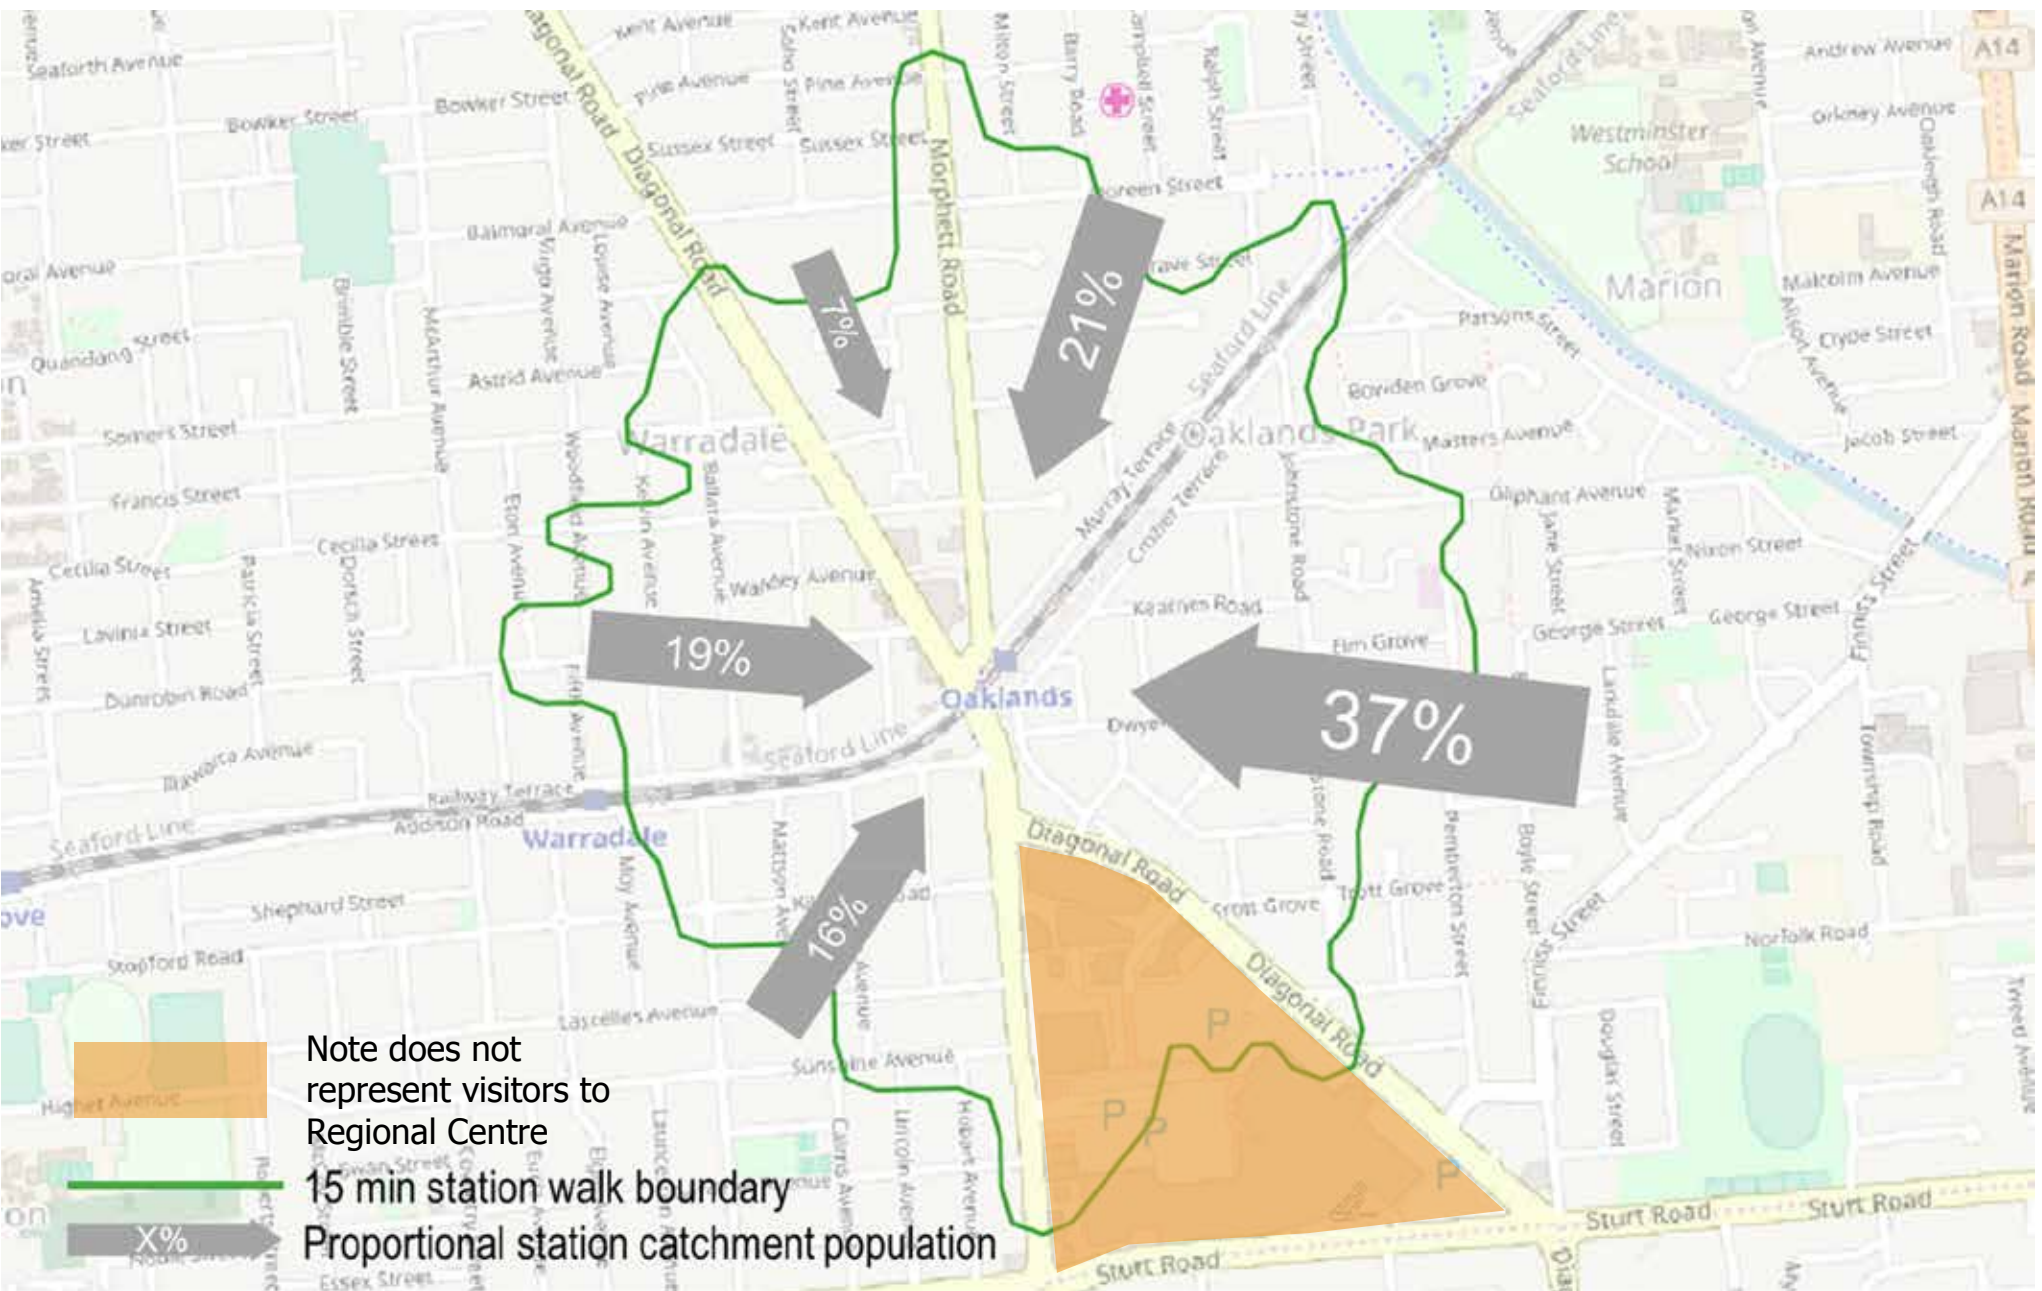

Direction	Daily	AM Peak (7am-9am)
Inbound	1100	600
Outbound	250	50
Total	1350	650

**Estimated Oaklands Station boardings 2017- PTPA Station Access Report (2018)**  
\*Alighting data is not recorded by Metrocard system

**Estimated access mode share for Oaklands Station- PTPA Station Access Report (2018)**

**Directional split of population within 15 minute walk of Oaklands Station- PTPA Station Access Report (2018)**

- Oaklands Precinct
- Dwyer Rd Reserve Community Park
- Average number of vehicles per day

- Walking and Cycling connections
- Proposed 'Chrysler Trail' shared path connecting to Tonsley precinct
  - Marino Rocks Greenway

