

Placemaking and Activation Support Program

Marion is *open*
for business

Transforming public spaces *together*

Placemaking is about reimagining and revitalising public spaces to make them more engaging, welcoming, and vibrant. It's about creating places where people want to live, work and play.

The City of Marion is offering financial and in-kind support to help local businesses and community groups enhance and activate public spaces.

This program supports projects that:

- ✓ Create vibrant destinations for visitors and residents
- ✓ Activate public spaces and strengthen community connections
- ✓ Support public art and environmental improvements
- ✓ Encourage walkability, cycling, and outdoor dining
- ✓ Boost the night-time economy and local business activity
- ✓ Improve safety, accessibility, and amenity

Examples of eligible projects include public art and murals, street furniture and outdoor dining, lighting enhancements, greening and environmental upgrades and building façade improvements.

Addison Road, Warradale

Let's get started *today*

Eligible applicants include:

- Local businesses, community groups, or not-for-profits within the City of Marion
- Those with public liability insurance
- Property owners or tenants with landowner consent

Each project...

- Must provide infrastructure that supports place activation and community benefit
- Must be accessible to the public
- Must acknowledge City of Marion's contribution through signage

Let's work together to create vibrant, engaging, and thriving spaces in the City of Marion!
