## **MATTERS RAISED BY MEMBERS**

### **Questions with Notice**

#### **8.59pm Designated Bike Lanes Report Reference: GC101017Q01**

#### **QUESTIONS:**

With regards to the pictured DPTI Bike Land advisory signage that is used throughout our district, can you advise why such bike lanes adequately provide for the safety of school children riding to school but not on their return where Schools close just after 3.00 pm? Why do we have no designated bike lanes between 3.00 pm and 4.00 pm when for the safety of school students, we need the bikeway the most?

#### **COMMENTS: Councillor Hull**

Nil

#### **COMMENTS: Mathew Allen, Manager Engineering and Field Services**

A response to this Question on Notice has been sought from Department of Planning, Transport and Infrastructure, a formal reply is pending and will be provided to Members once it is received.

It is the understanding of staff that the primary purpose of an on-road Bike Lane is to allocate a designated portion of the carriageway to cyclists during peak commuter traffic times, when conflict with vehicular traffic is at its greatest.

These times do not necessarily coincide with peak cycling from school times, which in the afternoon would be better accommodated by a 3pm to 4pm designation. An extension of the current bike lane operating period would potentially negatively impact businesses by extending the parking restrictions for a longer period.

#### **Leave of the Meeting**

**Councillor Hull** sought and was granted leave of the meeting to record the response from DPTI in the minutes once it is received.

**9.01pm ANZAC Veterans Film Project**  
**Report Reference: GC101017Q02**

**QUESTIONS:**

Please provide a "balance sheet" report for the Anzac Veteran's film project, showing all sources of funding and all expenditure, including specific allocations for the "director's cut" screened one time only at the Marion Cultural Centre.

**COMMENTS: Mayor Hanna**

Nil

**COMMENTS: Marg Edgecombe, Unit Manager Community Cultural Development**

Council approved \$37,675 at the General Council Meeting 24/05/16 (GC240516R16). This has been offset by a successful grant of \$25,000. The full grant amount has been used in the preparation of the documentary.

Further amounts were spent in the release and viewing of the film, including copyright protection (content from the Australian War Memorial), venue hire (internal cost but still a cost), catering, banners and displays, invitations, and copies of the DVD for the Veterans and associated stakeholders. Some extra scaffolding hire was also needed for the film making. These expenses were \$5,428.

Total expenditure of the project was \$43,103 offset by the \$25,000 grant, resulting in a total cost of \$18,103 to Council. This has resulted in a saving for Council of \$19,572 from the original resolution endorsed budget.

No additional expenditure for the director's cut was incurred. This was included in the original fees and done as a passion of interest by the film maker.

**Summary**

Film	\$37,675
Release/Copyright Protection/Venue Hire/Screening etc.	\$5,428
Director's Cut (pro bono)	\$0
<b>Total project cost</b>	<b>\$43,103</b>
Grant	-\$25,000
<b>Total cost to Council</b>	<b><u>\$18,103</u></b>

**CHAIRPERSON**

To be read in conjunction with and included with the minutes from the General Council Meeting held on Tuesday 10 October 2017.

When considering the Question on Notice from Councillor Hull ***Designated Bike Lanes Report Reference: GC101017Q01*** Councillor Hull sought and was granted leave of the meeting to record the response from DPTI in the minutes once it is received.

### **CORRESPONDENCE RECEIVED**

Email correspondence was received from DPTI on Monday 20 November 2017. This is now attached to this document and included as Appendix 1 to the minutes of the General Council Meeting held on 10 October 2017.

**Subject:** Bike lane operating times

**PLEASE NOTE THIS IS A NO-REPLY EMAIL ADDRESS**

Ref: 2017/02316, # 11985461

Dear Mr Theodoroulakes

Thank you for your email dated 5 October 2017 regarding further information on the bike lane operating times within the City of Marion.

As previously advised, the department has recently reviewed clearway and bike lane operating times. For new projects, the department's starting point is to have operating times as 7.00 – 10.00 am and 3.00 – 7.00 pm, which specifically caters for the spread of peak hour. These times are subject to a review of the traffic volume profile, crash data and strategic function of the road. The operating times are not specifically for after school times, however the 3.00 – 4.00 pm period would be covered.

A consultation process is undertaken with council, local businesses and affected residents who will lose parking during the extended operating times. There have been many complaints, from businesses in particular, about the loss of parking. In addition, parents picking up children or parking near schools could also be affected by the extended 3.00 – 4.00 pm no parking times, on those roads adjacent to schools that have bike lanes.

As advised in previous emails, there are no plans at this stage to extend bike lane operating times within the Marion Council area. However, council is able to extend the bike lane operating times on their own road network without the department's approval.

Should council want the bike lane hours extending on specific departmental roads within the Marion council area, to coincide with after school times, council can make a submission to the department. This would make future planning for the department a lot easier, if requested and supported by council, who is a key stakeholder and community representative to address issues with resident and business parking loss with respect to the longer operating hours.

Should you wish to discuss this matter further, please contact Paul Hurley on (08) 8226 8222. Alternatively, please email [DPTI.EnquiriesAdministrator@sa.gov.au](mailto:DPTI.EnquiriesAdministrator@sa.gov.au), quoting the Reference No. at the top of this email.

Yours sincerely