# Project scoping- Council Contributing Works

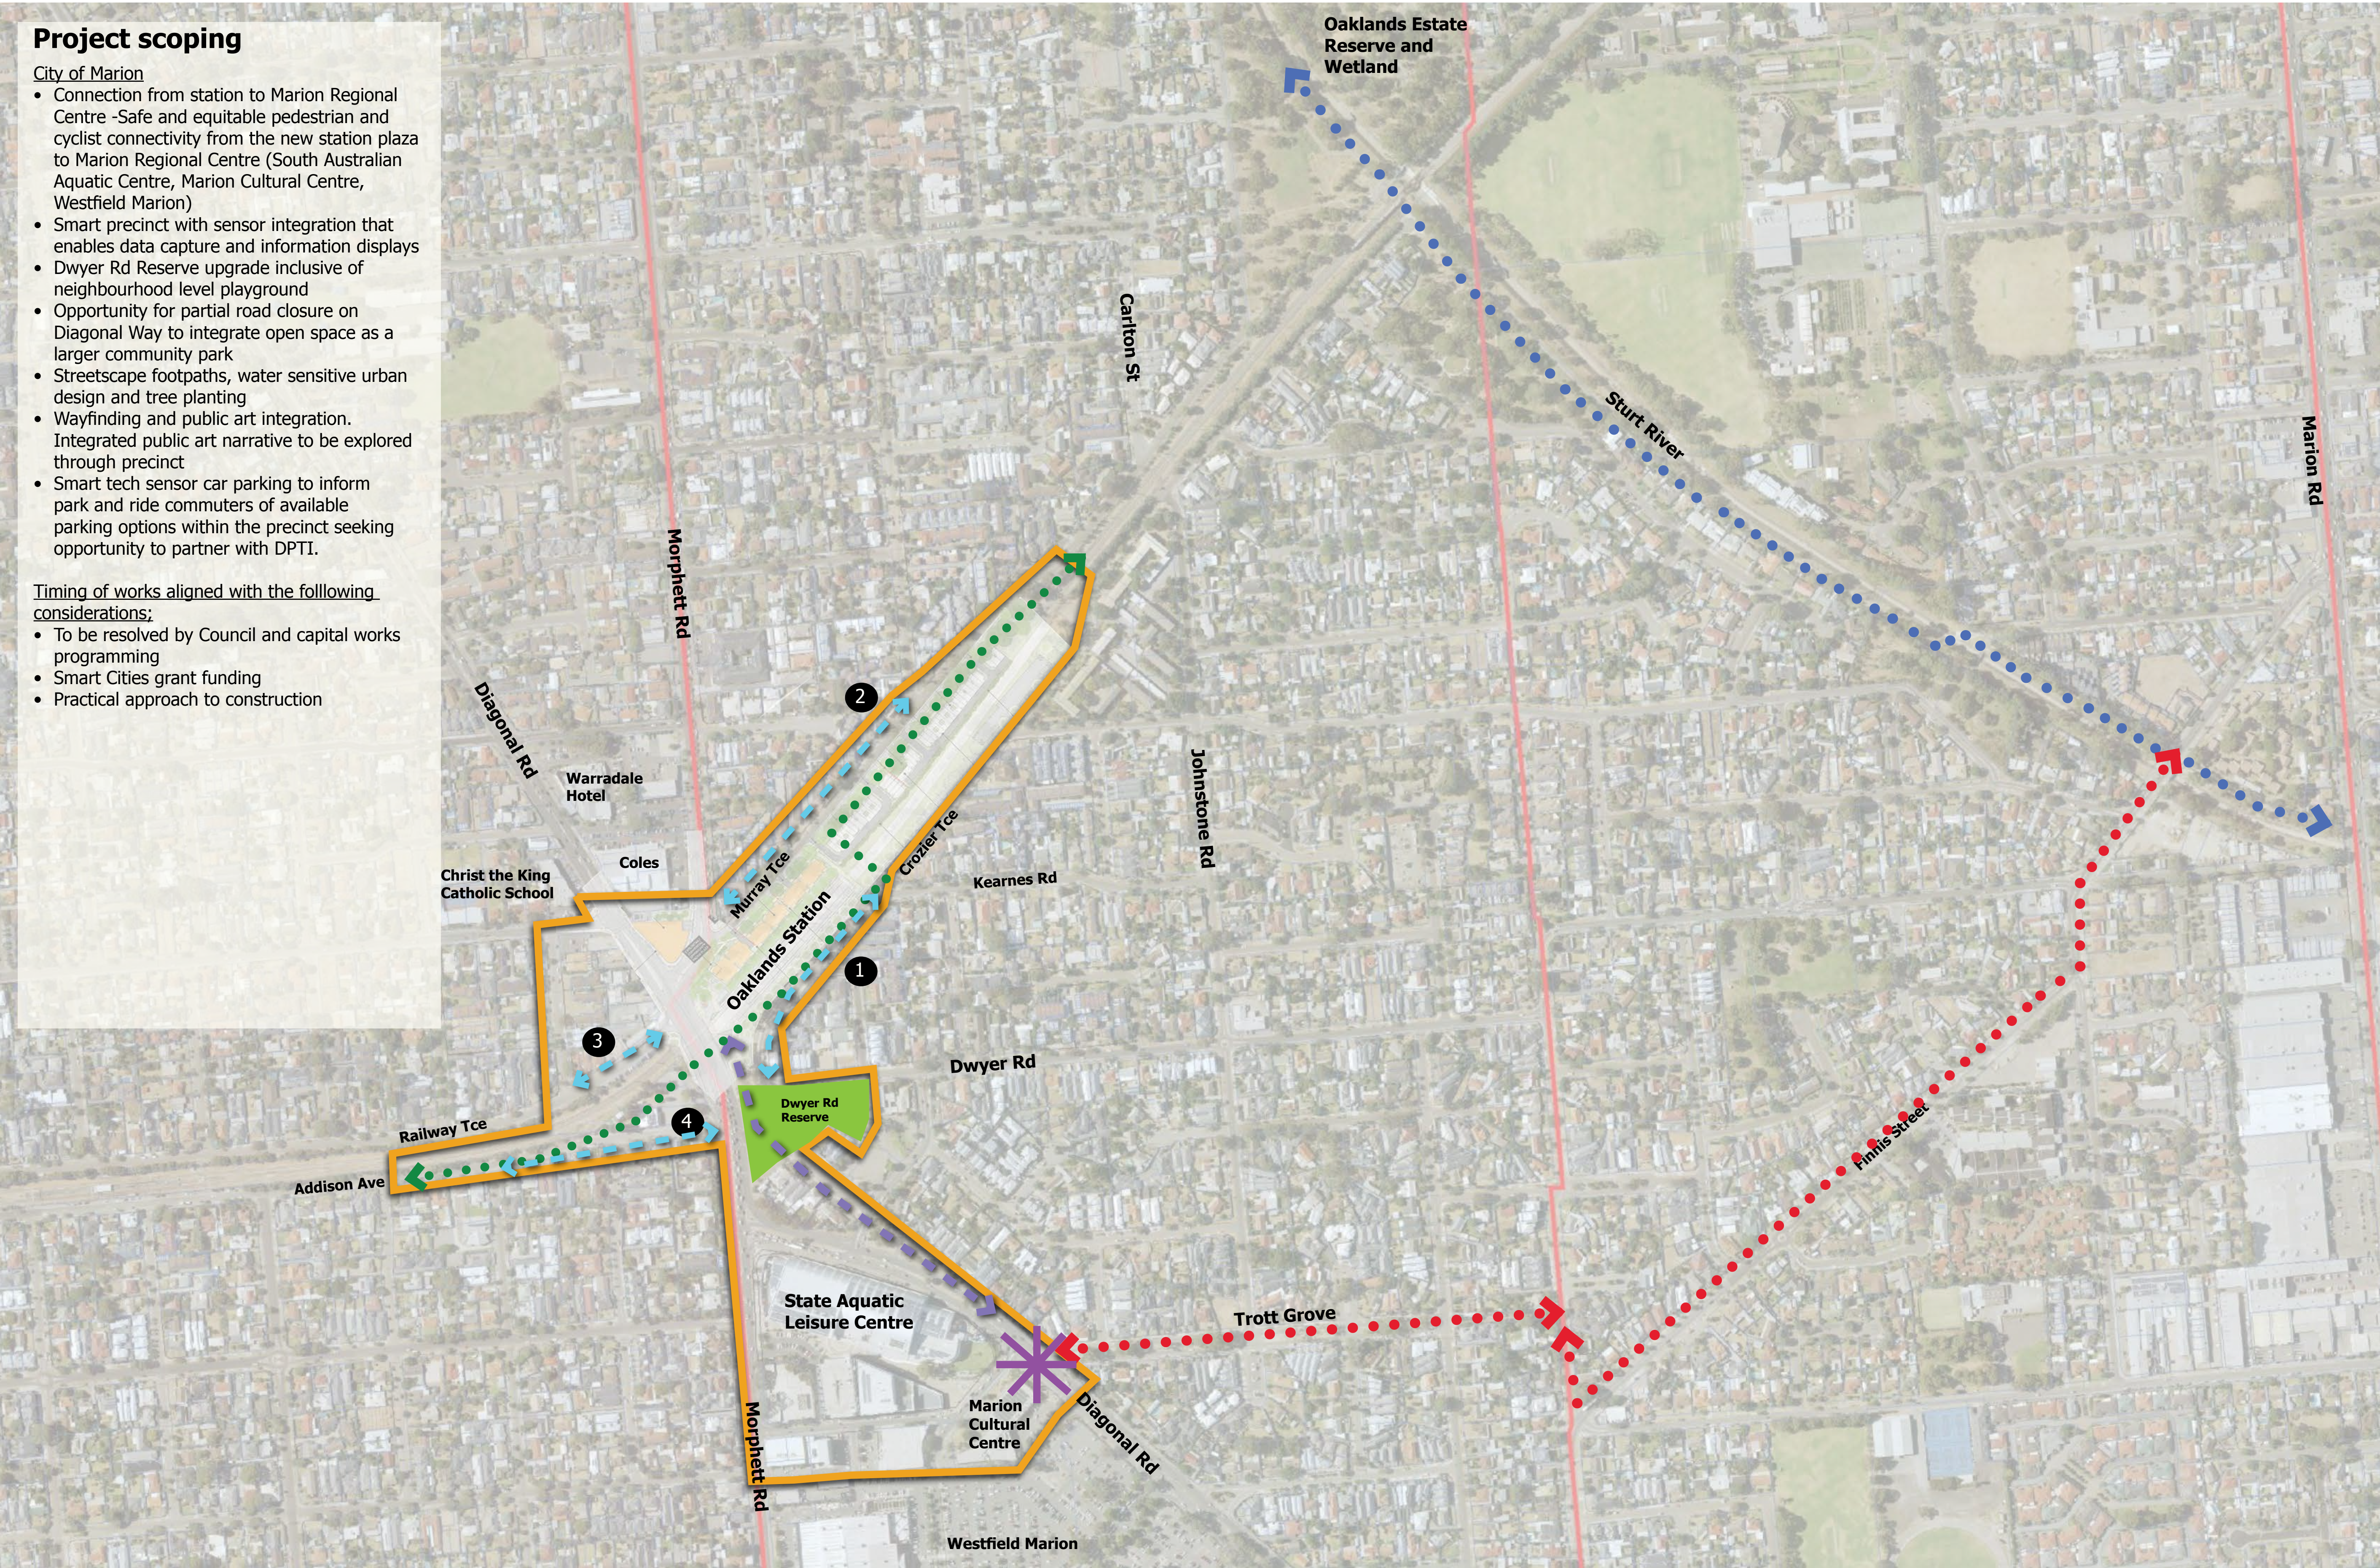

## Project scoping

### City of Marion

- Connection from station to Marion Regional Centre -Safe and equitable pedestrian and cyclist connectivity from the new station plaza to Marion Regional Centre (South Australian Aquatic Centre, Marion Cultural Centre, Westfield Marion)
- Smart precinct with sensor integration that enables data capture and information displays
- Dwyer Rd Reserve upgrade inclusive of neighbourhood level playground
- Opportunity for partial road closure on Diagonal Way to integrate open space as a larger community park
- Streetscape footpaths, water sensitive urban design and tree planting
- Wayfinding and public art integration. Integrated public art narrative to be explored through precinct
- Smart tech sensor car parking to inform park and ride commuters of available parking options within the precinct seeking opportunity to partner with DPTI.

### Timing of works aligned with the following considerations;

- To be resolved by Council and capital works programming
- Smart Cities grant funding
- Practical approach to construction

### City of Marion Contributing Funds

Oaklands Precinct

Dwyer Rd Reserve Community Park

Proposed pedestrian actuated crossing (exact location to be confirmed with DPTI)

### Streetscape Projects

**Diagonal Way**  
Community Connections to Regional Centre (refer to SK02)

**Verge upgrade treatments (not in order of priority)**

- 1 **Crozier Tce** (eastern side from Dwyer Rd to Kearnes)
- 2 **Murray Tce** (northern side from Morphet Road to Barry Tce)
- 3 **Railway Tce** (northern side- Diagonal Rd to First Avenue)
- 4 **Addison Ave** (southern side- Morphet Road to Ailsa Avenue)

### Walking and Cycling connections

- Proposed 'Chrysler Trail' shared path connecting to Tonsley precinct
- Marino Rocks Greenway
- Sturt Linear Trail

SK03

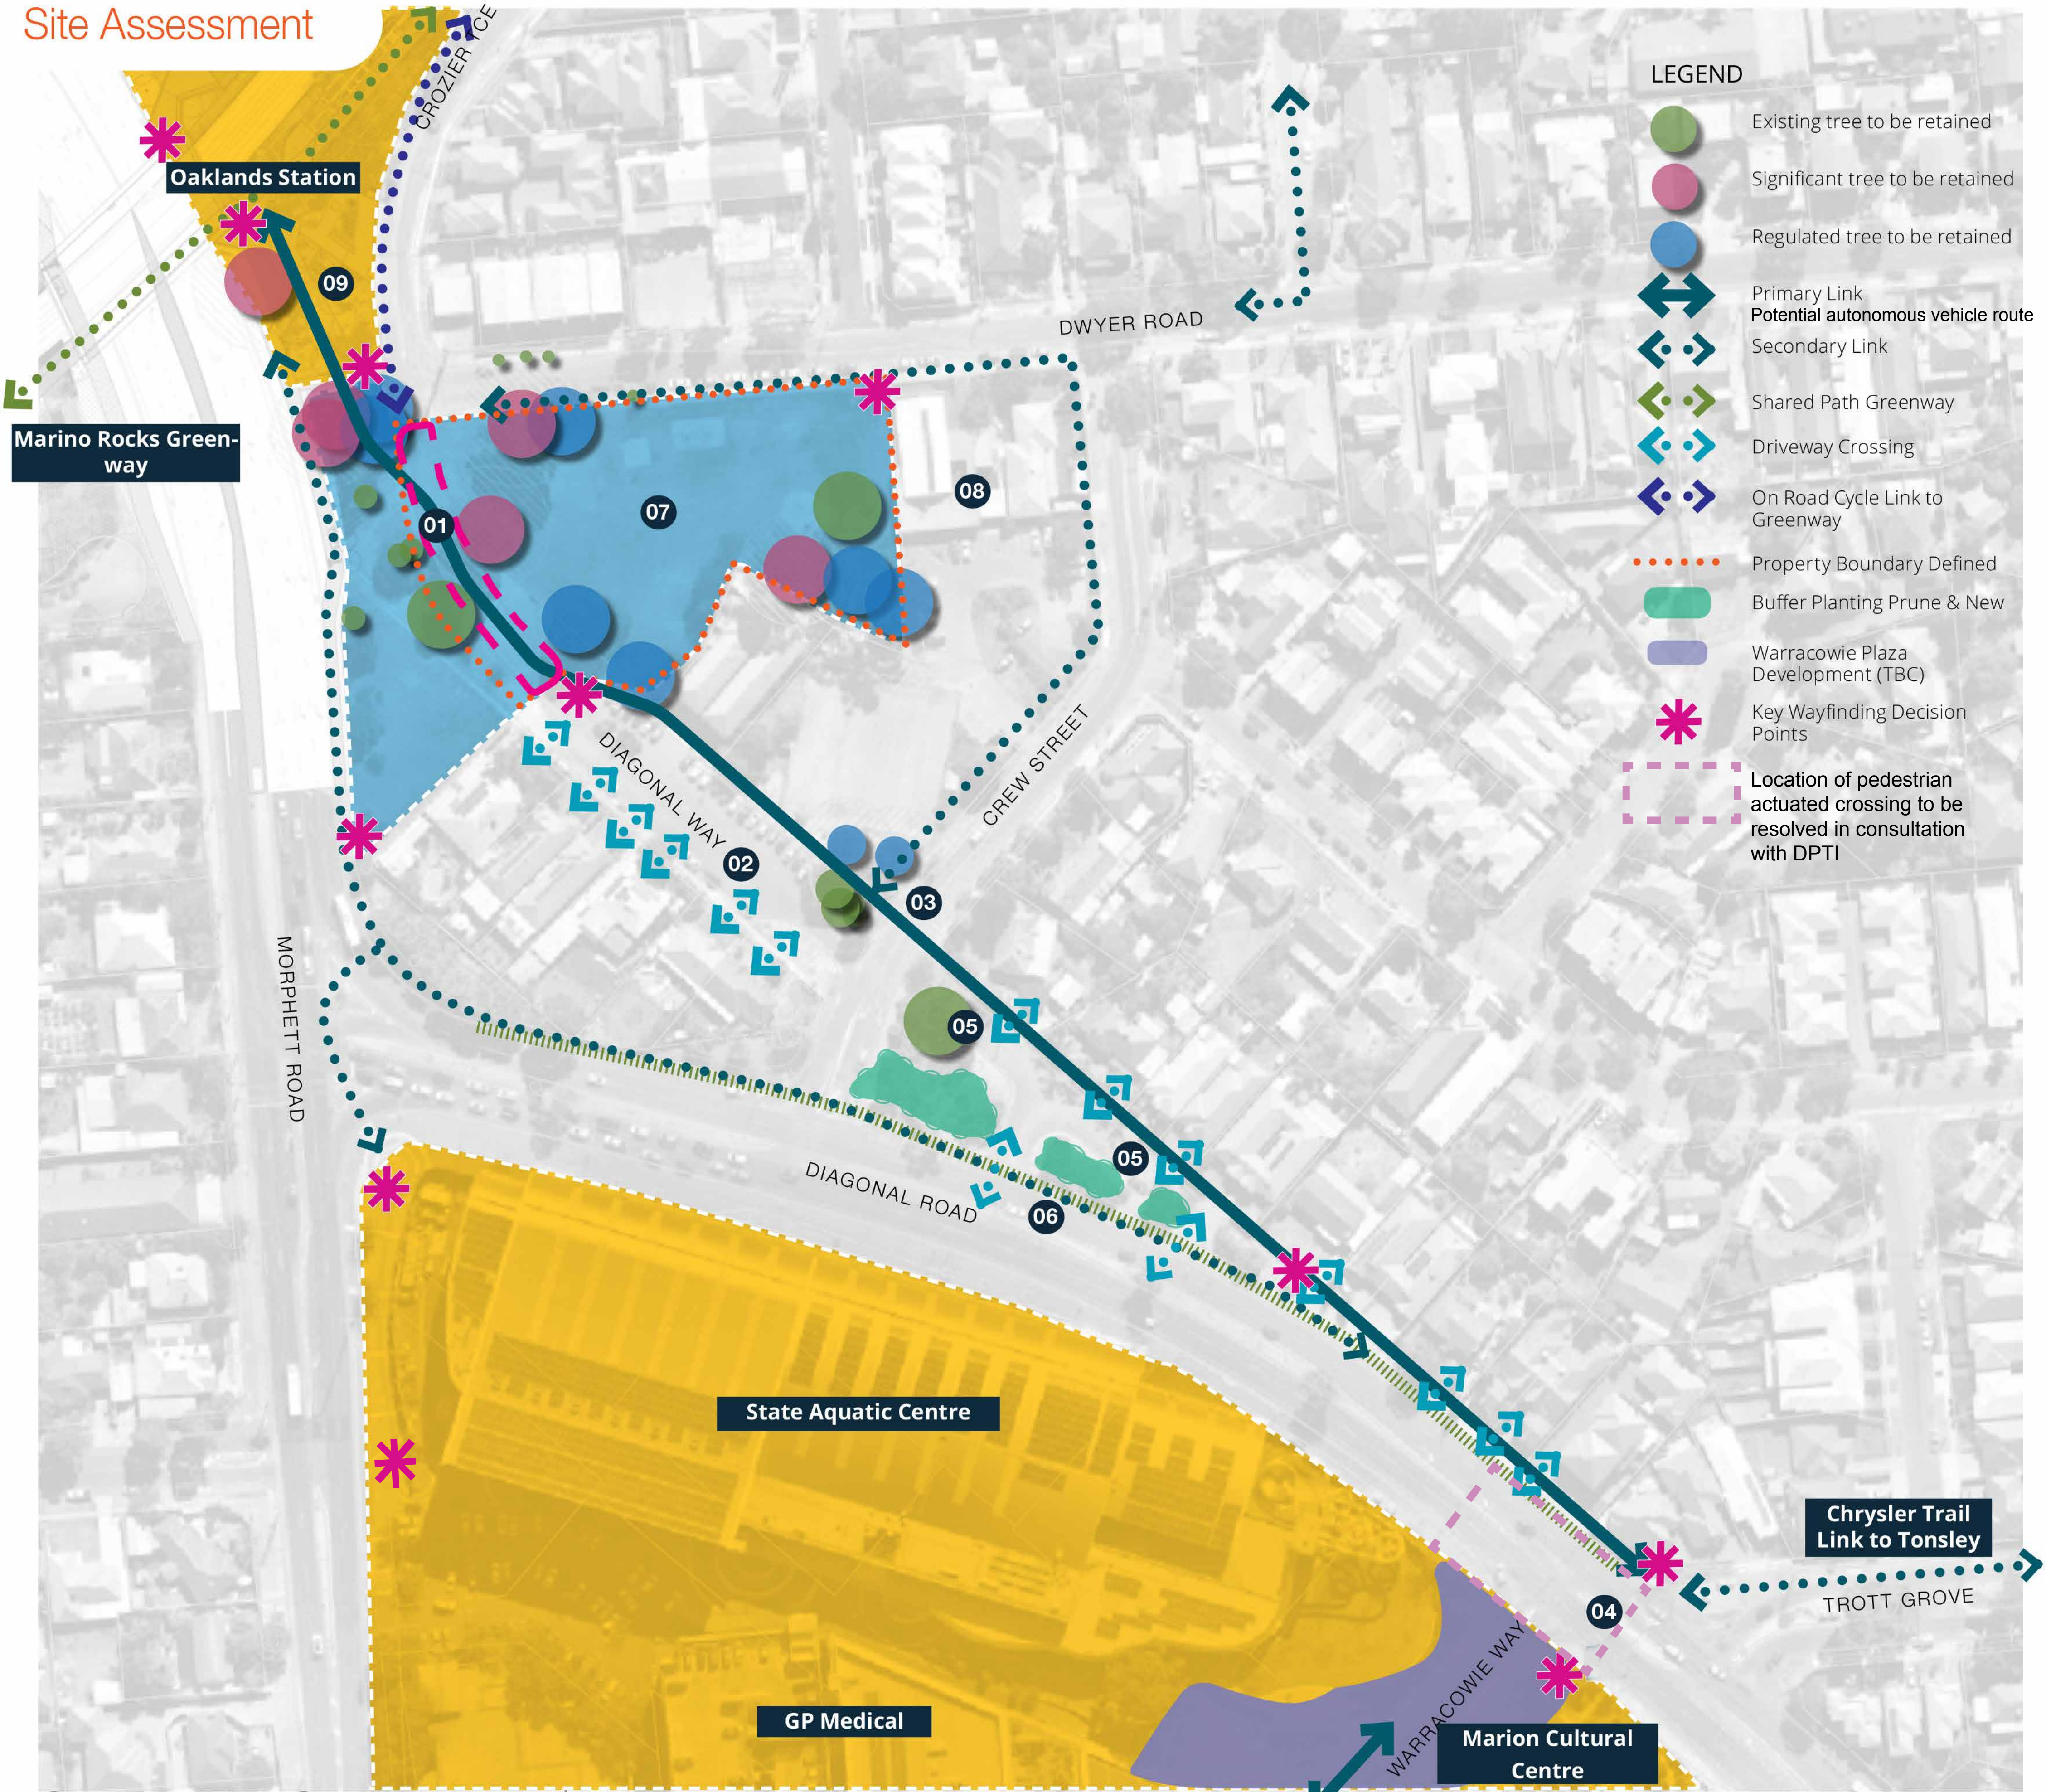

Draft

# Project scoping- Diagonal Way Community Connections

## Site Assessment

### KEY OPPORTUNITIES

- 01** Potential partial closure of Diagonal Way
  - Improved shared path link from Marino Rocks to Chrysler Trail
  - Increased safety for playground
  - Physical extension of Dwyer Reserve
  - Extension of Oaklands Station forecourt
  - Enhanced Community park
- 02** Narrowing of Diagonal Way
  - Reduced vehicle speeds and increased safety
  - At a minimum maintain number of parking spaces
  - Improved amenity for residents
  - Reinforce shared path connection
- 03** Crew Street wombat crossing
  - Reduced vehicle speeds and pedestrian safety
  - Reinforce shared path connection
- 04** Activated pedestrian crossing
  - Proposed location of crossing to be resolved in consultation**
  - Establishes final continuous link between Oaklands Station to Marion Activity Centre
  - Improved pedestrian safety
  - Integration with future redevelopment of Warracowie Way
- 05** Diagonal Road verge
  - Clear out existing understorey vegetation and retention of trees
  - Potential for WSUD treatments
- 06** High Street tree planting
  - Reinforce Diagonal Rd as a 'High Street'
  - Tree species to be accommodate scale of road and development
  - Potential to reflect Gleditsia planted along SAALC or other as per DPTI standard
- 07** Dwyer Reserve playground
  - Neighbourhood level
  - Mix of traditional play, nature play and passive recreation
  - Smart play technology integration**
- 08** St. Elizabeth of Hungary Anglican Church
  - Potential for visual and physical integration with Dwyer Reserve
  - Green space connection
  - Community activation
  - Potential for Church to utilise Reserve for breakout space / functions
- 09** Oaklands Station Forecourt
  - Potential to carry through materiality from station forecourt
  - Open up and reinforce views and links from station to Marion Activity Centre
  - Shared path link to Marion Rocks Greenway
- 10** Connection to Westfield
  - Improving accessibility and connection to all facilities within the Marion Regional Centre

# Project scoping- Diagonal Way Community Connections

## Analysis and Approach

### ANALYSIS OF EXISTING CONDITIONS

The Oaklands Hub Connected Communities Report identifies the Oaklands Hub as the ‘heart’ to teh city of Marion. Central to this vision is the strategy to improve local connections, providing improved suburban connectivity and a higher level of amenity for pedestrians and cyclists. In that study, Diagonal Way and its extension to the north at Crozier Terrace provides a direct pedestrian and potential cycle link from the new grade separated Oaklands Station to Marion Regional Centre (Central Plaza) via a possible pedestrian activated crossing on Diagonal Road. It is also identified in the City of Marion’s, Flinders Tonsley Precinct Integrated Transport & Parking Strategy as being a key shared-use connecting route to Tonsley ( Chrysler Way).

Currently, the function of Diagonal Way is primarily to maximise parking & local vehicle access with narrow footpaths & limited bike facilities. It also provides access to Oaklands Station and the pre construction carpark on Crozier Terrace. However the car parking will be redistributed across the corridor onto Murray Tce ( **149** ), Railway Tce ( **92** ), Addison Road ( **25** ), and Crozier Tce ( **94** ). This will ultimately reduce to vehicle movements on Crozier and surrounding streets and there will be less supply of carparking. In addition, an inconsistency of street trees, amenity and buffer plantings significantly detract from the legibility and visibility of the connection to the Marion Regional Centre.

Dwyer Reserve currently functions as a local open space with basic amenities. The City’s open space strategy and playground framework identifies Dwyer Reserve as a neighbourhood reserve incorporating a playspace. In the context of the Oaklands Crossing Grade Separation project, Dwyer reserve has the potential for increased activation, extending the public realm of the proposed Oaklands Station forecourt and providing a quality open space asset for the Marion community.

### APPROACH

Diagonal Way has a unique opportunity to become more than a conduit for vehicles. By adopting the right approach and implementing considered design solutions, Diagonal Way can become a destination in its own right.

Opportunities exist to create a unique pedestrian friendly street experience that will moderate vehicle speeds and improve the function & legibility of pedestrian & cycle movements and amenity of Dwyer Reserve.

The following assessment of Diagonal Way highlights the functionality of the street’s importance as both a Link and a Place.

### STREET AS PLACE

Vision: Street as a destination in its own right

Design objective: a place to spend time - a vital component of the public realm

As a Place, Diagonal Way and its surrounds can be a destination in its own right; a location where activities occur with an integrated connection to Dwyer Reserve and the Oaklands Station forecourt. Pedestrians and cyclists don’t intend to just pass through the area many will be spending time in the area on a wide variety of activities (gathering, talking, waiting, resting).

Studies have found that:

- the more shared the street, the more vehicular speed is reduced
- the more shared the street, the more pedestrians were observed within a notional carriageway space
- decrease in vehicles speeds results in significantly reduced fatalities from collisions; 48km/h (45% risk of fatality), 32km/h (5% risk of fatality)

\* Above study results derived from: ‘Streets For People: Compendium for South Australian Practice (2012)’

PEDESTRIAN / BIKE

SHARED

VEHICLE

Existing Conditions - Street as Link

Potential Future - Street as Place

# Site Plan

## LEGEND

- Scope Boundary
- Refer (Sk07)
- Existing Tree
- Proposed Deciduous Tree
- Proposed Evergreen Tree
- Wombat Crossing/Traffic control device
- Public art
- Existing Property Access
- Existing on Road Cycle Lane

- Proposed Pedestrian Activated Crossing (location to be confirmed in consultation with DPTI)
- Proposed pedestrian/ cyclist link Potential for autonomous vehicle
- Proposed Wayfinding elements

## KEY

- 01 Ramp for on road cyclist
- 02 Update Verge Treatment to Improve Sightlines
- 03 Maintain residential crossover access and parking, incorporating landscaping.
- 04 Reseal road surface
- 05 Traffic calming: texture paving and table top (potential for Public Art)
- 06 Remove pedestrian refuge
- 07 Proposed paving bands within existing bitumen
- 08 Potential kerb cutting and WSUD
- 09 Feature paving
- 10 Tree planting to median (subject to DPTI approval)

## LEGEND

- Existing Tree to be Retained
- Proposed Deciduous Tree
- Proposed Evergreen Tree
- Bus Stop
- Wombat Crossing/traffic controls
- Wayfinding element
- Opportunity for Public Art as surface graphics
- Dwyer Rd Reserve
- Includes playground, recreation opportunities, pathways and amenities.
- Road Reserve / Landscaping

## KEY

- 01 Dwyer Road Reserve upgrade including playground
- 02 Shared use path (pedestrian tree lined avenue)
- 03 Power and facilities for events i.e food trucks, markets
- 04 Controlled access for service vehicles to reserve
- 05 Shared use path (pedestrian tree lined avenue)
- 06 Bitumen road reseal
- 07 Proposed paved table top wombat crossing, providing traffic control of pedestrian and cyclist crossing point.
- 08 Vehicle crossover for residential properties
- 09 Lawn area for recreation
- 10 Parallel parking to Diagonal Way
- 11 90 degree parking to Diagonal Way
- 12 Paving treatment for visual identification of pedestrian and cyclist activity.
- 13 Retain existing footpath connection on Morphett Road with wayfinding and landscape treatments

## Diagonal Way - Vehicle road closure adjacent Dwyer Rd Reserve - Maintaining vehicle access to residents both directions

### KEY STRATEGIES

- Maintain vehicle movements to Oaklands Station via Crew St, Dwyer Rd and Crozier Tce
- Closure of Diagonal Way adjacent to Dwyer Reserve (pedestrian/ cyclist link only)
- Maintain Diagonal Way, south of Dwyer Road reserve for local access and car parking
- Pedestrian / Bike access maximised
- High level of integration between public realm and street
- Food truck/market stalls - temporary activation opportunities

### POSITIVES

- Complete separation of pedestrian and vehicular traffic providing a safe, high quality active travel connection with clear definition
- Value adding to a neighbourhood level park by creating a continuous public realm.
- Greatly enhances environmental and amenity outcomes

### NEGATIVES

- Vehicle access to Oaklands Station and car parking on Crozier Tce less direct

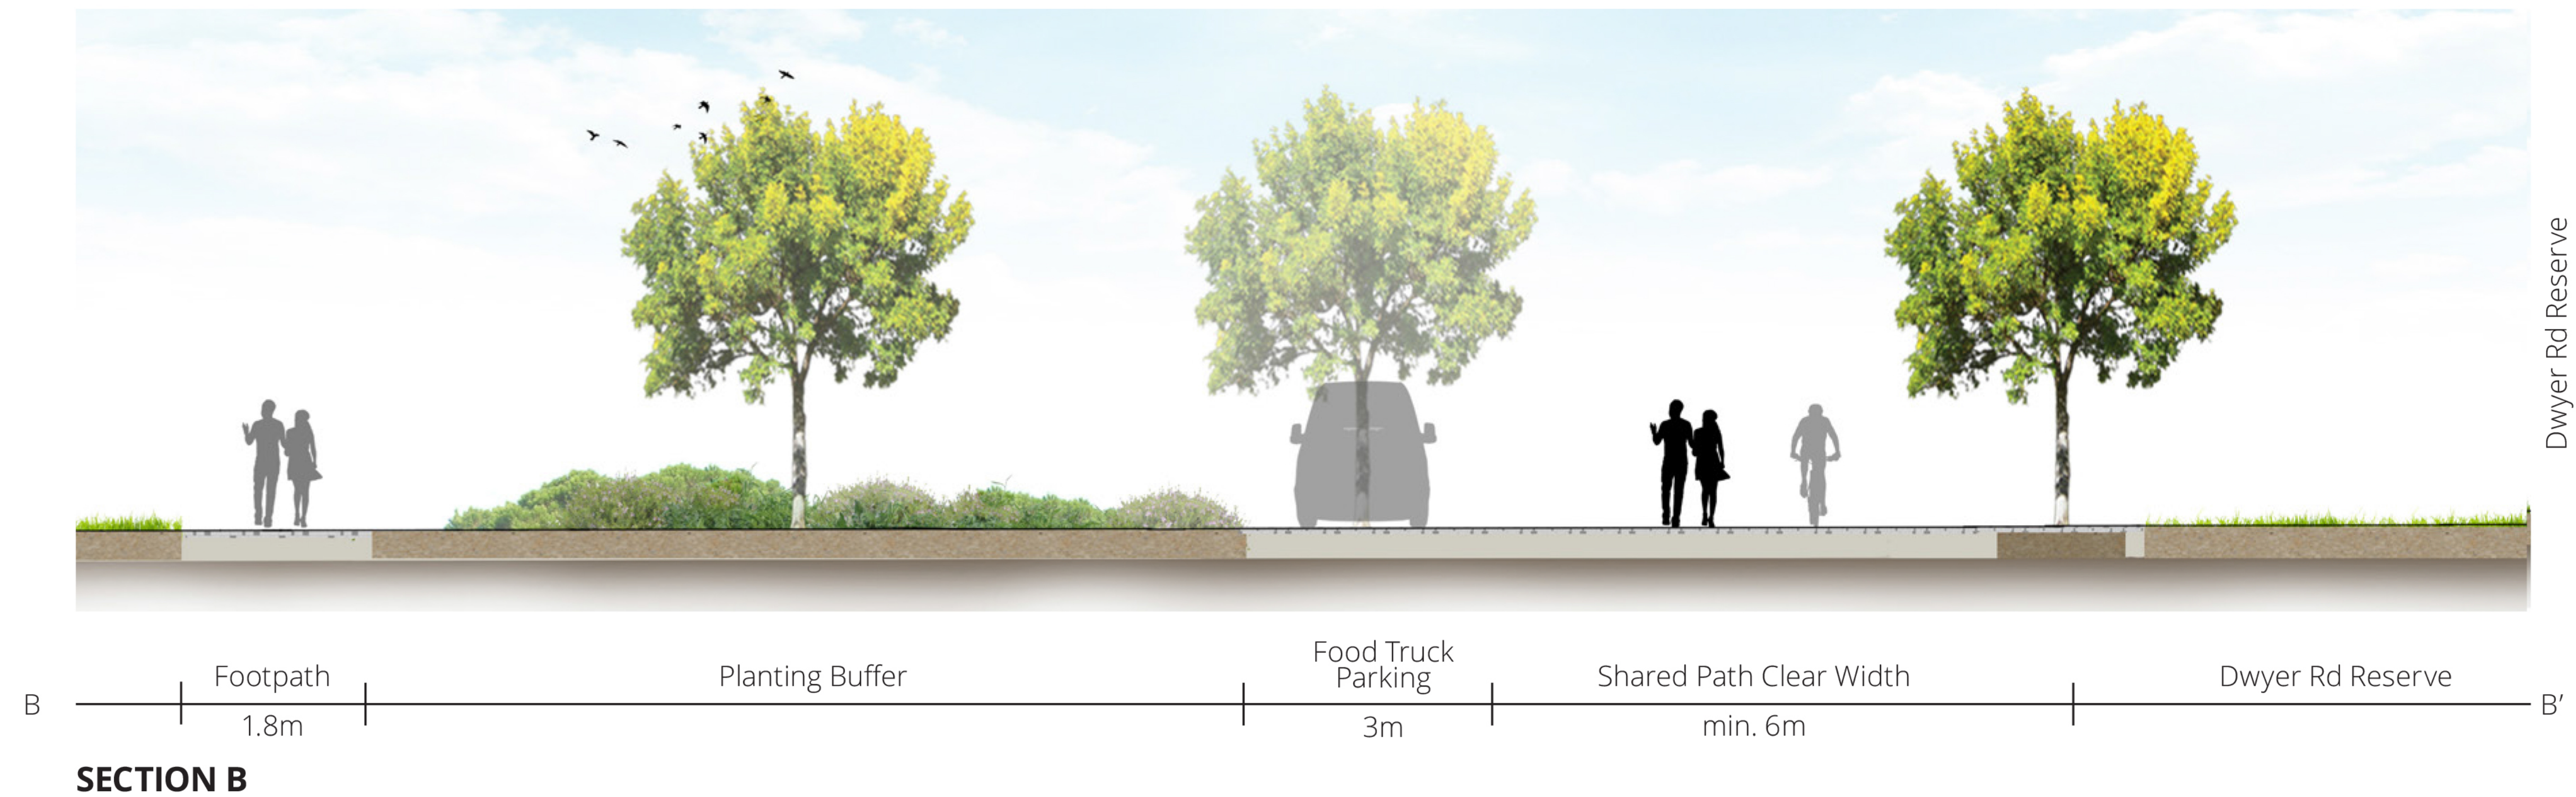

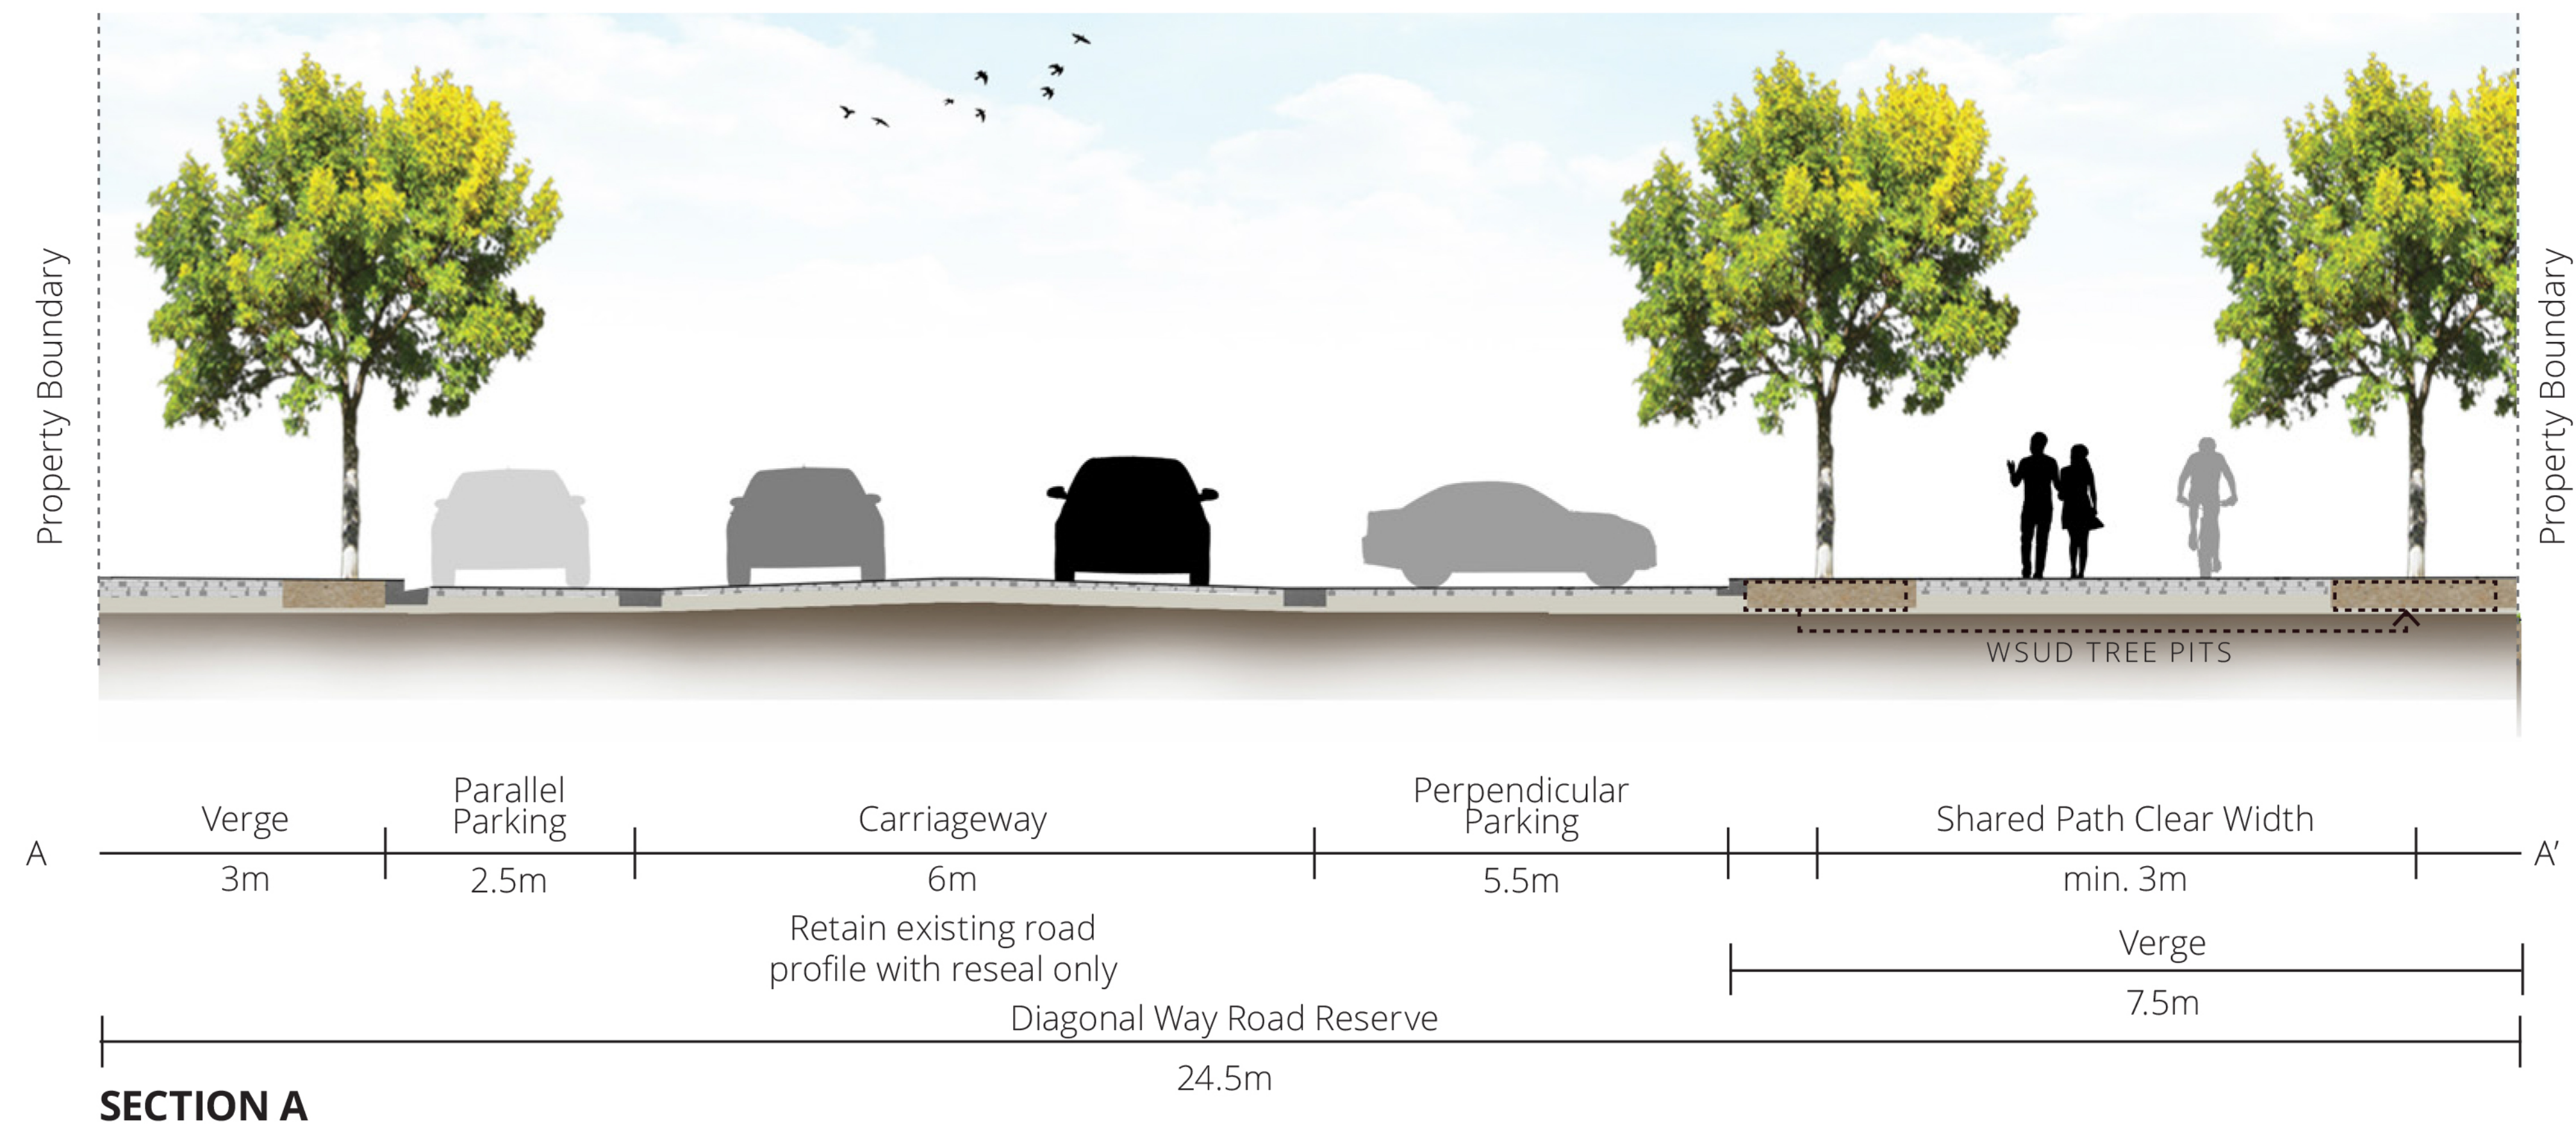

### TO BE FLAGGED

- Car parking on Crozier Tce has been redistributed across the corridor, ultimately less traffic movement should occur for station access. Access to Crozier Tce is still provided in a legible traffic solution.

Diagonal Way - Vehicle road closure adjacent Dwyer Rd Reserve - Maintaining vehicle access to residents both directions

## OAKLANDS CROSSING GRADE SEPARATION

## Temporary Closure of Diagonal Way Summary Report

March 2018 – February 2019

**13/03/2018, total door knocked: 114**

### Comments around proposed occupation of Dwyer Road Reserve and temporary closure of Diagonal Way

- “Have lived here for 23 years, concerned with additional flow of traffic on Crew Street and Albany Crescent if Diagonal Way is going to be closed.” *Albany Crescent*
- “Drives but not fussed about Diagonal Way” *Dwyer Road*
- “Not fussed about closing Diagonal Way” *Letcher Road*
- “Rides a bike and has no issues with Diagonal Way being closed” *Dwyer Road*
- “No issues with Diagonal Way being closed” *Dwyer Road*.

**9/04/2018, total door knocked: 15**

### Initial comments around the site set up and temporary closure of Diagonal Way

- “Concerned about extra travel time to access the train station” *Diagonal Way*
- “Doesn’t drive and not bothered by this” *Diagonal Way*
- Not fazed by the project or temporary road closure x 2, *Diagonal Way*
- “Don’t mind that Diagonal Way will be closing- hoping it will be a bit quieter!” *Diagonal Way*.

**22/05/2018 & 23/05/2018, total door knocked: 16**

### Early comments around how residents feel now that Diagonal Way has been temporarily closed

- “All fine, no issues with the closure” x 3, *Dwyer and Letcher roads*
- “Not worried about the Diagonal Way closure” *Letcher Road*
- “Not worried about Diagonal Way closure as I don’t drive” *Letcher Road*
- “Not bothered by the closure of Diagonal Way. Have just moved in recently” *Letcher Road*
- “Think it’s a bit busier with the closure of Diagonal Way but not bothered by it” *Dwyer Road*.

**13/11/2018, total door knocked: 44**

### Comments around how residents are faring with the project and temporary closure of Diagonal Way

- “Concerned that if Diagonal Way is left closed once project is completed, Crew/Albany Street will become main thoroughfare for cars getting to south of station” *Albany Crescent*
- “No issues, thank you for checking in” x 6, *Diagonal Way and Letcher Road*
- “No problems, not fussed about Diagonal Way, however Ubers get confused” *Letcher Road*.

**12/02/2019, Resident meetings: 2**

- “Have to weave around and it takes extra time (to get to Diagonal Road), however if it was local traffic allowed through here then no issue” *Crozier Terrace*
- “It’s not too much of a bother but I find it dangerous turning left out of Albany Crescent when cars are parked in front of Church (sightlines)” *Crozier Terrace*

# OAKLANDS CROSSING COMMUNITY CONNECTIONS

## We want to hear from you

The purpose of this consultation is to understand the level of support to close the northern portion of Diagonal Way to create a larger community park and shared use path from the new train station the Regional Centre.

We would also like to hear your thoughts on Dwyer Road Reserve upgrade.

We invite you to review the concept and tell us what you think.

**A drop in session is scheduled for Wednesday 10th April 5.30-7pm at Councils City Services, 935 Marion Road, Mitchell Park, 5043.**

Please visit our website at [www.makingmarion.com.au/oaklands-community-connections](http://www.makingmarion.com.au/oaklands-community-connections) to complete a quick poll or a survey. Consultation is open until **26th April 2019**.

If you require a hard copy survey please contact us on 8375 6600 and we will post one out.

## Frequently Asked Questions

### When will these changes take place?

When consultation is complete we will then provide the feedback to our Elected Members for their consideration in their decision making. A Council meeting is scheduled for the middle 2019 where they will be considering community feedback on the concept.

### What is a Smart precinct?

A smart city uses technology and data to drive economic activity, accelerate innovation and better manage energy, resources and services. Most importantly, smart cities are people focused.

### When will my street be streetscaped?

Subject to Council approvals Diagonal Way is programed for works to commence July 2020 with completion January 2021.

### Will I be able to drive down my street?

Access along Diagonal Way south of Dwyer Road Reserve will be maintained.

### How long will works take?

Dwyer Road Reserve upgrade is scheduled to be completed by July 2020.

### How can I be involved?

The City of Marion will consult with residents, business and community for works.

### What's happening next?

A report will be brought back to Council outlining the results of consultation.

## Improved community connections and reserve upgrade

To complement the Oakland's Crossing Project the City of Marion is working on an exciting project for Oaklands that will significantly improve connectivity to Marion Regional Centre.

The Project will achieve multiple benefits including:

- Enhanced streetscapes
- Better pedestrian and cyclist movement
- Creation of a larger public park at Dwyer Road Reserve with new playground and amenities
- Technologies that enhance the local community and visitor experience of the precinct.

Have your say on the concept plans provide your feedback online by 26th April 2019.

Supported by matched Federal Government funding of \$867,500 (Department of Infrastructure, Regional Development and Cities Building Our Future)

# Project Scope

The Project provides a significant opportunity to connect the new railway station to the Marion Regional Centre through technology for parking, lighting, play equipment and public park facilities. City of Marion will be using technology to improve the services provided to the community.

## Key Features

- Closure of Diagonal Way adjacent Dwyer Road Reserve (pedestrian / cyclist link only)
- Maintain vehicle access on Diagonal Way to resident properties and formalise on street parking south of Dwyer Road Reserve
- Creation of community park incorporating new playground and recreation facilities with integrated technology
- Direct pedestrian and cyclist connection from train station to the Marion Cultural Centre, State Aquatic and Leisure Centre and further south to Westfield
- Train station commuter car parking is reduced on Crozier Terrace and redistributed to Murray Terrace, Addison Avenue and Railway Terrace. This will likely reduce traffic volumes along Crew Street and Dwyer Road at peak times
- Integration of technology wayfinding, lighting, public art and reserve amenities
- Opportunities for autonomous vehicle to transit between the Regional Centre and Station along shared use path.
- Safer streets for pedestrian/ cyclist connection to Marion Regional Centre with less traffic
- Enhanced amenity with street trees and shrub plantings
- Maintain existing pedestrian movements along Morphett Road with supporting wayfinding signage

### LEGEND

- Existing Tree to be Retained
- Proposed Deciduous Tree
- Proposed Evergreen Tree
- Bus Stop
- Wombat Crossing/traffic controls
- Wayfinding element
- Opportunity for Public Art as surface graphics
- Dwyer Rd Reserve  
Includes playground, recreation opportunities, pathways and amenities.
- Road Reserve / Landscaping

### KEY

- 01 Dwyer Road Reserve upgrade including playground
- 02 Shared use path (pedestrian tree lined avenue)
- 03 Power and facilities for events i.e food trucks, markets
- 04 Controlled access for service vehicles to reserve
- 05 Shared use path (pedestrian tree lined avenue)
- 06 Bitumen road reseal
- 07 Proposed paved table top wombat crossing, providing traffic control of pedestrian and cyclist crossing point.
- 08 Vehicle crossover for residential properties
- 09 Lawn area for recreation
- 10 Parallel parking to Diagonal Way
- 11 90 degree parking to Diagonal Way
- 12 Paving treatment for visual identification of pedestrian and cyclist activity.
- 13 Retain existing footpath connection on Morphet Road with wayfinding and landscape treatments

Note: Images are only examples of potential treatments and may not represent final concept plans.

 Proposed Diagonal Way Closure

## Ascot Park Kindergarten - Landlord Consent

<b>Originating Officer</b>	Property Leasing Officer - Chloe McDonald
<b>Corporate Manager</b>	Manager City Property - Megan Hayward
<b>General Manager</b>	General Manager City Development - Abby Dickson
<b>Report Reference</b>	GC190326R9

### REPORT OBJECTIVE

The purpose of this report is to seek Council's approval, as Landlord, to upgrade the sandpit area and replace the existing storage sheds with two new Colorbond sheds at the premises contained in Certificate of Title Volume 5685 Folio 675 known as Ascot Park Kindergarten at 630 Marion Road, Park Holme, 5046.

### EXECUTIVE SUMMARY

The Ascot Park Kindergarten lease expired on 31 May 2017 and is in holding over. We are in negotiations with the Department for Education and Child Development in relation to the lease renewal.

In accordance with the terms of the lease, the lessee, Department for Education and Child Development (DECD) is seeking Council's approval as Landlord, to upgrade the sandpit area and replace the existing storage sheds with two new Colorbond sheds within the premises as delineated in red on the Plan.

### RECOMMENDATION

**That Council:**

- 1. Grants Landlord Consent to upgrade the sandpit area and replace the existing storage sheds with two new Colorbond sheds at Ascot Park Kindergarten, 630 Marion Road Park Holme, Certificate of Title Volume 5685 Folio 675, subject to:**
  - All works being undertaken in a professional manner and to the satisfaction of the City of Marion**
  - The City of Marion being indemnified against all claims, suites, losses etc. that may result from carrying out this work**
- 2. Delegates to the General Manager City Development approval to authorise any relevant documents necessary to facilitate the installation and management of the work**
- 3. Advises that the Ascot Park Kindergarten will be responsible for any project related costs and will be responsible for all future maintenance and repairs of the sandpit area and the two new Colorbond sheds**
- 4. Notes that Landlord Consent will be subject to Development Approval and Building Rules consent if required.**

**Liveable:**

Creating an area that is safe and inclusive, embracing active living and healthy lifestyles.

**Engaged:**

Community consultation was not considered necessary for this project as there will be no change to the use of the premises and it is not anticipated the proposed works to have a detrimental effect on the amenity of the area.

**Risk Management:****Legal / Legislative / Policy:**

Under this lease it is the responsibility of the lessee to remain insured in relation to Public Liability Insurance and to indemnify the City of Marion against all damages, cost and expenses.

**Other Funding Sources:**

All costs associated with the construction and future maintenance of the outdoor area will be borne by DECD.

**DISCUSSION**

The Department for Education and Child Development (DECD) has approached Council seeking permission to upgrade the sandpit area and replace the existing storage sheds with two new Colorbond sheds the Ascot Park Kindergarten - refer to the Design.

The scope of the works will include:

- Remove the existing storage sheds and replace with two Colorbond 'potter' sheds (4.11m wide x 3.36m deep) including a new concrete floor
- Connect downpipes to drainage grate and pave the area around the new sheds
- Sandpit Area - remove sleepers, clean away from the fence and level with paving, increase the size of the sandpit and install a water feature with weir and self closing water inlet
- Remove any synthetic grass and path, excavate and install woodchip softfall

The total cost of the project is \$34,100.00 plus GST.

All costs associated with the construction and future maintenance of the sandpit area and the two new storage sheds will be borne by DECD.

Prior to any alteration to any Council property that is leased or licenced to a third party, approval is required to be granted by Council as Landlord - refer to the Landlord's Approval Process Flowchart.

The approval is required for the following activities:

- Addition and alteration of the leased premises

The requirement for this approval does not prevent the lessee from applying or receiving Development Approval for an activity on the premises. It does act, however, to prevent the lessee from physically undertaking any works under the Development Act until Development Approval is received.

The consent will be granted subject to:

- All works to be undertaken in a professional manner and to the satisfaction of the City of Marion
- The City of Marion to be indemnified against all claims, suits, losses, etc. that may result from carrying out of this work
- All associated costs to be borne by the Department for Education and Child Development
- The City of Marion to have the right to reinstatement upon termination of the lease
- The Department for Education and Child Development to be responsible for the ongoing maintenance, repair and replacement of fixtures and fittings

- The work is to be substantially commenced prior to 27 March 2020, after this date landlord consent will expire
- Building Consent and Development Approval are obtained prior to commencing work
- The City of Marion is to be informed once work has concluded and a site visit will occur

**Conclusion:**

The upgrade of the sandpit area and construction of two new storage sheds will allow the Ascot Park Kindergarten to continue its normal operations within the scope of permitted usage at the premises.

## **Marion Sports and Community Club - Landlord Consent**

<b>Originating Officer</b>	Property Leasing Officer - Chloe McDonald
<b>Corporate Manager</b>	Manager City Property - Megan Hayward
<b>General Manager</b>	General Manager City Development - Abby Dickson
<b>Report Reference</b>	GC190326R10

### **REPORT OBJECTIVE**

The purpose of this report is to seek Council's approval, as Landlord, to replace the existing fence around the oval at the premises contained in Certificate of Title Volume 6063 Folio 665, Volume 5497 Folio 569 and Volume 6063 Folio 666 known as Marion Sports and Community Club, 262B Sturt Road, Marion, 5043.

### **EXECUTIVE SUMMARY**

The Marion Sports and Community Club Incorporated (MSCC) hold a 21 year lease which expires on the 11 September 2039.

In accordance with the terms of the lease, the lessee, MSCC is seeking Council's approval as Landlord, to replace the existing fence around the oval within the premises as delineated in red on the Plan.

### **RECOMMENDATION**

#### **That Council:**

- 1. Grants Landlord Consent for the replacement of the existing fence around the oval at Marion Sports and Community Club, 262B Sturt Road, Marion Certificate of Title Volume 6063 Folio 665, Volume 5497 Folio 569 and Volume 6063 Folio 666 subject to:**
  - All works being undertaken in a professional manner and to the satisfaction of the City of Marion**
  - The City of Marion being indemnified against all claims, suites, losses etc. that may result from carrying out this work**
- 2. Delegates to the General Manager City Development approval to authorise any relevant documents necessary to facilitate the installation and management of the fence**
- 3. Advises that the Marion Sports and Community Club Incorporated will be responsible for any related costs and will be responsible for all future maintenance and repairs of the fence**
- 4. Notes that Landlord Consent will be subject to Development Approval and Building Rules consent if required.**

#### **Engaged:**

Community consultation was not considered necessary for this project as there will be no change to the use of the premises and it is not anticipated the proposed works to have a detrimental effect on the amenity of the area.

**Legal / Legislative / Policy:** Under this lease it is the responsibility of the lessee to remain insured in relation to Public Liability Insurance and to Indemnify the City of Marion against all damages, cost and expenses.

**Other Funding Sources:** All costs associated with the installation and future maintenance of the fence will be borne by MSCC

## DISCUSSION

The MSCC has approached Council seeking permission to replace the existing fence around the oval at Marion Sports and Community Club as delineated in blue on the Plan.

The scope of the works will include:

- Removal of the existing barrier including footings, filling the cavity with clean fill and removing all concrete/rubble/soil
- Installation of approximately 520 metres of 125 x 125 Replas bollards at 2.4 metre centres
- Supply and installation of 50NB galvanised pipe with each post being secured to the galvanised pipe
- Supply and installation of 2.5 metre wide boom gates including 100 x 100 x 5mm powdercoated galvanised posts
- Construction of frames in 75 x 50 x 2mm galvanised tube and welded with silicone bronze to prevent rusting

The total cost of the work is \$32,587.50 including GST.

All costs associated with the installation and future maintenance of the fence will be borne by MSCC.

Prior to any alteration to any Council property that is leased or licenced to a third party, approval is required to be granted by Council as Landlord (refer to Landlord's Approval Process Flowchart).

The approval is required for the following activities:

- Addition and alteration of the leased premises

The requirement for this approval does not prevent the lessee from applying or receiving Development Approval for an activity on the premises. It does act, however, to prevent the lessee from physically undertaking any works under the Development Act until Development Approval is received.

The consent will be granted subject to:

- All works to be undertaken in a professional manner and to the satisfaction of the City of Marion
- The City of Marion to be indemnified against all claims, suits, losses, etc. that may result from carrying out of this work
- All associated costs to be borne by Marion Sports and Community Club Incorporated
- The City of Marion to have the right to reinstatement upon termination of the lease
- Marion Sports and Community Club Incorporated to be responsible for the ongoing maintenance, repair and replacement of fixtures and fittings
- The work is to be substantially commenced prior to 27 March 2020, after this date landlord consent will expire
- Building Consent and Development Approval are obtained prior to commencing work
- The City of Marion is to be informed once work has concluded and a site visit will occur

**Conclusion:**

The replacement of the fence around the oval will allow the MSCC to continue its normal operations within the scope of permitted usage at the premises.

## Marion Sports and Community Club Plan

### About this Document

This map has been created for the purpose of showing basic locality information and is a representation of the data currently held by The City of Marion. This information is provided for private use only.

### Disclaimer

While every effort has been made to ensure the accuracy of the product, Council accepts no responsibility for any errors or omissions. Property boundary line network data is supplied by State Government.

## Australian Refugee Action Network - Call for Support

<b>Originating Officer</b>	Unit Manager Governance and Records - Jaimie Thwaites  Unit Manager Community Wellbeing - Cassandra Gibson-Pope
<b>Corporate Manager</b>	Manager Corporate Governance - Kate McKenzie
<b>General Manager</b>	General Manager Corporate Services - Vincent Mifsud
<b>Report Reference</b>	GC190326R11

### REPORT OBJECTIVE

The purpose of this report is to provide council with the opportunity to respond to a request from the Australian Refugee Action Network to join with other local councils to advocate against the changes to the Status Resolution Support Services payment (RSS).

### EXECUTIVE SUMMARY

The Australian Refugee Action Network (ARAN) has written seeking support for a local government-led campaign to ensure that people living in our communities who are seeking asylum, or recognised as refugees, are not left without any income support (see Appendix 1).

The ARAN is inviting all local Councils to lend their support to the advocacy campaign launched by the City of Greater Dandenong recently, which is calling for the restoration of the Status Resolution Support Service (SRSS) payment.

### RECOMMENDATION

**That:**

- 1. Council notes the receipt of the correspondence from the Australian Refugee Action Network.**
- 2. Council advises how it wishes to respond to the request to support the campaign to advocate against the changes to the Status Resolution Support Services payment.**
- 3. Administration advises the Australia Refugee Action Network of Council's decision.**

### GENERAL ANALYSIS

<b>Opportunities:</b>	Provides an opportunity to be part of a collaboration of Council's (across various States) campaign aiming to address the issues caused by the SRSS cuts and other issues relating to people seeking asylum.
<b>Current Budget Allocation</b>	There is currently no budget allocation for contributing funds to the Australian Refugee Action Network.
<b>Proposed Future Budget Allocation:</b>	If Council resolved to support the campaign and contribute funds the relevant amount financial amount would need to be considered during the third 2018/19 Budget Review process.

### DISCUSSION

In November 2018 the Australia Refugee Action Network (the ARAN) wrote to Council requesting support for a local government-led campaign to ensure that people living in our communities who are seeking asylum, or recognised as refugees are not left without any income support whatsoever. A copy of this letter is attached as Appendix 1.

The ARAN believe it is unreasonable to expect that local charities and local government will cover all living costs for those families and individuals who are unable to find work. They are inviting all local Councils to lend their support to the advocacy campaign launched by the City of Greater Dandenong recently, which is calling for the restoration of the Status Resolution Support Service (SRSS) payment, which is around \$35 a day (less than Newstart).

### Campaign Councils

While the campaign was started by Victorian Councils it is now a nationwide campaign. The Local Government Mayoral Taskforce Supporting People Seeking Asylum was established in Victoria and is now inviting support from Council's nation wide. The purpose of the taskforce is to Coordinate joint state-wide advocacy by Councils and share resources and practical responses by communities to the issues caused by the SRSS cuts.

The following Councils are part of the Local Government Mayoral Taskforce Supporting People Seeking Asylum:

#### **Councils involved as Executive Members**

(Executive Members meet monthly and act as a steering group for the Taskforce)

- Brimbank City Council
- City of Darebin
- City of Greater Dandenong
- City of Hume
- City of Monash
- Hobsons Bay City Council
- Moreland City Council
- Yarra City Council

#### **Councils involved as General Members**

(General Members get consulted on Taskforce direction, take an active role in Taskforce activities and contribute resources to the Taskforce)

- Banyule City Council
- Cardinia Shire Council
- City of Ballarat
- City of Canterbury Bankstown (NSW)
- City of Greater Bendigo
- City of Port Phillip
- City of Wagga Wagga (NSW)
- City of Whittlesea
- Hawkesbury City Council (NSW)
- Leeton Shire Council (NSW)
- Maribynong City Council
- Moonee Valley City Council
- Wyndham City Council

Following the request for support, additional information was sought and provided from the ARAN as follows:

#### Levels of Involvement

*There are three levels of involvement -*

1. Being an **Executive Member** means being part of a steering committee that meets monthly to drive

*the campaign and being closely consulted on the strategy and operation of the campaign. It would be great to have a SA Council on board. While we have a growing NSW membership we haven't got any interstate Executive Members yet and an interstate perspective is important.*

2. Being a **General Member** means being consulted on the high-level strategic direction of the taskforce and the campaign but not the rollout of the campaign like Executive members. It means making a commitment to promote the "Back Your Neighbour" campaign to your residents and ratepayers inc. to local media, answer requests for information about impacts and case studies of people/agencies affected (if relevant). Members are approached for funds on a purely optional basis – you don't need to provide funds to be a member.
3. Being a **Supporter** means making a commitment to promote the "Back Your Neighbour" campaign to your residents and ratepayers inc. to local media, answer requests for information about impacts and case studies etc. but not being active in the taskforce – i.e. you don't get a say in the campaign or work of the taskforce if you just become a supporter. Supporters would never even get requested for funding.

The level of Membership is not dependent on the financial contribution.

### Financial Contribution

The funds collected are used by the campaign management consultancy for campaign management, campaign tool licensing, Facebook, advertising etc. The Taskforce Executive have engaged Social Change Projects who successfully ran the "Make Renting Fair" campaign that led to significant rental legislative reforms in Victoria. ARAN are currently asking for voluntary contributions of up to \$2,000 from Member Councils to continue to have Social Change on board but also to increase Facebook and other sorts of advertising of the campaign.

ARAN notes that becoming a member and needing to actually provide any money are not related. Council can be a member without contributing any funds.

### City of Marion Impact

The main impact of cuts made to the SRSS is likely to be on the unofficial / unfunded services to new arrival communities who provide support via donations and volunteer hours. These services will continue to try to support people who don't have any means of government assistance, and will be even more greatly burdened by the removal of SRSS.

Mainstream emergency relief and financial counselling services (both Commonwealth and State funded services) are available to everyone including people currently linked to the SRSS program and these services may encounter a spike in demand as SRSS finishes up.

Council may not feel very much impact on the cut to SRSS except for responding to enquiries and making referrals to services that can still be of assistance. Where community / neighbourhood centres (such as Cooina) have been delivering programs for this cohort they may notice an increased strain on individuals.

A refugee support agency has advised Council staff that they are already referring people on for settlement work if they are eligible for this service, addressing emergency relief and financial counselling cases as they arise, and can now refer directly to the Community Hubs program in northern Adelaide as this is open to all people irrespective of visa status. So far they have not noticed a big impact from SRSS changes to date. From their observations new arrivals mainly experience difficulties with bill shock (electricity mainly, school expenses such as laptops, uniforms, supplies etc. due to large families), white goods and furniture. There is great deal of pressure on charities around quarterly bill time. Affordable housing, if anything, is the biggest issue for new arrivals in Marion and surrounding areas.

### Next Steps

Direction is now sought from Council as to how it wishes to respond to the request to support the campaign to advocate against the changes to the Status Resolution Support Services payment.

Administration will advise the ARAN of Council's resolution.

### Attachment

#	Attachment	Type
1	Australian Refugee Action Network Request to LGAs re SRSS	PDF File

1 November 2018

Dear Mayor and Councillors

**Changes to the SRSS program are causing destitution in Australian communities – call for support**

You may have heard that the Federal Government has recently withdrawn **all income support** for hundreds of people seeking asylum who are **living in the community** still waiting to have their claims for refugee status assessed – **and the plan is to cut support for thousands more, including families.**

The Status Resolution Support Service payment (SRSS) is less than \$35 a day (less than Newstart) and was designed to support people as they go through the prolonged process of seeking asylum. Most of that goes in rent so these changes will potentially leave those affected homeless. The total withdrawal of this minimal income support **will leave people destitute, entirely reliant on charity to meeting housing costs and living expenses.** It may also leave them without support services like trauma counselling.

**Around 13,000 people living across Australia receive SRSS**, including single people, the elderly, and families (including up to 4,000 children) enabling them to meet basic needs of food, rent and medical treatment.

Peak bodies, church and welfare organisations, together with grassroots advocacy groups have been actively lobbying to have these cuts reversed. Thanks to coordinated lobbying, plans to cut this support for families have been delayed, though only until early next year. Individuals on the other hand **have already been having their benefits cut** so the situation is **desperate and urgent.** For further details about the cuts see the Refugee Council of Australia Factsheet and Australian Churches Refugee Taskforce background on SRSS cuts referenced below.

**What you can do - join other LGAs who support the restoration of SRSS**

We are writing to ask you to **join with other local Councils to advocate for the reversal of these harsh cuts**, and the reinstatement of this income support. It is a local issue affecting the welfare of people in local communities so it is vital that local Councils raise their voice.

A growing number of Councils led by the City of Greater Dandenong have formed a taskforce against the cuts. See below a list of Councils already supporting this initiative.

The Local Government Mayoral Taskforce Supporting People Seeking Asylum has been established in Victoria and is inviting support from councils nationwide. They are working with peak bodies like the Refugee Council of Australia, Asylum Seeker Refugee Centre, Australian Refugee Action Network and Rural Australians for Refugees to maintain advocacy on this issue.

For further information about the Joint Council Taskforce and SRSS advocacy efforts, contact Cr Matthew Kirwan, City of Greater Dandenong

**Could you please reply to this letter** indicating whether your Council is prepared to join with other Councils advocate against these cuts devastating Australian communities by emailing [austrefugeenetwork@gmail.com](mailto:austrefugeenetwork@gmail.com) and please copy in Cr Matthew Kirwan [matthew.kirwan@cgd.vic.gov.au](mailto:matthew.kirwan@cgd.vic.gov.au).

Yours faithfully

Marie Hapke

## Marion Community Picnic

<b>Originating Officer</b>	Chief Executive Officer - Adrian Skull
<b>Corporate Manager</b>	N/A
<b>General Manager</b>	N/A
<b>Report Reference</b>	GC190326R12

### REPORT OBJECTIVE

This report outlines a plan to stage a community picnic in Marion as an act of solidarity with Muslim and non-Muslim Australians following the tragic events in Christchurch.

### RECOMMENDATION

#### That Council:

- 1. Writes to the Mayor of Christchurch to express our condolences over the terrorist attack, which killed or injured more than 100 people.**
- 2. Stages a Marion Community Picnic as an act of solidarity with Muslim and non-Muslim Australians**
- 3. Approve up to \$11,000 for the Marion Community Picnic, with the money to be identified through savings in the 2018/19 third budget review process.**

### DISCUSSION

Marion Council has an estimated 2000 members of the Muslim community, many of whom are shaken by the events in New Zealand.

A Marion Community Picnic – open to everyone in our community – would be held in an atmosphere of goodwill. The aim would be to demonstrate compassion and the need to respect and include all Australians in our community.

A service on 17 March at the Marion mosque attracted more than 1000 people of all faiths to honour the 100 people killed and injured. One member of the Marion community has lost three relatives in the Christchurch attack.

In addition to a picnic, the Mayor may also wish to write to the Mayor of Christchurch Lianne Dalziel to express Council's sympathy over the events.

#### Format

The format of the Marion Community Picnic would be:

**Date:** Either Sunday 31 March or Sunday 7 April

**Time:** 6pm-7.30pm (March 31) or 5pm-6.30pm (7 April as daylight savings has ended unless lighting is used)

**Location:** Hendrie Street Reserve, Park Holme

**Attendances:** Forecast at between 500 to 1500 people

**Food:** Council would provide Halal meat and vegetarian patties at no cost. Families would be encouraged to BYO salads. Water and a coffee van would be provided.

**Speakers:** Mayor Hanna and a representative from the mosque to deliver a prayer.

**Other:** People will be encouraged to leave flowers or write messages in a condolence book. The event will be promoted via social media, an advert in the Messenger and through direct invitation, depending on the date selected.

## **Budget**

The cost of the Marion Community Picnic is estimated at up to \$11,000, depending upon attendances and the date selected. A breakdown of the estimated costs is:

Marquee	\$900
Promotion	\$1,200 (only if staged on 7 April)
Lighting	\$1,300 (only if staged in the evening on 7 April)
PA system	\$1,000
Security x4	\$2,400

### Catering

500 people	\$1,400
500-1000 people	\$2,800
1000-1500 people	\$4,200

## **Risk**

Council will activate its routine risk management procedures for staging a community event and has notified SAPOL.

## CORPORATE REPORTS FOR INFORMATION/NOTING

### Work Health & Safety - Monthly Performance Report - February 2019

<b>Originating Officer</b>	Unit Manager Risk - Sherie Walczak
<b>Corporate Manager</b>	Manager Corporate Governance - Kate McKenzie
<b>General Manager</b>	General Manager Corporate Services - Vincent Mifsud
<b>Report Reference</b>	GC190326R13

### REPORT OBJECTIVE

The objective of this monthly report is to provide Council with assurance that the City of Marion has effective strategies in place to meet its legal obligations as outlined in the Work Health and Safety Act (SA) 2012 and to monitor Council's core target of a 10% reduction of the Lost Time Injury Frequency Rate (LTIFR) from the previous year.

### RECOMMENDATION

**That Council:**

- 1. Notes the report and statistical data contained therein.**

### DISCUSSION

Targets and performance indicators have been established in order to measure the continual improvement of the program. Performance against these targets are measured in two ways:

- positive performance indicators (PPI's); and
- lag performance indicators (LPI's) both of which are outlined in **Appendix 1**.

The current LTIFR is 4.7 with two lost time injuries being recorded this financial year (as outlined in the attachment, it should be noted that one of these is yet to be determined). The LTIFR has reduced by 32% when compared to last years result of 6.9 at the same time and is currently 34% below the industry comparison LTIFR rate of 7.1.

Key initiatives implemented which have contributed to the reduction in LTIFR include:

- The ongoing implementation of SkyTrust WHS Management System.
- Safety Observation program where front-line staff are visited and observed by people leaders.
- Regular monitoring of the close-out of Corrective and Preventative Actions.
- Ongoing review of SWMS, SWPs and SOPs.
- Piloting of an internal WHS Audit and Contractor Surveillance program.
- Positive fit-for-work and well-being programs

### CONCLUSION

The ongoing significant reduction in Lost Time Injuries being 78% over the 2016/17 and 2017-18 reporting periods has been a commendable achievement for the City of Marion as it continues in its commitment to place the community and safety at the forefront of everything we do in line with our corporate values. In the 2018-19 reporting period, we will consolidate and further build on the good work that has been implemented and aim to achieve Council's KPI of 10% or greater reduction in LTIFR compared to the end of 2017-18 reporting period.

**Attachment**

#	Attachment	Type
1	GC260319R - WHS Monthly Performance Report – Feb 2019	PDF File

## APPENDIX 1 – WHS Monthly Performance Report – February 2019

The Think Safe Live Well program's vision is **'through our thoughts words and actions, we can all make a difference and reduce harm'**. It specifically focuses on further developing our leadership styles, organisational culture and WHS systems by:

- Developing our people to lead the change across the City of Marion
- Embedding a culture of safety and wellbeing as a part of normal business practice
- Continually improving our WHS Management System (WHSMS) to achieve best practice

### POSITIVE PERFORMANCE INDICATORS

#### Hazard and Near Miss Reports

Historical statistics inform us that when there is a healthy culture of Hazard/Near Miss Reporting, there is a consequential reduction in injuries to Workers. Hazards and Near Misses are reported to date for this financial year and are outlined in Table 1 and can be compared against those reported last financial year which are outlined in Table 2.

**Table 1: Hazard and Near Miss Reports - Financial Year 2018-19**

Jul-18	Aug-18	Sep-18	Oct-18	Nov-18	Dec-18	Jan-19	Feb-19	Mar-19	Apr-19	May-19	Jun-19	Total	Ave
17	9	13	12	3	10	6	8					78	9.75

**Table 2: Hazard and Near Miss Reports - Financial Year 2017-18**

Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17	Jan-18	Feb-18	Mar-18	Apr-18	May-18	Jun-18	Total	Ave
21	14	11	9	8	3	5	11	10	16	10	14	132	11

#### Lost Time Injuries Reported

Lost Time Injuries (LTI's) are those injuries where a whole work day or more has been lost due to a workplace injury. LTI's reported to date for this financial year are outlined in Table 4 and can be compared against those reported last financial year which are outlined in Table 5.

**Table 4: Number of LTI's per month - Financial Year 2018-19**

Jul-18	Aug-18	Sep-18	Oct-18	Nov-18	Dec-18	Jan-19	Feb-19	Mar-19	Apr-19	May-19	Jun-19	Total
1	0	0	0	0	0	0	1					2

**Table 5: Number of LTIs per month - Financial Year 2017-18**

Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17	Jan-18	Feb-18	Mar-18	Apr-18	May-18	Jun-18	Total
0	1	0	0	1	0	1	0	1	0	0	0	4

Individual LTI's reported for 2018/19 are outlined in Table 6 below :

**Table 6: Outline of LTI's reported - Financial Year 2018-19**

No.	Description of Incident	Mechanism of Injury	Injury Description
1	Trip and fall down internal stair well	Fall on differing level	Bilateral shoulder sprain and left knee sprain injuries.
2	Feeding a bowed branch into chipper which whipped around and hit face	Mechanical – Struck by object	Split upper lip requiring stitches

### Lost Time Injury Frequency Rate

Lost Time Injury Frequency Rate (LTIFR), is an industry standard tool for measuring LTI's within a given reporting period which enables comparison to other organisations. Council's LTIFR is outlined in Figure 1, from the LGA's Member Portal data once claims have been determined and can be measured and monitored against our industry counterparts being the Group A Councils (1GaC).

**Figure 1: LTIFR compared against Group A Councils**

The current LTIFR for the City of Marion (represented in green) is **4.7** with two lost time injuries being claimed. It should be noted that although two workplace injuries have been 'reported' there is another LTI which has been 'claimed'. The claim is yet to be determined/accepted and wasn't reported as a specific incident didn't occur in the workplace however it is for a degenerative condition associated with duties undertaken over a sustained period of time. The LTIFR has reduced by **32%** when compared to last years result of **6.9** at the same time and is **34%** below the industry comparison LTIFR rate of **7.1**.

### Lost Time Injury Duration Rate

The Lost Time Injury Duration Rate (LTIDR), is an industry standard tool for measuring the average days lost from LTI's within a reporting period to enable comparison to other organisations. Council's LTIDR is outlined in Figure 2, data is sourced from the LGA's Member Portal once claims have been determined and can be measured and monitored against our industry counterparts being the GaC.

**Figure 2: LTIDR compared against Group A Councils**

The current LTIDR for the City of Marion (represented in blue) is **21.5** which is **39%** less than the **35.0** recorded at the same time last year however it is **26%** above the industry comparison LTIDR rate of **17.0**.

<sup>1</sup> GaC are metropolitan councils with more than 300 staff (Marion, Adelaide, Charles Sturt, Onkaparinga, Playford, Port Adelaide Enfield, Salisbury and Tee Tree Gully).

### Rolling Lost Time Injury Frequency Rate

Rolling LTIFR, outlined with a solid blue line in Figure 3 from internal incident report data, provides analysis of the average LTIFR over the last 12 months. The dotted blue 'median' line tracks the downward trend.

**Figure 3: Rolling LTIFR**

The current rolling LTIFR for the City of Marion is **4.7**, which represents a **49%** reduction over the previous 12 months.

### Rolling Total Recordable Incident Frequency Rate

Total Recordable Incidents include fatalities, LTI's and incidents resulting in the employee receiving medical treatment and/or is certified as only fit to undertake suitable duties. The Rolling Total Recordable Incident Frequency Rate (TRIFR), outlined with a solid green line in Figure 4 from internal incident report data, provides analysis of the average TRIFR over the last 12 months. The dotted green 'median' line tracks the downward trend.

**Figure 4: Rolling TRIFR**

The current rolling TRIFR for the City of Marion is **12.1** which represents a **43%** reduction over the previous 12 months.

## Coastal Walkway - Progress Report

<b>Originating Officer</b>	Unit Manager Open Space and Recreation - Victoria Masterman
<b>Corporate Manager</b>	Manager City Property - Megan Hayward
<b>General Manager</b>	General Manager City Development - Abby Dickson
<b>Report Reference</b>	GC190326R14

### REPORT OBJECTIVE

To provide Council with an update on the progress of the proposed Coastal Walkway from Heron Way Reserve to south of the Field River at Hallett Cove.

### EXECUTIVE SUMMARY

At the 29 January 2019 General Council meeting, a progress report was presented to Council regarding a proposed walkway from Heron Way Reserve to south of the Field River at Hallett Cove (GC190129R11), Council endorsed:

*That Council:*

- 1. Notes the progress report and that a further report summarising specialists (Environmental and Cultural Heritage) assessment and the outcomes of community consultation will be presented to Council 26 March 2019.*

This report provides an update on Council's previously endorsed resolutions and project objectives that have been achieved so far, which include:

- Community consultation - completed
- The draft Flora and Fauna Study has been received and is currently being reviewed by Administration
- Cultural Heritage specialists to be engaged
- Community Land Management Plan (CLMP) brief has been developed for the purpose of engaging an external consultant

### RECOMMENDATION

**That Council:**

- 1. Notes the progress report and that a further report will be brought to Council as soon as Administration have the required specialist information to present Council with all the information they need to make an informed decision.**

<b>Liveable:</b>	Enhancement of community living, assists in creating vibrant community facilities and open spaces.
<b>Valuing Nature:</b>	Promotes biodiversity (plants and animals on public or private land, coastal area and marine development), and improves opportunities for people to play in open spaces and interact with nature.
<b>Engaged:</b>	Encourages the community to be engaged and empowered to influence

the improvement of their own neighbourhood.

<b>Connected:</b>	Enhanced ability for social interaction, improves movement across the city, enhances walking path connections across the city.
<b>Legal / Legislative / Policy:</b>	Identification of relevant legislation has been provided in Appendix 1
<b>Other Funding Sources:</b>	Grant funding opportunities may exist through the Open Space Grant Funding program which supports strategic Coast Park initiatives or through Federal Government funding.

## DISCUSSION

The City of Marion Coastal Walkway is a highly valued and well used community asset which attracts visitors into the region and contributes to the liveability of the City.

At the General Council meeting held on 11 September 2018, Council considered the strategic alignment of its coastal assets and endorsed the development of a Coast Park Plan encompassing the entire City of Marion coast line with priority given to the section of coast between Heron Way Reserve to south of the Field River.

### ***Community Consultation***

Consultation for the proposed coastal walkway section of coast between Heron Way Reserve to south of the Field River was undertaken from 14 November to 12 December 2018.

Submissions received from agencies, interest groups and community members were very detailed, incorporating historical and current information for Council to consider. This feedback has been reviewed with key themes identified for Council's consideration. The following themes have been mentioned across the feedback provided:

- Vegetation
- Fencing
- Hooded Plovers
- Signage
- Dogs
- Shoreline accessibility
- Dunes
- Bridge connection
- Proposed locations / preferred alignments
- Storm events, high tides
- Native flora and fauna
- Risk and injury
- Tourism
- Recreation, health benefits
- Cultural significances

To ensure Council exercises due diligence a considered response to the above themes will be addressed in the future Council Report.

Prior to progressing draft concept designs for a potential path, consideration should be given to consulting with the community and agency stakeholders on potential alternative (if more than one options is available) path alignments.

### ***Flora and Fauna Study***

A draft specialist report for the flora and fauna has been received and provides recommendations regarding flora and fauna within the project area and for the EBPC referral process. Administration are currently in the

process of analysing this report. The findings of this report will be presented to Council for consideration in conjunction with the analysis of the community consultation results and cultural heritage assessment.

### ***Cultural Heritage specialists***

Attempts to engage Cultural Heritage specialists were made with neither submitting tenders, hence there has been a delay in the receipt of the cultural heritage advice. Administration has since identified other potential consultants who may be able to provide this.

All Aboriginal sites and objects are protected under the Aboriginal Heritage Act 1988 (the Act), whether they are listed in the Register or not. Council should further consider the legal advice (refer confidential Appendix 1) and a map and advice from Cabinet pertaining to Aboriginal heritage sites (refer confidential Appendices 2 and 3).

### ***Community Land Management Plan (CLMP)***

A brief has been developed for the purpose of engaging an external consultant to prepare the CLMP for the entire length of the City of Marion coastline for the Coast Park Plan.

This independent process will take some months to be completed and will require community consultation and endorsement by Council.

### ***Risk Management and Legal Considerations***

In September 2017, the Supreme Court of South Australia delivered judgement of a judicial review action lead by the Coastal Ecology Protection Group, challenging the City of Charles Sturt's path decisions to construct a shared use path along a section of the coast (including a boardwalk through the coastal sand dunes).

This decision needs to be considered by the Local Government sector in relation to coastal walkways and infrastructure, community consultation policies and community land management plans.

The development of the Coastal Walkway requires consideration of the relevant legislation (refer Appendix 1).

Legal advice has been sought and provided on the best approach associated with constructing assets within the coastal area to ensure all relevant factors are considered (refer confidential Appendix 1 GC190326F01).

### **Conclusion**

Staff require additional time to receive cultural heritage advice and to incorporate feedback into the final report.

For Council to make an informed decision regarding the next stage of this project, it is essential that Council consider all feedback and specialist advice simultaneously.

## **Attachment**

#	Attachment	Type
1	Appendix 1 - Coastal Walkway - Legal and Legislative Requirements	PDF File

## Legal and Legislative Requirements

Identification of legislation relevant to this project can be found documented below. The details of the legal implications have been discussed throughout the Council Report.

Legislation / Policy	Related subject
Local Government Act, section 50 (State)	Community consultation
Local Government Act 1999, section 196 (State)	Community Land Management Plans
Local Government, Caretaker Policy, section 8 (State)	Caretaker period
Environment Protection and Biodiversity Conservation Act 1999 (EPBC Act) (Federal)	Protection of Environment, matters of national environmental significance - Hooded Plover
Aboriginal Heritage Act 1988 (State)	Aboriginal significant sites identified
Coast Protection Act 1972 (State)	Coast Protection Board approval of development
Development Act 1993 (State)	Approval of development
Dog and Cat Management Act 1995 (State)	Dogs on/off leash
Environmental Protection Act 1993 (State)	Promotion of ecological sustainable development
National Parks and Wildlife Act 1972 (State)	Parks constituted under the Act include Hallett Cove conservation park.
Native Vegetation Act 1991 (State)	Protection and enhancement of native vegetation including MOSS zones.
Natural Resource Management Act 2004 (State)	NRM boards provide governance for administering the Act including animal and plant control, soil conservation and land care and water resources.

## Questions Taken on Notice Register

<b>Originating Officer</b>	Governance Officer - Victoria Moritz
<b>Corporate Manager</b>	Manager Corporate Governance - Kate McKenzie
<b>General Manager</b>	General Manager Corporate Services - Vincent Mifsud
<b>Report Reference</b>	GC190326R15

### REPORT OBJECTIVE

To receive and note the information contained within the *Questions Taken on Notice Register* provided in Appendix 1.

### EXECUTIVE SUMMARY

The 'Code of Practice – Procedures At Council Meetings 2017/18' states that:

4.7 Questions without Notice that were not answered at the same meeting will be entered into a register. This register will be tabled as an information report at the following meeting.

Under Regulation 9 of the Local Government (Procedures at Meetings) Regulations 2013 (the regulations):

- (3) A member may ask a question without notice at a meeting.
- (4) The presiding member may allow the reply to a question without notice to be given at the next meeting.
- (5) A question without notice and the reply will not be entered in the minutes of the relevant meeting unless the members present at the meeting resolve that an entry should be made.

### RECOMMENDATION

**That Council:**

- 1. Notes the report "Questions Taken on Notice Register".**

### Attachment

#	Attachment	Type
1	Questions Taken on Notice Register - Appendix 1	PDF File

# Questions Taken on Notice Register

## Appendix 1

Report Reference	Meeting Date	Councillor	Responsible Officer	Question taken on notice during the meeting	Response
Tonsley Greenway – Celtic Avenue to Daws Road GC190312R05	12 March 2019	Mayor Hanna	Tony Lines / Mark Griffin	Why do we have to undertake this work now given there are questions around the route?	As this item was deferred, a further report is scheduled to come back to Council on 23 April. This report will include comments to this question and additional information as requested.

## Finance Report - February 2019

<b>Originating Officer</b>	Junior Accountant - Melissa Virgin
<b>Corporate Manager</b>	Manager Finance - Ray Barnwell
<b>General Manager</b>	General Manager Corporate Services - Vincent Mifsud
<b>Report Reference</b>	GC190326R16

### REPORT OBJECTIVE

This report provides Council with information relating to the management of financial resources under its control as at February 2019. This report is one of a series of reports designed to assist Council in achieving and maintaining a financially sustainable position. Other reports assisting in this process include the Quarterly Budget Reviews and the LongTerm Financial Plan.

It is considered appropriate that financial information regarding Major Projects be presented on a monthly basis in this report. The principles used for assessment of reportable projects are according to the following criteria:

- Council has agreed to proceed with the project and approved a Section 48 Prudential Report.
- The Whole-of-LifeCost is greater than \$4 million dollars (including grant assisted projects).
- Has a project life of more than 12 months.

### RECOMMENDATION

**That Council:**

1. **Receives the report “Finance Report – February 2019”**

### GENERAL ANALYSIS

#### BACKGROUND

This report is presented on a monthly basis to provide Elected Members with key financial information to assist in monitoring Council's financial performance against budget.

#### DISCUSSION:

Appendix 1 contains a financial report to identify Council's performance against budget utilising a “Funding Statement”. It provides a review against all of the elements contained within the Statement of Comprehensive Income and Statement of Financial Position that are adopted as part of the Annual Budgeting process. The detailed Capital Works graphs provide a weighting of the projects against budget. As an example, a graph with a total budget of \$100k spread over two projects, where Project A has a budget of \$90k it now accounts for 90% of the works when complete and project B with its budget of \$10k now accounts for 10% of the works when complete.

#### APPENDICES

Appendix 1: Monthly Financial Reporting

Appendix 2: Capital Works Reporting including Major Projects

Appendix 3: Debtors Reports for Sundry Debtors & Rates Debtors

## Funding Statement – Actual versus Budget

The Funding Statement provides a view of Council's financial performance against the approved budget and is consistent with the information provided at budget reviews. It provides a review against all of the elements contained within the Statement of Comprehensive Income and the Statement of Financial Position that are adopted as part of the Annual Budget Report. It details Council's:

### Statement of Comprehensive Income -

The operating result is recognised as one of Council's key financial indicators. The budget framework includes a commitment to its ongoing Financial Sustainability maintaining an Operating Surplus Ratio of between 0% and 5%, on average over each five-year period, which for 2018/19 means a targeted operating surplus of between \$0 and \$4.625m.

**Comment:** Council currently has a net operating surplus result of \$9.930m before capital revenues, against a year to date forecast budget of \$6.542m surplus. This position is detailed in the attached Funding Statement and variation notes.

### Capital Budget -

The Capital Budget is linked to Council's key financial indicator – "Asset Sustainability Ratio" and an actual to budget comparison reflects Council's progress in achieving its Capital program.

**Comment:** The actual to budget position reveals that 76.85% of the year to date Capital Renewal Budget has been spent.

The actual progress to date of Council's full Capital New and Renewal Expenditure program is detailed by asset class in the attached graphs (appendix 2).

### Loans -

The loans component of the Funding Statement identifies any new proposed loan receipts or principal payments. Council's borrowings are included in Council's key financial indicator – "Net Financial Liabilities" which reflects Council's total indebtedness.

**Comment:** No new borrowings are included in the 2018/19 budget and principal repayments of \$1.100m mean that the overall loan liability balance is forecast to decrease by \$1.100m to \$6.805m at 30 June 2019.

### Reserves & Cash -

Various fund movements such as surplus budget review results, unspent grants and carryover projects at year end are reflected as transfers to reserves, whilst utilisation of reserve funds are recognised as transfers from reserves.

Cash may be utilised to fund expenditure within the context of Treasury Management to ensure loans are not drawn down where temporary cash holdings are available.

**Comment:** Council's Reserves are detailed in the below table. Transfer to Reserves of \$0.948m and Transfers from Reserves of \$24.141m are forecast to occur in 2018/19, and after accounting for amounts quarantined for specific projects or works, there is \$6.297m available.

Reserves (\$000s)	Asset Sustainability Reserve						Open Space Reserve	Grants & Carryover Reserve	TOTAL ALL RESERVES
	Major Infrastructure Failure	General	Other	Major New Projects	CFPP	TOTAL ASR			
Opening Balance	2,000	7,178	647	5,160	6,672	21,657	1,218	12,256	35,132
Savings from 2017/18 audited accounts	0	2,764	209	0	0	2,973	0	0	2,973
Budgeted transfers to reserve	0	0	320	0	19	339	609	0	948
Budgeted transfers from reserve	0	(4,458)	(40)	(5,135)	(1,787)	(11,420)	(465)	(12,256)	(24,141)
Current Budgeted Closing Balance	2,000	5,484	1,136	25	4,904	13,549	1,362	0	14,911
Quarantined Funds	(2,000)	(2,955)	(165)	0	(3,494)	(8,614)	0	0	(8,614)
Projected Available Balance	0	2,529	971	25	1,410	4,935	1,362	0	6,297

The 2018/19 2<sup>nd</sup> budget review forecasts a net cash surplus of \$0.795m.

\*CFPP: Community Facilities Partnership Program

\*Other includes Walking & Cycling, Energy Efficiency and Oaklands Wetlands- Water Supply Opportunities

**Variation Notes**

<b>A</b>	<b>User Charges</b>	<b>Favourable \$127k</b>	Predominately reflects budget-timing variances with regard to sales, tuition income and admission charges for the Marion Outdoor Pool.
<b>B</b>	<b>Employee Costs</b>	<b>Favourable \$1,417k</b>	Predominantly reflects budget-timing variances in addition to savings from temporarily vacant positions.
<b>C</b>	<b>Contractors</b>	<b>Favourable \$1,469k</b>	Reflects budget-timing variances with regards to Oaklands Estate Reserve (\$177k), Cleaning Agreements (\$144k), Streetscape Tree Planting (\$118k), Maintenance of Coastal Trail (\$104k), Southern Adelaide Economic Development Board (\$87k), Heron Way Reserve Stage 4 (\$75k) and a number of other variances that are individually insignificant.
<b>D</b>	<b>Materials</b>	<b>Unfavourable \$176k</b>	Reflects budget-timing variances with regards to SA Water (\$45k), Electricity (\$38k), Gas (\$26k) and a number of other variances which are individually insignificant.
<b>E</b>	<b>Other Expenses</b>	<b>Favourable \$413k</b>	Reflects budget-timing variances with regards to council's contribution to the Edwardstown Oval Soldiers Memorial Redevelopment (\$121k), FBT (\$89k), Training (\$56k) and a number of other variances which are individually insignificant.
<b>F</b>	<b>Capital Expenditure (Renewal)</b>	<b>Favourable \$3,764k</b>	Reflects budget-timing variations with regards to Reserve Development projects (\$1,492k), Drainage Construction (\$560k), Footpath Construction (\$387k), Information Management capital purchases(\$364k), Admin Foyer Redevelopment (\$330k), Road Reseals (\$198k) and a number of other variances which are individually insignificant.
<b>G</b>	<b>Capital Expenditure (New)</b>	<b>Favourable \$3,581k</b>	Reflects budget-timing variations with regards to LED Lighting Transition (\$1,834k), Streetscape Development (\$895k), John Street Drainage (\$442k) and Reserve Development Projects (\$292k).
<b>H</b>	<b>Funding Transactions</b>	<b>Favourable \$10,789k</b>	This variance is the sum total of all variances and reflects an increase against council's expected YTD cash position.

The above comments referring to budget timing variations are where some monthly budget estimates are not reflective of the actual expenditure patterns as at the reporting date.

Note: The progress to date of Capital Expenditure programs (New and Renewal) is detailed in the attached graphs, noting that where no budget exists in the initial months this is primarily due to certain types of capital works that cannot be carried out during periods of inclement weather.

## Funding Statement Cumulative Position - 2018/19

## Capital Construction Progress - 2018/19

- Programed works are now 81% complete and on track.

- Program in progress - 98% complete  
 - Menzies Court full reconstruction is complete, Moreland Avenue is in progress.

- Program in progress - 72% complete  
 - Works are being scheduled for Bathbank Crescent, Lonsdale Road, Brayden Court, Main South Road, Emma Street & Ruth Court and Thermopylae Crescent.

- Program in progress and on track - 57% complete  
 - A Contractor has been engaged to increase the output of the program due to a large number of customer requests.

- Tender for both bridges have been awarded, completion of construction works is expected for June 2019.

- Program in progress - 43% complete
- Designs have been completed for Sturt River Linear Path, Kangaroo Thorn Parking Bay and Calum Grove Crossing. Cove Road Carpark (Carryover (C/O)), Livingston Filmer Roundabout and 17 bus stops are complete.
- Grand Central Shamrock Hallett Cove is likely to be carried over due to additional consultation requirements.

- Mitchell Street, Barramundi Drive and Glamis Avenue/ Wilga Street Drains completed (C/O).
- John Street, Heron Way and Forrest Avenue Drains are in progress.

- Landscaping and weed control has commenced at Glade Crescent Reserve.

- Program in progress with 1,365 street trees planted. Planting to recommence in May.

- Edwardstown, Warriparinga Reserve and Hazelmere Bores are complete.
- Initial investigations have begun for the Swim Centre Bore. Invoices for contractor works are lagging.

- Program in progress - 27% complete
- Finniss Street (C/O), Heron Way (C/O) and Railway Terrace design (C/O) are complete.
- Railway Terrace Streetscape and Bray Street works will progress with some works anticipated to be carried over.

- Program in progress with Mitchell Park Reserve, Parsons Trees, Heron Way Reserve, Edwardstown, Plympton, Cosgrove Hall and South Park Holme complete

- Program in progress - 65% complete
- Youth Plaza Oaklands Wetlands stage 2 (C/O) is complete. Progress on Oaklands Estate Reserve is ahead of schedule.
- Shade Solutions and Shade Sails for Reserves are in progress. Tender for 2nd Dog park has been awarded, anticipated to commence in March.

- Program in progress - 63% complete
- Construction on Heron Way Stage 4 Portion A is complete with minor defects to be resolved. Hendrie Street Inclusive Playground is complete.
- Tender has been awarded for Bandon Terrace Reserve Development.

- Program in progress - 13% complete
- Capella Reserve toilet will be carried over to coincide with Capella precinct plan works. Shamrock Reserve toilet is also estimated to be delivered in July.

- Program in progress - 64% complete
- Southbank Tennis Club lighting is in progress. Tender for concept design has been awarded for Seaview High School. Marion Basketball Floorboards Replacement and Morphetville Kendall Courts upgrade works are scheduled to commence in March.
- Woodforde Reserve Courts Development (C/O), Warradale Tennis Club, Marion Sports Club Solar Installation and Southern Carpark (C/O) are complete.

- Program in progress - 47% complete

#### Completed

- Trott Park External Signage & Kitchen Upgrade
- Public Toilet Trott Park- Asbestos Removal
- Glengowrie YMCA - Kitchen
- Cosgrove Hall Air Conditioner
- Warradale Kindy Asbestos Removal
- Vietnam Veterans Marion RSL Sheds
- Electric BBQ - LKCC (C/O)
- Marion Outdoor Pool Masterplan (C/O)
- Cover over Material Bays (C/O)
- Glandore Community Centre - Rugby Kitchen

#### In Progress

- Fitzjames Building DDA works
- Park Holme Windows
- Park Holme Library Toilets DDA works
- Woodforde Reserve DDA works
- Community Club Sheds
- Oaklands Solar Install - City Services
- Solar Options for Marion (C/O)
- Coastal Walking Trail Renewal (C/O)
- Admin Foyer Refurbishment (C/O)
- Glandore Community Centre - Clark Kitchen

Category	Description
Employees	Anything that relates to CoM employees.
General	Anything that does not fit into one of the below categories.
Neighbourhood Centres	For hire of rooms in Neighbourhood Centres, etc. - usually charged out at an hourly rate. Also includes cultural workshops and tours.
Regulatory Services Land Clearing	When council has had to clear land due to non-compliance of owner.
Sporting Clubs & Other Leases	Rent, electricity, water, maintenance, etc. charged out to lessees.
Civil Services Private Works	Repairs or modifications to infrastructure (footpaths, kerbs, driveway inverts). Can be at resident request.
Swim Centre Debtors	Outdoor Swimming Centre - used for lane hire, school visits, etc.
Grants & Subsidies	Government grants and subsidies.
Environmental Health Inspections	Food Inspection fees.
Regulatory Services Other	Vehicle Impoundment fees and other regulatory services.
Supplier Refunds	Where a supplier owes the City of Marion funds. This category is used to keep track to ensure we have received payment for credits.
Development Services	Includes contribution from residents and/or developers for the removal and/or replacement of Council Street Trees and significant trees.
Living Kaurna Cultural Centre	Relates to programs run through the LKCC.
Environmental Health Testing	Environmental testing fees.
Local Government	Transactions with other Local Government corporations.
Communications	Anything related to communications.
Economic Development	Events, etc. relating to economic development within the City of Marion.
Marion Cultural Centre	Hiring of the Marion Cultural Centre.

\*any category that does not have any outstanding invoices will not be displayed.

## **Rates Report - Collection of Rates to 28 February 2019**

### **ANALYSIS OF OUTSTANDING RATES AS AT 28 FEBRUARY 2019**

	<u>Note</u>		<b>% of Total Annual Rates</b>
CURRENT	1	\$ 22,723,033	<b>29.4%</b>
OVERDUE	2	\$ 1,046,114	<b>1.4%</b>
ARREARS	3	\$ 1,322,894	<b>1.7%</b>
INTEREST	4	\$ 90,602	<b>0.1%</b>
POSTPONED	5	\$ 195,630	<b>0.3%</b>
LEGALS	6	\$ 34,055	<b>0.0%</b>
		<b>\$ 25,412,327</b>	<b>32.9%</b>
<b>TOTAL ANNUAL RATES FOR 2018/19</b>		<b>\$ 77,172,549</b>	

#### **Note 1: Current**

Current rates represent the total amount of rates levied in the current financial year that are not yet due for payment. For example at 1st January this represents Quarter 3 & Quarter 4 rates unpaid.

#### **Note 2: Overdue**

Overdue rates represent rates levied in the current financial year that remain unpaid past their due payment date. For example on 1st January, this represents rates from Quarter 1 and Quarter 2 that remain unpaid.

#### **Note 3: Arrears**

Rates in arrears represent rates and charges levied in previous financial years that remain unpaid .

#### **Note 4: Interest**

Interest represent the fines and interest applied to overdue rates and rates in arrears.

#### **Note 5: Postponed**

Postponed rates represent any rates amount due by seniors that have been granted a deferral, until the eventual sale of their property, as allowable under the Local Government Act. Interest is charged on these deferred rates and is recoverable when the property is sold.

#### **Note 6: Legals**

Legals represent any legal fees, court costs that have been incurred by Council in the collection of rates in the current financial year. These amounts represent costs that have been on-charged to the defaulting ratepayers and are currently outstanding.

## WORKSHOP / PRESENTATION ITEMS

### MOTIONS WITH NOTICE

#### Climate Change Emergency

**Elected Member** Councillor Bruce Hull

**Report Reference:** GC190326M01

**Motion:**

That:

1. The City of Marion declares that we face a Climate Emergency that requires urgent action from all Australian Cities, that the City of Marion instigate an action plan to immediately reduce carbon emissions as quickly as possible within the zone of the Marion City Council and to establish programs to draw down carbon from the Earth's atmosphere."

#### Supporting Information:

Nil

**Response Received From:** Ann Gibbons, Environmental Sustainability Manager

#### Staff Comments:

The City of Marion has made significant progress over the past 5 years in addressing climate change, across many areas of council business. A summary of the City of Marion's current climate change responses is provided in Attachment 1.

A discussion at the 18 June 2019 Elected Member's Forum is scheduled to update on achievements to date from Council's Energy Efficiency and Renewable Energy Plan and identify forward priorities that include reducing carbon emissions from Council's operations and activities.

Council Action in the Climate Emergency (CACE) is a grassroots campaign established in Victoria to encourage and support Australian councils adopting a climate emergency response. Currently, 12 Councils across Australia have recognised or declared a climate emergency including the Town of Gawler in South Australia. The City of Adelaide will consider this matter at it's meeting on Tuesday 26 March 2019 in response to a petition calling on the Lord Mayor and Councillors of the City of Adelaide to declare a climate emergency that currently has 518 signatures.

The District Council of Mt Barker has proposed the following motion for the LGA General Meeting on 12 April 2019: *"That the Ordinary General meeting requests Councils and the LGA accord the climate emergency high priority, seek to endorse policies and actions which support mitigation as well as adaptation to climate change and actively lobby state and federal governments to move rapidly to adopt and fund a climate emergency response."*

CACE partners with the international Climate Emergency Declaration campaign. 407 Councils across Australia, USA, Canada, UK and Switzerland have made climate emergency declarations to date.

Should this motion be supported, the discussion on the Energy Efficiency and Renewable Energy Plan in June will provide an opportunity to consider actions to immediately reduce carbon emission as quickly as possible.

# City of Marion Climate Change Responses

(March 2019)

**City of Marion Climate Change Policy** – endorsed by Council in Sept 2016  
(<https://cdn.marion.sa.gov.au/sp/Documents-Policies/Climate-Change-Policy.pdf>)

**Resilient South** (<https://www.resilientsouth.com/>)

- Partnership between the City of Marion and Cities of Holdfast Bay, Mitcham Onkaparinga and the South Australian Government aimed at strengthening southern Adelaide so that our businesses, communities and environments can respond to the challenges of climate change.
- **Resilient South Regional Climate Change Adaptation Plan** – endorsed by all 4 partner Councils in 2014; recommends 57 preferred adaptation actions relating to 10 key decision areas (described as pathways). The economic, environmental and social domains across the southern region can use these pathways to guide their own adaptation action.
- **Resilient South Southern Region Local Government Implementation Plan 2015 – 2019** – endorsed by all 4 partner Councils in 2015; identifies priority focus areas for the four partner Councils; currently being reviewed and updated.
- **Climate Change Sector Agreement** – In February 2018, the Cities of Mitcham, Onkaparinga, Marion and Holdfast Bay and the Government of South Australia signed a new Resilient South Sector Agreement for Climate Change Adaptation for the Southern Adelaide Region (2018-2020). The Sector Agreement acknowledges the importance of taking a leadership role in climate change and sustainability and commits to take a collaborative approach to tackle climate change impacts and work towards reducing greenhouse gas emissions.
- **Urban Thermal Mapping** – On 22 February 2016 we captured high resolution thermal infrared imagery to analysis land surface temperature across the region. The purpose of this is to identify and prioritise open space and public areas most vulnerable to urban heat to prioritise urban cooling initiatives across the region such as tree planting, revegetation, water sensitive urban design, etc. (will be publicly available online soon)
- **Climate Ready Communities** – a partnership with the Australian Red Cross to help communities prepare for intensified extreme events under climate change. Climate Ready Champions training is empowering people to understand the risks they currently face, the way these are changing, and what they can do to build their resilience. (<https://www.redcross.org.au/saclimateready>)

## Energy Efficiency and Renewables

- **Energy Efficiency and Renewable Energy Plan** – endorsed by Council in July 2018
- 410kW solar installed across 10 Council operated sites
- 94kW solar installed on 4 sporting clubs and facilities
- 70kW (approx.) installed on 5 community use buildings
- Energy efficiency upgrades to lighting, etc. completed at 10 high energy using operated sites and a number of leased buildings
- 5 hybrid Toyota Corolla passenger vehicles included in Council vehicle fleet – further alternative fuelled vehicles to be considered at fleet renewal

## Coastal Climate Change Management

- A study to identify site and asset specific vulnerabilities in its coastal zone, and to develop a more detailed understanding of localised risk and actions needed to support effective coastal management.
- Provides a baseline for future analysis of cliff stability and potential stormwater erosion or seawater inundation issues. Will also help us analyse our future risks to sea level rise.

## Water Management

- **Oaklands Wetland** – capture, clean and store up to 400 million litres of stormwater each year, when fully operational. Water used to irrigate public open spaces and reserves in Council's northern and central regions.
- **Landscape Irrigation Management Plan** – developed to guide what we irrigate, when we irrigate and how much water we use.

## Greening

- **Remnant Native Vegetation Plan 2018 – 2023** (endorsed by Council in 2018) – outlines the principles that will underpin the management of remnant native vegetation and the strategies that will be implemented to protect and manage remnant vegetation.
- **Tree Management Policy and Tree Management Framework** (endorsed by Council in 2018) – guides the provision and management of trees on Council land including streets, parks and reserves that will 'green' the city to enhance biodiversity and habitat value over time.
- **Natural Landscapes Design and Maintenance Guidelines** (endorsed by Council in July 2017) – provides guidance on establishment and management of typology types to be applied within natural landscaping areas forming Council parks and reserves. The natural landscaping typologies are designed to reduce maintenance costs in comparison with pre-existing site management approaches. As a rule, no typologies will be established or maintained using irrigation with potable water.
- **Annual tree planting program:** Street-scaping: 50 mature trees in 2-3 streets; Tree-scaping : 400 mature trees; Street tree planting: currently 1,400 increasing to 3,000 (~750 p/a removed); Reserve planting: 200 trees plus 30,000 tubestock (shrubs, grasses, etc.); additional amenity planting as required.

## Community Education and Engagement

- **SAEDB Energy Project** – improving the energy performances of businesses in southern Adelaide.
- **Common Thread** – a monthly, sustainability program at Coominda Neighbourhood Centre on the first Monday evening of the month from March to November.
- **Valuing Marion's Nature project** – A range of events and activities to connect community members with nature and help them learn about natural environments in our city.
- **Waste and Recycling Education** – free presentations and workshops on recycling and waste management to residents, community groups, schools and businesses.
- **Natural Resources Management Education** – a school and preschool sustainability program to help plan and manage environmentally friendly initiatives, delivered in partnership with Natural Resources Adelaide and Mt Lofty Ranges. Program includes development of a Climate Ready Schools initiative that has initially been piloted with a number of schools in the City of Onkaparinga (<https://www.naturalresources.sa.gov.au/adelaidemtloftyranges/education>)
- **Ask Me I'm Green** – regular Environmental Engagement Officer visits to neighbourhood and community centres to provide a drop-in service for residents to find out about sustainable living, etc. commenced at Glandore Community Centre in Feb 2019.

## QUESTIONS WITH NOTICE

### Footpaths

**Elected Member** Councillor Ian Crossland

**Report Reference:** GC190326Q01

#### Question:

Question:

1. How many roads are still without a footpath.
2. When will all roads have at least one footpath.
3. What is the estimated timeline and cost to complete these works

#### Supporting Information:

In April 2016 the City of Marion had 54 roads that did not have a footpath. Council subsequently ensured that there was ongoing funding to ensure that we would provide at least one footpath in every road.

#### Response Received From:

Mark Griffin

#### Staff Comments:

##### **1. How many roads are still without a footpath.**

There are currently 48 roads that do not have a footpath on at least one side of the street within the City of Marion.

It should be noted that:

- 46 of these remaining roads are cul-de-sacs.
- In many instances residents within these cul-de-sacs have requested that Council do not install a footpath, stating there is little to no pedestrian demand and/or they do not want their landscaping removed or destroyed.

The priority for providing footpaths has been based on:

- The generation of pedestrians, for example access to schools and public transport.
- Ensuring continuity and safety in the network .

Within next year's footpath program (2019/20), 9 of the 11 projects are delivering the above-mentioned renewal / upgrade components.

##### **2. When will all roads have at least one footpath.**

Due to residents' concerns (as depicted above) this is difficult to estimate. The present rate is 2 per year.

##### **3. What is the estimated timeline and cost to complete these works.**

Of the 48 roads, two are listed within the 2019/20 Capital Works Budget. However, if the provision of these footpaths is seen as a priority the estimated time frame could be reduced, as depicted below.

	Number of Years
--	-----------------

4 footpaths per year	12
5 per year	10
6 per year	8
7 per year	7

Based on an average length of these cul-de-sacs the total estimated cost is \$600,000.

**MOTIONS WITHOUT NOTICE****QUESTIONS WITHOUT NOTICE****OTHER BUSINESS / LATE ITEMS****MEETING CLOSURE**

Council shall conclude on or before 9.30pm unless there is a specific motion adopted at the meeting to continue beyond that time.
